We are filing the registration statement of which this prospectus forms a part in order to fulfill our contractual obligations to the Selling Shareholder.

We will not receive any proceeds from the sale of the ordinary shares by the Selling Shareholder pursuant to this prospectus. However, we will pay the expenses, other than underwriting discounts and commissions and expenses incurred by the Selling Shareholder for brokerage, accounting, tax or legal services or any other expenses incurred by the Selling Shareholder in disposing of the securities, associated with the sale of ordinary shares pursuant to this prospectus.

Our registration of the ordinary shares covered by this prospectus does not mean that the Selling Shareholder will offer or sell any of the ordinary shares. We provide more information about how the Selling Shareholder may sell the ordinary shares in the section entitled “*Plan of Distribution*.”

Company Overview

We are a vertically integrated biotech company focused solely on the development and manufacture of biosimilar medicines for patients worldwide. Our purpose is to improve the health and quality of life of patients around the world by improving access to proven treatments for various diseases. Since our inception, we have built our company with key characteristics we believe will help us capture the substantial global market opportunity in biosimilars: a leadership team that has brought numerous successful biologics and biosimilars to market around the world; a purpose-built biosimilars research and development and manufacturing platform; commercial partnerships in global markets; and a diverse, expanding portfolio and pipeline addressing many of the biggest disease areas and health challenges globally.

We have built a portfolio and pipeline comprising two approved products and nine product candidates covering a variety of therapeutic areas, including immunology, ophthalmology, bone disease and cancer.

- Our lead program, AVT02, a high concentration formulation biosimilar to Humira[®], has received regulatory approval in over 50 markets and has been launched in over 20 markets globally, including in select European countries under the trade name Hukyndra, in Canada and the United States under the trade name SIMLANDI, and in Australia as ADALACIP. In the second quarter of 2024, we entered into a strategic partnership agreement with Quallent Pharmaceuticals (“Quallent”), a subsidiary of the Cigna group, to distribute AVT02 under Quallent’s private label in the United States, and we entered into an agreement with STADA to extend its commercial rights to AVT02 to the Commonwealth of Independent States (CIS) countries.
- AVT04, our biosimilar to Stelara[®] (ustekinumab), was launched under the trade name JAMTEKI in Canada on March 1, 2024, under the trade name USTEKINUMAB BS (F) in Japan in the second quarter of 2024 and under the trade name UZPRUVO in select European markets in July 2024. In the second quarter of 2024, the FDA approved AVT04 for marketing in the United States as a biosimilar to Stelara under the tradename SELARSDI, which is expected to be launched in February 2025. Additionally, in the second quarter of 2024, we entered into an agreement with STADA to extend its commercial rights to AVT04 to the Commonwealth of Independent States (CIS) countries.
- We are in advanced stages of development for AVT03, a biosimilar candidate to Prolia / Xgeva (denosumab), AVT05, a biosimilar candidate to Simponi and Simponi Aria (golimumab), and AVT06, a biosimilar candidate to Eylea (aflibercept) low dose (2 mg). In July 2024, we announced positive top-line results from our confirmatory patient study for AVT03. We expect to file marketing applications and BLAs for these biosimilar candidates in 2024. In August 2024, we announced that the European Medicines Agency has accepted a marketing application for AVT06. In the second quarter of 2024, we signed a commercial partnership agreement with Dr. Reddy’s Laboratories Ltd. for the commercialization of AVT03 with exclusive rights in the United States and semi-exclusive rights for Europe and United Kingdom. In addition, in the second quarter of 2024, we entered into an agreement with STADA to extend the partnership to cover AVT03 pursuant to which STADA will become marketing authorization holder, upon approval of AVT03, and will assume semi-exclusive commercial rights in Europe, including Switzerland and the UK, as well as exclusive commercial rights in selected countries in Central Asia and the Middle East. We also regained commercial rights from STADA to AVT06 pursuant to this agreement. In June 2024, we announced that we signed an exclusive partnership agreement with Advanz Pharma regarding the supply and commercialization of AVT06 and AVT29, our biosimilar candidate to Eylea[®] (aflibercept) high dose (8 mg). Advanz Pharma has exclusive commercialization rights for these proposed biosimilars in Europe, except for Germany and France where the rights are semi-exclusive.

- We are also developing through an in-license agreement with Kashiv Biosciences LLC, AVT23, a biosimilar candidate to Xolair (omalizumab). The agreement covers all 27 countries of the European Union, the UK, Australia, Canada, and New Zealand.
- Our pre-clinical programs include AVT16, a biosimilar candidate to Entyvio (vedolizumab), AVT33, a biosimilar candidate to Keytruda (pembrolizumab), and three undisclosed programs.

Our agent

for service of process in the United States is Alvotech USA Inc., 1602 Village Market Blvd., Suite 280, Leesburg, Virginia 20175.

The SEC maintains a website that contains reports, proxy information statements and other information regarding issuers that file electronically with the SEC. The address of that site is www.sec.gov. We do not incorporate the information contained on, or accessible through, our website into this prospectus, and you should not consider it a part of this prospectus.

Implications of Being an “Emerging Growth Company” and a “Foreign Private Issuer”

We qualify as an “emerging growth company” as defined in the JOBS Act. As an “emerging growth company,” we may take advantage of certain exemptions from specified disclosure and other requirements that are otherwise generally applicable to public companies. These exemptions include:

- not being required to comply with the auditor attestation requirements for the assessment of our internal control over financial reporting provided by Section 404 of the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”);
- reduced disclosure obligations regarding executive compensation; and
- not being required to hold a nonbinding advisory vote on executive compensation or seek shareholder approval of any golden parachute payments not previously approved.

We may take advantage of these reporting exemptions until we are no longer an “emerging growth company.” Based on the aggregate worldwide market value of our voting and non-voting common equity held by our non-affiliates as of June 28, 2024, we will be deemed a “large accelerated filer” after the end of our fiscal year 2024. We will therefore cease being an emerging growth company as of January 1, 2025.

We are also considered a “foreign private issuer” and will report under the Securities Exchange Act of 1934 (as amended, the “Exchange Act”) as a non-U.S. company with “foreign private issuer” status. This means that, even after we no longer qualify as an “emerging growth company,” as long as we qualify as a “foreign private issuer” under the Exchange Act, we will be exempt from certain provisions of the Exchange Act that are applicable to U.S. public companies, including:

- the sections of the Exchange Act regulating the solicitation of proxies, consents or authorizations in respect of a security registered under the Exchange Act;
- the sections of the Exchange Act requiring insiders to file public reports of their stock ownership and trading activities and liability for insiders who profit from trades made in a short period of time; and
- the rules under the Exchange Act requiring the filing with the SEC of quarterly reports on Form 10-Q containing unaudited financial and other specified information, or current reports on Form 8-K, upon the occurrence of specified significant events.

We may take advantage of these reporting exemptions until such time that we are no longer a “foreign private issuer.” We could lose its status as a “foreign private issuer” under current SEC rules and regulations if more than 50% of our outstanding voting securities become directly or indirectly held of record by U.S. holders and any one of the following is true: (i) the majority of our directors or executive officers are U.S. citizens or residents; (ii) more than 50% of our assets are located in the United States; or (iii) our business is administered principally in the United States.

We may choose to take advantage of some but not all of these reduced burdens. We have taken advantage of reduced reporting requirements in this prospectus. Accordingly, the information contained in this prospectus may be different from the information you receive from our competitors that are public companies, or other public companies in which you have made an investment.

As a foreign private issuer, we are permitted to follow certain Luxembourg corporate governance practices in lieu of certain listing rules of Nasdaq, or Nasdaq Listing Rules. Please see the section entitled “*Item 16.G. Corporate Governance*” incorporated by reference from our Annual Report for the year ended December 31, 2023, as well as any amendments thereto reflected in our subsequent filings with the SEC.

See “ <i>Dividend Policy</i> .”
Market for our securities	Our ordinary shares are listed on The Nasdaq Stock Market LLC and the Nasdaq Iceland Main Market under the symbol “ALVO”.
Risk factors	Investing in our securities involves substantial risks. See “ <i>Risk Factors</i> ” on page 7 of this prospectus and in documents incorporated by reference into this prospectus for a description of certain of the risks you should consider before investing in us.

RISK FACTORS

An investment in our ordinary shares involves a high degree of risk. Before deciding whether to invest in our ordinary shares, you should consider carefully the risks discussed under the section captioned “*Item 3. Key Information—D. Risk Factors*” contained in our most recent Annual Report on Form 20-F, which is incorporated by reference into this prospectus, in their entirety, together with other information in this prospectus, the information and documents incorporated by reference herein and therein, and in any free writing prospectus that we have authorized for use in connection with this offering. The risks and uncertainties previously described and discussed below are not the only ones we face. Additional risks and uncertainties not presently known to us, or that we currently see as immaterial, may also harm our business. If any of these risks actually occurs, our business, financial condition, results of operation or cash flow could be adversely affected. This could cause the trading price of our ordinary shares to decline, resulting in a loss of all or part of your investment. Additional risks and uncertainties of which we are not presently aware or that we currently deem immaterial could also affect our business operations and financial condition.

Sales of ordinary shares, or the perception of such sales, by us or the Selling Shareholder pursuant to this prospectus in the public market or otherwise could cause the market price for our ordinary shares to decline and the Selling Shareholder still may receive significant proceeds.

The sale of ordinary shares in the public market or otherwise, including sales pursuant to this prospectus, or the perception that such sales could occur, could harm the prevailing market price of our ordinary shares. Such sales, the perception that the holders of a large number of shares intend to sell shares or the possibility that these sales may occur, also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate. Sales or resales of a substantial number of ordinary shares in the public market could occur at any time and may cause the market price of our securities to drop significantly, even if our business is doing well.

The ordinary shares being offered for resale pursuant to this prospectus by the Selling Shareholder represent approximately 0.6% of our pro forma outstanding shares as of July 1, 2024 (after giving effect to the issuance of shares upon conversion of the Convertible Bonds). The sale of shares by the Selling Shareholder, or the perception in the market that the Selling Shareholder of a large number of shares intend to sell shares, could increase the volatility of the market price of ordinary shares or result in a significant decline in the public trading price of ordinary shares.

Regardless of the trading price of our ordinary shares, the Selling Shareholder may still have an incentive to sell ordinary shares because they obtained the shares at the exercise price of \$10.0 per share, which is significantly lower than the trading price of ordinary shares. For example, based on the closing price of our ordinary shares of \$12.99 as of August 19, 2024, the Selling Shareholder would experience a potential profit of up to approximately \$2.99 per share. Public investors may not experience a similar rate of return on the securities they purchase due to differences in the purchase prices and the current trading price.

CAPITALIZATION

The following table presents our total capitalization and cash as of June 30, 2024, both on an actual basis and on a pro forma basis to reflect the July 1, 2024 issuance of 22,073,578 ordinary shares to holders who elected to convert their Convertible Bonds. It does not reflect the July 11, 2024 closing of the new term loan credit agreement and related transactions, such as the settlement of certain existing debt obligations and the redemption of holders of Convertible Bonds that opted to be redeemed in cash.

USE OF PROCEEDS

SELLING SHAREHOLDER

This prospectus relates to the resale by the Selling Shareholder from time to time of up to 1,789,087 ordinary shares.

When we refer to the “Selling Shareholder” in this prospectus, we mean the person listed in the table below, and the pledgees, donees, transferees, assignees, successors, designees and others who later come to hold the Selling Shareholder’s interest in the ordinary shares other than through a public sale.

The following table sets forth, as of the date of this prospectus, the name of the Selling Shareholder, the aggregate number of ordinary shares beneficially owned by the Selling Shareholder and the aggregate number of ordinary shares that the Selling Shareholder may offer pursuant to this prospectus. We have based percentage ownership on 301,481,596 ordinary shares outstanding as of July 1, 2024.

We have determined beneficial ownership in accordance with the rules of the SEC and the information is not necessarily indicative of beneficial ownership for any other purpose. Unless otherwise indicated below, to our knowledge, the persons and entities named in the tables have sole voting and sole investment power with respect to all securities that they beneficially own, subject to community property laws where applicable.

We cannot advise you as to whether the Selling Shareholder will in fact sell any or all of such ordinary shares. As such, we are unable to declare the number of ordinary shares that the Selling Shareholder will retain after any such sale. In addition, the Selling Shareholder may sell, transfer or otherwise dispose of, at any time and from time to time, the ordinary shares in transactions exempt from the registration requirements of the Securities Act after the date of this prospectus.

Selling shareholder information for each new Selling Shareholder, if any, will be set forth by a prospectus supplement to the extent required prior to the time of any offer or sale of such Selling Shareholder’s shares pursuant to this prospectus. Any prospectus supplement may add, update, substitute or change the information contained in this prospectus, including the identity of the Selling Shareholder and the number of ordinary shares registered on its behalf. The Selling Shareholder may sell or otherwise transfer all, some or none of such shares in this offering. See “*Plan of Distribution.*”

PLAN OF DISTRIBUTION

We are registering the resale by the Selling Shareholder, or its permitted transferees, from time to time of up to 1,789,087 ordinary shares.

We will not receive any of the proceeds from the sale of the ordinary shares by the Selling Shareholder. The aggregate proceeds to the Selling Shareholder will be the purchase price of the securities less any discounts and commissions borne by the Selling Shareholder.

The Selling Shareholder will pay any underwriting discounts and commissions and expenses incurred by the Selling Shareholder for brokerage, accounting, tax or legal services or any other expenses incurred by the Selling Shareholder in disposing of the securities. We will bear all other costs, fees and expenses incurred in effecting the registration of the securities covered by this prospectus, including, without limitation, all registration and filing fees, Nasdaq listing fees and fees and expenses of our counsel and our independent registered public accountants.

The securities beneficially owned by the Selling Shareholder covered by this prospectus may be offered and sold from time to time by the Selling Shareholder. The term "Selling Shareholder" includes donees, pledgees, transferees or other successors in interest selling securities received after the date of this prospectus from the Selling Shareholder as a gift, pledge, partnership distribution or other transfer. The Selling Shareholder will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made on one or more exchanges or in the over-the-counter market or otherwise, at prices and under terms then prevailing or at prices related to the then current market price or in negotiated transactions. The Selling Shareholder reserves the right to accept and, together with its respective agents, to reject, any proposed purchase of securities to be made directly or through agents. The Selling Shareholder and any of its permitted transferees may sell their securities offered by this prospectus on any stock exchange, market or trading facility on which the securities are traded or in private transactions. If underwriters are used in the sale, such underwriters will acquire the shares for their own account. These sales may be at a fixed price or varying prices, which may be changed, or at market prices prevailing at the time of sale, at prices relating to prevailing market prices or at negotiated prices. The securities may be offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters will be obligated to purchase all the securities offered if any of the securities are purchased.

Subject to the limitations set forth in any applicable registration rights agreement, the Selling Shareholder may use any one or more of the following methods when selling the securities offered by this prospectus:

- purchases by a broker-dealer as principal and resale by such broker-dealer for its own account pursuant to this prospectus;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- block trades in which the broker-dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- an over-the-counter distribution in accordance with the rules of Nasdaq;
- through trading plans entered into by the Selling Shareholder pursuant to Rule 10b5-1 under the Exchange Act that are in place at the time of an offering pursuant to this prospectus and any applicable prospectus supplement hereto that provide for periodic sales of its securities on the basis of parameters described in such trading plans;
- through one or more underwritten offerings on a firm commitment or best efforts basis;
- settlement of short sales entered into after the date of this prospectus;
- agreements with broker-dealers to sell a specified number of the securities at a stipulated price per share;

- in “at the market” offerings, as defined in Rule 415 under the Securities Act, at negotiated prices, at prices prevailing at the time of sale or at prices related to such prevailing market prices, including sales made directly on a national securities exchange or sales made through a market maker other than on an exchange or other similar offerings through sales agents;
- directly to purchasers, including through a specific bidding, auction or other process or in privately negotiated transactions;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- through a combination of any of the above methods of sale; or
- any other method permitted pursuant to applicable law.

In addition, if the Selling Shareholder is an entity that may elect to make an in-kind distribution of securities to its members, partners or stockholders pursuant to the registration statement of which this prospectus is a part by delivering a prospectus with a plan of distribution. To the extent a distributee is not an affiliate of ours, the distributee would thereby receive freely tradeable securities pursuant to the distribution through the registration statement. To the extent a distributee is an affiliate of ours (or to the extent otherwise required by law), we may file a prospectus supplement in order to permit the distributee to use the prospectus to resell the securities acquired in the distribution.

The Selling Shareholder also may transfer the securities in other circumstances, in which case the transferees, pledgees or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus. Upon being notified by a Selling Shareholder that a donee, pledgee, transferee, other successor-in-interest intends to sell our securities, we will, to the extent required, promptly file a supplement to this prospectus to name specifically such person as a Selling Shareholder.

There can be no assurance that the Selling Shareholder will sell all or any of the securities offered by this prospectus. In addition, the Selling Shareholder may also sell securities under Rule 144 under the Securities Act, if available, or in other transactions exempt from registration, rather than under this prospectus. The Selling Shareholder has the sole and absolute discretion not to accept any purchase offer or make any sale of securities if they deem the purchase price to be unsatisfactory at any particular time.

With respect to a particular offering of the securities held by the Selling Shareholder, to the extent required, an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement of which this prospectus is part, will be prepared and will set forth the following information:

- the specific securities to be offered and sold;
- the names of the Selling Shareholders;
- the respective purchase prices and public offering prices, the proceeds to be received from the sale, if any, and other material terms of the offering;
- settlement of short sales entered into after the date of this prospectus;
- the names of any participating agents, broker-dealers or underwriters; and
- any applicable commissions, discounts, concessions and other items constituting compensation from the Selling Shareholder.

In connection with distributions of the securities or otherwise, the Selling Shareholder may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of the securities in the course of hedging the positions they

assume with Selling Shareholder. The Selling Shareholder may also sell the securities short and redeliver the securities to close out such short positions. The Selling Shareholder may also enter into option or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The Selling Shareholder may also pledge securities to a broker-dealer or other financial institution, and, upon a default, such broker-dealer or other financial institution, may effect sales of the pledged securities pursuant to this prospectus (as supplemented or amended to reflect such transaction).

In order to facilitate the offering of the securities, any underwriters or agents, as the case may be, involved in the offering of such securities may engage in transactions that stabilize, maintain or otherwise affect the price of our securities. Specifically, the underwriters or agents, as the case may be, may over allot in connection with the offering, creating a short position in our securities for their own account. In addition, to cover overallocments or to stabilize the price of our securities, the underwriters or agents, as the case may be, may bid for, and purchase, such securities in the open market. Finally, in any offering of securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allotted to an underwriter or a broker-dealer for distributing such securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. The underwriters or agents, as the case may be, are not required to engage in these activities, and may end any of these activities at any time.

The Selling Shareholder may solicit offers to purchase the securities directly from, and it may sell such securities directly to, institutional investors or others. In this case, no underwriters or agents would be involved. The terms of any of those sales, including the terms of any bidding or auction process, if utilized, will be described in the applicable prospectus supplement.

It is possible that one or more underwriters may make a market in our securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for our securities. Our ordinary shares are currently listed on The Nasdaq Global Market and on the Nasdaq Main Market in Iceland under the symbol "ALVO."

The Selling Shareholder may authorize underwriters, broker-dealers or agents to solicit offers by certain purchasers to purchase the securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we or the Selling Shareholder pay for solicitation of these contracts.

A Selling Shareholder may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by any Selling Shareholder or borrowed from any Selling Shareholder or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from any Selling Shareholder in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, any Selling Shareholder may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

In effecting sales, broker-dealers or agents engaged by the Selling Shareholder may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the Selling Shareholder in amounts to be negotiated immediately prior to the sale.

In compliance with the guidelines of the Financial Industry Regulatory Authority ("FINRA"), the aggregate maximum discount, commission, fees or other items constituting underwriting compensation to be received by any

FINRA member or independent broker-dealer will not exceed 8% of the gross proceeds of any offering pursuant to this prospectus and any applicable prospectus supplement.

If at the time of any offering made under this prospectus a member of FINRA participating in the offering has a “conflict of interest” as defined in FINRA Rule 5121 (“Rule 5121”), that offering will be conducted in accordance with the relevant provisions of Rule 5121.

To our knowledge, there are currently no plans, arrangements or understandings between the Selling Shareholder and any broker-dealer or agent regarding the sale of the securities by the Selling Shareholder. Upon our notification by a Selling Shareholder that any material arrangement has been entered into with an underwriter or broker-dealer for the sale of securities through a block trade, special offering, exchange distribution, secondary distribution or a purchase by an underwriter or broker-dealer, we will file, if required by applicable law or regulation, a supplement to this prospectus pursuant to Rule 424(b) under the Securities Act disclosing certain material information relating to such underwriter or broker-dealer and such offering.

Underwriters, broker-dealers or agents may facilitate the marketing of an offering online directly or through one of their affiliates. In those cases, prospective investors may view offering terms and a prospectus online and, depending upon the particular underwriter, broker-dealer or agent, place orders online or through their financial advisors.

In offering the securities covered by this prospectus, the Selling Shareholder and any underwriters, broker-dealers or agents who execute sales for the Selling Shareholder may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. Any discounts, commissions, concessions or profit they earn on any resale of those securities may be underwriting discounts and commissions under the Securities Act.

The underwriters, broker-dealers and agents may engage in transactions with us or the Selling Shareholder, or perform services for us or the Selling Shareholder, in the ordinary course of business.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The Selling Shareholder and any other persons participating in the sale or distribution of the securities will be subject to applicable provisions of the Securities Act and the Exchange Act, and the rules and regulations thereunder, including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of purchases and sales of any of the securities by, the Selling Shareholder or any other person, which limitations may affect the marketability of the shares of the securities.

We will make copies of this prospectus available to the Selling Shareholder for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The Selling Shareholder may indemnify any agent, broker-dealer or underwriter that participates in transactions involving the sale of the securities against certain liabilities, including liabilities arising under the Securities Act.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES UNDER U.S. SECURITIES LAWS

Alvotech is incorporated in Luxembourg and conducts a majority of its operations through its subsidiary, Alvotech hf., an Icelandic legal entity. In addition, some of the members of our board of directors and officers reside outside the United States and a substantial portion of our assets are located in Iceland and elsewhere outside the U.S. Investors may not be able to effect service of process within the United States upon us or these persons or enforce judgments obtained against us or these persons in U.S. courts, including judgments in actions predicated upon the civil liability provisions of the U.S. federal securities laws. Likewise, it also may be difficult for an investor to enforce in U.S. courts judgments obtained against us or these persons in courts located in jurisdictions outside the United States, including judgments predicated upon the civil liability provisions of the U.S. federal securities laws. Awards of punitive damages in actions brought in the United States or elsewhere are generally not enforceable in Luxembourg and Iceland.

As there is no treaty in force on the reciprocal recognition and enforcement of judgments in civil and commercial matters between the United States and Luxembourg other than arbitral awards rendered in civil and commercial matters, courts in Luxembourg will not automatically recognize and enforce a final judgment rendered by a U.S. court. A valid judgment obtained from a court of competent jurisdiction in the United States may be entered and enforced through a court of competent jurisdiction in Luxembourg, subject to the applicable enforcement procedures (*exequatur*) as set out in the relevant provisions of the Luxembourg New Civil Procedure Code and in Luxembourg case law. Pursuant to Luxembourg case law, the granting of *exequatur* is subject to the following requirements:

- the judgment of the U.S. court is final and enforceable (*exécutoire*) in the United States and has not been fully enforced in the United States and/or in any other jurisdiction;
- the U.S. court had full jurisdiction over the subject matter leading to the judgment (that is, its jurisdiction was in compliance both with Luxembourg private international law rules and with the applicable domestic U.S. federal or state jurisdictional rules);
- the U.S. court applied to the dispute the substantive law which is designated by the Luxembourg conflict of laws rules or, at least, such court's order must not contravene the principles underlying those rules (based on recent case law and legal doctrine, it is not certain that this condition would still be required for an *exequatur* to be granted by a Luxembourg court);
- the judgment was granted following proceedings where the counterparty had the opportunity to appear and, if it appeared, to present a defense, and the decision of the foreign court must not have been obtained by fraud, but in compliance with the rights of the defendant;
- the U.S. court acted in accordance with its own procedural laws;
- the judgment of the U.S. court does not contradict an already issued judgment of a Luxembourg court, and
- the decisions and the considerations of the U.S. court must not be contrary to Luxembourg international public policy rules (as such term is interpreted under the laws of Luxembourg) or have been given in proceedings of a tax or criminal nature or rendered subsequent to an evasion of Luxembourg law (*fraude à la loi*). Awards of damages made under civil liabilities provisions of the U.S. federal securities laws, or other laws, which are classified by Luxembourg courts as being of a penal or punitive nature (for example, fines or punitive damages), might not be recognized by Luxembourg courts. Ordinarily, an award of monetary damages would not be considered as a penalty, but if the monetary damages include punitive damages, such punitive damages may be considered a penalty and therefore not enforceable in Luxembourg.

Similarly, as Alvotech hf., a subsidiary of Alvotech, has significant assets in Iceland, investors may seek to enforce judgments obtained in the United States against Alvotech in Iceland. As there is no treaty in force on the reciprocal recognition and enforcement of judgments in civil and commercial matters between the United States and Iceland

other than arbitral awards entered in civil and commercial matters, courts in Iceland will not automatically recognize and enforce a final judgment rendered by a U.S. court. Based on recent Icelandic case law, a valid judgment obtained from a court of competent jurisdiction in the United States will not be directly recognized and enforceable in Iceland. Instead, the judgment creditor would need to issue fresh legal proceedings against the judgment debtor in Iceland in which the U.S. judgment would serve as evidence, in addition to other evidence and legal arguments regarding the merits of the case, which will be adjudicated by the Icelandic courts.

If an original action is brought in Luxembourg or Iceland, without prejudice to specific conflict of law rules, Luxembourg courts or Icelandic courts may refuse to apply the designated law (i) if the choice of such foreign law was not made bona fide or (ii) if the foreign law was not pleaded and proved or (iii) if pleaded and proved, such foreign law is contrary to mandatory Luxembourg or Icelandic laws or incompatible with Luxembourg or Icelandic public policy rules. In an action brought in Luxembourg or Iceland on the basis of U.S. federal or state securities laws, Luxembourg courts or Icelandic courts may not have the requisite power to grant the remedies sought. Also, an *exequatur* may be refused by a Luxembourg court in respect of punitive damages.

In practice, Luxembourg courts tend not to review the merits of a foreign judgment, although there is no clear statutory prohibition of such review. A contractual provision allowing the service of process against a party to a service agent could be overridden by Luxembourg or Icelandic statutory provisions allowing the valid serving of process against a party in accordance with applicable laws at the domicile of the party. Further, in the event any proceedings are brought in a Luxembourg court in respect of a monetary obligation payable in a currency other than the Euro, a Luxembourg court would have the power to give judgment as an order to pay the obligation in a currency other than the Euro. However, enforcement of the judgment against any party in Luxembourg would be available only in Euros and, for such purposes, all claims or debts would be converted into Euros. Similarly, in the event any proceedings are brought in an Icelandic court in respect of a monetary obligation payable in a currency other than the Icelandic Krona, an Icelandic court would have the power to give judgment as an order to pay the obligation in the Icelandic Krona.

In addition, actions brought in a Luxembourg court against Alvotech, the members of our board of directors, our officers, or the experts named herein to enforce liabilities based on U.S. federal securities laws may be subject to certain restrictions. In particular, Luxembourg courts generally do not award punitive damages. Litigation in Luxembourg also is subject to rules of procedure that differ from the U.S. rules, including, with respect to the taking and admissibility of evidence, the conduct of the proceedings and the allocation of costs. Proceedings in Luxembourg would have to be conducted in French or German, and all documents submitted to the court would, in principle, have to be translated into French or German. For these reasons, it may be difficult for a U.S. investor to bring an original action in a Luxembourg court predicated upon the civil liability provisions of the U.S. federal securities laws against Alvotech, the members of our board of directors, our officers, or the experts named herein. In addition, even if a judgment against Alvotech, the non-U.S. members of our board of directors, our officers, or the experts named in this Annual Report on Form 20-F based on the civil liability provisions of the U.S. federal securities laws is obtained, a U.S. investor may not be able to enforce it in United States or Luxembourg courts.

Some of our directors and officers have entered into, or will enter into, indemnification agreements with Alvotech. Under such agreements, the directors and officers will be entitled to indemnification from Alvotech to the fullest extent permitted by Luxembourg law against liability and expenses reasonably incurred or paid by him or her in connection with any claim, action, suit, or proceeding in which he or she would be involved by virtue of his or her being or having been a director or officer and against amounts paid or incurred by him or her in the settlement thereof. Luxembourg law permits us to keep directors indemnified against any expenses, judgments, fines and amounts paid in connection with liability of a director towards Alvotech or a third-party for management errors i.e., for wrongful acts committed during the execution of the mandate (*mandat*) granted to the director by Alvotech, except in connection with criminal offenses, gross negligence or fraud. The rights to and obligations of indemnification among or between Alvotech and any of our current or former directors and officers are generally governed by the laws of Luxembourg and subject to the jurisdiction of the Luxembourg courts, unless such rights or obligations do not relate to or arise out of such persons' capacities listed above. Although there is doubt as to whether U.S. courts would enforce this indemnification provision in an action brought in the United States under U.S. federal or state securities laws, this provision could make it more difficult to obtain judgments outside Luxembourg or from non-Luxembourg jurisdictions that would apply Luxembourg law against our assets in Luxembourg.

Our agent for service of process in the United States is Alvotech USA Inc., 1602 Village Market Blvd., Suite 280, Leesburg, Virginia 20175.

PART II. INFORMATION NOT REQUIRED IN PROSPECTUS

Item 8. Indemnification of Directors and Officers.

Article 441-8 of the Luxembourg Company Law provides that the directors shall not incur any personal obligation by reason of the commitments of the company. Article 441-9 of the Luxembourg Company Law provides that the directors, the members of the management committee and the managing executive officer shall be liable to the company in accordance with general law for the execution of the mandate given to them and for any misconduct in the management of the company's affairs. The directors and members of the management committee shall be jointly and severally liable towards either the company or any third parties for damages resulting from the violation of the Luxembourg Company Law or the company's articles of association. The directors and members of the management committee shall be discharged from such liability in the case of a violation to which they were not a party provided no misconduct is attributable to them and they have reported such violation, as regards members of the board of directors, to the first general meeting and, as regards members of the management committee, during the first meeting of the board of directors after they had acquired knowledge thereof.

Alvotech's articles of association provide that directors of Alvotech are not held personally liable for the indebtedness or other obligations of Alvotech. As agents of Alvotech, they are responsible for the performance of their duties. Subject to the exceptions and limitations listed in Alvotech's articles of association and mandatory provisions of law, every person who is, or has been, a director or officer of Alvotech shall be indemnified by Alvotech to the fullest extent permitted by law against liability and against all expenses reasonably incurred or paid by such person in connection with any claim, action, suit or proceeding which he becomes involved as a party or otherwise by virtue of his or her being or having been a director or officer of Alvotech, or, at the request of Alvotech, of any other company of which Alvotech is a shareholder or creditor and by which he is not entitled to be indemnified, and against amounts paid or incurred by him or her in the settlement thereof. The words "claim", "action", "suit" or "proceeding" shall apply to all claims, actions, suits or proceedings (civil, criminal or otherwise including appeals) actual or threatened and the words "liability" and "expenses" shall include without limitation attorneys' fees, costs, judgments, amounts paid in settlement and other liabilities. However, no indemnification shall be provided to any director or officer of Alvotech (i) against any liability by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office (ii) with respect to any matter as to which he or she shall have been finally adjudicated to have acted in bad faith and not in the interest of Alvotech or (iii) in the event of a settlement, unless the settlement has been approved by a court of competent jurisdiction or by the board of directors of Alvotech.

Alvotech's articles of association provide that the right of indemnification provided by such articles of association shall be severable, shall not affect any other rights to which any director or officer may now or hereafter be entitled, shall continue as to a person who has ceased to be such director or officer and shall inure to the benefit of the heirs, executors and administrators of such a person. Nothing contained in such articles of association shall affect or limit any rights to indemnification to which corporate personnel, including directors and officers, may be entitled by contract or otherwise under law. Alvotech shall specifically be entitled to provide contractual indemnification to and may purchase and maintain insurance for any corporate personnel, including directors and officers of Alvotech, as Alvotech may decide upon from time to time.

Alvotech has entered into indemnification agreements with its independent directors. These agreements provide that Alvotech will indemnify each of its independent directors to the fullest extent permitted by law and its articles of association.

Alvotech also maintains a general liability insurance policy, which covers certain liabilities of directors and officers of Alvotech arising out of claims based on acts or omissions in their capacities as directors or officers.

Item 10. Undertakings.

(a) The undersigned hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) that, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed

with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) that for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) to file a post-effective amendment to the registration statement to include any financial statements required by "Item 8.A. of Form 20-F" at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished; provided, that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Item 8.A of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement; and

(5) that, for the purpose of determining liability under the Securities Act to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(1) Pursuant to Rule 416 under the Securities Act of 1933, as amended (the “Securities Act”), Alvotech (the “Registrant”) is also registering an indeterminate number of additional ordinary shares, nominal value \$0.01 per ordinary share, of the Registrant (“Ordinary Shares”) that may become issuable as a result of any stock dividend, stock split, recapitalization or other similar transaction.

(2) Represents 1,789,087 Ordinary Shares registered for resale by the Selling Shareholder.

(3) Pursuant to Rule 457(c) under the Securities Act, and solely for the purpose of calculating the registration fee, the proposed maximum offering price is calculated as the product of 1,789,087 Ordinary Shares and \$13.04, which is the average of the high and low trading prices of the Ordinary Shares on Nasdaq Global Market, on August 19, 2024.

(4) Represents the total of the fee offsets claimed pursuant to Rule 457(p) under the Securities Act for the registration fees previously paid with respect to unsold securities, as set forth in Table 2.

(1) On July 22, 2022, the Registrant filed a Registration Statement on Form F-1 (File No. 333-266294) (the “Prior Registration Statement”) with the Securities and Exchange Commission (the “Commission”) and paid a filing fee equal to \$9,761.88 in connection with the filing. The Prior Registration Statement was declared effective by the Commission on September 21, 2022. Because the proposed sale of the Ordinary Shares registered under the Prior Registration Statement did not and will not occur, the Registrant filed a request with the Commission to withdraw the Prior Registration Statement on June 26, 2024. Pursuant to Rule 457(p) under the Securities Act of 1933, as amended, the Registrant offsets the aggregate total dollar amount of the filing fee associated with those unsold securities under the Prior Registration Statement against the total filing fee due under this registration statement.
