

## Alvotech and JAMP Pharma Expand Exclusive Partnership Adding Two Biosimilar Candidates for Canadian Market, Bringing New Options for Patients in Specialty Care

October 19, 2022

- *Expanded partnership covers biosimilar candidates in immunology and oncology*

REYKJAVIK, Iceland and BOUCHERVILLE, Quebec, Oct. 19, 2022 (GLOBE NEWSWIRE) -- Alvotech (NASDAQ: ALVO), a global biotech company specializing in the development and manufacture of biosimilar medicines for patients worldwide, and the JAMP Pharma Group (JAMP Pharma), a Canadian owned pharmaceutical company headquartered in the Montreal area, announced today that the companies have expanded their exclusive partnership to commercialize biosimilars developed and manufactured by Alvotech, by adding two biosimilar candidates from Alvotech's pipeline: AVT16 a biosimilar for an immunology product and AVT33, a biosimilar for an oncology product.

"We are very pleased to be expanding our partnership with Alvotech, in order to bring more affordable biologics to patients in Canada," said Louis Pilon, President and CEO of the JAMP Pharma Group. "Having already launched Simlandi™, a biosimilar of Humira, we will continue to leverage our BIOJAMP™ and JAMP Care™ platforms for the benefit of patients and caregivers."

"The partnership with JAMP Pharma will allow us to accelerate towards establishing a leadership position in the Canadian biosimilars market," said Robert Wessman, Founder and Executive Chairman of Alvotech. "Our mission is to broaden and simplify access to new biosimilars for patients around the world."

Alvotech will be responsible for the development and commercial supply of the biosimilar candidates. In exchange for milestone payments and future sales royalties, JAMP Pharma will receive exclusive rights to commercialize Alvotech's biosimilars in Canada, leveraging JAMP Pharma's strong sales, marketing capabilities and experience in successfully commercializing new biosimilars in the fast-growing Canadian market.

In February 2022, JAMP Pharma [announced](#) the creation of BIOJAMP™ as part of its goal to establish itself as a leader in the Canadian biosimilars market. BIOJAMP™ and the JAMP Care™ patient support program, are both designed to simplify the process for patients and caregivers of transitioning to lower-cost biosimilar medicines.

### About Simlandi™ (adalimumab)

Simlandi™ is a recombinant fully human immunoglobulin G1 (IgG1) kappa monoclonal antibody (mAb) that specifically binds to tumour necrosis factor- $\alpha$  (TNF) and blocks its interaction with the p55 (TNFR1) and p75 (TNFR2) cell surface TNF receptors, thereby neutralizing the effect of TNF in inflammatory conditions. Simlandi™ is an approved high-concentration, low-volume and citrate-free biosimilar to Humira® (adalimumab). The same biosimilar has also been approved in the EU, Norway, Iceland, Lichtenstein, the UK and Switzerland as Hukyndra®. Dossiers are under review in multiple countries, including in the United States. JAMP Pharma launched Alvotech's Simlandi™ in Canada in April 2022.

### About Alvotech

Alvotech is a biotech company, founded by Robert Wessman, focused solely on the development and manufacture of biosimilar medicines for patients worldwide. Alvotech seeks to be a global leader in the biosimilar space by delivering high quality, cost-effective products, and services, enabled by a fully integrated approach and broad in-house capabilities. Alvotech's current pipeline contains eight biosimilar candidates aimed at treating autoimmune disorders, eye disorders, osteoporosis, respiratory disease, and cancer. Alvotech has formed a network of strategic commercial partnerships to provide global reach and leverage local expertise in markets that include the United States, Europe, Japan, China, and other Asian countries and large parts of South America, Africa and the Middle East. Alvotech's commercial partners include Teva Pharmaceuticals, a US affiliate of Teva Pharmaceutical Industries Ltd. (US), STADA Arzneimittel AG (EU), Fuji Pharma Co., Ltd (Japan), Cipla/Cipla Gulf/Cipla Med Pro (Australia, New Zealand, South Africa/Africa), JAMP Pharma Corporation (Canada), Yangtze River Pharmaceutical (Group) Co., Ltd. (China), DKSH (Taiwan, Hong Kong, Cambodia, Malaysia, Singapore, Indonesia, India, Bangladesh and Pakistan), YAS Holding LLC (Middle East and North Africa), Abdi Ibrahim (Turkey), Kamada Ltd. (Israel), Mega Labs, Stein, Libbs, Tuteur and Saval (Latin America) and Lotus Pharmaceuticals Co., Ltd. (Thailand, Vietnam, Philippines, and South Korea). Each commercial partnership covers a unique set of product(s) and territories. Except as specifically set forth therein, Alvotech disclaims responsibility for the content of periodic filings, disclosures and other reports made available by its partners. ## Alvotech Forward-Looking Statements

Certain statements in this communication may be considered “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Forward-looking statements generally relate to future events or the future financial operating performance of Alvotech. For example, Alvotech’s expectations regarding partnerships, future milestone and royalty payments, product launches, future growth, results of operations, performance, future capital and other expenditures including the development of critical infrastructure for the global healthcare market, competitive advantages, business prospects and opportunities including pipeline product development, future plans and intentions, results, level of activities, performance, goals or achievements or other future events, regulatory review and interactions, the success of its commercial partnerships, including its partnership with JAMP Pharma, the potential approval and commercial launch of its product candidates, the timing of regulatory approvals and market launches, the estimated size of the total addressable market of Alvotech’s pipeline products, and the commercial success of Simlandi, AVT16 and AVT33, subject to regulatory approvals, in Canada and other countries. In some cases, you can identify forward-looking statements by terminology such as “may”, “should”, “expect”, “intend”, “will”, “estimate”, “anticipate”, “believe”, “predict”, “potential”, “aim” or “continue”, or the negatives of these terms or variations of them or similar terminology. Such forward-looking statements are subject to risks, uncertainties, and other factors which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These forward-looking statements are based upon estimates and assumptions that, while considered reasonable by Alvotech and its management, are inherently uncertain and are inherently subject to risks, variability, and contingencies, many of which are beyond Alvotech’s control. Factors that may cause actual results to differ materially from current expectations include, but are not limited to: (1) the outcome of any legal proceedings that may be instituted against Alvotech or others following the business combination between Alvotech Holdings S.A., Oaktree Acquisition Corp. II and Alvotech; (2) the ability to maintain stock exchange listing standards; (3) changes in applicable laws or regulations; (4) the possibility that Alvotech may be adversely affected by other economic, business, and/or competitive factors; (5) Alvotech’s estimates of expenses and profitability; (6) Alvotech’s ability to develop, manufacture and commercialize the products and product candidates in its pipeline, including AVT16 and AVT33; (7) actions of regulatory authorities, which may affect the initiation, timing and progress of clinical studies or future regulatory approvals or marketing authorizations; (8) the ability of Alvotech or its partners to enroll and retain patients in clinical studies; (9) the ability of Alvotech or its partners to gain approval from regulators for planned clinical studies, study plans or sites; (10) the ability of Alvotech’s partners to conduct, supervise and monitor existing and potential future clinical studies, which may impact development timelines and plans; (11) Alvotech’s ability to obtain and maintain regulatory approval or authorizations of its products, including AVT16 and AVT33, including the timing or likelihood of expansion into additional markets or geographies; (12) the success of Alvotech’s current and future collaborations, joint ventures, partnerships or licensing arrangements, including the partnership with JAMP Pharma; (13) Alvotech’s ability, and that of its commercial partners, to execute their commercialization strategy for approved products, including Simlandi<sup>™</sup>; (14) Alvotech’s ability to manufacture sufficient commercial supply of its approved products, including Simlandi<sup>™</sup>; (15) the outcome of ongoing and future litigation regarding Alvotech’s products and product candidates; (16) the potential impact of the ongoing COVID-19 pandemic on the FDA’s review timelines, including its ability to complete timely inspection of manufacturing sites; and (17) other risks and uncertainties set forth in the sections entitled “Risk Factors” and “Cautionary Note Regarding Forward-Looking Statements” in documents that Alvotech may from time to time file or furnish with the SEC. There may be additional risks that Alvotech does not presently know or that Alvotech currently believes are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. Nothing in this communication should be regarded as a representation by any person that the forward-looking statements set forth herein will be achieved or that any of the contemplated results of such forward-looking statements will be achieved. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made. Alvotech does not undertake any duty to update these forward-looking statements or to inform the recipient of any matters of which any of them becomes aware of which may affect any matter referred to in this communication. Alvotech disclaims any and all liability for any loss or damage (whether foreseeable or not) suffered or incurred by any person or entity as a result of anything contained or omitted from this communication and such liability is expressly disclaimed. The recipient agrees that it shall not seek to sue or otherwise hold Alvotech or any of its directors, officers, employees, affiliates, agents, advisors, or representatives liable in any respect for the provision of this communication, the information contained in this communication, or the omission of any information from this communication.
