5.5 If after the end of the subscription period not all of the preferential subscription rights offered to the existing shareholders have been subscribed by the latter, third parties may be allowed to participate in the share capital increase, except if the board of directors decides that the preferential subscription rights shall be offered to the existing shareholders who have already exercised their rights during the subscription period, in proportion to the portion that their Shares represent in the share capital; the modalities for the subscription to be determined by the board of directors. The board of directors may also decide in such case that the share capital shall only be increased by the amount of subscriptions received by the existing shareholders of the Company.

5.6 The Company may repurchase its own Shares subject to the provisions of the Law, and in conformity with all other applicable laws and regulations, including any rules and regulations of a foreign stock exchange or securities settlement system on which the Company's shares are traded.

Article 6 Authorised capital

6.1 The authorised capital, excluding the share capital, is set at sixty million United States dollars (USD 60,000,000), consisting of six billion (6,000,000,000) Shares, each having a nominal value of one cent (USD 0.01). During a period of five (5) years from the date of incorporation or any subsequent resolutions to create, renew or increase the authorised capital pursuant to this article, the board of directors is hereby authorised and empowered within the limits of the authorised capital to (i) realise for any reason whatsoever including, any issue in one or several successive tranches of (a) any subscription and/or conversion rights, including warrants (which may be issued separately or attached to Shares, bonds, options, notes or similar instruments), convertible bonds, notes or similar instruments (the "**Share Rights**") as well as (b) new Shares, with or without share premium, against payment in cash or in kind, by conversion of claims on the Company, by way of conversion of available reserves or in any other manner; (ii) determine the place and date of the issue or the successive issues, the issue price, the terms and conditions of the subscription of and paying up on the new Shares; (iii) remove or limit the preferential subscription right of the shareholders in case of issue against payment in cash of Shares, warrants (which may be separate or attached to Shares, bonds, notes or similar instruments), convertible bonds, notes or

similar instruments, and (iv) confirm by way of a notarial deed within the legal deadline each and any share capital increase effectuated within the limits of the authorised capital and to amend Article 5.1 and Article 6.1 accordingly. The Shares to be issued upon exercise of any Share Rights may be issued beyond the initial authorized capital period of five (5) years as long as the Share Rights were issued within the relevant initial authorized capital period of five (5) years.

6.2 During a period of up to five (5) years from the date of the resolutions of the general meeting of the shareholders granting such authorisation to the board of directors or its subsequent renewal(s) and subject to the provisions of the Law, the board of directors is hereby authorised and empowered to (i) repurchase Shares, each having a nominal value of one cent (USD 0.01), in one or more occasions, (ii) determine the moment and place of repurchase of the Shares, (iii) proceed with the cancellation of the Shares so repurchased and the subsequent share capital reduction, (iv) allocate the amount of the share capital reductions to the shareholders of the Company, provided that in case such repurchase is made for value, the consideration payable for such shares shall be determined by the board of directors and shall not be lower than the nominal value of the repurchased Shares, and (v) record by way of a notarial deed each and any share capital reduction effectuated within the limits of this Article 6.2 and to amend Article 5.1 accordingly.

Article 7 Shares – Transfer of Shares

7.1 The Company may have one or several shareholders.

7.2 Death, suspension of civil rights, dissolution, bankruptcy or insolvency or any other similar event regarding any of the shareholders shall not cause the dissolution of the Company.

7.3 The shares of the Company are in registered form.

7.4 The Company will recognise only one (1) holder per share. In case a share is owned by several persons, they shall appoint a single representative who shall represent them in respect of the Company. The Company has the right to suspend the exercise of all rights attached to that share, except for relevant information rights, until such representative has been appointed.

7.5 Subject to any contractual agreement to which the Shares or the shareholders may be subject to and the present articles of association, the shares are freely transferable in accordance with the provisions of the Law.

7.6 A register of shares shall be kept by the Company at its registered office, where it shall be available for inspection by any shareholder. This register shall contain all the information required by the Law. Ownership of ordinary shares will be established by registration in said register, or in the event separate registrars have been appointed pursuant to article 7.7, in such separate register(s). Without prejudice to the conditions for transfer by book entries provided for in article 7.9 of these articles of association, a transfer of Shares shall be carried out by means of a declaration of transfer entered in the relevant register, dated and signed by the transferor and the transferee or by their duly authorised representatives or by the Company upon notification of the transfer or acceptance of the transfer by the Company. The Company may accept and enter in the relevant register a transfer on the basis of correspondence or other documents recording the agreement between the transferor and the transferee.

7.7 The Company may appoint registrars in different jurisdictions who may each maintain a separate register for the Shares entered therein. Shareholders may elect to be entered into one of these registers and to transfer their Shares to another register so maintained. The board of directors may however impose transfer restrictions for Shares in compliance with applicable trading restrictions. A transfer to the register kept at the Company’s registered office may always be requested.

7.8 Subject to the provisions of article 7.9 and article 7.10, the Company may consider the person in whose name the Shares are registered in the register of shareholders as the full owner of such Shares. In the event that a holder of Shares does not provide an address in writing to which all notices or announcements from the Company may be sent, the Company may permit a notice to this effect to be entered into the register of shareholders and such holder's address will be deemed to be at the registered office of the Company or such other address as may be so entered by the Company from time to time, until a different address shall be provided to the Company by such holder in writing. The holder may, at any time, change his address as entered in the register of shareholders by means of written notification to the Company.

7.9 The Shares may be held by a holder (the "**Holder**") through a securities settlement system or a Depositary (as this term is defined below). The Holder of Shares held in such fungible securities accounts has the same rights and obligations as if such Holder held the Shares directly. The Shares held through a securities settlement system or a Depositary shall be recorded in an account opened in the name of the Holder and may be transferred from one account to another in accordance with customary procedures for the transfer of securities in book-entry form. However, the Company will make dividend payments, if any, and any other payments in cash, Shares or other securities, if any, only to the securities settlement system or Depositary recorded in the register of shareholders or in accordance with the instructions of such securities settlement system or Depositary. Such payment will grant full discharge of the Company's obligations in this respect.

7.10 All communications and notices to be given to a registered shareholder shall be deemed validly made if made to the latest address communicated by the shareholder to the Company in accordance with article 7.8 or, if no address has been communicated by the shareholder, the registered office of the Company or such other address as may be so entered by the Company in the register from time to time according to article 7.9.

7.11 Where Shares are recorded in the register of shareholders in the name of or on behalf of a securities settlement system or the operator of such system and recorded as book-entry interests in the accounts of a professional depositary or any sub-depositary (any depositary and any sub-depositary being referred to hereinafter as a "**Depositary**"), the Company will permit the Depositary of such book-entry interests to exercise the rights attaching to the Shares corresponding to the book-entry interests of the relevant Holder, including receiving notices of general meetings, admission to and voting at general meetings, and shall consider the Depositary to be the holder of the Shares corresponding to the book-entry interests for purposes of this Article 7.11 of the present articles of association. The board of directors may determine the formal requirements with which such certificates from such Depositary must comply and the exercise of the rights in respect of such Shares may in addition be subject to the internal rules and procedures of the securities settlement system.

7.12 In connection with a general meeting of shareholders, the board of directors may decide that no entry shall be made in the register of shareholders and no notice of a transfer shall be recognised for voting purposes by the Company and any Depositary or registrar(s) during the period starting on the Record Date (as hereinafter defined) and ending on the closing of such general meeting, subject to compliance with the applicable rules of any foreign stock exchange, if the Shares of the Company are listed on a foreign stock exchange.

C. GENERAL MEETINGS OF SHAREHOLDERS

Article 8 Powers of the general meeting of shareholders

8.1 The shareholders exercise their collective rights in the general meeting of shareholders. Any regularly constituted general meeting of shareholders of the Company shall represent the entire body of shareholders of the Company. The general meeting of shareholders is vested with the powers expressly reserved to it by the Law and by these articles of association.

8.2 If the Company has only one shareholder, any reference made herein to the "general meeting of shareholders" shall be construed as a reference to the "sole shareholder", depending on the context and as applicable and powers conferred upon the general meeting of shareholders shall be exercised by the sole shareholder.

Article 9 Convening of general meetings of shareholders

9.1 The general meeting of shareholders of the Company may at any time be convened by the board of directors, to be held at such place and on such date as specified in the notice of such meeting. The board of directors shall convene the annual general meeting of shareholders within a period of six (6) months after the end of the Company's financial year. Other general meetings of shareholders may be held at such place and time as may be specified in the respective notices of meeting.

9.2 The general meeting of shareholders must be convened by the board of directors upon the written request of one or several shareholders representing at least ten per cent (10%) of the Company's share capital.

9.3 The convening notice for every general meeting of shareholders shall contain the date, time, place and agenda of the meeting and may be made through announcements filed with the Luxembourg Trade and Companies Register and published at least thirty (30) days before the meeting, on the *Recueil électronique des sociétés et associations* and in a Luxembourg newspaper. In such case, notices by mail shall be sent at least eight (8) days before the meeting to the registered shareholders by ordinary mail (*lettre missive*). Alternatively, the convening notices may be exclusively made by registered mail in case the Company has only issued registered Shares or if the addressees have individually agreed to receive the convening notices by another means of communication ensuring access to the information, by such means of communication. If the Shares of the Company are listed on a foreign stock exchange, the requirements of such foreign stock exchange applicable to the Company shall additionally be complied with. If all of the shareholders are present or represented at a general meeting of shareholders and have waived any convening requirements, the meeting may be held without prior notice or publication.

9.4 If the Shares of the Company are listed on a foreign stock exchange, all shareholders of the Company are entitled to be admitted to any general meeting of shareholders provided, however, that the board of directors may determine a date and time preceding the general meeting of shareholders as the record date for admission to such meeting, which may not be less than eight (8) calendar days prior to (and excluding) the date of the general meeting (the "**Record Date**").

9.5 Shareholders holding individually or collectively at least ten (10) per cent of the issued share capital of the Company, may request the addition of one or several new items on the agenda of the general meeting. This right shall be exercised upon request of the shareholders in writing submitted to the Company by registered letter at the address of the registered office of the Company. The requests shall include the details requested in the convening notice. The requests from the shareholders shall be received by the Company no later than eight (8) calendar days before the general meeting.

9.6 With respect to Shares which are not listed on a stock exchange, any Shareholder who holds one or more of such non-listed Share(s) of the Company, who is registered in the share register of the Company relating to such non-listed Shares on the Record Date, shall be admitted to the relevant general meeting.

Article 10 Conduct of general meetings of shareholders

10.1 The annual general meeting of shareholders shall be held within six (6) months of the end of the financial year in the Grand Duchy of Luxembourg at the registered office of the Company or at such other place in the Grand Duchy of Luxembourg as may be specified in the convening notice of such meeting. Other meetings of shareholders may be held at such place and time as may be specified in the respective convening notices. Holders of bonds are not entitled to attend meetings of shareholders.

10.2 A board of the meeting (*bureau*) shall be formed at any general meeting of shareholders, composed of a chairman, a secretary and a scrutineer who need neither be shareholders nor members of the board of

directors. The board of the meeting shall ensure that the meeting is held in accordance with applicable rules and, in particular, in compliance with the rules in relation to convening, majority requirements, vote tallying and representation of shareholders.

10.3 An attendance list must be kept at all general meetings of shareholders.

10.4 A shareholder may act at any general meeting of shareholders by appointing another person as his proxy in writing or by facsimile, electronic mail or any other similar means of communication. One person may represent several or even all shareholders.

10.5 Shareholders taking part in a meeting by conference call, through video conference or by any other means of communication allowing for their identification, allowing all persons taking part in the meeting to hear one another on a continuous basis and allowing for an effective participation of all such persons in the meeting, are deemed to be present for the computation of the quorums and votes, subject to such means of communication being made available at the place of the meeting.

10.6 The board of directors may in its sole discretion authorize each shareholder to vote at a general meeting through a signed voting form sent by post, electronic mail, facsimile or any other means of communication authorised by the board of directors to the Company's registered office or to the address specified in the convening notice. Subject to such authorization by the board of directors, the shareholders may only use voting forms provided by the Company which contain at least the place, date and time of the meeting, the agenda of the meeting, the proposals submitted to the shareholders, as well as for each proposal three (3) boxes allowing the shareholder to vote in favour thereof, against, or abstain from voting by ticking the appropriate box. The Company will only take into account voting forms received prior to the general meeting of shareholders to which they relate. For the avoidance of doubt, shareholders may not vote by voting forms where the board of directors has not authorized such voting method for a given general meeting.

10.7 Voting forms which, for a proposed resolution, do not show (i) a vote in favour of the proposed resolution, (ii) a vote against the proposed resolution or (iii) an abstention from voting on the proposed resolution, are void with respect to such resolution. If a shareholder votes by means of a voting form, the voting form shall be deposited at the registered office of the Company or with an agent of the Company duly authorised to receive such voting forms. The Company shall only take into account voting forms received no later than **two (2)** business days prior to the date of the general meeting to which they relate. The board of directors may set a shorter period for the submission of the voting forms.

10.8 If a shareholder votes by means of proxy, the proxy shall be deposited at the registered office of the Company or with an agent of the Company duly authorised to receive such proxies. The Company shall only take into account proxies received no later than two (2) business days prior to the date of the general meeting to which they relate.

10.9 A holder of Shares held through the operator of a securities settlement system or with a Depositary wishing to attend a general meeting must provide the Company with a certificate issued by such operator or Depositary certifying the number of Shares recorded in the relevant account on the Record Date and showing that such Shares are blocked until the closing of the general meeting to which it relates. Such certificate must be provided to the Company no later than two (2) business days prior to the date of such general meeting. If such holder of Shares votes by means of a proxy, article 10.8 of these articles of association shall apply.

10.10 The board of directors may determine further conditions that must be fulfilled by the shareholders for them to take part in any general meeting of shareholders and shorten or prolong periods for receipt of proxies and voting forms in the convening notice.

10.11 In connection with each general meeting, the board of directors is authorized to provide such rules of deliberations and such conditions for allowing shareholders to take part in the meeting as the board of directors deems appropriate.

10.12 Except to the extent inconsistent with the rules and conditions as adopted by the board of directors, the person presiding over the general meeting shall have the power and authority to prescribe such additional rules and conditions and to do all such acts as, in the judgment of such person, are appropriate for the proper conduct of the meeting. Such rules and conditions, whether adopted by the board of directors or prescribed by the person presiding over the meeting, may include, in each case to the extent permitted by applicable law:

- determining the order of business for the meeting subject to compliance with the agenda for the meeting;
- rules and procedures for maintaining order at the meeting and the safety of those present;
- limitations on attendance at or participation in the meeting to shareholders of record, their duly authorized and constituted attorneys or such other persons as the person presiding over the meeting shall determine;
- restrictions on entry to the meeting after the time fixed for the commencement thereof; and
- limitations on the time allotted to questions or comments by participants.

Article 11 Quorum, majority and vote

11.1 Each share entitles to one vote in general meetings of shareholders.

11.2 Subject to the rules of the applicable stock exchange, if any, on which a Share is listed, the board of directors may suspend the voting rights of any shareholder in breach of his/her/its obligations under any relevant contractual arrangement entered into by such shareholder. A shareholder may individually decide not to exercise, temporarily or permanently, all or part of his voting rights. The waiving shareholder is bound by such waiver and the waiver is mandatory for the Company upon notification to the latter.

11.3 Subject to the rules of the applicable stock exchange, if any, on which a Share is listed, in case the voting rights of one of several shareholders are suspended or the exercise of the voting rights has been waived by one or several shareholders in accordance with Article 11.2, such shareholders may attend any general meeting of the Company but the shares they hold are not taken into account for the determination of the conditions of quorum and majority to be complied with at the general meetings of the Company.

11.4 Except as otherwise required by the Law or these articles of association, resolutions at a general meeting of shareholders duly convened shall not require any quorum and shall be adopted at a simple majority of the votes validly cast regardless of the portion of capital represented. Abstentions and nil votes shall not be taken into account.

Article 12 Amendments of the articles of association

12.1 Except as otherwise provided herein or by the Law, these articles of association may be amended by a majority of at least two thirds of the votes validly cast at a general meeting at which a quorum of more than half of the Company's share capital is present or represented. If no quorum is reached in a meeting, a second meeting may be convened in accordance with the provisions of Article 9.3, which may deliberate regardless of the quorum and at which resolutions are adopted at a majority of at least two thirds of the votes validly cast. Abstentions and nil votes shall not be taken into account.

12.2 Subject to the rules of the applicable stock exchange, if any, on which a Share is listed, in case voting rights of one of several shareholders are suspended or the exercise of the voting rights has been waived by one or several shareholders in accordance with Article 11.2, the provisions of Article 11.3 of these Articles of Association apply *mutatis mutandis*.

Article 13 Change of nationality

The shareholders may change the nationality of the Company by a resolution of the general meeting of shareholders adopted in the manner required for an amendment of these articles of association.

Article 14 Adjournment of general meeting of shareholders

Subject to the provisions of the Law, the board of directors may, during the course of any general meeting, adjourn such general meeting for four (4) weeks. The board of directors shall do so at the request of one or several shareholders representing at least ten per cent (10%) of the share capital of the Company. In the event of an adjournment, any resolution already adopted by the general meeting of shareholders shall be cancelled.

Article 15 Minutes of general meetings of shareholders

15.1 The board of any general meeting of shareholders shall draw up minutes of the meeting which shall be signed by the members of the board of the meeting as well as by any shareholder upon its request.

15.2 Any copy and excerpt of such original minutes to be produced in judicial proceedings or to be delivered to any third party, shall be certified as a true copy of the original by the notary having had custody of the original deed in case the meeting has been recorded in a notarial deed, or shall be signed by the chairman of the board of directors, if any, or by any two (2) of its members.

Article 16 Rules applicable in case of listing on a EU Regulated Market

16.1 In case the shares of the Company are admitted to trading on a regulated market within the meaning of Directive 2014/65/EU within the territory of the European Economic Area (the "EU Regulated Market"), the provisions of these articles of association shall apply with the following amendments and supplements:

16.2 Article 9.3 shall be replaced as follows: The convening notice for any general meeting of shareholders must contain (a) the agenda of the meeting, (b) the place, date and time of the meeting, (c) the description of the procedures that Shareholders must comply with in order to be able to participate and cast their votes in the general meeting, (d) statement of the Record Date and the manner in which shareholders have to register and a statement that only those who are shareholders on that date shall have the right to participate and vote in the general meeting, (e) indication of the postal and electronic addresses where and how the full unbridged text of the documents to be submitted to the general meeting and the draft resolutions may be obtained and (f) indication of the address of the internet site on which this information is available. Such notice shall take the form of announcements published (i) at least thirty (30) days before the meeting, in *the Recueil Electronique des Sociétés et Associations* and in a Luxembourg newspaper and (ii) in a manner ensuring fast access to it on a non-discriminatory basis in such media as may reasonably be relied upon for the effective dissemination of information throughout the European Economic Area. A notice period of at least seventeen (17) days applies, in case of a second or subsequent convocation of a general meeting convened for lack of quorum required for the meeting convened by the first convocation, provided that this Article 9.3 has been complied with for the first convocation and no new item has been put on the agenda. In case the Shares are listed on a foreign stock exchange, the notices shall in addition be published in such other manner as may be required by laws, rules or regulations applicable to such stock exchange from time to time. If all of the shareholders are present or represented at a general meeting of shareholders and have waived any convening requirements, the meeting may be held without prior notice or publication.

16.2.1 Article 9.4 shall be replaced as follows: Any shareholder who holds one or more Shares of the Company at 00:00 (midnight Luxembourg time) on the date falling fourteen (14) days prior to (and excluding) the date of the general meeting (the "**Record Date**") shall be admitted to the relevant general meeting of shareholders. Any Shareholder who wishes to attend the general meeting must inform the Company thereof at the latest on the Record Date, in a manner to be determined by the board of directors in the convening notice. In case of Shares held through or with a professional depository or sub-depository designated by such depository, a holder of Shares wishing to attend a general meeting of shareholders should receive from such operator or depository or sub-depository a certificate certifying the number of Shares recorded in the relevant account on the Record Date. The certificate should be submitted to the

Company at its registered address no later than three (3) business days prior to the date of the general meeting. In the event that the Shareholder votes through proxies, the proxy has to be deposited at the registered office of the Company at the same time or with any agent of the Company, duly authorised to receive such proxies. The board of directors may set a shorter period for the submission of the certificate or the proxy.

16.3 Article 9.5 shall be replaced as follows: One or several Shareholders, representing at least five percent (5%) of the Company's issued share capital, may (i) request to put one or several items to the agenda of any general meeting of shareholders, provided that such item is accompanied by a justification or a draft resolution to be adopted in the general meeting, or (ii) table draft resolutions for items included or to be included on the agenda of the general meeting. Such requests must be sent to the Company's registered office in writing by registered letter or electronic means at least twenty-two (22) days prior to the date of the general meeting and include the postal or electronic address of the sender. In case such request entails a modification of the agenda of the relevant meeting, the Company will make available a revised agenda at least fifteen (15) days prior to the date of the general meeting.

16.4 Within fifteen (15) days following the general meeting of Shareholders, the Company shall publish on its website the voting results.

D. MANAGEMENT

Article 17 Composition and powers of the board of directors, board rules

17.1 The Company shall be managed by a board of directors composed of at least three (3) directors (but in all cases an odd number), which shall be appointed pursuant to these articles of association and any nomination agreement to which the Company is a party as may be further determined in the board rules adopted by the board of directors. The directors shall be appointed by the general meeting of shareholders which shall determine their number, fix their remuneration, and their term of office, which may not exceed three (3) years. Directors may be reappointed for successive terms.

17.2 The board of directors is vested with the broadest powers to act in the name of the Company and to take any action necessary or useful to fulfill the Company's corporate purpose, with the exception of the powers reserved by the Law or by these Articles of Association to the general meeting of shareholders.

17.3 The board of directors shall determine its own rules of procedure and may create one or several committees. The composition and the powers of such committee(s), the terms of the appointment, removal, remuneration and duration of the mandate of its/their members, as well as its/their rules of procedure are determined by the board of directors. The board of directors shall be in charge of the supervision of the activities of the committee(s). For the avoidance of doubt, such committees shall not constitute management committee in the sense of Article 441-11 of the Law.

17.4 The board of directors may, unanimously, pass resolutions by circular means when expressing its approval in writing, by facsimile, electronic mail or any other similar means of communication. Each director may express his consent separately, the entirety of the consents evidencing the adoption of the resolutions. The date of such resolutions shall be the date of the last signature.

Article 18 Daily management

The daily management of the Company as well as the representation of the Company in relation to such daily management may be delegated to one or more directors, officers or other agents, acting individually or jointly. Their appointment, removal and powers shall be determined by a resolution of the board of directors.

Article 19 Appointment, removal and term of office of directors

19.1 The directors shall be appointed by the general meeting of shareholders which shall determine their remuneration and term of office.

19.2 Each director is appointed by the general meeting of shareholders at a simple majority of the votes validly cast.

19.3 Any director may be removed from office at any time with or without cause by the general meeting of shareholders at a simple majority of the votes validly cast.

19.4 If a legal entity is appointed as director of the Company, such legal entity must designate a physical person as permanent representative who shall perform this role in the name and on behalf of the legal entity. The relevant legal entity may only remove its permanent representative if it appoints a successor at the same time. An individual may only be a permanent representative of one (1) director of the Company and may not be himself a director of the Company at the same time.

Article 20 Vacancy in the office of a director

20.1 In the event of a vacancy in the office of a director because of death, legal incapacity, bankruptcy, resignation or otherwise, this vacancy may be filled on a temporary basis and for a period of time not exceeding the initial mandate of the replaced director by the remaining directors until the next meeting of shareholders which shall resolve on the permanent appointment in compliance with the applicable legal provisions.

20.2 In case the vacancy occurs in the office of the Company's sole director, such vacancy must be filled without undue delay by the general meeting of shareholders.

Article 21 Conflict of interests

21.1 Save as otherwise provided by the Law, any director who has, directly or indirectly, a financial interest conflicting with the interest of the Company in connection with a transaction falling within the competence of the board of directors, must inform the board of directors of such conflict of interest and must have his declaration recorded in the minutes of the board meeting. The relevant director may not take part in the discussions relating to such transaction nor vote on such transaction. Any such conflict of interest must be reported to the next general meeting of shareholders prior to such meeting taking any resolution on any other item.

21.2 Where the Company comprises a single director, transactions made between the Company and the director having an interest conflicting with that of the Company are only mentioned in the resolution of the sole director.

21.3 Where, by reason of a conflicting interest, the number of directors required in order to validly deliberate is not met, the board of directors may decide to submit the decision on this specific item to the general meeting of shareholders.

21.4 The conflict of interest rules shall not apply where the decision of the board of directors or the sole director relates to day-to-day transactions entered into under normal conditions.

21.5 The daily manager(s) of the Company, if any, are subject to articles 21.1 to 21.4 of these articles of association provided that if only one (1) daily manager has been appointed and is in a situation of conflicting interests, the relevant decision shall be adopted by the board of directors.

Article 22 Dealing with third parties

22.1 The Company shall be bound towards third parties in all circumstances by the joint signature of any two (2) directors or by the joint signature or the sole signature of any person(s) to whom such signatory power may have been delegated by the board of directors within the limits of such delegation.

22.2 Within the limits of the daily management, the Company shall be bound towards third parties by the signature of any person(s) to whom such power may have been delegated, acting individually or jointly in accordance within the limits of such delegation.

Article 23 Indemnification

23.1 The members of the board of directors, officers, employees and agents of the Company are not held personally liable for the indebtedness or other obligations of the Company. As agents of the Company, they are responsible for the performance of their duties. Subject to the exceptions and limitations listed in article 23.2 and mandatory provisions of law, every person who is, or has been, a member of the board of directors, officer (*mandataire*) or agent of the Company (and any other persons to which applicable law permits the Company to provide indemnification, including any person who is or was a director or officer of the Company, is or was serving at the request of the Company as a director, officer (*mandataire*), employee or agent of another company, partnership, joint venture, trust or other enterprise or employee benefit plan) (collectively, the "Covered Persons"), shall be indemnified by the Company to the fullest extent permitted by law against liability and against all expenses reasonably incurred or paid by them in connection with any claim, action, suit or proceeding which they become involved as a party or otherwise by virtue of his or her being or having been a Covered Person and against amounts paid or incurred by him or her in the settlement thereof. If applicable law is amended after approval of this Article 23 to authorize corporate action further eliminating or limiting the personal liability of Covered Persons, then the liability of a Covered Person to the Company shall be eliminated or limited to the fullest extent permitted by applicable law as so amended. The words "claim", "action", "suit" or "proceeding" shall apply to all claims, actions, suits or proceedings (civil, criminal or otherwise including appeals) actual or threatened and the words "liability" and "expenses" shall include without limitation attorneys' fees, costs, judgments, amounts paid in settlement and other liabilities.

23.2 Expenses (including attorneys' fees) incurred by a Covered Person in defending any claim (save for fraud, negligence or willful misconduct's claims) shall be paid by the Company in advance of the final disposition of such claim upon receipt of an undertaking by or on behalf of such Covered Person to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the Company as authorized in this Article 23. Such expenses (including attorneys' fees) incurred by former Covered Persons may be so paid upon such terms and conditions, if any, as the Company deems appropriate.

23.3 The indemnification and advancement of expenses provided by, or granted pursuant to, this Article 23 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under this present articles of association, agreement, vote of shareholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, it being the policy of the Company that indemnification of the persons specified in this Article 23 shall be made to the fullest extent permitted by law.

23.4 Any repeal or modification of this Article 23 by the shareholders of the Company shall only be prospective and shall not affect the rights to indemnification and to the advancement of expenses of a Covered Person or protections or increase the liability of any Covered Person under this Article 23 in effect at the time of the alleged occurrence of any act or omission to act giving rise to liability or indemnification.

Nothing contained herein shall affect or limit any rights to indemnification to which corporate personnel, including Covered Persons, may be entitled by contract or otherwise under law. The Company shall specifically be entitled to provide contractual indemnification to and may purchase and maintain insurance for any corporate personnel, including Covered Persons, as the Company may decide upon from time to time.

No advancement or payment by the Other Indemnitors on behalf of Covered Persons with respect to any claim for which Covered Persons have sought indemnification from the Company shall affect the immediately preceding sentence, and the Other Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of Covered Persons against the Company. Notwithstanding anything to the contrary herein, the obligations of the Company under this Article 23 shall only apply to Covered Persons in their capacity as Covered Persons.

SHARES

8. Subject to these Articles, and, where applicable, the rules of the Designated Stock Exchange and/or any competent regulatory authority, all Shares for the time being unissued shall be under the control of the Directors who may:

(a) issue, allot and dispose of the same to such Persons, in such manner, on such terms and having such rights and being subject to such restrictions as they may from time to time determine; and

(b) grant options with respect to such Shares and issue warrants or similar instruments with respect thereto;

and, for such purposes, the Directors may reserve an appropriate number of Shares for the time being unissued; provided however that the Directors shall not allot, issue, grant options over or otherwise dispose of Shares (including fractions of a Share) to the extent that it may affect the ability of the Company to carry out a conversion described in Articles 14 to 18.

9. The Company may issue units of securities in the Company, which may be comprised of whole or fractional Shares, rights, options, warrants or convertible securities or securities of similar nature conferring the right upon the holders thereof to subscribe for, purchase or receive any class of Shares or other securities in the Company, upon such terms as the Directors may from time to time determine. The securities comprising any such units which are issued pursuant to the IPO can only be traded separately from one another on the 52nd day following the date of the prospectus relating to the IPO unless the Underwriters determine that an earlier date is acceptable, subject to the Company having filed a current report on Form 8-K with the SEC and a press release announcing when such separate trading will begin. Prior to such date, the units can be traded, but the securities comprising such units cannot be traded separately from one another.

10. The Directors, or the Shareholders by Ordinary Resolution, may authorise the division of Shares into any number of Classes and sub-classes and Series and sub-series and the different Classes and sub-classes and Series and sub-series shall be authorised, established and designated (or re-designated as the case may be) and the variations in the relative rights (including, without limitation, voting, dividend and redemption rights), restrictions, preferences, privileges and payment obligations as between the different Classes and Series (if any) may be fixed and determined by the Directors or the Shareholders by Ordinary Resolution.

11. The Company may insofar as may be permitted by law, pay a commission to any Person in consideration of his subscribing or agreeing to subscribe whether absolutely or conditionally for any Shares. Such commissions may be satisfied by the payment of cash or the lodgement of fully or partly paid-up Shares or partly in one way and partly in the other. The Company may also pay such brokerage as may be lawful on any issue of Shares.

12. The Directors may refuse to accept any application for Shares, and may accept any application in whole or in part, for any reason or for no reason.

13. Except as otherwise specified in these Articles or required by law, the holders of the Class A Shares and the Class B Shares shall vote as a single class.

FOUNDER SHARES CONVERSION AND ANTI-DILUTION RIGHTS

14. At the time of the consummation of the Company's initial Business Combination, the issued and outstanding Class B Ordinary Shares shall automatically be converted into such number of Class A Shares as is equal to 20% of the sum of:

    (a) the total number of Class A Ordinary Shares issued in the IPO (including pursuant to the Over-Allotment Option), plus

    (b) the total number of Class A Ordinary Shares issued or deemed issued, or issuable upon the conversion or exercise of any equity-linked securities issued or deemed issued, by the Company in connection with or in relation to the consummation of the initial Business Combination, excluding (x) any Class A Ordinary Shares or equity-linked securities exercisable for or convertible into Class A Ordinary Shares issued, or to be issued, to any seller in the initial Business Combination and (y) any private placement warrants issued to the Sponsor, its affiliates or any member of our management team upon conversion of working capital loans.

    The term "equity-linked securities" refers to any debt or equity securities that are convertible, exercisable or exchangeable for Class A Ordinary Shares issued in a financing transaction in connection with our initial Business Combination, including but not limited to a private placement of equity or debt.

15. Notwithstanding anything to the contrary contained herein in no event shall the Class B Ordinary Shares convert into Class A Shares at a ratio that is less than one-for-one.

16. References in Articles 14 to Article 18 to "**converted**", "**conversion**" or "**exchange**" shall mean the compulsory redemption without notice of Class B Shares of any Member and, on behalf of such Members, automatic application of such redemption proceeds in paying for such new Class A Shares into which the Class B Shares have been converted or exchanged at a price per Class B Share necessary to give effect to a conversion or exchange calculated on the basis that the Class A Shares to be issued as part of the conversion or exchange will be issued at par. The Class A Shares to be issued on an exchange or conversion shall be registered in the name of such Member or in such name as the Member may direct.

17. Each Class B Share shall convert into its pro rata number of Class A Shares as set forth in this Article 17. The pro rata share for each holder of Class B Shares will be determined as follows: Each Class B Ordinary Share shall convert into such number of Class A Shares as is equal to the product of 1 multiplied by a fraction, the numerator of which shall be the total number of Class A Shares into which all of the issued and outstanding Class B Shares shall be converted pursuant to this Article 17 and the denominator of which shall be the total number of issued and outstanding Class B Shares at the time of conversion.

18. The Directors may effect such conversion in the manner contemplated by Article 16 or in any other manner available under applicable law, including redeeming or repurchasing the relevant Class B Shares and applying the proceeds thereof towards payment for the new Class A Shares. For purposes of the repurchase or redemption, the Directors may, subject to the Company being able to pay its debts in the ordinary course of business, make payments out of amounts standing to the credit of the Company's share premium account or out of its capital.

MODIFICATION OF RIGHTS

19. Whenever the capital of the Company is divided into different Classes (and as otherwise determined by the Directors) the rights attached to any such Class may, subject to any rights or restrictions for the time being attached to any Class only be materially adversely varied or abrogated with the consent in writing of the holders of not less than two-thirds of the issued Shares of the relevant Class, or with the sanction of a resolution passed at a separate meeting of the holders of the Shares of such Class by a majority of two-thirds of the votes cast at such a meeting. To every such separate meeting all the provisions of these Articles relating to general meetings of the Company or to the proceedings thereat shall, *mutatis mutandis*, apply, except that the necessary quorum shall be one or more Persons at least holding or representing by proxy one-third in nominal or par value amount of the issued Shares of the relevant Class (but so that if at any adjourned meeting of such holders a quorum as above defined is not present, those Shareholders who are present shall form a quorum) and that, subject to any rights or restrictions for the time being attached to the Shares of that Class, every Shareholder of the Class shall on a poll have one vote for each Share of the Class held by him. For the purposes of this Article the Directors may treat all the Classes or any two or more Classes as forming one Class if they consider that all such Classes would be affected in the same way by the proposals under consideration**,** but in any other case shall treat them as separate Classes. The Directors may vary the rights attaching to any Class without the consent or approval of Shareholders provided that the rights will not, in the determination of the Directors, be materially adversely varied or abrogated by such action.

20. The rights conferred upon the holders of the Shares of any Class issued with preferred or other rights shall not, subject to any rights or restrictions for the time being attached to the Shares of that Class, be deemed to be materially adversely varied or abrogated by, *inter alia*, the creation, allotment or issue of further Shares, any variation of the rights conferred upon the holders of Shares of any other Class or the redemption or purchase of any Shares of any Class by the Company.

CERTIFICATES

21. If so determined by the Directors, any Person whose name is entered as a member in the Register may receive a certificate in the form determined by the Directors. All certificates shall specify the Share or Shares held by that person and the amount paid up thereon, provided that in respect of a Share or Shares held jointly by several persons the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a Share to one of several joint holders shall be sufficient delivery to all. All certificates for Shares shall be delivered personally or sent through the post addressed to the member entitled thereto at the Member's registered address as appearing in the Register.

22. Every share certificate of the Company shall bear legends required under the applicable laws, including the Exchange Act.

23. Any two or more certificates representing Shares of any one Class held by any Member may at the Member's request be cancelled and a single new certificate for such Shares issued in lieu on payment (if the Directors shall so require) of $1.00 or such smaller sum as the Directors shall determine.

24. If a share certificate shall be damaged or defaced or alleged to have been lost, stolen or destroyed, a new certificate representing the same Shares may be issued to the relevant Member upon request subject to delivery up of the old certificate or (if alleged to have been lost, stolen or destroyed) compliance with such conditions as to evidence and indemnity and the payment of out-of-pocket expenses of the Company in connection with the request as the Directors may think fit.

25. In the event that Shares are held jointly by several persons, any request may be made by any one of the joint holders and if so made shall be binding on all of the joint holders.

FRACTIONAL SHARES

26. The Directors may issue fractions of a Share and, if so issued, a fraction of a Share shall be subject to and carry the corresponding fraction of liabilities (whether with respect to nominal or par value, premium, contributions, calls or otherwise), limitations, preferences, privileges, qualifications, restrictions, rights (including, without prejudice to the generality of the foregoing, voting and participation rights) and other attributes of a whole Share. If more than one fraction of a Share of the same Class is issued to or acquired by the same Shareholder such fractions shall be accumulated.

LIEN

27. The Company has a first and paramount lien on every Share (whether or not fully paid) for all amounts (whether presently payable or not) payable at a fixed time or called in respect of that Share. The Company also has a first and paramount lien on every Share (whether or not fully paid) registered in the name of a Person indebted or under liability to the Company (whether he is the sole registered holder of a Share or one of two or more joint holders) for all amounts owing by him or his estate to the Company (whether or not presently payable). The Directors may at any time declare a Share to be wholly or in part exempt from the provisions of this Article. The Company's lien on a Share extends to any amount payable in respect of it.

28. The Company may sell, in such manner as the Directors may determine, any Share on which the Company has a lien, but no sale shall be made unless an amount in respect of which the lien exists is presently payable nor until the expiration of fourteen days after a notice in writing, demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the Share, or the Persons entitled thereto by reason of his death or bankruptcy.

29. For giving effect to any such sale the Directors may authorise some Person to transfer the Shares sold to the purchaser thereof. The purchaser shall be registered as the holder of the Shares comprised in any such

transfer and he shall not be bound to see to the application of the purchase money, nor shall his title to the Shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

30. The proceeds of the sale after deduction of expenses, fees and commission incurred by the Company shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable, and the residue shall (subject to a like lien for sums not presently payable as existed upon the Shares prior to the sale) be paid to the Person entitled to the Shares immediately prior to the sale.

CALLS ON SHARES

31. Subject to the terms of the allotment and issue of any Shares, the Directors may from time to time make calls upon the Shareholders in respect of any moneys unpaid on their Shares, and each Shareholder shall (subject to receiving at least fourteen days' notice specifying the time or times of payment) pay to the Company at the time or times so specified the amount called on such Shares.

32. The joint holders of a Share shall be jointly and severally liable to pay calls in respect thereof.

33. If a sum called in respect of a Share is not paid before or on the day appointed for payment thereof, the Person from whom the sum is due shall pay interest upon the sum at the rate of eight percent per annum from the day appointed for the payment thereof to the time of the actual payment, but the Directors shall be at liberty to waive payment of that interest wholly or in part.

34. The provisions of these Articles as to the liability of joint holders and as to payment of interest shall apply in the case of non-payment of any sum which, by the terms of issue of a Share, becomes payable at a fixed time, whether on account of the amount of the Share, or by way of premium, as if the same had become payable by virtue of a call duly made and notified.

35. The Directors may make arrangements on the issue of partly paid Shares for a difference between the Shareholders, or the particular Shares, in the amount of calls to be paid and in the times of payment.

36. The Directors may, if they think fit, receive from any Shareholder willing to advance the same all or any part of the moneys uncalled and unpaid upon any partly paid Shares held by him, and upon all or any of the moneys so advanced may (until the same would, but for such advance, become presently payable) pay interest at such rate (not exceeding without the sanction of an Ordinary Resolution, eight percent per annum) as may be agreed upon between the Shareholder paying the sum in advance and the Directors.

FORFEITURE OF SHARES

37. If a Shareholder fails to pay any call or instalment of a call in respect of any Shares on the day appointed for payment, the Directors may, at any time thereafter during such time as any part of such call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.

38. The notice shall name a further day (not earlier than the expiration of fourteen days from the date of the notice) on or before which the payment required by the notice is to be made, and shall state that in the event of non-payment at or before the time appointed the Shares in respect of which the call was made will be liable to be forfeited.

39. If the requirements of any such notice as aforesaid are not complied with, any Share in respect of which the notice has been given may at any time thereafter, before the payment required by notice has been made, be forfeited by a resolution of the Directors to that effect.

40. A forfeited Share may be sold or otherwise disposed of on such terms and in such manner as the Directors think fit, and at any time before a sale or disposition the forfeiture may be cancelled on such terms as the Directors think fit.

41. A Person whose Shares have been forfeited shall cease to be a Shareholder in respect of the forfeited Shares, but shall, notwithstanding, remain liable to pay to the Company all moneys which at the date of forfeiture were payable by him to the Company in respect of the Shares forfeited, but his liability shall cease if and when the Company receives payment in full of the amount unpaid on the Shares forfeited.

42. A statutory declaration in writing that the declarant is a Director, and that a Share has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts in the declaration as against all Persons claiming to be entitled to the Share.

43. The Company may receive the consideration, if any, given for a Share on any sale or disposition thereof pursuant to the provisions of these Articles as to forfeiture and may execute a transfer of the Share in favour of the Person to whom the Share is sold or disposed of and that Person shall be registered as the holder of the Share, and shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Shares be affected by any irregularity or invalidity in the proceedings in reference to the disposition or sale.

44. The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a Share becomes due and payable, whether on account of the amount of the Share, or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

TRANSFER OF SHARES

45. Subject to these Articles and the rules or regulations of the Designated Stock Exchange or any relevant rules of the SEC or securities laws (including, but not limited to the Exchange Act), a Shareholder may transfer all or any of his or her Shares.

46. The instrument of transfer of any Share shall be in (i) any usual or common form; (ii) such form as is prescribed by the Designated Stock Exchange; or (iii) in any other form as the Directors may determine and shall be executed by or on behalf of the transferor and if in respect of a nil or partly paid up Share, or if so required by the Directors, shall also be executed on behalf of the transferee and shall be accompanied by the certificate (if any) of the Shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer. The transferor shall be deemed to remain a Shareholder until the name of the transferee is entered in the Register in respect of the relevant Shares.

47. Subject to the terms of issue thereof and the rules or regulations of the Designated Stock Exchange or any relevant rules of the SEC or securities laws (including, but not limited to the Exchange Act), the Directors may determine to decline to register any transfer of Shares without assigning any reason therefor.

48. The registration of transfers may be suspended at such times and for such periods as the Directors may from time to time determine.

49. All instruments of transfer that are registered shall be retained by the Company, but any instrument of transfer that the Directors decline to register shall (except in any case of fraud) be returned to the Person depositing the same.

TRANSMISSION OF SHARES

50. The legal personal representative of a deceased sole holder of a Share shall be the only Person recognised by the Company as having any title to the Share. In the case of a Share registered in the name of two or more holders, the survivors or survivor, or the legal personal representatives of the deceased holder of the Share, shall be the only Person recognised by the Company as having any title to the Share.

51. Any Person becoming entitled to a Share in consequence of the death or bankruptcy of a Shareholder shall upon such evidence being produced as may from time to time be required by the Directors, have the right

either to be registered as a Shareholder in respect of the Share or, instead of being registered himself, to make such transfer of the Share as the deceased or bankrupt Person could have made; but the Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the deceased or bankrupt Person before the death or bankruptcy.

52. A Person becoming entitled to a Share by reason of the death or bankruptcy of a Shareholder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered Shareholder, except that he shall not, before being registered as a Shareholder in respect of the Share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company.

ALTERATION OF SHARE CAPITAL

The remuneration of such alternate shall be payable out of the remuneration of the Director appointing him and the proportion thereof shall be agreed between them.

109. The Directors may agree with a Shareholder to waive or modify the terms applicable to such Shareholder's subscription for Shares without obtaining the consent of any other Shareholder; provided that such waiver or modification does not amount to a variation or abrogation of the rights attaching to the Shares of such other Shareholders.

110. The Directors shall have the authority to present a winding up petition on behalf of the Company without the sanction of a resolution passed by the Company in general meeting.

BORROWING POWERS OF DIRECTORS

111. The facsimile Seal shall be affixed in the presence of such Person or Persons as the Directors shall for this purpose appoint and such Person or Persons as aforesaid shall sign every instrument to which the facsimile Seal is so affixed in their presence and such affixing of the facsimile Seal and signing as aforesaid shall have the same meaning and effect as if the Seal had been affixed in the presence of and the instrument signed by a Director or a Secretary (or an assistant Secretary) or in the presence of any one or more Persons as the Directors may appoint for the purpose.

114. Notwithstanding the foregoing, a Secretary or any assistant Secretary shall have the authority to affix the Seal, or the facsimile Seal, to any instrument for the purposes of attesting authenticity of the matter contained therein but which does not create any obligation binding on the Company.

118. The quorum necessary for the transaction of the business of the Directors may be fixed by the Directors, and unless so fixed, if there be two or more Directors the quorum shall be two, and if there be one Director the quorum shall be one. A Director represented by an alternate Director at any meeting shall be deemed to be present for the purposes of determining whether or not a quorum is present.

119. A Director who is in any way, whether directly or indirectly, interested in a contract or proposed contract with the Company shall declare the nature of his interest at a meeting of the Directors. A general notice given to the Directors by any Director to the effect that he is to be regarded as interested in any contract or other arrangement which may thereafter be made with that company or firm shall be deemed a sufficient declaration of interest in regard to any contract so made. A Director may vote in respect of any contract or proposed contract or arrangement notwithstanding that he may be interested therein and if he does so his vote shall be counted and he may be counted in the quorum at any meeting of the Directors at which any such contract or proposed contract or arrangement shall come before the meeting for consideration.

120. A Director may hold any other office or place of profit under the Company (other than the office of auditor) in conjunction with his office of Director for such period and on such terms (as to remuneration and otherwise) as the Directors may determine and no Director or intending Director shall be disqualified by his office from contracting with the Company either with regard to his tenure of any such other office or place of profit or as vendor, purchaser or otherwise, nor shall any such contract or arrangement entered into by or on behalf of the Company in which any Director is in any way interested, be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realised by any such contract or arrangement by reason of such Director holding that office or of the fiduciary relation thereby established. A Director, notwithstanding his interest, may be counted in the quorum present at any meeting of the Directors whereat he or any other Director is appointed to hold any such office or place of profit under the Company or whereat the terms of any such appointment are arranged and he may vote on any such appointment or arrangement.

121. Any Director may act by himself or his firm in a professional capacity for the Company, and he or his firm shall be entitled to remuneration for professional services as if he were not a Director; provided that nothing herein contained shall authorise a Director or his firm to act as auditor to the Company.

122. The Directors shall cause minutes to be made in books or loose-leaf folders provided for the purpose of recording:

(a) all appointments of Officers made by the Directors;

(b) the names of the Directors present at each meeting of the Directors and of any committee of the Directors; and

(c) all resolutions and proceedings at all meetings of the Company, and of the Directors and of committees of Directors.

124. A resolution in writing signed by all the Directors or all the members of a committee of Directors entitled to receive notice of a meeting of Directors or committee of Directors, as the case may be (an alternate Director, subject as provided otherwise in the terms of appointment of the alternate Director, being entitled to sign such a resolution on behalf of his appointer), shall be as valid and effectual as if it had been passed at a duly called and constituted meeting of Directors or committee of Directors, as the case may be. When signed a resolution may consist of several documents each signed by one or more of the Directors or his duly appointed alternate.

125. The continuing Directors may act notwithstanding any vacancy in their body but if and for so long as their number is reduced below the number fixed by or pursuant to these Articles as the necessary quorum of Directors, the continuing Directors may act for the purpose of increasing the number, or of summoning a general meeting of the Company, but for no other purpose.

126. The Directors may elect a chairman of their meetings and determine the period for which he is to hold office but if no such chairman is elected, or if at any meeting the chairman is not present within fifteen minutes after the time appointed for holding the meeting, the Directors present may choose one of their number to be chairman of the meeting.

127. Subject to any regulations imposed on it by the Directors, a committee appointed by the Directors may elect a chairman of its meetings. If no such chairman is elected, or if at any meeting the chairman is not present within fifteen minutes after the time appointed for holding the meeting, the committee members present may choose one of their number to be chairman of the meeting.

128. A committee appointed by the Directors may meet and adjourn as it thinks proper. Subject to any regulations imposed on it by the Directors, questions arising at any meeting shall be determined by a majority of votes of the committee members present and in case of an equality of votes the chairman shall have a second or casting vote.

129. All acts done by any meeting of the Directors or of a committee of Directors, or by any Person acting as a Director, shall notwithstanding that it be afterwards discovered that there was some defect in the appointment of any such Director or Person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such Person had been duly appointed and was qualified to be a Director.

133. Any dividend may be paid in any manner as the Directors may determine. If paid by cheque it will be sent through the post to the registered address of the Shareholder or Person entitled thereto, or in the case of joint holders, to any one of such joint holders at his registered address or to such Person and such address

as the Shareholder or Person entitled, or such joint holders as the case may be, may direct. Every such cheque shall be made payable to the order of the Person to whom it is sent or to the order of such other Person as the Shareholder or Person entitled, or such joint holders as the case may be, may direct.

134. The Directors when paying dividends to the Shareholders in accordance with the foregoing provisions of these Articles may make such payment either in cash or in specie and may determine the extent to which amounts may be withheld therefrom (including, without limitation, any taxes, fees, expenses or other liabilities for which a Shareholder (or the Company, as a result of any action or inaction of the Shareholder) is liable).

135. Subject to any rights and restrictions for the time being attached to any Shares, all dividends shall be declared and paid according to the amounts paid up on the Shares, but if and for so long as nothing is paid up on any of the Shares dividends may be declared and paid according to the par value of the Shares.

136. If several Persons are registered as joint holders of any Share, any of them may give effectual receipts for any dividend or other moneys payable on or in respect of the Share.

137. No dividend shall bear interest against the Company.

140. The Directors may from time to time determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of Shareholders not being Directors, and no Shareholder (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by law or authorised by the Directors or by Ordinary Resolution.

The Audit Committee shall meet at least once every financial quarter, or more frequently as circumstances dictate.

144. Subject to the Companies Law and these Articles, the Directors may:

(a) resolve to capitalise an amount standing to the credit of reserves (including a Share Premium Account, capital redemption reserve and profit and loss account), whether or not available for distribution;

(b) appropriate the sum resolved to be capitalised to the Shareholders in proportion to the nominal amount of Shares (whether or not fully paid) held by them respectively and apply that sum on their behalf in or towards:

(i) paying up the amounts (if any) for the time being unpaid on Shares held by them respectively, or

(ii) paying up in full unissued Shares or debentures of a nominal amount equal to that sum, and allot the Shares or debentures, credited as fully paid, to the Shareholders (or as they may direct) in those proportions, or partly in one way and partly in the other, but the Share Premium Account, the capital redemption reserve and profits which are not available for distribution may, for the purposes of this Article, only be applied in paying up unissued Shares to be allotted to Shareholders credited as fully paid;

(ii) the payment by the Company on behalf of the Shareholders (by the application of their respective proportions of the reserves resolved to be capitalised) of the amounts or part of the amounts remaining unpaid on their existing Shares, and any such agreement made under this authority being effective and binding on all those Shareholders; and

(e) generally do all acts and things required to give effect to any of the actions contemplated by this Article.

147.

NOTICES

148. Any notice or document may be served by the Company or by the Person entitled to give notice to any Shareholder either personally, or by posting it airmail or air courier service in a prepaid letter addressed to

such Shareholder at his address as appearing in the Register, or by electronic mail to any electronic mail address such Shareholder may have specified in writing for the purpose of such service of notices, or by facsimile should the Directors deem it appropriate. In the case of joint holders of a Share, all notices shall be given to that one of the joint holders whose name stands first in the Register in respect of the joint holding, and notice so given shall be sufficient notice to all the joint holders.

149. Any Shareholder present, either personally or by proxy, at any meeting of the Company shall for all purposes be deemed to have received due notice of such meeting and, where requisite, of the purposes for which such meeting was convened.

150. Any notice or other document, if served by:

(a) post, shall be deemed to have been served five clear days after the time when the letter containing the same is posted;

(b) facsimile, shall be deemed to have been served upon production by the transmitting facsimile machine of a report confirming transmission of the facsimile in full to the facsimile number of the recipient;

(c) recognised courier service, shall be deemed to have been served 48 hours after the time when the letter containing the same is delivered to the courier service; or

In proving service by post or courier service it shall be sufficient to prove that the letter containing the notice or documents was properly addressed and duly posted or delivered to the courier service.

151. Any notice or document delivered or sent in accordance with the terms of these Articles shall notwithstanding that such Shareholder be then dead or bankrupt, and whether or not the Company has notice of his death or bankruptcy, be deemed to have been duly served in respect of any Share registered in the name of such Shareholder as sole or joint holder, unless his name shall at the time of the service of the notice or document, have been removed from the Register as the holder of the Share, and such service shall for all purposes be deemed a sufficient service of such notice or document on all Persons interested (whether jointly with or as claiming through or under him) in the Share.

152. Notice of every general meeting of the Company shall be given to:

(a) all Shareholders holding Shares with the right to receive notice and who have supplied to the Company an address for the giving of notices to them; and

(b) every Person entitled to a Share in consequence of the death or bankruptcy of a Shareholder, who but for his death or bankruptcy would be entitled to receive notice of the meeting.

No other Person shall be entitled to receive notices of general meetings.

INDEMNITY

153. To the fullest extent permitted by law, every Director (including for the purposes of this Article any alternate Director appointed pursuant to the provisions of these Articles), Secretary, assistant Secretary, or other Officer (but not including the Company's auditors) and the personal representatives of the same (each an "**Indemnified Person**") shall be indemnified and secured harmless out of the assets and funds of the Company against all actions or proceedings whether threatened, pending or completed (a "**Proceeding**"), costs, charges, expenses, losses, damages or liabilities incurred or sustained by such Indemnified Person, other than by reason of such Indemnified Person's own actual fraud, wilful default or wilful neglect as determined by a court of competent jurisdiction, in or about the conduct of the Company's business or affairs (including as a result of any mistake of judgment), in the execution or

discharge of his duties, powers, authorities or discretions, or in respect of any actions or activities undertaken by an Indemnified Person provided for and in accordance with the provisions set out above (inclusive), including without prejudice to the generality of the foregoing, any costs, expenses, losses or liabilities incurred by such Indemnified Person in defending or otherwise being involved in, (whether successfully or otherwise) any civil proceedings concerning the Company or its affairs in any court whether in the Cayman Islands or elsewhere. Each Member agrees to waive any claim or right of action he or she might have, whether individually or by or in the right of the Company, against any Director on account of any action taken by such Director, or the failure of such Director to take any action in the performance of his duties with or for the Company; provided that such waiver shall not extend to any matter in respect of any actual fraud willful default or willful neglect which may attach to such Director.

154. No Indemnified Person shall be liable:

(a) for the acts, receipts, neglects, defaults or omissions of any other Director or Officer or agent of the Company; or

(b) for any loss on account of defect of title to any property of the Company; or

(c) on account of the insufficiency of any security in or upon which any money of the Company shall be invested; or

(d) for any loss incurred through any bank, broker or other similar Person; or

(e) for any loss occasioned by any negligence, default, breach of duty, breach of trust, error of judgement or oversight on such Indemnified Person's part; or

(f) for any loss, damage or misfortune whatsoever which may happen in or arise from the execution or discharge of the duties, powers, authorities, or discretions of such Indemnified Person's office or in relation thereto; unless the same shall happen through such Indemnified Person's own actual fraud, wilful default or wilful neglect as determined by a court of competent jurisdiction.

155. The Company will pay the expenses (including attorneys' fees) incurred by a Indemnified Person in defending any Proceeding in advance of its final disposition, provided, however, that, to the extent required by applicable law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all amounts advanced if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under these Articles or otherwise.

156. The Directors, on behalf of the Company, may purchase and maintain insurance for the benefit of any Director or officer of the Company against any liability which, by virtue of any rule of law, would otherwise attach to such person in respect of any negligence, default, breach of duty or breach of trust of which such person may be guilty in relation to the Company.

157. The rights to indemnification and advancement of expenses conferred on any indemnitee as set out above will not be exclusive of any other rights that any indemnitee may have or hereafter acquire. The rights to indemnification and advancement of expenses set out above will be contract rights and such rights will continue as to an Indemnified Person who has ceased to be a Director or officer and shall inure to the benefit of his or her heirs, executors and administrators.

NON-RECOGNITION OF TRUSTS

158. Subject to the proviso hereto, no Person shall be recognised by the Company as holding any Share upon any trust and the Company shall not, unless required by law, be bound by or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any Share or (except only as otherwise provided by these Articles or as the Companies Law requires) any other right in respect of any Share except an absolute right to the entirety thereof in each Shareholder registered

in the Register, provided that, notwithstanding the foregoing, the Company shall be entitled to recognise any such interests as shall be determined by the Directors.

BUSINESS COMBINATION REQUIREMENTS

159. Notwithstanding any other provision of the Articles, the Articles under this heading "Business Combination Requirements" shall apply during the period commencing upon the adoption of the Articles and terminating upon the first to occur of the consummation of any Business Combination and the distribution of the Trust Fund pursuant to Article 167. In the event of a conflict between the Articles under this heading "Business Combination Requirements" and any other Articles, the provisions of the Articles under this heading "Business Combination Requirements" shall prevail.

160. Article 167(b) may not be amended prior to the consummation of a Business Combination without a Special Resolution, the approval threshold for which is unanimity (100%) of all votes cast at a meeting of the Shareholders.

161. Prior to the consummation of any Business Combination, the Company shall either:

(a) submit such Business Combination to its Members for approval; or

(b) provide Members with the opportunity to have their Shares repurchased by means of a tender offer for a per-Share repurchase price payable in cash, equal to the aggregate amount then on deposit in the Trust Fund, calculated as of two business days prior to the consummation of a Business Combination, including interest earned on the Trust Fund and not previously released to the Company to fund Regulatory Withdrawals, subject to an annual limit of $250,000, for a maximum of 24 months and/or to pay income taxes, if any, (less up to $100,000 of interest to pay dissolution expenses), divided by the number of Public Shares then in issue, provided that the Company shall not repurchase Public Shares in an amount that would cause the Company's net tangible assets to be less than US$5,000,001.

162. If the Company initiates any tender offer in accordance with Rule 13e-4 and Regulation 14E of the Exchange Act in connection with a Business Combination, it shall file tender offer documents with the SEC prior to completing a Business Combination which contain substantially the same financial and other information about such Business Combination and the redemption rights as is required under Regulation 14A of the Exchange Act.

163. If, alternatively, the Company holds a Member vote to approve a proposed Business Combination, the Company will conduct any compulsory redemption in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act and not pursuant to the tender offer rules and file proxy materials with the SEC.

164. At a general meeting called for the purposes of approving a Business Combination pursuant to these Articles, in the event that a majority of the Shares voted are voted for the approval of a Business Combination, the Company shall be authorised to consummate a Business Combination.

165. Any Member holding Public Shares who is not a Founder, officer or Director may, contemporaneously with any vote on a Business Combination, elect to have their Public Shares redeemed for cash (the "**IPO Redemption**"), provided that no such Member acting together with any affiliate of his or any other person with whom he is acting in concert or as a partnership, syndicate, or other group for the purposes of acquiring, holding, or disposing of Shares may exercise this redemption right with respect to more than 15% of the Public Shares, and provided further that any holder that holds Public Shares beneficially through a nominee must identify itself to the Company in connection with any redemption election in order to validly redeem such Public Shares. In connection with any vote held to approve a proposed Business Combination, holders of Public Shares seeking to exercise their redemption rights will be required to either tender their certificates (if any) to the Company's transfer agent or to deliver their shares to the transfer

agent electronically using The Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holder's option, in each case up to two business days prior to the initially scheduled vote on the proposal to approve a Business Combination. If so demanded, the Company shall pay any such redeeming Member, regardless of whether he is voting for or against such proposed Business Combination, a per-Share redemption price payable in cash, equal to the aggregate amount then on deposit in the Trust Fund calculated as of two business days prior to the consummation of a Business Combination, including interest earned on the Trust Fund and not previously released to the Company to fund Regulatory Withdrawals, subject to an annual limit of $250,000, for a maximum of 24 months and/or to pay income taxes, if any, (less up to $100,000 of interest to pay dissolution expenses), divided by the number of Public Shares then in issue (such redemption price being referred to herein as the "**Redemption Price**").

166. The Redemption Price shall be paid promptly following the consummation of the relevant Business Combination. If the proposed Business Combination is not approved or completed for any reason then such redemptions shall be cancelled and share certificates (if any) returned to the relevant Members as appropriate.

167. (a) In the event that either the Company does not consummate a Business Combination by twenty-four months after the closing of the IPO, or such later time as the Members of the Company may approve in accordance with the Articles **or** a resolution of the Company's Members is passed pursuant to the Companies Law to commence the voluntary liquidation of the Company prior to the consummation of a Business Combination for any reason, the Company shall: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-Share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Fund, including interest earned on the Trust Fund and not previously released to the Company to fund Regulatory Withdrawals, subject to an annual limit of $250,000, for a maximum of 24 months and/or to pay income taxes, if any, (less up to $100,000 of interest to pay dissolution expenses), divided by the number of Public Shares then in issue, which redemption will completely extinguish public Members' rights as Members (including the right to receive further liquidation distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining Members and the Directors, liquidate and dissolve, subject in the case of sub-articles (ii) and (iii), to its obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law.

(b) If any amendment is made to Article 167(a) that would affect the substance or timing of the Company's obligation to redeem 100% of the Public Shares if the Company has not consummated an initial Business Combination within twenty-four months after the date of the closing of the IPO, or any amendment is made with respect to any other provisions of these Articles relating to the rights of holders of Class A Shares, each holder of Public Shares who is not a Founder, officer or Director shall be provided with the opportunity to redeem their Public Shares upon the approval of any such amendment at a per-Share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Fund, including interest earned on the Trust Fund and not previously released to the Company to fund Regulatory Withdrawals, subject to an annual limit of $250,000, for a maximum of 24 months and/or to pay our income taxes, if any, (less up to $100,000 of interest to pay dissolution expenses), divided by the number of Public Shares then in issue.

168. Except for the withdrawal of interest to pay income taxes and for Regulatory Withdrawals, if any, none of the funds held in the Trust Fund shall be released from the Trust Fund until the earlier of an IPO Redemption pursuant to Article 165, a repurchase of Shares by means of a tender offer pursuant to Article 161(b), a distribution of the Trust Fund pursuant to Article 167(a) or an amendment under Article 167(b). In no other circumstance shall a holder of Public Shares have any right or interest of any kind in the Trust Fund.

169. After the issue of Public Shares, and prior to the consummation of a Business Combination, the Directors shall not issue additional Shares or any other securities that would entitle the holders thereof to: (a) receive funds from the Trust Fund; or (b) vote on any Business Combination or any other proposal presented to the Shareholders prior to or in connection with the completion of a Business Combination.

170. The Company must complete one or more Business Combinations having an aggregate fair market value of at least 80% of the assets held in the Trust Fund (net of amounts previously disbursed to the Company's management for regulatory compliance requirements and other costs related thereto and excluding the amount of deferred underwriting discounts held in the Trust Fund and taxes payable on the income earned on the Trust Fund) at the time of the Company's signing a definitive agreement in connection with a Business Combination. An initial Business Combination must not be effectuated with another blank cheque company or a similar company with nominal operations. In the event the Company enters into a Business Combination with an entity that is affiliated with the Sponsor, officers or Directors, the Company, or a committee of independent directors (as defined pursuant to the rules and regulations of the Designated Stock Exchange), will obtain an opinion that our initial Business Combination is fair to the Company from a financial point of view from either an independent investment banking firm that is a member of the Financial Industry Regulatory Authority, Inc. ("**FINRA**") or an independent accounting firm.

171. Any payment made to members of the Audit Committee (if one exists) shall require the review and approval of the Directors, with any Director interested in such payment abstaining from such review and approval.

172. A Director may vote in respect of any Business Combination in which such Director has a conflict of interest with respect to the evaluation of such Business Combination. Such Director must disclose such interest or conflict to the other Directors.

173. The Audit Committee shall monitor compliance with the terms of the IPO and, if any non-compliance is identified, the Audit Committee shall be charged with the responsibility to take all action necessary to rectify such non-compliance or otherwise cause compliance with the terms of the IPO.

174. The Company may enter into a Business Combination with a target business that is affiliated with the Sponsor, the Directors or officers of the Company if such transaction were approved by a majority of the independent directors (as defined in Article 170) and the directors that did not have an interest in such transaction. In the event the Company enters into a Business Combination with an entity that is affiliated with the Sponsor, the Directors or officers, the Company, or a committee of independent directors (as defined in Article 170), will obtain an opinion that the Business Combination is fair to the Company from a financial point of view from either an independent investment banking firm that is a member of FINRA or an independent accounting firm.

BUSINESS OPPORTUNITIES

175. In recognition and anticipation of the facts that: (a) directors, managers, officers, members, partners, managing members, employees and/or agents of one or more members of the Investor Group (each of the foregoing, an "**Investor Group Related Person**") may serve as Directors and/or officers of the Company; and (b) the Investor Group engages, and may continue to engage in the same or similar activities or related lines of business as those in which the Company, directly or indirectly, may engage and/or other business activities that overlap with or compete with those in which the Company, directly or indirectly, may engage, the provisions of Articles 176 to 180 are set forth to regulate and define the conduct of certain affairs of the Company as they may involve the Members and the Investor Group Related Persons, and the powers, rights, duties and liabilities of the Company and its officers, Directors and Members in connection therewith.

176. To the fullest extent permitted by applicable law, the Investor Group and the Investor Group Related Persons shall have no duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as the Company.

177. To the fullest extent permitted by applicable law, the Company renounces any interest or expectancy of the Company in, or in being offered an opportunity to participate in, any potential transaction or matter which

may be a corporate opportunity for either the Investor Group or the Investor Group Related Persons, on the one hand, and the Company, on the other.

178. Except to the extent expressly assumed by contract, to the fullest extent permitted by applicable law, the Investor Group and the Investor Group Related Persons shall have no duty to communicate or offer any such corporate opportunity to the Company and shall not be liable to the Company or its Members for breach of any fiduciary duty as a Member, Director and/or officer of the Company solely by reason of the fact that such party pursues or acquires such corporate opportunity for itself, himself or herself, directs such corporate opportunity to another person, or does not communicate information regarding such corporate opportunity to the Company.

179. Except as provided elsewhere in these Articles, the Company hereby renounces any interest or expectancy of the Company in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for both the Company and the Investor Group, about which a Director and/or officer of the Company who is also an Investor Group Related Person acquires knowledge and the Company shall, to the fullest extent permitted by applicable law, waive any interest in any such corporate opportunity offered to any Director or officer.

180. To the extent a court might hold that the conduct of any activity related to a corporate opportunity that is renounced in this Article to be a breach of duty to the Company or its Members, the Company and (if applicable) each Member hereby waives, to the fullest extent permitted by applicable law, any and all claims and causes of action that the Company may have for such activities described in Articles 175 to 178 above. To the fullest extent permitted by applicable law, the provisions of Articles 175 to 178 apply equally to activities conducted in the future and that have been conducted in the past.

WINDING UP

181. If the Company shall be wound up the liquidator shall apply the assets of the Company in such manner and order as he thinks fit in satisfaction of creditors' claims.

182. If the Company shall be wound up, the liquidator may, with the sanction of an Ordinary Resolution divide amongst the Shareholders in specie or kind the whole or any part of the assets of the Company (whether they shall consist of property of the same kind or not) and may, for such purpose set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the Shareholders or different Classes. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the Shareholders as the liquidator, with the like sanction shall think fit, but so that no Shareholder shall be compelled to accept any assets whereon there is any liability.

AMENDMENT OF ARTICLES OF ASSOCIATION

183. Subject to the Companies Law and the rights attaching to the various Classes, the Company may at any time and from time to time by Special Resolution alter or amend these Articles in whole or in part.

CLOSING OF REGISTER OR FIXING RECORD DATE

184. For the purpose of determining those Shareholders that are entitled to receive notice of, attend or vote at any meeting of Shareholders or any adjournment thereof, or those Shareholders that are entitled to receive payment of any dividend, or in order to make a determination as to who is a Shareholder for any other purpose, the Directors may, by any means in accordance with the requirements of any Designated Stock Exchange, provide that the Register shall be closed for transfers for a stated period which shall not exceed

in any case 40 days. If the Register shall be so closed for the purpose of determining those Shareholders that are entitled to receive notice of, attend or vote at a meeting of Shareholders the Register shall be so closed for at least ten days immediately preceding such meeting and the record date for such determination shall be the date of the closure of the Register.

185. In lieu of or apart from closing the Register, the Directors may fix in advance a date as the record date for any such determination of those Shareholders that are entitled to receive notice of, attend or vote at a meeting of the Shareholders and for the purpose of determining those Shareholders that are entitled to receive payment of any dividend the Directors may, at or within 90 days prior to the date of declaration of such dividend, fix a subsequent date as the record date for such determination.

186. If the Register is not so closed and no record date is fixed for the determination of those Shareholders entitled to receive notice of, attend or vote at a meeting of Shareholders or those Shareholders that are entitled to receive payment of a dividend, the date on which notice of the meeting is posted or the date on which the resolution of the Directors declaring such dividend is adopted, as the case may be, shall be the record date for such determination of Shareholders. When a determination of those Shareholders that are entitled to receive notice of, attend or vote at a meeting of Shareholders has been made as provided in this Article, such determination shall apply to any adjournment thereof.

REGISTRATION BY WAY OF CONTINUATION

187. The Company may by Special Resolution resolve to be registered by way of continuation in a jurisdiction outside the Cayman Islands or such other jurisdiction in which it is for the time being incorporated, registered or existing. In furtherance of a resolution adopted pursuant to this Article, the Directors may cause an application to be made to the Registrar of Companies to deregister the Company in the Cayman Islands or such other jurisdiction in which it is for the time being incorporated, registered or existing and may cause all such further steps as they consider appropriate to be taken to effect the transfer by way of continuation of the Company.

5.6 The Company may repurchase its own Shares subject to the provisions of the Law, and in conformity with all other applicable laws and regulations, including any rules and regulations of a foreign stock exchange or securities settlement system on which the Company's shares are traded.

Article 6 Authorised capital

6.1 The authorised capital, excluding the share capital, is set at sixty million United States dollars (USD 60,000,000), consisting of six billion (6,000,000,000) Shares, each having a nominal value of one cent (USD 0.01). During a period of five (5) years from the date of incorporation or any subsequent resolutions to create, renew or increase the authorised capital pursuant to this article, the board of directors is hereby authorised and empowered within the limits of the authorised capital to (i) realise for any reason whatsoever including, any issue in one or several successive tranches of (a) any subscription and/or conversion rights, including warrants (which may be issued separately or attached to Shares, bonds, options, notes or similar instruments), convertible bonds, notes or similar instruments (the "**Share Rights**") as well as (b) new Shares, with or without share premium, against payment in cash or in kind, by conversion of claims on the Company, by way of conversion of available reserves or in any other manner; (ii) determine the place and date of the issue or the successive issues, the issue price, the terms and conditions of the subscription of and paying up on the new Shares; (iii) remove or limit the preferential

subscription right of the shareholders in case of issue against payment in cash of Shares, warrants (which may be separate or attached to Shares, bonds, notes or similar instruments), convertible bonds, notes or similar instruments, and (iv) confirm by way of a notarial deed within the legal deadline each and any share capital increase effectuated within the limits of the authorised capital and to amend Article 5.1 and Article 6.1 accordingly. The Shares to be issued upon exercise of any Share Rights may be issued beyond the initial authorized capital period of five (5) years as long as the Share Rights were issued within the relevant initial authorized capital period of five (5) years.

6.2 During a period of up to five (5) years from the date of the resolutions of the general meeting of the shareholders granting such authorisation to the board of directors or its subsequent renewal(s) and subject to the provisions of the Law, the board of directors is hereby authorised and empowered to (i) repurchase Shares, each having a nominal value of one cent (USD 0.01), in one or more occasions, (ii) determine the moment and place of repurchase of the Shares, (iii) proceed with the cancellation of the Shares so repurchased and the subsequent share capital reduction, (iv) allocate the amount of the share capital reductions to the shareholders of the Company, provided that in case such repurchase is made for value, the consideration payable for such shares shall be determined by the board of directors and shall not be lower than the nominal value of the repurchased Shares, and (v) record by way of a notarial deed each and any share capital reduction effectuated within the limits of this Article 6.2 and to amend Article 5.1 accordingly.

Article 7 Shares – Transfer of Shares

7.1 The Company may have one or several shareholders.

7.2 Death, suspension of civil rights, dissolution, bankruptcy or insolvency or any other similar event regarding any of the shareholders shall not cause the dissolution of the Company.

7.3 The shares of the Company are in registered form.

7.4 The Company will recognise only one (1) holder per share. In case a share is owned by several persons, they shall appoint a single representative who shall represent them in respect of the Company. The Company has the right to suspend the exercise of all rights attached to that share, except for relevant information rights, until such representative has been appointed.

7.5 Subject to any contractual agreement to which the Shares or the shareholders may be subject to and the present articles of association, the shares are freely transferable in accordance with the provisions of the Law.

7.6 A register of shares shall be kept by the Company at its registered office, where it shall be available for inspection by any shareholder. This register shall contain all the information required by the Law. Ownership of ordinary shares will be established by registration in said register, or in the event separate registrars have been appointed pursuant to article 7.7, in such separate register(s). Without prejudice to the conditions for transfer by book entries provided for in article 7.9 of these articles of association, a transfer of Shares shall be carried out by means of a declaration of transfer entered in the relevant register, dated and signed by the transferor and the transferee or by their duly authorised representatives or by the Company upon notification of the transfer or acceptance of the transfer by the Company. The Company may accept and enter in the relevant register a transfer on the basis of correspondence or other documents recording the agreement between the transferor and the transferee.

7.7 The Company may appoint registrars in different jurisdictions who may each maintain a separate register for the Shares entered therein. Shareholders may elect to be entered into one of these registers and to transfer their Shares to another register so maintained. The board of directors may however impose transfer

restrictions for Shares in compliance with applicable trading restrictions. A transfer to the register kept at the Company's registered office may always be requested.

7.8 Subject to the provisions of article 7.9 and article 7.10, the Company may consider the person in whose name the Shares are registered in the register of shareholders as the full owner of such Shares. In the event that a holder of Shares does not provide an address in writing to which all notices or announcements from the Company may be sent, the Company may permit a notice to this effect to be entered into the register of shareholders and such holder's address will be deemed to be at the registered office of the Company or such other address as may be so entered by the Company from time to time, until a different address shall be provided to the Company by such holder in writing. The holder may, at any time, change his address as entered in the register of shareholders by means of written notification to the Company.

7.9 The Shares may be held by a holder (the "**Holder**") through a securities settlement system or a Depositary (as this term is defined below). The Holder of Shares held in such fungible securities accounts has the same rights and obligations as if such Holder held the Shares directly. The Shares held through a securities settlement system or a Depositary shall be recorded in an account opened in the name of the Holder and may be transferred from one account to another in accordance with customary procedures for the transfer of securities in book-entry form. However, the Company will make dividend payments, if any, and any other payments in cash, Shares or other securities, if any, only to the securities settlement system or Depositary recorded in the register of shareholders or in accordance with the instructions of such securities settlement system or Depositary. Such payment will grant full discharge of the Company's obligations in this respect.

7.10 All communications and notices to be given to a registered shareholder shall be deemed validly made if made to the latest address communicated by the shareholder to the Company in accordance with article 7.8 or, if no address has been communicated by the shareholder, the registered office of the Company or such other address as may be so entered by the Company in the register from time to time according to article 7.9.

7.11 Where Shares are recorded in the register of shareholders in the name of or on behalf of a securities settlement system or the operator of such system and recorded as book-entry interests in the accounts of a professional depositary or any sub-depositary (any depositary and any sub-depositary being referred to hereinafter as a "**Depositary**"), the Company will permit the Depositary of such book-entry interests to exercise the rights attaching to the Shares corresponding to the book-entry interests of the relevant Holder, including receiving notices of general meetings, admission to and voting at general meetings, and shall consider the Depositary to be the holder of the Shares corresponding to the book-entry interests for purposes of this Article 7.11 of the present articles of association. The board of directors may determine the formal requirements with which such certificates from such Depositary must comply and the exercise of the rights in respect of such Shares may in addition be subject to the internal rules and procedures of the securities settlement system.

7.12 In connection with a general meeting of shareholders, the board of directors may decide that no entry shall be made in the register of shareholders and no notice of a transfer shall be recognised for voting purposes by the Company and any Depositary or registrar(s) during the period starting on the Record Date (as hereinafter defined) and ending on the closing of such general meeting, subject to compliance with the applicable rules of any foreign stock exchange, if the Shares of the Company are listed on a foreign stock exchange.

C. GENERAL MEETINGS OF SHAREHOLDERS

Article 8 Powers of the general meeting of shareholders

8.1 The shareholders exercise their collective rights in the general meeting of shareholders. Any regularly constituted general meeting of shareholders of the Company shall represent the entire body of shareholders of the Company. The general meeting of shareholders is vested with the powers expressly reserved to it by the Law and by these articles of association.

8.2 If the Company has only one shareholder, any reference made herein to the "general meeting of shareholders" shall be construed as a reference to the "sole shareholder", depending on the context and as applicable and powers conferred upon the general meeting of shareholders shall be exercised by the sole shareholder.

Article 9 Convening of general meetings of shareholders

9.1 The general meeting of shareholders of the Company may at any time be convened by the board of directors, to be held at such place and on such date as specified in the notice of such meeting. The board of directors shall convene the annual general meeting of shareholders within a period of six (6) months after the end of the Company's financial year. Other general meetings of shareholders may be held at such place and time as may be specified in the respective notices of meeting.

9.2 The general meeting of shareholders must be convened by the board of directors upon the written request of one or several shareholders representing at least ten per cent (10%) of the Company's share capital.

9.3 The convening notice for every general meeting of shareholders shall contain the date, time, place and agenda of the meeting and may be made through announcements filed with the Luxembourg Trade and Companies Register and published at least thirty (30) days before the meeting, on the *Recueil électronique des sociétés et associations* and in a Luxembourg newspaper. In such case, notices by mail shall be sent at least eight (8) days before the meeting to the registered shareholders by ordinary mail (*lettre missive*). Alternatively, the convening notices may be exclusively made by registered mail in case the Company has only issued registered Shares or if the addressees have individually agreed to receive the convening notices by another means of communication ensuring access to the information, by such means of communication. If the Shares of the Company are listed on a foreign stock exchange, the requirements of such foreign stock exchange applicable to the Company shall additionally be complied with. If all of the shareholders are present or represented at a general meeting of shareholders and have waived any convening requirements, the meeting may be held without prior notice or publication.

9.4 If the Shares of the Company are listed on a foreign stock exchange, all shareholders of the Company are entitled to be admitted to any general meeting of shareholders provided, however, that the board of directors may determine a date and time preceding the general meeting of shareholders as the record date for admission to such meeting, which may not be less than eight (8) calendar days prior to (and excluding) the date of the general meeting (the "**Record Date**").

9.5 Shareholders holding individually or collectively at least ten (10) per cent of the issued share capital of the Company, may request the addition of one or several new items on the agenda of the general meeting. This right shall be exercised upon request of the shareholders in writing submitted to the Company by registered letter at the address of the registered office of the Company. The requests shall include the details requested in the convening notice. The requests from the shareholders shall be received by the Company no later than eight (8) calendar days before the general meeting.

9.6 With respect to Shares which are not listed on a stock exchange, any Shareholder who holds one or more of such non-listed Share(s) of the Company, who is registered in the share register of the Company relating to such non-listed Shares on the Record Date, shall be admitted to the relevant general meeting.

Article 10 Conduct of general meetings of shareholders

10.1 The annual general meeting of shareholders shall be held within six (6) months of the end of the financial year in the Grand Duchy of Luxembourg at the registered office of the Company or at such other place in the Grand Duchy of Luxembourg as may be specified in the convening notice of such meeting. Other meetings of shareholders may be held at such place and time as may be specified in the respective convening notices. Holders of bonds are not entitled to attend meetings of shareholders.

10.2 A board of the meeting (*bureau*) shall be formed at any general meeting of shareholders, composed of a chairman, a secretary and a scrutineer who need neither be shareholders nor members of the board of

directors. The board of the meeting shall ensure that the meeting is held in accordance with applicable rules and, in particular, in compliance with the rules in relation to convening, majority requirements, vote tallying and representation of shareholders.

10.3 An attendance list must be kept at all general meetings of shareholders.

10.4 A shareholder may act at any general meeting of shareholders by appointing another person as his proxy in writing or by facsimile, electronic mail or any other similar means of communication. One person may represent several or even all shareholders.

10.5 Shareholders taking part in a meeting by conference call, through video conference or by any other means of communication allowing for their identification, allowing all persons taking part in the meeting to hear one another on a continuous basis and allowing for an effective participation of all such persons in the meeting, are deemed to be present for the computation of the quorums and votes, subject to such means of communication being made available at the place of the meeting.

10.6 The board of directors may in its sole discretion authorize each shareholder to vote at a general meeting through a signed voting form sent by post, electronic mail, facsimile or any other means of communication authorised by the board of directors to the Company's registered office or to the address specified in the convening notice. Subject to such authorization by the board of directors, the shareholders may only use voting forms provided by the Company which contain at least the place, date and time of the meeting, the agenda of the meeting, the proposals submitted to the shareholders, as well as for each proposal three (3) boxes allowing the shareholder to vote in favour thereof, against, or abstain from voting by ticking the appropriate box. The Company will only take into account voting forms received prior to the general meeting of shareholders to which they relate. For the avoidance of doubt, shareholders may not vote by voting forms where the board of directors has not authorized such voting method for a given general meeting.

10.7 Voting forms which, for a proposed resolution, do not show (i) a vote in favour of the proposed resolution, (ii) a vote against the proposed resolution or (iii) an abstention from voting on the proposed resolution, are void with respect to such resolution. If a shareholder votes by means of a voting form, the voting form shall be deposited at the registered office of the Company or with an agent of the Company duly authorised to receive such voting forms. The Company shall only take into account voting forms received no later than **two (2)** business days prior to the date of the general meeting to which they relate. The board of directors may set a shorter period for the submission of the voting forms.

10.8 If a shareholder votes by means of proxy, the proxy shall be deposited at the registered office of the Company or with an agent of the Company duly authorised to receive such proxies. The Company shall only take into account proxies received no later than two (2) business days prior to the date of the general meeting to which they relate.

10.9 A holder of Shares held through the operator of a securities settlement system or with a Depositary wishing to attend a general meeting must provide the Company with a certificate issued by such operator or Depositary certifying the number of Shares recorded in the relevant account on the Record Date and showing that such Shares are blocked until the closing of the general meeting to which it relates. Such certificate must be provided to the Company no later than two (2) business days prior to the date of such general meeting. If such holder of Shares votes by means of a proxy, article 10.8 of these articles of association shall apply.

10.10 The board of directors may determine further conditions that must be fulfilled by the shareholders for them to take part in any general meeting of shareholders and shorten or prolong periods for receipt of proxies and voting forms in the convening notice.

10.11 In connection with each general meeting, the board of directors is authorized to provide such rules of deliberations and such conditions for allowing shareholders to take part in the meeting as the board of directors deems appropriate.

10.12 Except to the extent inconsistent with the rules and conditions as adopted by the board of directors, the person presiding over the general meeting shall have the power and authority to prescribe such additional rules and conditions and to do all such acts as, in the judgment of such person, are appropriate for the proper conduct of the meeting. Such rules and conditions, whether adopted by the board of directors or prescribed by the person presiding over the meeting, may include, in each case to the extent permitted by applicable law:

- determining the order of business for the meeting subject to compliance with the agenda for the meeting;
- rules and procedures for maintaining order at the meeting and the safety of those present;
- limitations on attendance at or participation in the meeting to shareholders of record, their duly authorized and constituted attorneys or such other persons as the person presiding over the meeting shall determine;
- restrictions on entry to the meeting after the time fixed for the commencement thereof; and
- limitations on the time allotted to questions or comments by participants.

Article 11 Quorum, majority and vote

11.1 Each share entitles to one vote in general meetings of shareholders.

11.2 Subject to the rules of the applicable stock exchange, if any, on which a Share is listed, the board of directors may suspend the voting rights of any shareholder in breach of his/her/its obligations under any relevant contractual arrangement entered into by such shareholder. A shareholder may individually decide not to exercise, temporarily or permanently, all or part of his voting rights. The waiving shareholder is bound by such waiver and the waiver is mandatory for the Company upon notification to the latter.

11.3 Subject to the rules of the applicable stock exchange, if any, on which a Share is listed, in case the voting rights of one of several shareholders are suspended or the exercise of the voting rights has been waived by one or several shareholders in accordance with Article 11.2, such shareholders may attend any general meeting of the Company but the shares they hold are not taken into account for the determination of the conditions of quorum and majority to be complied with at the general meetings of the Company.

11.4 Except as otherwise required by the Law or these articles of association, resolutions at a general meeting of shareholders duly convened shall not require any quorum and shall be adopted at a simple majority of the votes validly cast regardless of the portion of capital represented. Abstentions and nil votes shall not be taken into account.

Article 12 Amendments of the articles of association

12.1 Except as otherwise provided herein or by the Law, these articles of association may be amended by a majority of at least two thirds of the votes validly cast at a general meeting at which a quorum of more than half of the Company's share capital is present or represented. If no quorum is reached in a meeting, a second meeting may be convened in accordance with the provisions of Article 9.3, which may deliberate regardless of the quorum and at which resolutions are adopted at a majority of at least two thirds of the votes validly cast. Abstentions and nil votes shall not be taken into account.

12.2 Subject to the rules of the applicable stock exchange, if any, on which a Share is listed, in case voting rights of one of several shareholders are suspended or the exercise of the voting rights has been waived by one or several shareholders in accordance with Article 11.2, the provisions of Article 11.3 of these Articles of Association apply *mutatis mutandis*.

Article 13 Change of nationality

The shareholders may change the nationality of the Company by a resolution of the general meeting of shareholders adopted in the manner required for an amendment of these articles of association.

Article 14 Adjournment of general meeting of shareholders

Subject to the provisions of the Law, the board of directors may, during the course of any general meeting, adjourn such general meeting for four (4) weeks. The board of directors shall do so at the request of one or several shareholders representing at least ten per cent (10%) of the share capital of the Company. In the event of an adjournment, any resolution already adopted by the general meeting of shareholders shall be cancelled.

Article 15 Minutes of general meetings of shareholders

15.1 The board of any general meeting of shareholders shall draw up minutes of the meeting which shall be signed by the members of the board of the meeting as well as by any shareholder upon its request.

15.2 Any copy and excerpt of such original minutes to be produced in judicial proceedings or to be delivered to any third party, shall be certified as a true copy of the original by the notary having had custody of the original deed in case the meeting has been recorded in a notarial deed, or shall be signed by the chairman of the board of directors, if any, or by any two (2) of its members.

Article 16 Rules applicable in case of listing on a EU Regulated Market

16.1 In case the shares of the Company are admitted to trading on a regulated market within the meaning of Directive 2014/65/EU within the territory of the European Economic Area (the "EU Regulated Market"), the provisions of these articles of association shall apply with the following amendments and supplements:

16.2 Article 9.3 shall be replaced as follows: The convening notice for any general meeting of shareholders must contain (a) the agenda of the meeting, (b) the place, date and time of the meeting, (c) the description of the procedures that Shareholders must comply with in order to be able to participate and cast their votes in the general meeting, (d) statement of the Record Date and the manner in which shareholders have to register and a statement that only those who are shareholders on that date shall have the right to participate and vote in the general meeting, (e) indication of the postal and electronic addresses where and how the full unbridged text of the documents to be submitted to the general meeting and the draft resolutions may be obtained and (f) indication of the address of the internet site on which this information is available. Such notice shall take the form of announcements published (i) at least thirty (30) days before the meeting, in *the Recueil Electronique des Sociétés et Associations* and in a Luxembourg newspaper and (ii) in a manner ensuring fast access to it on a non-discriminatory basis in such media as may reasonably be relied upon for the effective dissemination of information throughout the European Economic Area. A notice period of at least seventeen (17) days applies, in case of a second or subsequent convocation of a general meeting convened for lack of quorum required for the meeting convened by the first convocation, provided that this Article 9.3 has been complied with for the first convocation and no new item has been put on the agenda. In case the Shares are listed on a foreign stock exchange, the notices shall in addition be published in such other manner as may be required by laws, rules or regulations applicable to such stock exchange from time to time. If all of the shareholders are present or represented at a general meeting of shareholders and have waived any convening requirements, the meeting may be held without prior notice or publication.

16.2.1 Article 9.4 shall be replaced as follows: Any shareholder who holds one or more Shares of the Company at 00:00 (midnight Luxembourg time) on the date falling fourteen (14) days prior to (and excluding) the date of the general meeting (the "**Record Date**") shall be admitted to the relevant general meeting of shareholders. Any Shareholder who wishes to attend the general meeting must inform the Company thereof at the latest on the Record Date, in a manner to be determined by the board of directors in the convening notice. In case of Shares held through or with a professional depository or sub-depository designated by such depository, a holder of Shares wishing to attend a general meeting of shareholders should receive from such operator or depository or sub-depository a certificate certifying the number of Shares recorded in the relevant account on the Record Date. The certificate should be submitted to the Company at its registered address no later than three (3) business days prior to the date of the general meeting. In the event that the Shareholder votes through proxies, the proxy has to be deposited at the registered office of the

Company at the same time or with any agent of the Company, duly authorised to receive such proxies. The board of directors may set a shorter period for the submission of the certificate or the proxy.

16.3 Article 9.5 shall be replaced as follows: One or several Shareholders, representing at least five percent (5%) of the Company's issued share capital, may (i) request to put one or several items to the agenda of any general meeting of shareholders, provided that such item is accompanied by a justification or a draft resolution to be adopted in the general meeting, or (ii) table draft resolutions for items included or to be included on the agenda of the general meeting. Such requests must be sent to the Company's registered office in writing by registered letter or electronic means at least twenty-two (22) days prior to the date of the general meeting and include the postal or electronic address of the sender. In case such request entails a modification of the agenda of the relevant meeting, the Company will make available a revised agenda at least fifteen (15) days prior to the date of the general meeting.

16.4 Within fifteen (15) days following the general meeting of Shareholders, the Company shall publish on its website the voting results.

D. MANAGEMENT

Article 17 Composition and powers of the board of directors, board rules

17.1 The Company shall be managed by a board of directors composed of at least three (3) directors (but in all cases an odd number), which shall be appointed pursuant to these articles of association and any nomination agreement to which the Company is a party as may be further determined in the board rules adopted by the board of directors. The directors shall be appointed by the general meeting of shareholders which shall determine their number, fix their remuneration, and their term of office, which may not exceed three (3) years. Directors may be reappointed for successive terms.

17.2 The board of directors is vested with the broadest powers to act in the name of the Company and to take any action necessary or useful to fulfill the Company's corporate purpose, with the exception of the powers reserved by the Law or by these Articles of Association to the general meeting of shareholders.

17.3 The board of directors shall determine its own rules of procedure and may create one or several committees. The composition and the powers of such committee(s), the terms of the appointment, removal, remuneration and duration of the mandate of its/their members, as well as its/their rules of procedure are determined by the board of directors. The board of directors shall be in charge of the supervision of the activities of the committee(s). For the avoidance of doubt, such committees shall not constitute management committee in the sense of Article 441-11 of the Law.

17.4 The board of directors may, unanimously, pass resolutions by circular means when expressing its approval in writing, by facsimile, electronic mail or any other similar means of communication. Each director may express his consent separately, the entirety of the consents evidencing the adoption of the resolutions. The date of such resolutions shall be the date of the last signature.

Article 18 Daily management

The daily management of the Company as well as the representation of the Company in relation to such daily management may be delegated to one or more directors, officers or other agents, acting individually or jointly. Their appointment, removal and powers shall be determined by a resolution of the board of directors.

Article 19 Appointment, removal and term of office of directors

19.1 The directors shall be appointed by the general meeting of shareholders which shall determine their remuneration and term of office.

19.2 Each director is appointed by the general meeting of shareholders at a simple majority of the votes validly cast.

19.3 Any director may be removed from office at any time with or without cause by the general meeting of shareholders at a simple majority of the votes validly cast.

19.4 If a legal entity is appointed as director of the Company, such legal entity must designate a physical person as permanent representative who shall perform this role in the name and on behalf of the legal entity. The relevant legal entity may only remove its permanent representative if it appoints a successor at the same time. An individual may only be a permanent representative of one (1) director of the Company and may not be himself a director of the Company at the same time.

Article 20 Vacancy in the office of a director

20.1 In the event of a vacancy in the office of a director because of death, legal incapacity, bankruptcy, resignation or otherwise, this vacancy may be filled on a temporary basis and for a period of time not exceeding the initial mandate of the replaced director by the remaining directors until the next meeting of shareholders which shall resolve on the permanent appointment in compliance with the applicable legal provisions.

20.2 In case the vacancy occurs in the office of the Company's sole director, such vacancy must be filled without undue delay by the general meeting of shareholders.

Article 21 Conflict of interests

21.1 Save as otherwise provided by the Law, any director who has, directly or indirectly, a financial interest conflicting with the interest of the Company in connection with a transaction falling within the competence of the board of directors, must inform the board of directors of such conflict of interest and must have his declaration recorded in the minutes of the board meeting. The relevant director may not take part in the discussions relating to such transaction nor vote on such transaction. Any such conflict of interest must be reported to the next general meeting of shareholders prior to such meeting taking any resolution on any other item.

21.2 Where the Company comprises a single director, transactions made between the Company and the director having an interest conflicting with that of the Company are only mentioned in the resolution of the sole director.

21.3 Where, by reason of a conflicting interest, the number of directors required in order to validly deliberate is not met, the board of directors may decide to submit the decision on this specific item to the general meeting of shareholders.

21.4 The conflict of interest rules shall not apply where the decision of the board of directors or the sole director relates to day-to-day transactions entered into under normal conditions.

21.5 The daily manager(s) of the Company, if any, are subject to articles 21.1 to 21.4 of these articles of association provided that if only one (1) daily manager has been appointed and is in a situation of conflicting interests, the relevant decision shall be adopted by the board of directors.

Article 22 Dealing with third parties

22.1 The Company shall be bound towards third parties in all circumstances by the joint signature of any two (2) directors or by the joint signature or the sole signature of any person(s) to whom such signatory power may have been delegated by the board of directors within the limits of such delegation.

22.2 Within the limits of the daily management, the Company shall be bound towards third parties by the signature of any person(s) to whom such power may have been delegated, acting individually or jointly in accordance within the limits of such delegation.

Article 23 Indemnification

23.1 The members of the board of directors, officers, employees and agents of the Company are not held personally liable for the indebtedness or other obligations of the Company. As agents of the Company, they are responsible for the performance of their duties. Subject to the exceptions and limitations listed in article 23.2 and mandatory provisions of law, every person who is, or has been, a member of the board of directors, officer (*mandataire*) or agent of the Company (and any other persons to which applicable law permits the Company to provide indemnification, including any person who is or was a director or officer of the Company, is or was serving at the request of the Company as a director, officer (*mandataire*), employee or agent of another company, partnership, joint venture, trust or other enterprise or employee benefit plan) (collectively, the "Covered Persons"), shall be indemnified by the Company to the fullest extent permitted by law against liability and against all expenses reasonably incurred or paid by them in connection with any claim, action, suit or proceeding which they become involved as a party or otherwise by virtue of his or her being or having been a Covered Person and against amounts paid or incurred by him or her in the settlement thereof. If applicable law is amended after approval of this Article 23 to authorize corporate action further eliminating or limiting the personal liability of Covered Persons, then the liability of a Covered Person to the Company shall be eliminated or limited to the fullest extent permitted by applicable law as so amended. The words "claim", "action", "suit" or "proceeding" shall apply to all claims, actions, suits or proceedings (civil, criminal or otherwise including appeals) actual or threatened and the words "liability" and "expenses" shall include without limitation attorneys' fees, costs, judgments, amounts paid in settlement and other liabilities.

23.2 Expenses (including attorneys' fees) incurred by a Covered Person in defending any claim (save for fraud, negligence or willful misconduct's claims) shall be paid by the Company in advance of the final disposition of such claim upon receipt of an undertaking by or on behalf of such Covered Person to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the Company as authorized in this Article 23. Such expenses (including attorneys' fees) incurred by former Covered Persons may be so paid upon such terms and conditions, if any, as the Company deems appropriate.

23.3 The indemnification and advancement of expenses provided by, or granted pursuant to, this Article 23 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under this present articles of association, agreement, vote of shareholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, it being the policy of the Company that indemnification of the persons specified in this Article 23 shall be made to the fullest extent permitted by law.

23.4 Any repeal or modification of this Article 23 by the shareholders of the Company shall only be prospective and shall not affect the rights to indemnification and to the advancement of expenses of a Covered Person or protections or increase the liability of any Covered Person under this Article 23 in effect at the time of the alleged occurrence of any act or omission to act giving rise to liability or indemnification.

23.5 No indemnification shall be provided to any Covered Person (i) against any liability by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office (ii) with respect to any matter as to which he or she shall have been finally adjudicated to have acted in bad faith and not in the interest of the Company or (iii) in the event of a settlement, unless the settlement has been approved by a court of competent jurisdiction or by the board of directors. No advancement or payment by the Other Indemnitors on behalf of Covered Persons with respect to any claim for which Covered Persons have sought indemnification from the Company shall affect the immediately preceding sentence, and the Other Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of Covered Persons against the Company. The Company Shareholder, on behalf of itself and each Releasor, assumes the risk of any mistake of fact or applicable Law with regard to any potential claim or with regard to any of the facts that are now unknown to it relating thereto. The Company Shareholder, on behalf of itself and each Releasor, acknowledges and agrees that the foregoing waiver is an essential and material term of the release provided pursuant to this Section 4 and that, without such waiver, each of Parent, TopCo and the Company would not have agreed to the terms of this Agreement.

(b) The Company Shareholder, on behalf of itself and each Releasor, represents and warrants that no Releasor has transferred or otherwise alienated any of the claims or causes of action released herein.

(d) Interpretation. Unless otherwise indicated to the contrary herein by the context or use thereof: (i) the words, "herein", "hereto", "hereof" and words of similar import refer to this Agreement as a whole, including the schedules hereto, and not to any particular section, subsection, paragraph, subparagraph or clause set forth in this Agreement; (ii) masculine gender shall also include the feminine and neutral genders, and vice versa; (iii) words importing the singular shall also include the plural, and vice versa; (iv) the words "include", "includes" or "including" shall be deemed to be followed by the words "without limitation"; (v) references to "$" or "dollar" or "US$" shall be references to United States dollars; (vi) the word "or" is disjunctive but not necessarily exclusive; (vii) the words "writing", "written" and comparable terms refer to printing, typing and other means of reproducing words (including electronic media) in a visible form; (viii) the word "day" means calendar day unless Business Day is expressly specified; (ix) the word "extent" in the phrase "to the extent" means the degree to which a subject or other thing extends, and such phrase shall not mean simply "if"; (x) all references to Sections or schedules are to Sections and schedules of this Agreement; (xi) all references to any Law will be to such Law as amended, supplemented or otherwise modified from time to time; and (xii) all references to any Contract are to that Contract as amended or modified from time to time in accordance with the terms thereof (subject to any restrictions on amendments or modifications set forth in this Agreement). If any action under this Agreement is required to be done or taken on a day that is not a Business Day, then such action shall be required to be done or taken not on such day but on the first succeeding Business Day thereafter.

(e) Section Headings. The headings set forth in this Agreement are inserted for convenience only and shall not affect in any way the meaning or interpretation of this Agreement.

(f) Counterparts; Electronic Signatures. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or e-mail shall be as effective as delivery of a manually executed counterpart of the Agreement. Minor variations in the form of the signature page, including footers from earlier versions of this Agreement or any such other document, will be disregarded in determining a party's intent or the effectiveness of such signature.

(g) Entire Agreement; No Third Party Beneficiaries. The agreement of the parties that is comprised of this Agreement and the provisions of the Business Combination Agreement referenced in Section 3 herein to which the Company Shareholder has expressly agreed to be bound constitute the entire agreement and understanding among the parties hereto with respect to the subject matter hereof and thereof and supersedes all other prior agreements and understandings, both oral and written, relating to the subject matter of this Agreement, and is not intended to confer upon any Person other than the parties hereto any rights or remedies hereunder; provided, however, that the Company Released Parties and the Sponsor are express third party beneficiaries of this Agreement and shall each be entitled to enforce this Agreement as if they were original signatories hereto. For the avoidance of doubt, this Agreement does not and shall not affect any prior understandings, agreements or representations with respect to any similar subject matter entered into in connection with or as a result of the Company Shareholder's ownership of any direct or indirect Equity Interests of the Group Companies or any provision of services to the Group Companies.

(h) Severability. Whenever possible, each provision of this Agreement will be interpreted in such a manner as to be effective and valid under applicable Law, but if any term or other provision of this Agreement is held to be invalid, illegal or unenforceable under applicable Law, all other provisions of this Agreement shall remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision of this Agreement is invalid, illegal or unenforceable under applicable Law, the parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

(i) Binding Effect; Assignment. This Agreement and all of the provisions hereof shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned, directly or indirectly, including by operation of law, by any party hereto without the prior written consent of the other party hereto; provided, that Parent shall be permitted, without the consent of the Company Shareholder, to make an assignment of any or all of its rights and interests hereunder to TopCo, the Company or any of their Subsidiaries or Affiliates at or following the Closing. Any purported assignment in violation of this Section 7(i) shall be null and void *ab initio*.

(j) Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the law of any jurisdiction other than the State of Delaware.

(k) Consent to Jurisdiction, Etc. Each of the parties irrevocably and unconditionally agrees that any Proceeding based upon, arising out of or related to this Agreement or any of the transactions contemplated hereby shall be finally settled by binding arbitration in accordance with the Rules of Arbitration of the International Chamber of Commerce by three arbitrators; provided, that in the event of a claimed violation of any of the Business Covenants, any party may seek injunctive relief in order to prevent irreparable harm or preserve the status quo. Any such Proceeding shall be decided by a panel of three (3) arbitrators seated in New York, New York. Each arbitrator must be (a) an attorney with significant experience in negotiating complex commercial transactions, or a judge seated on, or retired from, a U.S. federal court sitting in the Southern District of New York or the Delaware Court of Chancery and (b) neutral and independent of each party. The parties agree, pursuant to Article 30(2)(b) of the Rules of Arbitration of the International Chamber of Commerce, that the Expedited Procedure Rules shall apply irrespective of the amount in dispute. The arbitrators may enter a default decision against any party who fails to participate in the arbitration proceedings with respect to any such Proceeding. The language of the proceeding shall be English. The decision of the arbitrators on the points in dispute will be final, unappealable and binding, and judgment on the award may be entered in any court having jurisdiction thereof. The parties and the arbitrators will keep confidential, and will not disclose to any Person, except the parties' respective Representatives (who shall keep any such information confidential as provided in this sentence), or as may be required by applicable Law or any Order of a Governmental Entity of competent jurisdiction, the existence of any such Proceeding under this Section 7(k), the referral of any such Proceeding to arbitration or the status or resolution thereof. The initiation of any Proceeding pursuant to this Section 7(k) will toll the applicable statute of limitations for the duration of any such Proceeding.

(l) Waiver of Jury Trial. THE PARTIES EACH HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION (I) ARISING UNDER THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY, IN EACH CASE, WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER IN CONTRACT, TORT, EQUITY, OR OTHERWISE. THE PARTIES EACH HEREBY AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY AND THAT THE PARTIES MAY FILE AN ORIGINAL COUNTERPART OF A COPY OF THIS AGREEMENT WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO TO THE WAIVER OF THEIR RIGHT TO

TRIAL BY JURY. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (a) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (b) EACH SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (c) EACH SUCH PARTY MAKES THIS WAIVER VOLUNTARILY AND (d) EACH SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 7(l).

(m) Specific Performance. The Company Shareholder agrees that irreparable damage would occur for which monetary damages, even if available, may not be an adequate remedy in the event that the Company Shareholder does not perform its obligations under the provisions of this Agreement in accordance with its specified terms or otherwise breach such provisions, including, for the avoidance of doubt, any breach or threatened breach of any of the Business Covenants. The Company Shareholder acknowledges and agrees that each other party hereto shall therefore be entitled to seek an injunction or injunctions, specific performance or other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any action instituted in any court in the United States or in any state or province having jurisdiction over the parties hereto and the matter in addition to any other remedy to which they may be entitled pursuant hereto, and that such explicit rights of specific enforcement are an integral part of the transactions contemplated by this Agreement and without such rights, neither Parent, TopCo nor the Company would have entered into this Agreement. The Company Shareholder agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief on the basis that any such Person has an adequate monetary or other remedy at law. The Company Shareholder acknowledges and agrees that if any other party hereto seeks an injunction or injunctions to prevent breaches of this Agreement or to enforce specifically the terms and provisions of this Agreement, no such person shall be required to provide any bond or other security in connection with any such order or injunction.

(n) No Recourse. This Agreement may only be enforced against, and any action for breach of this Agreement may only be made against, the parties hereto, and none of the Representatives of the parties hereto (in their capacity as such) shall have any Liability arising out of or relating to this Agreement or the transactions contemplated hereby, including with respect to any claim (whether in tort, contract or otherwise) for breach of this Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, except as expressly provided herein.

(o) No Ownership Interest. Nothing contained in this Agreement shall be deemed to vest in Parent any direct or indirect ownership or incidence of ownership of or with respect to the Equity Interests of the Company Shareholders. All rights, ownership and economic benefits (but excluding, for the avoidance of doubt, any voting rights to the extent described herein) of and relating to the Equity Interests of each Company Shareholder shall remain fully vested in and belong to any such Company Shareholder, and Parent shall have no authority to direct such Company Shareholder in the voting or disposition of any of the Company Shareholder's Equity Interests, except as otherwise provided herein.

(p) Capacity as a Shareholder. Notwithstanding anything herein to the contrary, each Company Shareholder signs this Agreement solely in such Company Shareholder's capacity as a[n] [indirect][18] shareholder of the Company, and not in any other capacity (including as an officer or director of the Company) and this Agreement shall not limit or otherwise affect the actions of such Company Shareholder (or any affiliate, employee or designee of such Company Shareholder) in his or her capacity, if applicable, as an officer or director of the Company or any other Person.

18 Note to Draft: Bracketed language to be included in the agreement executed by Robert Wessman (personally).

IN WITNESS WHEREOF, Parent and the Company Shareholder have caused this Support Agreement to be executed as of the date first written above.

Ladies and Gentlemen:

This Subscription Agreement (this "Subscription Agreement") is being entered into as of the date set forth on the signature page hereto, by and among Oaktree Acquisition Corp. II, a Cayman Islands exempted company ("SPAC"), Alvotech Lux Holdings S.A.S, a simplified joint stock company (*société par actions simplifiée*) incorporated and existing under the laws of the Grand Duchy of Luxembourg, with registered office at 9, rue de Bitbourg, L-1273, Luxembourg, Grand Duchy of Luxembourg, and registered with the Luxembourg trade and companies register under number B258884 ("TopCo"), and the undersigned subscriber (the "Investor"), in connection with the Business Combination Agreement, dated as of the date hereof (as it may be amended, supplemented or otherwise modified from time to time, the "Business Combination Agreement"), by and among SPAC, Alvotech Holdings S.A., a public limited liability company (*société anonyme*) incorporated and existing under the laws of the Grand Duchy of Luxembourg, with registered office at 9, rue de Bitbourg, L-1273 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg trade and companies register under number B229193 (the "Company"), and TopCo, pursuant to which, among other things, (i) SPAC will merge with and into TopCo, with TopCo as the surviving company in the merger, on the terms and subject to the conditions therein (the "First Merger"), and (ii) the Redemption (as defined in the Business Combination Agreement), the Change of Legal Form (as defined below) and the Second Merger (as defined in the Business Combination Agreement and together with the First Merger, the Redemption, the Change of Legal Form and the other transactions contemplated by the Business Combination Agreement, the "Transaction") will occur. In connection with the Transaction, SPAC is seeking commitments from interested investors to subscribe for, contingent upon, and substantially concurrently with the closing of the Transaction, ordinary shares in the share capital of TopCo (the "Shares"), in a private placement for a purchase price of $10.00 per Share (the "Per Share Purchase Price"). On or about the date of this Subscription Agreement, SPAC and TopCo are entering into subscription agreements (the "Other Subscription Agreements" and, together with this Subscription Agreement, the "Subscription Agreements"), which are on substantially the same terms as the terms of this Subscription Agreement, with certain other "qualified institutional buyers" (as defined in Rule 144A under the Securities Act of 1933, as amended (the "Securities Act")) or institutional "accredited investors" (within the meaning of Rule 501(a) of Regulation D under the Securities Act) or "non-US person" (as defined in Regulation S under the Securities Act) (each, an "Other Investor" and together with the Investor, the "Investors"), severally and not jointly, pursuant to which the Investors, severally and not jointly, have agreed to subscribe for or prior to the closing date of the Transaction, inclusive of the Shares subscribed for by the Investor, an aggregate amount of up to 15,400,000 Shares, at the Per Share Purchase Price.

The aggregate subscription price to be paid by the Investor for the subscribed Shares (as set forth on the signature page hereto) is referred to herein as the "Subscription Amount."

Following the First Merger and the Redemption, in accordance with the Business Combination Agreement, the legal form of TopCo shall be changed from a simplified joint stock company (*société par actions simplifiée*) to a public limited liability company (*société anonyme*) under Luxembourg law (the "Change of Legal Form"), and TopCo shall issue the Shares once it has changed into a public limited liability company (*société anonyme*) under Luxembourg law.

In connection therewith, and in consideration of the foregoing and the mutual representations, warranties and covenants, and subject to the conditions, set forth herein, and intending to be legally bound hereby, each of the Investor, SPAC and TopCo acknowledges and agrees as follows:

1. Subscription.

The Investor hereby agrees to subscribe for and purchase from TopCo, and TopCo hereby agrees, upon the substantially concurrent consummation of the Transaction and the payment of the Subscription Amount, to issue and sell to the undersigned the number of Shares from TopCo set forth on the signature page of this Subscription Agreement on the terms and subject to the conditions provided for herein. The Investor acknowledges and agrees that TopCo reserves the right to accept or reject the Investor's subscription for the Shares for any reason or for no reason, in whole or in part, at any time prior to its acceptance, and the same shall be deemed to be accepted by TopCo only when this Subscription Agreement is signed by a duly authorized person by or on behalf of TopCo; TopCo may do so in counterpart form. The Investor acknowledges and agrees that, as a result of the Change of Legal Form, the Shares that will be subscribed for by the Investor and issued by TopCo pursuant hereto shall be ordinary shares in the share capital of a public limited liability company (*société anonyme*) under Luxembourg law (and not, for the avoidance of doubt, ordinary shares in a simplified joint stock company (*société par actions simplifiée*) under Luxembourg law).

2. Closing.

The closing of the issuance of the Shares contemplated hereby (the "Closing") is contingent upon the satisfaction or waiver of the conditions set forth in Section 3 below. The Closing shall occur on the date of, and substantially concurrently with (in the manner described in the Business Combination Agreement) and conditioned upon the effectiveness of, the Transaction. Subject to delivery of written notice from (or on behalf of) TopCo to the Investor (the "Closing Notice") that TopCo reasonably expects all conditions to the closing of the Transaction to be satisfied or waived on a date that is not less than five (5) business days from the date on which the Closing Notice is delivered to the Investor and specifying the date on which the Closing is expected to occur (the "Closing Date"), the Investor shall deliver (or provide for such delivery to the Company), three (3) business days prior to the Closing Date, (x) the Subscription Amount by wire transfer of United States dollars in immediately available funds to an account specified by TopCo in the Closing Notice and (y) to TopCo, any other information that is reasonably requested in the Closing Notice in order for TopCo to issue the Investor's Shares, including, without limitation, the legal name of the person in whose name such Shares are to be issued and a duly executed Internal Revenue Service Form W-9 or the applicable Internal Revenue Service Form W-8, as applicable. Upon the Closing, Topco and the Investor agree that TopCo shall (a) issue the number of Shares set forth on the signature page to this Subscription Agreement and subsequently cause such Shares to be registered in book entry form, free and clear of any liens or other restrictions (other than those arising under this Subscription Agreement or applicable securities laws) in the name of the Investor (or its nominee) on TopCo's share register and (b) provide evidence from its transfer agent of the issuance of such Shares to the Investor in book entry form within two (2) business days of the Closing Date; provided, however, that TopCo's obligation to issue the Shares to the Investor is contingent upon TopCo's having received the Subscription Amount in full prior to the Closing date in accordance with this Section 2. If the Closing does not occur within three (3) business days following the Closing Date specified in the Closing Notice, TopCo shall promptly (but not later than two (2) business days thereafter) return or cause the return of the Subscription Amount in full to the Investor, and any book entries shall be deemed cancelled. For purposes of this Subscription Agreement, "business day" shall mean a day other than a Saturday, Sunday or other day on which commercial banks in New York, New York or Luxembourg, are authorized or required by law to close.

3. Closing Conditions.

a. The obligation of the parties hereto to consummate the subscription of the Shares pursuant to this Subscription Agreement is subject to the following conditions:

(i) no applicable governmental authority shall have enacted, issued, promulgated, enforced or entered any judgment, order, law, rule or regulation (whether temporary, preliminary or permanent) which is then in effect and has the effect of making the consummation of the transactions contemplated hereby illegal or otherwise restraining or prohibiting consummation of the transactions contemplated hereby; and

(ii) all conditions precedent to the closing of the Transaction under the Business Combination Agreement shall have been satisfied (as determined by the parties to the Business Combination Agreement and other than (A) those conditions under the Business Combination Agreement which, by their nature, are to be fulfilled at the closing of the Transaction, including to the extent that any such condition is dependent upon the consummation of the subscription of the Shares pursuant to this Subscription Agreement and (B) the condition pursuant to Section 7.3(d) of the Business Combination Agreement regarding the minimum cash condition) or waived and the closing of the Transaction shall be scheduled to occur concurrently with or on the same date as the Closing; provided that the board of directors of the SPAC shall not have determined that a Company Material Adverse Effect (as defined in the Business Combination Agreement) has occurred prior to the Closing.

b. The obligation of TopCo to consummate the issuance of the Shares pursuant to this Subscription Agreement shall be subject to the conditions that (i) all representations and warranties of the Investor contained in this Subscription Agreement are true and correct in all material respects (other than representations and warranties that are qualified as to materiality, which representations and warranties shall be true in all respects) at and as of the Closing Date (except to the extent that any such representation and warranty expressly speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all material respects (other than representations and warranties that are qualified as to materiality, which representations and warranties shall be true and correct in all respects) as of such earlier date), and consummation of the Closing shall constitute a reaffirmation, in all material respects, by the Investor of each of the representations and warranties of the Investor contained in this Subscription Agreement as of the Closing Date, or such earlier date, as applicable and (ii) all obligations, covenants and agreements of the Investor required by this Subscription Agreement to be performed by it at or prior to the Closing Date shall have been performed in all material respects.

c. The obligation of the Investor to consummate the subscription of the Shares pursuant to this Subscription Agreement shall be subject to the conditions that on the Closing Date (i) all representations and warranties of SPAC and TopCo contained in this Subscription Agreement shall be true and correct in all material respects (other than representations and warranties that are qualified as to materiality or Material Adverse Effect (as defined herein), which representations and warranties shall be true in all respects) at and as of the Closing Date, and consummation of the Closing shall constitute a reaffirmation by SPAC and TopCo of each of the representations and warranties of SPAC and TopCo contained in this Subscription Agreement as of the Closing Date, (ii) all obligations, covenants and agreements of SPAC and TopCo required by this Subscription Agreement to be performed by it at or prior to the Closing Date shall have been performed in all material respects, except where a failure of such performance would not or would not reasonably be expected to prevent, materially delay, or materially impact the ability of TopCo to consummate the Closing, and the consummation of the Closing shall constitute a reaffirmation by SPAC and TopCo of each of the covenants and agreements of TopCo contained in this Subscription Agreement as of the Closing Date, (iii) the Shares shall have been approved for listing on The Nasdaq Stock Market LLC, subject to notice of official issuance, and no suspension of the qualification of the Shares for offering or trading in the United States or Iceland, or initiation or written threat of any proceedings for any of such purposes, shall have occurred and be continuing, and (iv) the description of the business and financial information of TopCo and the Company to be included in the proxy statement/prospectus to be provided to the shareholders of the SPAC in connection with the Transaction shall not

be materially inconsistent with the information included in the investor presentation provided to Investor in connection with the sale of Shares.

4. Further Assurances. At or prior to the Closing, the parties hereto shall execute and deliver or cause to be executed and delivered such additional documents and take such additional actions as the parties may reasonably deem to be necessary in order to consummate the subscription as contemplated by this Subscription Agreement.

5. SPAC and TopCo Representations and Warranties. Each of SPAC, with respect only to the representations and warranties set forth below relating to SPAC, and TopCo, with respect only to the representations and warranties set forth below relating to TopCo, represents and warrants to the Investor that: (provided that no representation or warranty by SPAC or TopCo shall apply to any statement or information in the SEC Reports (as defined below) that relates to the topics referenced in the Statement (as defined below) (or any subsequent guidance, statements or interpretations issued by the SEC, the Staff or otherwise relating thereto), nor shall any correction, amendment or restatement of SPAC's financial statements due wholly or in part to the Statement, nor any other effects that relate to or arise out of, or are in connection with or in response to, the Statement or any changes in accounting or disclosure related thereto, be deemed to be a breach of any representation or warranty by SPAC or TopCo):

a. SPAC is an exempted company duly incorporated, validly existing and in good standing under the laws of the Cayman Islands (to the extent such concept exists in such jurisdiction). SPAC has all power (corporate or otherwise) and authority to own, lease and operate its properties and conduct its business as presently conducted and to enter into, deliver and perform its obligations under this Subscription Agreement. As of the Closing Date, following the Change of Legal Form, TopCo will be validly existing as a public limited liability company (*société anonyme*) under the laws of Luxembourg.

b. As of the Closing Date, the issue of the Shares will be duly authorized and, when issued and delivered to the Investor following prior full payment therefor in accordance with the terms of this Subscription Agreement, the Shares will be validly issued, fully paid and non-assessable and will not have been issued in violation of or subject to any preemptive or similar rights created under TopCo's Governing Documents (as defined in the Business Combination Agreement) as they will read following the Change of Legal Form or under the laws of Luxembourg.

c. This Subscription Agreement has been duly authorized, executed and delivered by SPAC and TopCo and, assuming that this Subscription Agreement constitutes the valid and binding agreement of the Investor, this Subscription Agreement constitutes a legal, valid and binding obligation of each of SPAC and TopCo enforceable against each of SPAC and TopCo in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, or (ii) principles of equity, whether considered at law or equity.

d. The issuance and sale of the Shares and the compliance by each of SPAC and TopCo with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein will not (i) conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of SPAC, TopCo or any of their subsidiaries pursuant to the terms of any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which SPAC or TopCo, as applicable, is a party or by which SPAC or TopCo, as applicable, is bound or to which any of the property or assets of SPAC or TopCo, as applicable, is subject that would reasonably be expected to have a material adverse effect on the ability of SPAC and TopCo to, as applicable, consummate the issuance of the Shares (a "Material Adverse Effect") or materially affect the validity of the Shares or the legal authority of SPAC, TopCo or any of their subsidiaries to comply in all material respects with the terms of this Subscription Agreement; (ii) result in any violation of the provisions of the organizational documents of SPAC or TopCo, as applicable; or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or

body, domestic or foreign, having jurisdiction over SPAC or TopCo, as applicable, or any of their respective properties that would reasonably be expected to have a Material Adverse Effect or materially affect the validity of the Shares or the legal authority of TopCo to comply in all material respects with this Subscription Agreement.

e. As of their respective dates, all reports (the "SEC Reports") required to be filed by SPAC with the U.S. Securities and Exchange Commission (the "SEC") complied in all material respects with the applicable requirements of the Securities Act and/or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations of the SEC promulgated thereunder, and none of the SEC Reports, when filed, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. The financial statements of SPAC included in the SEC Reports comply in all material respects with applicable accounting requirements and the rules and regulations of the SEC with respect thereto as in effect at the time of filing and fairly present in all material respects the financial position of SPAC as of and for the dates thereof and the results of operations and cashflows for the periods then ended, subject, in the case of unaudited statements, to normal, year-end audit adjustments. A copy of each SEC Report is available to the Investor via the SEC's EDGAR system. To the knowledge of SPAC, there are no material outstanding or unresolved comments in comment letters received by SPAC from the staff of the Division of Corporation Finance of the SEC with respect to any of the SEC Reports as of the date hereof. Notwithstanding anything to the contrary contained in this Agreement, no representation or warranty is made by SPAC with respect to matters covered by the Statement (as defined below) or other changes in accounting arising in connection with any required restatement of SPAC's historical financial statements, or as to any deficiencies in disclosure (including with respect to financial statement presentation or accounting and disclosure controls relating to the Statement) including as a result of any order, directive, guideline, comment or recommendation from the SEC that is applicable to SPAC.

f. SPAC and TopCo are not required to obtain any consent, waiver, authorization or order of, give any notice to, or make any filing or registration with, any court or other federal, state, local or other governmental authority, self-regulatory organization or other person in connection with the execution, delivery and performance by SPAC or TopCo of this Subscription Agreement (including, without limitation, the issuance of the Shares), other than (i) filings with the SEC, (ii) filings required by applicable state or local securities laws, (iii) filings required by any national securities exchange on which SPAC's or TopCo's securities are listed for trading, including with respect to obtaining approval of SPAC's shareholders, and (iv) filings that the failure of which to obtain would not be reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect.

g. Assuming the accuracy of the Investor's representations and warranties set forth in Section 6, no registration under the Securities Act is required for the offer and sale of the Shares by TopCo to the Investor hereunder. The Shares (i) were not offered by any form of general solicitation or general advertising and (ii) assuming the representations and warranties of TopCo are true and correct in all respects, are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws.

h. Other than (i) the Other Subscription Agreements, (ii) any other agreement expressly contemplated by the Business Combination Agreement, (iii) any agreement entered into in connection with the Other Subscription Agreements relating to an offer or offers made pursuant to Regulation S of the Securities Act of up to $60,000,000, being entered into on or about the date hereof (the "Regulation S Subscription Agreements"), (iv) any other subscription agreement entered into after the date hereof on economic terms substantially consistent with the terms hereof and (v) any agreement described in the SEC Reports as of the date hereof, SPAC and TopCo have not entered into any side letter or similar agreement with any investor in connection with such investor's direct or indirect investment in SPAC or TopCo (other than any side letter or similar agreement relating to the transfer to any investor of (i) securities of SPAC or TopCo by existing securityholders of SPAC, which may be effectuated as a forfeiture to SPAC or TopCo and reissuance, or (ii) securities to be issued to the

direct or indirect securityholders of the Company pursuant to the Business Combination Agreement). No Other Subscription Agreement includes economic terms that are materially more advantageous to any such Other Investor than Investor hereunder other than the Regulation S Subscription Agreements (with respect to the agreements entered into in connection therewith), and such Other Subscription Agreements have not been amended (including via a side letter or other agreement) in any material respect following the date of this Subscription Agreement. Other than the Regulation S Subscription Agreements, the Other Subscription Agreements reflect the same Per Share Purchase Price as this Subscription Agreement.

i. Except for such matters as have not had and would not be reasonably likely to have, individually or in the aggregate, a Material Adverse Effect, as of the date hereof, there is no (i) action, suit, claim or other proceeding, in each case by or before any governmental authority pending, or, to the knowledge of SPAC and TopCo, threatened against SPAC or TopCo or (ii) judgment, decree, injunction, ruling or order of any governmental entity or arbitrator outstanding against SPAC or TopCo.

j. As of the date of this Subscription Agreement, the authorized capital stock of SPAC consists of (i) 300,000,000 SPAC Class A ordinary shares, (ii) 30,000,000 SPAC Class B ordinary shares and (iii) 1,000,000 preference shares of a par value of $0.0001 per share. All (1) issued and outstanding SPAC Class A ordinary shares and SPAC Class B ordinary shares have been duly authorized and validly issued, are fully paid and are non-assessable and are not subject to preemptive rights and (2) outstanding warrants have been duly authorized and validly issued and are not subject to preemptive rights. Except as set forth above and pursuant to the Other Subscription Agreements, the Business Combination Agreement and the other agreements and arrangements referred to therein or in the SEC Reports, as of the date hereof, there are no outstanding options, warrants or other rights to subscribe for, purchase or acquire from SPAC any Class A ordinary shares, Class B ordinary shares or other equity interests in SPAC, or securities convertible into or exchangeable or exercisable for such equity interests. As of the date hereof, SPAC has no subsidiaries and does not own, directly or indirectly, interests or investments (whether equity or debt) in any person, whether incorporated or unincorporated. There are no shareholder agreements, voting trusts or other agreements or understandings to which SPAC is a party or by which it is bound relating to the voting of any securities of SPAC, other than (1) as set forth in the SEC Reports and (2) as contemplated by the Business Combination Agreement.

k. As of the date of this Subscription Agreement, the authorized share capital of TopCo (excluding the issued share capital) consists of 6,000,000,000 TopCo Ordinary Shares and the issued share capital of TopCo consists of 4,000,000 TopCo Ordinary Shares. Immediately following the Closing, all of the issued and outstanding TopCo Ordinary Shares (A) shall be duly authorized, validly issued, fully paid and nonassessable, (B) shall have been issued in compliance with applicable Law and (C) shall not have been issued in breach or violation of any preemptive rights or Contract. There are no shareholder agreements, voting trusts or other agreements or understandings to which TopCo is a party or by which it is bound relating to the voting of any securities of TopCo, other than (1) as set forth in the SEC Reports and (2) as contemplated by the Business Combination Agreement.

l. Other than the Placement Agents (as defined below), neither SPAC nor TopCo has engaged any broker, finder, commission agent, placement agent or arranger in connection with the issuance of the Shares, and neither SPAC nor TopCo is under any obligation to pay any broker’s fee or commission in connection with the issuance of the Shares other than to the Placement Agents.

m. TopCo is a newly formed legal entity whose securities have not previously been listed on a securities exchange. TopCo does not have any obligations other than under this Subscription Agreement, the Business Combination Agreement, or any other agreement contemplated hereby and thereby or other agreements directly related to the Subscription Agreement and the Business Combination Agreement.

n. TopCo and the SPAC are not, and immediately after receipt of payment for the Shares TopCo will not be, an "investment company" within the meaning of the Investment Company Act of 1940, as amended.

o. There are no securities or instruments issued by or to which TopCo is a party containing anti-dilution or similar provisions that will be triggered by the issuance of (i) the Shares or (ii) the shares to be issued pursuant to the Transaction (including the other shares issued in this offering), in either case that have not been or will not be validly waived on or prior to the Closing Date.

p. Other than agreements entered into with the Placement Agents, TopCo has not entered into any agreement or arrangement entitling any agent, broker, investment banker, financial advisor or other person to any broker's or finder's fee or any other commission or similar fee in connection with the transactions contemplated by this Subscription Agreement for which the Investor could become liable.

q. Neither TopCo, SPAC nor any of their respective directors, officers, employees or other persons acting on behalf of TopCo or SPAC for purposes of this Subscription Agreement, or any assignee of TopCo or SPAC, is (i) a person or entity named on the List of Specially Designated Nationals and Blocked Persons, the Executive Order 13599 List, the Foreign Sanctions Evaders List, or the Sectoral Sanctions Identification List, each of which is administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") or in any other Executive Order issued by the President of the United States and administered by OFAC (collectively, the "OFAC Lists") or any EU or other international sanctions list, or a person or entity prohibited by any OFAC sanctions program, (ii) owned, directly or indirectly, or controlled by, or acting on behalf of, one or more persons that are named on an OFAC List; (iii) organized, incorporated, established, located, resident or born in, or a citizen, national or the government, including any political subdivision, agency or instrumentality thereof, of, Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine or any other country or territory embargoed or subject to substantial trade restrictions by the United States, (iv) a Designated National as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515, or (v) a non-U.S. shell bank or providing banking services indirectly to a non-U.S. shell bank (each, a "Prohibited Investor"). TopCo and SPAC agree to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that TopCo and SPAC is permitted to do so under applicable law. If TopCo and SPAC is a financial institution subject to the Bank Secrecy Act (31 U.S.C. Section 5311 et seq.) (the "BSA"), as amended by the USA PATRIOT Act of 2001 (the "PATRIOT Act"), and its implementing regulations (collectively, the "BSA/PATRIOT Act"), TopCo or SPAC, as applicable, maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent required, TopCo or SPAC, as applicable, maintains policies and procedures reasonably designed to ensure compliance with OFAC-administered sanctions programs, including for the screening of its investors against the OFAC sanctions programs, including the OFAC Lists.

6. Investor Representations and Warranties. The Investor represents and warrants to TopCo and SPAC that:

a. The Investor, or each of the funds managed by or affiliated with the Investor for which the Investor is acting as nominee, as applicable, (i) is a "qualified institutional buyer" (as defined in Rule 144A under the Securities Act), or an institutional "accredited investor" (within the meaning of Rule 501(a)(1), (2), (3) or (7) under the Securities Act), in each case, satisfying the applicable requirements set forth on Schedule A, (ii) is subscribing for the Shares only for his, her or its own account and not for the account of others, or if the Investor is subscribing for the Shares as a fiduciary or agent for one or more investor accounts, the Investor has full investment discretion with respect to each such account, and the full power and authority to make the acknowledgements, representations, warranties and agreements herein on behalf of each owner of each such account, and such account is for another qualified institutional buyer or accredited investor, and (iii) is not

subscribing for the Shares with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act (and shall provide the requested information set forth on Schedule A) or any securities laws of the United States or any other jurisdiction. The Investor is not an entity formed for the specific purpose of subscribing for the Shares. Accordingly, the Investor understands that the offering meets the exemptions from filing under FINRA Rule 5123(b)(1)(C) or (J).

b. The Investor (i) is an institutional account as defined in FINRA Rule 4512(c), (ii) is a sophisticated investor and has such knowledge and experience in investing in transactions of the type contemplated by this Subscription Agreement and capable of evaluating investment risks independently, both in general and with regard to all transactions and investment strategies involving a security or securities, including its participation in the subscription of the Shares, and (iii) has exercised independent judgment in evaluating its participation in the subscription of the Shares. Accordingly, the Investor understands that the offering meets (1) the exemptions from filing under FINRA Rule 5123(b)(1)(A) and (2) the institutional customer exemption under FINRA Rule 2111(b).

c. The Investor acknowledges and agrees that the Shares are being offered in a transaction not involving any public offering within the meaning of the Securities Act and that the Shares have not been registered under the Securities Act or any other applicable securities laws. The Investor acknowledges and agrees that the Shares may not be offered, resold, transferred, pledged or otherwise disposed of by the Investor absent an effective registration statement under the Securities Act except (i) to TopCo or a subsidiary thereof, (ii) to non-U.S. persons pursuant to offers and sales that occur outside the United States within the meaning of Regulation S under the Securities Act or (iii) pursuant to another applicable exemption from the registration requirements of the Securities Act, and in each of clauses (i) and (iii) in accordance with any applicable securities laws of the states and other jurisdictions of the United States, and that any certificates or book entries representing the Shares shall contain a restrictive legend to such effect. The Investor acknowledges and agrees that the Shares will be subject to transfer restrictions described herein and, as a result of these transfer restrictions, the Investor may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Shares and may be required to bear the financial risk of an investment in the Shares for an indefinite period of time. The Investor acknowledges and agrees that the Shares will not be eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144 promulgated under the Securities Act ("Rule 144") until at least one year from the filing by TopCo of the "Form 10 information." The Investor acknowledges and agrees that it has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Shares.

d. The Investor acknowledges and agrees that the Investor is subscribing for the Shares directly from TopCo. The Investor further acknowledges that there have been no representations, warranties, covenants and agreements made to the Investor by or on behalf of SPAC, TopCo, the Company, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or any other person or entity, expressly or by implication, in connection with Investor's subscription for the Shares, other than those representations, warranties, covenants and agreements of SPAC and TopCo expressly set forth in this Subscription Agreement.

e. The Investor's subscription for and holding of the Shares will not constitute or result in a non-exempt prohibited transaction under Section 406 of the Employee Retirement Income Security Act of 1974, as amended, Section 4975 of the Internal Revenue Code of 1986, as amended (the "Code"), or any applicable similar law.

f. The Investor acknowledges and agrees that the Investor has received such information as the Investor deems necessary in order to make an investment decision with respect to the Shares, including, with respect to SPAC, TopCo, the Transaction and the business of the Company and its direct and indirect subsidiaries and their respective affiliates and representatives. Without limiting the generality of the foregoing, the Investor acknowledges that it has reviewed the SEC Reports and other information as the Investor has deemed necessary

to make an investment decision with respect to the Shares. The Investor acknowledges and agrees that the Investor and the Investor's professional advisor(s), if any, (i) have had the full opportunity to ask such questions, receive such answers and obtain such information from SPAC and TopCo as the Investor and such Investor's professional advisor(s), if any, have deemed necessary to make an investment decision with respect to the Shares and to obtain any additional information that SPAC or TopCo possessed or could acquire without unreasonable effort or expense, (ii) received, reviewed and understood the management presentation and financial information made available to it in connection with the subscription of the Shares and (iii) conducted and completed its own independent due diligence with respect to the Transaction. The Investor is relying exclusively on its own sources of information, investment analysis and due diligence (including professional advice it may deem appropriate) with respect to the Shares and the business, condition (financial and otherwise), management, operations, properties and prospects of SPAC, TopCo and the Company, including but not limited to all business, legal, regulatory, accounting, credit and tax matters.

g. The Investor became aware of this offering of the Shares solely by means of direct contact between the Investor and SPAC, the Company or a representative of SPAC or the Company. Investor has a pre-existing substantive relationship (as interpreted in guidance from the SEC under the Securities Act) with SPAC or the Company or their respective representatives, and the Shares were offered to the Investor solely by direct contact between the Investor and SPAC, the Company or a representative of SPAC or the Company. The Investor did not become aware of this offering of the Shares, nor were the Shares offered to the Investor, by any other means. The Investor acknowledges SPAC's and TopCo's representation that the Shares (i) were not offered by any form of general solicitation or general advertising, including methods described in Section 502(c) of Regulation D of the Securities Act, and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, SPAC, TopCo, the Company, Citigroup Global Markets Inc. ("Citi"), Morgan Stanley & Co. LLC ("Morgan Stanley"), Deutsche Bank Securities Inc. ("Deutsche Bank") and Credit Suisse Securities (USA) LLC ("Credit Suisse" and, together with Citi, Morgan Stanley and Deutsche Bank, the "Placement Agents"), any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the representations and warranties of SPAC and TopCo contained in Section 5 of this Subscription Agreement, in making its investment or decision to invest in the Shares. The Investor acknowledges that certain information provided to the Investor was based on projections, and such projections were prepared based on assumptions and estimates that are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections. The Investor acknowledges that such information and projections were prepared without the participation of the Placement Agents and that the Placement Agents do not assume responsibility for independent verification of, or the accuracy or completeness of, such information or projections.

h. The Investor acknowledges that it is aware that there are substantial risks incident to the subscription and ownership of the Shares, including those set forth in the SEC Reports and the investor presentation provided by SPAC. The Investor is able to fend for itself in the transactions contemplated herein, has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares, and the Investor has sought such accounting, legal and tax advice as the Investor has considered necessary to make an informed investment decision and has made its own assessment and has satisfied itself concerning relevant tax and other economic considerations relative to its subscription of the Shares. The Investor acknowledges that the Investor shall be responsible for any of the Investor's tax and/or financial liabilities that may arise as a result of the transactions contemplated by this Subscription Agreement, and that neither SPAC nor the Company has provided any tax or financial advice or any other representation or guarantee regarding the tax or financial consequences of the transactions contemplated by the Subscription Agreement or the Transaction. The Investor will not look to the Placement Agents for all or part of any such loss or losses the Investor may suffer, is able to sustain a complete loss on its investment in the Shares, has no need for liquidity with respect to

its investment in the Shares and has no reason to anticipate any change in circumstances, financial or otherwise, which may cause or require any sale or distribution of all or any part of the Shares.

i. Alone, or together with any professional advisor(s), the Investor has adequately analyzed and fully considered the risks of an investment in the Shares and determined that the Shares are a suitable investment for the Investor and that the Investor is able at this time and in the foreseeable future to bear the economic risk of a total loss of the Investor's investment in TopCo. The Investor acknowledges specifically that a possibility of total loss exists.

j. The Investor has determined based on its own independent review and such professional advice as it deems appropriate that its subscription of the Shares and participation in the Transaction (i) are fully consistent with its financial needs, objectives and condition, (ii) comply and are fully consistent with all investment policies, guidelines and other restrictions applicable to it, (iii) has been duly authorized and approved by all necessary action and (iv) is a fit, proper and suitable investment for it, notwithstanding the substantial risks inherent in investing in or holding the Shares.

k. In making its decision to subscribe for the Shares, the Investor has relied solely upon independent investigation made by the Investor, has independently made its own analysis and decision to enter into this Subscription Agreement and subscribe for the Shares, in each case, based on such information as such Investor has deemed appropriate and without reliance upon any of the Placement Agents or any of their affiliates and is able to fend for itself in the transactions contemplated herein. Without limiting the generality of the foregoing, the Investor has not relied on any statements or other information provided by or on behalf of any Placement Agent or any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing concerning SPAC, TopCo, the Company, the Transaction, the Business Combination Agreement, this Subscription Agreement or the transactions contemplated hereby or thereby, the Shares or the offer and issuance of the Shares.

l. The Investor acknowledges that the Placement Agents: (i) have not provided the Investor with any information, recommendation or advice with respect to the Shares, (ii) have not made and do not make any representation, express or implied as to SPAC, TopCo, the Company, the Company's credit quality, the Shares or the Investor's subscription of the Shares, (iii) have not acted as the Investor's financial advisor or fiduciary in connection with the issue and subscription of Shares, (iv) may have existing or future business relationships with SPAC, TopCo and the Company (including, but not limited to, lending, depository, risk management, advisory and banking relationships) and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect its or their interests arising therefrom without regard to the consequences for a holder of Shares, and that certain of these actions may have material and adverse consequences for a holder of Shares and (v) none of the Placement Agents will have any responsibility to the Investor with respect to (x) any representations, warranties or agreements made by any person or entity under or in connection with the Subscription Agreement or any of the documents furnished pursuant thereto or in connection therewith, or the execution, legality, validity or enforceability (with respect to any person) thereof, or (y) the business, affairs, financial condition, operations, properties or prospects of, or any other matter concerning SPAC, TopCo, the Company or the Transaction.

m. The Investor acknowledges that it has not relied on the Placement Agents in connection with its determination as to the legality of its subscription of the Shares or as to the other matters referred to herein and the Investor has not relied on any investigation that the Placement Agents, any of their respective affiliates or any person acting on their behalf have conducted with respect to the Shares, SPAC, TopCo or the Company. The Investor further acknowledges that it has not relied on any information contained in any research reports prepared by the Placement Agents or any of their respective affiliates.

n. The Investor acknowledges and agrees that no federal or state agency has passed upon or endorsed the merits of the offering of the Shares or made any findings or determination as to the fairness of this investment.

o. The Investor has been duly formed or incorporated and is validly existing and is in good standing under the laws of its jurisdiction of formation or incorporation (to the extent such concept exists in such jurisdiction), with power and authority to enter into, deliver and perform its obligations under this Subscription Agreement.

p. The execution, delivery and performance by the Investor of this Subscription Agreement and the transactions contemplated herein are within the powers of the Investor, have been duly authorized and will not constitute or result in a breach, violation or default under or conflict with any statute, order, ruling or regulation of any court or other tribunal or of any governmental commission or agency, or any agreement or other undertaking, to which the Investor is a party or by which the Investor is bound in each case, which would reasonably be expected to have a material adverse effect on the legal authority of the Investor to enter into and perform its obligations under this Subscription Agreement, which would reasonably be expected to materially affect the legal authority of the Investor to comply in all respects with the terms of this Subscription Agreement, and, if the Investor is not an individual, will not violate any provisions of the Investor's organizational documents, including, without limitation, its incorporation or formation papers, bylaws, indenture of trust or partnership or operating agreement, as may be applicable. The signature of the Investor on this Subscription Agreement is genuine, and the signatory, if the Investor is an individual, has legal competence and capacity to execute the same or, if the Investor is not an individual, the signatory has been duly authorized to execute the same, and, assuming that this Subscription Agreement constitutes the valid and binding obligation of SPAC and TopCo, this Subscription Agreement constitutes a legal, valid and binding obligation of the Investor, enforceable against the Investor in accordance with its terms except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, and (ii) principles of equity, whether considered at law or equity.

q. Neither the Investor nor any of its directors, officers, employees or other persons acting on behalf of the Investor for purposes of this Subscription Agreement is a Prohibited Investor. The Investor agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that the Investor is permitted to do so under applicable law. If the Investor is a financial institution subject to the BSA/PATRIOT Act, the Investor maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent required, it maintains policies and procedures reasonably designed to ensure compliance with OFAC-administered sanctions programs, including for the screening of its investors against the OFAC sanctions programs, including the OFAC Lists. To the extent required by applicable law, the Investor maintains policies and procedures reasonably designed to ensure that the funds held by the Investor and used to purchase the Shares were legally derived and were not obtained, directly or indirectly, from a Prohibited Investor.

r. No foreign person (as defined in 31 C.F.R. Part 800.224) in which the national or subnational governments of a single foreign state have a substantial interest (as defined in 31 C.F.R. Part 800.244) will acquire a substantial interest in TopCo as a result of the subscription of Shares hereunder such that a declaration to the Committee on Foreign Investment in the United States would be mandatory under 31 C.F.R. Part 800.401, and no foreign person will have control (as defined in 31 C.F.R. Part 800.208) over TopCo from and after the Closing as a result of the subscription of Shares hereunder.

s. No disclosure or offering document has been prepared by the Placement Agents or any of their respective affiliates in connection with the offer and issuance of the Shares.

t. The Investor acknowledges that neither the Placement Agents, nor any of their respective affiliates nor any control persons, officers, directors, employees, partners, agents or representatives, legal counsel, financial advisors or accountants (collectively, "Representatives") of any of the foregoing have made any independent investigation with respect to SPAC, TopCo, the Company or its subsidiaries or any of their respective businesses, or the Shares or the accuracy, completeness or adequacy of any information supplied to the Investor by SPAC or TopCo. The Investor acknowledges and agrees that neither the Placement Agents nor any

Representative of the Placement Agents have provided the Investor with any information or advice with respect to the Shares nor is such information or advice necessary or desired. In connection with the issue and subscription of the Shares, the Investor acknowledges that each Placement Agent is acting solely as Company's placement agent in connection with the issuance of the Shares and is not acting as an underwriter or in any other capacity and is not and shall not be construed as a fiduciary or financial advisor for the Investor, the Company or any other person or entity.

u. The Investor agrees that the Placement Agents shall not be liable to the Investor for any action heretofore or hereafter taken or omitted to be taken by the Placement Agents or have any liability or obligation (including without limitation, for or with respect to any losses, claims, damages, obligations, penalties, judgments, awards, liabilities, costs, expenses or disbursements incurred by the Investor, the Company or any other person or entity), whether in contract, tort, under federal or state securities laws or otherwise, to any Investor, or to any person claiming through such Investor, in respect of the Transaction and, on behalf of itself and its affiliates, releases the Placement Agents in respect of all such liabilities or obligations. In connection with the issue and subscription of the Shares, the Placement Agents have not acted as the Investor's financial advisor or fiduciary. The Investor agrees not to commence any litigation or bring any claim against any of the Placement Agents in any court or any other forum which relates to, may arise out of, or is in connection with, the Transaction. This undertaking is given freely and after obtaining independent legal advice.

v. The Investor is an entity having total liquid assets and net assets in excess of the Subscription Amount as of the date hereof and has or has commitments to have and, when required to deliver payment to TopCo pursuant to Section 2 above, will have, sufficient immediately available funds to pay the Subscription Amount and consummate the subscription of the Shares pursuant to this Subscription Agreement regardless of any intention to assign the Shares.

w. The Investor acknowledges that Morgan Stanley and Credit Suisse are acting as financial advisors to the Company in connection with the Transaction and are also Placement Agents. The Investor understands and acknowledges that Morgan Stanley's and Credit Suisse's roles as financial advisors to the Company may give rise to potential conflicts of interest or the appearance thereof and that these conflicts may potentially conflict with, or be adverse to, the Investor's interests. The Investor hereby waives, to the fullest extent permitted by law, any claims it may have based on any actual or potential conflict of interest or similar claim, whether known or unknown, contingent or otherwise and wherever and whenever arising in connection with, relating to or arising from Morgan Stanley or Credit Suisse acting as financial advisors to the Company. The Investor further acknowledges that Deutsche Bank and Citi will receive deferred underwriting commissions as disclosed in the SPAC's prospectus, dated September 16, 2020, upon the closing of the Transaction.

x. Investor acknowledges that (i) the Staff of the SEC issued the Staff Statement on Accounting and Reporting Considerations for Warrants Issued by Special Purpose Acquisition Companies on April 12, 2021 (the "Statement") and, (ii) SPAC continues to review the Statement and its implications, including on the financial statements and other information included in the SEC Reports and (iii) any restatement, revision or other modification of the SEC Reports in connection with such review of the Statement or any other required changes in the SEC Reports, including as a result of any order, directive, guideline, comment or recommendation from the SEC that is applicable to SPAC shall be deemed not material for purposes of this Agreement.

7. Registration Rights.

a. TopCo agrees that, as soon as reasonably practicable, but no later than thirty (30) calendar days, after the Closing Date (the "Filing Deadline"), it will file with the SEC (at its sole cost and expense) a registration statement registering the resale of the Shares (the "Registration Statement"), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof, but no later than the earlier of (i) sixty (60) calendar days after the filing thereof (or ninety (90) calendar days after the filing thereof if the SEC notifies TopCo that it will "review" the Registration Statement) and (ii) ten (10) business days after TopCo is notified (orally or in writing, whichever is earlier) by the SEC that the

Registration Statement will not be "reviewed" or will not be subject to further review (such date, the "Effectiveness Date"). In connection with the foregoing, the Investor shall not be required to execute any lock-up or similar agreement or otherwise be subject to any contractual restriction on the ability to transfer the Shares. TopCo shall provide a draft of the Registration Statement and any amendment thereto to the Investor for review at least two (2) business days in advance of the filing of the Registration Statement or such amendment, as the case may be. TopCo shall notify the Investor of the effectiveness of the Registration Statement and of any post-effective amendment thereto in accordance with Section 7(b) below. TopCo shall file with the SEC a final form of prospectus pursuant to Rule 424 (or successor thereto) under the Securities Act no later than the second business day after the Effectiveness Date. The Registration Statement shall include a "plan of distribution" that permits all lawful means of disposition of the Shares by the Investor, including block sales, agented transactions, sales directly into the market and other customary provisions (but, excluding for the avoidance of doubt, underwritten offerings). At its expense, TopCo agrees to cause such Registration Statement, or another shelf registration statement that includes the Shares to be subscribed for pursuant to this Subscription Agreement, except for such times as TopCo is permitted hereunder to suspend the use of the prospectus forming part of a Registration Statement, use its commercially reasonable efforts to keep such registration, and any qualification, exemption or compliance under state securities laws which TopCo determines to obtain, continuously effective with respect to the Investor, and to keep the applicable Registration Statement or any subsequent shelf registration statement free of any material misstatements or omissions, to remain effective until the earliest of (i) the third anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 without the public information, volume or manner of sale limitations of such rule (such date, the "End Date"). Prior to the End Date, TopCo will use commercially reasonable efforts to qualify the Shares for listing on any relevant stock exchange. The Investor agrees to disclose its ownership to TopCo upon request to assist it in making the determination with respect to Rule 144 described in clause (iii) above. TopCo may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form F-3 or S-3 at such time after TopCo becomes eligible to use such Form F-3 or S-3. The Investor acknowledges and agrees that TopCo may suspend the use of any such registration statement if it determines that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act, or if such suspension arises out of, or is a result of, or is related to or is in connection with the Statement or related accounting, disclosure or other matters, provided, that, (I) TopCo shall not so delay filing or so suspend the use of the Registration Statement for a period of more than sixty (60) consecutive days or more than a total of one hundred-twenty (120) calendar days in any three hundred sixty (360) day period and (II) TopCo shall use commercially reasonable efforts to make such Registration Statement available for the sale by the Investor of such securities as soon as practicable thereafter. TopCo's obligations to include the Shares issued pursuant to this Subscription Agreement (or shares issued in exchange therefor) for resale in the Registration Statement are contingent upon the Investor furnishing in writing to TopCo such information regarding the Investor, the securities of TopCo held by the Investor and the intended method of disposition of such Shares, which shall be limited to non-underwritten public offerings, as shall be reasonably requested by TopCo to effect the registration of such Shares, and shall execute such documents in connection with such registration as TopCo may reasonably request that are customary of a selling shareholder in similar situations. Any failure by TopCo to file the Registration Statement by the Filing Deadline or to effect such Registration Statement by the Effectiveness Deadline shall not otherwise relieve TopCo of its obligations to file or effect the Registration Statement as set forth above in this Section 7.

b. At its expense, TopCo shall:

i. advise the Investor, as expeditiously as possible, but in any event within five (5) business days: (A) when such Registration Statement or any post-effective amendment thereto has become effective; (B) of the issuance by the SEC of any stop order suspending the effectiveness of any Registration Statement or the

initiation of any proceedings for such purpose; (C) of the receipt by TopCo of any notification with respect to the suspension of the qualification of the Shares included therein for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose; and (D) subject to the provisions in this Subscription Agreement, of the occurrence of any event that requires the making of any changes in any Registration Statement or prospectus so that, as of such date, the statements therein are not misleading and do not omit to state a material fact required to be stated therein or necessary to make the statements therein (in the case of a prospectus, in the light of the circumstances under which they were made) not misleading. Notwithstanding anything to the contrary set forth herein, TopCo shall not, when so advising the Investor of such events provide the Investor with any material, nonpublic information regarding TopCo other than to the extent that providing notice to the Investor of the occurrence of the events listed in (A) through (D) above constitutes material, nonpublic information regarding TopCo;

ii. use its commercially reasonable efforts to obtain the withdrawal of any order suspending the effectiveness of any Registration Statement as soon as reasonably practicable;

iii. upon the occurrence of any event contemplated in Section 8(b)(i)(D) above, except for such times as TopCo is permitted hereunder to suspend, and has suspended, the use of a prospectus forming part of a Registration Statement, TopCo shall use its commercially reasonable efforts to as soon as reasonably practicable prepare a post-effective amendment to such Registration Statement or a supplement to the related prospectus, or file any other required document so that, as thereafter delivered to purchasers of the Shares included therein, such prospectus will not include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

iv. use its commercially reasonable efforts to cause all Shares to be listed on each securities exchange or market, if any, on which the ordinary shares of TopCo are listed;

v. use its commercially reasonable efforts to take all other steps necessary to effect the registration of the resale of the Shares contemplated hereby and to enable the Investor to sell the Shares under Rule 144; and

vi. otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the Investor, consistent with the terms of this Agreement, in connection with the registration of the resale of the Shares.

c. TopCo shall not hereafter enter into, and is not currently a party to, any agreement with respect to its securities that is inconsistent in any material respect with, or superior to, the registration rights granted to the Investor by this Subscription Agreement, other than the Investor Rights and Lock-Up Agreement, by and between TopCo, the Company, Oaktree Acquisition Holdings II, L.P. and the other parties thereto. Notwithstanding any other rights and remedies the Investor may have in respect of TopCo pursuant to this Subscription Agreement, if TopCo enters into any other registration rights or similar agreement with respect to any of its securities that contains provisions that violate the preceding sentence, the terms and conditions of this Subscription Agreement shall immediately be deemed to have been amended without further action by TopCo or the Investor so that the Investor shall be entitled to the benefit of any such more favorable or less restrictive terms or conditions, as the case may be.

8. Indemnification.

a. TopCo agrees to indemnify, to the extent permitted by law, the Investor, its directors, officers, partners, managers, members, investment advisors, employees, agents and each person who controls the Investor (within the meaning of the Securities Act), against all losses, claims, damages, liabilities and reasonable and documented out of pocket expenses (including, without limitation, reasonable and documented attorneys' fees of one law firm and one local counsel in each applicable jurisdiction) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, prospectus included in any Registration Statement ("Prospectus") or preliminary Prospectus or any amendment thereof or supplement thereto or any

omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, in the light of the circumstances under which they were made) not misleading, except insofar as the same are caused by or contained in any information or affidavit so furnished in writing to TopCo by or on behalf of the Investor expressly for use therein or such Investor has omitted a material fact from such information or otherwise violated the Securities Act, Exchange Act or any state securities law or any other law, rule or regulation thereunder; *provided, however*, that the indemnification contained in this Section 8.a shall not apply to amounts paid in settlement of any losses, claims, damages, liabilities and out of pocket expenses if such settlement is effected without the consent of TopCo (which consent shall not be unreasonably withheld, conditioned or delayed), nor shall TopCo be liable for any losses, claims, damages, liabilities and out of pocket expenses to the extent they arise out of or are based upon a violation which occurs (A) in reliance upon and in conformity with written information furnished by the Investor expressly for use in the Prospectus, (B) in connection with any failure of the Investor to deliver or cause to be delivered a prospectus made available by TopCo in a timely manner, (C) as a result of offers or sales effected by or on behalf of the Investor by means of a "free writing prospectus" (as defined in Rule 405 under the Securities Act) that was not authorized in writing by TopCo, or (D) in connection with any offers or sales effected by or on behalf of the Investor in violation of Section 7 hereof.

b. In connection with any Registration Statement in which the Investor is participating, the Investor shall furnish (or cause to be furnished) to TopCo in writing such information and affidavits as TopCo reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify TopCo, its directors, officers, agents, employees and each person or entity who controls TopCo (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and reasonable and documented out of pocket expenses (including, without limitation, reasonable and documented attorneys' fees of one law firm) resulting from any untrue or alleged untrue statement of material fact contained or incorporated by reference in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, in the light of the circumstances under which they were made) not misleading, but only to the extent that such untrue statement or omission is contained (or not contained in, in the case of an omission) in any information or affidavit so furnished in writing by on behalf of the Investor expressly for use therein; *provided, however*, that the liability of the Investor shall be several and not joint with any other investor and shall be in proportion to and limited to the net proceeds actually received by the Investor from the sale of Shares giving rise to such indemnification obligation.

c. Any person or entity entitled to indemnification herein shall (A) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (*provided* that the failure to give prompt notice shall not impair any person's or entity's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (B) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement includes a statement or admission of fault and culpability on the part of such indemnified party or which does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

d. The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person or entity of such indemnified party and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.

e. If the indemnification provided under this Section 8 from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations; provided, however, that the total liability of the Investor in this Section 8 shall be limited to the net proceeds actually received by such Investor from the sale of Shares giving rise to such indemnification and/or contribution obligation. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by (or not made by, in the case of an omission), or relates to information supplied by (or not supplied by, in the case of an omission), such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 8.e from any person or entity who was not guilty of such fraudulent misrepresentation.

9. Termination. This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, (x) upon the earliest to occur of (a) such date and time as the Business Combination Agreement is terminated in accordance with its terms without being consummated, (b) upon the mutual written agreement of each of the parties hereto and the Company to terminate this Subscription Agreement, (c) SPAC's and TopCo's notification to the Investor in writing that they have, with the prior written consent of the Company, abandoned their plans to move forward with the Transaction and/or terminated the Investor's obligations with respect to the subscription without the issuance of the Shares having occurred, and (d) the delivery of a notice of termination of this Subscription Agreement by the Investor to SPAC and TopCo following the date that is 30 days after the Termination Date (as defined in the Business Combination Agreement as in effect on the date hereof), if the Closing has not occurred by such date (provided, that the right to terminate this Subscription Agreement pursuant to this clause (d) shall not be available to the Investor if the Investor's or its assignee's breach of any of its covenants or obligations under this Subscription Agreement (or if an affiliate of the Investor is one of the Investors under an Other Subscription Agreement, such other Investor's breach of any of its covenants or obligations under the Other Subscription Agreement) either individually or in the aggregate, shall have proximately caused the failure of the consummation of the Transaction on or before the such date), or (y) if any of the conditions to Closing set forth in Section 3 of this Subscription Agreement are (i) not satisfied or waived on or prior to the closing of the Transaction or (ii) not capable of being satisfied on or prior to the closing of the Transaction and, in each case of (i) and (ii), as a result thereof, the transactions contemplated by this Subscription Agreement will not be and are not consummated at the closing of the Transaction (the termination events described in clauses (x) and (y) above, collectively, the "Termination Events"); provided that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination, and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from any such willful breach. SPAC shall notify the Investor in writing of the termination of the Business Combination Agreement promptly after the termination of such agreement. Upon the occurrence of any Termination Event, this Subscription Agreement shall be void and of no further effect and any monies paid by the Investor to TopCo

in connection herewith shall promptly (and in any event within one (1) business day) following the Termination Event be returned to the Investor.

10. Trust Account Waiver. The Investor acknowledges that SPAC is a blank check company with the powers and privileges to effect a merger, asset acquisition, reorganization or similar business combination involving SPAC and one or more businesses or assets. The Investor further acknowledges that, as described in SPAC's prospectus relating to its initial public offering dated September 16, 2020 (the "Prospectus") available at www.sec.gov, substantially all of SPAC's assets consist of the cash proceeds of SPAC's initial public offering and private placement of its securities, and substantially all of those proceeds have been deposited in a trust account (the "Trust Account") for the benefit of SPAC, its public shareholders and the underwriters of SPAC's initial public offering. Except with respect to interest earned on the funds held in the Trust Account that may be released to SPAC to pay its tax obligations and to fund certain of its working capital requirements, the cash in the Trust Account may be disbursed only for the purposes set forth in the Prospectus. For and in consideration of SPAC entering into this Subscription Agreement, the receipt and sufficiency of which are hereby acknowledged, the Investor hereby irrevocably waives any and all right, title and interest, or any claim of any kind it has or may have in the future, in or to any monies held in the Trust Account, and agrees not to seek recourse against the Trust Account as a result of, or arising out of, this Subscription Agreement; provided, however, that nothing in this Section 10 shall be deemed to limit the Investor's right, title, interest or claim to any monies held in the Trust Account by virtue of its record or beneficial ownership of Shares currently outstanding on the date hereof, pursuant to a validly exercised redemption right with respect to any such Shares, except to the extent that the Investor has otherwise agreed in writing with SPAC to not exercise such redemption right.

11. Miscellaneous.

a. Neither this Subscription Agreement nor any rights that may accrue to the parties hereunder (other than the Shares subscribed hereunder, if any) may be transferred or assigned without the prior written consent of each of the other parties hereto; provided that (i) this Subscription Agreement and any of the Investor's rights and obligations hereunder may be assigned to any fund or account managed by the same investment manager as the Investor or by an affiliate (as defined in Rule 12b-2 of the Exchange Act) of such investment manager without the prior consent of SPAC or TopCo and (ii) the Investor's rights under Section 7 may be assigned to an assignee or transferee of the Shares; provided further that prior to such assignment any such assignee shall agree in writing to be bound by the terms hereof; provided, that no assignment pursuant to this Section 11.a shall relieve the Investor of its obligations hereunder.

b. SPAC and TopCo may request from the Investor such additional information as SPAC and/or TopCo may reasonably deem necessary to register the resale of the Shares and evaluate the eligibility of the Investor to subscribe for the Shares, and the Investor shall promptly provide such information as may reasonably be requested to the extent readily available and to the extent consistent with its internal policies and procedures; provided that, each of SPAC and TopCo agrees to keep any such information provided by the Investor confidential except (i) as necessary to include in any registration statement TopCo is required to file hereunder, (ii) as required by applicable federal securities law or pursuant to other routine proceedings of regulatory authorities or (iii) to the extent such disclosure is required by law, at the request of the staff of the SEC or regulatory agency or under the regulations of any national securities exchange on which SPAC's or TopCo's securities are listed for trading. The Investor acknowledges and agrees that if it does not provide SPAC and/or TopCo with such requested information, TopCo may not be able to register the Investor's Shares for resale pursuant to Section 7 hereof. The Investor acknowledges that SPAC and/or TopCo may file a copy of this Subscription Agreement (or a form of this Subscription Agreement) with the SEC as an exhibit to a periodic report or a registration statement of SPAC and/or TopCo.

c. The Investor acknowledges that SPAC, TopCo, the Company and the Placement Agents will rely on the acknowledgments, understandings, agreements, representations and warranties contained in this Subscription

Agreement, including Schedule A hereto. Prior to the Closing, the Investor agrees to promptly notify SPAC, TopCo and the Placement Agents if any of the acknowledgments, understandings, agreements, representations and warranties set forth in Section 6 above are no longer accurate in any material respect (other than those acknowledgments, understandings, agreements, representations and warranties qualified by materiality, in which case the Investor shall notify SPAC, TopCo and the Placement Agents if they are no longer accurate in any respect), except to the extent that any such representation and warranty expressly speaks as of an earlier date. Prior to the Closing, TopCo agrees to promptly notify the Investor if any of the Investor's acknowledgments, understandings, agreements, representations and warranties herein (as modified by any such notice) of TopCo set forth herein are no longer accurate.

d. SPAC, TopCo, the Company, the Placement Agents and the Investor are each entitled to rely upon this Subscription Agreement and each is irrevocably authorized to produce this Subscription Agreement or a copy hereof to any interested party in any administrative or legal proceeding or official inquiry with respect to the matters covered hereby; provided, however, that the foregoing clause of this Section 11.d shall not give the Company or the Placement Agents any rights other than those expressly set forth herein and, without limiting the generality of the foregoing and for the avoidance of doubt, in no event shall the Company be entitled to rely on any of the representations and warranties of SPAC and TopCo set forth in this Subscription Agreement.

e. The Investor hereby acknowledges and agrees that it will not, nor will any assignee of the Investor or any person acting at the Investor's direction or pursuant to any understanding with Investor (including Investor's controlled affiliates), directly or indirectly, offer, sell, pledge, contract to sell, sell any option in, or engage in hedging activities or execute any "short sales" (as defined in Rule 200 of Regulation SHO under the Exchange Act) with respect to, any Shares or any securities of SPAC or any instrument exchangeable for or convertible into any Shares or any securities of SPAC until the consummation of the Transaction (or such earlier termination of this Subscription Agreement in accordance with its terms). For the avoidance of doubt, this Section 11.e shall not apply to any sale (including the exercise of any redemption right) of securities of SPAC (i) held by the Investor, its controlled affiliates or any person or entity acting on behalf of the Investor or any of its controlled affiliates prior to the execution of this Subscription Agreement or (ii) purchased by the Investor, its controlled affiliates or any person or entity acting on behalf of the Investor or any of its controlled affiliates in open market transactions after the execution of this Subscription Agreement. Notwithstanding the foregoing, (i) nothing herein shall prohibit any entities under common management with the Investor that have no knowledge of this Subscription Agreement or of the Investor's participation in the transactions contemplated hereby (including the Investor's controlled affiliates and/or affiliates) from entering into any short sales; (ii) in the case of an Investor that is a multi-managed investment vehicle whereby separate portfolio managers manage separate portions of such Investor's assets and the portfolio managers have no knowledge of the investment decisions made by the portfolio managers managing other portions of such Investor's assets, this Section 11.e shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to subscribe for the Shares covered by this Subscription Agreement.

f. All of the agreements, representations and warranties made by each party hereto in this Subscription Agreement shall survive the Closing.

g. This Subscription Agreement may not be amended, modified, waived or terminated (other than pursuant to the terms of Section 9 above) except by an instrument in writing, signed by each of the parties hereto, provided, however, that no modification or waiver by SPAC or TopCo of the provisions of this Subscription Agreement shall be effective without the prior written consent of the Company (other than modifications or waivers that are solely ministerial in nature or otherwise immaterial and do not affect any economic or any other material term of this Subscription Agreement). No failure or delay of any party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the

parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.

h. This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties, with respect to the subject matter hereof. Except as set forth in Section 9, Section 11.c, Section 11.d, Section 11.g, this Section 11.h, the last sentence of Section 11.l and Section 12 with respect to the persons specifically referenced therein, and Section 6 with respect to the Placement Agents, this Subscription Agreement shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and assigns, and the parties hereto acknowledge that such persons so referenced are third party beneficiaries of this Subscription Agreement with right of enforcement for the purposes of, and to the extent of, the rights granted to them, if any, pursuant to the applicable provisions; provided, that, notwithstanding anything to the contrary contained in this Subscription Agreement, the Company is an intended third party beneficiary of each of the provisions of this Subscription Agreement.

i. Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assigns, and the agreements, representations, warranties, covenants and acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, executors, administrators, successors, legal representatives and permitted assigns.

j. If any provision of this Subscription Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Subscription Agreement shall not in any way be affected or impaired thereby and such provisions shall continue in full force and effect.

k. This Subscription Agreement may be executed in one or more counterparts (including by facsimile or electronic mail or in .pdf) and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document. All counterparts so executed and delivered shall be construed together and shall constitute one and the same agreement. Counterparts may be delivered via facsimile, electronic mail (including any electronic signature covered by the U.S. federal ESIGN Act of 2000, Uniform Electronic Transactions Act, the Electronic Signatures and Records Act or other applicable law, e.g., www.docusign.com) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

l. The parties hereto acknowledge and agree that irreparable damage would occur in the event that any of the provisions of this Subscription Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to seek an injunction or injunctions to prevent breaches of this Subscription Agreement in any court of competent jurisdiction, without posting a bond or undertaking and without proof of damages, to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and agree that the Company shall be entitled to specifically enforce the Investor's obligations to fund the Subscription Amount and the provisions of the Subscription Agreement of which the Company is an express third party beneficiary, in each case, on the terms and subject to the conditions set forth herein.

m. If any change in the number, type or classes of authorized shares of TopCo (including the Shares), other than as contemplated by the Business Combination Agreement or any agreement contemplated by the Business Combination Agreement, shall occur between the date hereof and immediately prior to the Closing by reason of reclassification, recapitalization, stock split (including reverse stock split) or combination, exchange or readjustment of shares, or any stock dividend, the number of Shares issued to the Investor shall be appropriately adjusted to reflect such change.

n. This Subscription Agreement shall be governed by and construed in accordance with the laws of the State of New York (regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof) as to all matters (including any action, suit, litigation, arbitration, mediation, claim, charge, complaint, inquiry, proceeding, hearing, audit, investigation or reviews by or before any governmental entity related hereto), including matters of validity, construction, effect, performance and remedies.

o. Each party hereto hereby, and any person asserting rights as a third party beneficiary may do so only if he, she or it, irrevocably agrees that any action, suit or proceeding between or among the parties hereto, whether arising in contract, tort or otherwise, arising in connection with any disagreement, dispute, controversy or claim arising out of or relating to this Subscription Agreement or any related document or any of the transactions contemplated hereby or thereby ("Legal Dispute") shall be brought only to the exclusive jurisdiction of the courts of the State of New York or the federal courts located in the State of New York, and each party hereto hereby consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding that is brought in any such court has been brought in an inconvenient forum. During the period a Legal Dispute that is filed in accordance with this Section 11.o is pending before a court, all actions, suits or proceedings with respect to such Legal Dispute or any other Legal Dispute, including any counterclaim, cross-claim or interpleader, shall be subject to the exclusive jurisdiction of such court. Each party hereto and any person asserting rights as a third party beneficiary may do so only if he, she or it hereby waives, and shall not assert as a defense in any Legal Dispute, that (a) such party is not personally subject to the jurisdiction of the above named courts for any reason, (b) such action, suit or proceeding may not be brought or is not maintainable in such court, (c) such party's property is exempt or immune from execution, (d) such action, suit or proceeding is brought in an inconvenient forum, or (e) the venue of such action, suit or proceeding is improper. A final judgment in any action, suit or proceeding described in this Section 11.o following the expiration of any period permitted for appeal and subject to any stay during appeal shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable laws. EACH OF THE PARTIES HERETO AND ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY MAY DO SO ONLY IF HE, SHE OR IT IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY ON ANY CLAIMS OR COUNTERCLAIMS ASSERTED IN ANY LEGAL DISPUTE RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY AND FOR ANY COUNTERCLAIM RELATING THERETO. IF THE SUBJECT MATTER OF ANY SUCH LEGAL DISPUTE IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL ASSERT IN SUCH LEGAL DISPUTE A NONCOMPULSORY COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. FURTHERMORE, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL SEEK TO CONSOLIDATE ANY SUCH LEGAL DISPUTE WITH A SEPARATE ACTION OR OTHER LEGAL PROCEEDING IN WHICH A JURY TRIAL CANNOT BE WAIVED.

p. Any notice or communication required or permitted hereunder to be given among the parties shall be in writing and either delivered personally, emailed or sent by overnight mail via a reputable overnight carrier, or sent by certified or registered mail, postage prepaid, to such address(es) or email address(es) set forth on the signature page hereto, and shall be deemed to be given and received (i) when so delivered personally, (ii) when sent, with no mail undeliverable or other rejection notice, if sent by email, or (iii) three (3) business days after the date of mailing to the address below or to such other address or addresses as the Investor may hereafter designate by notice to SPAC and TopCo.

q. The obligations of the Investor under this Subscription Agreement are several and not joint with the obligations of any Other Investor under the Other Subscription Agreements, and the Investor shall not be responsible in any way for the performance of any Other Investor.

12. Non-Reliance and Exculpation. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation, warranty or other information made or provided by any person, firm or corporation (including, without limitation, the Placement Agents, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the statements, representations and warranties of SPAC and TopCo expressly contained in Section 5 of this Subscription Agreement, in making its investment or decision to invest in TopCo. The Investor acknowledges and agrees that none of (i) any other investor pursuant to this Subscription Agreement or any other subscription agreement related to the private placement of the Shares (including the investor's respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), (ii) the Placement Agents, their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or (iii) any other party to the Business Combination Agreement or any Non-Party Affiliate (other than SPAC with respect to the previous sentence), shall have any liability to the Investor, or to any other investor, pursuant to, arising out of or relating to this Subscription Agreement or any other subscription agreement related to the private placement of the Shares, the negotiation hereof or thereof or its subject matter, or the transactions contemplated hereby or thereby, including, without limitation, with respect to any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the subscription of the Shares or with respect to any claim (whether in tort, contract or otherwise) for breach of this Subscription Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, as expressly provided herein, or for any actual or alleged inaccuracies, misstatements or omissions with respect to any information or materials of any kind furnished by SPAC, TopCo, the Company, the Placement Agents or any Non-Party Affiliate concerning SPAC, TopCo, the Company, the Placement Agents, any of their respective controlled affiliates, this Subscription Agreement or the transactions contemplated hereby. For purposes of this Subscription Agreement, "Non-Party Affiliates" means each former, current or future officer, director, employee, partner, member, manager, direct or indirect equityholder or affiliate of SPAC, TopCo, the Company, the Placement Agents or any of SPAC's, TopCo's, the Company's or the Placement Agents' respective controlled affiliates or any family member of the foregoing.

13. Disclosure. SPAC shall, on the first (1st) business day immediately following the date of this Subscription Agreement, issue one or more press releases or file with the SEC a Current Report on Form 8-K (collectively, the "Disclosure Document") disclosing all material terms of the transactions contemplated hereby and by the Other Subscription Agreements, the Transaction and any other material, nonpublic information that SPAC has provided to the Investor at any time prior to the filing of the Disclosure Document. Upon the issuance or filing of the Disclosure Document, to the actual knowledge of SPAC, the Investor shall not be in possession of any material, non-public information received from SPAC or any of its officers, directors, or employees or agents, and the Investor shall no longer be subject to any confidentiality or similar obligations under any current agreement, whether written or oral, with SPAC, the Placement Agents or any of their respective affiliates, relating to the transactions contemplated by this Subscription Agreement. Notwithstanding anything in this Subscription Agreement to the contrary, SPAC shall not publicly disclose the name of the Investor, its investment advisor or any of their respective affiliates or advisers, or include the name of the Investor, its investment advisor or any of their respective affiliates or advisers in any press release or in any filing with the SEC or any regulatory agency or trading market, without the prior written consent of the Investor, except (i) as required by the federal securities law or pursuant to other routine proceedings of regulatory authorities, (ii) to the extent such disclosure is required by law, at the request of the staff of the SEC or regulatory agency or under the regulations of any national securities exchange on which SPAC's and/or TopCo's securities are listed for trading or (iii) to the extent such announcements or other communications contain only information previously disclosed in a public statement, press release or other communication previously approved in accordance with this Section 13.

14. Rule 144.

a. From and after such time as the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the Commission that may allow Investor to sell the securities of TopCo to the public without registration are available to holders of the Investor's Shares and for so long as the Investor holds the Shares, TopCo shall, at its expense:

(i) make and keep public information available, as those terms are understood and defined in Rule 144;

(ii) use commercially reasonable efforts to file with the Commission in a timely manner all reports and other documents required of TopCo under the Securities Act and the Exchange Act so long as the Issuer remains subject to such requirements and the filing of such reports and other documents is required for the applicable provisions of Rule 144 to enable the Investor to sell the Shares under Rule 144 for so long as the Investor holds any Shares; and

(iii) furnish to the Investor, promptly upon the Investor's reasonable request, (i) a written statement by TopCo, if true, that it has complied with the reporting requirements of Rule 144, the Securities Act, and the Exchange Act, (ii) a copy of the most recent annual report of TopCo and such other reports and documents so filed by TopCo (provided that if such reports and documents are publicly filed with the SEC on Edgar, TopCo need not furnish such reports and documents to the Investor separately) and (iii) such other information as may be reasonably requested to permit the Investor to sell such securities pursuant to Rule 144 without registration.

b. TopCo will use its commercially reasonable efforts to (A) at the reasonable request of Investor, deliver all the necessary documentation to cause TopCo's transfer agent to remove all restrictive legends from any Shares being sold under the Registration Statement or pursuant to Rule 144 at the time of sale of the Shares, or that may be sold by Investor without restriction under Rule 144, including without limitation, any volume and manner of sale restrictions, and (B) cause its legal counsel to deliver to the transfer agent the necessary legal opinions required by the transfer agent, if any, in connection with the instruction under clause (A) upon the receipt of Investor representation letters and such other customary supporting documentation as requested by (and in a form reasonably acceptable to) such counsel, in each case within 5 business days of such request. The Investor agrees to disclose its beneficial ownership, as determined in accordance with Rule 13d-3 of the Exchange Act, of Shares to TopCo (or its successor) upon reasonable request to assist TopCo in making the

determination described above. Notwithstanding the foregoing, TopCo will not be required to deliver any such opinion, authorization, certificate, or direction if it reasonably believes that removal of the legend could result in or facilitate transfers of securities in violation of applicable law.

Los Angeles, CA 90071

Alvotech Lux Holdings S.A.S.
9, rue de Bitbourg, L-1273
Luxembourg, Grand Duchy of Luxembourg

Ladies and Gentlemen:

This Subscription Agreement (this "Subscription Agreement") is being entered into as of the date set forth on the signature page hereto, by and among Oaktree Acquisition Corp. II, a Cayman Islands exempted company ("SPAC"), Alvotech Lux Holdings S.A.S, a simplified joint stock company (*société par actions simplifiée*) incorporated and existing under the laws of the Grand Duchy of Luxembourg, with registered office at 9, rue de Bitbourg, L-1273, Luxembourg, Grand Duchy of Luxembourg, and registered with the Luxembourg trade and companies register under number B258884 ("TopCo"), and the undersigned subscriber (the "Investor"), in connection with the Business Combination Agreement, dated as of the date hereof (as it may be amended, supplemented or otherwise modified from time to time, the "Business Combination Agreement"), by and among SPAC, Alvotech Holdings S.A., a public limited liability company (*société anonyme*) incorporated and existing under the laws of the Grand Duchy of Luxembourg, with registered office at 9, rue de Bitbourg, L-1273 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg trade and companies register under number B229193 (the "Company"), and TopCo, pursuant to which, among other things, (i) SPAC will merge with and into TopCo, with TopCo as the surviving company in the merger, on the terms and subject to the conditions therein (the "First Merger"), and (ii) the Redemption (as defined in the Business Combination Agreement), the Change of Legal Form (as defined below) and the Second Merger (as defined in the Business Combination Agreement and together with the First Merger, the Redemption, the Change of Legal Form and the other transactions contemplated by the Business Combination Agreement, the "Transaction") will occur. In connection with the Transaction, SPAC is seeking commitments from interested investors to subscribe for, contingent upon, and substantially concurrently with the closing of the Transaction, ordinary shares in the share capital of TopCo (the "Shares"), in a private placement for a purchase price of $10.00 per Share (the "Per Share Purchase Price"). On or about the date of this Subscription Agreement, SPAC and TopCo are entering into subscription agreements (the "Other Subscription Agreements" and, together with this Subscription Agreement, the "Subscription Agreements"), which are on substantially the same terms as the terms of this Subscription Agreement, with certain other "qualified institutional buyers" (as defined in Rule 144A under the Securities Act of 1933, as amended (the "Securities Act")) or institutional "accredited investors" (within the meaning of Rule 501(a) of Regulation D under the Securities Act) or "non-US person" (as defined in Regulation S under the Securities Act) (each, an "Other Investor" and together with the Investor, the "Investors"), severally and not jointly, pursuant to which the Investors, severally and not jointly, have agreed to subscribe for or prior to the closing date of the Transaction, inclusive of the Shares subscribed for by the Investor, an aggregate amount of up to 15,400,000 Shares, at the Per Share Purchase Price.

The aggregate subscription price to be paid by the Investor for the subscribed Shares (as set forth on the signature page hereto) is referred to herein as the "Subscription Amount."

Following the First Merger and the Redemption, in accordance with the Business Combination Agreement, the legal form of TopCo shall be changed from a simplified joint stock company (*société par actions simplifiée*) to a public limited liability company (*société anonyme*) under Luxembourg law (the "Change of Legal Form"), and TopCo shall issue the Shares once it has changed into a public limited liability company (*société anonyme*) under Luxembourg law.

In connection therewith, and in consideration of the foregoing and the mutual representations, warranties and covenants, and subject to the conditions, set forth herein, and intending to be legally bound hereby, each of the Investor, SPAC and TopCo acknowledges and agrees as follows:

1. Subscription.

The Investor hereby agrees to subscribe for and purchase from TopCo, and TopCo hereby agrees, upon the substantially concurrent consummation of the Transaction and the payment of the Subscription Amount, to issue and sell to the undersigned the number of Shares from TopCo set forth on the signature page of this Subscription Agreement on the terms and subject to the conditions provided for herein. The Investor acknowledges and agrees that TopCo reserves the right to accept or reject the Investor's subscription for the Shares for any reason or for no reason, in whole or in part, at any time prior to its acceptance, and the same shall be deemed to be accepted by TopCo only when this Subscription Agreement is signed by a duly authorized person by or on behalf of TopCo; TopCo may do so in counterpart form. The Investor acknowledges and agrees that, as a result of the Change of Legal Form, the Shares that will be subscribed for by the Investor and issued by TopCo pursuant hereto shall be ordinary shares in the share capital of a public limited liability company (*société anonyme*) under Luxembourg law (and not, for the avoidance of doubt, ordinary shares in a simplified joint stock company (*société par actions simplifiée*) under Luxembourg law).

2. Closing.

The closing of the issuance of the Shares contemplated hereby (the "Closing") is contingent upon the satisfaction or waiver of the conditions set forth in Section 3 below. The Closing shall occur on the date of, and substantially concurrently with (in the manner described in the Business Combination Agreement) and conditioned upon the effectiveness of, the Transaction. Subject to delivery of written notice from (or on behalf of) TopCo to the Investor (the "Closing Notice") that TopCo reasonably expects all conditions to the closing of the Transaction to be satisfied or waived on a date that is not less than five (5) business days from the date on which the Closing Notice is delivered to the Investor and specifying the date on which the Closing is expected to occur (the "Closing Date"), the Investor shall deliver (or provide for such delivery to the Company), three (3) business days prior to the Closing Date, (x) the Subscription Amount by wire transfer of United States dollars in immediately available funds to an account specified by TopCo in the Closing Notice and (y) to TopCo, any other information that is reasonably requested in the Closing Notice in order for TopCo to issue the Investor's Shares, including, without limitation, the legal name of the person in whose name such Shares are to be issued and a duly executed Internal Revenue Service Form W-9 or the applicable Internal Revenue Service Form W-8, as applicable. Upon the Closing, Topco and the Investor agree that TopCo shall (a) issue the number of Shares set forth on the signature page to this Subscription Agreement and subsequently cause such Shares to be registered in book entry form, free and clear of any liens or other restrictions (other than those arising under this Subscription Agreement or applicable securities laws) in the name of the Investor (or its nominee or assignee) on TopCo's share register and (b) provide evidence from its transfer agent of the issuance of such Shares to the Investor in book entry form within two (2) business days of the Closing Date; provided, however, that TopCo's obligation to issue the Shares to the Investor is contingent upon TopCo's having received the Subscription Amount in full prior to the Closing date in accordance with this Section 2. If the Closing does not occur within three (3) business days following the Closing Date specified in the Closing Notice, TopCo shall promptly (but not later than two (2) business days thereafter) return or cause the return of the Subscription Amount in full to the Investor, and any book entries shall be deemed cancelled. For purposes of this Subscription Agreement, "business day" shall mean a day other than a Saturday, Sunday or other day on which commercial banks in New York, New York, or Luxembourg, are authorized or required by law to close.

3. Closing Conditions.

a. The obligation of the parties hereto to consummate the subscription of the Shares pursuant to this Subscription Agreement is subject to the following conditions:

(i) no applicable governmental authority shall have enacted, issued, promulgated, enforced or entered any judgment, order, law, rule or regulation (whether temporary, preliminary or permanent) which is then in effect and has the effect of making the consummation of the transactions contemplated hereby illegal or otherwise restraining or prohibiting consummation of the transactions contemplated hereby; and

(ii) all conditions precedent to the closing of the Transaction under the Business Combination Agreement shall have been satisfied (as determined by the parties to the Business Combination Agreement and other than (A) those conditions under the Business Combination Agreement which, by their nature, are to be fulfilled at the closing of the Transaction, including to the extent that any such condition is dependent upon the consummation of the subscription of the Shares pursuant to this Subscription Agreement and (B) the condition pursuant to Section 7.3(d) of the Business Combination Agreement regarding the minimum cash condition) or waived and the closing of the Transaction shall be scheduled to occur concurrently with or on the same date as the Closing; provided that the board of directors of the SPAC shall not have determined that a Company Material Adverse Effect (as defined in the Business Combination Agreement) has occurred prior to the Closing.

b. The obligation of TopCo to consummate the issuance of the Shares pursuant to this Subscription Agreement shall be subject to the conditions that (i) all representations and warranties of the Investor contained in this Subscription Agreement are true and correct in all material respects (other than representations and warranties that are qualified as to materiality, which representations and warranties shall be true in all respects) at and as of the Closing Date (except to the extent that any such representation and warranty expressly speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all material respects (other than representations and warranties that are qualified as to materiality, which representations and warranties shall be true and correct in all respects) as of such earlier date), and consummation of the Closing shall constitute a reaffirmation, in all material respects, by the Investor of each of the representations and warranties of the Investor contained in this Subscription Agreement as of the Closing Date, or such earlier date, as applicable and (ii) all obligations, covenants and agreements of the Investor required by this Subscription Agreement to be performed by it at or prior to the Closing Date shall have been performed in all material respects.

c. The obligation of the Investor to consummate the subscription of the Shares pursuant to this Subscription Agreement shall be subject to the conditions that on the Closing Date (i) all representations and warranties of SPAC and TopCo contained in this Subscription Agreement shall be true and correct in all material respects (other than representations and warranties that are qualified as to materiality or Material Adverse Effect (as defined herein), which representations and warranties shall be true in all respects) at and as of the Closing Date, and consummation of the Closing shall constitute a reaffirmation by SPAC and TopCo of each of the representations and warranties of SPAC and TopCo contained in this Subscription Agreement as of the Closing Date, (ii) all obligations, covenants and agreements of SPAC and TopCo required by this Subscription Agreement to be performed by it at or prior to the Closing Date shall have been performed in all material respects, except where a failure of such performance would not or would not reasonably be expected to prevent, materially delay, or materially impact the ability of TopCo to consummate the Closing, and the consummation of the Closing shall constitute a reaffirmation by SPAC and TopCo of each of the covenants and agreements of TopCo contained in this Subscription Agreement as of the Closing Date, (iii) the Shares have been approved for listing subject to issuance on the The Nasdaq Stock Market LLC and the First North Iceland at or prior to the Closing and no suspension of the qualification of the Shares for offering or trading in the United States or Iceland, or initiation or written threat of any proceedings for any of such purposes, shall have occurred and be continuing and (iv) the description of the business and financial information of TopCo and the Company to be included in the proxy statement/prospectus to be provided to the shareholders of the SPAC in connection with the

Transaction shall not be materially inconsistent with the information included in the investor presentation provided to Investor in connection with the sale of Shares.

4. Further Assurances. At or prior to the Closing, the parties hereto shall execute and deliver or cause to be executed and delivered such additional documents and take such additional actions as the parties may reasonably deem to be necessary in order to consummate the subscription as contemplated by this Subscription Agreement.

5. SPAC and TopCo Representations and Warranties. Each of SPAC, with respect only to the representations and warranties set forth below relating to SPAC, and TopCo, with respect only to the representations and warranties set forth below relating to TopCo, represents and warrants to the Investor that: (provided that no representation or warranty by SPAC or TopCo shall apply to any statement or information in the SEC Reports (as defined below) that relates to the topics referenced in the Statement (as defined below) (or any subsequent guidance, statements or interpretations issued by the SEC, the Staff or otherwise relating thereto), nor shall any correction, amendment or restatement of SPAC's financial statements due wholly or in part to the Statement, nor any other effects that relate to or arise out of, or are in connection with or in response to, the Statement or any changes in accounting or disclosure related thereto, be deemed to be a breach of any representation or warranty by SPAC or TopCo):

a. SPAC is an exempted company duly incorporated, validly existing and in good standing under the laws of the Cayman Islands (to the extent such concept exists in such jurisdiction). SPAC has all power (corporate or otherwise) and authority to own, lease and operate its properties and conduct its business as presently conducted and to enter into, deliver and perform its obligations under this Subscription Agreement. As of the Closing Date, following the Change of Legal Form, TopCo will be validly existing as a public limited liability company (*société anonyme*) under the laws of Luxembourg.

b. As of the Closing Date, the issue of the Shares will be duly authorized and, when issued and delivered to the Investor following prior full payment therefor in accordance with the terms of this Subscription Agreement, the Shares will be validly issued, fully paid and non-assessable and will not have been issued in violation of or subject to any preemptive or similar rights created under TopCo's Governing Documents (as defined in the Business Combination Agreement) as they will read following the Change of Legal Form or under the laws of Luxembourg.

c. This Subscription Agreement has been duly authorized, executed and delivered by SPAC and TopCo and, assuming that this Subscription Agreement constitutes the valid and binding agreement of the Investor, this Subscription Agreement constitutes a legal, valid and binding obligation of each of SPAC and TopCo enforceable against each of SPAC and TopCo in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, or (ii) principles of equity, whether considered at law or equity.

d. The issuance and sale of the Shares and the compliance by each of SPAC and TopCo with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein will not (i) conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of SPAC, TopCo or any of their subsidiaries pursuant to the terms of any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which SPAC or TopCo, as applicable, is a party or by which SPAC or TopCo, as applicable, is bound or to which any of the property or assets of SPAC or TopCo, as applicable, is subject that would reasonably be expected to have a material adverse effect on the ability of SPAC and TopCo to, as applicable, consummate the issuance of the Shares (a "Material Adverse Effect") or materially affect the validity of the Shares or the legal authority of SPAC, TopCo or any of their subsidiaries to comply in all material respects with the terms of this Subscription Agreement; (ii) result in any violation of the provisions of the organizational documents of SPAC or TopCo, as applicable; or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over SPAC or TopCo, as applicable, or any of their respective

properties that would reasonably be expected to have a Material Adverse Effect or materially affect the validity of the Shares or the legal authority of TopCo to comply in all material respects with this Subscription Agreement.

e. As of their respective dates, all reports (the "SEC Reports") required to be filed by SPAC with the U.S. Securities and Exchange Commission (the "SEC") complied in all material respects with the applicable requirements of the Securities Act and/or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations of the SEC promulgated thereunder, and none of the SEC Reports, when filed, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. The financial statements of SPAC included in the SEC Reports comply in all material respects with applicable accounting requirements and the rules and regulations of the SEC with respect thereto as in effect at the time of filing and fairly present in all material respects the financial position of SPAC as of and for the dates thereof and the results of operations and cashflows for the periods then ended, subject, in the case of unaudited statements, to normal, year-end audit adjustments. A copy of each SEC Report is available to the Investor via the SEC's EDGAR system. To the knowledge of SPAC, there are no material outstanding or unresolved comments in comment letters received by SPAC from the staff of the Division of Corporation Finance of the SEC with respect to any of the SEC Reports as of the date hereof. Notwithstanding anything to the contrary contained in this Agreement, no representation or warranty is made by SPAC with respect to matters covered by the Statement (as defined below) or other changes in accounting arising in connection with any required restatement of SPAC's historical financial statements, or as to any deficiencies in disclosure (including with respect to financial statement presentation or accounting and disclosure controls relating to the Statement) including as a result of any order, directive, guideline, comment or recommendation from the SEC that is applicable to SPAC.

f. SPAC and TopCo are not required to obtain any consent, waiver, authorization or order of, give any notice to, or make any filing or registration with, any court or other federal, state, local or other governmental authority, self-regulatory organization or other person in connection with the execution, delivery and performance by SPAC or TopCo of this Subscription Agreement (including, without limitation, the issuance of the Shares), other than (i) filings with the SEC, (ii) filings required by applicable state or local securities laws, (iii) filings required by any national securities exchange on which SPAC's or TopCo's securities are listed for trading, including with respect to obtaining approval of SPAC's shareholders, and (iv) filings that the failure of which to obtain would not be reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect.

No Other Subscription Agreement includes terms and conditions that are materially more advantageous to any such Other Investor than Investor hereunder, other than representations, warranties and terms particular to the regulatory requirements of such investor or its affiliates or related funds, and such Other Subscription Agreements have not been amended (including via a side letter or other agreement) in any material respect following the date of this Subscription Agreement.

h. Assuming the accuracy of the Investor's representations and warranties set forth in Section 6, no registration under the Securities Act is required for the offer and sale of the Shares by TopCo to the Investor hereunder. The Shares (i) were not offered by any form of general solicitation or general advertising and (ii) assuming the representations and warranties of TopCo are true and correct in all respects, are not being

offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws.

i. Except for such matters as have not had and would not be reasonably likely to have, individually or in the aggregate, a Material Adverse Effect, as of the date hereof, there is no (i) action, suit, claim or other proceeding, in each case by or before any governmental authority pending, or, to the knowledge of SPAC and TopCo, threatened against SPAC or TopCo or (ii) judgment, decree, injunction, ruling or order of any governmental entity or arbitrator outstanding against SPAC or TopCo.

As of the date hereof, SPAC has no subsidiaries and does not own, directly or indirectly, interests or investments (whether equity or debt) in any person, whether incorporated or unincorporated. m. TopCo and the SPAC are not, and immediately after receipt of payment for the Shares TopCo will not be, an “investment company” within the meaning of the Investment Company Act of 1940, as amended.

n. There are no securities or instruments issued by or to which TopCo is a party containing anti-dilution or similar provisions that will be triggered by the issuance of (i) the Shares or (ii) the shares to be issued pursuant to the Transaction (including the other shares issued in this offering), in either case that have not been or will not be validly waived on or prior to the Closing Date.

o. Other than agreements entered into with the Placement Agents, TopCo has not entered into any agreement or arrangement entitling any agent, broker, investment banker, financial advisor or other person to any broker's or finder's fee or any other commission or similar fee in connection with the transactions contemplated by this Subscription Agreement for which the Investor could become liable.

p. Neither TopCo, SPAC nor any of their respective directors, officers, employees or other persons acting on behalf of TopCo or SPAC for purposes of this Subscription Agreement. or any assignee of TopCo or SPAC, is (i) a person or entity named on the List of Specially Designated Nationals and Blocked Persons, the Executive Order 13599 List, the Foreign Sanctions Evaders List, or the Sectoral Sanctions Identification List, each of which is administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") or in any other Executive Order issued by the President of the United States and administered by OFAC (collectively, the "OFAC Lists") or any EU or other international sanctions list, or a person or entity prohibited by any OFAC sanctions program, (ii) owned, directly or indirectly, or controlled by, or acting on behalf of, one or more persons that are named on an OFAC List; (iii) organized, incorporated, established, located, resident or born in, or a citizen, national or the government, including any political subdivision, agency or instrumentality thereof, of, Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine or any other country or territory embargoed or subject to substantial trade restrictions by the United States, (iv) a Designated National as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515, or (v) a non-U.S. shell bank or providing banking services indirectly to a non-U.S. shell bank (each, a "Prohibited Investor"). TopCo and SPAC agree to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that TopCo and SPAC is permitted to do so under applicable law. If TopCo and SPAC is a financial institution subject to the Bank Secrecy Act (31 U.S.C. Section 5311 et seq.) (the "BSA"), as amended by the USA PATRIOT Act of 2001 (the "PATRIOT Act"), and its implementing regulations (collectively, the "BSA/PATRIOT Act"), TopCo or SPAC, as applicable, maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent required, TopCo or SPAC, as applicable, maintains policies and procedures reasonably designed to ensure compliance with OFAC-administered sanctions programs, including for the screening of its investors against the OFAC sanctions programs, including the OFAC Lists.

6. Investor Representations and Warranties. The Investor represents and warrants to TopCo and SPAC that:

a. The Investor, or each of the funds managed by or affiliated with the Investor for which the Investor is acting as nominee, as applicable, or any assignee of the Investor is a "non-US person"(as defined in Regulation S of the Securities Act).

b. The Investor (i) is an institutional account as defined in FINRA Rule 4512(c), (ii) is a sophisticated investor and has such knowledge and experience in investing in transactions of the type contemplated by this Subscription Agreement and capable of evaluating investment risks independently, both in general and with regard to all transactions and investment strategies involving a security or securities, including its participation in the subscription of the Shares, and (iii) has exercised independent judgment in evaluating its participation in the subscription of the Shares. Accordingly, the Investor understands that the offering meets (1) the exemptions from filing under FINRA Rule 5123(b)(1)(A) and (2) the institutional customer exemption under FINRA Rule 2111(b).

c. The Shares have not been registered under the Securities Act, and, absent an effective registration statement under the Securities Act, may not be offered, sold, transferred, pledged or otherwise disposed of by the Investor except in accordance with (i) Regulation S under the Securities Act or (ii) within the United States or to, or for the account or benefit of, U.S. persons, pursuant to an exemption from the registration requirements of the Securities Act and in accordance with any applicable securities laws of the states and other jurisdictions of the United States. Each Investor represents, warrants and undertakes that it has not offered or sold, and will not offer and sell any Shares (a) as part of their distribution at any time and (b) otherwise until six months after the later of the commencement of the Closing, except in accordance with Regulation S, and it has not and will not engage in any hedging transactions involving the Shares unless in compliance with the Securities Act.

d. The Investor acknowledges and agrees that the Shares are being offered in a transaction not involving any public offering within the meaning of the Securities Act and that the Shares have not been registered under the Securities Act or any other applicable securities laws. The Investor acknowledges and agrees that the Shares will be subject to transfer restrictions in the United States and, as a result of these transfer restrictions, the Investor may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Shares to a U.S. person and may be required to bear the financial risk of an investment in the Shares for an indefinite period of time. The Investor acknowledges and agrees that as a result of such restrictions, there may be a limited trading market for the Shares held by the Investor and its nominees and assignees. The Investor acknowledges and agrees that it has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Shares.

e. The Investor acknowledges and agrees that the Investor is subscribing for the Shares directly from TopCo. The Investor further acknowledges that there have been no representations, warranties, covenants and agreements made to the Investor by or on behalf of SPAC, TopCo, the Company, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or any other person or entity, expressly or by implication, in connection with Investor's subscription for the Shares, other than those representations, warranties, covenants and agreements of SPAC and TopCo expressly set forth in this Subscription Agreement.

f. The Investor's subscription for and holding of the Shares will not constitute or result in a non-exempt prohibited transaction under Section 406 of the Employee Retirement Income Security Act of 1974, as amended, Section 4975 of the Internal Revenue Code of 1986, as amended (the "Code"), or any applicable similar law.

g. The Investor acknowledges and agrees that the Investor has received such information as the Investor deems necessary in order to make an investment decision with respect to the Shares, including, with respect to SPAC, TopCo, the Transaction and the business of the Company and its direct and indirect subsidiaries and their respective affiliates and representatives. Without limiting the generality of the foregoing, the Investor acknowledges that it has reviewed the SEC Reports and other information as the Investor has deemed necessary to make an investment decision with respect to the Shares. The Investor acknowledges and agrees that the Investor and the Investor's professional advisor(s), if any, (i) have had the full opportunity to ask such questions, receive such answers and obtain such information from SPAC and TopCo as the Investor and such Investor's professional advisor(s), if any, have deemed necessary to make an investment decision with respect to the Shares and to obtain any additional information that SPAC or TopCo possessed or could acquire without unreasonable effort or expense, (ii) received, reviewed and understood the management presentation and financial information made available to it in connection with the subscription of the Shares and (iii) conducted and completed its own independent due diligence with respect to the Transaction. The Investor is relying exclusively on its own sources of information, investment analysis and due diligence (including professional advice it may deem appropriate) with respect to the Shares and the business, condition (financial and otherwise), management, operations, properties and prospects of SPAC, TopCo and the Company, including but not limited to all business, legal, regulatory, accounting, credit and tax matters.

h. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, SPAC, TopCo, the Company, Citigroup Global Markets Inc. ("Citi"), Morgan Stanley & Co. LLC ("Morgan Stanley"), Deutsche Bank Securities Inc. ("Deutsche Bank") and Credit Suisse Securities (USA) LLC ("Credit Suisse" and, together with Citi, Morgan Stanley and Deutsche Bank, the "Placement Agents"), any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the representations and warranties of SPAC and TopCo contained in Section 5 of this Subscription Agreement, in making its investment or decision to invest in the Shares. The Investor acknowledges that certain information provided to the Investor was based on projections, and such projections were prepared based on assumptions and estimates that are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially

from those contained in the projections. The Investor acknowledges that such information and projections were prepared without the participation of the Placement Agents and that the Placement Agents do not assume responsibility for independent verification of, or the accuracy or completeness of, such information or projections.

i. The Investor acknowledges that it is aware that there are substantial risks incident to the subscription and ownership of the Shares, including those set forth in the SEC Reports and the investor presentation provided by SPAC. The Investor is able to fend for itself in the transactions contemplated herein, has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares, and the Investor has sought such accounting, legal and tax advice as the Investor has considered necessary to make an informed investment decision and has made its own assessment and has satisfied itself concerning relevant tax and other economic considerations relative to its subscription of the Shares. The Investor acknowledges that the Investor shall be responsible for any of the Investor's tax and/or financial liabilities that may arise as a result of the transactions contemplated by this Subscription Agreement, and that neither SPAC nor the Company has provided any tax or financial advice or any other representation or guarantee regarding the tax or financial consequences of the transactions contemplated by the Subscription Agreement or the Transaction. The Investor will not look to the Placement Agents for all or part of any such loss or losses the Investor may suffer, is able to sustain a complete loss on its investment in the Shares, has no need for liquidity with respect to its investment in the Shares and has no reason to anticipate any change in circumstances, financial or otherwise, which may cause or require any sale or distribution of all or any part of the Shares.

j. Alone, or together with any professional advisor(s), the Investor has adequately analyzed and fully considered the risks of an investment in the Shares and determined that the Shares are a suitable investment for the Investor and that the Investor is able at this time and in the foreseeable future to bear the economic risk of a total loss of the Investor's investment in TopCo. The Investor acknowledges specifically that a possibility of total loss exists.

k. The Investor has determined based on its own independent review and such professional advice as it deems appropriate that its subscription of the Shares and participation in the Transaction (i) are fully consistent with its financial needs, objectives and condition, (ii) comply and are fully consistent with all investment policies, guidelines and other restrictions applicable to it, (iii) has been duly authorized and approved by all necessary action and (iv) is a fit, proper and suitable investment for it, notwithstanding the substantial risks inherent in investing in or holding the Shares.

l. In making its decision to subscribe for the Shares, the Investor has relied solely upon independent investigation made by the Investor, has independently made its own analysis and decision to enter into this Subscription Agreement and subscribe for the Shares, in each case, based on such information as such Investor has deemed appropriate and without reliance upon any of the Placement Agents or any of their affiliates and is able to fend for itself in the transactions contemplated herein. Without limiting the generality of the foregoing, the Investor has not relied on any statements or other information provided by or on behalf of any Placement Agent or any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing concerning SPAC, TopCo, the Company, the Transaction, the Business Combination Agreement, this Subscription Agreement or the transactions contemplated hereby or thereby, the Shares or the offer and issuance of the Shares.

m. The Investor acknowledges that the Placement Agents: (i) have not provided the Investor with any information, recommendation or advice with respect to the Shares, (ii) have not made and do not make any representation, express or implied as to SPAC, TopCo, the Company, the Company's credit quality, the Shares or the Investor's subscription of the Shares, (iii) have not acted as the Investor's financial advisor or fiduciary in connection with the issue and subscription of Shares, (iv) may have existing or future business relationships with SPAC, TopCo and the Company (including, but not limited to, lending, depository, risk management, advisory and banking relationships) and will pursue actions and take steps that it deems or they deem necessary or

appropriate to protect its or their interests arising therefrom without regard to the consequences for a holder of Shares, and that certain of these actions may have material and adverse consequences for a holder of Shares and (v) none of the Placement Agents will have any responsibility to the Investor with respect to (x) any representations, warranties or agreements made by any person or entity under or in connection with the Subscription Agreement or any of the documents furnished pursuant thereto or in connection therewith, or the execution, legality, validity or enforceability (with respect to any person) thereof, or (y) the business, affairs, financial condition, operations, properties or prospects of, or any other matter concerning SPAC, TopCo, the Company or the Transaction.

n. The Investor acknowledges that it has not relied on the Placement Agents in connection with its determination as to the legality of its subscription of the Shares or as to the other matters referred to herein and the Investor has not relied on any investigation that the Placement Agents, any of their respective affiliates or any person acting on their behalf have conducted with respect to the Shares, SPAC, TopCo or the Company. The Investor further acknowledges that it has not relied on any information contained in any research reports prepared by the Placement Agents or any of their respective affiliates.

o. The Investor acknowledges and agrees that no federal or state agency has passed upon or endorsed the merits of the offering of the Shares or made any findings or determination as to the fairness of this investment.

p. The Investor has been duly formed or incorporated and is validly existing and is in good standing under the laws of its jurisdiction of formation or incorporation (to the extent such concept exists in such jurisdiction), with power and authority to enter into, deliver and perform its obligations under this Subscription Agreement.

q. The execution, delivery and performance by the Investor of this Subscription Agreement and the transactions contemplated herein are within the powers of the Investor, have been duly authorized and will not constitute or result in a breach, violation or default under or conflict with any statute, order, ruling or regulation of any court or other tribunal or of any governmental commission or agency, or any agreement or other undertaking, to which the Investor is a party or by which the Investor is bound in each case, which would reasonably be expected to have a material adverse effect on the legal authority of the Investor to enter into and perform its obligations under this Subscription Agreement, which would reasonably be expected to materially affect the legal authority of the Investor to comply in all respects with the terms of this Subscription Agreement, and, if the Investor is not an individual, will not violate any provisions of the Investor's organizational documents, including, without limitation, its incorporation or formation papers, bylaws, indenture of trust or partnership or operating agreement, as may be applicable. The signature of the Investor on this Subscription Agreement is genuine, and the signatory, if the Investor is an individual, has legal competence and capacity to execute the same or, if the Investor is not an individual, the signatory has been duly authorized to execute the same, and, assuming that this Subscription Agreement constitutes the valid and binding obligation of SPAC and TopCo, this Subscription Agreement constitutes a legal, valid and binding obligation of the Investor, enforceable against the Investor in accordance with its terms except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, and (ii) principles of equity, whether considered at law or equity.

r. Neither the Investor nor any of its directors, officers, employees or other persons acting on behalf of the Investor for purposes of this Subscription Agreement, or any assignee of the Investor, is a Prohibited Investor. The Investor agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that the Investor is permitted to do so under applicable law. If the Investor is a financial institution subject to the BSA/PATRIOT Act, the Investor maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent required, it maintains policies and procedures reasonably designed to ensure compliance with OFAC-administered sanctions programs, including for the screening of its investors against the OFAC sanctions programs, including the OFAC

Lists. To the extent required by applicable law, the Investor maintains policies and procedures reasonably designed to ensure that the funds held by the Investor and used to purchase the Shares were legally derived and were not obtained, directly or indirectly, from a Prohibited Investor.

s. No foreign person (as defined in 31 C.F.R. Part 800.224) in which the national or subnational governments of a single foreign state have a substantial interest (as defined in 31 C.F.R. Part 800.244) will acquire a substantial interest in TopCo as a result of the subscription of Shares hereunder such that a declaration to the Committee on Foreign Investment in the United States would be mandatory under 31 C.F.R. Part 800.401, and no foreign person will have control (as defined in 31 C.F.R. Part 800.208) over TopCo from and after the Closing as a result of the subscription of Shares hereunder.

t. No disclosure or offering document has been prepared by the Placement Agents or any of their respective affiliates in connection with the offer and issuance of the Shares.

u. The Investor acknowledges that neither the Placement Agents, nor any of their respective affiliates nor any control persons, officers, directors, employees, partners, agents or representatives, legal counsel, financial advisors or accountants (collectively, "Representatives") of any of the foregoing have made any independent investigation with respect to SPAC, TopCo, the Company or its subsidiaries or any of their respective businesses, or the Shares or the accuracy, completeness or adequacy of any information supplied to the Investor by SPAC or TopCo. The Investor acknowledges and agrees that neither the Placement Agents nor any Representative of the Placement Agents have provided the Investor with any information or advice with respect to the Shares nor is such information or advice necessary or desired. In connection with the issue and subscription of the Shares, the Investor acknowledges that each Placement Agent is acting solely as Company's placement agent in connection with the issuance of the Shares and is not acting as an underwriter or in any other capacity and is not and shall not be construed as a fiduciary or financial advisor for the Investor, the Company or any other person or entity.

v. The Investor agrees that the Placement Agents shall not be liable to the Investor for any action heretofore or hereafter taken or omitted to be taken by the Placement Agents or have any liability or obligation (including without limitation, for or with respect to any losses, claims, damages, obligations, penalties, judgments, awards, liabilities, costs, expenses or disbursements incurred by the Investor, the Company or any other person or entity), whether in contract, tort, under federal or state securities laws or otherwise, to any Investor, or to any person claiming through such Investor, in respect of the Transaction and, on behalf of itself and its affiliates, releases the Placement Agents in respect of all such liabilities or obligations. In connection with the issue and subscription of the Shares, the Placement Agents have not acted as the Investor's financial advisor or fiduciary. The Investor agrees not to commence any litigation or bring any claim against any of the Placement Agents in any court or any other forum which relates to, may arise out of, or is in connection with, the Transaction. This undertaking is given freely and after obtaining independent legal advice.

w. The Investor is an entity having total liquid assets and net assets in excess of the Subscription Amount as of the date hereof and has or has commitments to have and, when required to deliver payment to TopCo pursuant to Section 2 above, will have, sufficient immediately available funds to pay the Subscription Amount and consummate the subscription of the Shares pursuant to this Subscription Agreement regardless of any intention to assign the Shares.

x. The Investor acknowledges that Morgan Stanley and Credit Suisse are acting as financial advisors to the Company in connection with the Transaction and are also Placement Agents. The Investor understands and acknowledges that Morgan Stanley's and Credit Suisse's roles as financial advisors to the Company may give rise to potential conflicts of interest or the appearance thereof and that these conflicts may potentially conflict with, or be adverse to, the Investor's interests. The Investor hereby waives, to the fullest extent permitted by law, any claims it may have based on any actual or potential conflict of interest or similar claim, whether known or unknown, contingent or otherwise and wherever and whenever arising in connection with, relating to or arising from Morgan Stanley or Credit Suisse acting as financial advisors to the Company. The Investor further

acknowledges that Deutsche Bank and Citi will receive deferred underwriting commissions as disclosed in the SPAC's prospectus, dated September 16, 2020, upon the closing of the Transaction.

y. Investor acknowledges that (i) the Staff of the SEC issued the Staff Statement on Accounting and Reporting Considerations for Warrants Issued by Special Purpose Acquisition Companies on April 12, 2021 (the "Statement") and, (ii) SPAC continues to review the Statement and its implications, including on the financial statements and other information included in the SEC Reports and (iii) any restatement, revision or other modification of the SEC Reports in connection with such review of the Statement or any other required changes in the SEC Reports, including as a result of any order, directive, guideline, comment or recommendation from the SEC that is applicable to SPAC shall be deemed not material for purposes of this Agreement.

7. Registration Rights.

a. TopCo agrees that, as soon as reasonably practicable, but no later than thirty (30) calendar days, after the Closing Date (the "Filing Deadline"), it will file with the SEC (at its sole cost and expense) a registration statement registering the resale of the Shares (the "Registration Statement"), and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof, but no later than the earlier of (i) sixty (60) calendar days after the filing thereof (or ninety (90) calendar days after the filing thereof if the SEC notifies TopCo that it will "review" the Registration Statement) and (ii) ten (10) business days after TopCo is notified (orally or in writing, whichever is earlier) by the SEC that the Registration Statement will not be "reviewed" or will not be subject to further review (such date, the "Effectiveness Date"). In connection with the foregoing, the Investor shall not be required to execute any lock-up or similar agreement or otherwise be subject to any contractual restriction on the ability to transfer the Shares. TopCo shall provide a draft of the Registration Statement and any amendment thereto to the Investor for review at least two (2) business days in advance of the filing of the Registration Statement or such amendment, as the case may be. TopCo shall notify the Investor of the effectiveness of the Registration Statement and of any post-effective amendment thereto in accordance with Section 7(b) below. TopCo shall file with the SEC a final form of prospectus pursuant to Rule 424 (or successor thereto) under the Securities Act no later than the second business day after the Effectiveness Date. The Registration Statement shall include a "plan of distribution" that permits all lawful means of disposition of the Shares by the Investor, including block sales, agented transactions, sales directly into the market and other customary provisions (but, excluding for the avoidance of doubt, underwritten offerings). At its expense, TopCo agrees to cause such Registration Statement, or another shelf registration statement that includes the Shares to be subscribed for pursuant to this Subscription Agreement, except for such times as TopCo is permitted hereunder to suspend the use of the prospectus forming part of a Registration Statement, use its commercially reasonable efforts to keep such registration, and any qualification, exemption or compliance under state securities laws which TopCo determines to obtain, continuously effective with respect to the Investor, and to keep the applicable Registration Statement or any subsequent shelf registration statement free of any material misstatements or omissions, to remain effective until the earliest of (i) the third anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 without the public information, volume or manner of sale limitations of such rule (such date, the "End Date"). Prior to the End Date, TopCo will use commercially reasonable efforts to qualify the Shares for listing on any relevant stock exchange. The Investor agrees to disclose its ownership to TopCo upon request to assist it in making the determination with respect to Rule 144 described in clause (iii) above. TopCo may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form F-3 or S-3 at such time after TopCo becomes eligible to use such Form F-3 or S-3. The Investor acknowledges and agrees that TopCo may suspend the use of any such registration statement if it determines that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under the Exchange Act, or if such suspension arises out of, or is a result of, or is related to or is in connection

with the Statement or related accounting, disclosure or other matters, provided, that, (I) TopCo shall not so delay filing or so suspend the use of the Registration Statement for a period of more than sixty (60) consecutive days or more than a total of one hundred-twenty (120) calendar days in any three hundred sixty (360) day period and (II) TopCo shall use commercially reasonable efforts to make such Registration Statement available for the sale by the Investor of such securities as soon as practicable thereafter. TopCo's obligations to include the Shares issued pursuant to this Subscription Agreement (or shares issued in exchange therefor) for resale in the Registration Statement are contingent upon the Investor furnishing in writing to TopCo such information regarding the Investor, the securities of TopCo held by the Investor and the intended method of disposition of such Shares, which shall be limited to non-underwritten public offerings, as shall be reasonably requested by TopCo to effect the registration of such Shares, and shall execute such documents in connection with such registration as TopCo may reasonably request that are customary of a selling shareholder in similar situations. Any failure by TopCo to file the Registration Statement by the Filing Deadline or to effect such Registration Statement by the Effectiveness Deadline shall not otherwise relieve TopCo of its obligations to file or effect the Registration Statement as set forth above in this Section 7.

b. At its expense, TopCo shall:

i. advise the Investor, as expeditiously as possible, but in any event within five (5) business days: (A) when such Registration Statement or any post-effective amendment thereto has become effective; (B) of the issuance by the SEC of any stop order suspending the effectiveness of any Registration Statement or the initiation of any proceedings for such purpose; (C) of the receipt by TopCo of any notification with respect to the suspension of the qualification of the Shares included therein for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose; and (D) subject to the provisions in this Subscription Agreement, of the occurrence of any event that requires the making of any changes in any Registration Statement or prospectus so that, as of such date, the statements therein are not misleading and do not omit to state a material fact required to be stated therein or necessary to make the statements therein (in the case of a prospectus, in the light of the circumstances under which they were made) not misleading. Notwithstanding anything to the contrary set forth herein, TopCo shall not, when so advising the Investor of such events provide the Investor with any material, nonpublic information regarding TopCo other than to the extent that providing notice to the Investor of the occurrence of the events listed in (A) through (D) above constitutes material, nonpublic information regarding TopCo;

ii. use its commercially reasonable efforts to obtain the withdrawal of any order suspending the effectiveness of any Registration Statement as soon as reasonably practicable;

iii. upon the occurrence of any event contemplated in Section 8(b)(i)(D) above, except for such times as TopCo is permitted hereunder to suspend, and has suspended, the use of a prospectus forming part of a Registration Statement, TopCo shall use its commercially reasonable efforts to as soon as reasonably practicable prepare a post-effective amendment to such Registration Statement or a supplement to the related prospectus, or file any other required document so that, as thereafter delivered to purchasers of the Shares included therein, such prospectus will not include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

iv. use its commercially reasonable efforts to cause all Shares to be listed on each securities exchange or market, if any, on which the ordinary shares of TopCo are listed;

v. use its commercially reasonable efforts to take all other steps necessary to effect the registration of the resale of the Shares contemplated hereby and to enable the Investor to sell the Shares under Rule 144; and

vi. otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the Investor, consistent with the terms of this Agreement, in connection with the registration of the resale of the Shares.

c. TopCo shall not hereafter enter into, and is not currently a party to, any agreement with respect to its securities that is inconsistent in any material respect with, or superior to, the registration rights granted to the Investor by this Subscription Agreement, other than the Investor Rights and Lock-Up Agreement, by and between TopCo, the Company, Oaktree Acquisition Holdings II, L.P. and the other parties thereto. Notwithstanding any other rights and remedies the Investor may have in respect of TopCo pursuant to this Subscription Agreement, if TopCo enters into any other registration rights or similar agreement with respect to any of its securities that contains provisions that violate the preceding sentence, the terms and conditions of this Subscription Agreement shall immediately be deemed to have been amended without further action by TopCo or the Investor so that the Investor shall be entitled to the benefit of any such more favorable or less restrictive terms or conditions, as the case may be.

8. Indemnification.

a. TopCo agrees to indemnify, to the extent permitted by law, the Investor, its directors, officers, partners, managers, members, investment advisors, employees, agents and each person who controls the Investor (within the meaning of the Securities Act), against all losses, claims, damages, liabilities and reasonable and documented out of pocket expenses (including, without limitation, reasonable and documented attorneys' fees of one law firm and one local counsel in each applicable jurisdiction) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, prospectus included in any Registration Statement ("Prospectus") or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, in the light of the circumstances under which they were made) not misleading, except insofar as the same are caused by or contained in any information or affidavit so furnished in writing to TopCo by or on behalf of the Investor expressly for use therein or such Investor has omitted a material fact from such information or otherwise violated the Securities Act, Exchange Act or any state securities law or any other law, rule or regulation thereunder; *provided, however*, that the indemnification contained in this Section 8.a shall not apply to amounts paid in settlement of any losses, claims, damages, liabilities and out of pocket expenses if such settlement is effected without the consent of TopCo (which consent shall not be unreasonably withheld, conditioned or delayed), nor shall TopCo be liable for any losses, claims, damages, liabilities and out of pocket expenses to the extent they arise out of or are based upon a violation which occurs (A) in reliance upon and in conformity with written information furnished by the Investor expressly for use in the Prospectus, (B) in connection with any failure of the Investor to deliver or cause to be delivered a prospectus made available by TopCo in a timely manner, (C) as a result of offers or sales effected by or on behalf of the Investor by means of a "free writing prospectus" (as defined in Rule 405 under the Securities Act) that was not authorized in writing by TopCo, or (D) in connection with any offers or sales effected by or on behalf of the Investor in violation of Section 7 hereof.

b. In connection with any Registration Statement in which the Investor is participating, the Investor shall furnish (or cause to be furnished) to TopCo in writing such information and affidavits as TopCo reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify TopCo, its directors, officers, agents, employees and each person or entity who controls TopCo (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and reasonable and documented out of pocket expenses (including, without limitation, reasonable and documented attorneys' fees of one law firm) resulting from any untrue or alleged untrue statement of material fact contained or incorporated by reference in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, in the light of the circumstances under which they were made) not misleading, but only to the extent that such untrue statement or omission is contained (or not contained in, in the case of an omission) in any information or affidavit so furnished in writing by on behalf of the Investor expressly for use therein; *provided, however*, that the liability of the Investor shall be

several and not joint with any other investor and shall be in proportion to and limited to the net proceeds actually received by the Investor from the sale of Shares giving rise to such indemnification obligation.

c. Any person or entity entitled to indemnification herein shall (A) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (*provided* that the failure to give prompt notice shall not impair any person's or entity's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (B) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement includes a statement or admission of fault and culpability on the part of such indemnified party or which does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

d. The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person or entity of such indemnified party and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.

e. If the indemnification provided under this Section 8 from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations; provided, however, that the total liability of the Investor in this Section 8 shall be limited to the net proceeds actually received by such Investor from the sale of Shares giving rise to such indemnification and/or contribution obligation. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by (or not made by, in the case of an omission), or relates to information supplied by (or not supplied by, in the case of an omission), such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 8.e from any person or entity who was not guilty of such fraudulent misrepresentation.

9. Termination. This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, (x) upon the earliest to occur of (a) such date and time as the Business Combination Agreement is terminated in accordance with its terms without being consummated, (b) upon the mutual written agreement of each of the parties hereto and the Company to terminate this Subscription Agreement, (c) SPAC's

and TopCo's notification to the Investor in writing that they have, with the prior written consent of the Company, abandoned their plans to move forward with the Transaction and/or terminated the Investor's obligations with respect to the subscription without the issuance of the Shares having occurred, and (d) the delivery of a notice of termination of this Subscription Agreement by the Investor to SPAC and TopCo following the date that is 30 days after the Termination Date (as defined in the Business Combination Agreement as in effect on the date hereof), if the Closing has not occurred by such date (provided, that the right to terminate this Subscription Agreement pursuant to this clause (d) shall not be available to the Investor if the Investor's or its assignee's breach of any of its covenants or obligations under this Subscription Agreement (or if an affiliate of the Investor is one of the Investors under an Other Subscription Agreement, such other Investor's breach of any of its covenants or obligations under the Other Subscription Agreement) either individually or in the aggregate, shall have proximately caused the failure of the consummation of the Transaction on or before the such date), or (y) if any of the conditions to Closing set forth in Section 3 of this Subscription Agreement are (i) not satisfied or waived on or prior to the closing of the Transaction or (ii) not capable of being satisfied on or prior to the closing of the Transaction and, in each case of (i) and (ii), as a result thereof, the transactions contemplated by this Subscription Agreement will not be and are not consummated at the closing of the Transaction (the termination events described in clauses (x) and (y) above, collectively, the "Termination Events"); provided that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination, and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from any such willful breach. SPAC shall notify the Investor in writing of the termination of the Business Combination Agreement promptly after the termination of such agreement. Upon the occurrence of any Termination Event, this Subscription Agreement shall be void and of no further effect and any monies paid by the Investor to TopCo in connection herewith shall promptly (and in any event within one (1) business day) following the Termination Event be returned to the Investor.

10. Trust Account Waiver. The Investor acknowledges that SPAC is a blank check company with the powers and privileges to effect a merger, asset acquisition, reorganization or similar business combination involving SPAC and one or more businesses or assets. The Investor further acknowledges that, as described in SPAC's prospectus relating to its initial public offering dated September 16, 2020 (the "Prospectus") available at www.sec.gov, substantially all of SPAC's assets consist of the cash proceeds of SPAC's initial public offering and private placement of its securities, and substantially all of those proceeds have been deposited in a trust account (the "Trust Account") for the benefit of SPAC, its public shareholders and the underwriters of SPAC's initial public offering. Except with respect to interest earned on the funds held in the Trust Account that may be released to SPAC to pay its tax obligations and to fund certain of its working capital requirements, the cash in the Trust Account may be disbursed only for the purposes set forth in the Prospectus. For and in consideration of SPAC entering into this Subscription Agreement, the receipt and sufficiency of which are hereby acknowledged, the Investor hereby irrevocably waives any and all right, title and interest, or any claim of any kind it has or may have in the future, in or to any monies held in the Trust Account, and agrees not to seek recourse against the Trust Account as a result of, or arising out of, this Subscription Agreement; provided, however, that nothing in this Section 10 shall be deemed to limit the Investor's right, title, interest or claim to any monies held in the Trust Account by virtue of its record or beneficial ownership of Shares currently outstanding on the date hereof, pursuant to a validly exercised redemption right with respect to any such Shares, except to the extent that the Investor has otherwise agreed in writing with SPAC to not exercise such redemption right.

11. Miscellaneous.

a. This Subscription Agreement and any rights that may accrue to the parties hereunder (other than the Shares subscribed hereunder, if any) may be transferred or assigned without the prior written consent of each of the other parties hereto; provided that prior to such assignment any such assignee shall agree in writing to be bound by the terms hereof; provided, that no assignment pursuant to this Section 11.a shall relieve the Investor of its obligations hereunder and the Investor shall remain primarily liable for the subscription of the Shares.

b. SPAC and TopCo may request from the Investor such additional information as SPAC and/or TopCo may reasonably deem necessary to register the resale of the Shares and evaluate the eligibility of the Investor to subscribe for the Shares, and the Investor shall promptly provide such information as may reasonably be requested to the extent readily available and to the extent consistent with its internal policies and procedures; provided that, each of SPAC and TopCo agrees to keep any such information provided by the Investor confidential except (i) as necessary to include in any registration statement TopCo is required to file hereunder, (ii) as required by applicable federal securities law or pursuant to other routine proceedings of regulatory authorities or (iii) to the extent such disclosure is required by law, at the request of the staff of the SEC or regulatory agency or under the regulations of any national securities exchange on which SPAC's or TopCo's securities are listed for trading. The Investor acknowledges and agrees that if it does not provide SPAC and/or TopCo with such requested information, TopCo may not be able to register the Investor's Shares for resale pursuant to Section 7 hereof. The Investor acknowledges that SPAC and/or TopCo may file a copy of this Subscription Agreement (or a form of this Subscription Agreement) with the SEC as an exhibit to a periodic report or a registration statement of SPAC and/or TopCo.

c. The Investor acknowledges that SPAC, TopCo, the Company and the Placement Agents will rely on the acknowledgments, understandings, agreements, representations and warranties contained in this Subscription Agreement. Prior to the Closing, the Investor agrees to promptly notify SPAC, TopCo and the Placement Agents if any of the acknowledgments, understandings, agreements, representations and warranties set forth in Section 6 above are no longer accurate in any material respect (other than those acknowledgments, understandings, agreements, representations and warranties qualified by materiality, in which case the Investor shall notify SPAC, TopCo and the Placement Agents if they are no longer accurate in any respect), except to the extent that any such representation and warranty expressly speaks as of an earlier date.. Prior to the Closing, TopCo agrees to promptly notify the Investor if any of the Investor's acknowledgments, understandings, agreements, representations and warranties herein (as modified by any such notice) of TopCo set forth herein are no longer accurate.

d. SPAC, TopCo, the Company, the Placement Agents and the Investor are each entitled to rely upon this Subscription Agreement and each is irrevocably authorized to produce this Subscription Agreement or a copy hereof to any interested party in any administrative or legal proceeding or official inquiry with respect to the matters covered hereby; provided, however, that the foregoing clause of this Section 11.d shall not give the Company or the Placement Agents any rights other than those expressly set forth herein and, without limiting the generality of the foregoing and for the avoidance of doubt, in no event shall the Company be entitled to rely on any of the representations and warranties of SPAC and TopCo set forth in this Subscription Agreement.

e. The Investor hereby acknowledges and agrees that it will not, nor will any assignee of the Investor or any person acting at the Investor's direction or pursuant to any understanding with Investor (including Investor's controlled affiliates), directly or indirectly, offer, sell, pledge, contract to sell, sell any option in, or engage in hedging activities or execute any "short sales" (as defined in Rule 200 of Regulation SHO under the Exchange Act) with respect to, any Shares or any securities of SPAC or any instrument exchangeable for or convertible into any Shares or any securities of SPAC until the consummation of the Transaction (or such earlier termination of this Subscription Agreement in accordance with its terms). For the avoidance of doubt, this Section 11.e shall not apply to any sale (including the exercise of any redemption right) of securities of SPAC (i) held by the Investor, its controlled affiliates or any person or entity acting on behalf of the Investor or any of its controlled affiliates prior to the execution of this Subscription Agreement or (ii) purchased by the Investor, its controlled affiliates or any person or entity acting on behalf of the Investor or any of its controlled affiliates in open market transactions after the execution of this Subscription Agreement. Notwithstanding the foregoing, (i) nothing herein shall prohibit any entities under common management with the Investor that have no knowledge of this Subscription Agreement or of the Investor's participation in the transactions contemplated hereby (including the Investor's controlled affiliates and/or affiliates) from entering into any short sales; (ii) in the case of an Investor that is a multi-managed investment vehicle whereby separate portfolio managers manage separate portions of such

Investor's assets and the portfolio managers have no knowledge of the investment decisions made by the portfolio managers managing other portions of such Investor's assets, this Section 11.e shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to subscribe for the Shares covered by this Subscription Agreement.

f. All of the agreements, representations and warranties made by each party hereto in this Subscription Agreement shall survive the Closing.

g. This Subscription Agreement may not be amended, modified, waived or terminated (other than pursuant to the terms of Section 9 above) except by an instrument in writing, signed by each of the parties hereto, provided, however, that no modification or waiver by SPAC or TopCo of the provisions of this Subscription Agreement shall be effective without the prior written consent of the Company (other than modifications or waivers that are solely ministerial in nature or otherwise immaterial and do not affect any economic or any other material term of this Subscription Agreement). No failure or delay of any party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.

h. This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties, with respect to the subject matter hereof. Except as set forth in Section 9, Section 11.c, Section 11.d, Section 11.g, this Section 11.h, the last sentence of Section 11.l and Section 12 with respect to the persons specifically referenced therein, and Section 6 with respect to the Placement Agents, this Subscription Agreement shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and assigns, and the parties hereto acknowledge that such persons so referenced are third party beneficiaries of this Subscription Agreement with right of enforcement for the purposes of, and to the extent of, the rights granted to them, if any, pursuant to the applicable provisions; provided, that, notwithstanding anything to the contrary contained in this Subscription Agreement, the Company is an intended third party beneficiary of each of the provisions of this Subscription Agreement.

i. Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assigns, and the agreements, representations, warranties, covenants and acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, executors, administrators, successors, legal representatives and permitted assigns.

j. If any provision of this Subscription Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Subscription Agreement shall not in any way be affected or impaired thereby and such provisions shall continue in full force and effect.

k. This Subscription Agreement may be executed in one or more counterparts (including by facsimile or electronic mail or in .pdf) and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document. All counterparts so executed and delivered shall be construed together and shall constitute one and the same agreement. Counterparts may be delivered via facsimile, electronic mail (including any electronic signature covered by the U.S. federal ESIGN Act of 2000, Uniform Electronic Transactions Act, the Electronic Signatures and Records Act or other applicable law, e.g., www.docusign.com) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

l. The parties hereto acknowledge and agree that irreparable damage would occur in the event that any of the provisions of this Subscription Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to seek an injunction or injunctions to prevent breaches of this Subscription Agreement in any court of competent jurisdiction, without posting a bond or undertaking and without proof of damages, to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise. The parties hereto acknowledge and agree that the Company shall be entitled to specifically enforce the Investor's obligations to fund the Subscription Amount and the provisions of the Subscription Agreement of which the Company is an express third party beneficiary, in each case, on the terms and subject to the conditions set forth herein.

m. If any change in the number, type or classes of authorized shares of TopCo (including the Shares), other than as contemplated by the Business Combination Agreement or any agreement contemplated by the Business Combination Agreement, shall occur between the date hereof and immediately prior to the Closing by reason of reclassification, recapitalization, stock split (including reverse stock split) or combination, exchange or readjustment of shares, or any stock dividend, the number of Shares issued to the Investor shall be appropriately adjusted to reflect such change.

n. This Subscription Agreement shall be governed by and construed in accordance with the laws of the State of New York (regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof) as to all matters (including any action, suit, litigation, arbitration, mediation, claim, charge, complaint, inquiry, proceeding, hearing, audit, investigation or reviews by or before any governmental entity related hereto), including matters of validity, construction, effect, performance and remedies.

o. Each party hereto hereby, and any person asserting rights as a third party beneficiary may do so only if he, she or it, irrevocably agrees that any action, suit or proceeding between or among the parties hereto, whether arising in contract, tort or otherwise, arising in connection with any disagreement, dispute, controversy or claim arising out of or relating to this Subscription Agreement or any related document or any of the transactions contemplated hereby or thereby ("Legal Dispute") shall be brought only to the exclusive jurisdiction of the courts of the State of New York or the federal courts located in the State of New York, and each party hereto hereby consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding that is brought in any such court has been brought in an inconvenient forum. During the period a Legal Dispute that is filed in accordance with this Section 11.o is pending before a court, all actions, suits or proceedings with respect to such Legal Dispute or any other Legal Dispute, including any counterclaim, cross-claim or interpleader, shall be subject to the exclusive jurisdiction of such court. Each party hereto and any person asserting rights as a third party beneficiary may do so only if he, she or it hereby waives, and shall not assert as a defense in any Legal Dispute, that (a) such party is not personally subject to the jurisdiction of the above named courts for any reason, (b) such action, suit or proceeding may not be brought or is not maintainable in such court, (c) such party's property is exempt or immune from execution, (d) such action, suit or proceeding is brought in an inconvenient forum, or (e) the venue of such action, suit or proceeding is improper. A final judgment in any action, suit or proceeding described in this Section 11.o following the expiration of any period permitted for appeal and subject to any stay during appeal shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable laws. EACH OF THE PARTIES HERETO AND ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY MAY DO SO ONLY IF HE, SHE OR IT IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY ON ANY CLAIMS OR COUNTERCLAIMS ASSERTED IN ANY LEGAL DISPUTE RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY AND FOR ANY COUNTERCLAIM RELATING THERETO. IF THE SUBJECT MATTER OF ANY SUCH LEGAL DISPUTE IS ONE IN WHICH

THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL ASSERT IN SUCH LEGAL DISPUTE A NONCOMPULSORY COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. FURTHERMORE, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL SEEK TO CONSOLIDATE ANY SUCH LEGAL DISPUTE WITH A SEPARATE ACTION OR OTHER LEGAL PROCEEDING IN WHICH A JURY TRIAL CANNOT BE WAIVED.

Any notice or communication required or permitted hereunder to be given among the parties shall be in writing and either delivered personally, emailed or sent by overnight mail via a reputable overnight carrier, or sent by certified or registered mail, postage prepaid, to such address(es) or email address(es) set forth on the signature page hereto, and shall be deemed to be given and received (i) when so delivered personally, (ii) when sent, with no mail undeliverable or other rejection notice, if sent by email, or (iii) three (3) business days after the date of mailing to the address below or to such other address or addresses as the Investor may hereafter designate by notice to SPAC and TopCo.

q. The obligations of the Investor under this Subscription Agreement are several and not joint with the obligations of any Other Investor under the Other Subscription Agreements, and the Investor shall not be responsible in any way for the performance of any Other Investor.

12. Non-Reliance and Exculpation. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation, warranty or other information made or provided by any person, firm or corporation (including, without limitation, the Placement Agents, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the statements, representations and warranties of SPAC and TopCo expressly contained in Section 5 of this Subscription Agreement, in making its investment or decision to invest in TopCo. The Investor acknowledges

and agrees that none of (i) any other investor pursuant to this Subscription Agreement or any other subscription agreement related to the private placement of the Shares (including the investor's respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), (ii) the Placement Agents, their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or (iii) any other party to the Business Combination Agreement or any Non-Party Affiliate (other than SPAC with respect to the previous sentence), shall have any liability to the Investor, or to any other investor, pursuant to, arising out of or relating to this Subscription Agreement or any other subscription agreement related to the private placement of the Shares, the negotiation hereof or thereof or its subject matter, or the transactions contemplated hereby or thereby, including, without limitation, with respect to any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the subscription of the Shares or with respect to any claim (whether in tort, contract or otherwise) for breach of this Subscription Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, as expressly provided herein, or for any actual or alleged inaccuracies, misstatements or omissions with respect to any information or materials of any kind furnished by SPAC, TopCo, the Company, the Placement Agents or any Non-Party Affiliate concerning SPAC, TopCo, the Company, the Placement Agents, any of their respective controlled affiliates, this Subscription Agreement or the transactions contemplated hereby. For purposes of this Subscription Agreement, "Non-Party Affiliates" means each former, current or future officer, director, employee, partner, member, manager, direct or indirect equityholder or affiliate of SPAC, TopCo, the Company, the Placement Agents or any of SPAC's, TopCo's, the Company's or the Placement Agents' respective controlled affiliates or any family member of the foregoing.

13. Disclosure. SPAC shall, on the first (1st) business day immediately following the date of this Subscription Agreement, issue one or more press releases or file with the SEC a Current Report on Form 8-K (collectively, the "Disclosure Document") disclosing all material terms of the transactions contemplated hereby and by the Other Subscription Agreements, the Transaction and any other material, nonpublic information that SPAC has provided to the Investor at any time prior to the filing of the Disclosure Document. Upon the issuance or filing of the Disclosure Document, to the actual knowledge of SPAC, the Investor shall not be in possession of any material, non-public information received from SPAC or any of its officers, directors, or employees or agents, and the Investor shall no longer be subject to any confidentiality or similar obligations under any current agreement, whether written or oral, with SPAC, the Placement Agents or any of their respective affiliates, relating to the transactions contemplated by this Subscription Agreement. Notwithstanding anything in this Subscription Agreement to the contrary, SPAC shall not publicly disclose the name of the Investor, its investment advisor or any of their respective affiliates or advisers, or include the name of the Investor, its investment advisor or any of their respective affiliates or advisers in any press release or in any filing with the SEC or any regulatory agency or trading market, without the prior written consent of the Investor, except (i) as required by the federal securities law or pursuant to other routine proceedings of regulatory authorities, (ii) to the extent such disclosure is required by law, at the request of the staff of the SEC or regulatory agency or under the regulations of any national securities exchange on which SPAC's and/or TopCo's securities are listed for trading or (iii) to the extent such announcements or other communications contain only information previously disclosed in a public statement, press release or other communication previously approved in accordance with this Section 13.

14. Rule 144.

a. From and after such time as the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the Commission that may allow Investor to sell the securities of TopCo to the public without registration are available to holders of the Investor's Shares and for so long as the Investor holds the Shares, TopCo shall, at its expense:

(i) make and keep public information available, as those terms are understood and defined in Rule 144;

(ii) use commercially reasonable efforts to file with the Commission in a timely manner all reports and other documents required of TopCo under the Securities Act and the Exchange Act so long as the Issuer remains subject to such requirements and the filing of such reports and other documents is required for the applicable provisions of Rule 144 to enable the Investor to sell the Shares under Rule 144 for so long as the Investor holds any Shares; and

(iii) furnish to the Investor, promptly upon the Investor's reasonable request, (i) a written statement by TopCo, if true, that it has complied with the reporting requirements of Rule 144, the Securities Act, and the Exchange Act, (ii) a copy of the most recent annual report of TopCo and such other reports and documents so filed by TopCo (provided that if such reports and documents are publicly filed with the SEC on Edgar, TopCo need not furnish such reports and documents to the Investor separately) and (iii) such other information as may be reasonably requested to permit the Investor to sell such securities pursuant to Rule 144 without registration.

b. TopCo will use its commercially reasonable efforts to (A) at the reasonable request of Investor, deliver all the necessary documentation to cause TopCo's transfer agent to remove all restrictive legends from any Shares being sold under the Registration Statement or pursuant to Rule 144 at the time of sale of the Shares, or that may be sold by Investor without restriction under Rule 144, including without limitation, any volume and manner of sale restrictions, and (B) cause its legal counsel to deliver to the transfer agent the necessary legal opinions required by the transfer agent, if any, in connection with the instruction under clause (A) upon the receipt of Investor representation letters and such other customary supporting documentation as requested by (and in a form reasonably acceptable to) such counsel, in each case within 5 business days of such request. The Investor agrees to disclose its beneficial ownership, as determined in accordance with Rule 13d-3 of the Exchange Act, of Shares to TopCo (or its successor) upon reasonable request to assist TopCo in making the determination described above. Notwithstanding the foregoing, TopCo will not be required to deliver any such opinion, authorization, certificate, or direction if it reasonably believes that removal of the legend could result in or facilitate transfers of securities in violation of applicable law.

(a) The Sponsor agrees that the Sponsor Shares and the Sponsor Warrants (collectively, the "**Sponsor Securities**") may not be transferred, assigned or sold (except to the extent set forth in Section 2(b)) (the "**Lockup**") until the earliest to occur: (i) the termination of the Business Combination Agreement in accordance with its terms and (ii) the Closing Date.

(b) Notwithstanding the provisions set forth in Section 2(a), transfers, assignments and sales by the Sponsor of the Sponsor Securities are permitted (i) to Parent's officers or directors, any affiliates or family members of any of Parent's officers or directors, any members or partners of the Sponsor or their affiliates, any affiliates of the Sponsor, or any employees of such affiliates; (ii) in the case of an individual, by gift to a member

of the individual's immediate family or to a trust, the beneficiary of which is a member of one of the individual's immediate family, an affiliate of such person or to a charitable organization; (iii) in the case of an individual, by virtue of laws of descent and distribution upon death of the individual; (iv) in the case of an individual, pursuant to a qualified domestic relations order; (v) by private sales or transfers made in connection with the consummation of the transactions contemplated by the Business Combination Agreement at prices no greater than the price at which the applicable Sponsor Securities were originally purchased; (vi) by virtue of the Sponsor's governing documents upon the winding up and subsequent liquidation or dissolution of the Sponsor; (vii) to Parent for no value for cancellation in connection with the consummation of the transactions contemplated by the Business Combination Agreement; (viii) in the event of Parent's liquidation prior to the completion of the transactions contemplated by the Business Combination Agreement; or (ix) in the event of completion of a liquidation, merger, share exchange or other similar transaction which results in all of TopCo's shareholders having the right to exchange their Parent Class A Shares for cash, securities or other property subsequent to the completion of the transactions contemplated by the Business Combination Agreement; provided, however, that in the case of clauses (i) through (vi) these permitted transferees must enter into a written agreement agreeing to be bound by the restrictions herein. For the avoidance of doubt, transfers of Sponsor Securities issued or issuable upon the exercise of the Sponsor Warrants or conversion of the Sponsor Securities shall be permitted regardless of whether a filing under Section 16(a) of the Exchange Act shall be required or shall be voluntarily made with respect to such transfers; provided, that, for the avoidance of doubt, the obligations of the Sponsor hereunder shall be deemed to be satisfied by the existence of any stop order and restrictions currently existing on the Sponsor Securities.

3. Waiver of Anti-dilution Protection. The Sponsor hereby, subject to and conditioned upon the occurrence of the Closing, waives (for itself and for its successors and assigns) to the fullest extent of the law and the Amended and Restated Memorandum and Articles of Association of Parent, and agrees not to assert or perfect, any rights to adjustment or other anti-dilution protections with respect to the rate that the Parent Class B Shares held by it convert into TopCo Ordinary Shares in connection with the transactions contemplated by the Business Combination Agreement.

4. Deferral of Sponsor Shares. Subject to and conditioned upon the occurrence of the Closing, immediately following the First Merger Effective Time, 1,250,000 Sponsor Shares held by Sponsor as of immediately prior to the First Merger Effective Time, which will have been exchanged for TopCo Ordinary Shares (the "**Deferred Sponsor Shares**") pursuant to the First Merger, shall become unvested and shall be subject to the following transfer restrictions and vesting and buyback provisions:

(a) If, at any time during the five (5) years following the Closing (the "**Vesting Period**"), the TopCo Ordinary Share Price is at or above a VWAP of $12.50 per share for any ten (10) trading days within any twenty (20) trading day period, one-half (1/2) of the Deferred Sponsor Shares shall immediately vest and no longer be subject to the Buyback and the transfer restrictions provided for in Section 4(c) and Section 4(d), respectively.

(b) If, at any time during the Vesting Period, the TopCo Ordinary Share Price is at or above a VWAP of $15.00 per share for any ten (10) trading days within any twenty (20) trading day period, all remaining unvested Deferred Sponsor Shares shall immediately vest and no longer be subject to the Buyback and the transfer restrictions provided for in Section 4(c) and Section 4(d), respectively.

(c) The Sponsor and TopCo hereby agree that, the Deferred Sponsor Shares that do not vest in accordance with Section 4(a) and Section 4(b) during the Vesting Period are transferred back to TopCo for a consideration equal to their nominal value, payable on such date, and shall be cancelled as soon as practicable by TopCo and without any encumbrance, third party right, further right, obligation or liability of any kind or nature on the part of Parent, TopCo or the Sponsor or any otherparty (the "**Buyback**"). If, between the date of this Agreement and the Closing, the outstanding Sponsor Shares shall have been changed into a different number of shares or a different class, by reason of any dividend, subdivision, reclassification, recapitalization, split, combination or exchange, or any similar event shall have occurred (including any of the foregoing in connection

with the First Merger), then the number of Deferred Sponsor Shares to become unvested and subject to the transfer restrictions and vesting and Buyback provisions set forth herein, will be equitably adjusted to reflect such change. The Sponsor and TopCo agree and undertake to enter into a confirmatory agreement in respect of the transfer of the relevant Deferred Sponsor Shares at such time.

(d) Subject to the limitations contemplated herein, the Sponsor shall be entitled to the voting and dividend rights generally granted to holders of TopCo Ordinary Shares with regard to the Deferred Sponsor Shares; provided that the Deferred Sponsor Shares shall not entitle the Sponsor, without limiting Section 4(e), to any consideration in connection with any sale or other similar transaction and may not be offered, sold, transferred, redeemed, assigned, pledged, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) by the Sponsor or be subject to execution, attachment or similar process without the consent of TopCo, and shall bear a customary legend with respect to such transfer restrictions. Any attempt to so sell, transfer, assign, pledge, hypothecate, encumber or otherwise dispose of such Deferred Sponsor Shares shall be null and void; provided, that, notwithstanding the foregoing, transfers, assignments and sales by the Sponsor of the Deferred Sponsor Shares are permitted (i) to Parent's officers or directors, any affiliates or family members of any of Parent's officers or directors, any members or partners of the Sponsor or their affiliates, any affiliates of the Sponsor, or any employees of such affiliates; (ii) in the case of an individual, by gift to a member of the individual's immediate family or to a trust, the beneficiary of which is a member of one of the individual's immediate family, an affiliate of such person or to a charitable organization; (iii) in the case of an individual, by virtue of laws of descent and distribution upon death of the individual; (iv) in the case of an individual, pursuant to a qualified domestic relations order; (v) by private sales or transfers made in connection with the consummation of the transactions contemplated by the Business Combination Agreement at prices no greater than the price at which the applicable Deferred Sponsor Shares were originally purchased; (vi) by virtue of the Sponsor's organizational documents upon the winding up and subsequent liquidation or dissolution of the Sponsor; (vii) to Parent for no value for cancellation in connection with the consummation of the transactions contemplated by the Business Combination Agreement; (viii) in the event of Parent's liquidation prior to the completion of the transactions contemplated by the Business Combination Agreement; or (ix) in the event of completion of a liquidation, merger, share exchange or other similar transaction which results in all of TopCo's shareholders having the right to exchange their Parent Class A Shares for cash, securities or other property subsequent to the completion of the transactions contemplated by the Business Combination Agreement; provided, however, that in the case of clauses (i) through (vi) these permitted transferees must enter into a written agreement agreeing to be bound by the restrictions herein. For the avoidance of doubt, transfers of the Deferred Sponsor Shares issuable in accordance with this Section 4 shall be permitted regardless of whether a filing under Section 16(a) of the Exchange Act shall be required or shall be voluntarily made with respect to such transfers.

(e) In the event that there is a Company Sale after the Closing and during the Vesting Period that will result in the holders of TopCo Ordinary Shares receiving a Company Sale Price equal to or in excess of the applicable price per share set forth set forth in Section 4(a) and Section 4(b), then immediately prior to the consummation of the Company Sale any such vesting of Deferred Sponsor Shares set forth herein that has not previously occurred shall be deemed to have occurred and the holders of such Deferred Sponsor Shares shall be eligible to participate in such Company Sale.

(f) Sponsor will promptly inform TopCo of any elections made by Sponsor under Section 83(b) of the Code in connection with the Closing with respect to Deferred Sponsor Shares held by Sponsor.

(g) "**Beneficially Own**" and correlative terms such as "Beneficial Ownership" shall have the meaning set forth in Rule 13d-3 under the Exchange Act and shall be calculated in accordance therewith.

(h) "**Company Sale**" means (i) any transaction or series of related transactions that results in any Person or "group" (within the meaning of Section 13(d)(3) of the Exchange Act) acquiring Equity Securities that represent more than 50% of the total voting power of TopCo or (ii) a sale or disposition of all or substantially all of the assets of TopCo and its Subsidiaries on a consolidated basis, in each case other than a transaction or series of related transactions which results in at least 50% of the combined voting power of the then outstanding voting

securities of TopCo (or any successor to TopCo) immediately following the closing of such transaction (or series of related transactions) being Beneficially Owned, directly or indirectly, by individuals and entities (or Affiliates of such individuals and entities) who were the Beneficial Owners, respectively, of at least 50% of the Equity Securities of TopCo immediately prior to such transaction (or series of related transactions).

(i) "**Company Sale Price**" means the price per share for one (1) TopCo Ordinary Share in a Company Sale, inclusive of any escrows, holdbacks or fixed deferred purchase price, but exclusive of any contingent deferred purchase price, earnouts or the like. If and to the extent the price is payable in whole or in part with consideration other than cash, the price for such non-cash consideration shall be determined as follows: (i) with respect to any securities: (A) the VWAP over a period of 21 days consisting of the day as of which such value is being determined and the 20 consecutive business days prior to such day or (B) if at any time the securities are not listed on any securities exchange or quoted on Nasdaq or the over-the-counter market, the value of each such security shall be equal to the fair value thereof as of the date of valuation as determined by an independent, nationally recognized investment banking firm on the basis of an orderly sale to a willing, unaffiliated buyer in an arm's-length transaction, taking into account all factors determinative of value as the investment banking firm determines relevant and (ii) with respect to any other non-cash assets, the fair value thereof as of the date of valuation as determined by an independent, nationally recognized investment banking firm on the basis of an orderly sale to a willing, unaffiliated buyer in an arm's-length transaction, taking into account all factors determinative of value as the investment banking firm determines relevant.

(j) "**TopCo Ordinary Share Price**" means the closing sale price per share of TopCo Ordinary Shares on Nasdaq (or successor U.S. exchange) reported as of 4:00 p.m., New York, New York time on such date by Bloomberg, or if not available on Bloomberg, as reported by Morningstar.

(k) "**VWAP**" means the volume weighted average price of TopCo Ordinary Shares as defined by the industry standard.

5. Termination. This Agreement shall terminate, and have no further force and effect, if the Business Combination Agreement is validly terminated in accordance with its terms prior to the Closing.

6. Incorporation by Reference. Sections 9.2 (Entire Agreement; Assignment), 9.3 (Amendment), 9.5 (Governing Law), 9.7 (Constructions; Interpretation), 9.10 (Severability), 9.11 (Counterparts; Electronic Signatures), 9.15 (Waiver of Jury Trial), and 9.17 (Remedies) of the Business Combination Agreement apply to this Agreement *mutatis mutandis*.

Item 20. Indemnification of directors and officers

Article 441-8 of the Luxembourg Company Law provides that the directors shall not incur any personal obligation by reason of the commitments of the company. Article 441-9 of the Luxembourg Company Law provides that the directors, the members of the management committee and the managing executive officer shall be liable to the company in accordance with general law for the execution of the mandate given to them and for any misconduct in the management of the company's affairs. The directors and members of the management committee shall be jointly and severally liable towards either the company or any third parties for damages resulting from this violation of the Luxembourg Company Law or the company's articles of association. The directors and members of the management committee shall be discharged from such liability in the case of a violation to which they were not a party provided no misconduct is attributable to them and they have reported such violation, as regards members of the board of directors, to the first general meeting and, as regards members of the management committee, during the first meeting of the board of directors after they had acquired knowledge thereof.

TopCo's articles of association provide that directors of the TopCo are not held personally liable for the indebtedness or other obligations of TopCo. As agents of the TopCo, they are responsible for the performance of their duties. Subject to the exceptions and limitations listed in TopCo's articles of association and mandatory provisions of law, every person who is, or has been, a director or officer of TopCo shall be indemnified by TopCo to the fullest extent permitted by law against liability and against all expenses reasonably incurred or paid by such person in connection with any claim, action, suit or proceeding which he becomes involved as a party or otherwise by virtue of his or her being or having been a director or officer of TopCo, or, at the request of TopCo, of any other company of which TopCo is a shareholder or creditor and by which he is not entitled to be indemnified, and against amounts paid or incurred by him or her in the settlement thereof. The words "claim", "action", "suit" or "proceeding" shall apply to all claims, actions, suits or proceedings (civil, criminal or otherwise including appeals) actual or threatened and the words "liability" and "expenses" shall include without limitation attorneys' fees, costs, judgments, amounts paid in settlement and other liabilities. However, no indemnification shall be provided to any director or officer of TopCo (i) against any liability by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office (ii) with respect to any matter as to which he or she shall have been finally adjudicated to have acted in bad faith and not in the interest of TopCo or (iii) in the event of a settlement, unless the settlement has been approved by a court of competent jurisdiction or by the board of directors of TopCo.

TopCo's articles of association provide that the right of indemnification provided by such articles of association shall be severable, shall not affect any other rights to which any director or officer may now or hereafter be entitled, shall continue as to a person who has ceased to be such director or officer and shall inure to the benefit of the heirs, executors and administrators of such a person. Nothing contained in such articles of association shall affect or limit any rights to indemnification to which corporate personnel, including directors and officers, may be entitled by contract or otherwise under law. TopCo shall specifically be entitled to provide contractual indemnification to and may purchase and maintain insurance for any corporate personnel, including directors and officers of TopCo, as TopCo may decide upon from time to time.

In connection with the Business Combination, TopCo entered into indemnification agreements with each of its directors and executive officers. These agreements provide that TopCo will indemnify each of its directors and such officers to the fullest extent permitted by law and its articles of association.

TopCo will also maintain a general liability insurance policy, which will cover certain liabilities of directors and officers of the Company arising out of claims based on acts or omissions in their capacities as directors or officers.

Item 22. Undertakings

A. TopCo hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering.

(5) For purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

B. TopCo hereby undertakes:

(1) that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(2) That every prospectus: (i) that is filed pursuant to paragraph (1) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

C. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or

proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

D. The undersigned registrant hereby undertakes (i) to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

E. The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Pursuant to the requirements of the Securities Act of 1933, as amended, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in Reykjavik, Iceland on the 20th day of December, 2021.

For purposes of this definition, any amount in a currency other than U.S. dollars will be converted to U.S. dollars based on the average exchange rate for such currency for the most recent twelve month period immediately prior to the date of determination in a manner consistent with that used in calculating EBITDA for the applicable period;

(2) effects of purchase accounting adjustments (including the effects of such adjustments pushed down to such Person and such Subsidiaries) in amounts required or permitted by IFRS, resulting from the application of purchase accounting in relation to any consummated acquisition or the amortisation or write-off of any amounts thereof, net of taxes, shall be excluded;

If a bond certificate is requested by a Bondholder to be issued, a bond certificate in the form set out in Schedule 1 to this Instrument (each a "**Bond Certificate**") will be issued to that Bondholder evidencing its registered holding of Bonds. Each Bond and each Bond Certificate will be numbered serially with an identifying number, which will be recorded in the Register of Bondholders which the Registrar will keep and, if applicable, on the Bond Certificate.

4.2 **Title**

Title to the Bonds passes only by transfer and registration in the Register of Bondholders as further described in Condition 5. The holder of any Bond will (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, or the theft or loss of, the Bond Certificate issued in respect of it (other than the endorsed Transfer Certificate)) and no person will be liable for so treating the holder.

5 Registrar and Paying Agent; Transfers of Bonds; Issue of Bond Certificates

5.1 Registrar and Paying Agent

The Registrar, upon request by Issuer, shall promptly furnish to the Issuer the List of Bondholders. In the event of an amendment to the List of Bondholders, the Registrar shall promptly provide an updated copy of the List of Bondholders to the Issuer.

5.4 **Transfers**

(a) Subject to Condition 5.7 and any applicable laws and regulations, including, but not limited to, any transfer restriction pursuant to securities laws as set forth in the Bond Certificates, a Bond may be transferred or exchanged at any time by delivery of an endorsed transfer certificate (substantially in the form set out in Schedule 2 to this Instrument) (a "**Transfer Certificate**") duly completed and signed by the registered Bondholder, the transferee or their respective attorneys duly authorised in writing and, if such Bond is in certificated form, delivery of the Bond Certificate issued in respect of that Bond, to the Registrar at the Registrar's Office together with such evidence as the Registrar may reasonably require to prove the authority of the individuals who have executed the Transfer Certificate; *provided* that unless with the Issuer's written consent, no title to a Bond may be transferred or exchanged to an individual that is resident in the Grand Duchy of Luxembourg for tax purposes.

(b) No transfer of title to a Bond will be valid unless and until entered on the Register of Bondholders.

(c) Any transfer is subject to performance by the Security Trustee of all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to such transfer, the completion of which the Security Trustee shall promptly notify to the existing Bondholder and the new Bondholder.

(d) The New Holder shall prior to or on the Transfer Date pay a transfer fee of US$3,000 to the Security Trustee (for its own account).

5.5 **Delivery of New Bond Certificates**

(a) If a Bond Certificate is requested by a Bondholder to be issued, each new Bond Certificate to be issued upon a transfer or exchange of Bonds shall, within five Business Days of receipt by the Registrar of an executed Transfer Certificate duly completed and signed, be made available for collection at the Registrar's Office or, if so requested in the Transfer Certificate, be mailed by uninsured mail at the risk of the holder entitled to the Bonds (but free of charge to the holder) to the address specified in the Transfer Certificate.

(b) Where only part of the principal amount of the Bonds in respect of which a Bond Certificate is issued is to be transferred or exchanged, a new Bond Certificate in respect of the Bonds not so transferred or exchanged will, within five Business Days of delivery of the original Bond Certificate to the Registrar, be mailed by uninsured mail at the risk of the holder entitled to the Bonds not so transferred or exchanged (but free of charge to the holder) to the address of such holder appearing on the Register of Bondholders.

(c) The Registrar shall promptly update and make entries into the Register of Bondholders to reflect any transfer or exchange of the Bonds made pursuant to these Conditions and shall promptly provide copies of such updated Register of Bondholders to each of the Bondholder and the Issuer.

5.6 **Formalities Free of Charge**

Registration of a transfer of Bonds and the issuance of new Bond Certificates will be effected without charge by the Registrar on behalf of the Issuer, but only upon payment or procuring of payment (or the giving or the procuring of giving of such indemnity as the Registrar or the Issuer may reasonably require) by the person making such application for transfer in respect of any tax or other governmental charges which may be imposed in relation to such transfer.

5.7 **Closed Periods**

Each indemnified party shall, to the extent permitted by applicable laws, notify the Issuer and the Guarantors promptly of any third party claim for which it may seek an indemnity from the Issuer or the Guarantors, as the case may be.

5.11 **Consequential Damages**

In case of the failure of the Issuer to pay any such sum as and when the same shall become due and payable, each Guarantor hereby undertakes to cause such payment to be made as and when the same becomes due and payable, whether at the Maturity Date, upon early redemption, upon acceleration or otherwise, as if such payment were made by the Issuer. In case of the failure of the Issuer to perform any such other obligation as and when the same shall become due for performance, each Guarantor hereby undertakes to use its best efforts to procure the performance of such other obligation as and when the same becomes due for performance.

6.2 Guarantors as Principal Debtors

Each Guarantor undertakes, as an independent primary obligation, that it shall pay to each Bondholder promptly on demand sums sufficient to indemnify each Bondholder against any loss sustained by such Bondholder by reason of:

(a) the non-payment as and when the same shall become due and payable of any sum expressed to be payable by the Issuer under this Instrument or in respect of the Bonds; or

(b) the non-performance as and when the same shall become due for performance of any other obligation expressed to be assumed by the Issuer in this Instrument,

(c) in each case, whether by reason of any of the obligations expressed to be assumed by the Issuer in this Instrument or the Bonds being or becoming void, voidable or unenforceable for any reason, whether or not known to such Bondholder or for any other reason whatsoever.

6.3 Unconditional Payment

If the Issuer defaults in the payment of any sum expressed to be payable by the Issuer under this Instrument or in respect of the Bonds as and when the same shall become due and payable, the Guarantors shall forthwith unconditionally pay or procure to be paid to or to the order of the Bondholders in United States Dollars in same day, freely transferable funds the amount in respect of which such default has been made; *provided* that every payment of such amount made by the Guarantors to the Bondholders shall be deemed to cure *pro tanto* such default by the Issuer and shall be deemed for the purposes of this Condition 6 to have been paid to or for the account of the Bondholders.

6.4 **Unconditional Obligation**

Each Guarantor agrees that its obligations hereunder shall be unconditional, irrespective of the validity, regularity or enforceability of this Instrument or any Bond, or any change in or amendment hereto or thereto, the absence of any action to enforce the same, any waiver or consent by any Bondholder with respect to any provision of this Instrument or the Bonds, the obtaining of any judgment against the Issuer or any action to enforce the same or any other circumstance which might otherwise constitute a legal or equitable discharge or defence of a guarantor.

Each Guarantor shall be subrogated to all rights of the Bondholders against the Issuer in respect of any amounts paid by such Guarantor pursuant hereto; *provided* that the Guarantors shall not without the consent of the Bondholders be entitled to enforce, or to receive any payments arising out of or based upon or prove in any insolvency or winding up of the Issuer in respect of, such right of subrogation until such time as the principal of and coupon on all outstanding Bonds and all other amounts due under this Instrument and the Bonds have been paid in full. Furthermore, until such time as aforesaid each Guarantor shall not counter indemnity from the Issuer in respect of its obligations under this Condition 6.

6.7 **Repayment to the Issuer**

If any payment received by any Bondholder pursuant to the provisions of this Instrument shall, on the subsequent bankruptcy, insolvency, corporate reorganisation or other similar event affecting the Issuer, be avoided, reduced, invalidated or set aside under any laws relating to bankruptcy, insolvency, corporate reorganisation or other similar events, such payment shall not be considered as discharging or diminishing the liability of any of the Guarantors whether as guarantor, principal debtor or indemnifier and the guarantee contained in this Condition 6 shall continue to be effective or be reinstated, as the case may be, as if such payment had at all times remained owing by the Issuer and each Guarantor shall indemnify and keep indemnified the Bondholders on the terms of the guarantee and indemnity contained in this Condition 6.

6.8 **Ranking of the Guarantee**

Each Guarantee constitutes direct, unconditional, unsubordinated and secured obligations of the relevant Guarantor which will at all times rank at least equally with all of the relevant Guarantor's other present and future unsubordinated obligations, save for such exceptions as may be provided by mandatory provisions of applicable law (notably in respect of bankruptcy, insolvency or liquidation).

The Guarantee shall be released (on the occurrence of the events set out in paragraphs (a) and (b) below, only in relation to the Guarantor affected) if:

(a) in relation to any Guarantor, it is disposed of in accordance with this Instrument; *provided* that (i) it is simultaneously released from its obligations (if any) in respect of any other indebtedness of the Issuer or any other Subsidiary; and (ii) the proceeds of any such disposal are used for purposes either permitted or required by this Instrument; or

(b) all amounts due and payable under the Bonds then outstanding and this Instrument have been paid in full to the satisfaction of the Security Trustee.

Except as expressly set forth in Condition 6.12 hereof, the obligations of each Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason, including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Guaranteed Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of the Bondholder to assert any claim or demand or to enforce any remedy under any of the Bond Documents, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the obligations, or by any other act or thing or omission or delay to do any other act or thing that may or might in any manner or to any extent vary the risk of the Guarantor or would otherwise operate as a discharge of such Guarantor as a matter of law or equity.

6.12 **Limitations**

(a) Subject to Condition 6.12(c) below, any term or provision of this Instrument to the contrary notwithstanding, the maximum aggregate amount of the Guaranteed Obligations guaranteed hereunder by a Guarantor shall not exceed the maximum amount that can be guaranteed hereby without rendering the Guarantee of such Guarantor voidable under applicable laws relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

(ii) This Condition 6.12(c) applies if and to the extent the Guarantee is an Up-stream and/or Cross-stream Guarantee.

(iii) The enforcement of any Up-stream and/or Cross-stream Guarantee shall be limited if and to the extent that:

(A) the relevant German Guarantor is able to demonstrate that (1) at the time of entry into this Instrument it did not hold any recoverable indemnification claim (*werthaltiger Freistellungsanspruch*) (or separate indemnification claims) covering (in the aggregate) the amount of the Guaranteed Obligations for which such Up-stream and/or Cross-stream Guarantee is to be enforced and (2) entering into this Instrument had the effect of reducing the relevant German Guarantor's Net Assets calculated as at the date of this Instrument to an amount that is lower than the amount of its current Protected Capital or, if the amount of the Net Assets were already lower at the date of this Instrument than the amount of its Protected Capital, the effect of causing the Net Assets to be further reduced and thereby violating sections 30, 31 GmbHG; and

(B) the relevant German Guarantor has complied with its obligation to deliver the Management Determination (as defined below) and/or the Auditor's Determination (as defined below), in each case in accordance with the requirements set out in paragraphs (iv) and (v) below.

(iv) The limitations pursuant to this paragraph (c) shall not apply if the relevant German Guarantor is on the date a demand under the Guarantee is made (or was on the date of this Instrument) party to a DPLA as a dominated or profit distributing entity.

(v) The limitations pursuant to this Condition 6.12(c) shall only apply if and to the extent that within 15 Business Days after a demand has been made under the Guarantee, the relevant German Guarantor has provided to the Bondholders a certificate signed by its managing director(s) (*Geschäftsführer*) (the "**Management Determination**") confirming in writing and supported by reasonably detailed calculations and other available evidence:

(A) if and to what extent the Guarantee is an Up-stream and/or Cross-stream Guarantee;

(B) which indemnification claims the relevant German Guarantor held on the date of entering into this Instrument as a result of entering into this Instrument and if and to what extent such indemnification claims were not recoverable (*werthaltig*) at that time; and

(C) to what extent entering into this Instrument had the effects set out in paragraph (iii)(A) above.

(vi) If the Bondholders disagree with the Management Determination, the relevant German Guarantor shall, at its own cost and expense, within 20 Business Days following receipt of a request by the Bondholders, deliver an opinion of an accounting, appraisal or investment banking firm of national or international standing, or other recognised independent expert of national or international

standing with experience appraising the terms and conditions of the type of transaction or series of related transactions for which an opinion is required appointed by the relevant German Guarantor in consultation with the Bondholders (the "**Auditor's Determination**") and confirming:

(A) if and to what extent the Guarantee is an Up-stream and/or Cross-stream Guarantee;

(B) which indemnification claims the relevant German Guarantor held on the date of entering into this Instrument as a result of entering into this Instrument and if and to what extent such indemnification claims were not recoverable (*werthaltig*) at that time; and

(C) to what extent entering into this Instrument had the effects set out in paragraph (iii)(A) above.

(vii) The Bondholders shall be entitled to enforce any amount under the Upstream and/or Cross-stream Guarantee which, according the Auditor's Determination, is enforceable in accordance with the limitations set out in this Condition 6.12(c).

(d) Nothing in this Condition 6.12(c) shall prevent or limit the Bondholders to challenge the Auditor's Determination or further pursue their rights and claims under this Instrument in court.

(e) No reduction of the amount enforceable pursuant to this Condition 6.12(c) will prejudice the right of the Bondholders to continue to enforce the Guarantee until full satisfaction of the Guaranteed Obligations.

(f) For the avoidance of doubt, no reduction of the amount enforceable pursuant to this Condition 6.12(c) shall apply if and to the extent for any reason (including as a result of a change in the relevant rules of law or their application or construction) the relevant situation referred to in paragraph (c)(iii) above does not constitute a breach of the relevant German Guarantor's obligations to preserve its stated share capital pursuant to sections 30, 31 GmbHG (as amended, supplemented and/or replaced from time to time).

This Condition 6.12 shall survive any termination or discharge of this Instrument.

6.13 **Limitation for Guarantors incorporated in Switzerland**

Any Guaranteed Obligations pursuant to this Condition 6 that are incurred by a Guarantor incorporated in Switzerland (a "**Swiss Guarantor**") or any other obligation of a Swiss Guarantor under this Instrument or any other Bond Document to grant economic benefits to its (direct or indirect) parent company or its sister companies, including, for the avoidance of doubt, any joint liability, any indemnity, any waiver of set-off or subrogation rights or waiver of intra-group claims, shall be subject to the following:

(a) If and to the extent a Swiss Guarantor becomes liable for any obligations of its (direct or indirect) parent company (upstream obligations) or its sister companies (cross-stream obligations) (the "**Upstream or Cross-Stream Secured Obligations**") under the Bond Documents

and if complying with such Upstream or Cross-Stream Secured Obligations would constitute a repayment of capital (*Einlagerückgewähr/Kapitalrückzahlung*), a violation of the legally protected reserves (*gesetzlich geschützte Reserven*) or the payment of a (constructive) dividend (*Gewinnausschüttung*) under Swiss corporate law and practice then applicable, such Swiss Guarantor's aggregate liability for Upstream or Cross-Stream Secured Obligations shall be limited to the maximum amount of such Swiss Guarantor's freely disposable shareholder equity at the time it becomes liable (the "**Swiss Guarantor Maximum Amount**"), *provided* that such limitation is required under the applicable law at that time; *provided*, *further*, that such limitation shall not free such Swiss Guarantor from its obligations in excess of the Swiss Guarantor Maximum Amount, but merely postpone the performance date of those obligations until such time or times as performance is again permitted under then applicable law. Such Swiss Guarantor Maximum Amount of freely disposable shareholder equity shall be determined in accordance with Swiss law and applicable Swiss accounting principles, and, if and to the extent required by applicable Swiss law, shall be confirmed by the auditors of such Swiss Guarantor on the basis of an interim audited balance sheet as of that time.

(b) In respect of Upstream or Cross-Stream Secured Obligations, each Swiss Guarantor shall at the time it is required to make a payment under any Bond Document, if and to the extent required by applicable law (including tax treaties) in force at the relevant time:

(i) use its reasonable efforts to ensure that such enforcement proceeds can be used to discharge Upstream or Cross-Stream Secured Obligations without deduction of any withholding tax levied in accordance with the Act on the Withholding Tax (*Bundesgesetz über die Verrechnungssteuer*) of 13 October 1965, as amended from time to time (the "**Swiss Withholding Tax**") by discharging the liability to such tax by notification pursuant to applicable law (including tax treaties) rather than payment of the tax;

(ii) if the notification procedure referred to in clause (i) above does not apply, deduct the Swiss Withholding Tax at such rate (which is currently 35% as at the date of this Instrument) as is in force from time to time from any such enforcement proceeds used to discharge Upstream or Cross-Stream Secured Obligations, and pay, without delay, any such taxes deducted to the Swiss Federal Tax Administration;

(iii) notify the Security Trustee of such notification referred to in clause (i) above or, as the case may be, deduction has been made, and provide the Security Trustee with evidence that such a notification of the Swiss Federal Tax Administration has been made or, as the case may be, such taxes deducted have been paid to the Swiss Federal Tax Administration; and

(iv) in the case of a deduction of Swiss Withholding Tax, use its reasonable efforts to ensure that any person, which is entitled to a full or partial refund of the Swiss Withholding Tax deducted from such enforcement proceeds, will, as soon as possible after such deduction,

(A) request a refund of the Swiss Withholding Tax under applicable law (including tax treaties); and

(B) in case it has received any refund for the Swiss Withholding Tax, pay to the Security Trustee upon receipt any amount so refunded. The Security Trustee shall co-operate with the Swiss Guarantor to secure such refund.

(c) To the extent a Swiss Guarantor is required to deduct Swiss Withholding Tax pursuant to Condition 6.13(b)(iv), and if the maximum amount of freely disposable shareholder equity pursuant to Condition 6.13(a) is not utilised, such Swiss Guarantor shall pay additional amounts until such payment(s) is equal to an amount which (after making any deduction of Swiss Withholding Tax pursuant to Condition 6.13(b)) would have resulted if no deduction of Swiss Withholding Tax had been required, provided that such payments (including the additional amount) shall in any event be limited to the Swiss Guarantor Maximum Amount.

(d) If and to the extent reasonably requested by the Security Trustee and if and to the extent this is from time to time required under Swiss law (restricting profit distributions), in order to allow a prompt performance of a Swiss Guarantor's obligations under the Bond Documents, such Swiss Guarantor shall promptly implement all such measures and/or promptly procure the fulfilment of all prerequisites allowing it to promptly make the (requested) payment(s) hereunder from time to time, including the following:

(i) preparation of an up-to-date audited balance sheet of the Swiss Guarantor;

(ii) confirmation of the auditors of the Swiss Guarantor that the relevant amount represents (the maximum of) freely distributable profits;

(iii) conversion of restricted reserves into profits and reserves freely available for the distribution as dividends (to the extent permitted by mandatory Swiss law);

(iv) revaluation of hidden reserves (to the extent permitted by mandatory Swiss law);

(v) approval by a shareholders' meeting of the Swiss Guarantor of the (resulting) profit distribution; and

(vi) all such other measures reasonably necessary or useful to allow for the use of enforcement proceeds to discharge the Upstream or Cross-Stream Secured Obligations to the fullest extent allowed by applicable law.

7 Security

7.1 Security

The Bonds and the Guarantees will have the benefit of the security (the "**Security**") constituted by (a) a supplemental share charge in respect of all of the ordinary shares of Alvotech hf. granted by the Issuer and Alvotech Swiss AG; (b) a German law governed confirmation and junior ranking share pledge in respect of the shares and certain ancillary rights in Alvotech Hannover GmbH granted by Alvotech hf.; (c) a German law governed confirmation and junior

ranking share pledge in respect of the shares and certain ancillary rights in Alvotech Germany GmbH granted by Alvotech hf.; (d) a security confirmation agreement in respect of the confirmation of the pledge granted under the Share Pledge (Alvotech Swiss AG); (e) a supplemental charge in respect of the Intellectual Property Collateral granted by the Issuer and its Subsidiaries; (f) a supplemental pledge granted by the Issuer over the account with which the amount of cash shall be deposited in accordance with Condition 9.13; (g) a supplemental pledge granted by the Issuer over certain of its cash accounts; (h) a supplemental pledge granted by Alvotech hf. over certain of its cash accounts; (i) an account pledge granted by the Issuer over certain of its accounts in Luxembourg; and (j) Existing Security Documents, respectively, as security, *inter alia*, for all amounts payable on the Bonds and all present and future liabilities and obligations of the obligors under the Bonds, the Guarantees and these Conditions (including, without limitation, the Parallel Debt) ("**Secured Obligations**"). The charges and pledges referred to in the immediately preceding sentence are collectively referred to herein as the "**Security Documents**", and the Issuer and its Subsidiaries giving such charges or pledges are collectively referred to as the "**Pledgors**" and each individually as a "**Pledgor**".

The Issuer and the Guarantors shall pledge all of their respective accounts maintained, or opened at any time after the Issue Date, at any bank or financial institution other than (i) any payroll or fiduciary account or (ii) any account having no more than US$500,000 (or the Dollar Equivalent thereof) of cash on deposit at any given time; provided that all accounts so excluded pursuant to this clause (ii) shall in aggregate have no more than US$2,500,000 (or the Dollar Equivalent thereof) of cash on deposit at any given time. Any account pledged pursuant to the immediately preceding sentence shall constitute Security, the agreement documenting the pledge of such account shall constitute a Security Document, and the Issuer or such Guarantor giving such pledge shall become a Pledgor and accede to the Intercreditor Deed in such capacity as appropriate.

7.2 **Grant of Security**

For good and valuable consideration, receipt of which is acknowledged, as security for the Secured Obligations, the Pledgors have created in favour of the Security Trustee (for the benefit of the Bondholders) and/or the Bondholders the Security pursuant to the Security Documents and the Intercreditor Deed.

7.3 **Representation of the Bondholders in relation to Swiss security**

Any Security that is governed by Swiss law (a "Swiss Security"), including, without limitation, the share pledge in respect of the shares of Alvotech Swiss AG and any Intellectual Property Collateral governed by Swiss law, shall be subject to the following:

(a) with respect to any Swiss Security constituted by non-accessory (*nicht akzessorische*) security interests, the Security Trustee shall hold, administer and, as the case may be, enforce or release such Swiss Security in its own name for the account of itself, the Trustee and the Bondholders as their indirect representative (*indirekter Stellvertreter*), subject to the terms and conditions of the relevant Security Document;

(b) with respect to any Swiss Security constituted by accessory (*akzessorische*) security interests, the Security Trustee shall administer and, as the case may be, enforce or release such Swiss Security in its own name and its own account as well as for the account and in the name of the Security Trustee and the Bondholders as their direct representative (*direkter Stellvertreter*), subject to the terms and conditions of the relevant Security Document;

(c) each Bondholder, by accepting the Bonds, hereby instructs and authorizes the Security Trustee (with the right of sub-delegation) to act as its agent (*Stellvertreter*) and in particular (without limitation) to enter into and amend any documents evidencing a Swiss Security and to make and accept all declarations and take all actions it considers necessary or useful in connection with any Swiss Security on behalf of such Bondholder (including, without limitation, the entering into, acceptance of declarations or taking of actions as representative of several parties (*Doppel-/Mehrfachvertretung*));

(d) the Security Trustee shall be entitled to enforce or release any Swiss Security, to perform any rights and obligations under any documents evidencing a Swiss Security and to execute new and different documents evidencing or relating to a Swiss Security, subject to the terms and conditions of the relevant Security Document;

(e) each Bondholder, by accepting the Bonds, hereby authorizes the Security Trustee to execute any agreements and documents or otherwise act on its behalf;

(f) each Bondholder, by accepting the Bonds, hereby ratifies and approves all acts previously done by the Security Trustee on behalf of such Bondholder;

(g) the Security Trustee accepts its appointment as agent and administrator of the Swiss Security on the terms and subject to the conditions set forth in this Instrument; and

(h) the Security Trustee agrees, and each Bondholder, by accepting the Bonds, agrees, that, in relation to any Swiss Security, no Bondholder shall exercise any independent power to enforce any Swiss Security or take any other action in relation to the enforcement of any Swiss Security or make or receive any declarations in relation thereto, subject to the terms and conditions of the relevant Security Document.

7.4 **Enforcement of Security**

Subject to the terms of the Intercreditor Deed and the relevant Security Documents, at any time after the Security has become enforceable under this Instrument or the relevant Security Documents, the Bondholders may (but shall not be obliged to), at their discretion and without further notice, solely by way of a written request by holders of at least 50.1 per cent. in principal amount of the Bonds and the Other Bonds then outstanding (the "**Instructing Bondholders**"), direct the Security Trustee to take such proceedings as the Bondholders may think fit against or in relation to any Pledgor (including, without limitation, by taking possession or disposing of or realising the Collateral in addition to, or in lieu of taking such other action as may be permitted against any Pledgor) to enforce the Security.

7.5 **Security Trustee Taking Possession of Collateral**

To enforce the Security, the Security Trustee may, subject to Condition 7.4 above, following the Security becoming enforceable, at the direction of the Instructing Bondholders, take possession of all or part of the Collateral over which the Security shall have become enforceable, sell, call in, collect and convert into money, all or part of the Collateral in such manner and on such terms as directed by the Instructing Bondholders or take any of the following actions if so directed by the Instructing Bondholders, subject to applicable law:

(a) sell, exchange, license or otherwise dispose of or otherwise deal with the Collateral or any interest in the same, and to do so for shares, debentures or any other securities whatsoever, or in consideration of an agreement to pay all or part of the purchase price at a later date or dates, or an agreement to make periodical payments, whether or not the agreement is secured by an encumbrance or a guarantee, or for such other consideration (if any) and upon such terms whatsoever as the Security Trustee may think fit, and also to grant any option to purchase;

(b) take possession of, get in and collect the Collateral;

(c) manage and/or carry on and/or concur in managing the business and affairs of the Pledgor with respect to the Collateral or any part thereof as it thinks fit with power to appoint or dismiss managers, agents or employees;

(d) repair, insure, protect and improve the Collateral or any part thereof;

(e) settle, adjust, refer to arbitration, compromise or arrange all accounts, questions, disputes, claims and demands whatsoever in relation to the Collateral or any part thereof;

(f) execute and do contracts, deeds, documents and things and bring, defend or abandon actions, suits and proceedings in relation to the Collateral or any part thereof in the name of any Pledgor;

(g) exercise or permit any other person to exercise any powers or rights incident to the ownership of the Collateral or any part thereof;

(h) discharge the Collateral or any part thereof from any charge securing the Secured Obligation or release any Pledgor from any obligation where the Security Trustee considers such release or discharge to be expedient and in the interests of the secured parties and on such terms and conditions as it thinks fit; and

(i) generally to do anything in relation to the Collateral or any part thereof or any other property subject to the Security Documents as it could do if it were the absolute beneficial owner of the Collateral.

7.6 **Pledgors' Waiver**

Each Pledgor waives, to the extent permitted under applicable law, all rights it may otherwise have to require that the Security be enforced in any particular order or manner or at any particular time or that any sum received or recovered from any person, or by virtue of the enforcement of any of the Security or any security interest therein, which is capable of being applied in or towards discharge of any of the Secured Obligations is so applied.

7.7 **Discharge**

The Security Trustee's receipt for any moneys paid to it shall discharge the person paying them from such amounts so received and such person shall not be responsible for their application.

7.8 **Ability to Borrow on Collateral**

Following the Security becoming enforceable and subject to the provisions of the Security Documents:

(a) the Security Trustee may raise and borrow money on the security of the Collateral or any part of it in order to defray moneys, costs, charges, losses and expenses paid or incurred by it in relation to this Instrument or any Security Document (including the costs of realising any security and the remuneration of the Security Trustee) or in exercise of any of its functions pursuant to this Instrument or any Security Document; and

(b) the Security Trustee may raise and borrow such money on such terms as it shall think fit and may secure its repayment with interest by mortgaging or otherwise charging all or part of the Collateral whether or not in priority to the Security constituted by or pursuant to this Instrument and generally in such manner and form as the Security Trustee shall think fit, and for such purposes may take such action as it shall think fit.

7.9 **Attorney**

Each Pledgor, by way of security, irrevocably and severally appoints the Security Trustee and every receiver of any Collateral appointed pursuant to this Instrument to be severally acting as its attorney (with full power of substitution) on its behalf and in its name to take any action, whether before or for the purposes of enforcement of the Security, which that Pledgor is obliged to take under this Instrument and the Security Documents, and generally to exercise all or any of the functions of the Security Trustee or any such receiver; *provided* that (a) an Event of Default has occurred and a written notice has been served to the Issuer by the Instructing Bondholders and (b) the Pledgor has failed to take such action for 5 Business Days following notification by the Security Trustee (*provided further* that a copy of such notice is sent to the Issuer and the Pledgor is requested to comply).

Each Pledgor shall ratify and confirm, and agrees to hereby ratify and confirm, whatever any such attorney appointed in accordance with this Condition 7.9 shall do, or purport to do, in the exercise, or purported exercise, of such functions.

7.10 **Liability**

None of the Security Trustee, its nominee(s), any receiver or any appointee shall be liable by reason of (a) taking any action permitted by this Instrument or the Security Documents by the Security Trustee, such receiver or such appointee or (b) any neglect or default by the Security Trustee, such receiver or such appointee in connection with the Collateral or (c) the taking possession or realisation of all or any part of the Collateral, except in the case of gross negligence, wilful misconduct or fraud upon its part. The Security Trustee shall not be responsible for the creation, validity, value, sufficiency and enforceability (which the Security Trustee has not investigated) of the Collateral.

7.11 **Dealings with Security Trustee**

No Person dealing with the Security Trustee or any receiver of any of the Collateral appointed by the Security Trustee need enquire whether any of the powers, authorities and discretions conferred by or pursuant to this Instrument in relation to such property are or may be exercisable by the Security Trustee or such receiver or as to the propriety or regularity of acts purporting or intended to be in exercise of any such powers.

7.12 **Release of Security**

No release of Security shall be effective against the Security Trustee or the Bondholders until the Issuer has delivered to the Security Trustee an Officer's Certificate stating that all requirements relating to such release have been complied with and such release is authorised and permitted by the terms of the Security Documents.

Upon a disposal of any of the Collateral:

(a) pursuant to the enforcement of the Security by a receiver or the Security Trustee; or

(b) if that disposal or release is permitted under this Instrument or the Security Documents,

the Security Trustee shall release that property from the Security and is authorised to execute, without the need for any further authority from the Bondholders, any release of the Security or other claim over that asset.

7.13 **Security Trustee**

(a) Madison Pacific Trust Limited shall initially act as Security Trustee and shall be authorised to appoint co-Security Trustees as necessary in its sole discretion. Except as otherwise explicitly provided herein or in the Security Documents or the Intercreditor Deed, neither the Security Trustee nor any of its officers, directors, employees or agents shall be liable for failure to demand, collect or realize upon any of the Collateral or for any delay in doing so, unless caused by its negligence, willful misconduct or breach of the Bond Documents, or shall be under any obligation to sell or otherwise dispose of any Collateral upon the request of any other Person or to take any other action whatsoever with regard to the Collateral or any part thereof. Notwithstanding any provision to the contrary contained elsewhere in this Instrument, the Intercreditor Deed or the Security Documents, the duties of the Security Trustee shall be ministerial and administrative in nature, and the Security Trustee shall not have any duties or responsibilities, except those expressly set forth in this Instrument, in the Intercreditor Deed and in the Security Documents to which the Security Trustee is a party, nor shall the Security Trustee have or be deemed to have any trust or other fiduciary relationship with the Security Trustee, any Bondholder, the Issuer or any Guarantor, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Instrument, the Intercreditor Deed or the Security Documents or shall otherwise exist against the Security Trustee. The Security Trustee shall be accountable only for amounts that it actually receives as a result of the exercise of such powers, and neither the Security Trustee nor any of its officers, directors, employees or agents shall be responsible for any act or failure to act hereunder, except for its own willful misconduct or gross negligence (as determined by a final, non-appealable order of a court of competent jurisdiction).

(b) The Security Trustee is authorised and directed to (i) enter into the Security Documents, (ii) enter into the Intercreditor Deed, (iii) bind the Bondholders on the terms as set forth in the Security Documents and the Intercreditor Deed and (iv) perform and observe its obligations under the Security Documents and the Intercreditor Deed.

(c) The Security Trustee shall act pursuant to the instructions of the Bondholders with respect to the Security Documents and the Collateral. For the avoidance of doubt, the Security Trustee shall have no discretion under this Instrument, the Intercreditor Deed or the Security Documents and shall not be required to make or give any determination, consent, approval, request or direction without the written direction of the requisite Bondholders. After the occurrence of an Event of Default, the Security Trustee may take any action required or permitted by this Instrument, the Security Documents or the Intercreditor Deed.

(d) Upon the receipt by the Security Trustee of a written request of the Issuer signed by one Officer pursuant to this Condition 7.13(d) (a "**Security Document Order**"), the Security Trustee is hereby authorised to execute and enter into, and shall execute and enter into, without the further consent of any Bondholder, any Security Document to be executed after the Issue Date. Such Security Document Order shall (i) state that it is being delivered to the Security Trustee pursuant to, and is a Security Document Order referred to in, this Condition 7.13(d) and (ii) instruct the Security Trustee to execute and enter into such Security Document. Any such execution of a Security Document shall be at the direction and expense of the Issuer, upon delivery to the Security Trustee of an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent to the execution and delivery of such Security Document have been satisfied. The Bondholders, by their acceptance of the Bonds, hereby authorise and direct the Security Trustee to execute such Security Documents.

(e) The Security Trustee shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default, unless the Security Trustee shall have received written notice from a Bondholder or the Issuer referring to this Instrument, describing such Default or Event of Default and stating that such notice is a "notice of default". The Security Trustee shall take such action with respect to such Default or Event of Default as may be requested by the Instructing Bondholders subject to this Condition 7.13.

(f) No provision of this Instrument or any Security Document shall require the Security Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or thereunder or to take or omit to take any action hereunder or thereunder or take any action at the request or direction of Bondholders if it shall have reasonable grounds for believing that repayment of such funds is not assured to it. Notwithstanding anything to the contrary contained in this Instrument, the Intercreditor Deed or the Security Documents, in the event the Security Trustee is entitled or required to commence an action to foreclose or otherwise exercise its remedies to acquire control or possession of the Collateral, the Security Trustee shall not be required to commence any such action, exercise any remedy, inspect or conduct any studies of any property or take any such other action if the Security Trustee has determined that the Security Trustee may incur personal liability as a result of the presence at, or release on or from, the Collateral or such property of any hazardous substances unless the Security Trustee has received security or indemnity from the Bondholders in an amount and in a form all satisfactory to the Security Trustee in its sole discretion, protecting the Security Trustee from all such liability. The Security Trustee shall at any time be entitled to cease taking any action described in this Condition 7.13(f) if it no longer reasonably deems any indemnity, security or undertaking from the Issuer or the Bondholders to be sufficient.

(g) The Security Trustee shall not be responsible in any manner to any Bondholder for the validity, effectiveness, genuineness, enforceability or sufficiency of this Instrument, the Security Documents or the Intercreditor Deed or for any failure of the Issuer, any Guarantor or any other party to this Instrument, the Security Documents or the Intercreditor Deed to perform its obligations hereunder or thereunder (other than by reason of its gross negligence or willful misconduct). The Security Trustee shall not be under any obligation to the Security Trustee or any Bondholder to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Instrument, the Security Documents or the Intercreditor Deed or to inspect the properties, books or records of the Issuer or the Guarantors.

(h) The parties hereto and the Bondholders hereby agree and acknowledge that the Security Trustee shall not assume, be responsible for or otherwise be obligated for any liabilities, claims, causes of action, suits, losses, allegations, requests, demands, penalties, fines, settlements, damages (including foreseeable and unforeseeable), judgments, expenses and costs (including any remediation, corrective action, response, removal or remedial action, or investigation, operations and maintenance or monitoring costs, for personal injury or property damages, real or personal) of any kind whatsoever, pursuant to any environmental law as a result of this Instrument, the Intercreditor Deed, the Security Documents or any actions taken pursuant hereto or thereto. Further, the parties hereto and the Bondholders hereby agree and acknowledge that, in the exercise of its rights under this Instrument, the Intercreditor Deed and the Security Documents, the Security Trustee may hold or obtain indicia of ownership primarily to protect the security interest of the Security Trustee in the Collateral and that any such actions taken by the Security Trustee shall not be construed as or otherwise constitute any participation in the management of such Collateral.

(i) The Security Trustee shall be entitled to the compensation to be agreed upon in writing with the Issuer and the Guarantors for all services rendered by it under this Instrument, and the Issuer and the Guarantors, jointly and severally, agree to pay such compensation and to reimburse the Security Trustee for its out-of-pocket expenses (including fees and expenses of counsel) properly incurred by it in connection with the services rendered by it under this Instrument, which sums shall be paid free and clear of deduction and withholding on account of taxation, set-off and counterclaim. The Issuer and the Guarantors jointly and severally agree to indemnity the Security Trustee and its officers, directors, agents and employees and any successors thereto for, and to hold it or them harmless against, any loss, action, proceeding, claim, penalty, damages, liability or properly incurred expenses (including fees and expenses of counsel) incurred other than by reason of its or their gross negligence, willful misconduct or fraud arising out of or in connection with its or their acting as the Security Trustee under this Instrument. Under no circumstance will the Security Trustee be liable to any party for any special, indirect, punitive or consequential loss or damage of any kind whatsoever (*inter alia*, being loss of business, goodwill, opportunity or profit), whether or not foreseeable, even if the Security Trustee has been advised of such loss or damage and regardless of the form of action. The obligations of the Issuer and the Guarantors under this Condition 7.13(i) shall survive the payment of the Bonds, the termination or expiry of this Instrument and the resignation or removal of the Security Trustee.

(j) The Security Trustee shall be fully protected and shall incur no liability for or in respect of any action taken or omitted to be taken or thing suffered by it in reliance upon any Bond, notice, direction, consent, certificate, affidavit, statement or other paper or document reasonably believed by it to be genuine and to have been delivered, or in the case of any paper or document, signed by or on behalf of the proper party or parties. The Security Trustee shall be entitled to refrain from taking any actions, without liability, if conflicting, unclear or equivocal instruction or direction are received or in order to comply with applicable law.

7.14 **Confidential Information**

(a) The Security Trustee, in its individual capacity and as Security Trustee, agrees and acknowledges that all information ("**Confidential Information**") provided to the Security Trustee by or on behalf of the Issuer, any Subsidiary (or any direct or indirect equityholder of the Issuer or such Subsidiary), any Guarantor (or any direct or indirect equityholder of such Guarantor), any Pledgor (or any direct or indirect equityholder of such Pledgor) or any Bondholder (or holder of a beneficial interest in the Bonds) may be considered to be proprietary and confidential information. The Security Trustee agrees to take reasonable precautions to keep Confidential Information confidential, which precautions shall be no less stringent than those that the Security Trustee employs to protect its own confidential information. The Security Trustee shall not disclose to any third party other than as set forth herein, and shall not use for any purpose other than the exercise of the Security Trustee's rights and the performance of its obligations under this Instrument, any Confidential Information without the prior written consent of the Issuer or such Bondholder (or such holder of a beneficial interest in the Bonds), as applicable. The Security Trustee shall limit access to Confidential Information received hereunder to (a) its directors, officers, managers and employees and (b) its legal advisors, to each of whom disclosure of Confidential Information is necessary for the purposes described above; *provided*, *however*, that in each case such party has expressly agreed to maintain such information in confidence under terms and conditions substantially identical to the terms of this Condition 7.14.

(b) The Security Trustee agrees that the Issuer or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable, does not have any responsibility whatsoever for any reliance on Confidential Information by the Security Trustee or by any Person to whom such information is disclosed in connection with this Instrument, whether related to the purposes described above or otherwise. Without limiting the generality of the foregoing, the Security Trustee agrees that the Issuer or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable, makes no representation or warranty whatsoever to it with respect to Confidential Information or its suitability for such purposes. The Security Trustee further agrees that it shall not acquire any rights against the Issuer, any of its Subsidiaries, any Guarantor, any Pledgor or any employee, officer, director, manager, representative or agent of the Issuer, any of its Subsidiaries, any Guarantor, any Pledgor or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable (together with the Issuer, "**Confidential Parties**") as a result of the disclosure of Confidential Information to the Security Trustee and that no Confidential Party has any duty, responsibility, liability or obligation to any Person as a result of any such disclosure.

(A) no Default shall have occurred and be continuing or would occur as a consequence thereof;

(B) immediately after giving effect to such transaction on a *pro forma* basis, the Issuer would, pursuant to the Bond Documents, be permitted to Incur US$1.00 of additional Indebtedness under Condition 9.4(a); and

(C) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after the Issue Date (including Restricted Payments permitted by clauses (i), (iv), (v) (to the extent such dividends did not reduce Consolidated Net Income), (vi) and (xviii) of Condition 9.5(b), but excluding all other Restricted Payments permitted by Condition 9.5(b)), is less than the amount equal to the Cumulative Credit (with the amount of any Restricted Payment made under this Condition 9.5 in any property other than cash being equal to the Fair Market Value (as determined in good faith by the Issuer) of such property at the time made).

(b) The provisions of Condition 9.5(a) shall not prohibit:

(iii) the repayment, redemption, repurchase, defeasance or other acquisition or retirement of Subordinated Indebtedness of the Issuer or any Guarantor made by exchange for, or out of the proceeds of the substantially concurrent sale of, new Indebtedness of the Issuer or a Guarantor that is Incurred in accordance with Condition 9.4 so long as:

(A) the principal amount (or accreted value, if applicable) of such new Indebtedness does not exceed the principal amount (or accreted value, if applicable), plus any accrued but unpaid interest, of the Subordinated Indebtedness being so redeemed, repurchased, acquired or retired for value (plus the amount of any premium required to be paid under the terms of the instrument governing the Subordinated Indebtedness being so redeemed, repurchased, acquired or retired, plus any tender premiums or any defeasance costs, fees and expenses incurred in connection therewith),

(B) such Indebtedness is subordinated to the Bonds or the related Guarantee, as the case may be, at least to the same extent as such Subordinated Indebtedness so purchased, exchanged, redeemed, repurchased, defeased, acquired or retired for value,

provided that the Issuer or such Guarantor shall procure that the creditor under such Subordinated Indebtedness execute and deliver to the Security Trustee an accession undertaking substantially in the form of Schedule 2 of the Intercreditor Deed pursuant to which such creditor accede to the Intercreditor Deed as a Subordinated Creditor;

(B) on and after the Listing Date, such management equity plan or stock option plan or any other management or employee benefit plan or other agreement or arrangement is in compliance with the Listing Rules and applicable laws and regulations of the relevant Stock Exchange;

(x) other Restricted Payments that are made with Excluded Contributions;

(xi) other Restricted Payments in an aggregate amount not to exceed the greater of US$10,000,000 (or the Dollar Equivalent thereof) and 2.5 per cent. of Total Assets, in each case at the time made;

(xii) the distribution, as a dividend or otherwise, of (i) shares of Capital Stock of, or (ii) Indebtedness owed to the Issuer or a Restricted Subsidiary of the Issuer by, Unrestricted Subsidiaries (other than Unrestricted Subsidiaries the primary assets of which are Cash Equivalents);

(xiii) the payment of reasonable dividends or other distributions to any direct or indirect parent of the Issuer in amounts required for such parent to pay any taxes imposed directly on such parent to the extent such taxes are directly attributable to the income of the Issuer and its Restricted Subsidiaries (including by virtue of such parent being the common parent of a consolidated or combined tax group of which the Issuer and/or its Restricted Subsidiaries are members);

(xvii) Restricted Payments by the Issuer or any Restricted Subsidiary to allow the payment of cash in lieu of the issuance of fractional shares upon the exercise of options or warrants or upon the conversion or exchange of Capital Stock of any such Person; *provided*, *however*, that any such payment, loan, advance, dividend or distribution shall not be for the purpose of evading any limitation of this Condition 9.5 or otherwise to facilitate any dividend or other return of capital to the holders of such Capital Stock (as determined in good faith by the Board); and

(xviii) the repayment, redemption, repurchase, defeasance or otherwise acquisition or retirement for value of any Subordinated Indebtedness (x) the consideration for which is payable solely in the Equity Interests of the Issuer (other than Disqualified Stock) or any direct or indirect parent of the Issuer, as applicable; *provided*, *however*, that such Equity Interests will not increase the amount available for Restricted Payments under clause (3) of the definition of "Cumulative Credit," or (y) pursuant to the provisions similar to those described under Conditions 9.7 and 13.4; *provided* that in the case of sub-clause (y) all Bonds tendered by the Bondholders pursuant to the Change of Control Put Right or in connection with an Asset Sale Offer, as applicable, have been repurchased, redeemed or acquired for value;

(c) For purposes of designating any Restricted Subsidiary as an Unrestricted Subsidiary, all outstanding Investments by the Issuer and its Restricted Subsidiaries (except to the extent repaid) in the Subsidiary so designated shall be deemed to be Restricted Payments in an amount determined as set forth in the last sentence of the definition of "Investments." Such designation shall only be permitted if a Restricted Payment or Permitted Investment in such amount would be permitted at such time and if such Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

(d) For purposes of determining compliance with this Condition 9.5, in the event that a Restricted Payment (or any portion thereof) meets the criteria of more than one of the categories described in Condition 9.5(b) or is entitled to be made pursuant to Condition 9.5(a), the Issuer may, in its sole discretion, classify or reclassify, or later divide, classify or reclassify, such Restricted Payment (or any portion thereof) in any manner that complies with this Condition 9.5.

9.6 **Dividend and Other Payment Restrictions Affecting Subsidiaries.**

(a) So long as the Bonds are outstanding, the Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary to:

(i) (A) declare or pay any dividends, charge, fee or other distribution or make any other distributions (or interest on any unpaid dividend, charge, fee or other distribution) (whether in cash or in kind) to the Issuer or any of its Restricted Subsidiaries (1) on its Capital Stock or (2) with respect to any other interest or participation in, or measured by, its profits or (B) pay any Indebtedness owed to the Issuer or any of its Restricted Subsidiaries;

(iv) make loans or advances to the Issuer or any of its Restricted Subsidiaries; or

(v) sell, lease or transfer any of its properties or assets to the Issuer or any of its Restricted Subsidiaries,

except in each case for such encumbrances or restrictions existing under or by reason of:

(1) contractual encumbrances or restrictions in effect on the Issue Date;

(2) this Instrument, the Guarantees, the Bonds or the Security Documents;

(3) applicable law or any applicable rule, regulation or order;

(4) any agreement or other instrument relating to Indebtedness of a Person acquired by the Issuer or any Restricted Subsidiary that was in existence at the time of such acquisition (but not created in contemplation thereof or to provide all or any portion of the funds or credit support utilized to consummate such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired;

(5) contracts or agreements for the sale of assets, including any restriction with respect to a Restricted Subsidiary imposed pursuant to an agreement entered into for the sale or disposition of the Capital Stock or assets of such Restricted Subsidiary pending the closing of such sale or disposition;

(6) Secured Indebtedness otherwise permitted to be Incurred pursuant to Conditions 9.4 and 9.9;

(7) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(10) customary provisions contained in leases, licenses and other similar agreements entered into in the ordinary course of business;

(11) any encumbrance or restriction of a Receivables Subsidiary effected in connection with a Qualified Receivables Financing; *provided* that such restrictions apply only to such Receivables Subsidiary;

(12) other Indebtedness, Disqualified Stock or Preferred Stock (A) of the Issuer or any Restricted Subsidiary of the Issuer that is a Guarantor, (B) of the PRC Joint Venture permitted to be Incurred under Condition 9.4(b)(xxix) or (C) of any Restricted Subsidiary (other than the PRC Joint Venture) that is not a Guarantor so long as such encumbrances and restrictions contained in any agreement or instrument will not materially affect the Issuer's ability to make anticipated principal or coupon payments on the Bonds (as determined in good faith by the Issuer); *provided* that in the case of each of clauses (A) and (C), such Indebtedness, Disqualified Stock or Preferred Stock is permitted to be Incurred subsequent to the Issue Date under Condition 9.4;

(13) any Restricted Investment not prohibited by Condition 9.5 and any Permitted Investment; or

(14) any encumbrances or restrictions of the type referred to in clauses (i), (ii) and (iii) above imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (1) through (13) above; *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Issuer, no more restrictive with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing.

(b) For purposes of determining compliance with this Condition 9.6, (i) the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on other Capital Stock shall not be deemed a restriction on the ability to make distributions on Capital Stock and (ii) the subordination of loans or advances made to the Issuer or a Restricted Subsidiary of the Issuer to other Indebtedness Incurred by the Issuer or any such Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances.

9.7 **Asset Sales.**

(a) So long as the Bonds are outstanding, the Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, cause or make an Asset Sale, unless (x) the Issuer or any of its Restricted Subsidiaries, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of, and (y) at least 75 per cent. of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of Cash Equivalents; *provided* that the amount of:

(i) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the notes thereto) of the Issuer or any Restricted Subsidiary of the Issuer (other than liabilities that are by their terms subordinated to the Bonds or any Guarantee) that are assumed by the transferee of any such assets or that are otherwise cancelled or terminated in connection with the transaction with such transferee,

(ii) any notes or other obligations or other securities or assets received by the Issuer or such Restricted Subsidiary of the Issuer from such transferee that are converted by the Issuer or such Restricted Subsidiary of the Issuer into cash within 180 days of the receipt thereof (to the extent of the cash received), and

(iii) any Designated Non-cash Consideration received by the Issuer or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value (as determined in good faith by the Issuer), taken together with all other Designated Non-cash Consideration received pursuant to this clause (iii) that is at that time outstanding, not to exceed the greater of US$30,000,000 (or the Dollar Equivalent thereof) and 7.5 per cent. of Total Assets at the time of the receipt of such Designated Non-cash Consideration (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) shall be deemed to be Cash Equivalents for the purposes of this Condition 9.7(a).

(b) Within 180 days after the Issuer's or any Restricted Subsidiary of the Issuer's receipt of the Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary of the Issuer may apply the Net Proceeds from such Asset Sale, at its option:

(i) to repay (x) Indebtedness of a Restricted Subsidiary that is not a Guarantor or (y) Pari Passu Indebtedness; or

(ii) to make an Investment in any one or more businesses (*provided* that if such Investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of the Issuer or, if such Person is a Restricted Subsidiary of the Issuer, in an increase in the percentage ownership of such Person by the Issuer or any Restricted Subsidiary of the Issuer), assets, or property or capital expenditures, in each case (A) used or useful in a Similar Business or (B) that replace the properties and assets that are the subject of such Asset Sale.

In the case of Condition 9.7(b)(ii), a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment until the earlier of (x) the date on which such Investment is consummated and (y) the 180th day following the expiration of the aforementioned 180-day period, if such Investment has not been consummated by that date. Pending the final application of any such Net Proceeds, the Issuer or such Restricted Subsidiary of the Issuer may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in any manner not prohibited by this Instrument.

Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in clause (a) or (b) of this Condition 9.7 will be deemed to constitute "**Excess Proceeds**". On the 181st day (or the 361st day if a binding commitment as described in the immediately preceding paragraph has been entered into) after an Asset Disposition, or at such earlier date that the Issuer elects, if the aggregate amount of Excess Proceeds exceeds US$20,000,000 (or the Dollar Equivalent thereof) (an "**Excess Proceeds Threshold**"), the Issuer shall make an offer to all Bondholders (and, at the option of the Issuer, to holders of any Pari Passu

Indebtedness) (an "**Asset Sale Offer**") to purchase the maximum principal amount of Bonds (and such Pari Passu Indebtedness) that is at least US$1,000 and an integral multiple of US$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to the Redemption Amount plus the Applicable Premium (if any) (or, in respect of such Pari Passu Indebtedness, such price as may be provided for by the terms of such Pari Passu Indebtedness), to the date fixed for the closing of such offer, in accordance with the procedures set forth in this Condition 9.7. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within 10 Business Days after the date that Excess Proceeds exceed the applicable Excess Proceeds Threshold by providing the written notice required pursuant to Condition 9.7(f). To the extent that the aggregate amount of Bonds (and such Pari Passu Indebtedness) tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for any purpose that is not prohibited by this Instrument. If the aggregate principal amount of Bonds (and such Pari Passu Indebtedness) surrendered by Bondholders thereof exceeds the amount of Excess Proceeds, the Bondholders shall select the Bonds to be purchased in the manner described in Condition 9.7(e). Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

(c) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Bonds pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this Instrument, the Issuer shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in this Instrument by virtue thereof.

(d) The Asset Sale Offer, in so far as it relates to the Bonds, will remain open for a period not less than 10 Business Days following its commencement (the "**Offer Period**"). No later than five Business Days following the termination of the Offer Period, the Issuer shall cancel the Bonds or portions thereof that have been properly tendered to and are to be accepted by the Issuer, and shall, on the date of purchase, mail or deliver payment to each tendering Bondholder in the amount of the purchase price as determined by the Issuer.

(e) Bondholders electing to have a Bond purchased shall be required to surrender the Bond, with an appropriate form duly completed, to the Issuer at the address specified in the notice at least three Business Days prior to the purchase date. Bondholders shall be entitled to withdraw their election if the Issuer receives not later than one Business Day prior to the purchase date a telegram, telex, facsimile transmission or letter setting forth the name of the Bondholder, the principal amount of the Bond that was delivered by the Bondholder for purchase and a statement that such Bondholder is withdrawing such Bondholder's election to have such Bond purchased. If at the end of the Offer Period more Bonds (and such Pari Passu Indebtedness, as applicable) are tendered pursuant to an Asset Sale Offer than the Issuer is required to purchase, the Issuer will select the Bonds to be redeemed on a pro rata basis, by lot or by such other method as the Issuer shall deem fair and appropriate (and in such manner as complies with applicable legal requirements); *provided* that no Bonds of US$1,000 or less shall be purchased in part. Selection of such Pari Passu Indebtedness, as applicable, shall be made pursuant to the terms of such Pari Passu Indebtedness; *provided* that any purchase by the Issuer of Pari Passu Indebtedness and Bonds tendered pursuant to an Asset Sale Offer shall otherwise be made on a pro rata basis, as nearly as practicable.

(f) Written notices of an Asset Sale Offer shall be provided at least 30 but not more than 60 days before the purchase date to each Bondholder at such Bondholder's registered address. If any Bond is to be purchased in part only, any notice of purchase that relates to such Bond shall state the portion of the principal amount thereof that has been or is to be purchased. Bondholders whose Bonds are purchased only in part shall be issued new Bonds equal in principal amount to the unpurchased portion of the Bonds surrendered.

(g) Notwithstanding anything to the contrary in this Instrument, so long as the Bonds are outstanding, the Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, sell, transfer, lease or otherwise dispose of (whether in a single transaction or a series of related transactions) of any Equity Interests in the PRC Joint Venture held by the Issuer or such Restricted Subsidiary to any Person other than the Issuer or a Restricted Subsidiary, including any disposition by means of a merger, consolidation or similar transaction.

9.8 **Transactions with Affiliates.**

(a) So long as the Bonds are outstanding, the Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuer (each of the foregoing, an "**Affiliate Transaction**") involving aggregate consideration in excess of US$2,500,000 (or the Dollar Equivalent thereof), unless:

(i) such Affiliate Transaction is on terms that are not materially less favourable to the Issuer or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by the Issuer or such Restricted Subsidiary with an unrelated Person;

(ii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US$2,500,000 (or the Dollar Equivalent thereof), the Issuer delivers to the Bondholders a resolution adopted in good faith by the majority of the Board, approving such Affiliate Transaction and set forth in an Officer's certificate certifying that such Affiliate Transaction complies with clause (i) above; and

(iii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US$10,000,000 (or the Dollar Equivalent thereof), the Issuer shall notify the Bondholders of such proposed transaction and upon written request by any Bondholder:

(A) the Issuer delivers to the Bondholders, in addition to the resolution of the Board referred to in clause (ii) above, an opinion of a reputable accounting, appraisal or investment banking firm of national or international standing, or other recognised

independent expert of national or international standing with experience appraising the terms and conditions of the type of transaction or series of related transactions for which an opinion is required, stating that the Affiliate Transaction or series of related Affiliate Transactions is (l) fair to the Issuer or such Restricted Subsidiary from a financial point of view taking into account all relevant circumstances or (2) on terms not materially less favourable than might have been obtained in a comparable transaction at such time on an arm's length basis from a Person who is not an Affiliate; and

(B) for purposes of the opinion referred to in the immediately preceding paragraph, the Issuer shall present to the Bondholders at least four reputable accounting, appraisal or investment banking firms of national or international standing and/or other recognised independent experts of national or international standing with experience appraising the terms and conditions of the type of transaction or series of related transactions, at least two of which shall be of international standing, and one such firm or expert shall be selected for the purpose of delivering such opinion by the holders of at least 50.l per cent. in aggregate principal amount of the Bonds or by Special Resolution within 10 Business Days following receipt of the request from the Issuer; *provided* that if no firm or expert is selected, the Issuer shall be entitled to make such selection.

(b) The provisions of Condition 9.8(a) shall not apply to the following:

(i) transactions between or among the Issuer and/or any of its Restricted Subsidiaries (or an entity that becomes a Restricted Subsidiary as a result of such transaction), including any payment to, or sale, lease, transfer or other disposition of any properties or assets to, or purchase of any property or assets from, or any contract, agreement, amendment, understanding, loan, advance or guarantee with, or for the benefit of, the Issuer or any of its Restricted Subsidiaries (or an entity that becomes a Restricted Subsidiary as a result of such transaction);

(ii) Restricted Payments permitted by Condition 9.5 and Permitted Investments (without giving effect to clause (13) of the definition of "Permitted Investments");

(iii) the payment of reasonable and customary compensation, benefits, fees and reimbursement of expenses paid to, and indemnity, contribution and insurance provided on behalf of, officers, directors, employees or consultants of the Issuer or any Restricted Subsidiary or any direct or indirect parent of the Issuer;

(iv) payments or loans (or cancellation of loans) to officers, directors, employees or consultants that are approved by a majority of the disinterested members of the Board in good faith;

(v) any agreement as in effect as of the Issue Date or any amendment thereto (so long as any such agreement together with all amendments thereto, taken as a whole, is not more disadvantageous to the Bondholders in any material respect than the original agreement as in effect on the Issue Date) or any transaction contemplated thereby as determined in good faith by the Issuer;

While any such default continues, the Security Trustee may require a Paying Agent to pay all money held by it to the Security Trustee. If the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it in trust for the benefit of the Persons entitled thereto. Upon complying with this Condition 12.2, a Paying Agent shall have no further liability for the money delivered to the Security Trustee.

12.6 **Default Interest and Delay in Payment**

(a) If the Issuer fails to pay any sum in respect of the Bonds when the same becomes due and payable under this Instrument, interest shall accrue on the overdue sum at the rate of 10 per cent. per annum on a daily compounding basis from the due date and ending on the date on which full payment is made to the Bondholders in accordance with this Instrument. Such default interest shall accrue on the basis of the actual number of days elapsed and a 360-day year.

(b) Bondholders will not be entitled to any interest or other payment for any delay after the due date in receiving the amount due if such delay is caused solely because the due date is not a Business Day, if the Bondholder is late in surrendering its Bond Certificate (if required to do so) or if a cheque mailed in accordance with this Condition 12 arrives after the due date for payment.

(c) If an amount which is due on the Bonds is not paid in full, the Issuer or the Paying Agent, as the case may be, shall cause the Registrar to annotate the Register of Bondholders with a record of the amount (if any) in fact paid.

(d) All amounts due and payable by the Paying Agent in relation to the Bonds will be allocated in accordance with the written instructions it receives from the Issuer. The Paying Agent is not responsible in any manner whatsoever for the calculation of amounts due under the Bonds or as may be due under this Instrument.

13 **Redemption, Purchase and Cancellation**

13.1 **Maturity**

Unless previously redeemed, or purchased and cancelled as provided herein, the Issuer will redeem each Bond at an amount equal to the Redemption Amount on the Maturity Date. The Issuer may not redeem the Bonds at its option prior to the Maturity Date except as provided in Conditions 13.2 and 13.3 below (but without prejudice to Condition 15).

13.2 **Optional Redemption**

(a) The Issuer may, at its option and having given not less than 30 nor more than 60 days' notice (such notice or a notice delivered pursuant to this condition, an "**Optional Redemption Notice**") to the Bondholders in accordance with Condition 20 (which notices shall be irrevocable), redeem the Bonds, in whole but not in part, at a redemption price equal to Redemption Amount plus the Applicable Premium (if any) to (but not including) the relevant redemption date (such relevant redemption date, an "**Optional Redemption Date**");

(b) The Issuer will be bound to redeem the Bonds on the Optional Redemption Date at the relevant amount set forth in clause (a) above.

(c) Any redemption set forth in clauses (a) above may, at the discretion of the Issuer, be subject to the satisfaction of one or more conditions precedent. If such redemption is so subject to satisfaction of one or more conditions precedent, such notice shall describe each such condition, and if applicable, shall state that, in the Issuer's discretion, the redemption date may be delayed until such time (*provided, however*, that any delayed redemption date shall not be more than 60 days after the date the relevant Optional Redemption Notice was sent) as any or all such conditions shall be satisfied, or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the redemption date or by the redemption date as delayed. In addition, the Issuer may provide in such notice that payment of the redemption price and performance of the Issuer's obligations with respect to such redemption may be performed by another Person.

13.3 **Redemption for Taxation Reasons**

(a) At any time, the Issuer may, having given not less than 30 nor more than 60 days' notice (a "**Tax Redemption Notice**") to the Bondholders in accordance with Condition 20 (which notices shall be irrevocable), redeem the Bonds, in whole but not in part, at an amount equal to the Redemption Amount on the date fixed for redemption in the Tax Redemption Notice (the "**Tax Redemption Date**") (subject to the right of Bondholders of record on the relevant record date to receive interest due on the relevant interest payment date) and all Additional Amounts, if any, then due and which will become due on the Tax Redemption Date as a result of the redemption or otherwise, if:

(i) the Issuer certifies acting reasonably and in good faith to the Bondholders immediately prior to the giving of such notice that the Issuer has or will become obliged to pay Additional Amounts as referred to in Condition 15 as a result of:

(A) any change in, or amendment to, the laws or regulations of Luxembourg, Iceland, Germany, Switzerland or any political subdivision or any authority thereof or therein having power to tax (a "**Tax Jurisdiction**"); or

(B) any change in the general application or official written interpretation of such laws or regulations, which change or amendment is formally announced and becomes effective on or after the first Issue Date (or if the applicable Tax Jurisdiction becomes a Tax Jurisdiction on a date after the Issue Date, such later date) (each of the events set forth in paragraph (A) above or this paragraph (B), a "**Change of Tax Law**"),

but excluding payment of Additional Amounts in connection with a SPAC Listing as a result of any change in, or amendment to, the laws or regulations in relation to a SPAC Listing, and

(ii) such obligation cannot be avoided by the Issuer and/or the relevant Guarantor(s) taking reasonable measures available to it or them;

provided that no such Tax Redemption Notice shall be given (x) earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts were a payment in respect of the Bonds then due and (y) unless at the time such notice is given, such obligation to pay such Additional Amounts remains in effect. Prior to the publication or mailing of any notice of redemption pursuant to this Condition 13.3(a), the Issuer shall deliver to the Bondholders: (i) a certificate signed by a director of the Issuer stating that the

obligation referred to in paragraph (i) above cannot be avoided by the Issuer and/or the relevant Guarantor(s) (after taking reasonable measures available to it or them); and (ii) a written opinion of independent legal or tax advisers of recognised international standing qualified under the laws of the Tax Jurisdiction and reasonably satisfactory to the Bondholders to the effect that the Issuer or Guarantor, as the case may be, has been or will become obligated to pay Additional Amounts as a result of a Change of Tax Law.

(b) Subject to Condition 13.3(c) below, the Issuer will be bound to redeem the Bonds on the Tax Redemption Date at an amount equal to the Redemption Amount.

(c) If the Issuer gives a Tax Redemption Notice pursuant to Condition 13.3(a), each Bondholder will have the right to elect that its Bond(s) shall not be redeemed and that the provisions of Condition 14 shall not apply in respect of any payment of principal and premium to be made in respect of such Bond(s) which falls due after the relevant Tax Redemption Date whereupon no Additional Amounts shall be payable in respect thereof pursuant to Condition 14 and payment of all amounts shall be made subject to the deduction or withholding of any tax required to be deducted or withheld for or on account of taxes imposed by Luxembourg. To exercise a right pursuant to this Condition 13.3(c), the holder of the relevant Bond must complete, sign and deposit at its own expense during normal business hours at the Registrar's Office no later than the day falling 10 days prior to the Tax Redemption Date a duly completed and signed notice of exercise, in the form for the time being current, obtainable from the Registrar's Office (a "**Tax Option Exercise Notice**"), together with the Bond Certificate evidencing the Bonds. A Tax Option Exercise Notice, once delivered shall be irrevocable and may not be withdrawn without the Issuer's written consent.

(d) The foregoing provisions in this Condition 13.3 shall apply *mutatis mutandis* to the laws and official positions of any jurisdiction in which any successor to the Issuer or a Guarantor is organised or otherwise considered to be a resident for tax purposes or any political subdivision or taxing authority or agency thereof or therein and such provisions shall survive any termination, defeasance or discharge of this Instrument or the Guarantees.

13.4 **Redemption on Change of Control**

(a) In the event that a Change of Control has occurred prior to the Listing Date, the holder of each Bond will have the right (the "**Change of Control Put Right**") at such holder's option, to require the Issuer to redeem in whole but not in part such holder's Bonds on the Change of Control Put Date (as defined below) at an amount equal to the Redemption Amount plus the Applicable Premium (if any) to but not including the Change of Control Put Date (the "**Change of Control Put Price**"); *provided* always that the Bondholders shall have the right to waive any of the requirements contained in this Condition 13.4(a) by a Special Resolution.

(b) To exercise its Change of Control Put Right to require the Issuer to redeem its Bonds, the Bondholder must complete, sign and deposit at the Registrar's Office a duly completed and signed irrevocable notice of redemption, in the form for the time being current, obtainable during normal office hours from the Registrar's Office ("**Change of Control Put Exercise Notice**") together with the Bond Certificate

evidencing the Bonds to be redeemed by not later than 30 days following a Change of Control, or, if later, 30 days following the date upon which notice thereof is given to Bondholders by the Issuer in accordance with Condition 20. The "**Change of Control Put Date**" shall be the 14th day after the expiry of such period of 30 days as referred to above.

(c) A Change of Control Put Exercise Notice, once delivered, shall be irrevocable and the Issuer shall redeem the Bonds which form the subject of the Change of Control Put Exercise Notice delivered as aforesaid on the Change of Control Put Date.

(d) Not later than seven days after becoming aware of a Change of Control, the Issuer shall procure that notice regarding the Change of Control shall be delivered to the Bondholders (in accordance with Condition 20) stating:

(vi) that a Change of Control Put Exercise Notice, once validly given, may not be withdrawn.

13.5 **Special Put Right**

(a) In the event that a Qualified IPO or a Qualified SPAC Listing has not occurred on or prior to 30 June 2022 (the "**Special Put Triggering Date**", the holder of each Bond will have the right (the "**Special Put Right**") at such holder's option, to require the Issuer to redeem in whole but not in part such holder's Bonds on the Special Put Date (as defined below) at an amount equal to the Redemption Amount plus the Applicable Premium (if any).

(b) To exercise its Special Put Right to require the Issuer to redeem its Bonds, the Bondholder must complete, sign and deposit at the Registrar's Office a duly completed and signed irrevocable notice of redemption, in the form for the time being current, obtainable during normal office hours from the Registrar's Office ("**Special Put Exercise Notice**") together with the Bond Certificate evidencing the Bonds to be redeemed no earlier than 1 July 2022 and no later than 30 September 2022 (the "**Special Put Exercise Period**"). The "**Special Put Date**" shall be within 30 days of the expiry of the Special Put Exercise Period, as notified by the Issuer to the Bondholders that have exercised their Special Put Right pursuant to this Condition 13.5.

(c) A Special Put Exercise Notice, once delivered, shall be irrevocable and the Issuer shall redeem the Bonds which form the subject of the Special Put Exercise Notice delivered as aforesaid on the Special Put Date.

13.6 **Purchases**

The Issuer, the Guarantors or any of their respective Subsidiaries may at any time and from time to time purchase Bonds at any price in the open market or otherwise in compliance with applicable laws and regulations.

13.7 **Cancellation**

All Bonds which are purchased or redeemed by the Issuer, any Guarantor or any of their respective Subsidiaries, will forthwith be cancelled and such Bonds may not be reissued or resold.

13.8 **Redemption Notices**

All notices to Bondholders given by or on behalf of the Issuer pursuant to this Condition 13 will be given in accordance with Condition 21, and without prejudice to the other content requirements set out in this Condition 13, specify the applicable Redemption Amount, (if applicable) the Applicable Premium (if any), the date for redemption, the manner in which redemption will be effected and the aggregate principal amount of the outstanding Bonds as at the latest practicable date prior to the publication of the notice.

13.9 **Calculation**

The Calculation Agent shall verify calculation of any Redemption Amount and/or Applicable Premium pursuant to this Condition 13 provided that the Issuer furnishes all necessary information required by the Calculation Agent to perform such calculations.

14 **Taxation**

14.1 **Taxation Gross-Up**

(a) All payments, whether of principal, premium or otherwise, made by or on behalf of the Issuer or the Guarantors (including, in each case, any successor entity), as the case may be, under or with respect to this Instrument or the Guarantees, as the case may be, shall be made free and clear of and without withholding or deduction for, or on account of, any present or future tax, fee, duty, levy, tariff, impost, assessment or other governmental charge (including penalties, coupon and other liabilities related thereto) (collectively, "**Taxes**") (such withholding or deduction for, or on account of, Taxes being referred to as a "**Tax Deduction**") unless the Tax Deduction is then required by law. The Issuer or a Guarantor, as the case may be, shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction), with respect to the Bondholders, notify such Bondholders accordingly. If a Tax Deduction will at any time be required to be made from any payments made by or on behalf of the Issuer or the Guarantor, as the case may be, under or with respect to this Instrument or the Guarantee, as the case may be, including payments of principal, redemption price, coupon, additional amounts or premium, if any, the Issuer or the Guarantor, as the case may be, shall pay such additional amounts

(the "**Additional Amounts**") as may be necessary in order that the net amounts received in respect of such payments by the holders of a Bond, or beneficial owner of the Bonds, in respect of such payments, after such withholding or deduction (including any such withholding or deduction from such Additional Amounts) will not be less than the amounts that would have been received by each Bondholder in respect of such payments under or with respect to this Instrument or the Guarantee in the absence of such Tax Deduction; *provided*, *however*, that no Additional Amounts will be payable with respect to:

(i) any Taxes, to the extent such Taxes were imposed as a result of the presentation of a Bond for payment (where presentation is required) more than 30 days after the relevant payment is first made available for payment to the holder of that Bond (except to the extent that the holder of the Bond would have been entitled to Additional Amounts had the Bond been presented on the last day of such 30-day period);

(ii) any FATCA Deduction; or

(iii) any combination of the above clauses (i) to (ii).

(b) Subject to the provisions of the Guarantees, the Issuer or the Guarantors, as the case may be, shall pay and indemnify the Bondholders or the beneficial owner of the Bonds for any present or future stamp, issue, registration, transfer, court or documentary taxes, or any other excise or property taxes, charges or similar levies (including any penalties, coupon and other liabilities related thereto) that are payable in, or levied by any jurisdiction on the execution, delivery, transfer or registration of this Instrument, the Guarantees or the Bonds or the receipt of any payments with respect to, or enforcement of, this Instrument, the Guarantees or the Bonds (such sum being recoverable from the Issuer or the Guarantors, as the case may be, as a liquidated sum payable as a debt.

(c) If the Issuer or the Guarantors, as the case may be, becomes aware that it will be obligated to pay Additional Amounts with respect to any payment under or with respect to any Bond, this Instrument or the Guarantees, the Issuer or the Guarantors, as the case may be, shall deliver to the Bondholder on a date that is at least 30 days prior to the date of that payment (unless the obligation to pay Additional Amounts arises less than 45 days prior to that payment date, in which case the Issuer or the Guarantors, as the case may be, shall notify the Bondholder as promptly as practicable after the date that is 30 days prior to the payment date) notice signed by a director of the Issuer stating the fact that Additional Amounts will be payable and the amount estimated to be so payable. Such notice must also set forth any other information reasonably necessary to enable the Paying Agents, upon timely receipt of funds, to pay Additional Amounts to Bondholders on the relevant payment date. The Bondholder shall not have any obligation to determine whether any Additional Amounts are payable or the amount of such Additional Amounts.

(d) The Issuer or the Guarantors, as the case may be, shall make all Tax Deductions (within the time period and in the minimum amount) required by law and shall remit the full amount deducted or withheld to the relevant Tax authority in accordance with applicable law. The Issuer or the Guarantors, as the case may be, shall, whether or not Additional Amounts are payable, use its or their reasonable efforts to obtain Tax receipts from each Tax authority evidencing the payment of any Taxes so deducted or withheld. The Issuer or the

Guarantors, as the case may be, shall furnish to the Bondholders, and to a beneficial owner of Bonds upon request, within a reasonable time after the date the payment of any Taxes so deducted or withheld is made, certified copies of Tax receipts evidencing payment by the Issuer or the Guarantors, as the case may be, or if, notwithstanding such entity's efforts to obtain receipts, receipts are not obtained, other evidence (reasonably satisfactory to the Bondholders) of payments by such entity.

(e) Wherever in this Instrument or the Guarantees there is mentioned, in any context:

(i) the payment of principal;

(ii) purchase prices in connection with a purchase of Bonds;

(iii) coupon; or

(iv) any other amount payable on or with respect to any of the Bonds or any Guarantee,

such reference shall be deemed to include payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

(f) The obligations described under this Condition 14 shall survive any termination, defeasance or discharge of this Instrument or the Guarantees and shall apply, *mutatis mutandis*, to any jurisdiction in which any successor Person to the Issuer or a Guarantor is incorporated, or resident or doing business for tax purposes or any jurisdiction from or through which such Person makes any payment on the Bonds or the Guarantees and any department or political subdivision thereof or therein.

(g) The Issuer will:

(i) pay all stamp duty, registration, documentary, transfer and other similar Taxes payable in respect of any Bond Document; and

(i) within five Business Days of demand of the Security Trustee or a Bondholder, indemnify the Security Trustee or such Bondholder from and against any cost, loss or liability the Security Trustee or that Bondholder incurs in any jurisdiction in relation to any stamp duty, registration, documentary, transfer or other similar Tax paid or payable in respect of any Bond Document. None of the Security Trustee, the Registrar or the Paying Agent shall be liable or responsible to pay any such taxes or duties in any jurisdiction and none of them shall be under any obligation to determine whether the Issuer, any other Pledgor, any Guarantor or any Bondholder is liable to pay any taxes and duties and shall not be concerned with, or be obligated or required to enquire into, the sufficiency of any amount paid by the Issuer, any other Pledgor, any Guarantor or any Bondholder for this purpose.

The parties hereto acknowledge that the foregoing indemnities shall survive the resignation or removal of the Security Trustee or the termination of this Instrument.

14.2 **FATCA**

(a) Subject to Condition 14.1, each party hereto may make any FATCA Deduction it is required to make by FATCA and any payment required in connection with that FATCA Deduction.

(b) Each party hereto shall promptly, upon becoming aware that it must make a FATCA Deduction (or that there is any change in the rate or the basis of such FATCA Deduction), notify the Party to whom it is making the payment and, in addition, shall notify the Issuer, the Security Trustee and the Paying Agent, and the Security Trustee and the Paying Agent shall notify the other parties hereto.

(c) Subject to Condition 14.2(e), each party hereto shall, within ten Business Days of a reasonable request by any other party:

(i) confirm to that other party whether it is:

(A) a FATCA Exempt Party; or

(B) not a FATCA Exempt Party;

(ii) supply to that other party such forms, documentation and other information relating to its status under FATCA as that other party reasonably requests for the purposes of that other party's compliance with FATCA; and

(iii) supply to that other party such forms, documentation and other information relating to its status as that other party reasonably requests for the purposes of that party's compliance with any other law, regulation, or exchange of information regime.

(d) If a party hereto confirms to another party hereto pursuant to paragraph (c)(i) above that it is a FATCA Exempt Party and it subsequently becomes aware that it is not or has ceased to be a FATCA Exempt Party, that party shall notify that other party reasonably promptly.

(e) Condition 14.2(c) above shall not oblige any of the Security Trustee, the Registrar, the Paying Agent or the Bondholders to do anything which would or might in its reasonable opinion constitute a breach of:

(i) any law or regulation;

(ii) any fiduciary duty; or

(iii) any duty of confidentiality.

(f) If a party hereto fails to confirm whether or not it is a FATCA Exempt Party or to supply forms, documentation or other information requested in accordance with Condition 14.2(c) above (including, for the avoidance of doubt, where Condition 14.2(d) above applies), then such party shall be treated for the purposes of the Bond Documents (and payments under them) as if it is not a FATCA Exempt Party until such time as the party in question provides the requested confirmation, forms, documentation or other information.

15 **Events of Default**

Any of the following events will constitute an "**Event of Default**" under this Instrument:

16 Meetings of Bondholders and Modifications

16.1 Applicable rules

Articles 470-3 to 470-19 (included) of the Companies Law (including any provisions in respect of the representation of Bondholders and the holding of Bondholders' meetings contained therein) shall not apply to the Bonds and this Instrument.

16.2 Meetings

(a) Schedule 3 to this Instrument contains provisions for convening meetings of Bondholders to consider any matter affecting their interests, including the sanctioning by Special Resolution of a modification of the Bonds (subject to Condition 16.3 below) and the sanctioning by Ordinary Resolution of any matter requiring their approval pursuant to this Instrument. When there is only one Bondholder, no meetings are required and any resolution of the Bondholder can be passed by written resolution in accordance with paragraph 20 of Schedule 3.

(b) A Special Resolution passed at any meeting of Bondholders will be binding on all Bondholders, whether or not they are present at the meeting. Schedule 3 provides that a written resolution signed by or on behalf of the holders of not less than 90 per cent. of the aggregate principal amount of the Bonds then outstanding shall be as valid and effective as a duly passed Special Resolution.

16.3 Modification

The Issuer and the Guarantors may without any such meeting or sanction of the Bondholders, amend the terms of Bonds and the Guarantees if, in the reasonable opinion of the Issuer, having consulted with its financial adviser, legal adviser or auditor, such amendment is of a minor or technical nature or corrects a manifest error. Any such amendment will be binding on the Bondholders, the Security Trustee, the Registrar, the Paying Agent and the Calculation Agent.

Notwithstanding anything to the contrary herein or in any other Bond Document, any modification that has the effect of changing the number, percentage or aggregate principal amount of Bonds or Other Bonds required to accelerate the Bonds, including any modification of the final paragraph of Condition 15 shall require the consent of the holders of not less than 75.0 per cent. of the aggregate principal amount of the Bonds and the Other Bonds then outstanding.

16.4 **Form of Modification**

Any modification to the terms of the Bonds and any of the Guarantees, whether pursuant to Condition 16.2 or 16.3, shall be effected by way of deed poll executed by the Issuer and/or the relevant Guarantor(s), as the case may be. A copy of such deed poll will be sent by the Issuer to the Bondholders in accordance with Condition 20 as soon as practicable thereafter.

17 **Waiver**

No failure to exercise, nor any delay in exercising, on the part of any Bondholder, any right or remedy under these Conditions shall operate as a waiver, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies herein are cumulative and not exclusive of any rights or remedies provided by law.

18 **Voting and Other Rights**

The Bondholders will not be entitled to receive notice of or attend or vote at general meetings of the Issuer by reason only of being the holders of a Bond. The Bondholders will not be entitled to participate in any distribution and/or offers of further securities made by the Issuer by reason only of being the holders of the Bonds.

19 **Replacement of Bond Certificates**

If any Bond Certificate is mutilated, defaced, destroyed, stolen or lost, it may be replaced at the Registrar's Office upon payment by the claimant of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Bond Certificates must be surrendered before replacements will be issued.

20 **Notices**

All notices to Bondholders shall be validly given if mailed to them at their respective addresses in the Register of Bondholders. Any such notice shall be deemed to have been given on the later of the date of such publication and the seventh day after being so mailed to the Bondholders, as the case may be. The Issuer is under no obligation to investigate the address of a Bondholder in case of a change of address that has not been notified to it.

21 **Disenfranchisement of Shareholder Affiliates**

(a) For so long as a Shareholder Affiliate beneficially holds or otherwise owns any Bonds or any participation in the Bonds then outstanding (directly or indirectly and in any manner whatsoever) or has entered into a sub-participation agreement relating to a participation in any Bond then outstanding or other agreement or arrangement having a substantially similar economic effect and such agreement or arrangement has not been terminated, in ascertaining (i) the Instructing Bondholders or (ii) whether the agreement of any specified group of Bondholders has been obtained to approve any request for any consent, approval, release or waiver or agreement to any amendment or to carry out any other vote or approve any action or give any instruction under the Bond Documents, that holding, ownership or participation in the Bonds then outstanding shall be deemed to be zero, such Bonds shall be deemed not to be outstanding and that Shareholder Affiliate (or the person with whom it has entered into that sub-participation, other agreement or arrangement) shall be deemed not to be a Bondholder.

(b) Each Shareholder Affiliate that is a Bondholder agrees that:

(i) in relation to any meeting or conference call to which any Bondholders are invited to attend or participate, it shall not attend or participate in the same or be entitled to receive the agenda or any minutes of the same, unless, in each case, the Security Trustee otherwise agrees (acting on the instructions of the Instructing Bondholders); and

(ii) it shall not, unless the Security Trustee otherwise agrees (acting on the instructions of the Instructing Bondholders), be entitled to receive any report or other document prepared at the behest of, or on the instructions of, the Security Trustee or one or more of the Bondholders.

(c) Any Shareholder Affiliate which is or becomes a Bondholder and which acquires a participation in the Bonds then outstanding shall, by 5:00 p.m. on the Business Day following the day on which it acquired that participation in the Bonds then outstanding, provide a notice to the Security Trustee (i) stating that it is a Shareholder Affiliate and (ii) disclosing the extent of the Bonds to which that purchase relates. The Security Trustee shall promptly disclose such information to the other Bondholders.

For the avoidance of doubt, the terms of this Condition 21 shall take precedent over any conflicting provision in any Bond Document and paragraphs (a) to (c) above shall not apply to any Bondholder (and no Bondholder shall be deemed to be a Shareholder Affiliate for this purpose) for so long as:

(i) the relevant Bondholder holds Shares in the Issuer issued to it as a result of the relevant Bondholders' exercise of conversion rights over certain number of Bonds into the Shares of the Issuer pursuant to and in accordance with clause 4.1(a)(i) of the Amendment and Restatement Deed (the "**Conversion Shares**") (or the relevant Bondholder's Affiliate to whom the Conversion shares are transferred (directly or indirectly), or any further Shares in the Issuer directly issued to such Bondholder (or, as applicable, its Affiliates) (or otherwise transferred to them as permitted under the Bond Documents):

(A) as a result of any conversion, consolidation, sub-division or, re-designation or exchange of such Conversion Shares;

(B) by way of capitalisation of profits or reserves (including any share premium or capital contribution account) of the Issuer, or as a result of any distribution in kind made by the Issuer; and

(C) further to the exercise of any preferential subscription rights of the Bondholder (or, as the case may be, its Affiliates) applicable by law, or as a result of any merger or assimilated transaction,

in each case, on account of its holding of the Conversion Shares; and

(ii) the relevant Bondholder holds any Bonds or Other Bonds or any participation in the Bonds or Other Bonds then outstanding,

provided that this Condition 21 shall immediately apply to such Bondholder if it ceases to qualify for this exemption.

22 **Currency of Account; Conversion of Currency; Currency Exchange Restrictions**

22.1 U.S. dollars are the sole currency of account and payment for all sums payable by the Issuer and the Guarantors under or in connection with this Instrument and the Guarantees, as the case may be, including damages related thereto. Any amount received or recovered in a currency other than U.S. dollars by the Bondholders (whether as a result of, or as a result of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer otherwise) in respect of any sum expressed to be due to it from the Issuer or the Guarantors, as the case may be, shall only constitute a discharge to the Issuer or the Guarantors, as the case may be, to the extent of the U.S. dollar amount, which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. dollar amount is less than the U.S. dollar amount expressed to be due to the recipient under the applicable Bonds, the Issuer and the Guarantors shall indemnify it against any loss sustained by it as a result as set forth in Condition 22.2. In any event, the Issuer and the Guarantors shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition 22, it will be sufficient for the Bondholders to certify in a satisfactory manner (indicating sources of information used) that it would have suffered a loss had an actual purchase of U.S. dollars been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. dollars on such date had not been practicable, on the first date on which it would have been practicable, it being required that the need for a change of date be certified in the manner mentioned above).

22.2 Each of the Issuer and the Guarantors covenants and agrees that the following provisions shall apply to conversion of currency in the case of this Instrument and the Guarantees:

(a) the following apply:

(i) if for the purposes of obtaining judgment in, or enforcing the judgment of, any court in any country, it becomes necessary to convert into a currency (the "**Judgment Currency**") an amount due in any other currency (the "**Base Currency**"), then the conversion shall be made at the rate of exchange prevailing on the Business Day before the day on which the judgment is given or the order of enforcement is made, as the case may be (unless a court shall otherwise determine).

(ii) If there is a change in the rate of exchange prevailing between the Business Day before the day on which the judgment is given or an order of enforcement is made, as the case may be (or such other date as a court shall determine), and the date of receipt of the amount due, the Issuer or the Guarantors, as the case may be, will pay such additional (or, as the case may be, such lesser) amount, if any, as may be necessary so that the amount paid in the Judgment Currency when converted at the rate of exchange prevailing on the date of receipt will produce the amount in the Base Currency originally due.

(b) In the event of the winding-up of the Issuer or any of the Guarantors at any time while any amount or damages owing under this Instrument or the Guarantees, as the case may be, or any judgment or order rendered in respect thereof, shall remain outstanding, the Issuer or the Guarantors, as the case may be, shall indemnify and hold the Bondholders harmless against any deficiency arising or resulting

from any variation in rates of exchange between (i) the date as of which the non-U.S. currency equivalent of the amount due or contingently due under this Instrument (other than under this Condition 22.2(b)) or the Guarantees, as the case may be, is calculated for the purposes of such winding-up and (ii) the final date for the filing of proofs of claim in such winding-up. For the purpose of this Condition 22.2(b), the final date for the filing of proofs of claim in the winding-up of the Issuer or the Guarantors shall be the date fixed by the liquidator or otherwise in accordance with the relevant provisions of applicable law as being the latest practicable date as at which liabilities of the Issuer or the Guarantors, as the case may be, may be ascertained for such winding-up prior to payment by the liquidator or otherwise in respect thereto.

(c) The obligations contained in Condition 22.1, Condition 22.2(a)(ii) and Condition 22.2(b) shall constitute separate and independent obligations from the other obligations of the Issuer and the Guarantors under this Instrument, shall give rise to separate and independent causes of action against the Issuer and the Guarantors, shall apply irrespective of any waiver or extension granted by the Bondholders or any of them from time to time and shall continue in full force and effect notwithstanding any judgment or order or the filing of any proof of claim in the winding-up of the Issuer or any of the Guarantors for a liquidated sum in respect of amounts due hereunder (other than under Condition 22.2(b)) or under any such judgment or order. Any such deficiency as aforesaid shall be deemed to constitute a loss suffered by the Bondholders, as the case may be, and no proof or evidence of any actual loss shall be required by the Issuer or the Guarantors or the liquidator or otherwise or any of them. In the case of Condition 22.2(b), the amount of such deficiency shall not be deemed to be reduced by any variation in rates of exchange occurring between the said final date and the date of any liquidating distribution.

(d) The term "rate(s) of exchange" shall mean the rate of exchange quoted by Reuters at 10:00 a.m. (London time) for spot purchases of the Base Currency with the Judgment Currency other than the Base Currency referred to in Condition 22.2(a) hereof and 22.2(b) hereof and includes any premiums and costs of exchange payable.

22.3 **Third Party Rights**

A person which is not a party to this Instrument shall have no rights to enforce the provisions of this Instrument other than those it would have had if the Contracts (Rights of Third Parties) Act 1999 had not come into force.

23 Governing Law and Jurisdiction

23.1 This Instrument, and any non-contractual obligations arising out of or in connection with it, is governed by and shall be construed in accordance with English law.

23.2 The Courts of England sitting in London have exclusive jurisdiction to settle any dispute arising out of or in connection with this Instrument, the Bonds or the Guarantees (including a dispute relating to the existence, validity or termination of this Instrument, the Bonds or the Guarantees or any non-contractual obligation arising out of or in connection therewith) (a "**Dispute**") and accordingly any legal action or proceedings in connection with such Dispute ("**Proceedings**") may be brought in such courts. Each of the Issuer, the Guarantors and the Bondholders hereby irrevocably submits to the jurisdiction of such courts.

23.3 Each of the Issuer and the Guarantors irrevocably agrees that within five (5) Business Days of the date hereof it will appoint an agent having its registered office in the United Kingdom as its agent to receive on its behalf in England service of any proceedings started in the courts of England sitting in London under this Condition 23 and will provide evidence of the same to the Bondholders. Such service shall be deemed completed on delivery to such agent (whether or not it is forwarded to and received by the Issuer) and shall be valid until such time as the Issuer has received prior written notice that such agent has ceased to act as agent. If for any reason such agent ceases to be able to act as agent or no longer has an address in England, the Issuer shall forthwith appoint a substitute and deliver to the Bondholders the new agent's name and address and email within England and Wales. Nothing in this clause shall affect the right of Bondholders to serve process in any other manner permitted by law.

23.4 For the avoidance of doubt, articles 470-1 to 470-19 (included) of the Luxembourg law on commercial companies dated August 10, 1915 (as amended) shall be excluded.

24 **Counterparts**

This Instrument may be executed in any number of counterparts, each of which shall be deemed an original.

Schedule 3

Provisions for Meetings of Bondholders

1. **Proxies**

A holder of a Bond may by an instrument in writing (a ***form of proxy***) in the form available from the Registered Office signed by the holder or, in the case of a corporation, executed under its common seal or signed on its behalf by an attorney or a duly authorised officer of the corporation and delivered to the Issuer not later than 48 hours before the time fixed for any meeting, appoint any person (a ***proxy)*** to act on his or its behalf in connection with any meeting or proposed meeting of Bondholders. A Proxy need not be a Bondholder.

2. **Representatives**

A holder of a Bond which is a corporation may by delivering to the Issuer not later than 48 hours before the time fixed for any meeting a resolution of its directors or other governing body in English authorise any person to act as its representative (a ***representative)*** in connection with any meeting or proposed meeting of Bondholders.

3. **Duration of Appointment**

A proxy or representative so appointed shall so long as such appointment remains in force be deemed, for all purposes in connection with any meeting or proposed meeting of Bondholders specified in such appointment, to be the holder of the Bonds to which such appointment relates and the holder of the Bond shall be deemed for such purposes not to be the holder.

4. **Calling of Meetings**

The Issuer may at any time convene a meeting of Bondholders. If the Issuer receives a written request by Bondholders holding at least 10 per cent. in principal amount of the Bonds then outstanding it shall as soon as reasonably practicable convene a meeting of Bondholders. Every meeting shall be held at a time and place approved by the directors of the Issuer.

5. **Notice of Meetings**

At least 21 days' notice (exclusive of the day on which the notice is given and of the day of the meeting) shall be given to the Bondholders to convene a meeting of Bondholders. A copy of the notice shall be given by the party convening the meeting to the other parties. The notice shall specify the day, time and place of meeting, be given in the manner provided in the Conditions and shall specify the nature of the resolutions to be proposed and shall include a statement to the effect that the holders of Bonds may appoint proxies by executing and delivering a form of proxy in English to the Registered Office not later than 48 hours before the time fixed for the meeting or, in the case of corporations, may appoint representatives by resolution in English of their directors or other governing body and by delivering an executed copy of such resolution to the Issuer not later than 48 hours before the time fixed for the meeting. The accidental omission to give notice to, or the non-receipt of notice by, any Bondholder shall not invalidate any resolution passed at any such meeting.

6. **Chairman of Meetings**

A person (who may, but need not, be a Bondholder) nominated in writing by the Issuer may act as chairman of a meeting but if no such nomination is made or if the person nominated is not present within 15 minutes after the time fixed for the meeting the Bondholders present shall choose one of them to be chairman. The chairman of an adjourned meeting need not be the same person as was chairman of the original meeting.

7. **Quorum at Meetings**

At a meeting two or more persons present in person holding Bonds or being proxies or representatives and holding or representing in the aggregate not less than 10 per cent. in principal amount of the Bonds then outstanding shall (except for the purpose of passing a Special Resolution) form a quorum for the transaction of business and no business (other than the choosing of a chairman) shall be transacted unless the requisite quorum be present at the commencement of business. The quorum at a meeting for passing a Special Resolution shall (subject as provided below) be two or more persons present in person holding Bonds or being proxies or representatives and holding or representing in the aggregate over 50 per cent. in principal amount of the Bonds then outstanding; *provided* that the quorum at any meeting the business of which includes any of the matters specified in the proviso to paragraph 16 shall be two or more persons so present holding Bonds or being proxies or representatives and holding or representing in the aggregate not less than 66 per cent. in principal amount of the Bonds then outstanding.

8. **Absence of Quorum**

If within 15 minutes from the time fixed for a meeting a quorum is not present the meeting shall, if convened upon the requisition of Bondholders, be dissolved. In any other case it shall stand adjourned to such date, not less than 14 nor more than 42 days later, and to such place as the chairman may decide. At such adjourned meeting two or more persons present in person holding Bonds or being proxies or representatives (whatever the principal amount of the Bonds so held or represented) shall form a quorum and may pass any resolution and decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had a quorum been present at such meeting; *provided* that at any adjourned meeting at which is to be proposed a Special Resolution for the purpose of effecting any of the modifications specified in the proviso to paragraph 16 the quorum shall be two or more persons so present holding Bonds or being proxies or representatives and holding or representing in the aggregate not less than 33 per cent. in principal amount of the Bonds then outstanding.

9. **Adjournment of Meetings**

The chairman may with the consent of (and shall if directed by) a meeting adjourn the meeting from time to time and from place to place but no business shall be transacted at an adjourned meeting which might not lawfully have been transacted at the meeting from which the adjournment took place.

10. **Notice of Adjourned Meetings**

At least 10 days' notice of any meeting adjourned through want of a quorum shall be given in the same manner as for an original meeting and such notice shall state the quorum required at the adjourned meeting. No notice need, however, otherwise be given of an adjourned meeting.

11. **Manner of Voting**

Each question submitted to a meeting shall be decided in the first instance by a show of hands and in case of equality of votes the chairman shall both on a show of hands and on a poll have a casting vote in addition to the vote or votes (if any) which he may have as a Bondholder or as a proxy or representative. Unless a poll is (before or on the declaration of the result of the show of hands) demanded at a meeting by the chairman, the Issuer or by one or more persons holding one or more Bonds or being proxies or representatives and holding or representing in the aggregate not less than two per cent. in principal amount of the Bonds then outstanding, a declaration by the chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

12. **Manner of Taking Poll**

If a poll is demanded, it shall be taken in such manner and (subject as provided below) either at once or after such an adjournment as the chairman directs and the result of such poll shall be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll shall not prevent the continuation of the meeting for the transaction of any business other than the question on which the poll has been demanded.

13. **Time for Taking Poll**

A poll demanded on the election of a chairman or on any question of adjournment shall be taken at the meeting without adjournment.

14. **Persons Entitled to Attend**

The Issuer (through its representatives) and its financial and legal advisers may attend and speak at any meeting of Bondholders. No one else may attend or speak at a meeting of Bondholders unless he is the holder of a Bond or is a proxy or a representative.

15. **Votes**

On a poll every person who is so present shall have one vote in respect of each Bond produced or in respect of which he is a proxy or a representative. Without prejudice to the obligations of proxies, a person entitled to more than one vote need not use them all or cast them all in the same way.

16. **Powers of Meetings of Bondholders**

A meeting of Bondholders shall, subject to the Conditions, in addition to the powers given above, have power exercisable by Special Resolution:

(a) to sanction any proposal by the Issuer for any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Bondholders against the Issuer;

(b) to sanction the exchange or substitution for the Bonds of shares, bonds, or other obligations or securities of the Issuer or any other entity;

(c) to assent to any modification of the Bonds which shall be proposed by the Issuer;

(d) to authorise anyone to concur in and do anything necessary to carry out and give effect to a Special Resolution;

(e) to give any authority, direction or sanction required to be given by Special Resolution;

(f) to appoint any persons (whether Bondholders or not) as a committee or committees to represent the interests of the Bondholders and to confer on them any powers or discretions which the Bondholders could themselves exercise by Special Resolution; and

(g) to approve the substitution of any entity for the Issuer (or any previous substitute) as principal debtor under the Bonds;

provided that the special quorum provisions contained in the proviso to paragraph 7 and, in the case of an adjourned meeting, in the proviso to paragraph 11 shall apply for the purpose of making any modification to the provisions contained in the Bonds which would have the effect of:

(i) modifying the Maturity Date or the due dates for any payment in respect of the Bonds; or

(ii) reducing or cancelling the amount of principal, premium (including any Redemption Amount) or the rate of default interest payable in respect of the Bonds or changing the method of calculation of the Redemption Amount; or

(iii) changing the currency of any payment in respect of the Bonds; or

(iv) modifying the provisions contained in this Schedule concerning the quorum required at a meeting of Bondholders or the majority required to pass a Special Resolution or sign a resolution in writing; or

(v) amending this proviso.

Notwithstanding anything to the contrary in this Schedule 3, with respect to any matter for which any other provision of the Instrument and/or the Intercreditor Deed requires the direction and/or sanction of a specified percentage of the aggregate principal amount of the Bonds or the Other Bonds or the Bonds and the Other Bonds then outstanding, such other provision of the Instrument and/or the Intercreditor Deed shall prevail.

17. **Resolutions Binding on all Bondholders**

Any Special Resolutions or Ordinary Resolutions passed at a meeting of Bondholders duly convened and held in accordance with this Schedule and the Conditions shall be binding on all the Bondholders, whether or not present at the meeting, and each of them shall be bound to give effect to it accordingly. The passing of such a resolution shall be conclusive evidence that the circumstances of such resolution justify the passing of it.

18. **Special Resolution**

The expression ***Special Resolution*** means a resolution passed at a meeting of Bondholders duly convened and held in accordance with these provisions by a majority consisting of not less than three-quarters of the votes cast at such meeting.

19. **Ordinary Resolution**

The expression ***Ordinary Resolution*** means a resolution passed at a meeting of Bondholders duly convened and held in accordance with these provisions by a majority consisting of not less than half of the votes cast at such meeting.

20. **Written Resolution**

A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. in principal amount of the Bonds then outstanding who for the time being are entitled to receive notice of a meeting in accordance with these provisions shall for all purposes be as valid as a Special Resolution or an Ordinary Resolution passed at a meeting of Bondholders convened and held in accordance with these provisions. Such resolution in writing may be in one document or several documents in like form each signed by or on behalf of one or more of the Bondholders.

21. **Minutes**

Minutes shall be made of all resolutions and proceedings at every meeting and, if purporting to be signed by the chairman of that meeting or of the next succeeding meeting of Bondholders, shall be conclusive evidence of the matters in them. Until the contrary is proved every meeting for which minutes have been so made and signed shall be deemed to have been duly convened and held and all resolutions passed or proceedings transacted at it to have been duly passed and transacted.

In the event that the Issuer or any of its Restricted Subsidiaries Incurs, repays, repurchases or redeems any Indebtedness subsequent to the commencement of the period for which the Consolidated Leverage Ratio is being calculated but prior to the event for which the calculation of the Consolidated Leverage Ratio is made (the "**Consolidated Leverage Calculation Date**"), then the Consolidated Leverage Ratio shall be calculated giving *pro forma* effect to such Incurrence, repayment, repurchase or redemption of Indebtedness as if the same had occurred at the beginning of the applicable four-quarter period; *provided* that the Issuer may elect pursuant

If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into the Issuer or any Restricted Subsidiary since the beginning of such period shall have made any Investment, acquisition, disposition, merger, consolidation, amalgamation, discontinued operation or operational change, in each case with respect to a business, a division or an operating unit of a business, as applicable, that would have required adjustment pursuant to this definition, then the Consolidated Leverage Ratio shall be calculated giving *pro forma* effect thereto for such period as if such Investment, acquisition, disposition, merger, amalgamation, consolidation, discontinued operation or operational change had occurred at the beginning of the applicable four-quarter period.

(b) Where only part of the principal amount of the Bonds in respect of which a Bond Certificate is issued is to be transferred or exchanged, a new Bond Certificate in respect of the Bonds not so transferred or exchanged will, within five Business Days of delivery of the original Bond Certificate to the Registrar, be mailed by uninsured mail at the risk of the holder entitled to the Bonds not so transferred or exchanged (but free of charge to the holder) to the address of such holder appearing on the Register of Bondholders.

6.4 **Unconditional Obligation**

Each Guarantor agrees that its obligations hereunder shall be unconditional, irrespective of the validity, regularity or enforceability of this Instrument or any Bond, or any change in or amendment hereto or thereto, the absence of any action to enforce the same, any waiver or consent by any Bondholder with respect to any provision of this Instrument or the Bonds, the obtaining of any judgment against the Issuer or any action to enforce the same or any other circumstance which might otherwise constitute a legal or equitable discharge or defence of a guarantor.

6.8 **Ranking of the Guarantee**

Each Guarantee constitutes direct, unconditional, unsubordinated and secured obligations of the relevant Guarantor which will at all times rank at least equally with all of the relevant Guarantor's other present and future unsubordinated obligations, save for such exceptions as may be provided by mandatory provisions of applicable law (notably in respect of bankruptcy, insolvency or liquidation).

(b) all amounts due and payable under the Bonds then outstanding and this Instrument have been paid in full to the satisfaction of the Security Trustee.

6.13 **Limitation for Guarantors incorporated in Switzerland**

Any Guaranteed Obligations pursuant to this Condition 6 that are incurred by a Guarantor incorporated in Switzerland (a "**Swiss Guarantor**") or any other obligation of a Swiss Guarantor under this Instrument or any other Bond Document to grant economic benefits to its (direct or indirect) parent company or its sister companies, including, for the avoidance of doubt, any joint liability, any indemnity, any waiver of set-off or subrogation rights or waiver of intra-group claims, shall be subject to the following:

(a) If and to the extent a Swiss Guarantor becomes liable for any obligations of its (direct or indirect) parent company (upstream obligations) or its sister companies (cross-stream obligations) (the "**Upstream or Cross-Stream Secured Obligations**") under the Bond Documents

and if complying with such Upstream or Cross-Stream Secured Obligations would constitute a repayment of capital (*Einlagerückgewähr/Kapitalrückzahlung*), a violation of the legally protected reserves (*gesetzlich geschützte Reserven*) or the payment of a (constructive) dividend (*Gewinnausschüttung*) under Swiss corporate law and practice then applicable, such Swiss Guarantor's aggregate liability for Upstream or Cross-Stream Secured Obligations shall be limited to the maximum amount of such Swiss Guarantor's freely disposable shareholder equity at the time it becomes liable (the "**Swiss Guarantor Maximum Amount**"), *provided* that such limitation is required under the applicable law at that time; *provided*, *further*, that such limitation shall not free such Swiss Guarantor from its obligations in excess of the Swiss Guarantor Maximum Amount, but merely postpone the performance date of those obligations until such time or times as performance is again permitted under then applicable law. Such Swiss Guarantor Maximum Amount of freely disposable shareholder equity shall be determined in accordance with Swiss law and applicable Swiss accounting principles, and, if and to the extent required by applicable Swiss law, shall be confirmed by the auditors of such Swiss Guarantor on the basis of an interim audited balance sheet as of that time.

(b) In respect of Upstream or Cross-Stream Secured Obligations, each Swiss Guarantor shall at the time it is required to make a payment under any Bond Document, if and to the extent required by applicable law (including tax treaties) in force at the relevant time:

(i) use its reasonable efforts to ensure that such enforcement proceeds can be used to discharge Upstream or Cross-Stream Secured Obligations without deduction of any withholding tax levied in accordance with the Act on the Withholding Tax (*Bundesgesetz über die Verrechnungssteuer*) of 13 October 1965, as amended from time to time (the "**Swiss Withholding Tax**") by discharging the liability to such tax by notification pursuant to applicable law (including tax treaties) rather than payment of the tax;

(ii) if the notification procedure referred to in clause (i) above does not apply, deduct the Swiss Withholding Tax at such rate (which is currently 35% as at the date of this Instrument) as is in force from time to time from any such enforcement proceeds used to discharge Upstream or Cross-Stream Secured Obligations, and pay, without delay, any such taxes deducted to the Swiss Federal Tax Administration;

(iii) notify the Security Trustee of such notification referred to in clause (i) above or, as the case may be, deduction has been made, and provide the Security Trustee with evidence that such a notification of the Swiss Federal Tax Administration has been made or, as the case may be, such taxes deducted have been paid to the Swiss Federal Tax Administration; and

(iv) in the case of a deduction of Swiss Withholding Tax, use its reasonable efforts to ensure that any person, which is entitled to a full or partial refund of the Swiss Withholding Tax deducted from such enforcement proceeds, will, as soon as possible after such deduction,

(A) request a refund of the Swiss Withholding Tax under applicable law (including tax treaties); and

(B) in case it has received any refund for the Swiss Withholding Tax, pay to the Security Trustee upon receipt any amount so refunded. The Security Trustee shall co-operate with the Swiss Guarantor to secure such refund.

(c) To the extent a Swiss Guarantor is required to deduct Swiss Withholding Tax pursuant to Condition 6.13(b)(iv), and if the maximum amount of freely disposable shareholder equity pursuant to Condition 6.13(a) is not utilised, such Swiss Guarantor shall pay additional amounts until such payment(s) is equal to an amount which (after making any deduction of Swiss Withholding Tax pursuant to Condition 6.13(b)) would have resulted if no deduction of Swiss Withholding Tax had been required, provided that such payments (including the additional amount) shall in any event be limited to the Swiss Guarantor Maximum Amount.

(d) If and to the extent reasonably requested by the Security Trustee and if and to the extent this is from time to time required under Swiss law (restricting profit distributions), in order to allow a prompt performance of a Swiss Guarantor's obligations under the Bond Documents, such Swiss Guarantor shall promptly implement all such measures and/or promptly procure the fulfilment of all prerequisites allowing it to promptly make the (requested) payment(s) hereunder from time to time, including the following:

(i) preparation of an up-to-date audited balance sheet of the Swiss Guarantor;

(ii) confirmation of the auditors of the Swiss Guarantor that the relevant amount represents (the maximum of) freely distributable profits;

(iii) conversion of restricted reserves into profits and reserves freely available for the distribution as dividends (to the extent permitted by mandatory Swiss law);

(iv) revaluation of hidden reserves (to the extent permitted by mandatory Swiss law);

(v) approval by a shareholders' meeting of the Swiss Guarantor of the (resulting) profit distribution; and

(vi) all such other measures reasonably necessary or useful to allow for the use of enforcement proceeds to discharge the Upstream or Cross-Stream Secured Obligations to the fullest extent allowed by applicable law.

Subject to the terms of the Intercreditor Deed and the relevant Security Documents, at any time after the Security has become enforceable under this Instrument or the relevant Security Documents, the Bondholders may (but shall not be obliged to), at their discretion and without further notice, solely by way of a written request by holders of at least 50.1 per cent. in principal amount of the Bonds and the Other Bonds then outstanding (the "**Instructing Bondholders**"), direct the Security Trustee to take such proceedings as the Bondholders may think fit against or in relation to any Pledgor (including, without limitation, by taking possession or disposing of or realising the Collateral in addition to, or in lieu of taking such other action as may be permitted against any Pledgor) to enforce the Security.

7.5 **Security Trustee Taking Possession of Collateral**

To enforce the Security, the Security Trustee may, subject to Condition 7.4 above, following the Security becoming enforceable, at the direction of the Instructing Bondholders, take possession of all or part of the Collateral over which the Security shall have become enforceable, sell, call in, collect and convert into money, all or part of the Collateral in such manner and on such terms as directed by the Instructing Bondholders or take any of the following actions if so directed by the Instructing Bondholders, subject to applicable law:

(f) execute and do contracts, deeds, documents and things and bring, defend or abandon actions, suits and proceedings in relation to the Collateral or any part thereof in the name of any Pledgor;

(g) exercise or permit any other person to exercise any powers or rights incident to the ownership of the Collateral or any part thereof;

(h) discharge the Collateral or any part thereof from any charge securing the Secured Obligation or release any Pledgor from any obligation where the Security Trustee considers such release or discharge to be expedient and in the interests of the secured parties and on such terms and conditions as it thinks fit; and

(i) generally to do anything in relation to the Collateral or any part thereof or any other property subject to the Security Documents as it could do if it were the absolute beneficial owner of the Collateral.

7.6 **Pledgors' Waiver**

Each Pledgor waives, to the extent permitted under applicable law, all rights it may otherwise have to require that the Security be enforced in any particular order or manner or at any particular time or that any sum received or recovered from any person, or by virtue of the enforcement of any of the Security or any security interest therein, which is capable of being applied in or towards discharge of any of the Secured Obligations is so applied.

7.7 **Discharge**

The Security Trustee's receipt for any moneys paid to it shall discharge the person paying them from such amounts so received and such person shall not be responsible for their application.

7.9 **Attorney**

Each Pledgor, by way of security, irrevocably and severally appoints the Security Trustee and every receiver of any Collateral appointed pursuant to this Instrument to be severally acting as its attorney (with full power of substitution) on its behalf and in its name to take any action, whether before or for the purposes of enforcement of the Security, which that Pledgor is obliged to take under this Instrument and the Security Documents, and generally to exercise all or any of the functions of the Security Trustee or any such receiver; *provided* that (a) an Event of Default has occurred and a written notice has been served to the Issuer by the Instructing Bondholders and (b) the Pledgor has failed to take such action for 5 Business Days following notification by the Security Trustee (*provided further* that a copy of such notice is sent to the Issuer and the Pledgor is requested to comply).

7.11 **Dealings with Security Trustee**

No Person dealing with the Security Trustee or any receiver of any of the Collateral appointed by the Security Trustee need enquire whether any of the powers, authorities and discretions conferred by or pursuant to this Instrument in relation to such property are or may be exercisable by the Security Trustee or such receiver or as to the propriety or regularity of acts purporting or intended to be in exercise of any such powers.

7.12 **Release of Security**

No release of Security shall be effective against the Security Trustee or the Bondholders until the Issuer has delivered to the Security Trustee an Officer's Certificate stating that all requirements relating to such release have been complied with and such release is authorised and permitted by the terms of the Security Documents.

Upon a disposal of any of the Collateral:

(a) pursuant to the enforcement of the Security by a receiver or the Security Trustee; or

(b) if that disposal or release is permitted under this Instrument or the Security Documents,

(a) Madison Pacific Trust Limited shall initially act as Security Trustee and shall be authorised to appoint co-Security Trustees as necessary in its sole discretion. Except as otherwise explicitly provided herein or in the Security Documents or the Intercreditor Deed, neither the Security Trustee nor any of its officers, directors, employees or agents shall be liable for failure to demand, collect or realize upon any of the Collateral or for any delay in doing so, unless caused by its negligence, willful misconduct or breach of the Bond Documents, or shall be under any obligation to sell or otherwise dispose of any Collateral upon the request of any other Person or to take any other action whatsoever with regard to the Collateral or any part thereof. Notwithstanding any provision to the contrary contained elsewhere in this Instrument, the Intercreditor Deed or the Security Documents, the duties of the Security Trustee shall be ministerial and administrative in nature, and the Security Trustee shall not have any duties or responsibilities, except those expressly set forth in this Instrument, in the Intercreditor Deed and in the Security Documents to which the Security Trustee is a party, nor shall the Security Trustee have or be deemed to have any trust or other fiduciary relationship with the Security Trustee, any Bondholder, the Issuer or any Guarantor, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Instrument, the Intercreditor Deed or the Security Documents or shall otherwise exist against the Security Trustee. The Security Trustee shall be accountable only for amounts that it actually receives as a result of the exercise of such powers, and neither the Security Trustee nor any of its officers, directors, employees or agents shall be responsible for any act or failure to act hereunder, except for its own willful misconduct or gross negligence (as determined by a final, non-appealable order of a court of competent jurisdiction).

(b) The Security Trustee is authorised and directed to (i) enter into the Security Documents, (ii) enter into the Intercreditor Deed, (iii) bind the Bondholders on the terms as set forth in the Security Documents and the Intercreditor Deed and (iv) perform and observe its obligations under the Security Documents and the Intercreditor Deed.

(c) The Security Trustee shall act pursuant to the instructions of the Bondholders with respect to the Security Documents and the Collateral. For the avoidance of doubt, the Security Trustee shall have no discretion under this Instrument, the Intercreditor Deed or the Security Documents and shall not be required to make or give any determination, consent, approval, request or direction without the written direction of the requisite Bondholders. After the occurrence of an Event of Default, the Security Trustee may take any action required or permitted by this Instrument, the Security Documents or the Intercreditor Deed.

(d) Upon the receipt by the Security Trustee of a written request of the Issuer signed by one Officer pursuant to this Condition 7.13(d) (a "**Security Document Order**"), the Security Trustee is hereby authorised to execute and enter into, and shall execute and enter into, without the further consent of any Bondholder, any Security Document to be executed after the Issue Date. Such Security Document Order shall (i) state that it is being delivered to the Security Trustee pursuant to, and is a Security Document Order referred to in, this Condition 7.13(d) and (ii) instruct the Security Trustee to execute and enter into such Security Document. Any such execution of a Security Document shall be at the direction and expense of the Issuer, upon delivery to the Security Trustee of an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent to the execution and delivery of such Security Document have been satisfied. The Bondholders, by their acceptance of the Bonds, hereby authorise and direct the Security Trustee to execute such Security Documents.

(e) The Security Trustee shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default, unless the Security Trustee shall have received written notice from a Bondholder or the Issuer referring to this Instrument, describing such Default or Event of Default and stating that such notice is a "notice of default". The Security Trustee shall take such action with respect to such Default or Event of Default as may be requested by the Instructing Bondholders subject to this Condition 7.13.

(f) No provision of this Instrument or any Security Document shall require the Security Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or thereunder or to take or omit to take any action hereunder or thereunder or take any action at the request or direction of Bondholders if it shall have reasonable grounds for believing that repayment of such funds is not assured to it. Notwithstanding anything to the contrary contained in this Instrument, the Intercreditor Deed or the Security Documents, in the event the Security Trustee is entitled or required to commence an action to foreclose or otherwise exercise its remedies to acquire control or possession of the Collateral, the Security Trustee shall not be required to commence any such action, exercise any remedy, inspect or conduct any studies of any property or take any such other action if the Security Trustee has determined that the Security Trustee may incur personal liability as a result of the presence at, or release on or from, the Collateral or such property of any hazardous substances unless the Security Trustee has received security or indemnity from the Bondholders in an amount and in a form all satisfactory to the Security Trustee in its sole discretion, protecting the Security Trustee from all such liability. The Security Trustee shall at any time be entitled to cease taking any action described in this Condition 7.13(f) if it no longer reasonably deems any indemnity, security or undertaking from the Issuer or the Bondholders to be sufficient.

(g) The Security Trustee shall not be responsible in any manner to any Bondholder for the validity, effectiveness, genuineness, enforceability or sufficiency of this Instrument, the Security Documents or the Intercreditor Deed or for any failure of the Issuer, any Guarantor or any other party to this Instrument, the Security Documents or the Intercreditor Deed to perform its obligations hereunder or thereunder (other than by reason of its gross negligence or willful misconduct). The Security Trustee shall not be under any obligation to the Security Trustee or any Bondholder to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Instrument, the Security Documents or the Intercreditor Deed or to inspect the properties, books or records of the Issuer or the Guarantors.

(h) The parties hereto and the Bondholders hereby agree and acknowledge that the Security Trustee shall not assume, be responsible for or otherwise be obligated for any liabilities, claims, causes of action, suits, losses, allegations, requests, demands, penalties, fines, settlements, damages (including foreseeable and unforeseeable), judgments, expenses and costs (including any remediation, corrective action, response, removal or remedial action, or investigation, operations and maintenance or monitoring costs, for personal injury or property damages, real or personal) of any kind whatsoever, pursuant to any environmental law as a result of this Instrument, the Intercreditor Deed, the Security Documents or any actions taken pursuant hereto or thereto. Further, the parties hereto and the Bondholders hereby agree and acknowledge that, in the exercise of its rights under this Instrument, the Intercreditor Deed and the Security Documents, the Security Trustee may hold or obtain indicia of ownership primarily to protect the security interest of the Security Trustee in the Collateral and that any such actions taken by the Security Trustee shall not be construed as or otherwise constitute any participation in the management of such Collateral.

(i) The Security Trustee shall be entitled to the compensation to be agreed upon in writing with the Issuer and the Guarantors for all services rendered by it under this Instrument, and the Issuer and the Guarantors, jointly and severally, agree to pay such compensation and to reimburse the Security Trustee for its out-of-pocket expenses (including fees and expenses of counsel) properly incurred by it in connection with the services rendered by it under this Instrument, which sums shall be paid free and clear of deduction and withholding on account of taxation, set-off and counterclaim. The Issuer and the Guarantors jointly and severally agree to indemnity the Security Trustee and its officers, directors, agents and employees and any successors thereto for, and to hold it or them harmless against, any loss, action, proceeding, claim, penalty, damages, liability or properly incurred expenses (including fees and expenses of counsel) incurred other than by reason of its or their gross negligence, willful misconduct or fraud arising out of or in connection with its or their acting as the Security Trustee under this Instrument. Under no circumstance will the Security Trustee be liable to any party for any special, indirect, punitive or consequential loss or damage of any kind whatsoever (*inter alia*, being loss of business, goodwill, opportunity or profit), whether or not foreseeable, even if the Security Trustee has been advised of such loss or damage and regardless of the form of action. The obligations of the Issuer and the Guarantors under this Condition 7.13(i) shall survive the payment of the Bonds, the termination or expiry of this Instrument and the resignation or removal of the Security Trustee.

(j) The Security Trustee shall be fully protected and shall incur no liability for or in respect of any action taken or omitted to be taken or thing suffered by it in reliance upon any Bond, notice, direction, consent, certificate, affidavit, statement or other paper or document reasonably believed by it to be genuine and to have been delivered, or in the case of any paper or document, signed by or on behalf of the proper party or parties. The Security Trustee shall be entitled to refrain from taking any actions, without liability, if conflicting, unclear or equivocal instruction or direction are received or in order to comply with applicable law.

7.14 **Confidential Information**

(a) The Security Trustee, in its individual capacity and as Security Trustee, agrees and acknowledges that all information ("**Confidential Information**") provided to the Security Trustee by or on behalf of the Issuer, any Subsidiary (or any direct or indirect equityholder of the Issuer or such Subsidiary), any Guarantor (or any direct or indirect equityholder of such Guarantor), any Pledgor (or any direct or indirect equityholder of such Pledgor) or any Bondholder (or holder of a beneficial interest in the Bonds) may be considered to be proprietary and confidential information. The Security Trustee agrees to take reasonable precautions to keep Confidential Information confidential, which precautions shall be no less stringent than those that the Security Trustee employs to protect its own confidential information. (b) The Security Trustee agrees that the Issuer or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable, does not have any responsibility whatsoever for any reliance on Confidential Information by the Security Trustee or by any Person to whom such information is disclosed in connection with this Instrument, whether related to the purposes described above or otherwise. Without limiting the generality of the foregoing, the Security Trustee agrees that the Issuer or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable, makes no representation or warranty whatsoever to it with respect to Confidential Information or its suitability for such purposes. The Security Trustee further agrees that it shall not acquire any rights against the Issuer, any of its Subsidiaries, any Guarantor, any Pledgor or any employee, officer, director, manager, representative or agent of the Issuer, any of its Subsidiaries, any Guarantor, any Pledgor or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable (together with the Issuer, "**Confidential Parties**") as a result of the disclosure of Confidential Information to the Security Trustee and that no Confidential Party has any duty, responsibility, liability or obligation to any Person as a result of any such disclosure.

(c) In the event the Security Trustee is required to disclose any Confidential Information received hereunder in order to comply with any laws, regulations or court orders, it may disclose such information only to the extent necessary for such compliance; *provided*, *however*, that it shall give the Issuer or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable, reasonable advance written notice of any court proceeding in which such disclosure may be required pursuant to a court order so as to afford the Issuer or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable, full and fair opportunity to oppose the issuance of such order and to appeal therefrom and shall cooperate reasonably with the Issuer or any Bondholder (or any holder of a beneficial interest in the Bonds), as applicable, in opposing such court order and in securing confidential treatment of any such information to be disclosed and/or obtaining a protective order narrowing the scope of such disclosure.

(d) Each of the Registrar and the Paying Agent agrees to be bound by this Condition 7.14.

8 **Coupon**

(a) Subject to paragraphs (b) and (d) below, the Bonds will bear coupon on their principal amount at the applicable Coupon Rate from and including the Effective Date.

(b) From (and including) the Effective Date to (and including) the Listing Date, the coupon that is accrued on the Bonds shall be automatically capitalised and shall be added to the outstanding principal amount of the Bonds then outstanding on each Coupon Payment Date falling on or before the Listing Date, following which, such coupon will be treated as part of the principal amount of the Bonds and will thereafter accrue coupon at the Coupon Rate.

Notwithstanding the foregoing, if the Issuer or any of its Subsidiaries have made an acquisition, the financial statements with respect to an acquired entity need not be included in the consolidated quarterly financial statements required to be delivered pursuant to this Condition 9.1(b) until the first date upon which such quarterly financial statements are required to be so delivered that is at least 90 days after the date such acquisition is consummated.

(e) *Communication of Information.*

(i) Unless the information required to be delivered under this Condition 9.1 is made available for free on the Stock Exchange's or if applicable, the Alternative Stock Exchange's website or if applicable, other designated filing systems, the Issuer shall make such information available to the Bondholders (and holders of beneficial interests in the Bond), who shall have executed and delivered to the Issuer or another member of the Group, as the case may be a confidentiality agreement in connection with the transactions contemplated by this Instrument, by, at the Issuer's sole discretion, either (A) delivering such information directly to the Bondholders at such electronic mail addresses as the relevant Bondholders have provided to the Issuer at the Issuer's request, or (B) posting such information on IntraLinks or another similar electronic system. In the case of clause (B) above, the Issuer shall administer and maintain IntraLinks or such other similar electronic system for the Bondholders (and holders of beneficial interests in the Bonds) and maintain all such information posted on IntraLinks or such other similar electronic system for as long as the Bonds are outstanding. Such delivery of information by the Issuer or access by a Bondholder (or holder of beneficial interests in the Bonds) to IntraLinks or such other similar electronic system shall be subject to the condition that such Bondholder (or such holder of beneficial interests in the Bonds) shall have executed and delivered to the Issuer or another member of the Group, as the case may be, a confidentiality agreement in connection with the transactions contemplated by this Instrument on terms customary for transactions of this nature.

(ii) The Issuer shall not be obligated to deliver any confidential reports or other confidential information to any Bondholders (or any holder of beneficial interests in the Bonds) who has not executed and delivered to the Issuer or another member of the Group, as the case may be, a confidentiality agreement in connection with the transactions contemplated by this Instrument.

(f) *Conference Calls.* The Issuer shall, within 10 Business Days after the receipt of a written request of the holders of at least 50 per cent. in aggregate principal amount of the Bonds and the Other Bonds then outstanding following the furnishing of the financial statements pursuant to Condition 9.1(a) or 9.1(b), conduct a conference call open to the Bondholders in which one or more members of the Senior Management shall be present to respond to questions raised by the Bondholders with respect to the relevant financial statements.

(iv) in each case, no Default or Event of Default will arise under this agreement by virtue of the Issuer or the Guarantor failing to deliver any such information or Communication to any Finance Party in the absence of a notification from such Finance Party that it wishes to receive the relevant Communication under paragraph (i) above or if such Finance Party shall have given a notification to the Issuer under paragraph (ii) above or if such delivery will result in a breach of any Listing Rules or applicable law or regulation relating the relevant Stock Exchange that restricts sharing of the Material Non-Public Information.

(i) to repay (x) Indebtedness of a Restricted Subsidiary that is not a Guarantor or (y) Pari Passu Indebtedness; or

(ii) to make an Investment in any one or more businesses (*provided* that if such Investment is in the form of the acquisition of Capital Stock of a Person, such acquisition results in such Person becoming a Restricted Subsidiary of the Issuer or, if such Person is a Restricted Subsidiary of the Issuer, in an increase in the percentage ownership of such Person by the Issuer or any Restricted Subsidiary of the Issuer), assets, or property or capital expenditures, in each case (A) used or useful in a Similar Business or (B) that replace the properties and assets that are the subject of such Asset Sale.

In the case of Condition 9.7(b)(ii), a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment until the earlier of (x) the date on which such Investment is consummated and (y) the 180th day following the expiration of the aforementioned 180-day period, if such Investment has not been consummated by that date. Pending the final application of any such Net Proceeds, the Issuer or such Restricted Subsidiary of the Issuer may temporarily reduce Indebtedness under a revolving credit facility, if any, or otherwise invest such Net Proceeds in any manner not prohibited by this Instrument.

Any Net Proceeds from any Asset Sale that are not applied as provided and within the time period set forth in clause (a) or (b) of this Condition 9.7 will be deemed to constitute "**Excess Proceeds**". On the 181st day (or the 361st day if a binding commitment as described in the immediately preceding paragraph has been entered into) after an Asset Disposition, or at such earlier date that the Issuer elects, if the aggregate amount of Excess Proceeds exceeds US$20,000,000 (or the Dollar Equivalent thereof) (an "**Excess Proceeds Threshold**"), the Issuer shall make an offer to all Bondholders (and, at the option of the Issuer, to holders of any Pari Passu Indebtedness) (an "**Asset Sale**

Offer") to purchase the maximum principal amount of Bonds (and such Pari Passu Indebtedness) that is at least US$1,000 and an integral multiple of US$1,000 that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to the Redemption Amount plus the Applicable Premium (if any) (or, in respect of such Pari Passu Indebtedness, such price as may be provided for by the terms of such Pari Passu Indebtedness), to the date fixed for the closing of such offer, in accordance with the procedures set forth in this Condition 9.7. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within 10 Business Days after the date that Excess Proceeds exceed the applicable Excess Proceeds Threshold by providing the written notice required pursuant to Condition 9.7(f). To the extent that the aggregate amount of Bonds (and such Pari Passu Indebtedness) tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for any purpose that is not prohibited by this Instrument. If the aggregate principal amount of Bonds (and such Pari Passu Indebtedness) surrendered by Bondholders thereof exceeds the amount of Excess Proceeds, the Bondholders shall select the Bonds to be purchased in the manner described in Condition 9.7(e). Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

(c) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Bonds pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this Instrument, the Issuer shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in this Instrument by virtue thereof.

(d) The Asset Sale Offer, in so far as it relates to the Bonds, will remain open for a period not less than 10 Business Days following its commencement (the "**Offer Period**"). No later than five Business Days following the termination of the Offer Period, the Issuer shall cancel the Bonds or portions thereof that have been properly tendered to and are to be accepted by the Issuer, and shall, on the date of purchase, mail or deliver payment to each tendering Bondholder in the amount of the purchase price as determined by the Issuer.

(e) Bondholders electing to have a Bond purchased shall be required to surrender the Bond, with an appropriate form duly completed, to the Issuer at the address specified in the notice at least three Business Days prior to the purchase date. Bondholders shall be entitled to withdraw their election if the Issuer receives not later than one Business Day prior to the purchase date a telegram, telex, facsimile transmission or letter setting forth the name of the Bondholder, the principal amount of the Bond that was delivered by the Bondholder for purchase and a statement that such Bondholder is withdrawing such Bondholder's election to have such Bond purchased. If at the end of the Offer Period more Bonds (and such Pari Passu Indebtedness, as applicable) are tendered pursuant to an Asset Sale Offer than the Issuer is required to purchase, the Issuer will select the Bonds to be redeemed on a pro rata basis, by lot or by such other method as the Issuer shall deem fair and appropriate (and in such manner as complies with applicable legal requirements); *provided* that no Bonds of US$1,000 or less shall be purchased in part. Selection of such Pari Passu Indebtedness, as applicable, shall be made pursuant to the terms of such Pari Passu Indebtedness; *provided* that any purchase by the Issuer of Pari Passu Indebtedness and Bonds tendered pursuant to an Asset Sale Offer shall otherwise be made on a pro rata basis, as nearly as practicable.

(f) Written notices of an Asset Sale Offer shall be provided at least 30 but not more than 60 days before the purchase date to each Bondholder at such Bondholder's registered address. If any Bond is to be purchased in part only, any notice of purchase that relates to such Bond shall state the portion of the principal amount thereof that has been or is to be purchased. Bondholders whose Bonds are purchased only in part shall be issued new Bonds equal in principal amount to the unpurchased portion of the Bonds surrendered.

(g) Notwithstanding anything to the contrary in this Instrument, so long as the Bonds are outstanding, the Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, sell, transfer, lease or otherwise dispose of (whether in a single transaction or a series of related transactions) of any Equity Interests in the PRC Joint Venture held by the Issuer or such Restricted Subsidiary to any Person other than the Issuer or a Restricted Subsidiary, including any disposition by means of a merger, consolidation or similar transaction.

9.8 **Transactions with Affiliates.**

(a) So long as the Bonds are outstanding, the Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction or series of transactions, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuer (each of the foregoing, an "**Affiliate Transaction**") involving aggregate consideration in excess of US$2,500,000 (or the Dollar Equivalent thereof), unless:

(i) such Affiliate Transaction is on terms that are not materially less favourable to the Issuer or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by the Issuer or such Restricted Subsidiary with an unrelated Person;

(ii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US$2,500,000 (or the Dollar Equivalent thereof), the Issuer delivers to the Bondholders a resolution adopted in good faith by the majority of the Board, approving such Affiliate Transaction and set forth in an Officer's certificate certifying that such Affiliate Transaction complies with clause (i) above; and

(iii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US$10,000,000 (or the Dollar Equivalent thereof), the Issuer shall notify the Bondholders of such proposed transaction and upon written request by any Bondholder:

(A) the Issuer delivers to the Bondholders, in addition to the resolution of the Board referred to in clause (ii) above, an opinion of a reputable accounting, appraisal or investment banking firm of national or

international standing, or other recognised independent expert of national or international standing with experience appraising the terms and conditions of the type of transaction or series of related transactions for which an opinion is required, stating that the Affiliate Transaction or series of related Affiliate Transactions is (l) fair to the Issuer or such Restricted Subsidiary from a financial point of view taking into account all relevant circumstances or (2) on terms not materially less favourable than might have been obtained in a comparable transaction at such time on an arm's length basis from a Person who is not an Affiliate; and

(B) for purposes of the opinion referred to in the immediately preceding paragraph, the Issuer shall present to the Bondholders at least four reputable accounting, appraisal or investment banking firms of national or international standing and/or other recognised independent experts of national or international standing with experience appraising the terms and conditions of the type of transaction or series of related transactions, at least two of which shall be of international standing, and one such firm or expert shall be selected for the purpose of delivering such opinion by the holders of at least 50.l per cent. in aggregate principal amount of the Bonds or by Special Resolution within 10 Business Days following receipt of the request from the Issuer; *provided* that if no firm or expert is selected, the Issuer shall be entitled to make such selection.

(b) The provisions of Condition 9.8(a) shall not apply to the following:

(i) transactions between or among the Issuer and/or any of its Restricted Subsidiaries (or an entity that becomes a Restricted Subsidiary as a result of such transaction), including any payment to, or sale, lease, transfer or other disposition of any properties or assets to, or purchase of any property or assets from, or any contract, agreement, amendment, understanding, loan, advance or guarantee with, or for the benefit of, the Issuer or any of its Restricted Subsidiaries (or an entity that becomes a Restricted Subsidiary as a result of such transaction);

(vi) the existence of, or the performance by the Issuer or any of its Restricted Subsidiaries of its obligations under the terms of, any stockholders or equityholders agreement (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Issue Date and any amendment thereto or similar transactions, agreements or arrangements that it may enter into thereafter; *provided* that the existence of, or the performance by the Issuer or any of its Restricted Subsidiaries of its obligations under, any future amendment to any such existing transaction, agreement or arrangement or under any similar transaction, agreement or arrangement entered into after the Issue Date shall only be permitted by this clause (vi) to the extent that the terms of any such existing transaction, agreement or arrangement together with all amendments thereto, taken as a whole, or new transaction, agreement or arrangement are not otherwise more disadvantageous to the Bondholders in any material respect than the original transaction, agreement or arrangement as in effect on the Issue Date;

(vii) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, or transactions otherwise relating to the purchase or sale of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of this Instrument, which are fair to the Issuer and its Restricted Subsidiaries in the reasonable determination of the Board or the senior management of the Issuer, or are on terms at least as favourable as might reasonably have been obtained at such time from an unaffiliated party;

(viii) any transaction effected as part of a Qualified Receivables Financing;

(ix) the issuance of Equity Interests (other than Disqualified Stock) of the Issuer to any Person;

(xiii) transactions permitted by, and complying with, Condition 9.11;

(xiv) transactions between the Issuer or any of its Restricted Subsidiaries and any Person, a director of which is also a director of the Issuer or any direct or indirect parent of the Issuer; *provided*, *however*, that such director abstains from voting as a director of the Issuer or such direct or indirect parent, as the case may be, on any matter involving such other Person;

(xv) any employment agreements entered into by the Issuer or any of its Restricted Subsidiaries in the ordinary course of business;

(xvi) intercompany transactions undertaken in good faith (as certified by the Issuer in an Officer's certificate) for the purpose of improving the consolidated tax efficiency of the Issuer and its Subsidiaries and not for the purpose of circumventing compliance with any covenant set forth in this Instrument;

With respect to any Lien securing Indebtedness that was permitted to secure such Indebtedness at the time of the Incurrence of such Indebtedness, such Lien shall also be permitted to secure any Increased Amount of such Indebtedness. The "**Increased Amount**" of any Indebtedness shall mean any increase in the amount of such Indebtedness in connection with any accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, amortisation of original issue discount and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies, in each case in respect of such Indebtedness.

To the extent applicable, the Liens on the Intellectual Property Collateral shall be subordinated to any Lien on such Collateral that is permitted by clause (18) of the definition of "Permitted Liens" (other than such Permitted Liens in favour of the Issuer or any Restricted Subsidiary) and, upon request from the Issuer (which shall be accompanied by an Officer's Certificate), the Security Trustee shall take such action as is requested by the Issuer to reflect such subordination (including the entry into non-disturbance and similar agreements) in connection with the licensing of Proprietary Rights and any other transactions permitted by such clause (18), such as confirming in writing to any actual or potential licensee and/or counterparty that (a) the Security Trustee shall not, by enforcing its Liens, or otherwise, disturb or otherwise affect the prior Lien of such licensee and/or counterparty or any other rights of the licensee and/or counterparty under the relevant agreements, (b) so long as such licensee and/or counterparty is not in breach of or default under its agreements with the Issuer and/or its Subsidiaries, neither the Security Trustee nor any successor thereto shall assert any rights of the Issuer and/or any Subsidiary to terminate any rights or benefits of the licensee and/or counterparty pursuant to the terms of such agreements, and (iii) upon entry by the Issuer and/or any Subsidiary into any non-exclusive license agreement with respect to such Proprietary Rights with the party licensing such Proprietary Rights, such non-exclusive licensee shall take its license rights under such license agreement free of the Liens on the Collateral.

"**Listing Date**" means, the first date on which (i) an IPO occurs or (b) a SPAC Listing occurs.

11 **Undertakings**

11.1 The Issuer undertakes and warrants, *inter alia*, that so long as there are any outstanding Bonds save with the approval of a Special Resolution of the Bondholders, it shall (and, where applicable, shall procure that its Subsidiaries shall):

(b) after the Listing Date, use commercially reasonable endeavours to maintain a listing for all the issued Shares on the Stock Exchange; and (ii) if unable to maintain or obtain such listing, to obtain and maintain a listing for all the Shares on an Alternative Stock Exchange as the Issuer with the approval by an Ordinary Resolution of the Bondholders may from time to time determine and will forthwith give notice to the Bondholders (in accordance with Condition 20) of the listing or delisting of the Shares (as a class) by any of such stock exchanges;

(c) after the Listing Date, comply in all material respects with all the rules, regulations and requirements of the applicable Stock Exchange (including the Listing Rules) or the Alternative Stock Exchange (if applicable);

(e) promptly (i) obtain, comply with and do all that is necessary to maintain in full force and effect, and (ii) supply certified copies to the Security Trustee of, any authorisation, consent, approval, resolution, licence, exemption, filing, notarisation or registration required under any law or regulation of a relevant jurisdiction to (x) enable it to perform its obligations under the Bond Documents; (y) ensure the legality, validity, enforceability or admissibility in evidence of any Bond Documents; and (z) carry on its business where failure to do so has or is reasonably likely to have a Material Adverse Effect;

(f) maintain with insurance companies that are financially sound and reputable, such commercial general liability insurance, product liability insurance and property insurance with respect to liabilities, losses or damage in respect of its properties and assets as are customarily carried or maintained under similar circumstances by Persons engaged in similar businesses, in each case, in such amounts, with such deductibles, covering such risks and otherwise on such terms and conditions as are customary for such other Persons to maintain under similar circumstances in similar businesses;

(g) do all such acts or execute all such documents (including assignments, transfers, mortgages, charges, notices and instructions) as the Security Trustee may reasonably specify (and in such form as the Security Trustee may reasonably require in favour of the Security Trustee or its nominee(s)):

(i) to perfect the Security created or intended to be created under or evidenced by the Security Documents (which may include the execution of a mortgage, charge, assignment or other Security over all or any of the assets which are, or are intended to be, the subject of the Security) or for the exercise of any rights, powers and remedies of the Security Trustee or the Bondholders provided by or pursuant to the Bond Documents or by law;

11.2 **Anti-Layering**

The Issuer undertakes and warrants, *inter alia*, that so long as there are any Bonds outstanding, save with the approval of a Special Resolution of the Bondholders, it will not, and will not permit any Guarantor to, directly or indirectly, Incur any Indebtedness (including Acquired Indebtedness) that is subordinate in right of payment to any senior Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is either:

(a) equal in right of payment with the Bonds or such Guarantor's Guarantee of the Bonds, as the case may be; or

(b) expressly subordinated in right of payment to the Bonds or such Guarantor's Guarantee, as the case may be;

provided that:

(i) unsecured Indebtedness will not be treated as subordinated or junior to senior Indebtedness merely because it is unsecured; and

(ii) senior Indebtedness will not be treated as subordinated or junior to any other senior Indebtedness merely because it has a junior priority with respect to the same collateral.

11.3 Each of the Issuer and the Guarantors represents and warrants that for the purposes of the Regulation, its Centre of Main Interests is situated in its jurisdiction of incorporation. Each of the Issuer and the Guarantors incorporated in the European Union further undertakes and warrants that so long as there are any outstanding Bonds, it shall not take any positive action to deliberately change the location of its Centre of Main Interests for the purposes of the Regulation where that change would be materially adverse to the interests of the Bondholders.

For purposes of this Condition 11.3 only:

"**Centre of Main Interests**" means "centre of main interests" as such term is used in Article 3(1) of Regulation (EU) No. 2015/848 of May 2015 of the European Parliament and of the Council on Insolvency Proceedings (recast) (the "**Regulations**"); and

"**Regulation**" has the meaning given to that term in the definition of Centre of Main Interests.

11.4 **Shareholder Loans**

(a) The Issuer undertakes and warrants that, so long as there are any outstanding Bonds,

(i) to the extent it or any of the Guarantors Incurs any Indebtedness in accordance with Condition 9.4 from any of its direct or indirect shareholders following the Issue Date, it shall, and shall cause the relevant Guarantor to, procure that the provider of such Indebtedness to execute and deliver to the Security Trustee an accession undertaking substantially in the form of Schedule 2 of the Intercreditor Deed pursuant to which such creditor accede to the Intercreditor Deed as a subordinated creditor; and

(ii) it shall not, and shall cause the Guarantors not to, repay, redeem, repurchase, defease or otherwise acquire or retire for value in cash prior to the Listing Date, any Indebtedness owed by it or any Guarantor to any direct or indirect shareholder of the Issuer.

(b) For the avoidance of doubt, paragraph (a) above is not applicable to any Indebtedness owed to any Bondholders in its capacity as holder of the Bonds or any Other Bonds.

11.5 **Arm's Length Terms**

The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, enter into any transaction for the exclusive licensing, strategic alliance, disposal or any arrangement having equivalent effect with respect to any Proprietary Right with any person except on arm's length terms (or better than arm's length terms from the Issuer's or the relevant Restricted Subsidiary's perspective).

12 Payments

12.1 Principal and Premium

(a) On or prior to the due date of principal, coupon, premium, default interest or any other amounts payable under this Instrument, the Issuer shall deposit or cause to be deposited with the Paying Agent a sum sufficient to pay such principal, premium, default interest or other amount when so becoming due. Principal, premium, coupon, default interest and all other amounts payable under this Instrument shall be considered paid on the due date if on such date the Paying Agent holds as of 11:00 a.m. Hong Kong time money sufficient to pay all such principal, premium, coupon, default interest or any other amounts then due and the Paying Agent is not prohibited from paying such money to the Bondholders on that date pursuant to the terms of this Instrument.

(b) On the due date of such principal, premium, coupon, default interest or other amount, the Paying Agent will make payment of such amount by transfer to the Registered Account of the Bondholder; *provided* that payment of principal and premium will only be made after surrender of the relevant Bond Certificate at the Registrar's Office.

(c) When making payments to Bondholders, fractions of one U.S. dollar cent will be rounded down to the nearest U.S. dollar cent.

12.2 Paying Agent to Hold Money in Trust

The Paying Agent agrees and the Issuer shall require any other Paying Agent, if applicable, to agree in writing, that such Paying Agent shall hold in trust for the benefit of the Bondholders all money held by such Paying Agent for the payment of principal, premium, coupon, default interest or any other amounts, and shall notify the Security Trustee of any default by the Issuer in making any such payment. While any such default continues, the Security Trustee may require a Paying Agent to pay all money held by it to the Security Trustee. If the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it in trust for the benefit of the Persons entitled thereto. Upon complying with this Condition 12.2, a Paying Agent shall have no further liability for the money delivered to the Security Trustee.

12.3 Registered Accounts

For the purposes of this Condition 12, a Bondholder's registered account means the U.S. dollar account maintained by or on behalf of it with a bank in New York (or such other U.S. dollar account as the Bondholder may notify to the Issuer from time to time), details of which appear on the Register of Bondholders at the close of business on the second Business Day before the due date for payment, and a Bondholder's registered address means its address appearing on the Register of Bondholders at that time.

12.4 Fiscal Laws

All payments are subject in all cases to any applicable laws and regulations in the place of payment, but without prejudice to the provisions of Condition 15. No commissions or expenses shall be charged to the Bondholders in respect of such payments.

12.5 Payment Initiation

Where payment is to be made by transfer to a registered account, payment instructions (for value on the due date or, if that is not a Business Day, for value on the first following day which is a Business Day) will be initiated and in the case of a payment of principal, if later, on the Business Day on which the relevant Bond Certificate is surrendered at the Registrar's Office.

12.6 **Default Interest and Delay in Payment**

(a) If the Issuer fails to pay any sum in respect of the Bonds when the same becomes due and payable under this Instrument, interest shall accrue on the overdue sum at the rate of 10 per cent. per annum on a daily compounding basis from the due date and ending on the date on which full payment is made to the Bondholders in accordance with this Instrument. Such default interest shall accrue on the basis of the actual number of days elapsed and a 360-day year.

(b) Bondholders will not be entitled to any interest or other payment for any delay after the due date in receiving the amount due if such delay is caused solely because the due date is not a Business Day, if the Bondholder is late in surrendering its Bond Certificate (if required to do so) or if a cheque mailed in accordance with this Condition 12 arrives after the due date for payment.

(c) If an amount which is due on the Bonds is not paid in full, the Issuer or the Paying Agent, as the case may be, shall cause the Registrar to annotate the Register of Bondholders with a record of the amount (if any) in fact paid.

(d) All amounts due and payable by the Paying Agent in relation to the Bonds will be allocated in accordance with the written instructions it receives from the Issuer. The Paying Agent is not responsible in any manner whatsoever for the calculation of amounts due under the Bonds or as may be due under this Instrument.

13 **Redemption, Purchase and Cancellation**

13.1 **Maturity**

Unless previously redeemed, or purchased and cancelled as provided herein, the Issuer will redeem each Bond at an amount equal to the Redemption Amount on the Maturity Date. The Issuer may not redeem the Bonds at its option prior to the Maturity Date except as provided in Conditions 13.2 and 13.3 below (but without prejudice to Condition 15).

13.2 **Optional Redemption**

(a) The Issuer may, at its option and having given not less than 30 nor more than 60 days' notice (such notice or a notice delivered pursuant to this condition, an "**Optional Redemption Notice**") to the Bondholders in accordance with Condition 20 (which notices shall be irrevocable), redeem the Bonds, in whole but not in part, at a redemption price equal to Redemption Amount plus the Applicable Premium (if any) to (but not including) the relevant redemption date (such relevant redemption date, an "**Optional Redemption Date**");

(b) The Issuer will be bound to redeem the Bonds on the Optional Redemption Date at the relevant amount set forth in clause (a) above.

(c) Any redemption set forth in clauses (a) above may, at the discretion of the Issuer, be subject to the satisfaction of one or more conditions precedent. If such redemption is so subject to satisfaction of one or more conditions precedent, such notice shall describe each such condition, and if applicable, shall state that, in the Issuer's discretion, the redemption date may be delayed until such time (*provided, however*, that any delayed redemption date shall not be more than 60 days after the date the relevant Optional Redemption Notice was sent) as any or all such conditions shall be satisfied, or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the redemption date or by the redemption date as delayed. In addition, the Issuer may provide in such notice that payment of the redemption price and performance of the Issuer's obligations with respect to such redemption may be performed by another Person.

13.3 **Redemption for Taxation Reasons**

(a) At any time, the Issuer may, having given not less than 30 nor more than 60 days' notice (a "**Tax Redemption Notice**") to the Bondholders in accordance with Condition 20 (which notices shall be irrevocable), redeem the Bonds, in whole but not in part, at an amount equal to the Redemption Amount on the date fixed for redemption in the Tax Redemption Notice (the "**Tax Redemption Date**") (subject to the right of Bondholders of record on the relevant record date to receive interest due on the relevant interest payment date) and all Additional Amounts, if any, then due and which will become due on the Tax Redemption Date as a result of the redemption or otherwise, if:

(i) the Issuer certifies acting reasonably and in good faith to the Bondholders immediately prior to the giving of such notice that the Issuer has or will become obliged to pay Additional Amounts as referred to in Condition 15 as a result of:

(A) any change in, or amendment to, the laws or regulations of Luxembourg, Iceland, Germany, Switzerland or any political subdivision or any authority thereof or therein having power to tax (a "**Tax Jurisdiction**"); or

(B) any change in the general application or official written interpretation of such laws or regulations, which change or amendment is formally announced and becomes effective on or after the first Issue Date (or if the applicable Tax Jurisdiction becomes a Tax Jurisdiction on a date after the Issue Date, such later date) (each of the events set forth in paragraph (A) above or this paragraph (B), a "**Change of Tax Law**"),

but excluding payment of Additional Amounts in connection with a SPAC Listing as a result of any change in, or amendment to, the laws or regulations in relation to a SPAC Listing, and

(ii) such obligation cannot be avoided by the Issuer and/or the relevant Guarantor(s) taking reasonable measures available to it or them;

provided that no such Tax Redemption Notice shall be given (x) earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts were a payment in respect of the Bonds then due and (y) unless at the time such notice is given, such obligation to pay such Additional Amounts remains in effect. Prior to the publication or mailing of any notice of redemption pursuant

to this Condition 13.3(a), the Issuer shall deliver to the Bondholders: (i) a certificate signed by a director of the Issuer stating that the obligation referred to in paragraph (i) above cannot be avoided by the Issuer and/or the relevant Guarantor(s) (after taking reasonable measures available to it or them); and (ii) a written opinion of independent legal or tax advisers of recognised international standing qualified under the laws of the Tax Jurisdiction and reasonably satisfactory to the Bondholders to the effect that the Issuer or Guarantor, as the case may be, has been or will become obligated to pay Additional Amounts as a result of a Change of Tax Law.

(b) Subject to Condition 13.3(c) below, the Issuer will be bound to redeem the Bonds on the Tax Redemption Date at an amount equal to the Redemption Amount.

(c) If the Issuer gives a Tax Redemption Notice pursuant to Condition 13.3(a), each Bondholder will have the right to elect that its Bond(s) shall not be redeemed and that the provisions of Condition 14 shall not apply in respect of any payment of principal and premium to be made in respect of such Bond(s) which falls due after the relevant Tax Redemption Date whereupon no Additional Amounts shall be payable in respect thereof pursuant to Condition 14 and payment of all amounts shall be made subject to the deduction or withholding of any tax required to be deducted or withheld for or on account of taxes imposed by Luxembourg. To exercise a right pursuant to this Condition 13.3(c), the holder of the relevant Bond must complete, sign and deposit at its own expense during normal business hours at the Registrar's Office no later than the day falling 10 days prior to the Tax Redemption Date a duly completed and signed notice of exercise, in the form for the time being current, obtainable from the Registrar's Office (a "**Tax Option Exercise Notice**"), together with the Bond Certificate evidencing the Bonds. A Tax Option Exercise Notice, once delivered shall be irrevocable and may not be withdrawn without the Issuer's written consent.

(d) The foregoing provisions in this Condition 13.3 shall apply *mutatis mutandis* to the laws and official positions of any jurisdiction in which any successor to the Issuer or a Guarantor is organised or otherwise considered to be a resident for tax purposes or any political subdivision or taxing authority or agency thereof or therein and such provisions shall survive any termination, defeasance or discharge of this Instrument or the Guarantees.

13.4 **Redemption on Change of Control**

(a) In the event that a Change of Control has occurred prior to the Listing Date, the holder of each Bond will have the right (the "**Change of Control Put Right**") at such holder's option, to require the Issuer to redeem in whole but not in part such holder's Bonds on the Change of Control Put Date (as defined below) at an amount equal to the Redemption Amount plus the Applicable Premium (if any) to but not including the Change of Control Put Date (the "**Change of Control Put Price**"); *provided* always that the Bondholders shall have the right to waive any of the requirements contained in this Condition 13.4(a) by a Special Resolution.

(b) To exercise its Change of Control Put Right to require the Issuer to redeem its Bonds, the Bondholder must complete, sign and deposit at the Registrar's Office a duly completed and signed irrevocable notice of redemption, in the form for the time being current, obtainable during normal office hours from the Registrar's Office ("**Change**

of Control Put Exercise Notice") together with the Bond Certificate evidencing the Bonds to be redeemed by not later than 30 days following a Change of Control, or, if later, 30 days following the date upon which notice thereof is given to Bondholders by the Issuer in accordance with Condition 20. The "**Change of Control Put Date**" shall be the 14th day after the expiry of such period of 30 days as referred to above.

(c) A Change of Control Put Exercise Notice, once delivered, shall be irrevocable and the Issuer shall redeem the Bonds which form the subject of the Change of Control Put Exercise Notice delivered as aforesaid on the Change of Control Put Date.

(d) Not later than seven days after becoming aware of a Change of Control, the Issuer shall procure that notice regarding the Change of Control shall be delivered to the Bondholders (in accordance with Condition 20) stating:

(i) the Change of Control Put Date;

(ii) the date of such Change of Control and, briefly, the events causing such Change of Control;

(iii) the date by which the Change of Control Put Exercise Notice must be given;

(iv) the Change of Control Put Price and the method by which such amount will be paid;

(v) the procedures that Bondholders must follow and the requirements that Bondholders must satisfy in order to exercise the Change of Control Put Right; and

(vi) that a Change of Control Put Exercise Notice, once validly given, may not be withdrawn.

13.5 **Special Put Right**

(a) In the event that a Qualified IPO or a Qualified SPAC Listing has not occurred on or prior to 30 June 2022 (the "**Special Put Triggering Date**", the holder of each Bond will have the right (the "**Special Put Right**") at such holder's option, to require the Issuer to redeem in whole but not in part such holder's Bonds on the Special Put Date (as defined below) at an amount equal to the Redemption Amount plus the Applicable Premium (if any).

(b) To exercise its Special Put Right to require the Issuer to redeem its Bonds, the Bondholder must complete, sign and deposit at the Registrar's Office a duly completed and signed irrevocable notice of redemption, in the form for the time being current, obtainable during normal office hours from the Registrar's Office ("**Special Put Exercise Notice**") together with the Bond Certificate evidencing the Bonds to be redeemed no earlier than 1 July 2022 and no later than 30 September 2022 (the "**Special Put Exercise Period**"). The "**Special Put Date**" shall be within 30 days of the expiry of the Special Put Exercise Period, as notified by the Issuer to the Bondholders that have exercised their Special Put Right pursuant to this Condition 13.5.

(c) A Special Put Exercise Notice, once delivered, shall be irrevocable and the Issuer shall redeem the Bonds which form the subject of the Special Put Exercise Notice delivered as aforesaid on the Special Put Date.

13.6 **Purchases**

The Issuer, the Guarantors or any of their respective Subsidiaries may at any time and from time to time purchase Bonds at any price in the open market or otherwise in compliance with applicable laws and regulations.

13.7 **Cancellation**

All Bonds which are purchased or redeemed by the Issuer, any Guarantor or any of their respective Subsidiaries, will forthwith be cancelled and such Bonds may not be reissued or resold.

13.8 **Redemption Notices**

All notices to Bondholders given by or on behalf of the Issuer pursuant to this Condition 13 will be given in accordance with Condition 21, and without prejudice to the other content requirements set out in this Condition 13, specify the applicable Redemption Amount, (if applicable) the Applicable Premium (if any), the date for redemption, the manner in which redemption will be effected and the aggregate principal amount of the outstanding Bonds as at the latest practicable date prior to the publication of the notice.

13.9 **Calculation**

The Calculation Agent shall verify calculation of any Redemption Amount and/or Applicable Premium pursuant to this Condition 13 provided that the Issuer furnishes all necessary information required by the Calculation Agent to perform such calculations.

14 **Taxation**

14.1 **Taxation Gross-Up**

(a) All payments, whether of principal, premium or otherwise, made by or on behalf of the Issuer or the Guarantors (including, in each case, any successor entity), as the case may be, under or with respect to this Instrument or the Guarantees, as the case may be, shall be made free and clear of and without withholding or deduction for, or on account of, any present or future tax, fee, duty, levy, tariff, impost, assessment or other governmental charge (including penalties, coupon and other liabilities related thereto) (collectively, "**Taxes**") (such withholding or deduction for, or on account of, Taxes being referred to as a "**Tax Deduction**") unless the Tax Deduction is then required by law. The Issuer or a Guarantor, as the case may be, shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction), with respect to the Bondholders, notify such Bondholders accordingly. If a Tax Deduction will at any time be required to be made from any payments made by or on behalf of the Issuer or the Guarantor, as the case may be, under or with respect to this Instrument or the Guarantee, as the case may be, including payments of principal, redemption price, coupon, additional amounts or premium, if any, the Issuer or the Guarantor, as the case may be, shall pay such additional amounts

(the "**Additional Amounts**") as may be necessary in order that the net amounts received in respect of such payments by the holders of a Bond, or beneficial owner of the Bonds, in respect of such payments, after such withholding or deduction (including any such withholding or deduction from such Additional Amounts) will not be less than the amounts that would have been received by each Bondholder in respect of such payments under or with respect to this Instrument or the Guarantee in the absence of such Tax Deduction; *provided*, *however*, that no Additional Amounts will be payable with respect to:

(i) any Taxes, to the extent such Taxes were imposed as a result of the presentation of a Bond for payment (where presentation is required) more than 30 days after the relevant payment is first made available for payment to the holder of that Bond (except to the extent that the holder of the Bond would have been entitled to Additional Amounts had the Bond been presented on the last day of such 30-day period);

(ii) any FATCA Deduction; or

(iii) any combination of the above clauses (i) to (ii).

(b) Subject to the provisions of the Guarantees, the Issuer or the Guarantors, as the case may be, shall pay and indemnify the Bondholders or the beneficial owner of the Bonds for any present or future stamp, issue, registration, transfer, court or documentary taxes, or any other excise or property taxes, charges or similar levies (including any penalties, coupon and other liabilities related thereto) that are payable in, or levied by any jurisdiction on the execution, delivery, transfer or registration of this Instrument, the Guarantees or the Bonds or the receipt of any payments with respect to, or enforcement of, this Instrument, the Guarantees or the Bonds (such sum being recoverable from the Issuer or the Guarantors, as the case may be, as a liquidated sum payable as a debt.

(c) If the Issuer or the Guarantors, as the case may be, becomes aware that it will be obligated to pay Additional Amounts with respect to any payment under or with respect to any Bond, this Instrument or the Guarantees, the Issuer or the Guarantors, as the case may be, shall deliver to the Bondholder on a date that is at least 30 days prior to the date of that payment (unless the obligation to pay Additional Amounts arises less than 45 days prior to that payment date, in which case the Issuer or the Guarantors, as the case may be, shall notify the Bondholder as promptly as practicable after the date that is 30 days prior to the payment date) notice signed by a director of the Issuer stating the fact that Additional Amounts will be payable and the amount estimated to be so payable. Such notice must also set forth any other information reasonably necessary to enable the Paying Agents, upon timely receipt of funds, to pay Additional Amounts to Bondholders on the relevant payment date. The Bondholder shall not have any obligation to determine whether any Additional Amounts are payable or the amount of such Additional Amounts.

(d) The Issuer or the Guarantors, as the case may be, shall make all Tax Deductions (within the time period and in the minimum amount) required by law and shall remit the full amount deducted or withheld to the relevant Tax authority in accordance with applicable law. The Issuer or the Guarantors, as the case may be, shall, whether or not Additional Amounts are payable, use its or their reasonable efforts to obtain Tax

receipts from each Tax authority evidencing the payment of any Taxes so deducted or withheld. The Issuer or the Guarantors, as the case may be, shall furnish to the Bondholders, and to a beneficial owner of Bonds upon request, within a reasonable time after the date the payment of any Taxes so deducted or withheld is made, certified copies of Tax receipts evidencing payment by the Issuer or the Guarantors, as the case may be, or if, notwithstanding such entity's efforts to obtain receipts, receipts are not obtained, other evidence (reasonably satisfactory to the Bondholders) of payments by such entity.

(e) Wherever in this Instrument or the Guarantees there is mentioned, in any context:

(i) the payment of principal;

(ii) purchase prices in connection with a purchase of Bonds;

(iii) coupon; or

(iv) any other amount payable on or with respect to any of the Bonds or any Guarantee,

such reference shall be deemed to include payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

(f) The obligations described under this Condition 14 shall survive any termination, defeasance or discharge of this Instrument or the Guarantees and shall apply, *mutatis mutandis*, to any jurisdiction in which any successor Person to the Issuer or a Guarantor is incorporated, or resident or doing business for tax purposes or any jurisdiction from or through which such Person makes any payment on the Bonds or the Guarantees and any department or political subdivision thereof or therein.

(g) The Issuer will:

(i) pay all stamp duty, registration, documentary, transfer and other similar Taxes payable in respect of any Bond Document; and

(i) within five Business Days of demand of the Security Trustee or a Bondholder, indemnify the Security Trustee or such Bondholder from and against any cost, loss or liability the Security Trustee or that Bondholder incurs in any jurisdiction in relation to any stamp duty, registration, documentary, transfer or other similar Tax paid or payable in respect of any Bond Document. None of the Security Trustee, the Registrar or the Paying Agent shall be liable or responsible to pay any such taxes or duties in any jurisdiction and none of them shall be under any obligation to determine whether the Issuer, any other Pledgor, any Guarantor or any Bondholder is liable to pay any taxes and duties and shall not be concerned with, or be obligated or required to enquire into, the sufficiency of any amount paid by the Issuer, any other Pledgor, any Guarantor or any Bondholder for this purpose.

The parties hereto acknowledge that the foregoing indemnities shall survive the resignation or removal of the Security Trustee or the termination of this Instrument.

14.2 **FATCA**

(a) Subject to Condition 14.1, each party hereto may make any FATCA Deduction it is required to make by FATCA and any payment required in connection with that FATCA Deduction.

(b) Each party hereto shall promptly, upon becoming aware that it must make a FATCA Deduction (or that there is any change in the rate or the basis of such FATCA Deduction), notify the Party to whom it is making the payment and, in addition, shall notify the Issuer, the Security Trustee and the Paying Agent, and the Security Trustee and the Paying Agent shall notify the other parties hereto.

(c) Subject to Condition 14.2(e), each party hereto shall, within ten Business Days of a reasonable request by any other party:

(i) confirm to that other party whether it is:

(A) a FATCA Exempt Party; or

(B) not a FATCA Exempt Party;

(ii) supply to that other party such forms, documentation and other information relating to its status under FATCA as that other party reasonably requests for the purposes of that other party's compliance with FATCA; and

(iii) supply to that other party such forms, documentation and other information relating to its status as that other party reasonably requests for the purposes of that party's compliance with any other law, regulation, or exchange of information regime.

(d) If a party hereto confirms to another party hereto pursuant to paragraph (c)(i) above that it is a FATCA Exempt Party and it subsequently becomes aware that it is not or has ceased to be a FATCA Exempt Party, that party shall notify that other party reasonably promptly.

(e) Condition 14.2(c) above shall not oblige any of the Security Trustee, the Registrar, the Paying Agent or the Bondholders to do anything which would or might in its reasonable opinion constitute a breach of:

(i) any law or regulation;

(ii) any fiduciary duty; or

(iii) any duty of confidentiality.

(f) If a party hereto fails to confirm whether or not it is a FATCA Exempt Party or to supply forms, documentation or other information requested in accordance with Condition 14.2(c) above (including, for the avoidance of doubt, where Condition 14.2(d) above applies), then such party shall be treated for the purposes of the Bond Documents (and payments under them) as if it is not a FATCA Exempt Party until such time as the party in question provides the requested confirmation, forms, documentation or other information.

15 **Events of Default**

Any of the following events will constitute an "**Event of Default**" under this Instrument:

(a) there is failure by the Issuer to pay any principal, premium or any other amount due in respect of the Bonds on or prior to the due date for such payment (except where failure to pay is caused by administrative or technical error and payment is made within five days of its due date);

(b) [Reserved]

(c) there is any failure of performance or observance of the Issuer or any of the Guarantors of any of its undertakings or obligations, under any of the Subscription Agreements, the Bonds or this Instrument, which failure is incapable of remedy or, if capable of remedy, is not remedied within 30 days after written notice of such failure shall have been given to the Issuer or the relevant Guarantor by a Bondholder;

(d) any final judgment or order for the payment of money in excess of US$2,500,000 (or the Dollar Equivalent thereof) in the aggregate for all such final judgments or orders is rendered against the Issuer, any Guarantor and shall not be bonded, paid, or discharged for a period of 10 Business Days following such judgment during which a stay of enforcement, by reason of a pending appeal or otherwise is not in effect.

(e) (i) any other present or future Indebtedness (whether actual or contingent) of the Issuer or any Guarantor for or in respect of moneys borrowed or raised becomes (or becomes capable of being declared) due and payable prior to its Stated Maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (ii) any such indebtedness is not paid when due or (if a grace period is applicable) within any applicable grace period, or (iii) the Issuer or any of the Guarantors fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised; *provided* that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this Condition 15(e) have occurred and after the applicable grace or notice period has expired equals or exceeds US$2,500,000 (or the Dollar Equivalent thereof);

16 Meetings of Bondholders and Modifications

16.1 Applicable rules

Articles 470-3 to 470-19 (included) of the Companies Law (including any provisions in respect of the representation of Bondholders and the holding of Bondholders' meetings contained therein) shall not apply to the Bonds and this Instrument.

16.2 Meetings

(a) Schedule 3 to this Instrument contains provisions for convening meetings of Bondholders to consider any matter affecting their interests, including the sanctioning by Special Resolution of a modification of the Bonds (subject to Condition 16.3 below) and the sanctioning by Ordinary Resolution of any matter requiring their approval pursuant to this Instrument. When there is only one Bondholder, no meetings are required and any resolution of the Bondholder can be passed by written resolution in accordance with paragraph 20 of Schedule 3.

(b) A Special Resolution passed at any meeting of Bondholders will be binding on all Bondholders, whether or not they are present at the meeting. Schedule 3 provides that a written resolution signed by or on behalf of the holders of not less than 90 per cent. of the aggregate principal amount of the Bonds then outstanding shall be as valid and effective as a duly passed Special Resolution.

16.3 Modification

The Issuer and the Guarantors may without any such meeting or sanction of the Bondholders, amend the terms of Bonds and the Guarantees if, in the reasonable opinion of the Issuer, having consulted with its financial adviser, legal adviser or auditor, such amendment is of a minor or technical nature or corrects a manifest error. Any such amendment will be binding on the Bondholders, the Security Trustee, the Registrar, the Paying Agent and the Calculation Agent.

Notwithstanding anything to the contrary herein or in any other Bond Document, any modification that has the effect of changing the number, percentage or aggregate principal amount of Bonds or Other Bonds required to accelerate the Bonds, including any modification of the final paragraph of Condition 15 shall require the consent of the holders of not less than 75.0 per cent. of the aggregate principal amount of the Bonds and the Other Bonds then outstanding.

16.4 **Form of Modification**

Any modification to the terms of the Bonds and any of the Guarantees, whether pursuant to Condition 16.2 or 16.3, shall be effected by way of deed poll executed by the Issuer and/or the relevant Guarantor(s), as the case may be. A copy of such deed poll will be sent by the Issuer to the Bondholders in accordance with Condition 20 as soon as practicable thereafter.

17 **Waiver**

No failure to exercise, nor any delay in exercising, on the part of any Bondholder, any right or remedy under these Conditions shall operate as a waiver, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies herein are cumulative and not exclusive of any rights or remedies provided by law.

18 **Voting and Other Rights**

The Bondholders will not be entitled to receive notice of or attend or vote at general meetings of the Issuer by reason only of being the holders of a Bond. The Bondholders will not be entitled to participate in any distribution and/or offers of further securities made by the Issuer by reason only of being the holders of the Bonds.

19 **Replacement of Bond Certificates**

If any Bond Certificate is mutilated, defaced, destroyed, stolen or lost, it may be replaced at the Registrar's Office upon payment by the claimant of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Bond Certificates must be surrendered before replacements will be issued.

20 **Notices**

All notices to Bondholders shall be validly given if mailed to them at their respective addresses in the Register of Bondholders. Any such notice shall be deemed to have been given on the later of the date of such publication and the seventh day after being so mailed to the Bondholders, as the case may be. The Issuer is under no obligation to investigate the address of a Bondholder in case of a change of address that has not been notified to it.

21 **Disenfranchisement of Shareholder Affiliates**

(a) For so long as a Shareholder Affiliate beneficially holds or otherwise owns any Bonds or any participation in the Bonds then outstanding (directly or indirectly and in any manner whatsoever) or has entered into a sub-participation agreement relating to a participation in any Bond then outstanding or other agreement or arrangement having a substantially similar economic effect and such agreement or arrangement has not been terminated, in ascertaining (i) the Instructing Bondholders or (ii) whether the agreement of any specified group of Bondholders has been obtained to approve any request for any consent, approval, release or waiver or agreement to any amendment or to carry out any other vote or approve any action or give any instruction under the Bond Documents, that holding, ownership or participation in the Bonds then outstanding shall be deemed to be zero, such Bonds shall be deemed not to be outstanding and that Shareholder Affiliate (or the person with whom it has entered into that sub-participation, other agreement or arrangement) shall be deemed not to be a Bondholder.

(b) Each Shareholder Affiliate that is a Bondholder agrees that:

(i) in relation to any meeting or conference call to which any Bondholders are invited to attend or participate, it shall not attend or participate in the same or be entitled to receive the agenda or any minutes of the same, unless, in each case, the Security Trustee otherwise agrees (acting on the instructions of the Instructing Bondholders); and

(ii) it shall not, unless the Security Trustee otherwise agrees (acting on the instructions of the Instructing Bondholders), be entitled to receive any report or other document prepared at the behest of, or on the instructions of, the Security Trustee or one or more of the Bondholders.

(c) Any Shareholder Affiliate which is or becomes a Bondholder and which acquires a participation in the Bonds then outstanding shall, by 5:00 p.m. on the Business Day following the day on which it acquired that participation in the Bonds then outstanding, provide a notice to the Security Trustee (i) stating that it is a Shareholder Affiliate and (ii) disclosing the extent of the Bonds to which that purchase relates. The Security Trustee shall promptly disclose such information to the other Bondholders.

For the avoidance of doubt, the terms of this Condition 21 shall take precedent over any conflicting provision in any Bond Document and paragraphs (a) to (c) above shall not apply to any Bondholder (and no Bondholder shall be deemed to be a Shareholder Affiliate for this purpose) for so long as:

(i) the relevant Bondholder holds Shares in the Issuer issued to it as a result of the relevant Bondholders' exercise of conversion rights over certain number of Bonds into the Shares of the Issuer pursuant to and in accordance with clause 4.1(a)(i) of the Amendment and Restatement Deed (the "**Conversion Shares**") (or the relevant Bondholder's Affiliate to whom the Conversion shares are transferred (directly or indirectly), or any further Shares in the Issuer directly issued to such Bondholder (or, as applicable, its Affiliates) (or otherwise transferred to them as permitted under the Bond Documents):

(A) as a result of any conversion, consolidation, sub-division or, re-designation or exchange of such Conversion Shares;

(B) by way of capitalisation of profits or reserves (including any share premium or capital contribution account) of the Issuer, or as a result of any distribution in kind made by the Issuer; and

(C) further to the exercise of any preferential subscription rights of the Bondholder (or, as the case may be, its Affiliates) applicable by law, or as a result of any merger or assimilated transaction,

in each case, on account of its holding of the Conversion Shares; and

(ii) the relevant Bondholder holds any Bonds or Other Bonds or any participation in the Bonds or Other Bonds then outstanding,

provided that this Condition 21 shall immediately apply to such Bondholder if it ceases to qualify for this exemption.

22 **Currency of Account; Conversion of Currency; Currency Exchange Restrictions**

22.1 U.S. dollars are the sole currency of account and payment for all sums payable by the Issuer and the Guarantors under or in connection with this Instrument and the Guarantees, as the case may be, including damages related thereto. Any amount received or recovered in a currency other than U.S. dollars by the Bondholders (whether as a result of, or as a result of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer otherwise) in respect of any sum expressed to be due to it from the Issuer or the Guarantors, as the case may be, shall only constitute a discharge to the Issuer or the Guarantors, as the case may be, to the extent of the U.S. dollar amount, which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. dollar amount is less than the U.S. dollar amount expressed to be due to the recipient under the applicable Bonds, the Issuer and the Guarantors shall indemnify it against any loss sustained by it as a result as set forth in Condition 22.2. In any event, the Issuer and the Guarantors shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition 22, it will be sufficient for the Bondholders to certify in a satisfactory manner (indicating sources of information used) that it would have suffered a loss had an actual purchase of U.S. dollars been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. dollars on such date had not been practicable, on the first date on which it would have been practicable, it being required that the need for a change of date be certified in the manner mentioned above).

22.2 Each of the Issuer and the Guarantors covenants and agrees that the following provisions shall apply to conversion of currency in the case of this Instrument and the Guarantees:

(a) the following apply:

(i) if for the purposes of obtaining judgment in, or enforcing the judgment of, any court in any country, it becomes necessary to convert into a currency (the "**Judgment Currency**") an amount due in any other currency (the "**Base Currency**"), then the conversion shall be made at the rate of exchange prevailing on the Business Day before the day on which the judgment is given or the order of enforcement is made, as the case may be (unless a court shall otherwise determine).

(ii) If there is a change in the rate of exchange prevailing between the Business Day before the day on which the judgment is given or an order of enforcement is made, as the case may be (or such other date as a court shall determine), and the date of receipt of the amount due, the Issuer or the Guarantors, as the case may be, will pay such additional (or, as the case may be, such lesser) amount, if any, as may be necessary so that the amount paid in the Judgment Currency when converted at the rate of exchange prevailing on the date of receipt will produce the amount in the Base Currency originally due.

(b) In the event of the winding-up of the Issuer or any of the Guarantors at any time while any amount or damages owing under this Instrument or the Guarantees, as the case may be, or any judgment or order rendered in respect thereof, shall remain outstanding, the Issuer or the Guarantors, as the case may be, shall indemnify and hold the Bondholders harmless against any deficiency arising or resulting

from any variation in rates of exchange between (i) the date as of which the non-U.S. currency equivalent of the amount due or contingently due under this Instrument (other than under this Condition 22.2(b)) or the Guarantees, as the case may be, is calculated for the purposes of such winding-up and (ii) the final date for the filing of proofs of claim in such winding-up. For the purpose of this Condition 22.2(b), the final date for the filing of proofs of claim in the winding-up of the Issuer or the Guarantors shall be the date fixed by the liquidator or otherwise in accordance with the relevant provisions of applicable law as being the latest practicable date as at which liabilities of the Issuer or the Guarantors, as the case may be, may be ascertained for such winding-up prior to payment by the liquidator or otherwise in respect thereto.

(c) The obligations contained in Condition 22.1, Condition 22.2(a)(ii) and Condition 22.2(b) shall constitute separate and independent obligations from the other obligations of the Issuer and the Guarantors under this Instrument, shall give rise to separate and independent causes of action against the Issuer and the Guarantors, shall apply irrespective of any waiver or extension granted by the Bondholders or any of them from time to time and shall continue in full force and effect notwithstanding any judgment or order or the filing of any proof of claim in the winding-up of the Issuer or any of the Guarantors for a liquidated sum in respect of amounts due hereunder (other than under Condition 22.2(b)) or under any such judgment or order. Any such deficiency as aforesaid shall be deemed to constitute a loss suffered by the Bondholders, as the case may be, and no proof or evidence of any actual loss shall be required by the Issuer or the Guarantors or the liquidator or otherwise or any of them. In the case of Condition 22.2(b), the amount of such deficiency shall not be deemed to be reduced by any variation in rates of exchange occurring between the said final date and the date of any liquidating distribution.

(d) The term "rate(s) of exchange" shall mean the rate of exchange quoted by Reuters at 10:00 a.m. (London time) for spot purchases of the Base Currency with the Judgment Currency other than the Base Currency referred to in Condition 22.2(a) hereof and 22.2(b) hereof and includes any premiums and costs of exchange payable.

22.3 **Third Party Rights**

A person which is not a party to this Instrument shall have no rights to enforce the provisions of this Instrument other than those it would have had if the Contracts (Rights of Third Parties) Act 1999 had not come into force.

23 **Governing Law and Jurisdiction**

23.1 This Instrument, and any non-contractual obligations arising out of or in connection with it, is governed by and shall be construed in accordance with English law.

23.2 The Courts of England sitting in London have exclusive jurisdiction to settle any dispute arising out of or in connection with this Instrument, the Bonds or the Guarantees (including a dispute relating to the existence, validity or termination of this Instrument, the Bonds or the Guarantees or any non-contractual obligation arising out of or in connection therewith) (a "**Dispute**") and accordingly any legal action or proceedings in connection with such Dispute ("**Proceedings**") may be brought in such courts. Each of the Issuer, the Guarantors and the Bondholders hereby irrevocably submits to the jurisdiction of such courts.

23.3 Each of the Issuer and the Guarantors irrevocably agrees that within five (5) Business Days of the date hereof it will appoint an agent having its registered office in the United Kingdom as its agent to receive on its behalf in England service of any proceedings started in the courts of England sitting in London under this Condition 23 and will provide evidence of the same to the Bondholders. Such service shall be deemed completed on delivery to such agent (whether or not it is forwarded to and received by the Issuer) and shall be valid until such time as the Issuer has received prior written notice that such agent has ceased to act as agent. If for any reason such agent ceases to be able to act as agent or no longer has an address in England, the Issuer shall forthwith appoint a substitute and deliver to the Bondholders the new agent's name and address and email within England and Wales. Nothing in this clause shall affect the right of Bondholders to serve process in any other manner permitted by law.

23.4 For the avoidance of doubt, articles 470-1 to 470-19 (included) of the Luxembourg law on commercial companies dated August 10, 1915 (as amended) shall be excluded.

24 **Counterparts**

This Instrument may be executed in any number of counterparts, each of which shall be deemed an original.

The accidental omission to give notice to, or the non-receipt of notice by, any Bondholder shall not invalidate any resolution passed at any such meeting.

6. **Chairman of Meetings**

A person (who may, but need not, be a Bondholder) nominated in writing by the Issuer may act as chairman of a meeting but if no such nomination is made or if the person nominated is not present within 15 minutes after the time fixed for the meeting the Bondholders present shall choose one of them to be chairman. The chairman of an adjourned meeting need not be the same person as was chairman of the original meeting.

7. **Quorum at Meetings**

At a meeting two or more persons present in person holding Bonds or being proxies or representatives and holding or representing in the aggregate not less than 10 per cent. in principal amount of the Bonds then outstanding shall (except for the purpose of passing a Special Resolution) form a quorum for the transaction of business and no business (other than the choosing of a chairman) shall be transacted unless the requisite quorum be present at the commencement of business. The quorum at a meeting for passing a Special Resolution shall (subject as provided below) be two or more persons present in person holding Bonds or being proxies or representatives and holding or representing in the aggregate over 50 per cent. in principal amount of the Bonds then outstanding; *provided* that the quorum at any meeting the business of which includes any of the matters specified in the proviso to paragraph 16 shall be two or more persons so present holding Bonds or being proxies or representatives and holding or representing in the aggregate not less than 66 per cent. in principal amount of the Bonds then outstanding.

8. **Absence of Quorum**

If within 15 minutes from the time fixed for a meeting a quorum is not present the meeting shall, if convened upon the requisition of Bondholders, be dissolved. In any other case it shall stand adjourned to such date, not less than 14 nor more than 42 days later, and to such place as the chairman may decide. At such adjourned meeting two or more persons present in person holding Bonds or being proxies or representatives (whatever the principal amount of the Bonds so held or represented) shall form a quorum and may pass any resolution and decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had a quorum been present at such meeting; *provided* that at any adjourned meeting at which is to be proposed a Special Resolution for the purpose of effecting any of the modifications specified in the proviso to paragraph 16 the quorum shall be two or more persons so present holding Bonds or being proxies or representatives and holding or representing in the aggregate not less than 33 per cent. in principal amount of the Bonds then outstanding.

9. **Adjournment of Meetings**

The chairman may with the consent of (and shall if directed by) a meeting adjourn the meeting from time to time and from place to place but no business shall be transacted at an adjourned meeting which might not lawfully have been transacted at the meeting from which the adjournment took place.

10. **Notice of Adjourned Meetings**

At least 10 days' notice of any meeting adjourned through want of a quorum shall be given in the same manner as for an original meeting and such notice shall state the quorum required at the adjourned meeting. No notice need, however, otherwise be given of an adjourned meeting.

11. **Manner of Voting**

Each question submitted to a meeting shall be decided in the first instance by a show of hands and in case of equality of votes the chairman shall both on a show of hands and on a poll have a casting vote in addition to the vote or votes (if any) which he may have as a Bondholder or as a proxy or representative. Unless a poll is (before or on the declaration of the result of the show of hands) demanded at a meeting by the chairman, the Issuer or by one or more persons holding one or more Bonds or being proxies or representatives and holding or representing in the aggregate not less than two per cent. in principal amount of the Bonds then outstanding, a declaration by the chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

12. **Manner of Taking Poll**

If a poll is demanded, it shall be taken in such manner and (subject as provided below) either at once or after such an adjournment as the chairman directs and the result of such poll shall be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll shall not prevent the continuation of the meeting for the transaction of any business other than the question on which the poll has been demanded.

13. **Time for Taking Poll**

A poll demanded on the election of a chairman or on any question of adjournment shall be taken at the meeting without adjournment.

14. **Persons Entitled to Attend**

The Issuer (through its representatives) and its financial and legal advisers may attend and speak at any meeting of Bondholders. No one else may attend or speak at a meeting of Bondholders unless he is the holder of a Bond or is a proxy or a representative.

15. **Votes**

On a poll every person who is so present shall have one vote in respect of each Bond produced or in respect of which he is a proxy or a representative. Without prejudice to the obligations of proxies, a person entitled to more than one vote need not use them all or cast them all in the same way.

16. **Powers of Meetings of Bondholders**

A meeting of Bondholders shall, subject to the Conditions, in addition to the powers given above, have power exercisable by Special Resolution:

(a) to sanction any proposal by the Issuer for any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Bondholders against the Issuer;

(b) to sanction the exchange or substitution for the Bonds of shares, bonds, or other obligations or securities of the Issuer or any other entity;

(c) to assent to any modification of the Bonds which shall be proposed by the Issuer;

(d) to authorise anyone to concur in and do anything necessary to carry out and give effect to a Special Resolution;

(e) to give any authority, direction or sanction required to be given by Special Resolution;

(f) to appoint any persons (whether Bondholders or not) as a committee or committees to represent the interests of the Bondholders and to confer on them any powers or discretions which the Bondholders could themselves exercise by Special Resolution; and

(g) to approve the substitution of any entity for the Issuer (or any previous substitute) as principal debtor under the Bonds;

provided that the special quorum provisions contained in the proviso to paragraph 7 and, in the case of an adjourned meeting, in the proviso to paragraph 11 shall apply for the purpose of making any modification to the provisions contained in the Bonds which would have the effect of:

(i) modifying the Maturity Date or the due dates for any payment in respect of the Bonds; or

(ii) reducing or cancelling the amount of principal, premium (including any Redemption Amount) or the rate of default interest payable in respect of the Bonds or changing the method of calculation of the Redemption Amount; or

(iii) changing the currency of any payment in respect of the Bonds; or

(iv) modifying the provisions contained in this Schedule concerning the quorum required at a meeting of Bondholders or the majority required to pass a Special Resolution or sign a resolution in writing; or

(v) amending this proviso.

Notwithstanding anything to the contrary in this Schedule 3, with respect to any matter for which any other provision of the Instrument and/or the Intercreditor Deed requires the direction and/or sanction of a specified percentage of the aggregate principal amount of the Bonds or the Other Bonds or the Bonds and the Other Bonds then outstanding, such other provision of the Instrument and/or the Intercreditor Deed shall prevail.

17. **Resolutions Binding on all Bondholders**

Any Special Resolutions or Ordinary Resolutions passed at a meeting of Bondholders duly convened and held in accordance with this Schedule and the Conditions shall be binding on all the Bondholders, whether or not present at the meeting, and each of them shall be bound to give effect to it accordingly. The passing of such a resolution shall be conclusive evidence that the circumstances of such resolution justify the passing of it.

18. **Special Resolution**

The expression ***Special Resolution*** means a resolution passed at a meeting of Bondholders duly convened and held in accordance with these provisions by a majority consisting of not less than three-quarters of the votes cast at such meeting.

19. **Ordinary Resolution**

The expression ***Ordinary Resolution*** means a resolution passed at a meeting of Bondholders duly convened and held in accordance with these provisions by a majority consisting of not less than half of the votes cast at such meeting.

20. **Written Resolution**

A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. in principal amount of the Bonds then outstanding who for the time being are entitled to receive notice of a meeting in accordance with these provisions shall for all purposes be as valid as a Special Resolution or an Ordinary Resolution passed at a meeting of Bondholders convened and held in accordance with these provisions. Such resolution in writing may be in one document or several documents in like form each signed by or on behalf of one or more of the Bondholders.

21. **Minutes**

Minutes shall be made of all resolutions and proceedings at every meeting and, if purporting to be signed by the chairman of that meeting or of the next succeeding meeting of Bondholders, shall be conclusive evidence of the matters in them. Until the contrary is proved every meeting for which minutes have been so made and signed shall be deemed to have been duly convened and held and all resolutions passed or proceedings transacted at it to have been duly passed and transacted.

This Assignment, Assumption and Amendment Agreement (this "**Agreement**") is made as of [•], 2022, by and among Oaktree Acquisition Corp. II, a Cayman Islands exempted company (the "**Company**"), Alvotech Lux Holdings S.A.S., a simplified joint stock company (*société par actions simplifiée*) incorporated and existing under the laws of the Grand Duchy of Luxembourg, having its registered office at 9, rue de Bitbourg, L-1273 Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg Trade and Company Register (*Registre de Commerce et des Sociétés, Luxembourg*) (the "**RCS**") under number B258884 ("**TopCo**"), and Continental Stock Transfer & Trust Company, a New York corporation (the "**Warrant Agent**").

WHEREAS, the Company and the Warrant Agent are parties to that certain Warrant Agreement, dated as of September 21, 2020, and filed with the United States Securities and Exchange Commission on September 22, 2020 (the "**Existing Warrant Agreement**");

WHEREAS, capitalized terms used herein, but not otherwise defined, shall have the meanings given to such terms in the Existing Warrant Agreement;

WHEREAS, pursuant to the Existing Warrant Agreement, the Company issued (i) 4,666,667 warrants to the Sponsor (collectively, the "**Private Placement Warrants**") to purchase the Company's Class A ordinary shares, par value $0.0001 per share ("**Class A Shares**"), with each Private Placement Warrant being exercisable for one Class A Share and with an exercise price of $11.50 per share, and (ii) 6,250,000 warrants as part of units to public investors in the Public Offering (the "**Public Warrants**" and together with the Private Placement Warrants, the "**Warrants**") to purchase Class A Shares, with each whole Public Warrant being exercisable for one Class A Share and with an exercise price of $11.50 per share;

WHEREAS, on December 7, 2021, that certain Business Combination Agreement (the "**BCA**") was entered into by and among the Company, TopCo and Alvotech Holdings S.A., a public limited liability company (société anonyme) incorporated and existing under the laws of the Grand Duchy of Luxembourg, having its registered office at 9, rue de Bitbourg, L-1273 Luxembourg, Grand Duchy of Luxembourg and registered with the RCS under number B229193 ("**Alvotech**");

WHEREAS, all of the Warrants are governed by the Existing Warrant Agreement;

WHEREAS, pursuant to the provisions of the BCA, the Company will merge with and into TopCo (the "**First Merger**") with TopCo as the surviving company in the merger and immediately following the First Merger, TopCo will merge with and into Alvotech ("**Second Merger**"), with TopCo as the surviving company in the merger. In accordance with the provisions of the BCA, pursuant to the First Merger, each issued and outstanding ordinary share of the Company will be exchanged for one ordinary share of TopCo, par value $0.01 per share ("**TopCo Shares**");

WHEREAS, upon consummation of the First Merger, and as provided in Section 4.5 of the Existing Warrant Agreement, the Public Warrants will no longer be exercisable for Class A Shares but instead will be exercisable (subject to the terms and conditions of the Existing Warrant Agreement as amended hereby) for TopCo Shares;

WHEREAS, the Board of Directors of the Company has determined that the consummation of the transactions contemplated by the BCA will constitute a Business Combination;

WHEREAS, in connection with the First Merger, the Company desires to assign all of its right, title and interest in the Existing Warrant Agreement to TopCo and TopCo wishes to accept such assignment; and

WHEREAS, Section 9.8 of the Existing Warrant Agreement provides that the Company and the Warrant Agent may amend the Existing Warrant Agreement without the consent of any registered holders for the purpose of curing any ambiguity or correcting any mistake or defective provision contained therein or adding or changing any provisions with respect to matters or questions arising under the Existing Warrant Agreement as the Company and the Warrant Agent may deem necessary or desirable and that the Company and the Warrant Agent deem shall not adversely affect the rights of the registered holders of the Warrants.

NOW, **THEREFORE**, in consideration of the mutual agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the parties hereto agree as follows.

1. Assignment and Assumption; Consent.

1.1 Assignment and Assumption. Effective as of the First Merger Effective Time (as defined in the BCA), the Company hereby assigns to TopCo all of the Company's right, title and interest in and to the Existing Warrant Agreement (as amended hereby) and TopCo hereby assumes, and agrees to pay, perform, satisfy and discharge in full, as the same become due, all of the Company's liabilities and obligations under the Existing Warrant Agreement (as amended hereby) arising from and after the First Merger Effective Time.

1.2 Consent. The Warrant Agent hereby consents to the assignment of the Existing Warrant Agreement by the Company to TopCo pursuant to Section 1.1 hereof effective as of the First Merger Effective Time, and the assumption of the Existing Warrant Agreement by TopCo from the Company pursuant to Section 1.1 hereof effective as of the First Merger Effective Time, and to the continuation of the Existing Warrant Agreement in full force and effect from and after the First Merger Effective Time, subject at all times to the Existing Warrant Agreement (as amended hereby) and to all of the provisions, covenants, agreements, terms and conditions of the Existing Warrant Agreement and this Agreement.

2. Amendment of Existing Warrant Agreement. The Company and the Warrant Agent hereby amend the Existing Warrant Agreement as provided in this Section 2, effective as of the First Merger Effective Time, and acknowledge and agree that the amendments to the Existing Warrant Agreement set forth in this Section 2 are necessary or desirable and that such amendments do not adversely affect the rights of the registered holders.

2.1 Preamble. The preamble on page one of the Existing Warrant Agreement is hereby amended by deleting "Oaktree Acquisition Corp. II, a Cayman Islands exempted company" and replacing it with "Alvotech Lux Holdings S.A.S., a simplified joint stock company (société par actions simplifiée) incorporated and existing under the laws of the Grand Duchy of Luxembourg, having its registered office at 9, rue de Bitbourg, L-1273 Luxembourg, Grand Duchy of Luxembourg, Grand Duchy of Luxembourg and registered with the Luxembourg Trade and Company Register (Registre *de Commerce et des Sociétés, Luxembourg*) under number B258884". As a result thereof, all references to the "Company" in the Existing Warrant Agreement shall be references to Alvotech Lux Holdings S.A.S. rather than Oaktree Acquisition Corp. II.

2.2 Reference to TopCo Shares. All references to "Ordinary Shares" or "Class A ordinary shares" in the Existing Warrant Agreement (including all Exhibits thereto) shall mean "TopCo Ordinary Shares" or "ordinary shares in the share capital of TopCo."

2.3 Notice. The address for notices to the Company set forth in Section 9.2 of the Existing Warrant Agreement is hereby amended and restated in its entirety as follows:

3.Miscellaneous Provisions.

3.1 Effectiveness of Warrant. Each of the parties hereto acknowledges and agrees that the effectiveness of this Agreement shall be expressly subject to the occurrence of the First Merger and the Second Merger (as defined in the BCA) and shall automatically be terminated and shall be null and void if the BCA shall be terminated for any reason.

3.2 Successors. All the covenants and provisions of this Agreement by or for the benefit of TopCo or the Warrant Agent shall bind and inure to the benefit of their respective successors and assigns.

3.3 Severability. This Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the parties hereto intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible and be valid and enforceable.

3.4 Applicable Law. The validity, interpretation and performance of this Agreement shall be governed in all respects by the laws of the State of New York, without giving effect to conflict of law principles that would result in the application of the substantive laws of another jurisdiction. The parties hereby agree that any action, proceeding or claim against a party arising out of or relating in any way to this Agreement shall be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and irrevocably submits to such jurisdiction, which jurisdiction shall be exclusive. Each of the parties hereby waives any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.

3.5 Examination of the Warrant Agreement. A copy of this Agreement shall be available at all reasonable times at the office of the Warrant Agent in the United States of America, for inspection by the registered holder of any Warrant. The Warrant Agent may require any such holder to submit such holder's Warrant for inspection by it.

3.6 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by e-mail shall be as effective as delivery of a manually executed counterpart of the Agreement. Minor variations in the form of the signature page, including footers from earlier versions of this Agreement or any such other document, will be disregarded in determining a Party's intent or the effectiveness of such signature.

3.7 Effect of Headings. The section headings herein are for convenience only and are not part of this Agreement and shall not affect the interpretation thereof.

3.8 Entire Agreement. This Agreement and the Existing Warrant Agreement, as modified by this Agreement, constitutes the entire understanding of the parties and supersedes all prior agreements, understandings, arrangements, promises and commitments, whether written or oral, express or implied, relating to the subject matter hereof, and all such prior agreements, understandings, arrangements, promises and commitments are hereby canceled and terminated.

[Remainder of page intentionally left blank.]

IN WITNESS WHEREOF, TopCo, the Company, and the Warrant Agent have duly executed this Agreement, all as of the date first written above.

For this purpose, both Parties shall establish a steering committee ("**Joint Steering Committee**" or "**JSC**") which shall operate as follows:

(a) the objectives of the JSC shall be (i) to monitor and review progress under the Development Plan, and (ii) to decide questions arising whilst the Development Plan is under way and make any necessary revisions to the Development Plan;

(b) each Party may appoint up to [***] members to the JSC. Each of STADA and ALVOTECH may replace any or all of its representatives on the JSC at any time upon written notice to the other Party. A Party may designate a substitute to temporarily attend and perform the functions of such Party's designee at any meeting of the JSC. ALVOTECH and STADA each may, on advance written notice to the other Party, invite non-member representatives of such Party to attend meetings of the JSC, provided that non-employees of a Party must have signed an appropriate confidentiality agreement to be able to participate;

(c) the JSC shall be chaired jointly by a member appointed by each Party ("**Joint Chair**");

(d) decisions shall be taken by the affirmative vote of the Joint Chairs of the JSC;

(e) in the event of any failure to agree, both Parties shall refer the dispute to the CEO of ALVOTECH and an executive board member of STADA. If the dispute is not resolved within [***] business days, then the decision shall be as required by the STADA Joint-Chair of the JSC. This decision may only be challenged by ALVOTECH within [***] business days if ALVOTECH considers the decision is harmful to the objectives or timetable of the Development Plan and refers the decision to review by a senior professor well experienced in the scientific subject to be reviewed. Any such review must be concluded within [***] weeks (or such other period as the Parties mutually agree). The Parties must oblige the appointed senior professor to base his/her decision on the following criteria: on the one hand he/she must take into consideration the scientific feasibility of the Development Plan and the requirements to obtain a MA for the Product, and on the other hand he/she must consider the desire of both Parties (without prejudicing the safety and quality of the Product) to achieve economic success by (i) launching the Product for sale as soon as may be reasonably possible and (ii) obtaining the necessary marketability of the Product. In the absence of manifest error, the decision of the appointed senior professor shall be final and not be subject to judicial review;

(f) the JSC shall meet on [***]-monthly basis;

(g) meetings shall be held by physical presence at least [***]per year, otherwise by conference or video call;

(h) in lieu of a meeting of the JSC, the JSC may adopt a circular written resolution signed by all the members of the JSC separately which shall be as effective as a resolution passed at a meeting of the JSC duly convened and held in person. Such resolution in writing may consist of several documents, each signed by one or more of the members of the JSC;

(i) the JSC shall keep minutes of their meetings;

(j) the JSC has the power to constitute sub-committees or working parties which shall report to the JSC on specific subject-matter as determined by the JSC, and operate in accordance with the requirements as laid down by the JSC; and

(k) each Party shall be responsible for all travel and related costs and expenses for its members and other representatives to attend meetings of, and otherwise participate in, the JSC.

Article 5 Registration procedure

5.1 ALVOTECH shall as soon as reasonably possible (within a maximum of [***] months) after completion of the Dossier and STADA's approval, in coordination with STADA, submit to EMA a CP for the Products in STADA's name as Marketing Authorisation holder and with STADA's own brand name/trademark.

5.2 In addition, ALVOTECH grants the right to STADA, STADA's Affiliates and to consultants working on behalf of STADA or its Affiliates to register the Products, at STADA's risk and expense in respect of countries of the Territory not covered by the CP via national procedures. STADA is entitled to decide independently whether and when to submit for national applications for the Products in such countries to obtain MAs in the name of STADA, its Affiliates and/or consultants acting on STADA's or its Affiliates' behalf and at STADA's own expense. For that reason, STADA is entitled to use regulatory consultants working on behalf of STADA or its Affiliates. However, if such national applications are not submitted within [***] months after receipt of the Dossier for any negligent act, fault or culpable omission by STADA or any of its Affiliates or anyone acting on any of their behalves (or such longer period as the Parties mutually agree), then, on a country by country basis, ALVOTECH shall have the right to terminate this Agreement with respect to such country, provided that

(a) ALVOTECH has first notified STADA in writing of such non-submission (describing the country and due date of the submission),

(b) ALVOTECH granted a last grace period of [***] month to rectify such failure, and

(c) STADA has not done so within said grace period,

except that said [***] months' period shall be prolonged by such reasonable period which is necessary to allow for any required additional local studies to be conducted. STADA will keep ALVOTECH informed about progress of all such applications. Upon any such termination in a country, the relevant provisions in Article 15.5 shall apply with respect to such country.

5.3 STADA or its Affiliates will bear all Health Authority fees and all other reasonable external costs associated with all MAs obtained by or for and/or transferred to, STADA or its Affiliates (including any consultants acting on any of their behalves) unless otherwise stated in this Agreement.

5.4 ALVOTECH shall use all reasonable efforts to provide the assessment reports and all deficiency letters to STADA within [***] working days (or sooner) from the receipt thereof, in case the registration procedure(s) is/are being conducted by ALVOTECH on behalf of STADA. In case STADA runs the registration procedures on its own, STADA will use all reasonable efforts to provide the deficiency letters received from any Health Authority to ALVOTECH without delay, at the latest within [***] working day from the receipt thereof. Irrespective of whether the registration procedure is conducted by ALVOTECH on behalf of STADA, by STADA itself or a regulatory consultant working on behalf of STADA and/or its Affiliates, ALVOTECH shall provide all reasonable assistance which is required to obtain and maintain the MAs as quickly as possible. Such assistance shall be interpreted as including without limitation to provide STADA with the statements, certificates and information required to compile module one (1) of the Dossier prior to submission, the timely and free of charge preparation of response documents to deficiency letters from the Health Authorities in English language and in accordance with applicable guidelines. Moreover, ALVOTECH will provide the draft and final response documents to deficiency letters from Health Authorities prior to submission and with sufficient time for STADA or the regulatory consultants working on behalf of STADA and/or its Affiliates to evaluate and comment on such response documents.

A copy of the submitted responses will be provided to STADA within [***] working days after submission in case such procedure was conducted by ALVOTECH on behalf of STADA.

In the event deficiency letters received from the competent Health Authorities in the Territory require significant, additional Product development activities beyond the requirements of the relevant guidelines, then ALVOTECH and STADA shall decide in mutual consent the manner in which the information shall be generated.

5.5 STADA will use the MAs and the Dossier only according to Article 2 of this Agreement. The passing on of the Dossier or copies of it, whether in whole or in parts, to any Third Party, except to STADA's Affiliates, Distributors, sublicencees, competent authorities or external consultants (subcontractors), is strictly prohibited. Any further use depends on the written consent of ALVOTECH. Once STADA is entitled to arrange for the manufacture of the Product itself or its Affiliates or sub-contract it to Third Party manufacturers, STADA may for such purpose disclose the relevant parts of the Dossier to the relevant Third Party manufacturer subject to confidentiality obligations no less stringent than the confidentiality obligations of this Agreement.

Article 6 Changes/ Variations

6.1 In case of intended variations to the Dossier initiated by ALVOTECH after grant of the MAs, ALVOTECH will inform STADA at least [***] months in advance before the intended date of those changes coming into effect. ALVOTECH will provide STADA with sufficient details to start internal change control procedures at least [***] weeks before submission of the variation and will provide STADA in time for submission with the necessary complete documentation for the variation procedure. However, every variation has first to be approved by STADA, which shall not unreasonably withhold or delay its approval in writing. The changes to the Product notified to the Health Authorities shall only be implemented after successful completion of the variation procedures in the Territory or after written approval of STADA's QC department.

6.2 In case of STADA-requested variations, which require additional work, like, but not limited to, development work, at ALVOTECH, such work shall be on behalf and for the account of STADA. The regulatory fees for such STADA-requested variations will be completely borne by STADA.

6.3 In case of ALVOTECH-requested variations, the work required shall be for the account of ALVOTECH, and the regulatory fees will be borne by ALVOTECH except that STADA shall bear the regulatory fees where STADA will have a direct benefit (e.g. lower Supply Price, longer shelf-life, or shorter lead times), which benefit must be of a reasonable and material value relative to the cost of such regulatory fees.

6.4 In case of all other variations, STADA shall bear all fees due to the Health Authority as a consequence of any change, variation or any modification that may be introduced in the Dossier and/or in the Marketing Authorisation.

6.5 Irrespective as to who will benefit of the changes, any changes to the Dossier by ALVOTECH will be communicated without delay and any additional appropriate regulatory documentation will be provided by ALVOTECH to STADA free of charge including but not limited to the preparation of relevant Dossier replacement pages which must comply with e-CTD-requirements. Additionally, ALVOTECH will provide to STADA (a) the updated, consolidated Dossier in e-CTD format within [***] week after closure of the respective variation procedure in case such procedure was conducted by ALVOTECH on behalf of STADA and (b) after finalization of the registration procedure, copies of the e-CTD sequences that have been submitted to the Health Authority/-ies. ALVOTECH will not provide to STADA re-published e-CTD sequences.

Article 7 – Monetary Consideration

In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under this Agreement, STADA shall pay to ALVOTECH the consideration ("**Consideration**") of up to €30,500,000 (thirty million, five hundred thousand Euros), excluding VAT, payable as follows:

7.1 €[***] Euros) at the time the [***];

7.2 €[***] Euros) on [***];

7.3 €[***] Euros) on [***]; and

7.4 €[***] Euros) once [***].

Payments under Articles 7.1 through 7.4 shall only be payable once. Thus, to illustrate the same, if Net Sales exceed for the first time the amount of €50,000,000 (fifty million Euros), the milestone under Article 7.4 shall be payable at that time. Due payments shall be made by STADA within [***] calendar days after receipt of the relevant invoice from ALVOTECH.

All payments under this Agreement must be paid in Euro.

Article 8 – Supply of the Products

Before [***], STADA and ALVOTECH agree and undertake to each other to enter into a Supply Agreement which shall incorporate the following commitments:

8.1 STADA is committed to and shall ensure that its Affiliates purchase their total demand of the Products according to the Dossier(s) as Finished Product exclusively from ALVOTECH for a term of [***] years after Launch of the first strength of the Product in the Territory on a country-by-country basis ("**Exclusive Purchase Obligation**");

8.2 ALVOTECH will constantly manufacture and deliver the Product according to current EU GMP provisions, the Dossier and the Product specifications;

8.3 ALVOTECH will support STADA by using its reasonable commercial efforts to gain the import licence for the Products in case of manufacture in a country not belonging to the European Union, if applicable;

8.4 The prices for the Products supplied to STADA, its Affiliates and/or Distributors as Finished Product will be the greater of (a) [***] percent ([***]%) of STADA's or STADA's Affiliates' (as applicable) Net Selling Price in the respective country of the Territory or (b) the Floor Prices as stated in Annex 1;

8.5 The Exclusive Purchase Obligation shall terminate automatically in case the Supply Agreement terminates or as otherwise agreed in the Supply Agreement, including in the event any competent authority finds the Exclusive Purchase Obligation in such country to be invalid or unenforceable;

8.6 With regard to the countries of the Territory with Exclusive Rights, upon STADA's failure, other than as a result (and to the extent) of ALVOTECH failing to supply Product quantities ordered by STADA in accordance with the applicable provisions of this Agreement and the Supply Agreement, to purchase on a country-by-country basis:

(a) [***]percent ([***]%) of its annual non-binding forecast for the Products over [***] ([***]) consecutive years, or

(b) [***]percent ([***]%) of its annual non-binding forecast for the Products in [***] ([***]) [***] and not being able to catch up this volume in [***],

ALVOTECH shall be entitled to convert the Exclusive Rights to Semi-Exclusive Rights for the particular country as the sole remedy; and

8.7 The initial term of the Supply Agreement shall be the duration of the Exclusivity Period ("**Initial Supply Term**"). Provided that STADA has complied with its material obligations under the Supply Agreement, STADA shall have the right, in its sole discretion, to

(a) prolong the Exclusivity Period and prolong the duration of the Supply Agreement, or

(b) prolong the duration of the Supply Agreement (in which case all rights granted to STADA in Articles 2.1 through 2.3 shall become non-exclusive)

for up to three (3) times for further five (5) years periods by providing to ALVOTECH twelve (12) months written notice prior to the end of the Initial Supply Term or any prolonged term (as applicable) of its decision to prolong either the Exclusivity Period and or the term of the Supply Agreement (the total period of the Supply Agreement being call the "**Supply Term**").

In case of any inconsistencies between the provisions of this Agreement and the Supply Agreement in relation to supplies of the Products, the provisions of the Supply Agreement shall prevail.

8.8 Both Parties have the joint aim to be successful in respect of supplying the market in the Territory and understand that continuous cost improvements are an important element to achieve competitiveness. Therefore, ALVOTECH shall use its reasonable commercial efforts during the Supply Term to improve its manufacturing and supply costs for the Product (including [***]) so that, if necessary, ALVOTECH may be able to reduce the Floor Prices. ALVOTECH shall use its [***] to support STADA and its Affiliates competitiveness when bidding for tenders if ALVOTECH is able to [***].

Article 9 - Launch; Freedom to Launch and Reimbursement

9.1 STADA will use all commercially reasonable efforts to Launch the Products in each country of the Territory within [***] months of:

(a) MA grant (for the respective country), and

(b) where applicable, receipt of the required price approval by health insurance organisations and other competent authorities,

whichever occurs later, and in any event provided that:

(i) any applicable Patent would not be infringed by the manufacture, marketing and sale of the Products and there is Freedom to Launch;

(ii) ALVOTECH delivers the confirmed orders for the Products on time; and

(iii) there is no judicial measure in force at such time that prevents STADA from Launch of the Products.

If STADA fails to Launch the Products as so required then, within [***] days, ALVOTECH shall be entitled to terminate the Agreement with regard to the specific country concerned and remove such country from the scope of this Agreement as its sole remedy.

9.2 Without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 13.3, 13.4 and 13.5, ALVOTECH shall use its reasonable commercial efforts to obtain Freedom to Launch with All Indications on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining such Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of the (potential) settlement agreement to STADA and the provisions in Article 9.3(b) shall apply. If ALVOTECH is not entitled to provide a copy of the (potential) settlement agreement to STADA, then the provisions in Article 9.3(c) shall apply. ALVOTECH shall provide STADA all available information regarding Third Party Patents including Identified Patents affecting the Products in the Territory.

STADA will provide ALVOTECH with its available information regarding Third Party Patents affecting the Products in the Territory. Without limitation of ALVOTECH's responsibility (as stated in this Article 9.2) for Freedom to Launch, the Parties will discuss issues relating to Third Party Patents in order to try and reach an agreed opinion as to when it is reasonable to Launch the Products without incurring a material risk of a successful infringement challenge under any Third Party Patent.

9.3 The following provisions of this Article 9.3 will apply in addition to, and without limitation of ALVOTECH's responsibility as stated in, Article 9.2:

(a) the objective of the following provisions is, so far as possible, to ensure that any settlement agreement to secure Freedom to Launch is approved in advance by or for STADA;

(b) if not restricted by confidentiality obligations, ALVOTECH shall provide a copy of the draft settlement agreement to STADA so that STADA can provide comments to ALVOTECH. STADA, acting entirely at its own discretion, shall decide that it approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch. If STADA approves such draft and the settlement agreement is signed in the form of such draft, then, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to STADA, and STADA will accept that there is Freedom to Launch;

(c) if, due to confidentiality restrictions, ALVOTECH is not able to provide a copy of the draft settlement agreement to STADA, then STADA is entitled to nominate an external lawyer ("**Nominated Counsel**") of its own choice (but to whom ALVOTECH has no reasonable objection) to act in accordance with the following provisions. The Nominated Counsel will be retained, and paid for, by ALVOTECH as a second or alternative legal counsel and will be instructed by ALVOTECH with a copy to STADA that his/her review covers only (i) the key question whether the settlement agreement provides for Freedom to Launch and (ii) how to redraft the draft settlement agreement in order to achieve such Freedom To Launch. Oral explanation, if any, to the instructions shall be in the presence of STADA and there shall be no change or amendment to these instructions without the prior written consent of STADA. ALVOTECH shall provide a copy of the draft settlement agreement to the Nominated Counsel so that he/she can provide comments to ALVOTECH and its legal counsel dealing with the proposed settlement agreement. The Nominated Counsel, acting reasonably, shall advise ALVOTECH if he/she approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch under this Agreement and shall clearly advise in its response as to whether the settlement agreement provides for Freedom to Launch. If permitted by applicable laws, ALVOTECH shall provide a copy of such advice to STADA. Following the Nominated Counsel's approval of such draft, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to the Nominated Counsel. The Nominated Counsel shall then confirm (or otherwise) that the relevant provisions in the signed settlement agreement affecting the Territory and the country of manufacture by ALVOTECH is in the form he/she approved (containing at the most some immaterial deviations such as typos or clarifications). ALVOTECH shall provide a copy of such confirmation to STADA, and, to the extent that ALVOTECH is not restricted by confidentiality obligations, provide details of the settlement agreement to STADA. Provided that, within [***] days of receiving a copy of such confirmation and any available details of the settlement agreement, STADA has not notified ALVOTECH that it is "not satisfied" according to Article 9.3(d)(ii), then STADA accepts that there is Freedom to Launch. The Parties acknowledge and agree that, in the event there are problems implementing this Article 9.3(c), the Parties will discuss in good faith a reasonable alternative that achieves the same objectives of the Parties. Without limiting Article 13, in the event the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Freedom to Launch, STADA shall have the right to declare that it assumes that no Freedom to Launch is given and may terminate the Agreement under Articles 9.4 or 9.9.

(d) if:

(i) ALVOTECH considers that STADA has not been reasonable when giving a decision under Article 9.3(b) that it will not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch; or

(ii) STADA is not satisfied that the draft settlement agreement as approved by the Nominated Counsel under Article 9.3(c) is satisfactory for the purposes of confirming Freedom to Launch (with STADA giving the reasons for its assessment);

then both Parties shall discuss the situation in good faith and use their reasonable commercial efforts in good faith to reach a resolution. If within [***] days the Parties are not able to find a resolution, then both Parties shall refer their disagreement to an external counsel who shall be (A) an experienced attorney-at-law specialised in the field of patents or an experienced patent lawyer and (B) nominated by STADA (provided that ALVOTECH has no reasonable objection to his/her nomination) (such individual, the "**Patent Counsel**") to give his/her opinion within [***] months (or such other period as the Parties shall agree). Both Parties shall be entitled to submit documents to the appointed Patent Counsel and to attend a joint meeting with him/her. Such Patent Counsel shall consider all reasonable arguments submitted by each Party. The appointed Patent Counsel shall then determine if STADA has provided reasonable arguments in declaring its dissatisfaction as to whether there is Freedom to Launch or not under the settlement agreement, along with a final determination as to whether the settlement agreement provides for Freedom to Launch.

For clarity, the above review and approval rights of STADA and the Nominated Counsel and/or the Patent Counsel shall only apply with respect to Identified Patents or other Patents in the Territory (or in the country of manufacture by or for ALVOTECH) and shall not extend to rights outside of the Territory.

9.4 In case Freedom to Launch is not given with All Indications within the Territory by the Target Date then, within [***] days after the Target Date, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] days refund to STADA [***] percent ([***]%) of the Consideration already paid under Article 7 if STADA so terminates.

9.5 In case Freedom to Launch is given with All Indications within the Territory within twelve (12) months after the Target Date, then, within [***] days after such Freedom to Launch is notified to STADA, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] days reimburse to STADA €[***] ([***] Euros) of the Consideration already paid under Article 7.

9.6 If, within [***] months after termination in accordance with Article 9.5 ALVOTECH grants and/or sells rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including itself and any of its own Affiliates, to market the Products in place of STADA, then the reimbursement to STADA under Article 9.5 shall be increased from €[***] Euros) to €[***] Euros).

9.7 In case Freedom to Launch is given with All Indications within the Territory more than twelve (12) months after the Target Date but prior to [***], then, within [***]days after such Freedom to Launch is notified to STADA, STADA shall be entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] days reimburse to STADA €[***] Euros) of the Consideration already paid under Article 7.

9.8 If within [***] months after such termination in accordance with Article 9.7 by STADA, ALVOTECH grants rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including any of its Affiliates, to market the Products in place of STADA then such reimbursement to STADA shall be increased from €[***] ([***] Euros) to €[***] ([***] Euros).

9.9 In case Freedom to Launch with All Indications within the Territory is not given by 31 December 2023, within [***] days of [***], STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] days refund to STADA [***] percent ([***]%) of the Consideration already paid under Article 7 if STADA so terminates.

9.10 In case of any termination by STADA under this Article 9, (a) STADA shall transfer all MAs and MA applications to ALVOTECH or its nominee (ALVOTECH shall reimburse STADA for all registration fees for such transfer), (b) STADA, on behalf of itself and its Affiliates, hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, (c) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free, fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use, and sale of the Products in the Territory, in the form substantially similar to the commercialisation as performed or envisaged by STADA, however excluding right to any trademarks, and agrees to introduce ALVOTECH to any STADA licensors with the aim to obtain such licenses at ALVOTECH´s cost from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory, (d) STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier and the Products, and (e) neither Party shall have any further obligations to each other under this Agreement or the Supply Agreement except for (i) STADA's obligation to cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred Product IP Owned Rights and Created Product IP Rights and to grant the non-exclusive license above and introduce ALVOTECH for the purpose of obtaining any sublicensed IP Rights as provided above, and (ii) those provisions which are intended to take effect or survive after termination.

9.11 In case the Products are the only registered biosimilar versions of [***]mg/ml concentration in countries of the Territory which represent at least [***] percent ([***]%) of the sales potential for the Products in all such countries at a time when there is Freedom to Launch of the Products with All Indications, STADA will Launch the Products. In this case, there shall be no right to terminate under this Article 9, and the reimbursements provided for in the above paragraphs shall not apply.

9.12 For the purposes of Article 9.11, sales potential shall be calculated by reference to Iqvia (IMS) market research data for volume sales in all the relevant countries over the latest available [***] months' period. In case Iqvia (IMS) data is not available for any country, then market research data produced by the provider most used in that country by the pharmaceutical industry shall be used instead.

9.13 If, having used reasonable efforts to market the Products, STADA's cumulative Net Sales over [***] years commencing upon Launch do not reach:

(a) [***] percent ([***]%) of €[***] ([***] Euros) (STADA's forecast), then ALVOTECH will reimburse to STADA €[***] ([***] Euros) of the Consideration;

(b) [***] percent ([***]%) of €[***] ([***] Euros), then ALVOTECH will reimburse to STADA €[***] ([***] Euros) of the Consideration; or

(c) [***] percent ([***]%) of €[***] ([***] Euros) (STADA's forecast), then ALVOTECH will reimburse to STADA [***].

9.14 If ALVOTECH is obliged to pay a royalty to a Third Party in order to achieve Freedom to Launch with regard to the Identified Patents ("**Freedom Royalty**"), then the supply price as set out in Article 8.4 shall be increased by adding [***] percent ([***]%) of the rate of such Freedom Royalty. Such [***] percent ([***]%) of the rate of such Freedom Royalty payable by STADA hereunder shall in no event be more than €[***] ([***] Euros) per calendar year in the aggregate for the entire Territory. ALVOTECH shall provide STADA with regular updates (at least [***] per year) on the status of negotiation of such Freedom Royalty. STADA may verify the payments with an auditor in accordance with the provisions of Annex 1 attached hereto.

If the above provisions only apply to some countries, then the effects of this clause shall be applied to those countries only and any payments due shall be made on a pro rata basis (relative to annual sales value).

9.15 Without limiting STADA's obligation under Article 9.1, from and after the Launch of the Product in a country until expiration of the Exclusivity Period, STADA will use all commercially reasonable efforts to promote, market, offer, and sell the Product in such country.

Article 10 – Non-Compete

10.1 STADA shall (and shall ensure that its Affiliates do) not, commencing upon Launch of the Product on a country-by-country basis in the Territory, promote, market, offer, distribute, or sell any Competing Product.

10.2 In any event, this non-competition obligation shall:

(a) not extend more than [***] commencing on the date of Launch on a per country basis, and

(b) not apply to any Competing Product acquired by STADA or its Affiliates as a result of any transaction executed by STADA or its Affiliates acquiring control of a Third Party that manufactures, has already registered or applied for, holds and maintains authorizations of such Competing Product, promotes, sells, markets, distributes or otherwise uses Competing Product in a country of the Territory at the date of acquisition of control where such Competing Product represents less than [***] percent ([***]%) of the value of all assets acquired. In case that more than [***] percent ([***]%) of the value of all assets are acquired, STADA has [***] ([***]) months to solve the conflict which may include the sale of the Competing Product. In case that more than [***] percent ([***]%) but less than twenty percent (20%) of the value of all assets are acquired, STADA has [***] ([***]) months to solve the conflict which may include the sale of the Competing Product.

(c) For the avoidance of doubt, this Article 10 does not apply to Distributors but only to STADA and its Affiliates. For the purpose of this Article 10, the term "Affiliate" in respect of STADA shall include STADA Arzneimittel AG and any and all corporations and companies Controlled (as defined in Article 1.3) by it, either directly or indirectly, but shall [***] (unless such companies themselves are Controlled by STADA).

10.3 Notwithstanding the foregoing, if STADA or any of its Affiliates acquire a Competing Product (regardless of the value of such asset in an overall transaction) that is being promoted, marketed, offered for sale, distributed or sold in the Territory at any time during the [***] ([***]) [***] period following Launch of the Product within a country of the Territory the following will apply:

(a) STADA's obligation to use commercially reasonable efforts to promote, market, offer and sell Products in the Territory during such [***] ([***]) [***] period shall not be diminished or otherwise affected by such Competing Product and such Competing Product shall not be taken into account in any manner in determining whether STADA's or its Affiliates' conduct of its activities under this Agreement are commercially reasonable; and

(b) To the extent that sales of such Competing Product affect the sales of the Product (i.e. the market share of the Product decreases or remains the same due to sales of the Competing Product), such extent and amount of affected sales shall be included when calculating the thresholds set out in Article 9.13 and STADA's right for reimbursement thereunder.

Article 11 - Confidentiality

11.1 **CONFIDENTIAL INFORMATION**: For [***] years following the termination of this Agreement, and unless otherwise provided for in this Agreement, all information of a confidential character provided pursuant to this Agreement, by either Party to the other including without limitation the contents of the Dossier, information on the business of either Party, the existence and terms of this Agreement as well as negotiations between the Parties prior to this Agreement shall be treated by the receiving Party as confidential ("**Confidential Information**"). During any period of time that Created Product IP Rights and the Owned Product IP Rights are jointly owned by the Parties, such IP Rights shall be considered the Confidential Information of both Parties. For clarity, following assignment of the rights to Created Product IP Rights and the Owned Product IP Rights to ALVOTECH, such IP Rights shall be considered the Confidential Information of ALVOTECH only. The receiving Party shall not disclose Confidential Information or parts thereof to any Third Party except to its Affiliates, its external consultants, competent authorities, Health Authorities, manufacturers, distribution partners or any Third Party acting on behalf of the receiving Party for the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4. The receiving Party shall ensure that such Third Parties receiving Confidential Information shall be bound by similar secrecy obligations except for competent authorities or Health Authorities. Neither Party shall use Confidential Information of the other Party (or of both Parties as deemed hereunder) for any purpose other than the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4.

11.2 **Exception to the confidentiality obligation**: The obligations of the receiving Party described in the above paragraph shall not apply to information that the receiving Party can prove:

(a) is available to the general public on the Effective Date; or

(b) is or is made known or available to the general public after the Effective Date by any means other than by an unauthorized act or omission of the receiving Party; or

(c) was known to it or any of its Affiliates before the Effective Date and not obtained, directly or indirectly, from the disclosing Party; or

13.12 it is fully entitled to grant the rights and licenses granted to ALVOTECH within this Agreement;

13.13 STADA and its Affiliates will not (and will not give consent for any Third Party on its behalf or any sublicensees or Distributors to) file for any registered IP Rights related to the Products outside the Territory, including any IP Rights within Product IP Owned Rights or Created Product IP Rights; and

13.14 it shall be responsible and liable to ALVOTECH for failure of its Affiliates, Distributors and sublicensees (and subcontractors) under this Agreement.

13.15 **ALVOTECH indemnity**

(a) any breach of warranty, covenant or obligation by ALVOTECH under this Agreement (including for clarity, any claims, suits, etc. relating to breach of Article 13.5, even if such claims arise or are asserted after expiration of the lifetime of such Identified Patents); and/or

(b) any wrongful or negligent act or omission of or on behalf of ALVOTECH and its Affiliates and its representatives in connection with the performance of this Agreement;

to the extent that STADA is not obliged to indemnify ALVOTECH under Article 13.16.

13.16 **STADA indemnity**

In addition to any other remedy available at law or under this Agreement, STADA shall indemnify and hold harmless ALVOTECH, its Affiliates, and their respective directors, staff and representatives against all Third Party claims, suits, damages, loss, cost or expenses (including reasonable attorneys' fees) made or brought against ALVOTECH, its Affiliates and their respective directors, officers, staff and representatives resulting from any Third Party claim relating to:

to the extent that ALVOTECH is not obliged to indemnify STADA under Article 13.15.

13.17 **Indemnity Procedure**

If any claim is brought against a Party or any of its Affiliates entitled to the benefit of an indemnity set out in this Agreement (the "**Indemnitee**") by any Third Party which is likely to result in a claim by the Indemnitee against the Party who has given an indemnity under this Agreement (the "**Indemnifier**"), the Indemnitee shall:

(a) give notice of such Third Party claim to the Indemnifier without undue delay; the notice shall describe such claim in reasonable detail including a reasonable explanation of the basis and amounts of the claims;

(b) keep the Indemnifier promptly and fully informed as to the progress of any such claim and shall ensure that the Indemnifier is promptly sent copies of all relevant communications;

(c) to the extent possible take all reasonable steps so as to recover or minimise or resolve such liability or dispute and, upon request by the Indemnifier, permit the Indemnifier to take conduct of such proceedings as the Indemnifier considers appropriate, acting reasonably at all times and with due consideration of the interest of the Indemnitee;

(d) cooperate with all reasonable requests of the Indemnifier in relation to such claim; and

(e) not, and shall procure that none of its Affiliates shall, accept, pay, settle or compromise any such claim without the prior written consent of the Indemnifier.

Article 14 – Intellectual Property Rights

14.1 Filing, Prosecution and Maintenance of Joint Rights.

(a) ALVOTECH shall be primarily responsible, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of all Patents relating to the Product IP Owned Rights and the Created Product IP Rights in the Territory ("**Joint Patent Right(s)**"). If ALVOTECH elects not to take any such action with respect to a Joint Patent Right, it shall provide written notice of the same to STADA, and upon STADA's receipt of such notice, STADA shall have the right, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of such Joint Patent Right. The Party responsible for such acts shall report to the other Party on a regular basis as to all material steps taken with regard to the filing, prosecution, and maintenance of such Joint Patent Rights including by providing such other Party with a copy of material communications to and from any IP Rights authority in the Territory regarding such Joint Patent Rights and by providing such other Party with drafts of any material filings or responses to be made to such authorities in the Territory sufficiently in advance of submitting such filings or responses so as to allow such Party a reasonable opportunity to review and comment. Each Party shall give the other Party all reasonably necessary support for the prosecuting Party to fulfil its obligations under this Article 14.1.

(b) For clarity, (i) as between the Parties, ALVOTECH or its Affiliate retains the sole right to prosecute and maintain all registered IP Rights contained within Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights, and (ii) ALVOTECH or its Affiliate retains the sole right to file for, prosecute and maintain all registered IP Rights contained within Product IP Owned Rights and Created Product IP Rights outside the Territory.

14.2 Each Party is obliged to inform the other Party as soon as reasonably possible if it becomes aware of (a) any registered IP Rights like patents or utility models of Third Parties affecting the commercialisation of the Products in the Territory or manufacture of the Product (regardless of whether in or outside the Territory) for sale and distribution in the Territory which were not previously known to each other or (b) any potential infringement or misappropriation of any Product IP Owned Right or Created Product IP Rights by a Third Party ("**Third Party Joint IP Infringement**"), or (c) any potential infringement or misappropriation of either any Product IP Licensed Rights or any Manufacturing Product ex-Territory IP Rights by a Third Party affecting the Product in the Territory or its manufacture for the Territory (each, a "**Third Party Licensed IP Infringement**"), and in each case, provide all relevant information and documents regarding such issue.

14.3 In the event that any Third Party files an action, whether in court or out of court, against STADA (including STADA's Affiliates and/or Distributors), claiming an alleged infringement of registered IP Rights (especially but not limited to Patents) ("**IP Claims**") as a consequence of or derived from (a) the performance of any of the operations contemplated in this Agreement or the Supply Agreement or (b) in case additional Patents will be granted after the Effective Date and STADA's external patent counsel confirms that a Product falls within the scope of protection of such Third Party Patents as well as STADA and/or its Affiliates decide not to launch the Product or to discontinue marketing the Product, as the case may be, due to such additional Patents granted, then STADA shall provide ALVOTECH with all relevant details and ALVOTECH shall cooperate and render all assistance and all available documentation to STADA and/or its Affiliates in the event STADA and/or its Affiliate decide(s) to take action with respect to the claim of the alleged infringement.

14.4 ALVOTECH shall coordinate and decide the defense strategy, the means of proof and the appeals for any IP Claim up to the point of time of grant of MA in any country of the Territory. After the grant of the MA in any country of the Territory, the Parties shall decide together on the defense strategy, the means of proof and appeals for such IP Claim. This includes a joint decision on the defense of legal proceedings where necessary in the name of one of the Parties or in the joint name of both Parties as appropriate. In case the Parties do not agree on the defence strategy, then subject to Article 14.6, the Party being sued shall finally decide the defense strategy and the other Party shall use reasonable efforts to cooperate with such Party.

14.5 In the event that either Party reasonably believes there is a Third Party Joint IP Infringement or a Third Party Licensed IP Infringement (each, an "**Enforcement Claim**"), the Parties shall without undue delay consult each other on how to address such Enforcement Claim

14.6 In case that any IP Claim is initiated against one Party or a Party is permitted to enforce an Enforcement Claim under this Agreement, and such Party requires the collaboration of the other Party for its defense or enforcement, as applicable, the other Party is obliged to provide reasonable collaboration to the requesting Party as well as to provide, as soon as possible, all the relevant information, documents, etc., that may be available, including

joining the legal proceedings as a party where such party may be required to be joined in order to defend or enforce such IP Claim or Enforcement Claim, as applicable. Excluding ALVOTECH Claims, the defending or enforcing Party, as applicable, in any IP Claim or any Enforcement Claim shall keep the other Party informed on a reasonable and timely basis as to the status of the proceedings, including the defense or settlement of such claim. Excluding ALVOTECH Claims, for which no consent will be required from STADA, neither the defending or enforcing Party nor the non-defending or non-enforcing Party may settle any legal disputes without prior written consent of the other Party, such consent not to be unreasonably withheld or conditioned.

14.7 In the event that the Parties cannot agree on enforcement of any Third Party Joint IP Infringement affecting the Product in the Territory within [***] days of such discussions, then subject to Article 14.6, STADA shall have the first right to elect to enforce such Third Party Joint IP Infringement by delivering to ALVOTECH, after such [***] days period, written notice of such election. If ALVOTECH does not receive written notice within such [***] day period, then subject to Article 14.6, ALVOTECH shall have the right to enforce such Third Party Joint IP Infringement.

14.8 In the event that the Parties cannot agree on enforcement of any Third Party Licensed IP Infringement involving Product IP Licensed Rights affecting the Product in the Territory within [***] days of such discussions, ALVOTECH shall have the first right to elect to enforce any such Third Party Licensed IP Infringement involving Product IP Licensed Rights. In the event ALVOTECH or its Affiliate elects not to take action against any infringement of any Product IP Licensed Rights by a Third Party affecting the Product in the Territory within [***] days of its right to do so under this Article 14.8, and to the extent that ALVOTECH as licensee has rights to enforce the Product IP Licensed Rights against such Third Party in the Territory (and may grant sub-license rights to STADA of the same), STADA shall have the right, subject to Article 14.6, at its own expense, and if applicable in the name of both Parties, for taking all reasonable action related to enforcement of such Product IP Licensed Rights affecting the Product against such Third Party in the Territory. ALVOTECH shall use commercially reasonable efforts to obtain the right to enforce such Product IP Licensed Rights affecting the Product in the Territory. For clarity, ALVOTECH will have the sole right to enforce all other Enforcement Claims ("**ALVOTECH Claims**").

14.9 For the avoidance of doubt, subject to Article 15.5, any claims, including IP Claims, brought against STADA's trademark, brand and/or logo any actions taken by STADA in order to defend STADA's trademark, brand and/or logo are in the sole discretion and responsibility of STADA.

Article 15 – Termination and Expiration

15.1 This Agreement shall become effective upon the Effective Date.

15.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 15, (a) STADA will keep the Dossier (and its rights to use the Dossier), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein), and (c) the Exclusive Purchase Obligation shall terminate.

15.3 Except as otherwise provided in this Agreement, this Agreement can be terminated with immediate effect subject to written notice:

(a) by the non-defaulting Party if the other Party commits a material breach of this Agreement and, in the case of a breach capable of remedy, does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(b) by the non-defaulting Party if the other Party states or admits in writing that it is unable to pay its current obligations in the ordinary course of business as they generally become due, declares bankruptcy, assigns all its assets for the benefit of creditors, undergoes a corporate reorganization prompted by insolvency or appoints receiver or trustee;

(c) by STADA in case the Products will not benefit from a registered shelf life of at least [***] months at the date of grant of the first MA on behalf of STADA or its Affiliate and/or the ongoing-stability program in accordance with GMP does not confirm such stability of the Product;

(d) by the Party to whom a warranty according to Article 13 is given and such warranty turns out to be incorrect and the breaching Party does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(e) by STADA if an EU-wide Marketing Authorisation by way of the CP is not granted by 31.12.2021 (date of positive EC decision) (which date shall be extended by up to three (3) months if it is likely that such extension of time has a reasonable prospect of resulting in a positive opinion);

(f) by either Party if the milestone as described in Article 7.1 is not reached, i.e. that the defined end points as per the clinical trial protocol are not met and considered negative by ALVOTECH and STADA; or

(g) by STADA if the Dossier is not delivered to STADA by 31 March 2020 or, if later, by such later date (up to a maximum of a further six (6) months) as is necessary to accommodate the demands of the Development Plan.

15.4 The effects of termination by STADA according to Article 15.3(a) or (b) or (d) shall be that (a) STADA will keep the Dossier (and its rights to use the Dossier), and upcoming and granted MAs, (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become [***] (but remain subject to restrictions contained therein) and STADA shall not be required to make any further payments to ALVOTECH under this Agreement (other than pursuant to Article 8 if the Supply Agreement remains in place), and (c) STADA shall be [***].

Further, in case of termination by STADA according to Article 15.3(a) or (d), provided that the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of STADA to exploit or exercise its rights under this Agreement, then ALVOTECH shall reimburse to STADA:

(a) [***] percent ([***]%) of the payments paid in accordance with Article 7 reduced by any reimbursements in accordance with Article 9.13 (if any), if the termination takes place prior to or during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(b) [***] percent ([***]%) of the payments paid in accordance with Article 7 reduced by any reimbursements in accordance with Article 9.13 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(c) [***] percent ([***]%) of the payments paid in accordance with Article 7 reduced by any reimbursements in accordance with Article 9.13 (if any), if the termination takes place during the [***] ([***]) marketing year of the Product in the initial Exclusivity Period for Germany;

(d) [***] percent ([***]%) of the payments paid in accordance with Article 7 reduced by any reimbursements in accordance with Article 9.13 (if any), if the termination takes place during the [***] ([***]) marketing year of the Product in the initial Exclusivity Period for Germany;

(e) [***] percent ([***]%) of the payments paid in accordance with Article 7 reduced by any reimbursements in accordance with Article 9.13 (if any), if the termination takes place during the [***] ([***]) marketing year of the Product in the initial Exclusivity Period for Germany; and

after expiration of the initial Exclusivity Period for Germany, the effects mentioned above shall remain, but no reimbursement of the payments paid in accordance with Article 7 shall become due.

Any reimbursement shall be fully credited against any damages claims awarded.

15.5 The effects of termination by (i) ALVOTECH as terminating Party according to Article 15.3 (a) or (b) or (d) (provided that, in case of termination under Article 15.3 (a) or (d), the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of ALVOTECH to benefit from the rights granted under this Agreement), or (ii) STADA as terminating Party according to Article 15.3 (c), (e) or (g), or (iii) either Party according to Article 15.3(f) shall be that STADA shall return to ALVOTECH, without retaining any copy, the Dossier (if any), together with any other documentation delivered by ALVOTECH in connection with the Products, except for copies which are required to be retained subject to law. In addition upon written request by ALVOTECH, STADA shall immediately assign and transfer any and all rights to the MAs (or to any MA applications, as the case may be) to ALVOTECH or ALVOTECH's designee, at no cost for ALVOTECH whatsoever and STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier, any IP Rights under this Agreement, including any Created Product IP Rights, Owned Created IP Rights, Product IP Licensed Rights, and Manufacturing Product ex-Territory IP Rights, the Products and/or the MAs for the Products. In addition, STADA, on behalf of itself and its Affiliates, (a) hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, and (b) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free (except for any royalties for the product trademarks as set out herein), fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use and sale of the Product in the Territory in a form substantially similar to the commercialisation as performed or envisaged by STADA, and agrees to introduce ALVOTECH and its designees with the aim to obtain any such licenses from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory. Such license granted under this Article 15.5(b) shall exclude rights to any trademarks, trade dress of use of the company names of STADA or its Affiliates; provided that in the event termination occurs after launch of the Product in a country in the Territory, then STADA hereby grants ALVOTECH an exclusive and sublicensable right (through multiple tiers), to use the product trademark under which the Product was being commercialized in such country for the sole purpose of manufacturing, marketing, using, or selling the Products in the Territory, and the Parties will negotiate in good faith a trademark license agreement with standard royalties customary in the pharmaceutical industry for a deal of this size and commercial potential of the Product, addressing the enforcement and protection of such trademark for the benefit of ALVOTECH, or if mutually agreed to, an assignment of such trademark to ALVOTECH.

The product trademark license shall be royalty-free and fully paid up, if ALVOTECH is the terminating Party according to Article 15.3(a) or (b) or (d), and shall bear said standard royalties as set out herein, if STADA is the terminating Party according to Article 15.3(c), (e) or (g), or if either Party terminates according to Article 15.3(f). In case the Parties cannot agree on such standard royalties for said trademark within [***] days after start of the negotiation, either Party may request that the president of the International Chamber of Commerce in Frankfurt, Germany, as arbitrator (or any other person nominated by said president and acting as arbitrator) determines the same in good faith taking into consideration the nature of the license in the pharmaceutical industry, the size and commercial potential of the Product. For this purpose, both Parties may submit a confidential proposal to the arbitrator setting out the amount of such royalty rate within the time period set by the arbitrator which shall not exceed [***] weeks after the arbitrator has been appointed or invoked. The arbitrator shall only be entitled to choose between one of the two proposals and shall select only such proposal which he considers in good faith the most appropriate one in light of the criteria set out herein. The determination of the arbitrator of the royalty rate shall be binding in any court of competent jurisdiction. The total expense including reasonable attorney fees of such arbitration shall be paid by the unsuccessful Party. STADA will cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred IP Rights.

15.6 In addition to the effects set out in Article 15.5, the effects of termination by STADA according to Article 15.3(c), (e) or (g) shall be that ALVOTECH shall reimburse STADA all payments already made under Article 7 and all regulatory fees and any other costs related to such MAs or application already paid under this Agreement.

15.7 This Agreement can be terminated by STADA on a country-by-country basis for any country of the Territory with immediate effect by giving written notice to ALVOTECH if:

(a) ALVOTECH fails to assist STADA in answering adequately any deficiency letter issued by any relevant Health Authority so that a MA for at least one strength (pack size) of the Product cannot be obtained in such country; or

(b) Article 14.3 applies in the country concerned, and the prospects of the Third Party lawsuit are that, on the balance of probabilities, such lawsuit will succeed; or

(c) the Health Authorities of the respective country decline to successfully conclude a registration procedure in a national procedure and to grant a MA for the Product on the basis of the Dossier, or the performance of ALVOTECH is not in line with the European state of the art in regulatory affairs in running/or supporting the application procedures, independent of any possibility of appeal, or if the Health Authority or any other responsible authority declines to grant reimbursement status.

In case of termination by STADA under Article 15.7(a) or (c) for non-EU countries, ALVOTECH shall refund to STADA an amount calculated according to the following scheme: refund amount = [***]. For these purposes, the sales shall be determined according to data provided by IQVIA Commercial GmbH & Co. OHG, Frankfurt/Main, Germany.

In all cases of termination under this Article 15.7, the effects set out in Article 15.5 shall apply, but only for the country(ies) concerned, and the Exclusive Purchase Obligation shall terminate automatically for the specific terminated country/countries.

15.8 The terms and conditions of this Article shall not limit any rights for damages of either Party subject to a breach of contract by the other Party in case of termination of this Agreement. However, any reimbursements made in accordance with the terms of this Agreement shall be deducted from the amount of any damage claim awarded.

15.9 For clarification: in all events of termination the non-compete obligation shall also terminate (for the respective country, if termination occurs on a country-by-country basis).

15.10 Upon termination of this Agreement for any reason, nothing shall be construed to release one of the Parties from any of its obligations or liabilities hereunder arisen until the date of termination (including without limitations its obligations to pay any and all fees or other amounts accrued but unpaid hereunder prior to the date of such termination).

15.11 In any case of termination, except in the event that ALVOTECH terminates this Agreement for material breach by STADA, STADA, its Affiliates and/or its Distributors are entitled to sell their remaining stock of the Product purchased from ALVOTECH, provided that all outstanding invoices of ALVOTECH for the Product supply have been paid by STADA. As long as necessary for the sell-out of the remaining stock as permitted herein, STADA is entitled to use and keep the Dossier and the relevant MAs.

Article 16 – Miscellaneous

16.1 Social Responsibility:

(a) Each Party undertakes and warrants to the other Party that with respect to the performance of this Agreement it shall adhere to the ten principles of the UN Global Compact which include human rights, labour and environment principles and working against corruption in all its forms.

(b) Any damage of either Party due to the non-compliance with this warranty shall be limited to the direct damage suffered by the other Party as a result of such non-compliance.

(c) Such damages are the sole and only legal remedy in case of any breach by either Party of, or non-compliance with, the warranty set forth in Article 16.1.a above. Therefore, any other remedies such as the rights to terminate or rescind this Agreement or withdraw from it or to claim any other damages such as indirect, consequential, special or incidental damages are expressly excluded.

16.2 Assignment: This Agreement is deemed personal to both ALVOTECH and STADA. Therefore, neither Party shall, without the prior written consent of the other Party which will not be reasonably denied, assign this Agreement or any of its rights hereunder, except to an Affiliate. Any assignment in derogation of this Article 16.2 shall, at the option of the non-assigning Party, be deemed null and void. In addition, ALVOTECH may, with STADA's prior written consent, assign the rights under this Agreement to a bank or other financial institution making financial facilities available to a Party for the purposes of its working capital or other requirements.

16.3 Entire understanding: This Agreement, along with the Supply Agreement, are the entire understanding and agreement between ALVOTECH and STADA relating to the subject matter hereof and supersedes (except as provided herein) any and all prior arrangements, understandings and agreements between ALVOTECH and STADA whether written or oral relating thereto. No amendments, changes, or modifications of the terms of this Agreement shall be deemed valid and binding unless made in writing and signed by the duly authorised representative of each Party.

16.4 Law and jurisdiction: The validity, interpretation and fulfilment of this Agreement shall be governed by the material laws of Germany without reference to the United Nations Convention on the International Sale of Goods (CISG). The place of jurisdiction shall be Frankfurt am Main, Germany.

16.5 Non-waiver: The failure by any Party at any time to enforce any of the terms, provisions or conditions of this Agreement or to exercise any right hereunder shall not constitute a waiver of the same or affect the validity of this Agreement or any part hereof, or ALVOTECH's and STADA's right thereafter to enforce or to exercise the same.

16.6 Severability: In case one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such holding shall not affect any other provisions of this Agreement. Instead a provision shall be construed by limiting such provision to such extent as would nearly be possible reflect the intent, purpose and economic effect of such, or, if such is not possible, by deleting such provision from this Agreement.

EXECUTION VERSION

Second Amendment (hereinafter 2nd Amendment) to the agreement for [***] dated 30 August 2019 as amended on 13 March 2020 (hereinafter AGREEMENT)

THIS 2nd AMENDMENT is made and mutually agreed by:

BETWEEN

1. Alvotech hf., registered in Iceland (Commercial register No. 710113-0410 having its registered office at Semundargata 15-19, 101 Reykjavik, Iceland, Taxpayer Identification No or VAT-ID-No. 114178

   ("**ALVOTECH**");

2. **STADA ARZNEIMITTEL AG,** having its registered office at Stadastraße 2-18, 61118 Bad Vilbel, Germany,

   ("**STADA**");

   (each a "**Party**" and together the "**Parties**")

WHEREAS

(A) The Parties signed the AGREEMENT for [***] on 30 August 2019 and amended it with first Amendment on 13 March 2020.

(B) The Parties have interest in development of [***] („Line Extension"). The Line Extension shall become part of the Product definition as set forth in the AGREEMENT and as such shall become part of the AGREEMENT.

(C) Now, in consideration with what precedes, the Parties wish to amend the AGREEMENT with the 2nd Amendment, which shall become an integral part of the AGREEMENT.

NOW THEREFORE, THE PARTIES AGREE AS FOLLOWS

1. All terms used herein which are defined in the AGREEMENT, shall, unless otherwise herein defined, have the same meaning in this 2nd Amendment.

2. All references to article numbers, unless otherwise specifically stated, are references to articles of the AGREEMENT.

3. This 2nd Amendment shall become effective upon its signature by both Parties (the "2nd Amendment Effective Date").

4. Unless explicitly stated in this Agreement, all terms and conditions of the AGREEMENT shall apply to the Line Extension. Unless explicitly stated, nothing contained in this 2nd Amendment shall amend the terms of the AGREEMENT with regard to the Products other than the Line Extension.

5. The Line Extension shall become part of the Product definition and part of the AGREEMENT, hence all terms and conditions of the AGREEMENT shall apply to the Line Extension to the extent not regulated differently in this 2nd Amendment. Unless explicitly stated, no terms and regulations relating to the Products (excluding the Line Extension) shall be amended by this 2nd Amendment.

6. ALVOTECH shall properly Develop the Line Extension and compile the necessary documents to be included in the Dossier for the Line Extension (such as data on assembly, process validation, quality control and stability data) until July 2023 ("**LE Dossier Target Date**")

7. Considering that STADA bears the development costs for the Line Extension as set forth in this 2nd Amendment, ALVOTECH shall not be entitled to the LE Commercialization (as defined below): (a) within the Territory, without STADA's prior written approval, to be given or denied upon STADA's sole discretion or (b) outside of the Territory, without STADA's prior written approval that will not be unreasonably withheld and/or denied.

8. For the purpose of this 2nd Amendment, the LE Commercialization shall mean:

(i) use of the development results with regard to the Line Extension and/or the Line Extension either itself, through its Affiliates or a Third Party within and/or outside the Territory, and/or

(ii) grant of any rights or licenses to the development results with regard to the Line Extension and/or the Line Extension within and/or outside the Territory, and/or

(iii) other disposal of the development results with regard to the Line Extension and/or the Line Extension within and/or outside the Territory.

As STADA has Exclusive rights within the Territory, ALVOTECH shall in no event be entitled to the LE Commercialization: (a) within the Territory without STADA's prior written approval, to be given or denied upon STADA's sole discretion or (b) outside of the Territory, without STADA's prior written approval that will not be unreasonably withheld and/or denied.

9. Upon STADA's consent for the LE Commercialization in and/or outside the Territory according to Article 7 of this 2nd Amendment, ALVOTECH shall reimburse to STADA [***] percent ([***]%) of the consideration already paid by STADA for the Development of the Line Extension pursuant to Article 19 of this 2nd Amendment ("LE Commercialization Fee") within [***] calendar days, upon: (i) [***] and (ii) [***]. ALVOTECH shall pay the LE Commercialization Fee based on STADA's invoice and ALVOTECH shall pay STADA such LE Commercialization Fee only upon the first fulfilment of conditions for its payment, i.e. it shall be one-time payment only irrespective of the number of times [***]. ALVOTECH shall immediately inform STADA thereof in writing of occurrence of fulfilment of abovementioned conditions.

10. ALVOTECH shall Develop the Line Extension until the LE Dossier Target Date. This timeline can be extended by up to [***] months if justified by the demands of the Development Plan in which case the Parties (both acting reasonably) will agree to amend the LE Dossier Target Date accordingly.

11. ALVOTECH shall provide STADA [***] updates on the status of the Development and shall keep STADA immediately informed about any material deviation in the Development Plan including development costs. Upon completion of the Development ALVOTECH shall without undue delay deliver documentation for the Line Extension and such documentation shall become part of the Dossier.

12. ALVOTECH shall compile corresponding Dossier for the Line Extension meeting the same EU guidelines as the Dossier and shall provide it to STADA without undue delay. In case STADA wants to have the Line Extension Dossier meeting guidelines outside the EU and provided STADA pays for it, ALVOTECH offers to do this as work for hire at the expense of STADA.

13. Upon completion, compilation and handover of the Dossier for the Line Extension to STADA, according to Article 12 of this 2nd Amendment, STADA shall be responsible for submitting respective registration procedure. Accordingly, Article 5.1 of the Agreement shall not be applicable for the Line Extension and unless the Parties agree differently, STADA shall initiate and obtain the Marketing Authorisation for the Line Extension in the Territory by itself and at its own expense.

14. Article 1.22 ("Floor Price") shall be deleted and be replaced by a new definition as follows for the Line Extension and all other Products:

"1.22 Floor Price means the "Floor Price(s) for the Finished Products" as set forth in Annex 1."

15. The Article 2.1 (a) of the Agreement shall be amended as follows:

"2.1(a)1. with respect to all presentations of the Product other than the Line Extension (grant of rights for the Line Extension is set forth in 2.1(a)2) the rights to own an equal and undivided joint ownership interest (with ALVOTECH or its applicable Affiliate(s)) in the Territory in and to (i) the Product IP Owned Rights and (ii) the Created Product IP Rights;

2.1(a)2. With respect to the Line Extension ALVOTECH shall own the (i) Product IP Owned Rights and (ii) the Created Product IP Rights with regard to the Line Extension; ALVOTECH grants to STADA in the Territory the fully paid-up, royalty-free, perpetual, irrevocable and sub-licensable right (through multiple tiers) to the (i) Product IP Owned Rights and (ii) the Created Products IP Rights.

16. Reference to Article 2.1.(a) is replaced with reference to Articles 2.1(a)1 and 2.1.(a)2 in Article 2.1.(d).

17. Article 2.2 of the AGREEMENT shall not be applicable to the Line Extension and new Article 2.2.1 shall be introduced:

18. "2.2.1. Subject to all other applicable terms and conditions of this Agreement, and provided STADA is not in an uncured material breach of this Agreement and/or the Supply Agreement, STADA's rights under Article 2.1(a)2 of the AGREEMENT with respect to the Line Extension only shall at all times be: (a) in the case of any manufacturing related rights non-exclusive and (b) in the case of marketing, promoting, selling, offering, importing and/or distributing Exclusive Rights. For clarity, this applies only to the Line Extension and not to any other presentation of the Product. Article 8.6 shall not apply to the Line Extension."

19. Article 7 of the AGREEMENT shall not be applicable to the Line Extension. A new Article 7b) shall be added to the AGREEMENT as follows:

"Article 7.b) In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under the AGREEMENT with regard to the Line Extension, STADA shall pay ALVOTECH a consideration in the amount of 2.889.230.-€ (two million eight hundred eighty-nine thousand and two hundred and thirty Euros), which are the costs for the Development of the Line Extension. In the event the actual costs for the Development of the Line Extension exceed such consideration up to [***]%, the Parties shall bear these exceeding amounts (up to [***]%) in equal parts. In the event the actual costs exceed the above stated consideration by more than [***]%, ALVOTECH shall bear such exceeding amount (i.e. the amount exceeding [***]% of the consideration). The Parties agree that all payments under this 2nd Amendment shall be made in Euros.

The consideration shall be payable as follows:

	Milestone	Amount in EUR	Target date
1	[***]	[***]%	January 2021
2	[***]	[***]%	February 2023
3	[***]	[***]%	July 2023
	Total	**2.889.230**	

Due payments shall be made by STADA within [***] calendar days after receipt of the relevant invoice from ALVOTECH. All payments under this Article 7b) shall be paid in Euros."

20. Article 8.4 of the AGREEMENT shall be amended as follows for the Line Extension and all other Products:

"The prices for the Products (including the Line Extension) supplied to STADA, its Affiliates and/or Distributors as Finished Product are set forth in Annex 1 under subsection "Supply Prices for Finished Products (including the Line Extension)".

21. In Articles 9.4 to 9.9. of the AGREEMENT the reference to the "Product" shall be replaced with the reference to the "PRODUCT, EXCLUDING THE LINE EXTENSION". For the purpose of Articles 9.4 to 9.9, the term "PRODUCT, EXCLUDING THE LINE EXTENSION" shall mean the term "Product" as defined in the original AGREEMENT dated 30 August 2019 without subsequent amendments, i.e. it does not refer to the Line Extension (as defined in this 2nd Amendment). If the AGREEMENT is terminated

for the PRODUCT, EXCLUDING THE LINE EXTENSION pursuant to Articles 9.4 to 9.9. of the AGREEMENT, then such termination shall be automatically applicable to the Line Extension as well; Termination of the AGREEMENT pursuant to Articles 9.4 to 9.9 shall not be possible for the Line Extension only. However, Articles 7 and 8 of this 2nd Amendment shall survive termination or expiration of the AGREEMENT in any event of termination or expiration on a perpetual basis.

In case of termination of the AGREEMENT pursuant to Articles 9.4 to 9.9., then, with regard to the Line Extension, ALVOTECH shall pay the LE Commercialization Fee always subject to fulfilment of conditions for such refund as set forth in Articles 7 and 8 of this 2nd Amendment. ALVOTECH shall inform STADA without delay of such circumstances and ALVOTECH shall refund STADA upon receipt of STADA's invoice within [***] days. For clarity, termination and payment of the LE Commercialization Fee as set forth in Article 21 of this 2nd Amendment shall be the only remedy in case of termination of the AGREEMENT for the Line Extension as set forth in Article 21 of this 2nd Amendment. ALVOTECH shall pay the LE Commercialization Fee based on STADA's invoice and ALVOTECH shall pay STADA such LE Commercialization Fee only upon the first fulfilment of conditions for its payment, i.e. it shall be one-time payment only irrespective of [***].

The consequences of termination of the AGREEMENT with regard to the PRODUCT, EXCLUDING THE LINE EXTENSION shall not be amended and shall remain valid.

22. Article 14.1 of the AGREEMENT shall not be applicable for the Line Extension.

23. Article 15.2 of the AGREEMENT is amended as follows:

"15.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 15, (a) STADA will keep the Dossier (and its rights to use the Dossier) for the Product (including the Line Extension), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein) for all presentations of the Product, other than the Line Extension , (c) the rights granted to STADA under Article 2.1 for marketing, promoting, selling, offering, importing and/or distributing of the Line Extension only, in the Territory shall remain Exclusive, fully paid up and continue in force on a perpetual basis and (d) the Exclusive Purchase Obligation for the Product (including the Line Extension) shall terminate."

24. Article 15.3.(e), (f) and (g) of the AGREEMENT shall not be applicable to the Line Extension.

25. A new Article 15.3 (h) of the AGREEMENT shall be included for the Line Extension:

(h) By STADA with regard to the Line Extension only, if the Dossier for the Line Extension is not delivered to STADA by the LE Dossier Target Date or, if later, by such later date (up to a maximum of a further six (6) months) as is necessary to accommodate the demands of the Development Plan.

26. The effects of termination as set forth in Articles 15.5 and 15.6 of the AGREEMET shall apply if STADA terminates the AGREEMENT pursuant Article 15.3 (h) analogously, i.e. limited to the Line Extension.

27. Annex 1 – Prices of the AGREEMENT shall be amended as follows for the Products, including the Line Extension:

"[***]"

The remaining part of Annex 1 (Reports, Audit, Orders) shall remain unchanged and in effect.

28. TERMINATION

STADA shall have the right to terminate this 2nd Amendment, i.e. the Development of the Line Extension, prior to completion of the Development of the Line Extension with ten (10) days written notice without cause. Upon such termination, then: (a) rights with regard to the Line Extension as set forth in this 2nd Amendment and the AGREEMENT shall cease, (b) STADA shall return to ALVOTECH any documents delivered in relation to the Line Extension, (c) STADA shall not be obliged to pay any further milestone for the Development of the Line Extension, (d) subject to the last sentence of this Article 28 of the 2nd Amendment, ALVOTECH shall not be obliged to return any consideration received in relation to the Line Extension, (e) subject to the last sentence of Article 28 of this 2nd Amendment, neither Party shall have any further obligations to each other under the AGREEMENT with regards to the Line Extension except for those provisions which are intended to take effect after termination. If conditions for refund of the milestones as set forth in Articles 7 and 8 of this 2nd Amendment are fulfilled, ALVOTECH shall inform STADA without delay and ALVOTECH shall upon receipt of invoice reimburse STADA [***]% of consideration already paid by STADA to ALVOTECH within [***] days of receipt of STADA's invoice. ALVOTECH shall pay STADA the LE Commercialization Fee only upon the first fulfillment of the conditions for its payment, i.e. it shall be one-time payment only irrespective of [***].

Articles 7 and 8 of this 2nd Amendment shall survive termination or expiration of the AGREEMENT in any event of termination or expiration on a perpetual basis.

29. The rights and remedies as set forth in Article 28 shall be the sole and exclusive remedy of STADA in relation to termination for convenience.

30. All clauses of the AGREEMENT that have not been amended in this Amendment shall remain unchanged and in full effect. In the event of discrepancy between the AGREEMENT and this 2nd Amendment, the latter shall prevail with regard to the Line Extension.

31. This 2nd Amendment may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document.

32. This 2nd Amendment may be executed by standard electronic signature software (such as DocuSign). Exchanging executed signed document in .pdf format via e-mail shall have the same legal force and effect as the exchange of original wet-ink signatures.

(b) ALVOTECH granted a last grace period of [***] to rectify such failure, and

(c) STADA has not done so within said grace period,

except that said [***] period shall be prolonged by such reasonable period which is necessary to allow for any required additional local studies to be conducted. STADA will keep ALVOTECH informed about progress of all such applications. Upon any such termination in a country, the relevant provisions in Article 17.5 shall apply with respect to such country.

7.3 STADA or its Affiliates will bear all Health Authority fees and all other reasonable external costs associated with all MAs obtained by or for and/or transferred to, STADA or its Affiliates (including any consultants acting on any of their behalves) unless otherwise stated in this Agreement.

7.4 ALVOTECH shall use all reasonable efforts to provide the assessment reports and all deficiency letters to STADA within [***] (or sooner) from the receipt thereof. In case STADA runs the registration procedures on its own, STADA will use all reasonable efforts to provide the deficiency letters received from any Health Authority to ALVOTECH without delay, at the latest within [***] from the receipt thereof. Irrespective of whether the registration procedure is conducted by ALVOTECH on behalf of STADA, by STADA itself or a regulatory consultant working on behalf of STADA and/or its Affiliates, ALVOTECH shall provide all reasonable assistance which is required to obtain and maintain the MAs as quickly as possible. Such assistance shall be interpreted as including without limitation to provide STADA with the statements, certificates and information required to compile module one (1) of the Dossier prior to submission, the timely and free of charge preparation of response documents to deficiency letters from the Health Authorities in English language and in accordance with applicable guidelines. Moreover, ALVOTECH will provide the draft and final response documents to deficiency letters from Health Authorities prior to submission and with sufficient time for STADA or the regulatory consultants working on behalf of STADA and/or its Affiliates to evaluate and comment on such response documents.

A copy of the submitted responses will be provided to STADA within [***] after submission in case such procedure was conducted by ALVOTECH on behalf of STADA.

In the event deficiency letters received from the competent Health Authorities in the Territory require significant, additional Product development activities beyond the requirements of the relevant guidelines, then ALVOTECH and STADA shall decide in mutual consent the manner in which the information shall be generated.

7.5 STADA will use the MAs and the Dossier only according to Article 2 of this Agreement. The passing on of the Dossier or copies of it, whether in whole or in parts, to any Third Party, except to STADA's Affiliates, Distributors, sublicencees, competent authorities or external consultants (subcontractors), is strictly prohibited. Any further use depends on the written consent of ALVOTECH. Once STADA is entitled to arrange for the manufacture of the Product itself or its Affiliates or sub-contract it to Third Party manufacturers, STADA may for such purpose disclose the relevant parts of the Dossier to the relevant Third Party manufacturer subject to confidentiality obligations no less stringent than the confidentiality obligations of this Agreement.

Article 8 – Changes / Variations

8.1 In case of intended variations to the Dossier initiated by ALVOTECH after grant of the MAs, ALVOTECH will inform STADA at least [***] in advance before the intended date of those changes coming into effect. ALVOTECH will provide STADA with sufficient details to start internal change control procedures at least [***] before submission of the variation and will provide STADA in time for submission with the necessary complete documentation for the variation procedure. However, every variation has first to be approved by STADA, and STADA shall not unreasonably withhold or delay such approval in writing. The changes to the Product notified to the Health Authorities shall only be implemented after successful completion of the variation procedures in the Territory or after written approval of STADA's QC department.

8.2 In case of STADA-requested variations, which require additional work, like, but not limited to, development work, at ALVOTECH, such work shall be on behalf and for the account of STADA. The regulatory fees for such STADA-requested variations will be completely borne by STADA.

8.3 In case of ALVOTECH-requested variations, the work required shall be for the account of ALVOTECH, and the regulatory fees will be borne by ALVOTECH except that STADA shall bear the regulatory fees where STADA will have a direct benefit (e.g. lower Supply Price, longer shelf-life, or shorter lead times), which benefit must be of a reasonable and material value relative to the cost of such regulatory fees.

8.4 In case of all other variations, STADA shall bear all fees due to the Health Authority as a consequence of any change, variation or any modification that may be introduced in the Dossier and/or in the Marketing Authorisation.

8.5 Irrespective as to who will benefit from the changes, any changes to the Dossier by ALVOTECH will be communicated without delay and any additional appropriate regulatory documentation will be provided by ALVOTECH to STADA free of charge including but not limited to the preparation of relevant Dossier replacement pages which must comply with e-CTD-requirements. Additionally, ALVOTECH will provide to STADA (a) the updated, consolidated Dossier in e-CTD format within [***] after closure of the respective variation procedure in case such procedure was conducted by ALVOTECH on behalf of STADA and (b) after finalization of the registration procedure, copies of the e-CTD sequences that have been submitted to the Health Authority/-ies. ALVOTECH will not provide to STADA re-published e-CTD sequences.

Article 9 – Monetary Consideration

9.1 In this Article 9, the following definitions shall apply:

(a) "**Dossier Delivery Date**" means the date when the Dossier is actually delivered to STADA in accordance with the provisions of Article 4.3 and in compliance with all applicable provisions of Article 4;

(b) "**Independent Auditor**" means an independent auditing firm of international repute nominated by ALVOTECH or STADA (as the case may be) and to which ALVOTECH or STADA (as the case may be) has no reasonable objection;

(c) "**IPO**" means the first public offering of any class of equity securities by ALVOTECH or any of its Affiliates that results in the admission of such class of equity securities to trading of a regulated market or other recognised investment exchange, whether such public offering is effected by way of an offer for sale, a new issue of shares, an introduction, a placing or otherwise;

(d) "**IPO Planned Date**" means [***] or such other date as the Parties agree in writing;

(e) "**Pre-IPO**" means a placement of any class of equity securities by ALVOTECH or any of its Affiliates with private investors made before and in anticipation of an IPO; and

(f) "**Satisfactory Financial Position**" means that ALVOTECH has sufficient funds available (or on call) to complete the preparation of the Dossier (including completion of the relevant clinical study) ready for submission to the EMA in accordance with Article 7.1, taking into account ALVOTECH's income and other financial obligations.

9.2 In the event that:

(a) ALVOTECH announces an IPO before the IPO Planned Date and notifies STADA in writing thereof;

(b) ALVOTECH believes that it will achieve a Satisfactory Financial Position as a result of a Pre-IPO and notifies STADA in writing that a Pre-IPO will take place; or

(c) if there has been no IPO or Pre-IPO before the IPO Planned Date,

then, in the following month, STADA will conduct a review of ALVOTECH's financial position to satisfy itself and determine whether (or not) ALVOTECH has achieved a Satisfactory Financial Position ("**First Determination**"). Additionally, until the Dossier has been delivered to STADA in accordance with Article 4.3, in January of each year from January 2023 onwards, STADA may conduct a further review to satisfy itself and determine whether (or not) ALVOTECH continues to achieve a Satisfactory Financial Position ("**Yearly Determination**"). In each case STADA will act reasonably in making this determination and will also make such determination as soon as reasonably practicable after STADA has received the necessary financial information in accordance with Article 9.3. STADA shall notify ALVOTECH in writing as to its determination (that ALVOTECH does or does not have a Satisfactory Financial Position). If STADA determines that ALVOTECH does not have a Satisfactory Financial Position, then STADA shall provide ALVOTECH with a summary of its reasons for that determination. If ALVOTECH wishes to challenge such negative determination, it shall, within [***] of that determination, notify STADA accordingly ("**Dispute Notice**") and both Parties shall discuss the position and use their reasonable endeavours to resolve the position in good faith. If, within [***] (or such other period as shall be mutually agreed) of receipt of the Dispute Notice, the Parties are not able to reach agreement, then, within a further period of [***], ALVOTECH is entitled to request that STADA's negative determination be reviewed by an Independent Auditor on the grounds that STADA did not act reasonably in coming to such negative determination. The Independent Auditor shall be requested to give his/her opinion not later than within [***] (or such other period as the Parties shall agree) from the date of appointment. Both Parties shall be entitled to submit documents to the appointed Independent Auditor and to attend a joint meeting with him/her. Such Independent Auditor shall consider all reasonable arguments submitted by each Party. The appointed Independent Auditor shall then determine if STADA has acted reasonably in reaching its negative determination that ALVOTECH has not achieved a Satisfactory Financial Position. If the Independent Auditor decides that STADA has not acted reasonably, then the decision of the Independent Auditor on this issue shall be substituted for STADA's determination and ALVOTECH shall be deemed to have achieved a Satisfactory Financial Position.

9.3 In order that STADA can make its determination as to whether (or not) ALVOTECH has achieved a Satisfactory Financial Position as at each event listed at Articles 9.2(a) to (c) and on each Yearly Determination, ALVOTECH shall co-operate with STADA and information shall be provided as follows:

(a) [***];

(b) [***]; and

(c) [***].

9.4 In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under this Agreement, STADA shall pay to ALVOTECH the consideration ("**Consideration**") of up to €36,600,000 (thirty six million, six hundred thousand Euros), excluding VAT, payable as follows:

(a) €[***] Euros) on the later of (i) [***] or, if earlier (ii) [***];

(b) €[***] Euros) on the later of (i) [***] or (ii) [***];

(c) €[***] Euros) on the later of (ii) [***] or (ii) [***];

(d) €[***] Euros) on [***];

(e) €[***] Euros) on [***];

(f) €[***] Euros) on [***]; and

(g) €[***] Euros) on [***].

9.5 Payments under Articles 9.4(a) through 9.4(g) shall only be payable once. Due payments shall be made by STADA within [***] after receipt of the relevant invoice from ALVOTECH.

9.6 All payments under this Agreement must be paid in Euro.

9.7 In case the First Determination made by STADA according to Article 9.2 is that ALVOTECH has not achieved a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within 4 weeks (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further 4 weeks STADA shall be entitled (at STADA's election) to either:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.7(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; or

(b) terminate this Agreement with one (1) month written notice.

9.8 In case the Yearly Determination(s) made by STADA according to Article 9.2 is that ALVOTECH has not achieved / maintained a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within [***] (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further [***] STADA shall be entitled to:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.8(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; and/or

(b) suspend all milestone payments until the Dossier Delivery Date.

Article 10 – Supply of the Products

Before [***], STADA and ALVOTECH agree and undertake to each other to enter into a Supply Agreement which shall incorporate the following commitments:

10.1 STADA is committed to and shall ensure that its Affiliates purchase their total demand of the Products according to the Dossier(s) as Finished Product exclusively from ALVOTECH for a term of [***] after Launch of the first strength of the Product in the Territory on a country-by-country basis ("**Exclusive Purchase Obligation**");

10.2 ALVOTECH will constantly manufacture and deliver the Product according to current EU GMP provisions, the Dossier and the Product specifications;

10.3 ALVOTECH will support STADA by using its commercially reasonable efforts to gain the import licence for the Products in case of manufacture in a country not belonging to the European Union, if applicable;

10.4 The prices for the Products supplied to STADA, its Affiliates and/or Distributors as Finished Product will be the greater of (a) [***] of STADA's or STADA's Affiliates' (as applicable) Net Selling Price in the respective country of the Territory or (b) the Floor Prices as stated in Annex 1;

10.5 The Exclusive Purchase Obligation shall terminate automatically in case the Supply Agreement terminates or as otherwise agreed in the Supply Agreement, including in the event any competent authority finds the Exclusive Purchase Obligation in such country to be invalid or unenforceable;

10.6 With regard to the countries of the Territory with Exclusive Rights, upon STADA's failure, other than as a result (and to the extent) of ALVOTECH failing to supply Product quantities ordered by STADA in accordance with the applicable provisions of this Agreement and the Supply Agreement, to purchase on a country-by-country basis:

(a) [***] of its annual non-binding forecast for the Products over [***] consecutive years, or

(b) [***] of its annual non-binding forecast for the Products in [***] and not being able to catch up this volume in [***],

ALVOTECH shall be entitled to convert the Exclusive Rights to Semi-Exclusive Rights for the particular country as the sole remedy; and

10.7 The initial term of the Supply Agreement shall be the duration of the Exclusivity Period ("**Initial Supply Term**"). Provided that STADA has complied with its material obligations under the Supply Agreement, STADA shall have the right, in its sole discretion, to:

(a) prolong the Exclusivity Period and prolong the duration of the Supply Agreement, or

(b) prolong the duration of the Supply Agreement (in which case all rights granted to STADA in Articles 2.1 through 2.3 shall become non-exclusive),

for up to three (3) times for further five (5) years periods by providing to ALVOTECH twelve (12) months written notice prior to the end of the Initial Supply Term or any prolonged term (as applicable) of its decision to prolong either the Exclusivity Period and or the term of the Supply Agreement (the total period of the Supply Agreement being call the "**Supply Term**").

In case of any inconsistencies between the provisions of this Agreement and the Supply Agreement in relation to supplies of the Products, the provisions of the Supply Agreement shall prevail.

10.8 Both Parties have the joint aim to be successful in respect of supplying the market in the Territory and understand that continuous cost improvements are an important element to achieve competitiveness. Therefore, ALVOTECH shall use its reasonable commercial efforts during the Supply Term to improve its manufacturing and supply costs for the Product (including [***]) so that, if necessary, ALVOTECH may be able to reduce the Floor Prices. ALVOTECH shall use its [***] to support STADA and its Affiliates competitiveness when bidding for tenders if ALVOTECH is able to [***].

Article 11 - Launch, Freedom to Launch and Reimbursement

11.1 STADA will use all commercially reasonable efforts to Launch the Products with the Initial Indications and any mutually agreed Additional Indications in each country of the Territory within [***] of:

(a) MA grant (for the respective country), and

(b) where applicable, receipt of the required price approval by health insurance organisations and other competent authorities,

whichever occurs later, and in any event provided that:

(i) any applicable Patent would not be infringed by the manufacture, marketing and sale of the Products and there is Freedom to Launch and, if applicable, Additional Indication Freedom to Launch;

(ii) ALVOTECH delivers the confirmed orders for the Products on time; and

(iii) there is no judicial measure in force at such time that prevents STADA from Launch of the Products.

If STADA fails to Launch the Products as so required then, within [***], ALVOTECH shall be entitled to terminate the Agreement with regard to the specific country concerned and remove such country from the scope of this Agreement as its sole remedy.

Without limitation of ALVOTECH's obligation under Article 11.3, STADA shall be entitled to decide to Launch the Product without Additional Indications.

11.2 Subject to Article 11.6, but without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Freedom to Launch with the Initial Indications on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.3 Without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Additional Indication Freedom to Launch for such Additional Indications as are agreed by the Parties in the JSC, each acting reasonably, on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining such Additional Indication Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.4 The Parties will provide each other with its available information regarding Third Party Patents affecting the Products in the Territory. Without limitation of ALVOTECH's responsibility (as stated in this Article 11.4) for Freedom to Launch and, if required pursuant to Article 11.3, Additional Indication Freedom to Launch, the Parties will discuss issues relating to Third Party Patents in order to try and reach an agreed opinion as to when it is reasonable to Launch the Products without incurring a material risk of a successful infringement challenge under any Third Party Patent.

11.5 Without limiting STADA's obligation under Article 11.1, the following provisions of this Article 11.5 will apply in addition to, and without limitation of ALVOTECH's responsibility as stated in, Article 11.2 and Article 11.3:

(a) the objective of the following provisions is, so far as possible, to ensure that any settlement agreement needed to secure Freedom to Launch or Additional Indication Freedom to Launch (if applicable) is approved in advance by or for STADA;

(b) if not restricted by confidentiality obligations, ALVOTECH shall provide a copy of the draft settlement agreement to STADA so that STADA can provide comments to ALVOTECH. STADA, acting entirely at its own discretion, shall decide that it approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (if applicable). If STADA approves such draft and the settlement agreement is signed in the form of such draft, then, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to STADA, and STADA will accept that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable);

(c) if, due to confidentiality restrictions, ALVOTECH is not able to provide a copy of the draft settlement agreement to STADA, then STADA is entitled to nominate an external lawyer ("**Nominated Counsel**") of its own choice (but to whom ALVOTECH has no reasonable objection) to act in accordance with the following provisions. The Nominated Counsel will be retained, and paid for, by ALVOTECH as a second or alternative legal counsel and will be instructed by ALVOTECH with a copy to STADA that his/her review covers only (i) the key question whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable) and (ii) how to redraft the draft settlement agreement in order to achieve such Freedom To Launch or Additional Indication Freedom to Launch (as applicable). Oral explanation, if any, to the instructions shall be in the presence of STADA and there shall be no change or amendment to these instructions without the prior written consent of STADA. ALVOTECH shall provide a copy of the draft settlement agreement to the Nominated Counsel so that he/she can provide comments to ALVOTECH and its legal counsel dealing with the proposed settlement agreement. The Nominated Counsel, acting reasonably, shall advise ALVOTECH if he/she approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (as applicable) under this Agreement and shall clearly advise in its response as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable). If permitted by applicable laws, ALVOTECH shall provide a copy of such advice to STADA. Following the Nominated Counsel's approval of such draft, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to the Nominated Counsel. The Nominated Counsel shall then confirm (or otherwise) that the relevant provisions in the signed settlement agreement

affecting the Territory and the country of manufacture by ALVOTECH is in the form he/she approved (containing at the most some immaterial deviations such as typos or clarifications). ALVOTECH shall provide a copy of such confirmation to STADA, and, to the extent that ALVOTECH is not restricted by confidentiality obligations, provide details of the settlement agreement to STADA. Provided that, within [***] of receiving a copy of such confirmation and any available details of the settlement agreement, STADA has not notified ALVOTECH that it is "not satisfied" according to Article 11.5(d)(ii), then STADA accepts that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable). The Parties acknowledge and agree that, in the event there are problems implementing this Article 11.5(c), the Parties will discuss in good faith a reasonable alternative that achieves the same objectives of the Parties. Without limiting Article 15, in the case of Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Freedom to Launch, STADA shall have the right to declare that it assumes that no Freedom to Launch is given and may terminate the Agreement under Articles 11.6 or 11.11. Without limiting Article 15, in the case of Additional Indication Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Additional Indication Freedom to Launch, STADA shall have the right to (i) Launch the Products without such Additional Indication, or (ii) delay the Launch until there is Additional Indication Freedom to Launch;

(d) if:

(i) ALVOTECH considers that STADA has not been reasonable when giving a decision under Article 11.5(b) that it will not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or, if applicable, Additional Indication Freedom to Launch; or

(ii) STADA is not satisfied that the draft settlement agreement as approved by the Nominated Counsel under Article 11.5(c) is satisfactory for the purposes of confirming Freedom to Launch or, as applicable, Additional Indication Freedom to Launch (with STADA giving the reasons for its assessment);

then both Parties shall discuss the situation in good faith and use their reasonable commercial efforts in good faith to reach a resolution. If within [***] the Parties are not able to find a resolution, then both Parties shall refer their disagreement to an external counsel who shall be (A) an experienced attorney-at-law specialised in the field of patents or an experienced patent lawyer and (B) nominated by STADA (provided that ALVOTECH has no reasonable objection to his/her nomination) (such individual, the "**Patent Counsel**") to give his/her opinion within [***] (or such other period as the Parties shall agree). Both Parties shall be entitled to submit documents to the appointed Patent Counsel and to attend a joint meeting with him/her. Such Patent Counsel shall consider all reasonable arguments submitted by each Party. The appointed Patent Counsel shall then determine if STADA has provided reasonable arguments in declaring its dissatisfaction as to whether there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable) or not under the settlement agreement, along with a final determination as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable).

For clarity, the above review and approval rights of STADA and the Nominated Counsel and/or the Patent Counsel shall only apply with respect to Identified Patents, Additional Indications Patents or other Patents in the Territory (or in the country of manufacture by or for ALVOTECH) and shall not extend to rights outside of the Territory.

11.6 In case Freedom to Launch is not given with all Initial Indications within the Territory by the Target Date then, within sixty (60) days after the Target Date, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.7 In case Freedom to Launch is given with all Initial Indications within the Territory within twelve (12) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.8 If, within [***] after termination in accordance with Article 11.7, ALVOTECH grants and/or sells rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including itself and any of its own Affiliates, to market the Products in place of STADA, then the reimbursement to STADA under Article 11.7 shall be increased from €[***] Euros) to €[***] Euros).

11.9 In case Freedom to Launch is given with all Initial Indications within the Territory more than twelve (12) months after the Target Date but prior to twenty-four (24) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA shall be entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.10 If within [***] after such termination in accordance with Article 11.9 by STADA, ALVOTECH grants rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including any of its Affiliates, to market the Products in place of STADA then such reimbursement to STADA shall be increased from €[***] Euros) to €[***] Euros).

11.11 In case Freedom to Launch with all Initial Indications within the Territory is not given within twenty-four (24) months of the Target Date, within sixty (60) days of expiry of such period, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.12 In case of any termination by STADA under this Article 11, (a) STADA shall transfer all MAs and MA applications to ALVOTECH or its nominee (ALVOTECH shall reimburse STADA for all registration fees for such transfer), (b) STADA, on behalf of itself and its Affiliates, hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, (c) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free, fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use, and sale of the Products in the Territory, in the form substantially similar to the commercialisation as performed or envisaged by STADA, however excluding right to any trademarks, and agrees to introduce ALVOTECH to any STADA licensors with the aim to obtain such licenses at ALVOTECH's cost from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory, (d) STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier and the Products, and (e) neither Party shall have any further obligations to each other

under this Agreement or the Supply Agreement except for (i) STADA's obligation to cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred Product IP Owned Rights and Created Product IP Rights and to grant the non-exclusive license above and introduce ALVOTECH for the purpose of obtaining any sublicensed IP Rights as provided above, and (ii) those provisions which are intended to take effect or survive after termination.

11.13 In case the Products are the only registered biosimilar versions of [***]mg/mL and 70 mg/mL in countries of the Territory which represent at least [***] of the sales potential for the Products in all such countries at a time when there is Freedom to Launch of the Products with all Initial Indications, STADA will Launch the Products. In this case, there shall be no right to terminate under this Article 11, and the reimbursements provided for in the above paragraphs shall not apply.

11.14 For the purposes of Article 11.13, sales potential shall be calculated by reference to Iqvia (IMS) market research data for volume sales in all the relevant countries over the latest available [***] period. In case Iqvia (IMS) data is not available for any country, then market research data produced by the provider most used in that country by the pharmaceutical industry shall be used instead.

11.15 If, having used reasonable efforts to market the Products, STADA's cumulative Net Sales over [***] years commencing upon Launch do not reach:

(a) [***] of € [***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA €[***] Euros) of the Consideration;

(b) [***] of €[***] Euros), then ALVOTECH will reimburse to STADA €[***] Euros) of the Consideration; or

(c) [***] of €[***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA [***].

11.16 In case Freedom to Launch is not given with all Initial Indications by the Target Date as a result of a Third Party Patent (other than an Additional Indications Patent) that has the effect that no Third Party is able to market a Competing Product (other than the originator's product) in any countries of the Territory, then the Parties shall discuss this situation in good faith within the JSC, and respectively use their commercially reasonable efforts to reach an agreement which reflects the circumstances. However for clarification, if the Parties cannot agree on a potential extension of the Target Date, the (original) Target Date shall remain unchanged; any change shall be subject to a written agreement between the Parties.

11.17 If ALVOTECH is obliged to pay a royalty to a Third Party in order to achieve Additional Indication Freedom to Launch ("**Freedom Royalty")** and it has been decided in the JCS that the Additional Indication will be commercialised, then the supply price as set out in Article 10.4 shall be increased by adding [***] of the rate of such Freedom Royalty. Such [***] of the rate of such Freedom Royalty payable by STADA hereunder shall in no event be more than €[***] Euros) per calendar year in the aggregate for the entire Territory. ALVOTECH shall provide STADA with regular updates (at least [***] per year) on the status of negotiation of such Freedom Royalty. STADA may verify the payments with an auditor in accordance with the provisions of Annex 1 attached hereto.

Article 16 – Intellectual Property Rights

16.1 Filing, Prosecution and Maintenance of Joint Rights.

(a) ALVOTECH shall be primarily responsible, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of all Patents relating to the Product IP Owned Rights and the Created Product IP Rights in the Territory ("**Joint Patent Right(s)**"). If ALVOTECH elects not to take any such action with respect to a Joint Patent Right, it shall provide written notice of the same to STADA, and upon STADA's receipt of such notice, STADA shall have the right, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of such Joint Patent Right. The Party responsible for such acts shall report to the other Party on a regular basis as to all material steps taken with regard to the filing, prosecution, and maintenance of such Joint Patent Rights including by providing such other Party with a copy of material communications to and from any IP Rights authority in the Territory regarding such Joint Patent Rights and by providing such other Party with drafts of any material filings or responses to be made to such authorities in the Territory sufficiently in advance of submitting such filings or responses so as to allow such Party a reasonable opportunity to review and comment. Each Party shall give the other Party all reasonably necessary support for the prosecuting Party to fulfil its obligations under this Article 15.1.

(b) For clarity, (i) as between the Parties, ALVOTECH or its Affiliate retains the sole right to prosecute and maintain all registered IP Rights contained within Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights, and (ii) ALVOTECH or its Affiliate retains the sole right to file for, prosecute and maintain all registered IP Rights contained within Product IP Owned Rights and Created Product IP Rights outside the Territory.

16.2 Each Party is obliged to inform the other Party as soon as reasonably possible if it becomes aware of (a) any registered IP Rights like patents or utility models of Third Parties affecting the commercialisation of the Products in the Territory or manufacture of the Product (regardless of whether in or outside the Territory) for sale and distribution in the Territory which were not previously known to each other, or (b) any potential infringement or misappropriation of any Product IP Owned Right or Created Product IP Rights by a Third Party ("**Third Party Joint IP Infringement**"), or (c) any potential infringement or misappropriation of either any Product IP Licensed Rights or any Manufacturing Product ex-Territory IP Rights by a Third Party affecting the Product in the Territory or its manufacture for the Territory (each, a "**Third Party Licensed IP Infringement**"), and in each case, provide all relevant information and documents regarding such issue.

16.3 In the event that any Third Party files an action, whether in court or out of court, against STADA (including STADA's Affiliates and/or Distributors), claiming an alleged infringement of registered IP Rights (especially but not limited to Patents) ("**IP Claims**") as a consequence of or derived from (a) the performance of any of the operations contemplated in this Agreement or the Supply Agreement or (b) in case additional Patents will be granted after the Effective Date and STADA's external patent counsel confirms that a Product falls within the scope of protection of such Third Party Patents as well as STADA and/or its Affiliates decide not to launch the Product or to discontinue marketing the Product, as the case may be, due to such additional Patents granted, then STADA shall provide ALVOTECH with all relevant details and ALVOTECH shall cooperate and render all assistance and all available documentation to STADA and/or its Affiliates in the event STADA and/or its Affiliate decide(s) to take action with respect to the claim of the alleged infringement.

16.4 ALVOTECH shall coordinate and decide the defense strategy, the means of proof and the appeals for any IP Claim up to the point of time of grant of MA in any country of the Territory. After the grant of the MA in any country of the Territory, the Parties shall decide together on the defense strategy, the means of proof and appeals for such IP Claim. This includes a joint decision on the defense of legal proceedings where necessary in the name of one of the Parties or in the joint name of both Parties as appropriate. In case the Parties do not agree on the defence strategy, then subject to Article 16.6, the Party being sued shall finally decide the defense strategy and the other Party shall use reasonable efforts to cooperate with such Party.

16.5 In the event that either Party reasonably believes there is a Third Party Joint IP Infringement or a Third Party Licensed IP Infringement (each, an "**Enforcement Claim**"), the Parties shall without undue delay consult each other on how to address such Enforcement Claim.

16.6 In case that any IP Claim is initiated against one Party or a Party is permitted to enforce an Enforcement Claim under this Agreement, and such Party requires the collaboration of the other Party for its defense or enforcement, as applicable, the other Party is obliged to provide reasonable collaboration to the requesting Party as well as to provide, as soon as possible, all the relevant information, documents, etc., that may be available, including joining the legal proceedings as a party where such party may be required to be joined in order to defend or enforce such IP Claim or Enforcement Claim, as applicable. Excluding ALVOTECH Claims, the defending or enforcing Party, as applicable, in any IP Claim or any Enforcement Claim shall keep the other Party informed on a reasonable and timely basis as to the status of the proceedings, including the defense or settlement of such claim. Excluding ALVOTECH Claims, for which no consent will be required from STADA, neither the defending or enforcing Party nor the non-defending or non-enforcing Party may settle any legal disputes without prior written consent of the other Party, such consent not to be unreasonably withheld or conditioned.

16.7 In the event that the Parties cannot agree on enforcement of any Third Party Joint IP Infringement affecting the Product in the Territory within [***] of such discussions, then subject to Article 16.6, STADA shall have the first right to elect to enforce such Third Party Joint IP Infringement by delivering to ALVOTECH, after such [***] period, written notice of such election. If ALVOTECH does not receive written notice within such [***] period, then subject to Article 16.6, ALVOTECH shall have the right to enforce such Third Party Joint IP Infringement.

16.8 In the event that the Parties cannot agree on enforcement of any Third Party Licensed IP Infringement involving Product IP Licensed Rights affecting the Product in the Territory within [***] of such discussions, ALVOTECH shall have the first right to elect to enforce any such Third Party Licensed IP Infringement involving Product IP Licensed Rights. In the event ALVOTECH or its Affiliate elects not to take action against any infringement of any Product IP Licensed Rights by a Third Party affecting the Product in the Territory within [***] of its right to do so under this Article 16.8, and to the extent that ALVOTECH as licensee has rights to enforce the Product IP Licensed Rights against such Third Party in the Territory (and may grant sub-license rights to STADA of the same), STADA shall have the right, subject to Article 16.6, at its own expense, and if applicable in the name of both Parties, for taking all reasonable action related to enforcement of such Product IP Licensed Rights affecting the Product against such Third Party in the Territory. ALVOTECH shall use commercially reasonable efforts to obtain the right to enforce such Product IP Licensed Rights affecting the Product in the Territory. For clarity, ALVOTECH will have the sole right to enforce all other Enforcement Claims ("**ALVOTECH Claims**").

16.9 For the avoidance of doubt, subject to Article 17.5, any claims, including IP Claims, brought against STADA's trademark, brand and/or logo any actions taken by STADA in order to defend STADA's trademark, brand and/or logo are in the sole discretion and responsibility of STADA.

Article 17 – Termination and Expiration

17.1 This Agreement shall become effective upon the Effective Date.

17.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 17, (a) STADA will keep the Dossier (and its rights to use the Dossier), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein), and (c) the Exclusive Purchase Obligation shall terminate.

17.3 Except as otherwise provided in this Agreement, this Agreement can be terminated with immediate effect subject to written notice:

(a) by the non-defaulting Party if the other Party commits a material breach of this Agreement and, in the case of a breach capable of remedy, does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(b) by the non-defaulting Party if the other Party states or admits in writing that it is unable to pay its current obligations in the ordinary course of business as they generally become due, declares bankruptcy, assigns all its assets for the benefit of creditors, undergoes a corporate reorganization prompted by insolvency or appoints receiver or trustee;

(c) by STADA in case the Products will not benefit from a registered shelf life of at least [***] at the date of grant of the first MA on behalf of STADA or its Affiliate and/or the ongoing-stability program in accordance with GMP does not confirm such stability of the Product;

(d) by the Party to whom a warranty according to Article 15 is given and such warranty turns out to be incorrect and the breaching Party does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(e) by STADA if an EU-wide Marketing Authorisation by way of the CP is not granted by 30 November 2025 (date of positive EC decision) (which date shall be extended by up to three (3) months if it is likely that such extension of time has a reasonable prospect of resulting in a positive opinion);

(f) by STADA if the Dossier is not delivered to STADA by Target Dossier Delivery Date.

17.4 The effects of termination by STADA according to Article 17.3(a) or (b) or (d) shall be that (a) STADA will keep the Dossier (and its rights to use the Dossier), and upcoming and granted MAs, (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become [***] (but remain subject to restrictions contained therein) and STADA shall not be required to make any further payments to ALVOTECH under this Agreement (other than pursuant to Article 10 if the Supply Agreement remains in place), and (c) STADA shall be [***].

Further, in case of termination by STADA according to Article 17.3(a) or (d), provided that the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of STADA to exploit or exercise its rights under this Agreement, then ALVOTECH shall reimburse to STADA:

(a) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place prior to or during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(b) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any) if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(c) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(d) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(e) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany; and

after expiration of the initial Exclusivity Period for Germany, the effects mentioned above shall remain, but no reimbursement of the payments made in accordance with Article 9.4, shall become due.

Any reimbursement shall be fully credited against any damages claims awarded.

17.5 The effects of termination by (i) ALVOTECH as terminating Party according to Article 17.3(a) or (b) or (d) (provided that, in case of termination under Article 17.3(a) or (d), the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of ALVOTECH to benefit from the rights granted under this Agreement, or (ii) STADA as terminating Party according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that STADA shall return to ALVOTECH, without retaining any copy, the Dossier (if any), together with any other documentation delivered by ALVOTECH in connection with the Products, except for copies which are required to be retained subject to law. In addition upon written request by ALVOTECH, STADA shall immediately assign and transfer any and all rights to the MAs (or to any MA applications, as the case may be) to ALVOTECH or ALVOTECH's designee, at no cost for ALVOTECH whatsoever and STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier, any IP Rights under this Agreement, including any Created Product IP Rights, Owned Created IP Rights, Product IP Licensed Rights, and Manufacturing Product ex-Territory IP Rights, the Products and/or the MAs for the Products. In addition, STADA, on behalf of itself and its Affiliates, (a) hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, and (b) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free (except for any royalties for the product trademarks as set out herein), fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use and sale of the Product in the Territory in a form substantially similar to the commercialisation as performed or envisaged by STADA, and agrees to introduce ALVOTECH and its designees with the aim to obtain any such licenses from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory. Such license granted under this Article 17.5(b) shall exclude rights to any

trademarks, trade dress of use of the company names of STADA or its Affiliates; provided that in the event termination occurs after launch of the Product in a country in the Territory, then STADA hereby grants ALVOTECH an exclusive and sublicensable right (through multiple tiers), to use the product trademark under which the Product was being commercialized in such country for the sole purpose of manufacturing, marketing, using, or selling the Products in the Territory, and the Parties will negotiate in good faith a trademark license agreement with standard royalties customary in the pharmaceutical industry for a deal of this size and commercial potential of the Product, addressing the enforcement and protection of such trademark for the benefit of ALVOTECH, or if mutually agreed to, an assignment of such trademark to ALVOTECH. The product trademark license shall be royalty-free and fully paid up, if ALVOTECH is the terminating Party according to Article 17.3(a) or (b) or (d), and shall bear said standard royalties as set out herein, if STADA is the terminating Party according to Article 17.3(c), (e) or (f). In case the Parties cannot agree on such standard royalties for said trademark within [***] after start of the negotiation, either Party may request that the president of the International Chamber of Commerce in Frankfurt, Germany, as arbitrator (or any other person nominated by said president and acting as arbitrator) determines the same in good faith taking into consideration the nature of the license in the pharmaceutical industry, the size and commercial potential of the Product. For this purpose, both Parties may submit a confidential proposal to the arbitrator setting out the amount of such royalty rate within the time period set by the arbitrator which shall not exceed [***] after the arbitrator has been appointed or invoked. The arbitrator shall only be entitled to choose between one of the two proposals and shall select only such proposal which he considers in good faith the most appropriate one in light of the criteria set out herein. The determination of the arbitrator of the royalty rate shall be binding in any court of competent jurisdiction. The total expense including reasonable attorney fees of such arbitration shall be paid by the unsuccessful Party. STADA will cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred IP Rights.

17.6 In addition to the effects set out in Article 17.5, the effects of termination by STADA according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that ALVOTECH shall reimburse STADA all payments already made under Article 9.4 and all regulatory fees and any other costs related to such MAs or application already paid under this Agreement.

17.7 This Agreement can be terminated by STADA on a country-by-country basis for any country of the Territory with immediate effect by giving written notice to ALVOTECH if:

(a) ALVOTECH fails to assist STADA in answering adequately any deficiency letter issued by any relevant Health Authority so that a MA for at least one strength (pack size) of the Product cannot be obtained in such country; or

(b) Article 16.3 applies in the country concerned, and the prospects of the Third Party lawsuit are that, on the balance of probabilities, such lawsuit will succeed; or

(c) the Health Authorities of the respective country decline to successfully conclude a registration procedure in a national procedure and to grant a MA for the Product on the basis of the Dossier, or the performance of ALVOTECH is not in line with the European state of the art in regulatory affairs in running/or supporting the application procedures, independent of any possibility of appeal, or if the Health Authority or any other responsible authority declines to grant reimbursement status.

In case of termination by STADA under Article 17.7(a) or (c) for non-EU countries, ALVOTECH shall refund to STADA an amount calculated according to the following scheme: refund amount = [***]. For these purposes, the sales shall be determined according to data provided by IQVIA Commercial GmbH & Co. OHG, Frankfurt/Main, Germany.

In all cases of termination under this Article 17.7, the effects set out in Article 17.5 shall apply, but only for the country(ies) concerned, and the Exclusive Purchase Obligation shall terminate automatically for the specific terminated country/countries.

17.8 The terms and conditions of this Article shall not limit any rights for damages of either Party subject to a breach of contract by the other Party in case of termination of this Agreement. 18.6 Severability: In case one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such holding shall not affect any other provisions of this Agreement. (ii) all purposes inside the Territory other than with respect to the Products;

(b) the perpetual, fully-paid up, royalty-free, exclusive (even as to STADA and its Affiliates) and sub-licensable right (through multiple tiers) to freely exploit the Product IP Owned Rights and the Created Product IP Rights, to Develop the Products inside and outside the Territory and carry out its obligations under this Agreement in the Territory in accordance with this Agreement, including submitting to EMA a CP for the Products in the Territory;

(c) the perpetual, fully-paid up, royalty-free, exclusive (even as to STADA and its Affiliates) and sub-licensable right (through multiple tiers) to freely exploit the Product IP Owned Rights, the Created Product IP Rights, the Product IP Licensed Rights, and the Manufacturing Product ex-Territory IP Rights to manufacture the Products, provided that:

(i) [***] months prior to the expiry of the Exclusivity Period, STADA shall, subject to prior notification to ALVOTECH, be entitled to manufacture validation batches of the Products inside or outside the Territory for the sole purpose of using such Products in the Territory after expiry of the Exclusivity Period; and

(ii) after expiry of the Exclusivity Period, STADA shall have the non-exclusive right to manufacture the Products inside or outside the Territory for the sole purpose of marketing, promoting, selling and distributing the Products in the Territory; and

(d) the perpetual, fully-paid up, royalty-free, Semi-Exclusive (ALVOTECH or [***] designated by it, but not more, in addition to STADA and its Affiliates or Distributors) and sub-licensable right (through multiple tiers) to freely exploit the Product IP Owned Rights, the Created Product IP Rights, and the Product IP Licensed Rights for using, marketing, promoting, selling, offering, importing, and/or distributing the Products in the Semi-Exclusive Countries.

2.5 (a) Each Party shall promptly disclose to the other Party in writing, and shall cause its Affiliates and Third Parties working on their behalf, to so disclose, the invention, discovery, development or other making of any Created Product IP Rights by such Party or any of its Affiliates or Third Parties acting on their behalf. Each Party assigns, and shall cause its Affiliates and Third Parties acting on behalf of such Party and such Affiliates to so assign, to the other Party, without additional compensation, such right, title and interest in and to any Created Product IP Rights as is necessary to fully effect the joint ownership provided for in Article 2.1(a), including all rights of action and claims for damages and benefits arising due to past and present infringement of such rights.

(b) Alvotech assigns, and shall cause its Affiliates to so assign, one-half of its right, title and interest in and to any Product IP Owned Rights to STADA to effect the joint ownership provided for in Article 2.1(a). Each Party will cooperate with the other Party and its representatives to effectuate such joint ownership rights in and to the Product IP Owned Rights and Created Product IP Rights, including without limitation, executing any documents in connection therewith. For clarity, all IP Rights created by a Party other than Created Product IP Rights (which shall be jointly owned pursuant to Article 2.1(a)), shall be owned by the Party creating such IP Rights.

2.6 Subject to all other applicable terms and conditions of this Agreement, STADA will become the owner of all Marketing Authorisations obtained by direct application of STADA, its Affiliates or by applications on behalf of STADA or its Affiliates submitted by ALVOTECH or a regulatory consultant chosen by STADA or its Affiliates. For the avoidance of doubt, this will not apply to MAs which ALVOTECH, its Affiliates or their distributors or agents may apply for when exercising ALVOTECH's rights in the Semi-Exclusive Countries. In case of sublicensing according to Article 2.1(d)above STADA shall be entitled to transfer a further copy of the Dossier to the respective sublicensee for the relevant country of the Territory.

2.7 STADA is entitled to use and retain the copy of the Dossier (including all variations) it receives pursuant to this Agreement in accordance with all rights granted under (and subject to all terms of) this Agreement and the Supply Agreement.

2.8 For the avoidance of doubt, and without prejudice to the licences to STADA as set out in Articles 2.1 through 2.3 and to ALVOTECH as set out in Article 2.4, it is acknowledged that, as between the Parties, ALVOTECH retains full ownership or rights of all and any Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights licensed to STADA under this Agreement, and use of any Product IP Licensed Rights or Manufacturing Product ex-Territory IP Rights are subject to the terms and conditions of the applicable Third Party agreement. Except where Product IP Owned Rights and Created Product IP Rights are exclusively and/ or Semi-Exclusively licensed to the other Party under this Agreement, each Party may exploit, license, or sublicense (through multiple tiers) Product IP Owned Rights and Created Product IP Rights without the consent of, or a duty of accounting to, the other Party.

Article 3 – Right of first refusal for line extensions to the Products

3.1 If, at any time during the Supply Term, in respect of any Extended Product, ALVOTECH desires to licence-out rights to Develop, or begin registration or exploitation of, or sell any rights of the Extended Product in any country(ies) in the Territory ("**Partnering Opportunity**"), then prior to negotiating with any Third Party in respect of such Partnering

Opportunity, ALVOTECH shall firstly notify STADA of its desire and subsequently provide to STADA a copy of material data with respect to the development of such Extended Product as shall be reasonably sufficient for STADA to assess such Partnering Opportunity ("**Data Package**"). Unless STADA notifies ALVOTECH in writing during the ROFO Negotiation Period (as defined below) that it is not interested in acquiring rights to such Extended Product ("**Not Interested Notice**"), ALVOTECH shall negotiate solely and in good faith with STADA for a period of [***] calendar days commencing on the date STADA receives the Data Package ("**ROFO Negotiation Period**") with respect to mutually agreeable binding financial (and any other applicable) terms for the addition of such Extended Product as a Product within the scope of this Agreement. The Parties agree and acknowledge that certain commercial terms and conditions may differ from the terms and conditions of this Agreement and once finalised shall be included, so far as applicable, in an amendment to this Agreement or an agreement which is otherwise similar to the terms of this Agreement. All information provided by ALVOTECH to STADA pursuant to this Article 3.1 shall constitute Confidential Information of ALVOTECH. If STADA delivers a Not Interested Notice to ALVOTECH or the Parties do not agree in writing to enter into an amendment to this Agreement or an agreement in respect of the Extended Product concerned during the ROFO Negotiation Period, then all STADA's rights under this Clause 3.1 in respect of the Extended Product in question shall lapse and be of no further effect, and ALVOTECH shall be totally free to exploit such rights as it sees fit. Except where STADA has issued a Not Interested Notice, for a period of [***] months from expiry of the ROFO Negotiation Period, ALVOTECH shall not offer to any Third Party rights in respect of the Extended Product concerned on terms and conditions which are overall more favourable than those last offered to STADA.

3.2 Representatives of both Parties shall meet at least once per year to discuss any opportunities which may be available for ALVOTECH to licence-out rights to Develop, or begin registration or exploitation of, or sell any rights for the Products and/or any Extended Product to STADA (or its Affiliates) in any country(ies) outside the Territory. For the avoidance of doubt, the foregoing shall in no way restrict ALVOTECH's ability to licence-out rights in respect of or in any way commercialise the Products or Extended Products, whether on its own or with a Third Party, outside the Territory and ALVOTECH has no obligation to make any rights in respect of the Products or Extended Products outside of the Territory available to STADA.

Article 4 – Development / Dossier

4.1 ALVOTECH shall properly Develop the Product and compile the respective Dossier in accordance with the Development Plan, which includes, but is not limited to ALVOTECH's obligation to:

(m) notify STADA immediately and in writing of any problems or delays of any nature in performing its contractual obligations, in particular of any situation which may adversely affect the Development and the compliance with the completion of the Development according to the timelines contained in the Development Plan, and of any information that comes to its attention concerning the quality, safety or efficacy (whether actual, anticipated or presumed) of the Product or that may threaten the same;

(n) allow STADA a reasonable time to review and comment on any information / documents as described above (and STADA undertakes to provide any comments as soon as reasonably possible in order not to delay the Development), however, without limiting ALVOTECH's obligations and warranties hereunder, and if deadlines apply (which deadlines must be notified by ALVOTECH to STADA), then in time to enable ALVOTECH to meet those deadlines;

(o) provide to STADA information regarding the actual or envisaged manufacturing process of the API and the formulation of the respective Product in such detail to enable STADA to perform additional analysis and searches on registered Intellectual Property Rights of Third Parties (the results of which shall be provided to ALVOTECH) and submit the results of its envisaged manufacture and formulation to STADA for approval (such approval not to be unreasonably withheld or delayed), all without limiting ALVOTECH's obligations and warranties hereunder;

(p) for the purpose of enabling STADA to have an opportunity to comment, provide to STADA a draft protocol for any non-clinical or clinical studies to be performed in accordance with the Development Plan according to GCP related to the Product prior to the commencement of such study, all without limiting ALVOTECH's obligations and warranties hereunder;

(q) procure and ensure that STADA has the right to verify GCP compliance of the clinical studies by allowing:

(i) STADA to conduct onsite audits at the CRO(s), the clinical site(s) and/or analytical site(s) involved in the Development of the Product, and

(ii) upon STADA's request, to provide STADA with all quality-related aspects of the contract between the sponsor and CRO and all monitoring and audit reports about quality-assuring measures;

(v) provide all documents to STADA in the English language;

(w) perform an annual product quality review for the Product according to EU GMP Guide section 1.10. (i), (ii), (iii), (iv), (v), (vii), (ix), (xi), (xii) and to provide STADA with this data free of charge; and

(x) conduct follow up stability on the first [***] production batches of the Product in accordance with GMP- and ICH-guidelines proving stability of the Product for the duration of the planned shelf life as well as further stability studies as requested by the EU Health Authorities. ALVOTECH will provide the results of such studies to STADA free of charge, provided that the Supply Agreement is still valid, and without delay as soon as reasonably possible after new results are available.

4.2 Any additional revisions to the Dossier communicated by ALVOTECH to STADA, including without limitation developments or updates generated and submitted by ALVOTECH to STADA subject to this Agreement shall become part of the Dossier and STADA shall be entitled to use them in the same way as the Dossier in accordance with this Agreement.

4.3 The Parties acknowledge and agree that 31 May 2021 is that date which the Parties are targeting for delivery of the Dossier to STADA. Notwithstanding the forgoing, ALVOTECH shall deliver the Dossier to STADA not later than [***] months prior to the Target Date ("**Target Dossier Delivery Date**").

4.4 STADA shall not conduct any clinical or other study with the Products without the prior written consent of ALVOTECH (such consent not to be unreasonably withheld or delayed); no consent is required if such clinical or other study is legally required or a consent would be incompatible with legal requirements, but STADA shall notify ALVOTECH in writing as soon as it reasonably can giving details of the proposed protocol for such study and shall consider in good faith any comments ALVOTECH provides.

Article 5 – Concerns during Development

5.1 The terms of this Article 5 are without prejudice to the rights of either party according to Article 17 and without limitation of the obligations, representations and warranties under this Agreement.

5.2 In the event that STADA reasonably considers at any time before the Dossier is delivered to STADA that either (i) the Dossier when submitted via a CP to the EMA will not be approved or (ii) the Dossier will not be completed by the date prescribed according to Article 4.3, then STADA will notify ALVOTECH of this determination in writing and the Parties will discuss and negotiate with each other in good faith with a view to agreeing on one of the following 3 options:

(a) [***];

(b) to terminate this Agreement; or

(c) such other arrangement as the Parties shall mutually agree.

Irrespective whether the Development will be discontinued, the Agreement terminated or the Parties agree on other arrangements, none of the Parties waive any of its rights under this Agreement.

Article 6 – Joint Steering Committee

6.1 In all matters related to the collaboration established by this Agreement, the Parties shall: (a) strive to balance the legitimate interests and concerns of the Parties and to realize the economic potential of the Products; (b) act in a commercially reasonable manner and in good faith in respect of this Agreement and all decisions or determinations to be made hereunder, and (c) seek to comply with good pharmaceutical and environmental practices.

6.2 Notwithstanding ALVOTECH's obligations under Article 4, ALVOTECH and STADA will, working together, monitor and manage the progress and conduct of the Development and the Development Plan, to include the compilation of the Dossier. For this purpose, both Parties shall establish a steering committee ("**Joint Steering Committee**" or "**JSC**") which shall operate as follows:

(a) the objectives of the JSC shall be (i) to monitor and review progress under the Development Plan, and (ii) to decide questions arising whilst the Development Plan is under way and make any necessary revisions to the Development Plan;

(b) each Party may appoint up to [***] members to the JSC. Each of STADA and ALVOTECH may replace any or all of its representatives on the JSC at any time upon written notice to the other Party. A Party may designate a substitute to temporarily attend and perform the functions of such Party's designee at any meeting of the JSC. ALVOTECH and STADA each may, on advance written notice to the other Party, invite non-member representatives of such Party to attend meetings of the JSC, provided that non-employees of a Party must have signed an appropriate confidentiality agreement to be able to participate;

(c) the JSC shall be chaired jointly by a member appointed by each Party ("**Joint Chair**");

(d) decisions shall be taken by the affirmative vote of the Joint Chairs of the JSC;

(e) in the event of any failure to agree, both Parties shall refer the dispute to the CEO of ALVOTECH and an executive board member of STADA. If the dispute is not resolved within [***] business days, then the decision shall be as required by the STADA Joint-Chair of the JSC. This decision may only be challenged by ALVOTECH within [***] business days if ALVOTECH considers the decision is harmful to the objectives or timetable of the Development Plan and refers the decision to review by a senior professor well experienced in the scientific subject to be reviewed. Any such review must be concluded within [***] weeks (or such other period as the Parties mutually agree). The Parties must oblige the appointed senior professor to base his/her decision on the following criteria: on the one hand he/she must take into consideration the scientific feasibility of the Development Plan and the requirements to obtain a MA for the Product, and on the other hand he/she must consider the desire of both Parties (without prejudicing the safety and quality of the Product) to achieve economic success by (i) launching the Product for sale as soon as may be reasonably possible and (ii) obtaining the necessary marketability of the Product, In the absence of manifest error, the decision of the appointed senior professor shall be final and not be subject to judicial review;

(f) the JSC shall meet on [***]-monthly basis;

(g) meetings shall be held by physical presence at least [***] per year, otherwise by conference or video call;

(h) in lieu of a meeting of the JSC, the JSC may adopt a circular written resolution signed by all the members of the JSC separately which shall be as effective as a resolution passed at a meeting of the JSC duly convened and held in person. Such resolution in writing may consist of several documents, each signed by one or more of the members of the JSC;

(i) the JSC shall keep minutes of their meetings;

(j) the JSC has the power to constitute sub-committees or working parties which shall report to the JSC on specific subject-matter as determined by the JSC, and operate in accordance with the requirements as laid down by the JSC; and

(k) each Party shall be responsible for all travel and related costs and expenses for its members and other representatives to attend meetings of, and otherwise participate in, the JSC.

Article 7 – Registration procedure

7.1 ALVOTECH shall as soon as reasonably possible (within a maximum of [***] months) after completion of the Dossier and STADA's approval, in coordination with STADA, submit to EMA a CP for the Products in STADA's name as Marketing Authorisation holder and with STADA's own brand name/trademark.

7.2 In addition, ALVOTECH grants the right to STADA, STADA's Affiliates and to consultants working on behalf of STADA or its Affiliates to register the Products, at STADA's risk and expense in respect of countries of the Territory not covered by the CP via national procedures. STADA is entitled to decide independently whether and when to submit for national applications for the Products in such countries to obtain MAs in the name of STADA, its Affiliates and/or consultants acting on STADA's or its Affiliates' behalf and at STADA's own expense. For that reason, STADA is entitled to use regulatory consultants working on behalf of STADA or its Affiliates. However, if such national applications are not submitted within [***] months after receipt of the Dossier for any negligent act, fault or culpable omission by STADA or any of its Affiliates or anyone acting on any of their behalves (or such longer period as the Parties mutually agree), then, on a country by country basis, ALVOTECH shall have the right to terminate this Agreement with respect to such country, provided that:

(a) ALVOTECH has first notified STADA in writing of such non-submission (describing the country and due date of the submission),

(b) ALVOTECH granted a last grace period of **[***]** month to rectify such failure, and

(c) STADA has not done so within said grace period,

except that said [***] months' period shall be prolonged by such reasonable period which is necessary to allow for any required additional local studies to be conducted. STADA will keep ALVOTECH informed about progress of all such applications. Upon any such termination in a country, the relevant provisions in Article 17.5 shall apply with respect to such country.

7.3 STADA or its Affiliates will bear all Health Authority fees and all other reasonable external costs associated with all MAs obtained by or for and/or transferred to, STADA or its Affiliates (including any consultants acting on any of their behalves) unless otherwise stated in this Agreement.

7.4 ALVOTECH shall use all reasonable efforts to provide the assessment reports and all deficiency letters to STADA within [***] working days (or sooner) from the receipt thereof. In case STADA runs the registration procedures on its own, STADA will use all reasonable efforts to provide the deficiency letters received from any Health Authority to ALVOTECH without delay, at the latest within [***] working day from the receipt thereof. Irrespective of whether the registration procedure is conducted by ALVOTECH on behalf of STADA, by STADA itself or a regulatory consultant working on behalf of STADA and/or its Affiliates, ALVOTECH shall provide all reasonable assistance which is required to obtain and maintain the MAs as quickly as possible. Such assistance shall be interpreted as including without limitation to provide STADA with the statements, certificates and information required to compile module one (1) of the Dossier prior to submission, the timely and free of charge preparation of response documents to deficiency letters from the Health Authorities in English language and in accordance with applicable guidelines. Moreover, ALVOTECH will provide the draft and final response documents to deficiency letters from Health Authorities prior to submission and with sufficient time for STADA or the regulatory consultants working on behalf of STADA and/or its Affiliates to evaluate and comment on such response documents.

A copy of the submitted responses will be provided to STADA within [***] working days after submission in case such procedure was conducted by ALVOTECH on behalf of STADA.

In the event deficiency letters received from the competent Health Authorities in the Territory require significant, additional Product development activities beyond the requirements of the relevant guidelines, then ALVOTECH and STADA shall decide in mutual consent the manner in which the information shall be generated.

7.5 STADA will use the MAs and the Dossier only according to Article 2 of this Agreement. The passing on of the Dossier or copies of it, whether in whole or in parts, to any Third Party, except to STADA's Affiliates, Distributors, sublicencees, competent authorities or external consultants (subcontractors), is strictly prohibited. Any further use depends on the written consent of ALVOTECH. Once STADA is entitled to arrange for the manufacture of the Product itself or its Affiliates or sub-contract it to Third Party manufacturers, STADA may for such purpose disclose the relevant parts of the Dossier to the relevant Third Party manufacturer subject to confidentiality obligations no less stringent than the confidentiality obligations of this Agreement.

Article 8 – Changes/ Variations

8.1 In case of intended variations to the Dossier initiated by ALVOTECH after grant of the MAs, ALVOTECH will inform STADA at least [***] months in advance before the intended date of those changes coming into effect. ALVOTECH will provide STADA with sufficient details to start internal change control procedures at least [***] weeks before submission of the variation and will provide STADA in time for submission with the necessary complete documentation for the variation procedure. However, every variation has first to be approved by STADA, and STADA shall not unreasonably withhold or delay such approval in writing. The changes to the Product notified to the Health Authorities shall only be implemented after successful completion of the variation procedures in the Territory or after written approval of STADA's QC department.

8.2 In case of STADA-requested variations, which require additional work, like, but not limited to, development work, at ALVOTECH, such work shall be on behalf and for the account of STADA. The regulatory fees for such STADA-requested variations will be completely borne by STADA.

8.3 In case of ALVOTECH-requested variations, the work required shall be for the account of ALVOTECH, and the regulatory fees will be borne by ALVOTECH except that STADA shall bear the regulatory fees where STADA will have a direct benefit (e.g. lower Supply Price, longer shelf-life, or shorter lead times), which benefit must be of a reasonable and material value relative to the cost of such regulatory fees.

8.4 In case of all other variations, STADA shall bear all fees due to the Health Authority as a consequence of any change, variation or any modification that may be introduced in the Dossier and/or in the Marketing Authorisation.

8.5 Irrespective as to who will benefit from the changes, any changes to the Dossier by ALVOTECH will be communicated without delay and any additional appropriate regulatory documentation will be provided by ALVOTECH to STADA free of charge including but not limited to the preparation of relevant Dossier replacement pages which must comply with e-CTD-requirements. Additionally, ALVOTECH will provide to STADA (a) the updated, consolidated Dossier in e-CTD format within [***] week after closure of the respective variation procedure in case such procedure was conducted by ALVOTECH on behalf of STADA and (b) after finalization of the registration procedure, copies of the e-CTD sequences that have been submitted to the Health Authority/-ies. ALVOTECH will not provide to STADA re-published e-CTD sequences.

Article 9 – Monetary Consideration

9.1 In this Article 9, the following definitions shall apply:

(a) "**Dossier Delivery Date**" means the date when the Dossier is actually delivered to STADA in accordance with the provisions of Article 4.3 and in compliance with all applicable provisions of Article 4;

(b) "**Independent Auditor**" means an independent auditing firm of international repute nominated by ALVOTECH or STADA (as the case may be) and to which ALVOTECH or STADA (as the case may be) has no reasonable objection;

(c) "**IPO**" means the first public offering of any class of equity securities by ALVOTECH or any of its Affiliates that results in the admission of such class of equity securities to trading of a regulated market or other recognised investment exchange, whether such public offering is effected by way of an offer for sale, a new issue of shares, an introduction, a placing or otherwise;

(d) "**IPO Planned Date**" means [***] or such other date as the Parties agree in writing;

(e) "**Pre-IPO**" means a placement of any class of equity securities by ALVOTECH or any of its Affiliates with private investors made before and in anticipation of an IPO; and

(f) "**Satisfactory Financial Position**" means that ALVOTECH has sufficient funds available (or on call) to complete the preparation of the Dossier (including completion of the relevant clinical study) ready for submission to the EMA in accordance with Article 7.1, taking into account ALVOTECH's income and other financial obligations.

9.2 In the event that:

(a) ALVOTECH announces an IPO before the IPO Planned Date and notifies STADA in writing thereof;

(b) ALVOTECH believes that it will achieve a Satisfactory Financial Position as a result of a Pre-IPO and notifies STADA in writing that a Pre-IPO will take place; or

(c) if there has been no IPO or Pre-IPO before the IPO Planned Date,

then, in the following month, STADA will conduct a review of ALVOTECH's financial position to satisfy itself and determine whether (or not) ALVOTECH has achieved a Satisfactory Financial Position ("**First Determination**"). Additionally, until the Dossier has been delivered to STADA in accordance with Article 4.3, in January of each year from January 2023 onwards, STADA may conduct a further review to satisfy itself and determine whether (or not) ALVOTECH continues to achieve a Satisfactory Financial Position ("**Yearly Determination**"). In each case STADA will act reasonably in making this determination and will also make such determination as soon as reasonably practicable after STADA has received the necessary financial information in accordance with Article 9.3. STADA shall notify ALVOTECH in writing as to its determination (that ALVOTECH does or does not have a Satisfactory Financial Position). If STADA determines that ALVOTECH does not have a Satisfactory Financial Position, then STADA shall provide ALVOTECH with a summary of its reasons for that determination. If ALVOTECH wishes to challenge such negative determination, it shall, within [***] weeks of that determination, notify STADA accordingly ("**Dispute Notice**") and both Parties shall discuss the position and use their reasonable endeavours to resolve the position in good faith. If, within [***] weeks (or such other period as shall be mutually agreed) of receipt of the Dispute Notice, the Parties are not able to reach agreement, then, within a further period of [***] weeks, ALVOTECH is entitled to request that STADA's negative determination be reviewed by an Independent Auditor on the grounds that STADA did not act reasonably in coming to such negative determination. The Independent Auditor shall be requested to give his/her opinion not later than within [***] weeks (or such other period as the Parties shall agree) from the date of appointment. Both Parties shall be entitled to submit documents to the appointed Independent Auditor and to attend a joint meeting with him/her. Such Independent Auditor shall consider all reasonable arguments submitted by each Party. The appointed Independent Auditor shall then determine if STADA has acted reasonably in reaching its negative determination that ALVOTECH has not achieved a Satisfactory Financial Position. If the Independent Auditor decides that STADA has not acted reasonably, then the decision of the Independent Auditor on this issue shall be substituted for STADA's determination and ALVOTECH shall be deemed to have achieved a Satisfactory Financial Position.

9.3 In order that STADA can make its determination as to whether (or not) ALVOTECH has achieved a Satisfactory Financial Position as at each event listed at Articles 9.2(a) to (c) and on each Yearly Determination, ALVOTECH shall co-operate with STADA and information shall be provided as follows:

(a) [***];

(b) [***]; and

(c) [***].

9.4 In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under this Agreement, STADA shall pay to ALVOTECH the consideration ("**Consideration**") of up to €37,000,000 (thirty seven million Euros), excluding VAT, payable as follows:

(a) €[***] ([***] Euros) on [***];

(b) €[***] ([***] Euros) on the later of (i) [***];

(c) €[***] ([***] Euros) on the later of (ii) [***] or (ii) [***];

(d) €[***] ([***] Euros) on [***];

(e) €[***] ([***] Euros) on [***];

(f) €[***] ([***] Euros) on [***]; and

(g) €[***] ([***] Euros) on [***].

9.5 Payments under Articles 9.4(a) through 9.4(g) shall only be payable once. Due payments shall be made by STADA within [***] calendar days after receipt of the relevant invoice from ALVOTECH.

9.6 All payments under this Agreement must be paid in Euro.

9.7 In case the First Determination made by STADA according to Article 9.2 is that ALVOTECH has not achieved a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within 4 weeks (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further 4 weeks STADA shall be entitled (at STADA's election) to either:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.7(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; or

(b) terminate this Agreement with one (1) month written notice.

9.8 In case the Yearly Determination(s) made by STADA according to Article 9.2 is that ALVOTECH has not achieved / maintained a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within [***] (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further [***] STADA shall be entitled to:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.8(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; and/or

(b) suspend all milestone payments until the Dossier Delivery Date.

Article 10 – Supply of the Products

Before the [***], STADA and ALVOTECH agree and undertake to each other to enter into a Supply Agreement which shall incorporate the following commitments:

10.1 STADA is committed to and shall ensure that its Affiliates purchase their total demand of the Products according to the Dossier(s) as Finished Product exclusively from ALVOTECH for a term of [***] after Launch of the first strength of the Product in the Territory on a country-by-country basis ("**Exclusive Purchase Obligation**");

10.2 ALVOTECH will constantly manufacture and deliver the Product according to current EU GMP provisions, the Dossier and the Product specifications;

10.3 ALVOTECH will support STADA by using its commercially reasonable efforts to gain the import licence for the Products in case of manufacture in a country not belonging to the European Union, if applicable;

10.4 The prices for the Products supplied to STADA, its Affiliates and/or Distributors as Finished Product will be the greater of (a) [***] percent ([***]%) of STADA's or STADA's Affiliates' (as applicable) Net Selling Price in the respective country of the Territory or (b) the Floor Prices as stated in Annex 1;

10.5 The Exclusive Purchase Obligation shall terminate automatically in case the Supply Agreement terminates or as otherwise agreed in the Supply Agreement, including in the event any competent authority finds the Exclusive Purchase Obligation in such country to be invalid or unenforceable;

10.6 With regard to the countries of the Territory with Exclusive Rights, upon STADA's failure, other than as a result (and to the extent) of ALVOTECH failing to supply Product quantities ordered by STADA in accordance with the applicable provisions of this Agreement and the Supply Agreement, to purchase on a country-by-country basis:

(a) [***] percent ([***]%) of its annual non-binding forecast for the Products over [***] ([***]) consecutive years, or

(b) [***] percent ([***]%) of its annual non-binding forecast for the Products in [***] and not being able to catch up this volume in [***],

ALVOTECH shall be entitled to convert the Exclusive Rights to Semi-Exclusive Rights for the particular country as the sole remedy; and

10.7 The initial term of the Supply Agreement shall be the duration of the Exclusivity Period ("**Initial Supply Term**"). Provided that STADA has complied with its material obligations under the Supply Agreement, STADA shall have the right, in its sole discretion, to:

(a) prolong the Exclusivity Period and prolong the duration of the Supply Agreement, or

(b) prolong the duration of the Supply Agreement (in which case all rights granted to STADA in Articles 2.1 through 2.3 shall become non-exclusive),

for up to three (3) times for further five (5) years periods by providing to ALVOTECH twelve (12) months written notice prior to the end of the Initial Supply Term or any prolonged term (as applicable) of its decision to prolong either the Exclusivity Period and or the term of the Supply Agreement (the total period of the Supply Agreement being call the "**Supply Term**").

In case of any inconsistencies between the provisions of this Agreement and the Supply Agreement in relation to supplies of the Products, the provisions of the Supply Agreement shall prevail.

10.8 Both Parties have the joint aim to be successful in respect of supplying the market in the Territory and understand that continuous cost improvements are an important element to achieve competitiveness. Therefore, ALVOTECH shall use its reasonable commercial efforts during the Supply Term to improve its manufacturing and supply costs for the Product (including [***]) so that, if necessary, ALVOTECH may be able to reduce the Floor Prices. ALVOTECH shall use its [***] to support STADA and its Affiliates competitiveness when bidding for tenders if ALVOTECH is able to [***].

Article 11 - Launch, Freedom to Launch and Reimbursement

11.1 STADA will use all commercially reasonable efforts to Launch the Products with the Initial Indications and any mutually agreed Additional Indications in each country of the Territory within [***] months of:

(a) MA grant (for the respective country), and

(b) where applicable, receipt of the required price approval by health insurance organisations and other competent authorities,

whichever occurs later, and in any event provided that:

(i) any applicable Patent would not be infringed by the manufacture, marketing and sale of the Products and there is Freedom to Launch and, if applicable, Additional Indication Freedom to Launch;

(ii) ALVOTECH delivers the confirmed orders for the Products on time; and

(iii) there is no judicial measure in force at such time that prevents STADA from Launch of the Products.

If STADA fails to Launch the Products as so required then, within [***] days, ALVOTECH shall be entitled to terminate the Agreement with regard to the specific country concerned and remove such country from the scope of this Agreement as its sole remedy.

Without limitation of ALVOTECH's obligation under Article 11.3, STADA shall be entitled to decide to Launch the Product without Additional Indications.

11.2 Subject to Article 11.6, but without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Freedom to Launch with the Initial Indications on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.3 Without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Additional Indication Freedom to Launch for such Additional Indications as are agreed by the Parties in the JSC, each acting reasonably, on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining such Additional Indication Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.4 The Parties will provide each other with its available information regarding Third Party Patents affecting the Products in the Territory. Without limitation of ALVOTECH's responsibility (as stated in this Article 11.4) for Freedom to Launch and, if required pursuant to Article 11.3, Additional Indication Freedom to Launch, the Parties will discuss issues relating to Third Party Patents in order to try and reach an agreed opinion as to when it is reasonable to Launch the Products without incurring a material risk of a successful infringement challenge under any Third Party Patent.

11.5 Without limiting STADA's obligation under Article 11.1, the following provisions of this Article 11.5 will apply in addition to, and without limitation of ALVOTECH's responsibility as stated in, Article 11.2 and Article 11.3:

(a) the objective of the following provisions is, so far as possible, to ensure that any settlement agreement needed to secure Freedom to Launch or Additional Indication Freedom to Launch (if applicable) is approved in advance by or for STADA;

(b) if not restricted by confidentiality obligations, ALVOTECH shall provide a copy of the draft settlement agreement to STADA so that STADA can provide comments to ALVOTECH. STADA, acting entirely at its own discretion, shall decide that it approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (if applicable). If STADA approves such draft and the settlement agreement is signed in the form of such draft, then, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to STADA, and STADA will accept that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable);

(c) if, due to confidentiality restrictions, ALVOTECH is not able to provide a copy of the draft settlement agreement to STADA, then STADA is entitled to nominate an external lawyer ("**Nominated Counsel**") of its own choice (but to whom ALVOTECH has no reasonable objection) to act in accordance with the following provisions. The Nominated Counsel will be retained, and paid for, by ALVOTECH as a second or alternative legal counsel and will be instructed by ALVOTECH with a copy to STADA that his/her review covers only (i) the key question whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable) and (ii) how to redraft the draft settlement agreement in order to achieve such Freedom To Launch or Additional Indication Freedom to Launch (as applicable). Oral explanation, if any, to the instructions shall be in the presence of STADA and there shall be no change or amendment to these instructions without the prior written consent of STADA. ALVOTECH shall provide a copy of the draft settlement agreement to the Nominated Counsel so that he/she can provide comments to ALVOTECH and its legal counsel dealing with the proposed settlement agreement. The Nominated Counsel, acting reasonably, shall advise ALVOTECH if he/she approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (as applicable) under this Agreement and shall clearly advise in its response as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable). If permitted by applicable laws, ALVOTECH shall provide a copy of such advice to STADA. Following the Nominated Counsel's approval of such draft, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to the Nominated Counsel. The Nominated Counsel shall then confirm (or otherwise) that the relevant provisions in the signed settlement agreement

affecting the Territory and the country of manufacture by ALVOTECH is in the form he/she approved (containing at the most some immaterial deviations such as typos or clarifications). ALVOTECH shall provide a copy of such confirmation to STADA, and, to the extent that ALVOTECH is not restricted by confidentiality obligations, provide details of the settlement agreement to STADA. Provided that, within [***] days of receiving a copy of such confirmation and any available details of the settlement agreement, STADA has not notified ALVOTECH that it is "not satisfied" according to Article 11.5(d)(ii), then STADA accepts that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable). The Parties acknowledge and agree that, in the event there are problems implementing this Article 11.5(c), the Parties will discuss in good faith a reasonable alternative that achieves the same objectives of the Parties. Without limiting Article 15, in the case of Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Freedom to Launch, STADA shall have the right to declare that it assumes that no Freedom to Launch is given and may terminate the Agreement under Articles 11.6 or 11.11. Without limiting Article 15, in the case of Additional Indication Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Additional Indication Freedom to Launch, STADA shall have the right to (i) Launch the Products without such Additional Indication, or (ii) delay the Launch until there is Additional Indication Freedom to Launch;

(d) if:

(i) ALVOTECH considers that STADA has not been reasonable when giving a decision under Article 11.5(b) that it will not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or, if applicable, Additional Indication Freedom to Launch; or

(ii) STADA is not satisfied that the draft settlement agreement as approved by the Nominated Counsel under Article 11.5(c) is satisfactory for the purposes of confirming Freedom to Launch or, as applicable, Additional Indication Freedom to Launch (with STADA giving the reasons for its assessment);

then both Parties shall discuss the situation in good faith and use their reasonable commercial efforts in good faith to reach a resolution. If within [***] days the Parties are not able to find a resolution, then both Parties shall refer their disagreement to an external counsel who shall be (A) an experienced attorney-at-law specialised in the field of patents or an experienced patent lawyer and (B) nominated by STADA (provided that ALVOTECH has no reasonable objection to his/her nomination) (such individual, the "**Patent Counsel**") to give his/her opinion within [***] months (or such other period as the Parties shall agree). Both Parties shall be entitled to submit documents to the appointed Patent Counsel and to attend a joint meeting with him/her. Such Patent Counsel shall consider all reasonable arguments submitted by each Party. The appointed Patent Counsel shall then determine if STADA has provided reasonable arguments in declaring its dissatisfaction as to whether there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable) or not under the settlement agreement, along with a final determination as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable).

For clarity, the above review and approval rights of STADA and the Nominated Counsel and/or the Patent Counsel shall only apply with respect to Identified Patents, Additional Indications Patents or other Patents in the Territory (or in the country of manufacture by or for ALVOTECH) and shall not extend to rights outside of the Territory.

11.6 In case Freedom to Launch is not given with all Initial Indications within the Territory by the Target Date then, within sixty (60) days after the Target Date, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] days refund to STADA [***] percent ([***]%) of the Consideration already paid under Article 9.4 if STADA so terminates.

11.7 In case Freedom to Launch is given with all Initial Indications within the Territory within twelve (12) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] days reimburse to STADA €[***] ([***] Euros) of the Consideration already paid under Article 9.4.

11.8 If, within [***] months after termination in accordance with Article 11.7, ALVOTECH grants and/or sells rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including itself and any of its own Affiliates, to market the Products in place of STADA, then the reimbursement to STADA under Article 11.7 shall be increased from €[***] ([***] Euros) to €[***] ([***] Euros).

11.9 In case Freedom to Launch is given with all Initial Indications within the Territory more than twelve (12) months after the Target Date but prior to twenty-four (24) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA shall be entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] days reimburse to STADA €[***] ([***] Euros) of the Consideration already paid under Article 9.4.

11.10 If within [***] months after such termination in accordance with Article 11.9 by STADA, ALVOTECH grants rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including any of its Affiliates, to market the Products in place of STADA then such reimbursement to STADA shall be increased from €[***] ([***] Euros) to €[***] ([***] Euros).

11.11 In case Freedom to Launch with all Initial Indications within the Territory is not given within twenty-four (24) months of the Target Date, within sixty (60) days of expiry of such period, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] days refund to STADA [***] percent ([***]%) of the Consideration already paid under Article 9.4 if STADA so terminates.

11.12 In case of any termination by STADA under this Article 11, (a) STADA shall transfer all MAs and MA applications to ALVOTECH or its nominee (ALVOTECH shall reimburse STADA for all registration fees for such transfer), (b) STADA, on behalf of itself and its Affiliates, hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, (c) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free, fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use, and sale of the Products in the Territory, in the form substantially similar to the commercialisation as performed or envisaged by STADA, however excluding right to any trademarks, and agrees to introduce ALVOTECH to any STADA licensors with the aim to obtain such licenses at ALVOTECH´s cost from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory, (d) STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier and the Products, and (e) neither Party shall have any further obligations to each other

under this Agreement or the Supply Agreement except for (i) STADA's obligation to cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred Product IP Owned Rights and Created Product IP Rights and to grant the non-exclusive license above and introduce ALVOTECH for the purpose of obtaining any sublicensed IP Rights as provided above, and (ii) those provisions which are intended to take effect or survive after termination.

11.13 In case the Products are the only registered biosimilar versions of [***]mg/ml and 90mg/ml concentration in countries of the Territory which represent at least [***] percent ([***]%) of the sales potential for the Products in all such countries at a time when there is Freedom to Launch of the Products with all Initial Indications, STADA will Launch the Products. In this case, there shall be no right to terminate under this Article 11, and the reimbursements provided for in the above paragraphs shall not apply.

11.14 For the purposes of Article 11.13, sales potential shall be calculated by reference to Iqvia (IMS) market research data for volume sales in all the relevant countries over the latest available [***] ([***]) months' period. In case Iqvia (IMS) data is not available for any country, then market research data produced by the provider most used in that country by the pharmaceutical industry shall be used instead.

11.15 If, having used reasonable efforts to market the Products, STADA's cumulative Net Sales over [***] ([***]) years commencing upon Launch do not reach:

(a) [***] percent ([***]%) of €[***] ([***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA €[***] ([***] Euros) of the Consideration;

(b) [***] percent ([***]%) of €[***] ([***] Euros), then ALVOTECH will reimburse to STADA €[***] ([***] Euros) of the Consideration; or

(c) [***] percent ([***]%) of €[***] ([***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA [***].

11.16 In case Freedom to Launch is not given with all Initial Indications by the Target Date as a result of a Third Party Patent (other than an Additional Indications Patent) that has the effect that no Third Party is able to market a Competing Product (other than the originator's product) in any countries of the Territory, then the Parties shall discuss this situation in good faith within the JSC, and respectively use their commercially reasonable efforts to reach an agreement which reflects the circumstances. However for clarification, if the Parties cannot agree on a potential extension of the Target Date, the (original) Target Date shall remain unchanged; any change shall be subject to a written agreement between the Parties.

11.17 If ALVOTECH is obliged to pay a royalty to a Third Party in order to achieve Additional Indication Freedom to Launch ("**Freedom Royalty")** and it has been decided in the JCS that the Additional Indication will be commercialised , then the supply price as set out in Article 10.4 shall be increased by adding [***] percent ([***]%) of the rate of such Freedom Royalty. Such [***] percent ([***]%) of the rate of such Freedom Royalty payable by STADA hereunder shall in no event be more than €[***] ([***] Euros) per calendar year in the aggregate for the entire Territory. ALVOTECH shall provide STADA with regular updates (at least [***] per year) on the status of negotiation of such Freedom Royalty. STADA may verify the payments with an auditor in accordance with the provisions of Annex 1 attached hereto.

If the above provisions only apply to some countries, then the effects of this clause shall be applied to those countries only and any payments due shall be made on a pro rata basis (relative to annual sales value).

11.18 Without limiting STADA's obligation under Article 11.1, from and after the Launch of the Product in a country until expiration of the Exclusivity Period, STADA will use all commercially reasonable efforts to promote, market, offer, and sell the Product in such country.

Article 12 – Non-Compete

12.1 STADA shall (and shall ensure that its Affiliates do) not, commencing upon Launch of the Product on a country-by-country basis in the Territory, promote, market, offer, distribute, or sell any Competing Product.

12.2 In any event, this non-competition obligation shall:

(a) not extend more than [***] commencing on the date of Launch on a per country basis, and

(b) not apply to any Competing Product acquired by STADA or its Affiliates as a result of any transaction executed by STADA or its Affiliates acquiring control of a Third Party that manufactures, has already registered or applied for, holds and maintains authorizations of such Competing Product, promotes, sells, markets, distributes or otherwise uses Competing Product in a country of the Territory at the date of acquisition of control where such Competing Product represents less than [***] percent ([***]%) of the value of all assets acquired. In case that more than [***] percent ([***]%) of the value of all assets are acquired, STADA has [***] ([***]) months to solve the conflict which may include the sale of the Competing Product. In case that more than [***] percent ([***]%) but less than [***] percent ([***]%) of the value of all assets are acquired, STADA has [***] ([***]) months to solve the conflict which may include the sale of the Competing Product.

(c) For the avoidance of doubt, this Article 12 does not apply to Distributors but only to STADA and its Affiliates. For the purpose of this Article 12, the term “Affiliate” in respect of STADA shall include STADA Arzneimittel AG and any and all corporations and companies Controlled (as defined in Article 1.4) by it, either directly or indirectly, but shall [***] (unless such companies themselves are Controlled by STADA).

12.3 Notwithstanding the foregoing, if STADA or any of its Affiliates acquire a Competing Product (regardless of the value of such asset in an overall transaction) that is being promoted, marketed, offered for sale, distributed or sold in the Territory at any time during the [***] period following Launch of the Product within a country of the Territory STADA’s obligation to use commercially reasonable efforts to promote, market, offer and sell Products in the Territory during such [***] period shall not be diminished or otherwise affected by such Competing Product and such Competing Product shall not be taken into account in any manner in determining whether STADA’s or its Affiliates’ conduct of its activities under this Agreement are commercially reasonable.

Article 13 – Confidentiality

13.1 **CONFIDENTIAL INFORMATION**: For [***] years following the termination of this Agreement, and unless otherwise provided for in this Agreement, all information of a confidential character provided, pursuant to this Agreement, by either Party to the other including without limitation the contents of the Dossier, information on the business of either Party, the existence and terms of this Agreement as well as negotiations between the Parties prior to this Agreement shall be treated by the receiving Party as confidential (”**Confidential Information**“). During any period of time that Created Product IP Rights and the Owned Product IP Rights are jointly owned by the Parties, such IP Rights shall be considered the Confidential Information of both Parties. For clarity, following assignment of the rights to Created Product IP Rights and the Owned Product IP Rights to ALVOTECH, such IP Rights shall be considered the Confidential Information of ALVOTECH only. The receiving Party shall not disclose Confidential Information or parts thereof to any Third Party except to its Affiliates, its external consultants, competent authorities, Health Authorities, manufacturers,

distribution partners or any Third Party acting on behalf of the receiving Party for the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4. The receiving Party shall ensure that such Third Parties receiving Confidential Information shall be bound by similar secrecy obligations except for competent authorities or Health Authorities. Neither Party shall use Confidential Information of the other Party (or of both Parties as deemed hereunder) for any purpose other than the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4.

13.2 **Exception to the confidentiality obligation**: The obligations of the receiving Party described in the above paragraph shall not apply to information that the receiving Party can prove:

(a) is available to the general public on the Effective Date; or

(b) is or is made known or available to the general public after the Effective Date by any means other than by an unauthorized act or omission of the receiving Party; or

(c) was known to it or any of its Affiliates before the Effective Date and not obtained, directly or indirectly, from the disclosing Party; or

(d) which is disclosed to the receiving Party or any of its Affiliates after the Effective Date by a Third Party which legally possessed it; or

(e) has been independently developed by the receiving Party or any of its Affiliates.

13.3 **Disclosure according to law:** In case Confidential Information of the disclosing Party must be disclosed to courts, governmental agencies, health insurances or other authorities or is otherwise required by law, the receiving Party shall be entitled to do so to the extent required by law provided, however, that if either Party is so required, such Party shall give to the extent possible the other Party reasonable advance notice in written form of such disclosure requirement and use reasonable efforts to secure confidential treatment of such Confidential Information (whether through protective order or otherwise). Such disclosure shall, however, not relieve the receiving Party of its other confidentiality obligations contained herein.

13.4 **Press release**. After signing this Agreement and upon prior mutual and written agreement between the Parties, the Parties may issue a press release, provided always that nothing in this Article 13 shall prohibit any Party from making any public statement or announcement as may be required by the applicable law (including as interpreted by the administration practice of any competent authority) or by rule of any stock exchange (subject to compliance with Article 13.3).

15.10 during the term of the Supply Agreement, it will comply with the applicable laws on falsified medicines, Directive 2011/62/EU and the Delegated Regulation 2016/161, and to meet to STADA’s requirements on falsified medicines including, without limitation, the provisions as set forth in Annex 2 to this Agreement.

STADA represents and warrants to ALVOTECH as a continuing representation and warranty that:

15.11 it is a corporation duly incorporated, validly existing and in good standing under the laws of the jurisdiction of its incorporation and has all requisite corporate power to execute and deliver this Agreement and to perform its obligations under this Agreement;

15.12 it is fully entitled to grant the rights and licenses granted to ALVOTECH within this Agreement;

15.13 STADA and its Affiliates will not (and will not give consent for any Third Party on its behalf or any sublicensees or Distributors to) file for any registered IP Rights related to the Products outside the Territory, including any IP Rights within Product IP Owned Rights or Created Product IP Rights; and

15.14 it shall be responsible and liable to ALVOTECH for failure of its Affiliates, Distributors and sublicensees (and subcontractors) under this Agreement.

15.15 **ALVOTECH indemnity**

In addition to any other remedy available at law or under this Agreement, ALVOTECH shall indemnify and hold harmless STADA, its Affiliates and their respective directors, staff and representatives against all Third Party claims, suits, damages, loss, cost or expenses (including reasonable attorneys' fees) made or brought against STADA, its Affiliates, manufactures, distributors and their respective directors, staff and representatives resulting from any Third Party claim relating to and to the extent of:

(a) any breach of warranty, covenant or obligation by ALVOTECH under this Agreement (including for clarity, any claims, suits, etc. relating to breach of Article 15.5, even if such claims arise or are asserted after expiration of the lifetime of any relevant Identified Patents and Additional Indications Patents, as applicable); and/or

(b) any wrongful or negligent act or omission of or on behalf of ALVOTECH and its Affiliates and its representatives in connection with the performance of this Agreement.

to the extent that STADA is not obliged to indemnify ALVOTECH under Article 15.16.

15.16 **STADA indemnity**

In addition to any other remedy available at law or under this Agreement, STADA shall indemnify and hold harmless ALVOTECH, its Affiliates, and their respective directors, staff and representatives against all Third Party claims, suits, damages, loss, cost or expenses (including reasonable attorneys' fees) made or brought against ALVOTECH, its Affiliates and their respective directors, officers, staff and representatives resulting from any Third Party claim relating to:

(a) any breach of warranty, covenant or obligation under this Agreement by STADA;

(b) any wrongful or negligent act or omission of or on behalf of STADA or its Affiliates in connection with the performance of this Agreement;

to the extent that ALVOTECH is not obliged to indemnify STADA under Article 15.15.

15.17 **Indemnity Procedure**

If any claim is brought against a Party or any of its Affiliates entitled to the benefit of an indemnity set out in this Agreement (the "**Indemnitee**") by any Third Party which is likely to result in a claim by the Indemnitee against the Party who has given an indemnity under this Agreement (the "**Indemnifier**"), the Indemnitee shall:

(a) give notice of such Third Party claim to the Indemnifier without undue delay; the notice shall describe such claim in reasonable detail including a reasonable explanation of the basis and amounts of the claims;

(b) keep the Indemnifier promptly and fully informed as to the progress of any such claim and shall ensure that the Indemnifier is promptly sent copies of all relevant communications;

(c) to the extent possible take all reasonable steps so as to recover or minimise or resolve such liability or dispute and, upon request by the Indemnifier, permit the Indemnifier to take conduct of such proceedings as the Indemnifier considers appropriate, acting reasonably at all times and with due consideration of the interest of the Indemnitee;

(d) cooperate with all reasonable requests of the Indemnifier in relation to such claim; and

(e) not, and shall procure that none of its Affiliates shall, accept, pay, settle or compromise any such claim without the prior written consent of the Indemnifier.

Article 16 – Intellectual Property Rights

16.1 Filing, Prosecution and Maintenance of Joint Rights.

(a) ALVOTECH shall be primarily responsible, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of all Patents relating to the Product IP Owned Rights and the Created Product IP Rights in the Territory ("**Joint Patent Right(s)**"). If ALVOTECH elects not to take any such action with respect to a Joint Patent Right, it shall provide written notice of the same to STADA, and upon STADA's receipt of such notice, STADA shall have the right, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of such Joint Patent Right. The Party responsible for such acts shall report to the other Party on a regular basis as to all material steps taken with regard to the filing, prosecution, and maintenance of such Joint Patent Rights including by providing such other Party with a copy of material communications to and from any IP Rights authority in the Territory regarding such Joint Patent Rights and by providing such other Party with drafts of any material filings or responses to be made to such authorities in the Territory sufficiently in advance of submitting such filings or responses so as to allow such Party a reasonable opportunity to review and comment. Each Party shall give the other Party all reasonably necessary support for the prosecuting Party to fulfil its obligations under this Article 15.1.

(b) For clarity, (i) as between the Parties, ALVOTECH or its Affiliate retains the sole right to prosecute and maintain all registered IP Rights contained within Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights, and (ii) ALVOTECH or its Affiliate retains the sole right to file for, prosecute and maintain all registered IP Rights contained within Product IP Owned Rights and Created Product IP Rights outside the Territory.

16.2 Each Party is obliged to inform the other Party as soon as reasonably possible if it becomes aware of (a) any registered IP Rights like patents or utility models of Third Parties affecting the commercialisation of the Products in the Territory or manufacture of the Product (regardless of whether in or outside the Territory) for sale and distribution in the Territory which were not previously known to each other, or (b) any potential infringement or misappropriation of any Product IP Owned Right or Created Product IP Rights by a Third Party ("**Third Party Joint IP Infringement**"), or (c) any potential infringement or misappropriation of either any Product IP Licensed Rights or any Manufacturing Product ex-Territory IP Rights by a Third Party affecting the Product in the Territory or its manufacture for the Territory (each, a "**Third Party Licensed IP Infringement**"), and in each case, provide all relevant information and documents regarding such issue.

16.3 In the event that any Third Party files an action, whether in court or out of court, against STADA (including STADA's Affiliates and/or Distributors), claiming an alleged infringement of registered IP Rights (especially but not limited to Patents) ("**IP Claims**") as a consequence of or derived from (a) the performance of any of the operations contemplated in this Agreement or the Supply Agreement or (b) in case additional Patents will be granted after the Effective Date and STADA's external patent counsel confirms that a Product falls within the scope of protection of such Third Party Patents as well as STADA and/or its Affiliates decide not to launch the Product or to discontinue marketing the Product, as the case may be, due to such additional Patents granted, then STADA shall provide ALVOTECH with all relevant details and ALVOTECH shall cooperate and render all assistance and all available documentation to STADA and/or its Affiliates in the event STADA and/or its Affiliate decide(s) to take action with respect to the claim of the alleged infringement.

16.4 ALVOTECH shall coordinate and decide the defense strategy, the means of proof and the appeals for any IP Claim up to the point of time of grant of MA in any country of the Territory. After the grant of the MA in any country of the Territory, the Parties shall decide together on the defense strategy, the means of proof and appeals for such IP Claim. This includes a joint decision on the defense of legal proceedings where necessary in the name of one of the Parties or in the joint name of both Parties as appropriate. In case the Parties do not agree on the defence strategy, then subject to Article 16.6, the Party being sued shall finally decide the defense strategy and the other Party shall use reasonable efforts to cooperate with such Party.

16.5 In the event that either Party reasonably believes there is a Third Party Joint IP Infringement or a Third Party Licensed IP Infringement (each, an "**Enforcement Claim**"), the Parties shall without undue delay consult each other on how to address such Enforcement Claim.

16.6 In case that any IP Claim is initiated against one Party or a Party is permitted to enforce an Enforcement Claim under this Agreement, and such Party requires the collaboration of the other Party for its defense or enforcement, as applicable, the other Party is obliged to provide reasonable collaboration to the requesting Party as well as to provide, as soon as possible, all the relevant information, documents, etc., that may be available, including joining the legal proceedings as a party where such party may be required to be joined in order to defend or enforce such IP Claim or Enforcement Claim, as applicable. Excluding ALVOTECH Claims, the defending or enforcing Party, as applicable, in any IP Claim or any Enforcement Claim shall keep the other Party informed on a reasonable and timely basis as to the status of the proceedings, including the defense or settlement of such claim. Excluding ALVOTECH Claims, for which no consent will be required from STADA, neither the defending or enforcing Party nor the non-defending or non-enforcing Party may settle any legal disputes without prior written consent of the other Party, such consent not to be unreasonably withheld or conditioned.

16.7 In the event that the Parties cannot agree on enforcement of any Third Party Joint IP Infringement affecting the Product in the Territory within [***] days of such discussions, then subject to Article 16.6, STADA shall have the first right to elect to enforce such Third Party Joint IP Infringement by delivering to ALVOTECH, after such [***] days period, written notice of such election. If ALVOTECH does not receive written notice within such [***] day period, then subject to Article 16.6, ALVOTECH shall have the right to enforce such Third Party Joint IP Infringement.

16.8 In the event that the Parties cannot agree on enforcement of any Third Party Licensed IP Infringement involving Product IP Licensed Rights affecting the Product in the Territory within [***] days of such discussions, ALVOTECH shall have the first right to elect to enforce any such Third Party Licensed IP Infringement involving Product IP Licensed Rights. In the event ALVOTECH or its Affiliate elects not to take action against any infringement of any Product IP Licensed Rights by a Third Party affecting the Product in the Territory within [***] days of its right to do so under this Article 16.8, and to the extent that ALVOTECH as licensee has rights to enforce the Product IP Licensed Rights against such Third Party in the Territory (and may grant sub-license rights to STADA of the same), STADA shall have the right, subject to Article 16.6, at its own expense, and if applicable in the name of both Parties, for taking all reasonable action related to enforcement of such Product IP Licensed Rights affecting the Product against such Third Party in the Territory. ALVOTECH shall use commercially reasonable efforts to obtain the right to enforce such Product IP Licensed Rights affecting the Product in the Territory. For clarity, ALVOTECH will have the sole right to enforce all other Enforcement Claims ("**ALVOTECH Claims**").

16.9 For the avoidance of doubt, subject to Article 17.5, any claims, including IP Claims, brought against STADA's trademark, brand and/or logo any actions taken by STADA in order to defend STADA's trademark, brand and/or logo are in the sole discretion and responsibility of STADA.

Article 17 – Termination and Expiration

17.1 This Agreement shall become effective upon the Effective Date.

17.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 17, (a) STADA will keep the Dossier (and its rights to use the Dossier), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein), and (c) the Exclusive Purchase Obligation shall terminate.

17.3 Except as otherwise provided in this Agreement, this Agreement can be terminated with immediate effect subject to written notice:

(a) by the non-defaulting Party if the other Party commits a material breach of this Agreement and, in the case of a breach capable of remedy, does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(b) by the non-defaulting Party if the other Party states or admits in writing that it is unable to pay its current obligations in the ordinary course of business as they generally become due, declares bankruptcy, assigns all its assets for the benefit of creditors, undergoes a corporate reorganization prompted by insolvency or appoints receiver or trustee;

(c) by STADA in case the Products will not benefit from a registered shelf life of at least [***] months at the date of grant of the first MA on behalf of STADA or its Affiliate and/or the ongoing-stability program in accordance with GMP does not confirm such stability of the Product;

(d) by the Party to whom a warranty according to Article 15 is given and such warranty turns out to be incorrect and the breaching Party does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(e) by STADA if an EU-wide Marketing Authorisation by way of the CP is not granted by 31 August 2024 (date of positive EC decision) (which date shall be extended by up to three (3) months if it is likely that such extension of time has a reasonable prospect of resulting in a positive opinion);

(f) by STADA if the Dossier is not delivered to STADA by Target Dossier Delivery Date.

17.4 The effects of termination by STADA according to Article 17.3(a) or (b) or (d) shall be that (a) STADA will keep the Dossier (and its rights to use the Dossier), and upcoming and granted MAs, (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become [***] (but remain subject to restrictions contained therein) and STADA shall not be required to make any further payments to ALVOTECH under this Agreement (other than pursuant to Article 10 if the Supply Agreement remains in place), and (c) STADA shall be [***].

Further, in case of termination by STADA according to Article 17.3(a) or (d), provided that the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of STADA to exploit or exercise its rights under this Agreement, then ALVOTECH shall reimburse to STADA:

(a) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place prior to or during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(b) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any) if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(c) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(d) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(e) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany; and

after expiration of the initial Exclusivity Period for Germany, the effects mentioned above shall remain, but no reimbursement of the payments made in accordance with Article 9.4, shall become due.

Any reimbursement shall be fully credited against any damages claims awarded.

17.5 The effects of termination by (i) ALVOTECH as terminating Party according to Article 17.3(a) or (b) or (d) (provided that, in case of termination under Article 17.3(a) or (d), the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of ALVOTECH to benefit from the rights granted under this Agreement, or (ii) STADA as terminating Party according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that STADA shall return to ALVOTECH, without retaining any copy, the Dossier (if any), together with any other documentation delivered by ALVOTECH in connection with the Products, except for copies which are required to be retained subject to law. In addition upon written request by ALVOTECH, STADA shall immediately assign and transfer any and all rights to the MAs (or to any MA applications, as the case may be) to ALVOTECH or ALVOTECH's designee, at no cost for ALVOTECH whatsoever and STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier, any IP Rights under this Agreement, including any Created Product IP Rights, Owned Created IP Rights, Product IP Licensed Rights, and Manufacturing Product ex-Territory IP Rights, the Products and/or the MAs for the Products. In addition, STADA, on behalf of itself and its Affiliates, (a) hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, and (b) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free (except for any royalties for the product trademarks as set out herein), fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use and sale of the Product in the Territory in a form substantially similar to the commercialisation as performed or envisaged by STADA, and agrees to introduce ALVOTECH and its designees with the aim to obtain any such licenses from any sublicenses or subcontractors of STADA or its Affiliates to

the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory. Such license granted under this Article 17.5(b) shall exclude rights to any trademarks, trade dress of use of the company names of STADA or its Affiliates; provided that in the event termination occurs after launch of the Product in a country in the Territory, then STADA hereby grants ALVOTECH an exclusive and sublicensable right (through multiple tiers), to use the product trademark under which the Product was being commercialized in such country for the sole purpose of manufacturing, marketing, using, or selling the Products in the Territory, and the Parties will negotiate in good faith a trademark license agreement with standard royalties customary in the pharmaceutical industry for a deal of this size and commercial potential of the Product, addressing the enforcement and protection of such trademark for the benefit of ALVOTECH, or if mutually agreed to, an assignment of such trademark to ALVOTECH. The product trademark license shall be royalty-free and fully paid up, if ALVOTECH is the terminating Party according to Article 17.3(a) or (b) or (d), and shall bear said standard royalties as set out herein, if STADA is the terminating Party according to Article 17.3(c), (e) or (f). In case the Parties cannot agree on such standard royalties for said trademark within [***] days after start of the negotiation, either Party may request that the president of the International Chamber of Commerce in Frankfurt, Germany, as arbitrator (or any other person nominated by said president and acting as arbitrator) determines the same in good faith taking into consideration the nature of the license in the pharmaceutical industry, the size and commercial potential of the Product. For this purpose, both Parties may submit a confidential proposal to the arbitrator setting out the amount of such royalty rate within the time period set by the arbitrator which shall not exceed [***] weeks after the arbitrator has been appointed or invoked. The arbitrator shall only be entitled to choose between one of the two proposals and shall select only such proposal which he considers in good faith the most appropriate one in light of the criteria set out herein. The determination of the arbitrator of the royalty rate shall be binding in any court of competent jurisdiction. The total expense including reasonable attorney fees of such arbitration shall be paid by the unsuccessful Party. STADA will cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred IP Rights.

17.6 In addition to the effects set out in Article 17.5, the effects of termination by STADA according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that ALVOTECH shall reimburse STADA all payments already made under Article 9.4 and all regulatory fees and any other costs related to such MAs or application already paid under this Agreement.

17.7 This Agreement can be terminated by STADA on a country-by-country basis for any country of the Territory with immediate effect by giving written notice to ALVOTECH if:

(a) ALVOTECH fails to assist STADA in answering adequately any deficiency letter issued by any relevant Health Authority so that a MA for at least one strength (pack size) of the Product cannot be obtained in such country; or

(b) Article 16.3 applies in the country concerned, and the prospects of the Third Party lawsuit are that, on the balance of probabilities, such lawsuit will succeed; or

(c) the Health Authorities of the respective country decline to successfully conclude a registration procedure in a national procedure and to grant a MA for the Product on the basis of the Dossier, or the performance of ALVOTECH is not in line with the European state of the art in regulatory affairs in running/or supporting the application procedures, independent of any possibility of appeal, or if the Health Authority or any other responsible authority declines to grant reimbursement status.

In case of termination by STADA under Article 17.7(a) or (c) for non-EU countries, ALVOTECH shall refund to STADA an amount calculated according to the following scheme: refund amount = [***] For these purposes, the sales shall be determined according to data provided by IQVIA Commercial GmbH & Co. OHG, Frankfurt/Main, Germany.

In all cases of termination under this Article 17.7, the effects set out in Article 17.5 shall apply, but only for the country(ies) concerned, and the Exclusive Purchase Obligation shall terminate automatically for the specific terminated country/countries.

17.8 The terms and conditions of this Article shall not limit any rights for damages of either Party subject to a breach of contract by the other Party in case of termination of this Agreement. However, any reimbursements made in accordance with the terms of this Agreement shall be deducted from the amount of any damage claim awarded.

17.9 For clarification: in all events of termination the non-compete obligation shall also terminate (for the respective country, if termination occurs on a country-by-country basis).

17.10 Upon termination of this Agreement for any reason, nothing shall be construed to release one of the Parties from any of its obligations or liabilities hereunder arisen until the date of termination (including without limitations its obligations to pay any and all fees or other amounts accrued but unpaid hereunder prior to the date of such termination).

17.11 In any case of termination, except in the event that ALVOTECH terminates this Agreement for material breach by STADA, STADA, its Affiliates and/or its Distributors are entitled to sell their remaining stock of the Product purchased from ALVOTECH, provided that all outstanding invoices of ALVOTECH for the Product supply have been paid by STADA. As long as necessary for the sell-out of the remaining stock as permitted herein, STADA is entitled to use and keep the Dossier and the relevant MAs.

Article 18 – Miscellaneous

18.1 Social Responsibility:

(a) Each Party undertakes and warrants to the other Party that with respect to the performance of this Agreement it shall adhere to the ten principles of the UN Global Compact which include human rights, labour and environment principles and working against corruption in all its forms.

(b) Any damage of either Party due to the non-compliance with this warranty shall be limited to the direct damage suffered by the other Party as a result of such non-compliance.

(c) Such damages are the sole and only legal remedy in case of any breach by either Party of, or non-compliance with, the warranty set forth in Article 18.1(a). Therefore, any other remedies such as the rights to terminate or rescind this Agreement or withdraw from it or to claim any other damages such as indirect, consequential, special or incidental damages are expressly excluded.

18.2 Assignment: This Agreement is deemed personal to both ALVOTECH and STADA. Therefore, neither Party shall, without the prior written consent of the other Party which will not be reasonably denied, assign this Agreement or any of its rights hereunder, except to an Affiliate. Any assignment in derogation of this Article 18.2 shall, at the option of the non-assigning Party, be deemed null and void. In addition, ALVOTECH may, with STADA's prior written consent, assign the rights under this Agreement to a bank or other financial institution making financial facilities available to a Party for the purposes of its working capital or other requirements.

18.3 Entire understanding: This Agreement, along with the Supply Agreement, are the entire understanding and agreement between ALVOTECH and STADA relating to the subject matter hereof and supersedes (except as provided herein) any and all prior arrangements, understandings and agreements between ALVOTECH and STADA whether written or oral relating thereto. No amendments, changes, or modifications of the terms of this Agreement shall be deemed valid and binding unless made in writing and signed by the duly authorised representative of each Party.

18.4 Law and jurisdiction: The validity, interpretation and fulfilment of this Agreement shall be governed by the material laws of Germany without reference to the United Nations Convention on the International Sale of Goods (CISG). The place of jurisdiction shall be Frankfurt am Main, Germany.

18.5 Non-waiver: The failure by any Party at any time to enforce any of the terms, provisions or conditions of this Agreement or to exercise any right hereunder shall not constitute a waiver of the same or affect the validity of this Agreement or any part hereof, or ALVOTECH's and STADA's right thereafter to enforce or to exercise the same.

18.6 Severability: In case one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such holding shall not affect any other provisions of this Agreement. Instead a provision shall be construed by limiting such provision to such extent as would nearly be possible reflect the intent, purpose and economic effect of such, or, if such is not possible, by deleting such provision from this Agreement.

AGREEMENT
([***]**)**

This **AGREEMENT** (the "**Agreement**") is made by and between:

Alvotech hf. having its registered office at Sæmundargata 15-19, 101 Reykjavík, Iceland,

(hereinafter called "**ALVOTECH**"),

Both, ALVOTECH and STADA, are hereinafter sometimes collectively referred to as the "**Parties**", and each may be referred to in singular as a "**Party**".

WHEREAS

ALVOTECH is engaged in the development of pharmaceutical products, and pursuant to development works and studies, is holding comprehensive, valuable, proprietary information and data concerning a pharmaceutical product with the API [***] which enable ALVOTECH and/or STADA to successfully apply for Marketing Authorisations with local Health Authorities in the Territory in order to sell the corresponding pharmaceutical product.

(p) for the purpose of enabling STADA to have an opportunity to comment, provide to STADA a draft protocol for any non-clinical or clinical studies to be performed in accordance with the Development Plan according to GCP related to the Product prior to the commencement of such study, all without limiting ALVOTECH's obligations and warranties hereunder;

(q) procure and ensure that STADA has the right to verify GCP compliance of the clinical studies by allowing:

4.2 Any additional revisions to the Dossier communicated by ALVOTECH to STADA, including without limitation developments or updates generated and submitted by ALVOTECH to STADA subject to this Agreement shall become part of the Dossier and STADA shall be entitled to use them in the same way as the Dossier in accordance with this Agreement.

4.3 The Parties acknowledge and agree that 30 December 2021 is that date which the Parties are targeting for delivery of the Dossier to STADA. Article 5 – Concerns during Development

5.1 The terms of this Article 5 are without prejudice to the rights of either party according to Article 17 and without limitation of the obligations, representations and warranties under this Agreement.

5.2 In the event that STADA reasonably considers at any time before the Dossier is delivered to STADA that either (i) the Dossier when submitted via a CP to the EMA will not be approved or (ii) the Dossier will not be completed by the date prescribed according to Article 4.3, then STADA will notify ALVOTECH of this determination in writing and the Parties will discuss and negotiate with each other in good faith with a view to agreeing on one of the following 3 options:

(a) [***];

(b) to terminate this Agreement; or

(c) such other arrangement as the Parties shall mutually agree.

Irrespective whether the Development will be discontinued, the Agreement terminated or the Parties agree on other arrangements, none of the Parties waive any of its rights under this Agreement.

Article 6 – Joint Steering Committee

6.1 In all matters related to the collaboration established by this Agreement, the Parties shall: (a) strive to balance the legitimate interests and concerns of the Parties and to realize the economic potential of the Products; (b) act in a commercially reasonable manner and in good faith in respect of this Agreement and all decisions or determinations to be made hereunder, and (c) seek to comply with good pharmaceutical and environmental practices.

6.2 Notwithstanding ALVOTECH's obligations under Article 4, ALVOTECH and STADA will, working together, monitor and manage the progress and conduct of the Development and the Development Plan, to include the compilation of the Dossier. For this purpose, both Parties shall establish a steering committee ("**Joint Steering Committee**" or "**JSC**") which shall operate as follows:

(a) the objectives of the JSC shall be (i) to monitor and review progress under the Development Plan, and (ii) to decide questions arising whilst the Development Plan is under way and make any necessary revisions to the Development Plan;

(b) each Party may appoint up to [***] members to the JSC. Each of STADA and ALVOTECH may replace any or all of its representatives on the JSC at any time upon written notice to the other Party. A Party may designate a substitute to temporarily attend and perform the functions of such Party's designee at any meeting of the JSC. ALVOTECH and STADA each may, on advance written notice to the other Party, invite non-member representatives of such Party to attend meetings of the JSC, provided that non-employees of a Party must have signed an appropriate confidentiality agreement to be able to participate;

(c) the JSC shall be chaired jointly by a member appointed by each Party ("**Joint Chair**");

(d) decisions shall be taken by the affirmative vote of the Joint Chairs of the JSC;

(e) in the event of any failure to agree, both Parties shall refer the dispute to the CEO of ALVOTECH and an executive board member of STADA. If the dispute is not resolved within [***], then the decision shall be as required by the STADA Joint-Chair of the JSC. This decision may only be challenged by ALVOTECH within [***] if ALVOTECH considers the decision is harmful to the objectives or timetable of the Development Plan and refers the decision to review by a senior professor well experienced in the scientific subject to be reviewed. Any such review must be concluded within [***] (or such other period as the Parties mutually agree). The Parties must oblige the appointed senior professor to base his/her decision on the following criteria: on the one hand he/she must take into consideration the scientific feasibility of the Development Plan and the requirements to obtain a MA for the Product, and on the other hand he/she must consider the desire of both Parties (without prejudicing the safety and quality of the Product) to achieve economic success by (i) launching the Product for sale as soon as may be reasonably possible and (ii) obtaining the necessary marketability of the Product, In the absence of manifest error, the decision of the appointed senior professor shall be final and not be subject to judicial review;

(f) the JSC shall meet on [***]-monthly basis;

(g) meetings shall be held by physical presence at least [***] per year, otherwise by conference or video call;

(h) in lieu of a meeting of the JSC, the JSC may adopt a circular written resolution signed by all the members of the JSC separately which shall be as effective as a resolution passed at a meeting of the JSC duly convened and held in person. Such resolution in writing may consist of several documents, each signed by one or more of the members of the JSC;

(i) the JSC shall keep minutes of their meetings;

(j) the JSC has the power to constitute sub-committees or working parties which shall report to the JSC on specific subject-matter as determined by the JSC, and operate in accordance with the requirements as laid down by the JSC; and

(k) each Party shall be responsible for all travel and related costs and expenses for its members and other representatives to attend meetings of, and otherwise participate in, the JSC.

Article 7 – Registration procedure

7.1 ALVOTECH shall as soon as reasonably possible (within a maximum of [***]) after completion of the Dossier and STADA's approval, in coordination with STADA, submit to EMA a CP for the Products in STADA's name as Marketing Authorisation holder and with STADA's own brand name/trademark.

7.2 In addition, ALVOTECH grants the right to STADA, STADA's Affiliates and to consultants working on behalf of STADA or its Affiliates to register the Products, at STADA's risk and expense in respect of countries of the Territory not covered by the CP via national procedures. STADA is entitled to decide independently whether and when to submit for national applications for the Products in such countries to obtain MAs in the name of STADA, its Affiliates and/or consultants acting on STADA's or its Affiliates' behalf and at STADA's own expense. For that reason, STADA is entitled to use regulatory consultants working on behalf of STADA or its Affiliates. However, if such national applications are not submitted within [***] after receipt of the Dossier for any negligent act, fault or culpable omission by STADA or any of its Affiliates or anyone acting on any of their behalves (or such longer period as the Parties mutually agree), then, on a country by country basis, ALVOTECH shall have the right to terminate this Agreement with respect to such country, provided that:

(a) ALVOTECH has first notified STADA in writing of such non-submission (describing the country and due date of the submission),

(b) ALVOTECH granted a last grace period of **[***]** to rectify such failure, and

(c) STADA has not done so within said grace period,

except that said [***] period shall be prolonged by such reasonable period which is necessary to allow for any required additional local studies to be conducted. STADA will keep ALVOTECH informed about progress of all such applications. Upon any such termination in a country, the relevant provisions in Article 17.5 shall apply with respect to such country.

7.3 STADA or its Affiliates will bear all Health Authority fees and all other reasonable external costs associated with all MAs obtained by or for and/or transferred to, STADA or its Affiliates (including any consultants acting on any of their behalves) unless otherwise stated in this Agreement.

7.4 ALVOTECH shall use all reasonable efforts to provide the assessment reports and all deficiency letters to STADA within [***] (or sooner) from the receipt thereof. In case STADA runs the registration procedures on its own, STADA will use all reasonable efforts to provide the deficiency letters received from any Health Authority to ALVOTECH without delay, at the latest within [***] from the receipt thereof. Irrespective of whether the registration procedure is conducted by ALVOTECH on behalf of STADA, by STADA itself or a regulatory consultant working on behalf of STADA and/or its Affiliates, ALVOTECH shall provide all reasonable assistance which is required to obtain and maintain the MAs as quickly as possible. Such assistance shall be interpreted as including without limitation to provide STADA with the statements, certificates and information required to compile module one (1) of the Dossier prior to submission, the timely and free of charge preparation of response documents to deficiency letters from the Health Authorities in English language and in accordance with applicable guidelines. Moreover, ALVOTECH will provide the draft and final response documents to deficiency letters from Health Authorities prior to submission and with sufficient time for STADA or the regulatory consultants working on behalf of STADA and/or its Affiliates to evaluate and comment on such response documents.

A copy of the submitted responses will be provided to STADA within [***] after submission in case such procedure was conducted by ALVOTECH on behalf of STADA.

In the event deficiency letters received from the competent Health Authorities in the Territory require significant, additional Product development activities beyond the requirements of the relevant guidelines, then ALVOTECH and STADA shall decide in mutual consent the manner in which the information shall be generated.

7.5 STADA will use the MAs and the Dossier only according to Article 2 of this Agreement. The passing on of the Dossier or copies of it, whether in whole or in parts, to any Third Party, except to STADA's Affiliates, Distributors, sublicencees, competent authorities or external consultants (subcontractors), is strictly prohibited. Any further use depends on the written consent of ALVOTECH. Once STADA is entitled to arrange for the manufacture of the Product itself or its Affiliates or sub-contract it to Third Party manufacturers, STADA may for such purpose disclose the relevant parts of the Dossier to the relevant Third Party manufacturer subject to confidentiality obligations no less stringent than the confidentiality obligations of this Agreement.

Article 8 – Changes / Variations

8.1 In case of intended variations to the Dossier initiated by ALVOTECH after grant of the MAs, ALVOTECH will inform STADA at least [***] in advance before the intended date of those changes coming into effect. ALVOTECH will provide STADA with sufficient details to start internal change control procedures at least [***] before submission of the variation and will provide STADA in time for submission with the necessary complete documentation for the variation procedure. However, every variation has first to be approved by STADA, and STADA shall not unreasonably withhold or delay such approval in writing. The changes to the Product notified to the Health Authorities shall only be implemented after successful completion of the variation procedures in the Territory or after written approval of STADA's QC department.

8.2 In case of STADA-requested variations, which require additional work, like, but not limited to, development work, at ALVOTECH, such work shall be on behalf and for the account of STADA. The regulatory fees for such STADA-requested variations will be completely borne by STADA.

8.3 In case of ALVOTECH-requested variations, the work required shall be for the account of ALVOTECH, and the regulatory fees will be borne by ALVOTECH except that STADA shall bear the regulatory fees where STADA will have a direct benefit (e.g. lower Supply Price, longer shelf-life, or shorter lead times), which benefit must be of a reasonable and material value relative to the cost of such regulatory fees.

8.4 In case of all other variations, STADA shall bear all fees due to the Health Authority as a consequence of any change, variation or any modification that may be introduced in the Dossier and/or in the Marketing Authorisation.

8.5 Irrespective as to who will benefit from the changes, any changes to the Dossier by ALVOTECH will be communicated without delay and any additional appropriate regulatory documentation will be provided by ALVOTECH to STADA free of charge including but not limited to the preparation of relevant Dossier replacement pages which must comply with e-CTD-requirements. Additionally, ALVOTECH will provide to STADA (a) the updated, consolidated Dossier in e-CTD format within [***] after closure of the respective variation procedure in case such procedure was conducted by ALVOTECH on behalf of STADA and (b) after finalization of the registration procedure, copies of the e-CTD sequences that have been submitted to the Health Authority/-ies. ALVOTECH will not provide to STADA re-published e-CTD sequences.

Article 9 – Monetary Consideration

9.1 In this Article 9, the following definitions shall apply:

(a) "**Dossier Delivery Date**" means the date when the Dossier is actually delivered to STADA in accordance with the provisions of Article 4.3 and in compliance with all applicable provisions of Article 4;

(b) "**Independent Auditor**" means an independent auditing firm of international repute nominated by ALVOTECH or STADA (as the case may be) and to which ALVOTECH or STADA (as the case may be) has no reasonable objection;

(c) "**IPO**" means the first public offering of any class of equity securities by ALVOTECH or any of its Affiliates that results in the admission of such class of equity securities to trading of a regulated market or other recognised investment exchange, whether such public offering is effected by way of an offer for sale, a new issue of shares, an introduction, a placing or otherwise;

(d) "**IPO Planned Date**" means [***] or such other date as the Parties agree in writing;

(e) "**Pre-IPO**" means a placement of any class of equity securities by ALVOTECH or any of its Affiliates with private investors made before and in anticipation of an IPO; and

(f) "**Satisfactory Financial Position**" means that ALVOTECH has sufficient funds available (or on call) to complete the preparation of the Dossier (including completion of the relevant clinical study) ready for submission to the EMA in accordance with Article 7.1, taking into account ALVOTECH's income and other financial obligations.

9.2 In the event that:

(a) ALVOTECH announces an IPO before the IPO Planned Date and notifies STADA in writing thereof;

(b) ALVOTECH believes that it will achieve a Satisfactory Financial Position as a result of a Pre-IPO and notifies STADA in writing that a Pre-IPO will take place; or

(c) if there has been no IPO or Pre-IPO before the IPO Planned Date,

then, in the following month, STADA will conduct a review of ALVOTECH's financial position to satisfy itself and determine whether (or not) ALVOTECH has achieved a Satisfactory Financial Position ("**First Determination**"). Additionally, until the Dossier has been delivered to STADA in accordance with Article 4.3, in January of each year from January 2023 onwards, STADA may conduct a further review to satisfy itself and determine whether (or not) ALVOTECH continues to achieve a Satisfactory Financial Position ("**Yearly Determination**"). In each case STADA will act reasonably in making this determination and will also make such determination as soon as reasonably practicable after STADA has received the necessary financial information in accordance with Article 9.3. STADA shall notify ALVOTECH in writing as to its determination (that ALVOTECH does or does not have a Satisfactory Financial Position). If STADA determines that ALVOTECH does not have a Satisfactory Financial Position, then STADA shall provide ALVOTECH with a summary of its reasons for that determination. If ALVOTECH wishes to challenge such negative determination, it shall, within [***] of that determination, notify STADA accordingly ("**Dispute Notice**") and both Parties shall discuss the position and use their reasonable endeavours to resolve the position in good faith. If, within [***] (or such other period as shall be mutually agreed) of receipt of the Dispute Notice, the Parties are not able to reach agreement, then, within a further period of [***], ALVOTECH is entitled to request that STADA's negative determination be reviewed by an Independent Auditor on the grounds that STADA did not act reasonably in coming to such negative determination. The Independent Auditor shall be requested to give his/her opinion not later than within [***] (or such other period as the Parties shall agree) from the date of appointment. Both Parties shall be entitled to submit documents to the appointed Independent Auditor and to attend a joint meeting with him/her. Such Independent Auditor shall consider all reasonable arguments submitted by each Party. The appointed Independent Auditor shall then determine if STADA has acted reasonably in reaching its negative determination that ALVOTECH has not achieved a Satisfactory Financial Position. If the Independent Auditor decides that STADA has not acted reasonably, then the decision of the Independent Auditor on this issue shall be substituted for STADA's determination and ALVOTECH shall be deemed to have achieved a Satisfactory Financial Position.

9.3 In order that STADA can make its determination as to whether (or not) ALVOTECH has achieved a Satisfactory Financial Position as at each event listed at Articles 9.2(a) to (c) and on each Yearly Determination, ALVOTECH shall co-operate with STADA and information shall be provided as follows:

(a) [***];

(b) [***]; and

(c) [***].

9.4 In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under this Agreement, STADA shall pay to ALVOTECH the consideration ("**Consideration**") of up to €36,600,000 (thirty six million, six hundred thousand Euros), excluding VAT, payable as follows:

(b) €[***] Euros) on the later of (i) [***] or (ii) [***] ;

(c) €[***] Euros) on the later of (ii) [***] or (ii) [***];

(d) €[***] Euros) on [***];

(e) €[***] Euros) on [***];

(f) €[***] Euros) on [***]; and

(g) €[***] Euros) on [***].

9.5 Payments under Articles 9.4(a) through 9.4(g) shall only be payable once. Due payments shall be made by STADA within [***] after receipt of the relevant invoice from ALVOTECH.

9.6 All payments under this Agreement must be paid in Euro.

9.7 In case the First Determination made by STADA according to Article 9.2 is that ALVOTECH has not achieved a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within 4 weeks (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further 4 weeks STADA shall be entitled (at STADA's election) to either:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.7(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; or

(b) terminate this Agreement with one (1) month written notice.

9.8 In case the Yearly Determination(s) made by STADA according to Article 9.2 is that ALVOTECH has not achieved / maintained a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within [***] (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further [***] STADA shall be entitled to:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.8(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; and/or

(b) suspend all milestone payments until the Dossier Delivery Date.

Article 10 – Supply of the Products

Before the [***], STADA and ALVOTECH agree and undertake to each other to enter into a Supply Agreement which shall incorporate the following commitments:

10.1 STADA is committed to and shall ensure that its Affiliates purchase their total demand of the Products according to the Dossier(s) as Finished Product exclusively from ALVOTECH for a term of [***] after Launch of the first strength of the Product in the Territory on a country-by-country basis ("**Exclusive Purchase Obligation**");

10.2 ALVOTECH will constantly manufacture and deliver the Product according to current EU GMP provisions, the Dossier and the Product specifications;

10.3 ALVOTECH will support STADA by using its commercially reasonable efforts to gain the import licence for the Products in case of manufacture in a country not belonging to the European Union, if applicable;

10.4 The prices for the Products supplied to STADA, its Affiliates and/or Distributors as Finished Product will be the greater of (a) [***] of STADA's or STADA's Affiliates' (as applicable) Net Selling Price in the respective country of the Territory or (b) the Floor Prices as stated in Annex 1;

10.5 The Exclusive Purchase Obligation shall terminate automatically in case the Supply Agreement terminates or as otherwise agreed in the Supply Agreement, including in the event any competent authority finds the Exclusive Purchase Obligation in such country to be invalid or unenforceable;

10.6 With regard to the countries of the Territory with Exclusive Rights, upon STADA's failure, other than as a result (and to the extent) of ALVOTECH failing to supply Product quantities ordered by STADA in accordance with the applicable provisions of this Agreement and the Supply Agreement, to purchase on a country-by-country basis:

(a) [***] of its annual non-binding forecast for the Products over [***] consecutive years, or

(b) [***] of its annual non-binding forecast for the Products in [***] and not being able to catch up this volume [***],

ALVOTECH shall be entitled to convert the Exclusive Rights to Semi-Exclusive Rights for the particular country as the sole remedy; and

10.7 The initial term of the Supply Agreement shall be the duration of the Exclusivity Period ("**Initial Supply Term**"). Provided that STADA has complied with its material obligations under the Supply Agreement, STADA shall have the right, in its sole discretion, to:

(a) prolong the Exclusivity Period and prolong the duration of the Supply Agreement, or

(b) prolong the duration of the Supply Agreement (in which case all rights granted to STADA in Articles 2.1 through 2.3 shall become non-exclusive),

for up to three (3) times for further five (5) years periods by providing to ALVOTECH twelve (12) months written notice prior to the end of the Initial Supply Term or any prolonged term (as applicable) of its decision to prolong either the Exclusivity Period and or the term of the Supply Agreement (the total period of the Supply Agreement being call the "**Supply Term**").

In case of any inconsistencies between the provisions of this Agreement and the Supply Agreement in relation to supplies of the Products, the provisions of the Supply Agreement shall prevail.

10.8 Both Parties have the joint aim to be successful in respect of supplying the market in the Territory and understand that continuous cost improvements are an important element to achieve competitiveness. Therefore, ALVOTECH shall use its reasonable commercial efforts during the Supply Term to improve its manufacturing and supply costs for the Product (including [***]) so that, if necessary, ALVOTECH may be able to reduce the Floor Prices. ALVOTECH shall use [***]to support STADA and its Affiliates competitiveness when bidding for tenders if ALVOTECH is able to [***].

Article 11 - Launch, Freedom to Launch and Reimbursement

11.1 STADA will use all commercially reasonable efforts to Launch the Products with the Initial Indications and any mutually agreed Additional Indications in each country of the Territory within [***] of:

(a) MA grant (for the respective country), and

(b) where applicable, receipt of the required price approval by health insurance organisations and other competent authorities,

whichever occurs later, and in any event provided that:

(i) any applicable Patent would not be infringed by the manufacture, marketing and sale of the Products and there is Freedom to Launch and, if applicable, Additional Indication Freedom to Launch;

(ii) ALVOTECH delivers the confirmed orders for the Products on time; and

(iii) there is no judicial measure in force at such time that prevents STADA from Launch of the Products.

If STADA fails to Launch the Products as so required then, within [***], ALVOTECH shall be entitled to terminate the Agreement with regard to the specific country concerned and remove such country from the scope of this Agreement as its sole remedy.

Without limitation of ALVOTECH's obligation under Article 11.3, STADA shall be entitled to decide to Launch the Product without Additional Indications.

11.2 Subject to Article 11.6, but without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Freedom to Launch with the Initial Indications on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.3 Without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Additional Indication Freedom to Launch for such Additional Indications as are agreed by the Parties in the JSC, each acting reasonably, on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining such Additional Indication Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.4 The Parties will provide each other with its available information regarding Third Party Patents affecting the Products in the Territory. Without limitation of ALVOTECH's responsibility (as stated in this Article 11.4) for Freedom to Launch and, if required pursuant to Article 11.3, Additional Indication Freedom to Launch, the Parties will discuss issues relating to Third Party Patents in order to try and reach an agreed opinion as to when it is reasonable to Launch the Products without incurring a material risk of a successful infringement challenge under any Third Party Patent.

11.5 Without limiting STADA's obligation under Article 11.1, the following provisions of this Article 11.5 will apply in addition to, and without limitation of ALVOTECH's responsibility as stated in, Article 11.2 and Article 11.3:

(a) the objective of the following provisions is, so far as possible, to ensure that any settlement agreement needed to secure Freedom to Launch or Additional Indication Freedom to Launch (if applicable) is approved in advance by or for STADA;

(b) if not restricted by confidentiality obligations, ALVOTECH shall provide a copy of the draft settlement agreement to STADA so that STADA can provide comments to ALVOTECH. STADA, acting entirely at its own discretion, shall decide that it approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (if applicable). If STADA approves such draft and the settlement agreement is signed in the form of such draft, then, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to STADA, and STADA will accept that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable);

(c) if, due to confidentiality restrictions, ALVOTECH is not able to provide a copy of the draft settlement agreement to STADA, then STADA is entitled to nominate an external lawyer ("**Nominated Counsel**") of its own choice (but to whom ALVOTECH has no reasonable objection) to act in accordance with the following provisions. The Nominated Counsel will be retained, and paid for, by ALVOTECH as a second or alternative legal counsel and will be instructed by ALVOTECH with a copy to STADA that his/her review covers only (i) the key question whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable) and (ii) how to redraft the draft settlement agreement in order to achieve such Freedom To Launch or Additional Indication Freedom to Launch (as applicable). Oral explanation, if any, to the instructions shall be in the presence of STADA and there shall be no change or amendment to these instructions without the prior written consent of STADA. ALVOTECH shall provide a copy of the draft settlement agreement to the Nominated Counsel so that he/she can provide comments to ALVOTECH and its legal counsel dealing with the proposed settlement agreement. The Nominated Counsel, acting reasonably, shall advise ALVOTECH if he/she approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (as applicable) under this Agreement and shall clearly advise in its response as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable). If permitted by applicable laws, ALVOTECH shall provide a copy of such advice to STADA. Following the Nominated Counsel's approval of such draft, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to the Nominated Counsel. The Nominated Counsel shall then confirm (or otherwise) that the relevant provisions in the signed settlement agreement

affecting the Territory and the country of manufacture by ALVOTECH is in the form he/she approved (containing at the most some immaterial deviations such as typos or clarifications). ALVOTECH shall provide a copy of such confirmation to STADA, and, to the extent that ALVOTECH is not restricted by confidentiality obligations, provide details of the settlement agreement to STADA. Provided that, within [***] of receiving a copy of such confirmation and any available details of the settlement agreement, STADA has not notified ALVOTECH that it is "not satisfied" according to Article 11.5(d)(ii), then STADA accepts that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable). The Parties acknowledge and agree that, in the event there are problems implementing this Article 11.5(c), the Parties will discuss in good faith a reasonable alternative that achieves the same objectives of the Parties. Without limiting Article 15, in the case of Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Freedom to Launch, STADA shall have the right to declare that it assumes that no Freedom to Launch is given and may terminate the Agreement under Articles 11.6 or 11.11. Without limiting Article 15, in the case of Additional Indication Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Additional Indication Freedom to Launch, STADA shall have the right to (i) Launch the Products without such Additional Indication, or (ii) delay the Launch until there is Additional Indication Freedom to Launch;

(d) if:

(i) ALVOTECH considers that STADA has not been reasonable when giving a decision under Article 11.5(b) that it will not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or, if applicable, Additional Indication Freedom to Launch; or

(ii) STADA is not satisfied that the draft settlement agreement as approved by the Nominated Counsel under Article 11.5(c) is satisfactory for the purposes of confirming Freedom to Launch or, as applicable, Additional Indication Freedom to Launch (with STADA giving the reasons for its assessment);

then both Parties shall discuss the situation in good faith and use their reasonable commercial efforts in good faith to reach a resolution. If within [***] the Parties are not able to find a resolution, then both Parties shall refer their disagreement to an external counsel who shall be (A) an experienced attorney-at-law specialised in the field of patents or an experienced patent lawyer and (B) nominated by STADA (provided that ALVOTECH has no reasonable objection to his/her nomination) (such individual, the "**Patent Counsel**") to give his/her opinion within [***] (or such other period as the Parties shall agree). Both Parties shall be entitled to submit documents to the appointed Patent Counsel and to attend a joint meeting with him/her. Such Patent Counsel shall consider all reasonable arguments submitted by each Party. The appointed Patent Counsel shall then determine if STADA has provided reasonable arguments in declaring its dissatisfaction as to whether there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable) or not under the settlement agreement, along with a final determination as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable).

For clarity, the above review and approval rights of STADA and the Nominated Counsel and/or the Patent Counsel shall only apply with respect to Identified Patents, Additional Indications Patents or other Patents in the Territory (or in the country of manufacture by or for ALVOTECH) and shall not extend to rights outside of the Territory.

11.6 In case Freedom to Launch is not given with all Initial Indications within the Territory by the Target Date then, within sixty (60) days after the Target Date, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.7 In case Freedom to Launch is given with all Initial Indications within the Territory within twelve (12) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.8 If, within [***] after termination in accordance with Article 11.7, ALVOTECH grants and/or sells rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including itself and any of its own Affiliates, to market the Products in place of STADA, then the reimbursement to STADA under Article 11.7 shall be increased from €[***] Euros) to €[***] Euros).

11.9 In case Freedom to Launch is given with all Initial Indications within the Territory more than twelve (12) months after the Target Date but prior to twenty-four (24) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA shall be entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.10 If within [***] after such termination in accordance with Article 11.9 by STADA, ALVOTECH grants rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including any of its Affiliates, to market the Products in place of STADA then such reimbursement to STADA shall be increased from €[***] Euros) to €[***] Euros).

11.11 In case Freedom to Launch with all Initial Indications within the Territory is not given within twenty-four (24) months of the Target Date, within sixty (60) days of expiry of such period, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within sixty (60) days refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.12 In case of any termination by STADA under this Article 11, (a) STADA shall transfer all MAs and MA applications to ALVOTECH or its nominee (ALVOTECH shall reimburse STADA for all registration fees for such transfer), (b) STADA, on behalf of itself and its Affiliates, hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, (c) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free, fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use, and sale of the Products in the Territory, in the form substantially similar to the commercialisation as performed or envisaged by STADA, however excluding right to any trademarks, and agrees to introduce ALVOTECH to any STADA licensors with the aim to obtain such licenses at ALVOTECH´s cost from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory, (d) STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier and the Products, and (e) neither Party shall have any further obligations to each other

under this Agreement or the Supply Agreement except for (i) STADA's obligation to cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred Product IP Owned Rights and Created Product IP Rights and to grant the non-exclusive license above and introduce ALVOTECH for the purpose of obtaining any sublicensed IP Rights as provided above, and (ii) those provisions which are intended to take effect or survive after termination.

11.13 In case the Products are the only registered biosimilar versions of [***] mg/mL in countries of the Territory which represent at least [***] of the sales potential for the Products in all such countries at a time when there is Freedom to Launch of the Products with all Initial Indications, STADA will Launch the Products. In this case, there shall be no right to terminate under this Article 11, and the reimbursements provided for in the above paragraphs shall not apply.

11.14 For the purposes of Article 11.13, sales potential shall be calculated by reference to Iqvia (IMS) market research data for volume sales in all the relevant countries over the latest available [***] period. In case Iqvia (IMS) data is not available for any country, then market research data produced by the provider most used in that country by the pharmaceutical industry shall be used instead.

11.15 If, having used reasonable efforts to market the Products, STADA's cumulative Net Sales over [***] years commencing upon Launch do not reach:

(a) [***] of € [***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA €[***] Euros) of the Consideration;

(b) [***] of €[***] Euros), then ALVOTECH will reimburse to STADA €[***] Euros) of the Consideration; or

(c) [***] of €[***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA [***].

11.16 In case Freedom to Launch is not given with all Initial Indications by the Target Date as a result of a Third Party Patent (other than an Additional Indications Patent) that has the effect that no Third Party is able to market a Competing Product (other than the originator's product) in any countries of the Territory, then the Parties shall discuss this situation in good faith within the JSC, and respectively use their commercially reasonable efforts to reach an agreement which reflects the circumstances. However for clarification, if the Parties cannot agree on a potential extension of the Target Date, the (original) Target Date shall remain unchanged; any change shall be subject to a written agreement between the Parties.

11.17 If ALVOTECH is obliged to pay a royalty to a Third Party in order to achieve Additional Indication Freedom to Launch ("**Freedom Royalty")** and it has been decided in the JCS that the Additional Indication will be commercialised, then the supply price as set out in Article 10.4 shall be increased by adding [***] of the rate of such Freedom Royalty. Such [***] of the rate of such Freedom Royalty payable by STADA hereunder shall in no event be more than €[***] Euros) per calendar year in the aggregate for the entire Territory. ALVOTECH shall provide STADA with regular updates (at least [***] per year) on the status of negotiation of such Freedom Royalty. STADA may verify the payments with an auditor in accordance with the provisions of Annex 1 attached hereto.

If the above provisions only apply to some countries, then the effects of this clause shall be applied to those countries only and any payments due shall be made on a pro rata basis (relative to annual sales value).

11.18 Without limiting STADA's obligation under Article 11.1, from and after the Launch of the Product in a country until expiration of the Exclusivity Period, STADA will use all commercially reasonable efforts to promote, market, offer, and sell the Product in such country.

Article 12 – Non-Compete

12.1 STADA shall (and shall ensure that its Affiliates do) not, commencing upon Launch of the Product on a country-by-country basis in the Territory, promote, market, offer, distribute, or sell any Competing Product.

12.2 In any event, this non-competition obligation shall:

(a) not extend more than [***] commencing on the date of Launch on a per country basis, and

(b) not apply to any Competing Product acquired by STADA or its Affiliates as a result of any transaction executed by STADA or its Affiliates acquiring control of a Third Party that manufactures, has already registered or applied for, holds and maintains authorizations of such Competing Product, promotes, sells, markets, distributes or otherwise uses Competing Product in a country of the Territory at the date of acquisition of control where such Competing Product represents less than [***] of the value of all assets acquired. In case that more than [***] of the value of all assets are acquired, STADA has [***] to solve the conflict which may include the sale of the Competing Product. In case that more than [***] but less than [***] of the value of all assets are acquired, STADA has [***] to solve the conflict which may include the sale of the Competing Product.

(c) For the avoidance of doubt, this Article 12 does not apply to Distributors but only to STADA and its Affiliates. For the purpose of this Article 12, the term “Affiliate” in respect of STADA shall include STADA Arzneimittel AG and any and all corporations and companies Controlled (as defined in Article 1.4) by it, either directly or indirectly, but shall [***] (unless such companies themselves are Controlled by STADA).

12.3 Notwithstanding the foregoing, if STADA or any of its Affiliates acquire a Competing Product (regardless of the value of such asset in an overall transaction) that is being promoted, marketed, offered for sale, distributed or sold in the Territory at any time during the [***] period following Launch of the Product within a country of the Territory STADA’s obligation to use commercially reasonable efforts to promote, market, offer and sell Products in the Territory during such [***] period shall not be diminished or otherwise affected by such Competing Product and such Competing Product shall not be taken into account in any manner in determining whether STADA’s or its Affiliates’ conduct of its activities under this Agreement are commercially reasonable.

Article 13 – Confidentiality

13.1 **CONFIDENTIAL INFORMATION**: For [***] following the termination of this Agreement, and unless otherwise provided for in this Agreement, all information of a confidential character provided, pursuant to this Agreement, by either Party to the other including without limitation the contents of the Dossier, information on the business of either Party, the existence and terms of this Agreement as well as negotiations between the Parties prior to this Agreement shall be treated by the receiving Party as confidential (”**Confidential Information**“). During any period of time that Created Product IP Rights and the Owned Product IP Rights are jointly owned by the Parties, such IP Rights shall be considered the Confidential Information of both Parties. For clarity, following assignment of the rights to Created Product IP Rights and the Owned Product IP Rights to ALVOTECH, such IP Rights shall be considered the Confidential Information of ALVOTECH only. The receiving Party shall not disclose Confidential Information or parts thereof to any Third Party except to its Affiliates, its external consultants, competent authorities, Health Authorities, manufacturers, distribution partners or any Third Party acting on behalf of the receiving Party for the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4.

The receiving Party shall ensure that such Third Parties receiving Confidential Information shall be bound by similar secrecy obligations except for competent authorities or Health Authorities. Neither Party shall use Confidential Information of the other Party (or of both Parties as deemed hereunder) for any purpose other than the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4.

13.2 **Exception to the confidentiality obligation**: The obligations of the receiving Party described in the above paragraph shall not apply to information that the receiving Party can prove:

(a) is available to the general public on the Effective Date; or

(b) is or is made known or available to the general public after the Effective Date by any means other than by an unauthorized act or omission of the receiving Party; or

(c) was known to it or any of its Affiliates before the Effective Date and not obtained, directly or indirectly, from the disclosing Party; or

(d) which is disclosed to the receiving Party or any of its Affiliates after the Effective Date by a Third Party which legally possessed it; or

(e) has been independently developed by the receiving Party or any of its Affiliates.

13.3 **Disclosure according to law:** In case Confidential Information of the disclosing Party must be disclosed to courts, governmental agencies, health insurances or other authorities or is otherwise required by law, the receiving Party shall be entitled to do so to the extent required by law provided, however, that if either Party is so required, such Party shall give to the extent possible the other Party reasonable advance notice in written form of such disclosure requirement and use reasonable efforts to secure confidential treatment of such Confidential Information (whether through protective order or otherwise). Such disclosure shall, however, not relieve the receiving Party of its other confidentiality obligations contained herein.

13.4 **Press release**. After signing this Agreement and upon prior mutual and written agreement between the Parties, the Parties may issue a press release, provided always that nothing in this Article 13 shall prohibit any Party from making any public statement or announcement as may be required by the applicable law (including as interpreted by the administration practice of any competent authority) or by rule of any stock exchange (subject to compliance with Article 13.3).

Article 16 – Intellectual Property Rights

16.1 Filing, Prosecution and Maintenance of Joint Rights.

(a) ALVOTECH shall be primarily responsible, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of all Patents relating to the Product IP Owned Rights and the Created Product IP Rights in the Territory ("**Joint Patent Right(s)**"). If ALVOTECH elects not to take any such action with respect to a Joint Patent Right, it shall provide written notice of the same to STADA, and upon STADA's receipt of such notice, STADA shall have the right, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of such Joint Patent Right. The Party responsible for such acts shall report to the other Party on a regular basis as to all material steps taken with regard to the filing, prosecution, and maintenance of such Joint Patent Rights including by providing such other Party with a copy of material communications to and from any IP Rights authority in the Territory regarding such Joint Patent Rights and by providing such other Party with drafts of any material filings or responses to be made to such authorities in the Territory sufficiently in advance of submitting such filings or responses so as to allow such Party a reasonable opportunity to review and comment. Each Party shall give the other Party all reasonably necessary support for the prosecuting Party to fulfil its obligations under this Article 15.1.

(b) For clarity, (i) as between the Parties, ALVOTECH or its Affiliate retains the sole right to prosecute and maintain all registered IP Rights contained within Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights, and (ii) ALVOTECH or its Affiliate retains the sole right to file for, prosecute and maintain all registered IP Rights contained within Product IP Owned Rights and Created Product IP Rights outside the Territory.

16.2 Each Party is obliged to inform the other Party as soon as reasonably possible if it becomes aware of (a) any registered IP Rights like patents or utility models of Third Parties affecting the commercialisation of the Products in the Territory or manufacture of the Product (regardless of whether in or outside the Territory) for sale and distribution in the Territory which were not previously known to each other, or (b) any potential infringement or misappropriation of any Product IP Owned Right or Created Product IP Rights by a Third Party ("**Third Party Joint IP Infringement**"), or (c) any potential infringement or misappropriation of either any Product IP Licensed Rights or any Manufacturing Product ex-Territory IP Rights by a Third Party affecting the Product in the Territory or its manufacture for the Territory (each, a "**Third Party Licensed IP Infringement**"), and in each case, provide all relevant information and documents regarding such issue.

16.3 In the event that any Third Party files an action, whether in court or out of court, against STADA (including STADA's Affiliates and/or Distributors), claiming an alleged infringement of registered IP Rights (especially but not limited to Patents) ("**IP Claims**") as a consequence of or derived from (a) the performance of any of the operations contemplated in this Agreement or the Supply Agreement or (b) in case additional Patents will be granted after the Effective Date and STADA's external patent counsel confirms that a Product falls within the scope of protection of such Third Party Patents as well as STADA and/or its Affiliates decide not to launch the Product or to discontinue marketing the Product, as the case may be, due to such additional Patents granted, then STADA shall provide ALVOTECH with all relevant details and ALVOTECH shall cooperate and render all assistance and all available documentation to STADA and/or its Affiliates in the event STADA and/or its Affiliate decide(s) to take action with respect to the claim of the alleged infringement.

16.4 ALVOTECH shall coordinate and decide the defense strategy, the means of proof and the appeals for any IP Claim up to the point of time of grant of MA in any country of the Territory. After the grant of the MA in any country of the Territory, the Parties shall decide together on the defense strategy, the means of proof and appeals for such IP Claim. This includes a joint decision on the defense of legal proceedings where necessary in the name of one of the Parties or in the joint name of both Parties as appropriate. In case the Parties do not agree on the defence strategy, then subject to Article 16.6, the Party being sued shall finally decide the defense strategy and the other Party shall use reasonable efforts to cooperate with such Party.

16.5 In the event that either Party reasonably believes there is a Third Party Joint IP Infringement or a Third Party Licensed IP Infringement (each, an "**Enforcement Claim**"), the Parties shall without undue delay consult each other on how to address such Enforcement Claim.

16.6 In case that any IP Claim is initiated against one Party or a Party is permitted to enforce an Enforcement Claim under this Agreement, and such Party requires the collaboration of the other Party for its defense or enforcement, as applicable, the other Party is obliged to provide reasonable collaboration to the requesting Party as well as to provide, as soon as possible, all the relevant information, documents, etc., that may be available, including joining the legal proceedings as a party where such party may be required to be joined in order to defend or enforce such IP Claim or Enforcement Claim, as applicable. Excluding ALVOTECH Claims, the defending or enforcing Party, as applicable, in any IP Claim or any Enforcement Claim shall keep the other Party informed on a reasonable and timely basis as to the status of the proceedings, including the defense or settlement of such claim. Excluding ALVOTECH Claims, for which no consent will be required from STADA, neither the defending or enforcing Party nor the non-defending or non-enforcing Party may settle any legal disputes without prior written consent of the other Party, such consent not to be unreasonably withheld or conditioned.

16.7 In the event that the Parties cannot agree on enforcement of any Third Party Joint IP Infringement affecting the Product in the Territory within [***] of such discussions, then subject to Article 16.6, STADA shall have the first right to elect to enforce such Third Party Joint IP Infringement by delivering to ALVOTECH, after such [***] period, written notice of such election. If ALVOTECH does not receive written notice within such [***] period, then subject to Article 16.6, ALVOTECH shall have the right to enforce such Third Party Joint IP Infringement.

16.8 In the event that the Parties cannot agree on enforcement of any Third Party Licensed IP Infringement involving Product IP Licensed Rights affecting the Product in the Territory within [***] of such discussions, ALVOTECH shall have the first right to elect to enforce any such Third Party Licensed IP Infringement involving Product IP Licensed Rights. In the event ALVOTECH or its Affiliate elects not to take action against any infringement of any Product IP Licensed Rights by a Third Party affecting the Product in the Territory within [***] of its right to do so under this Article 16.8, and to the extent that ALVOTECH as licensee has rights to enforce the Product IP Licensed Rights against such Third Party in the Territory (and may grant sub-license rights to STADA of the same), STADA shall have the right, subject to Article 16.6, at its own expense, and if applicable in the name of both Parties, for taking all reasonable action related to enforcement of such Product IP Licensed Rights affecting the Product against such Third Party in the Territory. ALVOTECH shall use commercially reasonable efforts to obtain the right to enforce such Product IP Licensed Rights affecting the Product in the Territory. For clarity, ALVOTECH will have the sole right to enforce all other Enforcement Claims ("**ALVOTECH Claims**").

16.9 For the avoidance of doubt, subject to Article 17.5, any claims, including IP Claims, brought against STADA's trademark, brand and/or logo any actions taken by STADA in order to defend STADA's trademark, brand and/or logo are in the sole discretion and responsibility of STADA.

Article 17 – Termination and Expiration

17.1 This Agreement shall become effective upon the Effective Date.

17.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 17, (a) STADA will keep the Dossier (and its rights to use the Dossier), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein), and (c) the Exclusive Purchase Obligation shall terminate.

(e) by STADA if an EU-wide Marketing Authorisation by way of the CP is not granted by 30 April 2025 (date of positive EC decision) (which date shall be extended by up to three (3) months if it is likely that such extension of time has a reasonable prospect of resulting in a positive opinion);

(f) by STADA if the Dossier is not delivered to STADA by Target Dossier Delivery Date.

17.4 The effects of termination by STADA according to Article 17.3(a) or (b) or (d) shall be that (a) STADA will keep the Dossier (and its rights to use the Dossier), and upcoming and granted MAs, (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become [***] (but remain subject to restrictions contained therein) and STADA shall not be required to make any further payments to ALVOTECH under this Agreement (other than pursuant to Article 10 if the Supply Agreement remains in place), and (c) STADA shall be [***].

Further, in case of termination by STADA according to Article 17.3(a) or (d), provided that the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of STADA to exploit or exercise its rights under this Agreement, then ALVOTECH shall reimburse to STADA:

(a) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place prior to or during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

Any reimbursement shall be fully credited against any damages claims awarded.

17.5 The effects of termination by (i) ALVOTECH as terminating Party according to Article 17.3(a) or (b) or (d) (provided that, in case of termination under Article 17.3(a) or (d), the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of ALVOTECH to benefit from the rights granted under this Agreement, or (ii) STADA as terminating Party according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that STADA shall return to ALVOTECH, without retaining any copy, the Dossier (if any), together with any other documentation delivered by ALVOTECH in connection with the Products, except for copies which are required to be retained subject to law. In addition upon written request by ALVOTECH, STADA shall immediately assign and transfer any and all rights to the MAs (or to any MA applications, as the case may be) to ALVOTECH or ALVOTECH's designee, at no cost for ALVOTECH whatsoever and STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier, any IP Rights under this Agreement, including any Created Product IP Rights, Owned Created IP Rights, Product IP Licensed Rights, and Manufacturing Product ex-Territory IP Rights, the Products and/or the MAs for the Products. In addition, STADA, on behalf of itself and its Affiliates, (a) hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, and (b) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free (except for any royalties for the product trademarks as set out herein), fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use and sale of the Product in the Territory in a form substantially similar to the commercialisation as performed or envisaged by STADA, and agrees to introduce ALVOTECH and its designees with the aim to obtain any such licenses from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory. Such license granted under this Article 17.5(b) shall exclude rights to any

trademarks, trade dress of use of the company names of STADA or its Affiliates; provided that in the event termination occurs after launch of the Product in a country in the Territory, then STADA hereby grants ALVOTECH an exclusive and sublicensable right (through multiple tiers), to use the product trademark under which the Product was being commercialized in such country for the sole purpose of manufacturing, marketing, using, or selling the Products in the Territory, and the Parties will negotiate in good faith a trademark license agreement with standard royalties customary in the pharmaceutical industry for a deal of this size and commercial potential of the Product, addressing the enforcement and protection of such trademark for the benefit of ALVOTECH, or if mutually agreed to, an assignment of such trademark to ALVOTECH. The product trademark license shall be royalty-free and fully paid up, if ALVOTECH is the terminating Party according to Article 17.3(a) or (b) or (d), and shall bear said standard royalties as set out herein, if STADA is the terminating Party according to Article 17.3(c), (e) or (f). In case the Parties cannot agree on such standard royalties for said trademark within [***] days after start of the negotiation, either Party may request that the president of the International Chamber of Commerce in Frankfurt, Germany, as arbitrator (or any other person nominated by said president and acting as arbitrator) determines the same in good faith taking into consideration the nature of the license in the pharmaceutical industry, the size and commercial potential of the Product. For this purpose, both Parties may submit a confidential proposal to the arbitrator setting out the amount of such royalty rate within the time period set by the arbitrator which shall not exceed [***] after the arbitrator has been appointed or invoked. The arbitrator shall only be entitled to choose between one of the two proposals and shall select only such proposal which he considers in good faith the most appropriate one in light of the criteria set out herein. The determination of the arbitrator of the royalty rate shall be binding in any court of competent jurisdiction. The total expense including reasonable attorney fees of such arbitration shall be paid by the unsuccessful Party. STADA will cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred IP Rights.

17.6 In addition to the effects set out in Article 17.5, the effects of termination by STADA according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that ALVOTECH shall reimburse STADA all payments already made under Article 9.4 and all regulatory fees and any other costs related to such MAs or application already paid under this Agreement.

17.7 This Agreement can be terminated by STADA on a country-by-country basis for any country of the Territory with immediate effect by giving written notice to ALVOTECH if:

(a) ALVOTECH fails to assist STADA in answering adequately any deficiency letter issued by any relevant Health Authority so that a MA for at least one strength (pack size) of the Product cannot be obtained in such country; or

(b) Article 16.3 applies in the country concerned, and the prospects of the Third Party lawsuit are that, on the balance of probabilities, such lawsuit will succeed; or

(c) the Health Authorities of the respective country decline to successfully conclude a registration procedure in a national procedure and to grant a MA for the Product on the basis of the Dossier, or the performance of ALVOTECH is not in line with the European state of the art in regulatory affairs in running/or supporting the application procedures, independent of any possibility of appeal, or if the Health Authority or any other responsible authority declines to grant reimbursement status.

In case of termination by STADA under Article 17.7(a) or (c) for non-EU countries, ALVOTECH shall refund to STADA an amount calculated according to the following scheme: refund amount = [***] For these purposes, the sales shall be determined according to data provided by IQVIA Commercial GmbH & Co. OHG, Frankfurt/Main, Germany.

In all cases of termination under this Article 17.7, the effects set out in Article 17.5 shall apply, but only for the country(ies) concerned, and the Exclusive Purchase Obligation shall terminate automatically for the specific terminated country/countries.

17.8 The terms and conditions of this Article shall not limit any rights for damages of either Party subject to a breach of contract by the other Party in case of termination of this Agreement. However, any reimbursements made in accordance with the terms of this Agreement shall be deducted from the amount of any damage claim awarded.

17.9 For clarification: in all events of termination the non-compete obligation shall also terminate (for the respective country, if termination occurs on a country-by-country basis).

17.10 Upon termination of this Agreement for any reason, nothing shall be construed to release one of the Parties from any of its obligations or liabilities hereunder arisen until the date of termination (including without limitations its obligations to pay any and all fees or other amounts accrued but unpaid hereunder prior to the date of such termination).

17.11 In any case of termination, except in the event that ALVOTECH terminates this Agreement for material breach by STADA, STADA, its Affiliates and/or its Distributors are entitled to sell their remaining stock of the Product purchased from ALVOTECH, provided that all outstanding invoices of ALVOTECH for the Product supply have been paid by STADA. As long as necessary for the sell-out of the remaining stock as permitted herein, STADA is entitled to use and keep the Dossier and the relevant MAs.

Article 18 – Miscellaneous

18.1 Social Responsibility:

(a) Each Party undertakes and warrants to the other Party that with respect to the performance of this Agreement it shall adhere to the ten principles of the UN Global Compact which include human rights, labour and environment principles and working against corruption in all its forms.

(b) Any damage of either Party due to the non-compliance with this warranty shall be limited to the direct damage suffered by the other Party as a result of such non-compliance.

(c) Such damages are the sole and only legal remedy in case of any breach by either Party of, or non-compliance with, the warranty set forth in Article 18.1(a). Therefore, any other remedies such as the rights to terminate or rescind this Agreement or withdraw from it or to claim any other damages such as indirect, consequential, special or incidental damages are expressly excluded.

18.2 Assignment: This Agreement is deemed personal to both ALVOTECH and STADA. Therefore, neither Party shall, without the prior written consent of the other Party which will not be reasonably denied, assign this Agreement or any of its rights hereunder, except to an Affiliate. Any assignment in derogation of this Article 18.2 shall, at the option of the non-assigning Party, be deemed null and void. In addition, ALVOTECH may, with STADA's prior written consent, assign the rights under this Agreement to a bank or other financial institution making financial facilities available to a Party for the purposes of its working capital or other requirements.

No amendments, changes, or modifications of the terms of this Agreement shall be deemed valid and binding unless made in writing and signed by the duly authorised representative of each Party.

18.4 Law and jurisdiction: The validity, interpretation and fulfilment of this Agreement shall be governed by the material laws of Germany without reference to the United Nations Convention on the International Sale of Goods (CISG). The place of jurisdiction shall be Frankfurt am Main, Germany.

18.5 Non-waiver: The failure by any Party at any time to enforce any of the terms, provisions or conditions of this Agreement or to exercise any right hereunder shall not constitute a waiver of the same or affect the validity of this Agreement or any part hereof, or ALVOTECH's and STADA's right thereafter to enforce or to exercise the same.

18.6 Severability: In case one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such holding shall not affect any other provisions of this Agreement. Instead a provision shall be construed by limiting such provision to such extent as would nearly be possible reflect the intent, purpose and economic effect of such, or, if such is not possible, by deleting such provision from this Agreement.

In case STADA runs the registration procedures on its own, STADA will use all reasonable efforts to provide the deficiency letters received from any Health Authority to ALVOTECH without delay, at the latest within [***] working day from the receipt thereof. Irrespective of whether the registration procedure is conducted by ALVOTECH on behalf of STADA, by STADA itself or a regulatory consultant working on behalf of STADA and/or its Affiliates, ALVOTECH shall provide all reasonable assistance which is required to obtain and maintain the MAs as quickly as possible. Such assistance shall be interpreted as including without limitation to provide STADA with the statements, certificates and information required to compile module one (1) of the Dossier prior to submission, the timely and free of charge preparation of response documents to deficiency letters from the Health Authorities in English language and in accordance with applicable guidelines. Moreover, ALVOTECH will provide the draft and final response documents to deficiency letters from Health Authorities prior to submission and with sufficient time for STADA or the regulatory consultants working on behalf of STADA and/or its Affiliates to evaluate and comment on such response documents.

A copy of the submitted responses will be provided to STADA within [***] working days after submission in case such procedure was conducted by ALVOTECH on behalf of STADA.

In the event deficiency letters received from the competent Health Authorities in the Territory require significant, additional Product development activities beyond the requirements of the relevant guidelines, then ALVOTECH and STADA shall decide in mutual consent the manner in which the information shall be generated.

7.5 STADA will use the MAs and the Dossier only according to Article 2 of this Agreement. The passing on of the Dossier or copies of it, whether in whole or in parts, to any Third Party, except to STADA's Affiliates, Distributors, sublicencees, competent authorities or external consultants (subcontractors), is strictly prohibited. Any further use depends on the written consent of ALVOTECH. Once STADA is entitled to arrange for the manufacture of the Product itself or its Affiliates or sub-contract it to Third Party manufacturers, STADA may for such purpose disclose the relevant parts of the Dossier to the relevant Third Party manufacturer subject to confidentiality obligations no less stringent than the confidentiality obligations of this Agreement.

Article 8 – Changes / Variations

8.1 In case of intended variations to the Dossier initiated by ALVOTECH after grant of the MAs, ALVOTECH will inform STADA at least [***] in advance before the intended date of those changes coming into effect. ALVOTECH will provide STADA with sufficient details to start internal change control procedures at least [***] before submission of the variation and will provide STADA in time for submission with the necessary complete documentation for the variation procedure. However, every variation has first to be approved by STADA, and STADA shall not unreasonably withhold or delay such approval in writing. The changes to the Product notified to the Health Authorities shall only be implemented after successful completion of the variation procedures in the Territory or after written approval of STADA's QC department.

8.2 In case of STADA-requested variations, which require additional work, like, but not limited to, development work, at ALVOTECH, such work shall be on behalf and for the account of STADA. The regulatory fees for such STADA-requested variations will be completely borne by STADA.

8.3 In case of ALVOTECH-requested variations, the work required shall be for the account of ALVOTECH, and the regulatory fees will be borne by ALVOTECH except that STADA shall bear the regulatory fees where STADA will have a direct benefit (e.g. lower Supply Price, longer shelf-life, or shorter lead times), which benefit must be of a reasonable and material value relative to the cost of such regulatory fees.

8.4 In case of all other variations, STADA shall bear all fees due to the Health Authority as a consequence of any change, variation or any modification that may be introduced in the Dossier and/or in the Marketing Authorisation.

8.5 Irrespective as to who will benefit from the changes, any changes to the Dossier by ALVOTECH will be communicated without delay and any additional appropriate regulatory documentation will be provided by ALVOTECH to STADA free of charge including but not limited to the preparation of relevant Dossier replacement pages which must comply with e-CTD-requirements. Additionally, ALVOTECH will provide to STADA (a) the updated, consolidated Dossier in e-CTD format within [***] after closure of the respective variation procedure in case such procedure was conducted by ALVOTECH on behalf of STADA and (b) after finalization of the registration procedure, copies of the e-CTD sequences that have been submitted to the Health Authority/-ies. ALVOTECH will not provide to STADA re-published e-CTD sequences.

Article 9 – Monetary Consideration

9.1 In this Article 9, the following definitions shall apply:

(a) "**Dossier Delivery Date**" means the date when the Dossier is actually delivered to STADA in accordance with the provisions of Article 4.3 and in compliance with all applicable provisions of Article 4;

(b) "**Independent Auditor**" means an independent auditing firm of international repute nominated by ALVOTECH or STADA (as the case may be) and to which ALVOTECH or STADA (as the case may be) has no reasonable objection;

(c) "**IPO**" means the first public offering of any class of equity securities by ALVOTECH or any of its Affiliates that results in the admission of such class of equity securities to trading of a regulated market or other recognised investment exchange, whether such public offering is effected by way of an offer for sale, a new issue of shares, an introduction, a placing or otherwise;

(d) "**IPO Planned Date**" means [***] or such other date as the Parties agree in writing;

(e) "**Pre-IPO**" means a placement of any class of equity securities by ALVOTECH or any of its Affiliates with private investors made before and in anticipation of an IPO; and

(f) "**Satisfactory Financial Position**" means that ALVOTECH has sufficient funds available (or on call) to complete the preparation of the Dossier (including completion of the relevant clinical study) ready for submission to the EMA in accordance with Article 7.1, taking into account ALVOTECH's income and other financial obligations.

9.2 In the event that:

(a) ALVOTECH announces an IPO before the IPO Planned Date and notifies STADA in writing thereof;

(b) ALVOTECH believes that it will achieve a Satisfactory Financial Position as a result of a Pre-IPO and notifies STADA in writing that a Pre-IPO will take place; or

(c) if there has been no IPO or Pre-IPO before the IPO Planned Date,

then, in the following month, STADA will conduct a review of ALVOTECH's financial position to satisfy itself and determine whether (or not) ALVOTECH has achieved a Satisfactory Financial Position ("**First Determination**"). Additionally, until the Dossier has been delivered to STADA in accordance with Article 4.3, in January of each year from January 2023 onwards, STADA may conduct a further review to satisfy itself and determine whether (or not) ALVOTECH continues to achieve a Satisfactory Financial Position ("**Yearly Determination**"). In each case STADA will act reasonably in making this determination and will also make such determination as soon as reasonably practicable after STADA has received the necessary financial information in accordance with Article 9.3. STADA shall notify ALVOTECH in writing as to its determination (that ALVOTECH does or does not have a Satisfactory Financial Position). If STADA determines that ALVOTECH does not have a Satisfactory Financial Position, then STADA shall provide ALVOTECH with a summary of its reasons for that determination. If ALVOTECH wishes to challenge such negative determination, it shall, within [***] of that determination, notify STADA accordingly ("**Dispute Notice**") and both Parties shall discuss the position and use their reasonable endeavours to resolve the position in good faith. If, within [***] (or such other period as shall be mutually agreed) of receipt of the Dispute Notice, the Parties are not able to reach agreement, then, within a further period of [***], ALVOTECH is entitled to request that STADA's negative determination be reviewed by an Independent Auditor on the grounds that STADA did not act reasonably in coming to such negative determination. The Independent Auditor shall be requested to give his/her opinion not later than within [***] (or such other period as the Parties shall agree) from the date of appointment. Both Parties shall be entitled to submit documents to the appointed Independent Auditor and to attend a joint meeting with him/her. Such Independent Auditor shall consider all reasonable arguments submitted by each Party. The appointed Independent Auditor shall then determine if STADA has acted reasonably in reaching its negative determination that ALVOTECH has not achieved a Satisfactory Financial Position. If the Independent Auditor decides that STADA has not acted reasonably, then the decision of the Independent Auditor on this issue shall be substituted for STADA's determination and ALVOTECH shall be deemed to have achieved a Satisfactory Financial Position.

9.3 In order that STADA can make its determination as to whether (or not) ALVOTECH has achieved a Satisfactory Financial Position as at each event listed at Articles 9.2(a) to (c) and on each Yearly Determination, ALVOTECH shall co-operate with STADA and information shall be provided as follows:

(a) [***];

(b) [***]; and

(c) [***].

9.4 In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under this Agreement, STADA shall pay to ALVOTECH the consideration ("**Consideration**") of up to €36,600,000 (thirty six million, six hundred thousand Euros), excluding VAT, payable as follows:

(a) €[***] Euros) on the later of (i) [***] or, if earlier (ii) [***];

(b) €[***] Euros) on the later of (i) [***] or (ii) [***];

(c) €[***] Euros) on the later of (ii) [***] or (ii) [***];

(d) €[***] Euros) on [***];

(e) €[***] Euros) on [***];

(f) €[***] Euros) on [***]; and

(g) €[***] Euros) on [***].

9.5 Payments under Articles 9.4(a) through 9.4(g) shall only be payable once. Due payments shall be made by STADA within [***] after receipt of the relevant invoice from ALVOTECH.

9.6 All payments under this Agreement must be paid in Euro.

9.7 In case the First Determination made by STADA according to Article 9.2 is that ALVOTECH has not achieved a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within 4 weeks (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further 4 weeks STADA shall be entitled (at STADA's election) to either:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.7(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; or

(b) terminate this Agreement with one (1) month written notice.

9.8 In case the Yearly Determination(s) made by STADA according to Article 9.2 is that ALVOTECH has not achieved / maintained a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within [***] (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further [***] STADA shall be entitled to:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.8(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; and/or

(b) suspend all milestone payments until the Dossier Delivery Date.

Article 10 – Supply of the Products

Before the [***], STADA and ALVOTECH agree and undertake to each other to enter into a Supply Agreement which shall incorporate the following commitments:

10.1 STADA is committed to and shall ensure that its Affiliates purchase their total demand of the Products according to the Dossier(s) as Finished Product exclusively from ALVOTECH for a term of [***] after Launch of the first strength of the Product in the Territory on a country-by-country basis ("**Exclusive Purchase Obligation**");

10.2 ALVOTECH will constantly manufacture and deliver the Product according to current EU GMP provisions, the Dossier and the Product specifications;

10.3 ALVOTECH will support STADA by using its commercially reasonable efforts to gain the import licence for the Products in case of manufacture in a country not belonging to the European Union, if applicable;

10.4 The prices for the Products supplied to STADA, its Affiliates and/or Distributors as Finished Product will be the greater of (a) [***] percent ([***]%) of STADA's or STADA's Affiliates' (as applicable) Net Selling Price in the respective country of the Territory or (b) the Floor Prices as stated in Annex 1;

10.5 The Exclusive Purchase Obligation shall terminate automatically in case the Supply Agreement terminates or as otherwise agreed in the Supply Agreement, including in the event any competent authority finds the Exclusive Purchase Obligation in such country to be invalid or unenforceable;

10.6 With regard to the countries of the Territory with Exclusive Rights, upon STADA's failure, other than as a result (and to the extent) of ALVOTECH failing to supply Product quantities ordered by STADA in accordance with the applicable provisions of this Agreement and the Supply Agreement, to purchase on a country-by-country basis:

(a) [***] of its annual non-binding forecast for the Products over [***] consecutive years, or

(b) [***] of its annual non-binding forecast for the Products in [***] and not being able to catch up this volume in [***],

ALVOTECH shall be entitled to convert the Exclusive Rights to Semi-Exclusive Rights for the particular country as the sole remedy; and

10.7 The initial term of the Supply Agreement shall be the duration of the Exclusivity Period ("**Initial Supply Term**"). Provided that STADA has complied with its material obligations under the Supply Agreement, STADA shall have the right, in its sole discretion, to:

(a) prolong the Exclusivity Period and prolong the duration of the Supply Agreement, or

(b) prolong the duration of the Supply Agreement (in which case all rights granted to STADA in Articles 2.1 through 2.3 shall become non-exclusive),

for up to three (3) times for further five (5) years periods by providing to ALVOTECH twelve (12) months written notice prior to the end of the Initial Supply Term or any prolonged term (as applicable) of its decision to prolong either the Exclusivity Period and or the term of the Supply Agreement (the total period of the Supply Agreement being call the "**Supply Term**").

In case of any inconsistencies between the provisions of this Agreement and the Supply Agreement in relation to supplies of the Products, the provisions of the Supply Agreement shall prevail.

10.8 Both Parties have the joint aim to be successful in respect of supplying the market in the Territory and understand that continuous cost improvements are an important element to achieve competitiveness. Therefore, ALVOTECH shall use its reasonable commercial efforts during the Supply Term to improve its manufacturing and supply costs for the Product (including [***]) so that, if necessary, ALVOTECH may be able to reduce the Floor Prices. ALVOTECH shall use its [***] to support STADA and its Affiliates competitiveness when bidding for tenders if ALVOTECH is able to [***].

Article 11 - Launch, Freedom to Launch and Reimbursement

11.1 STADA will use all commercially reasonable efforts to Launch the Products with the Initial Indications and any mutually agreed Additional Indications in each country of the Territory within [***] of:

(a) MA grant (for the respective country), and

(b) where applicable, receipt of the required price approval by health insurance organisations and other competent authorities,

whichever occurs later, and in any event provided that:

(i) any applicable Patent would not be infringed by the manufacture, marketing and sale of the Products and there is Freedom to Launch and, if applicable, Additional Indication Freedom to Launch;

(ii) ALVOTECH delivers the confirmed orders for the Products on time; and

(iii) there is no judicial measure in force at such time that prevents STADA from Launch of the Products.

If STADA fails to Launch the Products as so required then, within [***], ALVOTECH shall be entitled to terminate the Agreement with regard to the specific country concerned and remove such country from the scope of this Agreement as its sole remedy.

Without limitation of ALVOTECH's obligation under Article 11.3, STADA shall be entitled to decide to Launch the Product without Additional Indications.

11.2 Subject to Article 11.6, but without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Freedom to Launch with the Initial Indications on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.3 Without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Additional Indication Freedom to Launch for such Additional Indications as are agreed by the Parties in the JSC, each acting reasonably, on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining such Additional Indication Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.4 The Parties will provide each other with its available information regarding Third Party Patents affecting the Products in the Territory. Without limitation of ALVOTECH's responsibility (as stated in this Article 11.4) for Freedom to Launch and, if required pursuant to Article 11.3, Additional Indication Freedom to Launch, the Parties will discuss issues relating to Third Party Patents in order to try and reach an agreed opinion as to when it is reasonable to Launch the Products without incurring a material risk of a successful infringement challenge under any Third Party Patent.

11.5 Without limiting STADA's obligation under Article 11.1, the following provisions of this Article 11.5 will apply in addition to, and without limitation of ALVOTECH's responsibility as stated in, Article 11.2 and Article 11.3:

(a) the objective of the following provisions is, so far as possible, to ensure that any settlement agreement needed to secure Freedom to Launch or Additional Indication Freedom to Launch (if applicable) is approved in advance by or for STADA;

(b) if not restricted by confidentiality obligations, ALVOTECH shall provide a copy of the draft settlement agreement to STADA so that STADA can provide comments to ALVOTECH. STADA, acting entirely at its own discretion, shall decide that it approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (if applicable). If STADA approves such draft and the settlement agreement is signed in the form of such draft, then, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to STADA, and STADA will accept that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable);

(c) if, due to confidentiality restrictions, ALVOTECH is not able to provide a copy of the draft settlement agreement to STADA, then STADA is entitled to nominate an external lawyer ("**Nominated Counsel**") of its own choice (but to whom ALVOTECH has no reasonable objection) to act in accordance with the following provisions. The Nominated Counsel will be retained, and paid for, by ALVOTECH as a second or alternative legal counsel and will be instructed by ALVOTECH with a copy to STADA that his/her review covers only (i) the key question whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable) and (ii) how to redraft the draft settlement agreement in order to achieve such Freedom To Launch or Additional Indication Freedom to Launch (as applicable). Oral explanation, if any, to the instructions shall be in the presence of STADA and there shall be no change or amendment to these instructions without the prior written consent of STADA. ALVOTECH shall provide a copy of the draft settlement agreement to the Nominated Counsel so that he/she can provide comments to ALVOTECH and its legal counsel dealing with the proposed settlement agreement. The Nominated Counsel, acting reasonably, shall advise ALVOTECH if he/she approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (as applicable) under this Agreement and shall clearly advise in its response as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable). If permitted by applicable laws, ALVOTECH shall provide a copy of such advice to STADA. Following the Nominated Counsel's approval of such draft, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to the Nominated Counsel. The Nominated Counsel shall then confirm (or otherwise) that the relevant provisions in the signed settlement agreement

affecting the Territory and the country of manufacture by ALVOTECH is in the form he/she approved (containing at the most some immaterial deviations such as typos or clarifications). ALVOTECH shall provide a copy of such confirmation to STADA, and, to the extent that ALVOTECH is not restricted by confidentiality obligations, provide details of the settlement agreement to STADA. Provided that, within [***] days of receiving a copy of such confirmation and any available details of the settlement agreement, STADA has not notified ALVOTECH that it is "not satisfied" according to Article 11.5(d)(ii), then STADA accepts that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable). The Parties acknowledge and agree that, in the event there are problems implementing this Article 11.5(c), the Parties will discuss in good faith a reasonable alternative that achieves the same objectives of the Parties. Without limiting Article 15, in the case of Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Freedom to Launch, STADA shall have the right to declare that it assumes that no Freedom to Launch is given and may terminate the Agreement under Articles 11.6 or 11.11. Without limiting Article 15, in the case of Additional Indication Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Additional Indication Freedom to Launch, STADA shall have the right to (i) Launch the Products without such Additional Indication, or (ii) delay the Launch until there is Additional Indication Freedom to Launch;

(d) if:

(i) ALVOTECH considers that STADA has not been reasonable when giving a decision under Article 11.5(b) that it will not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or, if applicable, Additional Indication Freedom to Launch; or

(ii) STADA is not satisfied that the draft settlement agreement as approved by the Nominated Counsel under Article 11.5(c) is satisfactory for the purposes of confirming Freedom to Launch or, as applicable, Additional Indication Freedom to Launch (with STADA giving the reasons for its assessment);

then both Parties shall discuss the situation in good faith and use their reasonable commercial efforts in good faith to reach a resolution. If within [***] the Parties are not able to find a resolution, then both Parties shall refer their disagreement to an external counsel who shall be (A) an experienced attorney-at-law specialised in the field of patents or an experienced patent lawyer and (B) nominated by STADA (provided that ALVOTECH has no reasonable objection to his/her nomination) (such individual, the "**Patent Counsel**") to give his/her opinion within [***] (or such other period as the Parties shall agree). Both Parties shall be entitled to submit documents to the appointed Patent Counsel and to attend a joint meeting with him/her. Such Patent Counsel shall consider all reasonable arguments submitted by each Party. The appointed Patent Counsel shall then determine if STADA has provided reasonable arguments in declaring its dissatisfaction as to whether there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable) or not under the settlement agreement, along with a final determination as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable).

For clarity, the above review and approval rights of STADA and the Nominated Counsel and/or the Patent Counsel shall only apply with respect to Identified Patents, Additional Indications Patents or other Patents in the Territory (or in the country of manufacture by or for ALVOTECH) and shall not extend to rights outside of the Territory.

11.6 In case Freedom to Launch is not given with all Initial Indications within the Territory by the Target Date then, within sixty (60) days after the Target Date, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.7 In case Freedom to Launch is given with all Initial Indications within the Territory within twelve (12) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.8 If, within [***] after termination in accordance with Article 11.7, ALVOTECH grants and/or sells rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including itself and any of its own Affiliates, to market the Products in place of STADA, then the reimbursement to STADA under Article 11.7 shall be increased from €[***] Euros) to €[***] Euros).

11.9 In case Freedom to Launch is given with all Initial Indications within the Territory more than twelve (12) months after the Target Date but prior to twenty-four (24) months after the Target Date, then, within [***] after such Freedom to Launch is notified to STADA, STADA shall be entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.10 If within [***] after such termination in accordance with Article 11.9 by STADA, ALVOTECH grants rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including any of its Affiliates, to market the Products in place of STADA then such reimbursement to STADA shall be increased from €[***] Euros) to €[***] Euros).

11.11 In case Freedom to Launch with all Initial Indications within the Territory is not given within twenty-four (24) months of the Target Date, within sixty (60) days of expiry of such period, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.12 In case of any termination by STADA under this Article 11, (a) STADA shall transfer all MAs and MA applications to ALVOTECH or its nominee (ALVOTECH shall reimburse STADA for all registration fees for such transfer), (b) STADA, on behalf of itself and its Affiliates, hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, (c) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free, fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use, and sale of the Products in the Territory, in the form substantially similar to the commercialisation as performed or envisaged by STADA, however excluding right to any trademarks, and agrees to introduce ALVOTECH to any STADA licensors with the aim to obtain such licenses at ALVOTECH´s cost from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory, (d) STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier and the Products, and (e) neither Party shall have any further obligations to each other

under this Agreement or the Supply Agreement except for (i) STADA's obligation to cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred Product IP Owned Rights and Created Product IP Rights and to grant the non-exclusive license above and introduce ALVOTECH for the purpose of obtaining any sublicensed IP Rights as provided above, and (ii) those provisions which are intended to take effect or survive after termination.

11.13 In case the Products are the only registered biosimilar versions of [***] mg/mL in countries of the Territory which represent at least [***] of the sales potential for the Products in all such countries at a time when there is Freedom to Launch of the Products with all Initial Indications, STADA will Launch the Products. In this case, there shall be no right to terminate under this Article 11, and the reimbursements provided for in the above paragraphs shall not apply.

11.14 For the purposes of Article 11.13, sales potential shall be calculated by reference to Iqvia (IMS) market research data for volume sales in all the relevant countries over the latest available [***] period. In case Iqvia (IMS) data is not available for any country, then market research data produced by the provider most used in that country by the pharmaceutical industry shall be used instead.

11.15 If, having used reasonable efforts to market the Products, STADA's cumulative Net Sales over [***] commencing upon Launch do not reach:

(a) [***] of € [***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA €[***] Euros) of the Consideration;

(b) [***] of €[***] Euros), then ALVOTECH will reimburse to STADA €20,000,000 (twenty million Euros) of the Consideration; or

(c) [***] of €[***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA [***].

11.16 In case Freedom to Launch is not given with all Initial Indications by the Target Date as a result of a Third Party Patent (other than an Additional Indications Patent) that has the effect that no Third Party is able to market a Competing Product (other than the originator's product) in any countries of the Territory, then the Parties shall discuss this situation in good faith within the JSC, and respectively use their commercially reasonable efforts to reach an agreement which reflects the circumstances. However for clarification, if the Parties cannot agree on a potential extension of the Target Date, the (original) Target Date shall remain unchanged; any change shall be subject to a written agreement between the Parties.

11.17 If ALVOTECH is obliged to pay a royalty to a Third Party in order to achieve Additional Indication Freedom to Launch ("**Freedom Royalty")** and it has been decided in the JCS that the Additional Indication will be commercialised, then the supply price as set out in Article 10.4 shall be increased by adding [***] of the rate of such Freedom Royalty. Such [***] of the rate of such Freedom Royalty payable by STADA hereunder shall in no event be more than €[***] Euros) per calendar year in the aggregate for the entire Territory. ALVOTECH shall provide STADA with regular updates (at least [***] per year) on the status of negotiation of such Freedom Royalty. STADA may verify the payments with an auditor in accordance with the provisions of Annex 1 attached hereto.

If the above provisions only apply to some countries, then the effects of this clause shall be applied to those countries only and any payments due shall be made on a pro rata basis (relative to annual sales value).

11.18 Without limiting STADA's obligation under Article 11.1, from and after the Launch of the Product in a country until expiration of the Exclusivity Period, STADA will use all commercially reasonable efforts to promote, market, offer, and sell the Product in such country.

Article 12 – Non-Compete

12.1 STADA shall (and shall ensure that its Affiliates do) not, commencing upon Launch of the Product on a country-by-country basis in the Territory, promote, market, offer, distribute, or sell any Competing Product.

12.2 In any event, this non-competition obligation shall:

(a) not extend more than [***] commencing on the date of Launch on a per country basis, and

Article 16 – Intellectual Property Rights

16.1 Filing, Prosecution and Maintenance of Joint Rights.

(a) ALVOTECH shall be primarily responsible, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of all Patents relating to the Product IP Owned Rights and the Created Product IP Rights in the Territory ("**Joint Patent Right(s)**"). If ALVOTECH elects not to take any such action with respect to a Joint Patent Right, it shall provide written notice of the same to STADA, and upon STADA's receipt of such notice, STADA shall have the right, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of such Joint Patent Right. The Party responsible for such acts shall report to the other Party on a regular basis as to all material steps taken with regard to the filing, prosecution, and maintenance of such Joint Patent Rights including by providing such other Party with a copy of material communications to and from any IP Rights authority in the Territory regarding such Joint Patent Rights and by providing such other Party with drafts of any material filings or responses to be made to such authorities in the Territory sufficiently in advance of submitting such filings or responses so as to allow such Party a reasonable opportunity to review and comment. Each Party shall give the other Party all reasonably necessary support for the prosecuting Party to fulfil its obligations under this Article 15.1.

(b) For clarity, (i) as between the Parties, ALVOTECH or its Affiliate retains the sole right to prosecute and maintain all registered IP Rights contained within Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights, and (ii) ALVOTECH or its Affiliate retains the sole right to file for, prosecute and maintain all registered IP Rights contained within Product IP Owned Rights and Created Product IP Rights outside the Territory.

16.2 Each Party is obliged to inform the other Party as soon as reasonably possible if it becomes aware of (a) any registered IP Rights like patents or utility models of Third Parties affecting the commercialisation of the Products in the Territory or manufacture of the Product (regardless of whether in or outside the Territory) for sale and distribution in the Territory which were not previously known to each other, or (b) any potential infringement or misappropriation of any Product IP Owned Right or Created Product IP Rights by a Third Party ("**Third Party Joint IP Infringement**"), or (c) any potential infringement or misappropriation of either any Product IP Licensed Rights or any Manufacturing Product ex-Territory IP Rights by a Third Party affecting the Product in the Territory or its manufacture for the Territory (each, a "**Third Party Licensed IP Infringement**"), and in each case, provide all relevant information and documents regarding such issue.

16.3 In the event that any Third Party files an action, whether in court or out of court, against STADA (including STADA's Affiliates and/or Distributors), claiming an alleged infringement of registered IP Rights (especially but not limited to Patents) ("**IP Claims**") as a consequence of or derived from (a) the performance of any of the operations contemplated in this Agreement or the Supply Agreement or (b) in case additional Patents will be granted after the Effective Date and STADA's external patent counsel confirms that a Product falls within the scope of protection of such Third Party Patents as well as STADA and/or its Affiliates decide not to launch the Product or to discontinue marketing the Product, as the case may be, due to such additional Patents granted, then STADA shall provide ALVOTECH with all relevant details and ALVOTECH shall cooperate and render all assistance and all available documentation to STADA and/or its Affiliates in the event STADA and/or its Affiliate decide(s) to take action with respect to the claim of the alleged infringement.

16.4 ALVOTECH shall coordinate and decide the defense strategy, the means of proof and the appeals for any IP Claim up to the point of time of grant of MA in any country of the Territory. After the grant of the MA in any country of the Territory, the Parties shall decide together on the defense strategy, the means of proof and appeals for such IP Claim. This includes a joint decision on the defense of legal proceedings where necessary in the name of one of the Parties or in the joint name of both Parties as appropriate. In case the Parties do not agree on the defence strategy, then subject to Article 16.6, the Party being sued shall finally decide the defense strategy and the other Party shall use reasonable efforts to cooperate with such Party.

16.5 In the event that either Party reasonably believes there is a Third Party Joint IP Infringement or a Third Party Licensed IP Infringement (each, an "**Enforcement Claim**"), the Parties shall without undue delay consult each other on how to address such Enforcement Claim.

16.6 In case that any IP Claim is initiated against one Party or a Party is permitted to enforce an Enforcement Claim under this Agreement, and such Party requires the collaboration of the other Party for its defense or enforcement, as applicable, the other Party is obliged to provide reasonable collaboration to the requesting Party as well as to provide, as soon as possible, all the relevant information, documents, etc., that may be available, including joining the legal proceedings as a party where such party may be required to be joined in order to defend or enforce such IP Claim or Enforcement Claim, as applicable. Excluding ALVOTECH Claims, the defending or enforcing Party, as applicable, in any IP Claim or any Enforcement Claim shall keep the other Party informed on a reasonable and timely basis as to the status of the proceedings, including the defense or settlement of such claim. Excluding ALVOTECH Claims, for which no consent will be required from STADA, neither the defending or enforcing Party nor the non-defending or non-enforcing Party may settle any legal disputes without prior written consent of the other Party, such consent not to be unreasonably withheld or conditioned.

16.7 In the event that the Parties cannot agree on enforcement of any Third Party Joint IP Infringement affecting the Product in the Territory within [***] of such discussions, then subject to Article 16.6, STADA shall have the first right to elect to enforce such Third Party Joint IP Infringement by delivering to ALVOTECH, after such [***] period, written notice of such election. If ALVOTECH does not receive written notice within such [***] period, then subject to Article 16.6, ALVOTECH shall have the right to enforce such Third Party Joint IP Infringement.

16.8 In the event that the Parties cannot agree on enforcement of any Third Party Licensed IP Infringement involving Product IP Licensed Rights affecting the Product in the Territory within [***] of such discussions, ALVOTECH shall have the first right to elect to enforce any such Third Party Licensed IP Infringement involving Product IP Licensed Rights. In the event ALVOTECH or its Affiliate elects not to take action against any infringement of any Product IP Licensed Rights by a Third Party affecting the Product in the Territory within [***] of its right to do so under this Article 16.8, and to the extent that ALVOTECH as licensee has rights to enforce the Product IP Licensed Rights against such Third Party in the Territory (and may grant sub-license rights to STADA of the same), STADA shall have the right, subject to Article 16.6, at its own expense, and if applicable in the name of both Parties, for taking all reasonable action related to enforcement of such Product IP Licensed Rights affecting the Product against such Third Party in the Territory. ALVOTECH shall use commercially reasonable efforts to obtain the right to enforce such Product IP Licensed Rights affecting the Product in the Territory. For clarity, ALVOTECH will have the sole right to enforce all other Enforcement Claims ("**ALVOTECH Claims**").

16.9 For the avoidance of doubt, subject to Article 17.5, any claims, including IP Claims, brought against STADA's trademark, brand and/or logo any actions taken by STADA in order to defend STADA's trademark, brand and/or logo are in the sole discretion and responsibility of STADA.

Article 17 – Termination and Expiration

17.1 This Agreement shall become effective upon the Effective Date.

17.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 17, (a) STADA will keep the Dossier (and its rights to use the Dossier), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein), and (c) the Exclusive Purchase Obligation shall terminate.

17.3 Except as otherwise provided in this Agreement, this Agreement can be terminated with immediate effect subject to written notice:

(a) by the non-defaulting Party if the other Party commits a material breach of this Agreement and, in the case of a breach capable of remedy, does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(b) by the non-defaulting Party if the other Party states or admits in writing that it is unable to pay its current obligations in the ordinary course of business as they generally become due, declares bankruptcy, assigns all its assets for the benefit of creditors, undergoes a corporate reorganization prompted by insolvency or appoints receiver or trustee;

(c) by STADA in case the Products will not benefit from a registered shelf life of at least [***] at the date of grant of the first MA on behalf of STADA or its Affiliate and/or the ongoing-stability program in accordance with GMP does not confirm such stability of the Product;

(d) by the Party to whom a warranty according to Article 15 is given and such warranty turns out to be incorrect and the breaching Party does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(e) by STADA if an EU-wide Marketing Authorisation by way of the CP is not granted by 30 June 2025 (date of positive EC decision) (which date shall be extended by up to three (3) months if it is likely that such extension of time has a reasonable prospect of resulting in a positive opinion);

(f) by STADA if the Dossier is not delivered to STADA by Target Dossier Delivery Date.

17.4 The effects of termination by STADA according to Article 17.3(a) or (b) or (d) shall be that (a) STADA will keep the Dossier (and its rights to use the Dossier), and upcoming and granted MAs, (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become [***] (but remain subject to restrictions contained therein) and STADA shall not be required to make any further payments to ALVOTECH under this Agreement (other than pursuant to Article 10 if the Supply Agreement remains in place), and (c) STADA shall be [***].

Further, in case of termination by STADA according to Article 17.3(a) or (d), provided that the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of STADA to exploit or exercise its rights under this Agreement, then ALVOTECH shall reimburse to STADA:

(a) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place prior to or during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(b) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any) if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(c) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(d) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(e) [***] of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany; and

after expiration of the initial Exclusivity Period for Germany, the effects mentioned above shall remain, but no reimbursement of the payments made in accordance with Article 9.4, shall become due.

Any reimbursement shall be fully credited against any damages claims awarded.

17.5 The effects of termination by (i) ALVOTECH as terminating Party according to Article 17.3(a) or (b) or (d) (provided that, in case of termination under Article 17.3(a) or (d), the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of ALVOTECH to benefit from the rights granted under this Agreement, or (ii) STADA as terminating Party according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that STADA shall return to ALVOTECH, without retaining any copy, the Dossier (if any), together with any other documentation delivered by ALVOTECH in connection with the Products, except for copies which are required to be retained subject to law. In addition upon written request by ALVOTECH, STADA shall immediately assign and transfer any and all rights to the MAs (or to any MA applications, as the case may be) to ALVOTECH or ALVOTECH's designee, at no cost for ALVOTECH whatsoever and STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier, any IP Rights under this Agreement, including any Created Product IP Rights, Owned Created IP Rights, Product IP Licensed Rights, and Manufacturing Product ex-Territory IP Rights, the Products and/or the MAs for the Products. In addition, STADA, on behalf of itself and its Affiliates, (a) hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, and (b) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free (except for any royalties for the product trademarks as set out herein), fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use and sale of the Product in the Territory in a form substantially similar to the commercialisation as performed or envisaged by STADA, and agrees to introduce ALVOTECH and its designees with the aim to obtain any such licenses from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory. Such license granted under this Article 17.5(b) shall exclude rights to any

trademarks, trade dress of use of the company names of STADA or its Affiliates; provided that in the event termination occurs after launch of the Product in a country in the Territory, then STADA hereby grants ALVOTECH an exclusive and sublicensable right (through multiple tiers), to use the product trademark under which the Product was being commercialized in such country for the sole purpose of manufacturing, marketing, using, or selling the Products in the Territory, and the Parties will negotiate in good faith a trademark license agreement with standard royalties customary in the pharmaceutical industry for a deal of this size and commercial potential of the Product, addressing the enforcement and protection of such trademark for the benefit of ALVOTECH, or if mutually agreed to, an assignment of such trademark to ALVOTECH. The product trademark license shall be royalty-free and fully paid up, if ALVOTECH is the terminating Party according to Article 17.3(a) or (b) or (d), and shall bear said standard royalties as set out herein, if STADA is the terminating Party according to Article 17.3(c), (e) or (f). In case the Parties cannot agree on such standard royalties for said trademark within[***] after start of the negotiation, either Party may request that the president of the International Chamber of Commerce in Frankfurt, Germany, as arbitrator (or any other person nominated by said president and acting as arbitrator) determines the same in good faith taking into consideration the nature of the license in the pharmaceutical industry, the size and commercial potential of the Product. For this purpose, both Parties may submit a confidential proposal to the arbitrator setting out the amount of such royalty rate within the time period set by the arbitrator which shall not exceed [***] after the arbitrator has been appointed or invoked. The arbitrator shall only be entitled to choose between one of the two proposals and shall select only such proposal which he considers in good faith the most appropriate one in light of the criteria set out herein. The determination of the arbitrator of the royalty rate shall be binding in any court of competent jurisdiction. The total expense including reasonable attorney fees of such arbitration shall be paid by the unsuccessful Party. STADA will cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred IP Rights.

17.6 In addition to the effects set out in Article 17.5, the effects of termination by STADA according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that ALVOTECH shall reimburse STADA all payments already made under Article 9.4 and all regulatory fees and any other costs related to such MAs or application already paid under this Agreement.

17.7 This Agreement can be terminated by STADA on a country-by-country basis for any country of the Territory with immediate effect by giving written notice to ALVOTECH if:

(a) ALVOTECH fails to assist STADA in answering adequately any deficiency letter issued by any relevant Health Authority so that a MA for at least one strength (pack size) of the Product cannot be obtained in such country; or

(b) Article 16.3 applies in the country concerned, and the prospects of the Third Party lawsuit are that, on the balance of probabilities, such lawsuit will succeed; or

(c) the Health Authorities of the respective country decline to successfully conclude a registration procedure in a national procedure and to grant a MA for the Product on the basis of the Dossier, or the performance of ALVOTECH is not in line with the European state of the art in regulatory affairs in running/or supporting the application procedures, independent of any possibility of appeal, or if the Health Authority or any other responsible authority declines to grant reimbursement status.

In case of termination by STADA under Article 17.7(a) or (c) for non-EU countries, ALVOTECH shall refund to STADA an amount calculated according to the following scheme: refund amount = [***]. For these purposes, the sales shall be determined according to data provided by IQVIA Commercial GmbH & Co. OHG, Frankfurt/Main, Germany.

In all cases of termination under this Article 17.7, the effects set out in Article 17.5 shall apply, but only for the country(ies) concerned, and the Exclusive Purchase Obligation shall terminate automatically for the specific terminated country/countries.

17.8 The terms and conditions of this Article shall not limit any rights for damages of either Party subject to a breach of contract by the other Party in case of termination of this Agreement. However, any reimbursements made in accordance with the terms of this Agreement shall be deducted from the amount of any damage claim awarded.

17.9 For clarification: in all events of termination the non-compete obligation shall also terminate (for the respective country, if termination occurs on a country-by-country basis).

17.10 Upon termination of this Agreement for any reason, nothing shall be construed to release one of the Parties from any of its obligations or liabilities hereunder arisen until the date of termination (including without limitations its obligations to pay any and all fees or other amounts accrued but unpaid hereunder prior to the date of such termination).

17.11 In any case of termination, except in the event that ALVOTECH terminates this Agreement for material breach by STADA, STADA, its Affiliates and/or its Distributors are entitled to sell their remaining stock of the Product purchased from ALVOTECH, provided that all outstanding invoices of ALVOTECH for the Product supply have been paid by STADA. (i) [***] months prior to the expiry of the Exclusivity Period, STADA shall, subject to prior notification to ALVOTECH, be entitled to manufacture validation batches of the Products inside or outside the Territory for the sole purpose of using such Products in the Territory after expiry of the Exclusivity Period; and

(ii) after expiry of the Exclusivity Period, STADA shall have the non-exclusive right to manufacture the Products inside or outside the Territory for the sole purpose of marketing, promoting, selling and distributing the Products in the Territory; and

(d) the perpetual, fully-paid up, royalty-free, Semi-Exclusive (ALVOTECH or [***] designated by it, but not more, in addition to STADA and its Affiliates or Distributors) and sub-licensable right (through multiple tiers) to freely exploit the Product IP Owned Rights, the Created Product IP Rights, and the Product IP Licensed Rights for using, marketing, promoting, selling, offering, importing, and/or distributing the Products in the Semi-Exclusive Countries.

2.5 (a) Each Party shall promptly disclose to the other Party in writing, and shall cause its Affiliates and Third Parties working on their behalf, to so disclose, the invention, discovery, development or other making of any Created Product IP Rights by such Party or any of its Affiliates or Third Parties acting on their behalf. Each Party assigns, and shall cause its Affiliates and Third Parties acting on behalf of such Party and such Affiliates to so assign, to the other Party, without additional compensation, such right, title and interest in and to any Created Product IP Rights as is necessary to fully effect the joint ownership provided for in Article 2.1(a), including all rights of action and claims for damages and benefits arising due to past and present infringement of such rights.

(b) Alvotech assigns, and shall cause its Affiliates to so assign, one-half of its right, title and interest in and to any Product IP Owned Rights to STADA to effect the joint ownership provided for in Article 2.1(a). Each Party will cooperate with the other Party and its representatives to effectuate such joint ownership rights in and to the Product IP Owned Rights and Created Product IP Rights, including without limitation, executing any documents in connection therewith. For clarity, all IP Rights created by a Party other than Created Product IP Rights (which shall be jointly owned pursuant to Article 2.1(a)), shall be owned by the Party creating such IP Rights.

2.6 Subject to all other applicable terms and conditions of this Agreement, STADA will become the owner of all Marketing Authorisations obtained by direct application of STADA, its Affiliates or by applications on behalf of STADA or its Affiliates submitted by ALVOTECH or a regulatory consultant chosen by STADA or its Affiliates. For the avoidance of doubt, this will not apply to MAs which ALVOTECH, its Affiliates or their distributors or agents may apply for when exercising ALVOTECH's rights in the Semi-Exclusive Countries. In case of sublicensing according to Article 2.1(d) above STADA shall be entitled to transfer a further copy of the Dossier to the respective sublicensee for the relevant country of the Territory.

2.7 STADA is entitled to use and retain the copy of the Dossier (including all variations) it receives pursuant to this Agreement in accordance with all rights granted under (and subject to all terms of) this Agreement and the Supply Agreement.

2.8 For the avoidance of doubt, and without prejudice to the licences to STADA as set out in Articles 2.1 through 2.3 and to ALVOTECH as set out in Article 2.4, it is acknowledged that, as between the Parties, ALVOTECH retains full ownership or rights of all and any Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights licensed to STADA under this Agreement, and use of any Product IP Licensed Rights or Manufacturing Product ex-Territory IP Rights are subject to the terms and conditions of the applicable Third Party agreement. Except where Product IP Owned Rights and Created Product IP Rights are exclusively and/ or Semi-Exclusively licensed to the other Party under this Agreement, each Party may exploit, license, or sublicense (through multiple tiers) Product IP Owned Rights and Created Product IP Rights without the consent of, or a duty of accounting to, the other Party.

Article 3 – Right of first refusal for line extensions to the Products

3.1 If, at any time during the Supply Term, in respect of any Extended Product, ALVOTECH desires to licence-out rights to Develop, or begin registration or exploitation of, or sell any rights of the Extended Product in any country(ies) in the Territory ("**Partnering Opportunity**"), then prior to negotiating with any Third Party in respect of such Partnering Opportunity, ALVOTECH shall firstly notify STADA of its desire and subsequently provide to STADA a copy of material data with respect to the development of such Extended Product as shall be reasonably sufficient for STADA to assess such Partnering Opportunity ("**Data Package**"). Unless STADA notifies ALVOTECH in writing during the ROFO Negotiation Period (as defined below) that it is not interested in acquiring rights to such Extended

Product ("**Not Interested Notice**"), ALVOTECH shall negotiate solely and in good faith with STADA for a period of [***] calendar days commencing on the date STADA receives the Data Package ("**ROFO Negotiation Period**") with respect to mutually agreeable binding financial (and any other applicable) terms for the addition of such Extended Product as a Product within the scope of this Agreement. The Parties agree and acknowledge that certain commercial terms and conditions may differ from the terms and conditions of this Agreement and once finalised shall be included, so far as applicable, in an amendment to this Agreement or an agreement which is otherwise similar to the terms of this Agreement. All information provided by ALVOTECH to STADA pursuant to this Article 3.1 shall constitute Confidential Information of ALVOTECH. If STADA delivers a Not Interested Notice to ALVOTECH or the Parties do not agree in writing to enter into an amendment to this Agreement or an agreement in respect of the Extended Product concerned during the ROFO Negotiation Period, then all STADA's rights under this Clause 3.1 in respect of the Extended Product in question shall lapse and be of no further effect, and ALVOTECH shall be totally free to exploit such rights as it sees fit. Except where STADA has issued a Not Interested Notice, for a period of [***] months from expiry of the ROFO Negotiation Period, ALVOTECH shall not offer to any Third Party rights in respect of the Extended Product concerned on terms and conditions which are overall more favourable than those last offered to STADA.

3.2 Representatives of both Parties shall meet at least once per year to discuss any opportunities which may be available for ALVOTECH to licence-out rights to Develop, or begin registration or exploitation of, or sell any rights for the Products and/or any Extended Product to STADA (or its Affiliates) in any country(ies) outside the Territory. For the avoidance of doubt, the foregoing shall in no way restrict ALVOTECH's ability to licence-out rights in respect of or in any way commercialise the Products or Extended Products, whether on its own or with a Third Party, outside the Territory and ALVOTECH has no obligation to make any rights in respect of the Products or Extended Products outside of the Territory available to STADA.

Article 4 – Development / Dossier

4.1 ALVOTECH shall properly Develop the Product and compile the respective Dossier in accordance with the Development Plan, which includes, but is not limited to ALVOTECH's obligation to:

(g) continue the stability program needed for the Territory for the batches (real-time) up to [***] months, provided the [***] months stability data were within the Specifications, and submit the subsequent stability data to STADA free of charge immediately after its completion;

(i) conduct the Development in a way acceptable to the EU Health Authorities so that Marketing Authorisations may be issued and maintained by the EU Health Authorities and in a manner that the Product is eligible for commercialization in the Territory;

(j) conduct all aspects of the Development in accordance with GMP, GLP and GCP and current state-of-the-art and all generally accepted pharmaceutical industry standards and practices in force in the pharmaceutical industry or elsewhere as appropriate;

(m) notify STADA immediately and in writing of any problems or delays of any nature in performing its contractual obligations, in particular of any situation which may adversely affect the Development and the compliance with the completion of the Development according to the timelines contained in the Development Plan, and of any information that comes to its attention concerning the quality, safety or efficacy (whether actual, anticipated or presumed) of the Product or that may threaten the same;

(n) allow STADA a reasonable time to review and comment on any information / documents as described above (and STADA undertakes to provide any comments as soon as reasonably possible in order not to delay the Development), however, without limiting ALVOTECH's obligations and warranties hereunder, and if deadlines apply (which deadlines must be notified by ALVOTECH to STADA), then in time to enable ALVOTECH to meet those deadlines;

(o) provide to STADA information regarding the actual or envisaged manufacturing process of the API and the formulation of the respective Product in such detail to enable STADA to perform additional analysis and searches on registered Intellectual Property Rights of Third Parties (the results of which shall be provided to ALVOTECH) and submit the results of its envisaged manufacture and formulation to STADA for approval (such approval not to be unreasonably withheld or delayed), all without limiting ALVOTECH's obligations and warranties hereunder;

(p) for the purpose of enabling STADA to have an opportunity to comment, provide to STADA a draft protocol for any non-clinical or clinical studies to be performed in accordance with the Development Plan according to GCP related to the Product prior to the commencement of such study, all without limiting ALVOTECH's obligations and warranties hereunder;

(q) procure and ensure that STADA has the right to verify GCP compliance of the clinical studies by allowing:

(i) STADA to conduct onsite audits at the CRO(s), the clinical site(s) and/or analytical site(s) involved in the Development of the Product, and

(ii) upon STADA's request, to provide STADA with all quality-related aspects of the contract between the sponsor and CRO and all monitoring and audit reports about quality-assuring measures;

(r) provide to STADA all data and information, also including but not limited to information on technical difficulties and their solutions, generated by ALVOTECH as part of the Development including, without limitation, copies of relevant conclusions, summaries and reports;

(t) as soon as available and upon request from STADA, provide to STADA any parts of the Dossier and the complete Dossier in e-CTD form;

(u) upgrade the Dossier (e.g. process changes or method updates) according to the respective requirements of the EU Health Authorities and will make it available to STADA as soon as possible free of charge as long as the Supply Agreement is in force;

(v) provide all documents to STADA in the English language;

(w) perform an annual product quality review for the Product according to EU GMP Guide section 1.10. (i), (ii), (iii), (iv), (v), (vii), (ix), (xi), (xii) and to provide STADA with this data free of charge; and

(x) conduct follow up stability on the first [***] production batches of the Product in accordance with GMP- and ICH-guidelines proving stability of the Product for the duration of the planned shelf life as well as further stability studies as requested by the EU Health Authorities. ALVOTECH will provide the results of such studies to STADA free of charge, provided that the Supply Agreement is still valid, and without delay as soon as reasonably possible after new results are available.

4.2 Any additional revisions to the Dossier communicated by ALVOTECH to STADA, including without limitation developments or updates generated and submitted by ALVOTECH to STADA subject to this Agreement shall become part of the Dossier and STADA shall be entitled to use them in the same way as the Dossier in accordance with this Agreement.

4.3 The Parties acknowledge and agree that 31 December 2022 is that date which the Parties are targeting for delivery of the Dossier to STADA. Notwithstanding the forgoing, ALVOTECH shall deliver the Dossier to STADA not later than [***] months prior to the Target Date ("**Target Dossier Delivery Date**").

4.4 STADA shall not conduct any clinical or other study with the Products without the prior written consent of ALVOTECH (such consent not to be unreasonably withheld or delayed); no consent is required if such clinical or other study is legally required or a consent would be incompatible with legal requirements, but STADA shall notify ALVOTECH in writing as soon as it reasonably can giving details of the proposed protocol for such study and shall consider in good faith any comments ALVOTECH provides.

Article 5 – Concerns during Development

5.1 The terms of this Article 5 are without prejudice to the rights of either party according to Article 17 and without limitation of the obligations, representations and warranties under this Agreement.

5.2 In the event that STADA reasonably considers at any time before the Dossier is delivered to STADA that either (i) the Dossier when submitted via a CP to the EMA will not be approved or (ii) the Dossier will not be completed by the date prescribed according to Article 4.3, then STADA will notify ALVOTECH of this determination in writing and the Parties will discuss and negotiate with each other in good faith with a view to agreeing on one of the following 3 options:

(a) [***];

(b) to terminate this Agreement; or

(c) such other arrangement as the Parties shall mutually agree.

Irrespective whether the Development will be discontinued, the Agreement terminated or the Parties agree on other arrangements, none of the Parties waive any of its rights under this Agreement.

Article 6 – Joint Steering Committee

6.1 In all matters related to the collaboration established by this Agreement, the Parties shall: (a) strive to balance the legitimate interests and concerns of the Parties and to realize the economic potential of the Products; (b) act in a commercially reasonable manner and in good faith in respect of this Agreement and all decisions or determinations to be made hereunder, and (c) seek to comply with good pharmaceutical and environmental practices.

6.2 Notwithstanding ALVOTECH's obligations under Article 4, ALVOTECH and STADA will, working together, monitor and manage the progress and conduct of the Development and the Development Plan, to include the compilation of the Dossier. For this purpose, both Parties shall establish a steering committee ("**Joint Steering Committee**" or "**JSC**") which shall operate as follows:

(a) the objectives of the JSC shall be (i) to monitor and review progress under the Development Plan, and (ii) to decide questions arising whilst the Development Plan is under way and make any necessary revisions to the Development Plan;

(b) each Party may appoint up to [***] members to the JSC. Each of STADA and ALVOTECH may replace any or all of its representatives on the JSC at any time upon written notice to the other Party. A Party may designate a substitute to temporarily attend and perform the functions of such Party's designee at any meeting of the JSC. ALVOTECH and STADA each may, on advance written notice to the other Party, invite non-member representatives of such Party to attend meetings of the JSC, provided that non-employees of a Party must have signed an appropriate confidentiality agreement to be able to participate;

(c) the JSC shall be chaired jointly by a member appointed by each Party ("**Joint Chair**");

(d) decisions shall be taken by the affirmative vote of the Joint Chairs of the JSC;

(e) in the event of any failure to agree, both Parties shall refer the dispute to the CEO of ALVOTECH and an executive board member of STADA. If the dispute is not resolved within [***] business days, then the decision shall be as required by the STADA Joint-Chair of the JSC. This decision may only be challenged by ALVOTECH within [***] business days if ALVOTECH considers the decision is harmful to the objectives or timetable of the Development Plan and refers the decision to review by

a senior professor well experienced in the scientific subject to be reviewed. Any such review must be concluded within [***] weeks (or such other period as the Parties mutually agree). The Parties must oblige the appointed senior professor to base his/her decision on the following criteria: on the one hand he/she must take into consideration the scientific feasibility of the Development Plan and the requirements to obtain a MA for the Product, and on the other hand he/she must consider the desire of both Parties (without prejudicing the safety and quality of the Product) to achieve economic success by (i) launching the Product for sale as soon as may be reasonably possible and (ii) obtaining the necessary marketability of the Product, In the absence of manifest error, the decision of the appointed senior professor shall be final and not be subject to judicial review;

(f) the JSC shall meet on [***]-monthly basis;

(g) meetings shall be held by physical presence at least [***] per year, otherwise by conference or video call;

(h) in lieu of a meeting of the JSC, the JSC may adopt a circular written resolution signed by all the members of the JSC separately which shall be as effective as a resolution passed at a meeting of the JSC duly convened and held in person. Such resolution in writing may consist of several documents, each signed by one or more of the members of the JSC;

(i) the JSC shall keep minutes of their meetings;

(j) the JSC has the power to constitute sub-committees or working parties which shall report to the JSC on specific subject-matter as determined by the JSC, and operate in accordance with the requirements as laid down by the JSC; and

(k) each Party shall be responsible for all travel and related costs and expenses for its members and other representatives to attend meetings of, and otherwise participate in, the JSC.

Article 7 – Registration procedure

7.1 ALVOTECH shall as soon as reasonably possible (within a maximum of [***] months) after completion of the Dossier and STADA's approval, in coordination with STADA, submit to EMA a CP for the Products in STADA's name as Marketing Authorisation holder and with STADA's own brand name/trademark.

7.2 In addition, ALVOTECH grants the right to STADA, STADA's Affiliates and to consultants working on behalf of STADA or its Affiliates to register the Products, at STADA's risk and expense in respect of countries of the Territory not covered by the CP via national procedures. STADA is entitled to decide independently whether and when to submit for national applications for the Products in such countries to obtain MAs in the name of STADA, its Affiliates and/or consultants acting on STADA's or its Affiliates' behalf and at STADA's own expense. For that reason, STADA is entitled to use regulatory consultants working on behalf of STADA or its Affiliates. However, if such national applications are not submitted within [***] months after receipt of the Dossier for any negligent act, fault or culpable omission by STADA or any of its Affiliates or anyone acting on any of their behalves (or such longer period as the Parties mutually agree), then, on a country by country basis, ALVOTECH shall have the right to terminate this Agreement with respect to such country, provided that:

(a) ALVOTECH has first notified STADA in writing of such non-submission (describing the country and due date of the submission),

(b) ALVOTECH granted a last grace period of [***] month to rectify such failure, and

(c) STADA has not done so within said grace period,

except that said [***] months' period shall be prolonged by such reasonable period which is necessary to allow for any required additional local studies to be conducted. STADA will keep ALVOTECH informed about progress of all such applications. Upon any such termination in a country, the relevant provisions in Article 17.5 shall apply with respect to such country.

7.3 STADA or its Affiliates will bear all Health Authority fees and all other reasonable external costs associated with all MAs obtained by or for and/or transferred to, STADA or its Affiliates (including any consultants acting on any of their behalves) unless otherwise stated in this Agreement.

7.4 ALVOTECH shall use all reasonable efforts to provide the assessment reports and all deficiency letters to STADA within [***] working days (or sooner) from the receipt thereof. In case STADA runs the registration procedures on its own, STADA will use all reasonable efforts to provide the deficiency letters received from any Health Authority to ALVOTECH without delay, at the latest within [***] working day from the receipt thereof. Irrespective of whether the registration procedure is conducted by ALVOTECH on behalf of STADA, by STADA itself or a regulatory consultant working on behalf of STADA and/or its Affiliates, ALVOTECH shall provide all reasonable assistance which is required to obtain and maintain the MAs as quickly as possible. Such assistance shall be interpreted as including without limitation to provide STADA with the statements, certificates and information required to compile module one (1) of the Dossier prior to submission, the timely and free of charge preparation of response documents to deficiency letters from the Health Authorities in English language and in accordance with applicable guidelines. Moreover, ALVOTECH will provide the draft and final response documents to deficiency letters from Health Authorities prior to submission and with sufficient time for STADA or the regulatory consultants working on behalf of STADA and/or its Affiliates to evaluate and comment on such response documents.

A copy of the submitted responses will be provided to STADA within [***] working days after submission in case such procedure was conducted by ALVOTECH on behalf of STADA.

In the event deficiency letters received from the competent Health Authorities in the Territory require significant, additional Product development activities beyond the requirements of the relevant guidelines, then ALVOTECH and STADA shall decide in mutual consent the manner in which the information shall be generated.

7.5 STADA will use the MAs and the Dossier only according to Article 2 of this Agreement. The passing on of the Dossier or copies of it, whether in whole or in parts, to any Third Party, except to STADA's Affiliates, Distributors, sublicencees, competent authorities or external consultants (subcontractors), is strictly prohibited. Any further use depends on the written consent of ALVOTECH. Once STADA is entitled to arrange for the manufacture of the Product itself or its Affiliates or sub-contract it to Third Party manufacturers, STADA may for such purpose disclose the relevant parts of the Dossier to the relevant Third Party manufacturer subject to confidentiality obligations no less stringent than the confidentiality obligations of this Agreement.

Article 8 – Changes / Variations

8.1 In case of intended variations to the Dossier initiated by ALVOTECH after grant of the MAs, ALVOTECH will inform STADA at least [***] months in advance before the intended date of those changes coming into effect. ALVOTECH will provide STADA with sufficient details to start internal change control procedures at least [***] weeks before submission of the variation and will provide STADA in time for submission with the necessary complete documentation for the variation procedure. However, every variation has first to be approved by STADA, and STADA shall not unreasonably withhold or delay such approval in writing. The changes to the Product notified to the Health Authorities shall only be implemented after successful completion of the variation procedures in the Territory or after written approval of STADA's QC department.

8.2 In case of STADA-requested variations, which require additional work, like, but not limited to, development work, at ALVOTECH, such work shall be on behalf and for the account of STADA. The regulatory fees for such STADA-requested variations will be completely borne by STADA.

8.3 In case of ALVOTECH-requested variations, the work required shall be for the account of ALVOTECH, and the regulatory fees will be borne by ALVOTECH except that STADA shall bear the regulatory fees where STADA will have a direct benefit (e.g. lower Supply Price, longer shelf-life, or shorter lead times), which benefit must be of a reasonable and material value relative to the cost of such regulatory fees.

8.4 In case of all other variations, STADA shall bear all fees due to the Health Authority as a consequence of any change, variation or any modification that may be introduced in the Dossier and/or in the Marketing Authorisation.

8.5 Irrespective as to who will benefit from the changes, any changes to the Dossier by ALVOTECH will be communicated without delay and any additional appropriate regulatory documentation will be provided by ALVOTECH to STADA free of charge including but not limited to the preparation of relevant Dossier replacement pages which must comply with e-CTD-requirements. Additionally, ALVOTECH will provide to STADA (a) the updated, consolidated Dossier in e-CTD format within [***] week after closure of the respective variation procedure in case such procedure was conducted by ALVOTECH on behalf of STADA and (b) after finalization of the registration procedure, copies of the e-CTD sequences that have been submitted to the Health Authority/-ies. ALVOTECH will not provide to STADA re-published e-CTD sequences.

Article 9 – Monetary Consideration

9.1 In this Article 9, the following definitions shall apply:

(a) "**Dossier Delivery Date**" means the date when the Dossier is actually delivered to STADA in accordance with the provisions of Article 4.3 and in compliance with all applicable provisions of Article 4;

(b) "**Independent Auditor**" means an independent auditing firm of international repute nominated by ALVOTECH or STADA (as the case may be) and to which ALVOTECH or STADA (as the case may be) has no reasonable objection;

(c) "**IPO**" means the first public offering of any class of equity securities by ALVOTECH or any of its Affiliates that results in the admission of such class of equity securities to trading of a regulated market or other recognised investment exchange, whether such public offering is effected by way of an offer for sale, a new issue of shares, an introduction, a placing or otherwise;

(d) "**IPO Planned Date**" means [***] or such other date as the Parties agree in writing;

(e) "**Pre-IPO**" means a placement of any class of equity securities by ALVOTECH or any of its Affiliates with private investors made before and in anticipation of an IPO; and

(f) "**Satisfactory Financial Position**" means that ALVOTECH has sufficient funds available (or on call) to complete the preparation of the Dossier (including completion of the relevant clinical study) ready for submission to the EMA in accordance with Article 7.1, taking into account ALVOTECH's income and other financial obligations.

9.2 In the event that:

(a) ALVOTECH announces an IPO before the IPO Planned Date and notifies STADA in writing thereof;

(b) ALVOTECH believes that it will achieve a Satisfactory Financial Position as a result of a Pre-IPO and notifies STADA in writing that a Pre-IPO will take place; or

(c) if there has been no IPO or Pre-IPO before the IPO Planned Date,

then, in the following month, STADA will conduct a review of ALVOTECH's financial position to satisfy itself and determine whether (or not) ALVOTECH has achieved a Satisfactory Financial Position ("**First Determination**"). Additionally, until the Dossier has been delivered to STADA in accordance with Article 4.3, in January of each year from January 2023 onwards, STADA may conduct a further review to satisfy itself and determine whether (or not) ALVOTECH continues to achieve a Satisfactory Financial Position ("**Yearly Determination**"). In each case STADA will act reasonably in making this determination and will also make such determination as soon as reasonably practicable after STADA has received the necessary financial information in accordance with Article 9.3. STADA shall notify ALVOTECH in writing as to its determination (that ALVOTECH does or does not have a Satisfactory Financial Position). If STADA determines that ALVOTECH does not have a Satisfactory Financial Position, then STADA shall provide ALVOTECH with a summary of its reasons for that determination. If ALVOTECH wishes to challenge such negative determination, it shall, within [***] weeks of that determination, notify STADA accordingly ("**Dispute Notice**") and both Parties shall discuss the position and use their reasonable endeavours to resolve the position in good faith. If, within [***] weeks (or such other period as shall be mutually agreed) of receipt of the Dispute Notice, the Parties are not able to reach agreement, then, within a further period of [***] weeks, ALVOTECH is entitled to request that STADA's negative determination be reviewed by an Independent Auditor on the grounds that STADA did not act reasonably in coming to such negative determination. The Independent Auditor shall be requested to give his/her opinion not later than [***] weeks (or such other period as the Parties shall agree) from the date of appointment. Both Parties shall be entitled to submit documents to the appointed Independent Auditor and to attend a joint meeting with him/her. Such Independent Auditor shall consider all reasonable arguments submitted by each Party. The appointed Independent Auditor shall then determine if STADA has acted reasonably in reaching its negative determination that ALVOTECH has not achieved a Satisfactory Financial Position. If the Independent Auditor decides that STADA has not acted reasonably, then the decision of the Independent Auditor on this issue shall be substituted for STADA's determination and ALVOTECH shall be deemed to have achieved a Satisfactory Financial Position.

9.3 In order that STADA can make its determination as to whether (or not) ALVOTECH has achieved a Satisfactory Financial Position as at each event listed at Articles 9.2(a) to (c) and on each Yearly Determination, ALVOTECH shall co-operate with STADA and information shall be provided as follows:

(a) [***];

(b) [***]; and

(c) [***].

9.4 In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under this Agreement, STADA shall pay to ALVOTECH the consideration ("**Consideration**") of up to €36,600,000 (thirty six million, six hundred thousand Euros), excluding VAT, payable as follows:

(a) €[***] ([***] Euros) on the later of (i) [***] or, if earlier (ii) [***];

(b) €[***] ([***] Euros) on the later of (i) [***] or (ii) [***];

(c) €[***] ([***] Euros) on the later of (ii) [***] or (ii) [***];

(d) €[***] ([***] Euros) on [***];

(e) €[***] ([***] Euros) on [***];

(f) €[***] ([***] Euros) on [***]; and

(g) €[***] ([***] Euros) on [***].

9.5 Payments under Articles 9.4(a) through 9.4(g) shall only be payable once. Due payments shall be made by STADA within [***] calendar days after receipt of the relevant invoice from ALVOTECH.

9.6 All payments under this Agreement must be paid in Euro.

9.7 In case the First Determination made by STADA according to Article 9.2 is that ALVOTECH has not achieved a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within 4 weeks (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further 4 weeks STADA shall be entitled (at STADA's election) to either:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.7(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; or

(b) terminate this Agreement with one (1) month written notice.

9.8 In case the Yearly Determination(s) made by STADA according to Article 9.2 is that ALVOTECH has not achieved / maintained a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within [***] (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further [***] STADA shall be entitled to:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.8(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; and/or

(b) suspend all milestone payments until the Dossier Delivery Date.

Article 10 – Supply of the Products

Before the [***], STADA and ALVOTECH agree and undertake to each other to enter into a Supply Agreement which shall incorporate the following commitments:

10.1 STADA is committed to and shall ensure that its Affiliates purchase their total demand of the Products according to the Dossier(s) as Finished Product exclusively from ALVOTECH for a term of [***] after Launch of the first strength of the Product in the Territory on a country-by-country basis ("**Exclusive Purchase Obligation**");

10.2 ALVOTECH will constantly manufacture and deliver the Product according to current EU GMP provisions, the Dossier and the Product specifications;

10.3 ALVOTECH will support STADA by using its commercially reasonable efforts to gain the import licence for the Products in case of manufacture in a country not belonging to the European Union, if applicable;

10.4 The prices for the Products supplied to STADA, its Affiliates and/or Distributors as Finished Product will be the greater of (a) [***] percent ([***]%) of STADA's or STADA's Affiliates' (as applicable) Net Selling Price in the respective country of the Territory or (b) the Floor Prices as stated in Annex 1;

10.5 The Exclusive Purchase Obligation shall terminate automatically in case the Supply Agreement terminates or as otherwise agreed in the Supply Agreement, including in the event any competent authority finds the Exclusive Purchase Obligation in such country to be invalid or unenforceable;

10.6 With regard to the countries of the Territory with Exclusive Rights, upon STADA's failure, other than as a result (and to the extent) of ALVOTECH failing to supply Product quantities ordered by STADA in accordance with the applicable provisions of this Agreement and the Supply Agreement, to purchase on a country-by-country basis:

(a) [***] percent ([***]%) of its annual non-binding forecast for the Products over [***] ([***]) consecutive years, or

(b) [***] percent ([***]%) of its annual non-binding forecast for the Products in [***] and not being able to catch up this volume in [***],

ALVOTECH shall be entitled to convert the Exclusive Rights to Semi-Exclusive Rights for the particular country as the sole remedy; and

10.7 The initial term of the Supply Agreement shall be the duration of the Exclusivity Period ("**Initial Supply Term**"). Provided that STADA has complied with its material obligations under the Supply Agreement, STADA shall have the right, in its sole discretion, to:

(a) prolong the Exclusivity Period and prolong the duration of the Supply Agreement, or

(b) prolong the duration of the Supply Agreement (in which case all rights granted to STADA in Articles 2.1 through 2.3 shall become non-exclusive),

for up to three (3) times for further five (5) years periods by providing to ALVOTECH twelve (12) months written notice prior to the end of the Initial Supply Term or any prolonged term (as applicable) of its decision to prolong either the Exclusivity Period and or the term of the Supply Agreement (the total period of the Supply Agreement being call the "**Supply Term**").

In case of any inconsistencies between the provisions of this Agreement and the Supply Agreement in relation to supplies of the Products, the provisions of the Supply Agreement shall prevail.

10.8 Both Parties have the joint aim to be successful in respect of supplying the market in the Territory and understand that continuous cost improvements are an important element to achieve competitiveness. Therefore, ALVOTECH shall use its reasonable commercial efforts during the Supply Term to improve its manufacturing and supply costs for the Product (including [***]) so that, if necessary, ALVOTECH may be able to reduce the Floor Prices. ALVOTECH shall use its [***] to support STADA and its Affiliates competitiveness when bidding for tenders if ALVOTECH is able to [***].

Article 11 - Launch, Freedom to Launch and Reimbursement

11.1 STADA will use all commercially reasonable efforts to Launch the Products with the Initial Indications and any mutually agreed Additional Indications in each country of the Territory within [***] months of:

(a) MA grant (for the respective country), and

(b) where applicable, receipt of the required price approval by health insurance organisations and other competent authorities,

whichever occurs later, and in any event provided that:

(i) any applicable Patent would not be infringed by the manufacture, marketing and sale of the Products and there is Freedom to Launch and, if applicable, Additional Indication Freedom to Launch;

(ii) ALVOTECH delivers the confirmed orders for the Products on time; and

(iii) there is no judicial measure in force at such time that prevents STADA from Launch of the Products.

If STADA fails to Launch the Products as so required then, within [***] days, ALVOTECH shall be entitled to terminate the Agreement with regard to the specific country concerned and remove such country from the scope of this Agreement as its sole remedy.

Without limitation of ALVOTECH's obligation under Article 11.3, STADA shall be entitled to decide to Launch the Product without Additional Indications.

11.2 Subject to Article 11.6, but without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Freedom to Launch with the Initial Indications on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.3 Without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Additional Indication Freedom to Launch for such Additional Indications as are agreed by the Parties in the JSC, each acting reasonably, on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining such Additional Indication Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.4 The Parties will provide each other with its available information regarding Third Party Patents affecting the Products in the Territory. Without limitation of ALVOTECH's responsibility (as stated in this Article 11.4) for Freedom to Launch and, if required pursuant to Article 11.3, Additional Indication Freedom to Launch, the Parties will discuss issues relating to Third Party Patents in order to try and reach an agreed opinion as to when it is reasonable to Launch the Products without incurring a material risk of a successful infringement challenge under any Third Party Patent.

11.5 Without limiting STADA's obligation under Article 11.1, the following provisions of this Article 11.5 will apply in addition to, and without limitation of ALVOTECH's responsibility as stated in, Article 11.2 and Article 11.3:

(a) the objective of the following provisions is, so far as possible, to ensure that any settlement agreement needed to secure Freedom to Launch or Additional Indication Freedom to Launch (if applicable) is approved in advance by or for STADA;

(b) if not restricted by confidentiality obligations, ALVOTECH shall provide a copy of the draft settlement agreement to STADA so that STADA can provide comments to ALVOTECH. STADA, acting entirely at its own discretion, shall decide that it approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (if applicable). If STADA approves such draft and the settlement agreement is signed in the form of such draft, then, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to STADA, and STADA will accept that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable);

(c) if, due to confidentiality restrictions, ALVOTECH is not able to provide a copy of the draft settlement agreement to STADA, then STADA is entitled to nominate an external lawyer ("**Nominated Counsel**") of its own choice (but to whom ALVOTECH has no reasonable objection) to act in accordance with the following provisions. The Nominated Counsel will be retained, and paid for, by ALVOTECH as a second or alternative legal counsel and will be instructed by ALVOTECH with a copy to STADA that his/her review covers only (i) the key question whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable) and (ii) how to redraft the draft settlement agreement in order to achieve such Freedom To Launch or Additional Indication Freedom to Launch (as applicable). Oral explanation, if any, to the instructions shall be in the presence of STADA and there shall be no change or amendment to these instructions without the prior written consent of STADA. ALVOTECH shall provide a copy of the draft settlement agreement to the Nominated Counsel so that he/she can provide comments to ALVOTECH and its legal counsel dealing with the proposed settlement agreement. The Nominated Counsel, acting reasonably, shall advise ALVOTECH if he/she approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (as applicable) under this Agreement and shall clearly advise in its response as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable). If permitted by applicable laws, ALVOTECH shall provide a copy of such advice to STADA. Following the Nominated Counsel's approval of such draft, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to the Nominated Counsel. The Nominated Counsel shall then confirm (or otherwise) that the relevant provisions in the signed settlement agreement affecting the Territory and the country of manufacture by ALVOTECH is in the form he/she approved (containing at the most some immaterial deviations such as typos or clarifications). ALVOTECH shall provide a copy of such confirmation to STADA, and, to the extent that ALVOTECH is not restricted by confidentiality obligations, provide details of the settlement agreement to STADA. Provided that, within [***] days of receiving a copy of such confirmation and any available details of the settlement agreement, STADA has not notified ALVOTECH that it is "not satisfied" according to Article 11.5(d)(ii), then STADA accepts that there is Freedom to Launch

or Additional Indication Freedom to Launch (as applicable). The Parties acknowledge and agree that, in the event there are problems implementing this Article 11.5(c), the Parties will discuss in good faith a reasonable alternative that achieves the same objectives of the Parties. Without limiting Article 15, in the case of Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Freedom to Launch, STADA shall have the right to declare that it assumes that no Freedom to Launch is given and may terminate the Agreement under Articles 11.6 or 11.11. Without limiting Article 15, in the case of Additional Indication Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Additional Indication Freedom to Launch, STADA shall have the right to (i) Launch the Products without such Additional Indication, or (ii) delay the Launch until there is Additional Indication Freedom to Launch;

(d) if:

(i) ALVOTECH considers that STADA has not been reasonable when giving a decision under Article 11.5(b) that it will not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or, if applicable, Additional Indication Freedom to Launch; or

(ii) STADA is not satisfied that the draft settlement agreement as approved by the Nominated Counsel under Article 11.5(c) is satisfactory for the purposes of confirming Freedom to Launch or, as applicable, Additional Indication Freedom to Launch (with STADA giving the reasons for its assessment);

then both Parties shall discuss the situation in good faith and use their reasonable commercial efforts in good faith to reach a resolution. If within [***] days the Parties are not able to find a resolution, then both Parties shall refer their disagreement to an external counsel who shall be (A) an experienced attorney-at-law specialised in the field of patents or an experienced patent lawyer and (B) nominated by STADA (provided that ALVOTECH has no reasonable objection to his/her nomination) (such individual, the "**Patent Counsel**") to give his/her opinion within [***] months (or such other period as the Parties shall agree). Both Parties shall be entitled to submit documents to the appointed Patent Counsel and to attend a joint meeting with him/her. Such Patent Counsel shall consider all reasonable arguments submitted by each Party. The appointed Patent Counsel shall then determine if STADA has provided reasonable arguments in declaring its dissatisfaction as to whether there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable) or not under the settlement agreement, along with a final determination as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable).

For clarity, the above review and approval rights of STADA and the Nominated Counsel and/or the Patent Counsel shall only apply with respect to Identified Patents, Additional Indications Patents or other Patents in the Territory (or in the country of manufacture by or for ALVOTECH) and shall not extend to rights outside of the Territory.

11.6 In case Freedom to Launch is not given with all Initial Indications within the Territory by the Target Date then, within sixty (60) days after the Target Date, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] days refund to STADA [***] percent ([***]%) of the Consideration already paid under Article 9.4 if STADA so terminates.

11.7 In case Freedom to Launch is given with all Initial Indications within the Territory within twelve (12) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] days reimburse to STADA €[***] ([***] Euros) of the Consideration already paid under Article 9.4.

11.8 If, within [***] months after termination in accordance with Article 11.7, ALVOTECH grants and/or sells rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including itself and any of its own Affiliates, to market the Products in place of STADA, then the reimbursement to STADA under Article 11.7 shall be increased from €[***] ([***] Euros) to €[***] ([***] Euros).

11.9 In case Freedom to Launch is given with all Initial Indications within the Territory more than twelve (12) months after the Target Date but prior to twenty-four (24) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA shall be entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] days reimburse to STADA €[***] ([***] Euros) of the Consideration already paid under Article 9.4.

11.10 If within [***] months after such termination in accordance with Article 11.9 by STADA, ALVOTECH grants rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including any of its Affiliates, to market the Products in place of STADA then such reimbursement to STADA shall be increased from €[***] ([***] Euros) to €[***] ([***] Euros).

11.11 In case Freedom to Launch with all Initial Indications within the Territory is not given within twenty-four (24) months of the Target Date, within sixty (60) days of expiry of such period, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] days refund to STADA [***] percent ([***]%) of the Consideration already paid under Article 9.4 if STADA so terminates.

11.12 In case of any termination by STADA under this Article 11, (a) STADA shall transfer all MAs and MA applications to ALVOTECH or its nominee (ALVOTECH shall reimburse STADA for all registration fees for such transfer), (b) STADA, on behalf of itself and its Affiliates, hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, (c) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free, fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use, and sale of the Products in the Territory, in the form substantially similar to the commercialisation as performed or envisaged by STADA, however excluding right to any trademarks, and agrees to introduce ALVOTECH to any STADA licensors with the aim to obtain such licenses at ALVOTECH´s cost from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory, (d) STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier and the Products, and (e) neither Party shall have any further obligations to each other under this Agreement or the Supply Agreement except for (i) STADA's obligation to cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred Product IP Owned Rights and Created Product IP Rights and to grant the non-exclusive license above and introduce ALVOTECH for the purpose of obtaining any sublicensed IP Rights as provided above, and (ii) those provisions which are intended to take effect or survive after termination.

11.13 In case the Products are the only registered biosimilar versions of [***] mg in countries of the Territory which represent at least [***] percent ([***]%) of the sales potential for the Products in all such countries at a time when there is Freedom to Launch of the Products with all Initial Indications, STADA will Launch the Products. In this case, there shall be no right to terminate under this Article 11, and the reimbursements provided for in the above paragraphs shall not apply.

11.14 For the purposes of Article 11.13, sales potential shall be calculated by reference to Iqvia (IMS) market research data for volume sales in all the relevant countries over the latest available [***] ([***]) months' period. In case Iqvia (IMS) data is not available for any country, then market research data produced by the provider most used in that country by the pharmaceutical industry shall be used instead.

11.15 If, having used reasonable efforts to market the Products, STADA's cumulative Net Sales over [***] ([***]) years commencing upon Launch do not reach:

(a) [***] percent ([***]%) of € [***] ([***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA €[***] ([***] Euros) of the Consideration;

(b) [***] percent ([***]%) of €[***] ([***] Euros), then ALVOTECH will reimburse to STADA €[***] ([***] Euros) of the Consideration; or

(c) [***] percent ([***]%) of €[***] ([***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA [***].

11.16 In case Freedom to Launch is not given with all Initial Indications by the Target Date as a result of a Third Party Patent (other than an Additional Indications Patent) that has the effect that no Third Party is able to market a Competing Product (other than the originator's product) in any countries of the Territory, then the Parties shall discuss this situation in good faith within the JSC, and respectively use their commercially reasonable efforts to reach an agreement which reflects the circumstances. However for clarification, if the Parties cannot agree on a potential extension of the Target Date, the (original) Target Date shall remain unchanged; any change shall be subject to a written agreement between the Parties.

11.17 If ALVOTECH is obliged to pay a royalty to a Third Party in order to achieve Additional Indication Freedom to Launch ("**Freedom Royalty")** and it has been decided in the JCS that the Additional Indication will be commercialised, then the supply price as set out in Article 10.4 shall be increased by adding [***] percent ([***]%) of the rate of such Freedom Royalty. Such [***] percent ([***]%) of the rate of such Freedom Royalty payable by STADA hereunder shall in no event be more than €[***] ([***] Euros) per calendar year in the aggregate for the entire Territory. ALVOTECH shall provide STADA with regular updates (at least [***] per year) on the status of negotiation of such Freedom Royalty. STADA may verify the payments with an auditor in accordance with the provisions of Annex 1 attached hereto.

If the above provisions only apply to some countries, then the effects of this clause shall be applied to those countries only and any payments due shall be made on a pro rata basis (relative to annual sales value).

11.18 Without limiting STADA's obligation under Article 11.1, from and after the Launch of the Product in a country until expiration of the Exclusivity Period, STADA will use all commercially reasonable efforts to promote, market, offer, and sell the Product in such country.

Article 12 – Non-Compete

12.1 STADA shall (and shall ensure that its Affiliates do) not, commencing upon Launch of the Product on a country-by-country basis in the Territory, promote, market, offer, distribute, or sell any Competing Product.

12.2 In any event, this non-competition obligation shall:

(a) not extend more than [***] commencing on the date of Launch on a per country basis, and

(b) not apply to any Competing Product acquired by STADA or its Affiliates as a result of any transaction executed by STADA or its Affiliates acquiring control of a Third Party that manufactures, has already registered or applied for, holds and maintains authorizations of such Competing Product, promotes, sells, markets, distributes or otherwise uses Competing Product in a country of the Territory at the date of acquisition of control where such Competing Product represents less than [***] percent ([***]%) of the value of all assets acquired. In case that more than [***] percent ([***]%) of the value of all assets are acquired, STADA has [***] months to solve the conflict which may include the sale of the Competing Product. In case that more than [***] percent ([***]%) but less than [***] percent ([***]%) of the value of all assets are acquired, STADA has [***] months to solve the conflict which may include the sale of the Competing Product.

(c) For the avoidance of doubt, this Article 12 does not apply to Distributors but only to STADA and its Affiliates. For the purpose of this Article 12, the term “Affiliate” in respect of STADA shall include STADA Arzneimittel AG and any and all corporations and companies Controlled (as defined in Article 1.4) by it, either directly or indirectly, but shall [***] (unless such companies themselves are Controlled by STADA).

12.3 Notwithstanding the foregoing, if STADA or any of its Affiliates acquire a Competing Product (regardless of the value of such asset in an overall transaction) that is being promoted, marketed, offered for sale, distributed or sold in the Territory at any time during the [***] period following Launch of the Product within a country of the Territory STADA’s obligation to use commercially reasonable efforts to promote, market, offer and sell Products in the Territory during such [***] period shall not be diminished or otherwise affected by such Competing Product and such Competing Product shall not be taken into account in any manner in determining whether STADA’s or its Affiliates’ conduct of its activities under this Agreement are commercially reasonable.

Article 13 – Confidentiality

13.1 **CONFIDENTIAL INFORMATION**: For [***] years following the termination of this Agreement, and unless otherwise provided for in this Agreement, all information of a confidential character provided, pursuant to this Agreement, by either Party to the other including without limitation the contents of the Dossier, information on the business of either Party, the existence and terms of this Agreement as well as negotiations between the Parties prior to this Agreement shall be treated by the receiving Party as confidential (”**Confidential Information**“). During any period of time that Created Product IP Rights and the Owned Product IP Rights are jointly owned by the Parties, such IP Rights shall be considered the Confidential Information of both Parties. For clarity, following assignment of the rights to Created Product IP Rights and the Owned Product IP Rights to ALVOTECH, such IP Rights shall be considered the Confidential Information of ALVOTECH only. The receiving Party shall not disclose Confidential Information or parts thereof to any Third Party except to its Affiliates, its external consultants, competent authorities, Health Authorities, manufacturers, distribution partners or any Third Party acting on behalf of the receiving Party for the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4. The receiving Party shall ensure that such Third Parties receiving Confidential Information shall be bound by similar secrecy obligations except for competent authorities or Health Authorities. Neither Party shall use Confidential Information of the other Party (or of both Parties as deemed hereunder) for any purpose other than the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4.

13.2 **Exception to the confidentiality obligation**: The obligations of the receiving Party described in the above paragraph shall not apply to information that the receiving Party can prove:

(a) is available to the general public on the Effective Date; or

(b) is or is made known or available to the general public after the Effective Date by any means other than by an unauthorized act or omission of the receiving Party; or

(c) was known to it or any of its Affiliates before the Effective Date and not obtained, directly or indirectly, from the disclosing Party; or

(d) which is disclosed to the receiving Party or any of its Affiliates after the Effective Date by a Third Party which legally possessed it; or

(e) has been independently developed by the receiving Party or any of its Affiliates.

13.3 **Disclosure according to law:** In case Confidential Information of the disclosing Party must be disclosed to courts, governmental agencies, health insurances or other authorities or is otherwise required by law, the receiving Party shall be entitled to do so to the extent required by law provided, however, that if either Party is so required, such Party shall give to the extent possible the other Party reasonable advance notice in written form of such disclosure requirement and use reasonable efforts to secure confidential treatment of such Confidential Information (whether through protective order or otherwise). Such disclosure shall, however, not relieve the receiving Party of its other confidentiality obligations contained herein.

13.4 **Press release**. After signing this Agreement and upon prior mutual and written agreement between the Parties, the Parties may issue a press release, provided always that nothing in this Article 13 shall prohibit any Party from making any public statement or announcement as may be required by the applicable law (including as interpreted by the administration practice of any competent authority) or by rule of any stock exchange (subject to compliance with Article 13.3).

STADA represents and warrants to ALVOTECH as a continuing representation and warranty that:

15.11 it is a corporation duly incorporated, validly existing and in good standing under the laws of the jurisdiction of its incorporation and has all requisite corporate power to execute and deliver this Agreement and to perform its obligations under this Agreement;

15.12 it is fully entitled to grant the rights and licenses granted to ALVOTECH within this Agreement;

15.13 STADA and its Affiliates will not (and will not give consent for any Third Party on its behalf or any sublicensees or Distributors to) file for any registered IP Rights related to the Products outside the Territory, including any IP Rights within Product IP Owned Rights or Created Product IP Rights; and

15.14 it shall be responsible and liable to ALVOTECH for failure of its Affiliates, Distributors and sublicensees (and subcontractors) under this Agreement.

15.15 **ALVOTECH indemnity**

In addition to any other remedy available at law or under this Agreement, ALVOTECH shall indemnify and hold harmless STADA, its Affiliates and their respective directors, staff and representatives against all Third Party claims, suits, damages, loss, cost or expenses (including reasonable attorneys' fees) made or brought against STADA, its Affiliates, manufactures, distributors and their respective directors, staff and representatives resulting from any Third Party claim relating to and to the extent of:

(a) any breach of warranty, covenant or obligation by ALVOTECH under this Agreement (including for clarity, any claims, suits, etc. relating to breach of Article 15.5, even if such claims arise or are asserted after expiration of the lifetime of any relevant Identified Patents and Additional Indications Patents, as applicable); and/or

(b) any wrongful or negligent act or omission of or on behalf of ALVOTECH and its Affiliates and its representatives in connection with the performance of this Agreement.

to the extent that STADA is not obliged to indemnify ALVOTECH under Article 15.16.

15.16 **STADA indemnity**

In addition to any other remedy available at law or under this Agreement, STADA shall indemnify and hold harmless ALVOTECH, its Affiliates, and their respective directors, staff and representatives against all Third Party claims, suits, damages, loss, cost or expenses (including reasonable attorneys' fees) made or brought against ALVOTECH, its Affiliates and their respective directors, officers, staff and representatives resulting from any Third Party claim relating to:

(a) any breach of warranty, covenant or obligation under this Agreement by STADA;

(b) any wrongful or negligent act or omission of or on behalf of STADA or its Affiliates in connection with the performance of this Agreement;

to the extent that ALVOTECH is not obliged to indemnify STADA under Article 15.15.

15.17 **Indemnity Procedure**

If any claim is brought against a Party or any of its Affiliates entitled to the benefit of an indemnity set out in this Agreement (the "**Indemnitee**") by any Third Party which is likely to result in a claim by the Indemnitee against the Party who has given an indemnity under this Agreement (the "**Indemnifier**"), the Indemnitee shall:

(a) give notice of such Third Party claim to the Indemnifier without undue delay; the notice shall describe such claim in reasonable detail including a reasonable explanation of the basis and amounts of the claims;

(b) keep the Indemnifier promptly and fully informed as to the progress of any such claim and shall ensure that the Indemnifier is promptly sent copies of all relevant communications;

(c) to the extent possible take all reasonable steps so as to recover or minimise or resolve such liability or dispute and, upon request by the Indemnifier, permit the Indemnifier to take conduct of such proceedings as the Indemnifier considers appropriate, acting reasonably at all times and with due consideration of the interest of the Indemnitee;

(d) cooperate with all reasonable requests of the Indemnifier in relation to such claim; and

(e) not, and shall procure that none of its Affiliates shall, accept, pay, settle or compromise any such claim without the prior written consent of the Indemnifier.

Article 16 – Intellectual Property Rights

16.1 Filing, Prosecution and Maintenance of Joint Rights.

(a) ALVOTECH shall be primarily responsible, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of all Patents relating to the Product IP Owned Rights and the Created Product IP Rights in the Territory ("**Joint Patent Right(s)**"). If ALVOTECH elects not to take any such action with respect to a Joint Patent Right, it shall provide written notice of the same to STADA, and upon STADA's receipt of such notice, STADA shall have the right, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of such Joint Patent Right. The Party responsible for such acts shall report to the other Party on a regular basis as to all material steps taken with regard to the filing, prosecution, and maintenance of such Joint Patent Rights including by providing such other Party with a copy of material communications to and from any IP Rights authority in the Territory regarding such Joint Patent Rights and by providing such other Party with drafts of any material filings or responses to be made to such authorities in the Territory sufficiently in advance of submitting such filings or responses so as to allow such Party a reasonable opportunity to review and comment. Each Party shall give the other Party all reasonably necessary support for the prosecuting Party to fulfil its obligations under this Article 15.1.

(b) For clarity, (i) as between the Parties, ALVOTECH or its Affiliate retains the sole right to prosecute and maintain all registered IP Rights contained within Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights, and (ii) ALVOTECH or its Affiliate retains the sole right to file for, prosecute and maintain all registered IP Rights contained within Product IP Owned Rights and Created Product IP Rights outside the Territory.

16.2 Each Party is obliged to inform the other Party as soon as reasonably possible if it becomes aware of (a) any registered IP Rights like patents or utility models of Third Parties affecting the commercialisation of the Products in the Territory or manufacture of the Product (regardless of whether in or outside the Territory) for sale and distribution in the Territory which were not previously known to each other, or (b) any potential infringement or misappropriation of any Product IP Owned Right or Created Product IP Rights by a Third Party ("**Third Party Joint IP Infringement**"), or (c) any potential infringement or misappropriation of either any Product IP Licensed Rights or any Manufacturing Product ex-Territory IP Rights by a Third Party affecting the Product in the Territory or its manufacture for the Territory (each, a "**Third Party Licensed IP Infringement**"), and in each case, provide all relevant information and documents regarding such issue.

16.3 In the event that any Third Party files an action, whether in court or out of court, against STADA (including STADA's Affiliates and/or Distributors), claiming an alleged infringement of registered IP Rights (especially but not limited to Patents) ("**IP Claims**") as a consequence of or derived from (a) the performance of any of the operations contemplated in this Agreement or the Supply Agreement or (b) in case additional Patents will be granted after the Effective Date and STADA's external patent counsel confirms that a Product falls within the scope of protection of such Third Party Patents as well as STADA and/or its Affiliates decide not to launch the Product or to discontinue marketing the Product, as the case may be, due to such additional Patents granted, then STADA shall provide ALVOTECH with all relevant details and ALVOTECH shall cooperate and render all assistance and all available documentation to STADA and/or its Affiliates in the event STADA and/or its Affiliate decide(s) to take action with respect to the claim of the alleged infringement.

16.4 ALVOTECH shall coordinate and decide the defense strategy, the means of proof and the appeals for any IP Claim up to the point of time of grant of MA in any country of the Territory. After the grant of the MA in any country of the Territory, the Parties shall decide together on the defense strategy, the means of proof and appeals for such IP Claim. This includes a joint decision on the defense of legal proceedings where necessary in the name of one of the Parties or in the joint name of both Parties as appropriate. In case the Parties do not agree on the defence strategy, then subject to Article 16.6, the Party being sued shall finally decide the defense strategy and the other Party shall use reasonable efforts to cooperate with such Party.

16.5 In the event that either Party reasonably believes there is a Third Party Joint IP Infringement or a Third Party Licensed IP Infringement (each, an "**Enforcement Claim**"), the Parties shall without undue delay consult each other on how to address such Enforcement Claim.

16.6 In case that any IP Claim is initiated against one Party or a Party is permitted to enforce an Enforcement Claim under this Agreement, and such Party requires the collaboration of the other Party for its defense or enforcement, as applicable, the other Party is obliged to provide reasonable collaboration to the requesting Party as well as to provide, as soon as possible, all the relevant information, documents, etc., that may be available, including joining the legal proceedings as a party where such party may be required to be joined in order to defend or enforce such IP Claim or Enforcement Claim, as applicable. Excluding ALVOTECH Claims, the defending or enforcing Party, as applicable, in any IP Claim or any Enforcement Claim shall keep the other Party informed on a reasonable and timely basis as to the status of the proceedings, including the defense or settlement of such claim. Excluding ALVOTECH Claims, for which no consent will be required from STADA, neither the defending or enforcing Party nor the non-defending or non-enforcing Party may settle any legal disputes without prior written consent of the other Party, such consent not to be unreasonably withheld or conditioned.

16.7 In the event that the Parties cannot agree on enforcement of any Third Party Joint IP Infringement affecting the Product in the Territory within [***] days of such discussions, then subject to Article 16.6, STADA shall have the first right to elect to enforce such Third Party Joint IP Infringement by delivering to ALVOTECH, after such [***] days period, written notice of such election. If ALVOTECH does not receive written notice within such [***] day period, then subject to Article 16.6, ALVOTECH shall have the right to enforce such Third Party Joint IP Infringement.

16.8 In the event that the Parties cannot agree on enforcement of any Third Party Licensed IP Infringement involving Product IP Licensed Rights affecting the Product in the Territory within [***] days of such discussions, ALVOTECH shall have the first right to elect to enforce any such Third Party Licensed IP Infringement involving Product IP Licensed Rights. In the event ALVOTECH or its Affiliate elects not to take action against any infringement of any Product IP Licensed Rights by a Third Party affecting the Product in the Territory within [***] days of its right to do so under this Article 16.8, and to the extent that ALVOTECH as licensee has rights to enforce the Product IP Licensed Rights against such Third Party in the Territory (and may grant sub-license rights to STADA of the same), STADA shall have the right, subject to Article 16.6, at its own expense, and if applicable in the name of both Parties, for taking all reasonable action related to enforcement of such Product IP Licensed Rights affecting the Product against such Third Party in the Territory. ALVOTECH shall use commercially reasonable efforts to obtain the right to enforce such Product IP Licensed Rights affecting the Product in the Territory. For clarity, ALVOTECH will have the sole right to enforce all other Enforcement Claims ("**ALVOTECH Claims**").

16.9 For the avoidance of doubt, subject to Article 17.5, any claims, including IP Claims, brought against STADA's trademark, brand and/or logo any actions taken by STADA in order to defend STADA's trademark, brand and/or logo are in the sole discretion and responsibility of STADA.

Article 17 – Termination and Expiration

17.1 This Agreement shall become effective upon the Effective Date.

17.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 17, (a) STADA will keep the Dossier (and its rights to use the Dossier), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein), and (c) the Exclusive Purchase Obligation shall terminate.

17.3 Except as otherwise provided in this Agreement, this Agreement can be terminated with immediate effect subject to written notice:

(a) by the non-defaulting Party if the other Party commits a material breach of this Agreement and, in the case of a breach capable of remedy, does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(b) by the non-defaulting Party if the other Party states or admits in writing that it is unable to pay its current obligations in the ordinary course of business as they generally become due, declares bankruptcy, assigns all its assets for the benefit of creditors, undergoes a corporate reorganization prompted by insolvency or appoints receiver or trustee;

(c) by STADA in case the Products will not benefit from a registered shelf life of at least [***] months at the date of grant of the first MA on behalf of STADA or its Affiliate and/or the ongoing-stability program in accordance with GMP does not confirm such stability of the Product;

(d) by the Party to whom a warranty according to Article 15 is given and such warranty turns out to be incorrect and the breaching Party does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(e) by STADA if an EU-wide Marketing Authorisation by way of the CP is not granted by 31 December 2025 (date of positive EC decision) (which date shall be extended by up to three (3) months if it is likely that such extension of time has a reasonable prospect of resulting in a positive opinion);

(f) by STADA if the Dossier is not delivered to STADA by Target Dossier Delivery Date.

17.4 The effects of termination by STADA according to Article 17.3(a) or (b) or (d) shall be that (a) STADA will keep the Dossier (and its rights to use the Dossier), and upcoming and granted MAs, (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become [***] (but remain subject to restrictions contained therein) and STADA shall not be required to make any further payments to ALVOTECH under this Agreement (other than pursuant to Article 10 if the Supply Agreement remains in place), and (c) STADA shall be [***].

Further, in case of termination by STADA according to Article 17.3(a) or (d), provided that the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of STADA to exploit or exercise its rights under this Agreement, then ALVOTECH shall reimburse to STADA:

(a) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place prior to or during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(b) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any) if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(c) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(d) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany;

(e) [***] percent ([***]%) of the payments paid in accordance with Article 9.4 reduced by any reimbursements in accordance with Article 11.15 (if any), if the termination takes place during the [***] marketing year of the Product in the initial Exclusivity Period for Germany; and

after expiration of the initial Exclusivity Period for Germany, the effects mentioned above shall remain, but no reimbursement of the payments made in accordance with Article 9.4, shall become due.

Any reimbursement shall be fully credited against any damages claims awarded.

17.5 The effects of termination by (i) ALVOTECH as terminating Party according to Article 17.3(a) or (b) or (d) (provided that, in case of termination under Article 17.3(a) or (d), the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of ALVOTECH to benefit from the rights granted under this Agreement, or (ii) STADA as terminating Party according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that STADA shall return to ALVOTECH, without retaining any copy, the Dossier (if any), together with any other documentation delivered by ALVOTECH in connection with the Products, except for copies which are required to be retained subject to law. In addition upon written request by ALVOTECH, STADA shall immediately assign and transfer any and all rights to the MAs (or to any MA applications, as the case may be) to ALVOTECH or ALVOTECH's designee, at no cost for ALVOTECH whatsoever and STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier, any IP Rights under this Agreement, including any Created Product IP Rights, Owned Created IP Rights, Product IP Licensed Rights, and Manufacturing Product ex-Territory IP Rights, the Products and/or the MAs for the Products. In addition, STADA, on behalf of itself and its Affiliates, (a) hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, and (b) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free (except for any royalties for the product trademarks as set out herein), fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use and sale of the Product in the Territory in a form substantially similar to the commercialisation as performed or envisaged by STADA, and agrees to introduce ALVOTECH and its designees with the aim to obtain any such licenses from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory. Such license granted under this Article 17.5(b) shall exclude rights to any trademarks, trade dress of use of the company names of STADA or its Affiliates; provided that in the event termination occurs after launch of the Product in a country in the Territory, then STADA hereby grants ALVOTECH an exclusive and sublicensable right (through multiple tiers), to use the product trademark under which the Product was being commercialized in such country for the sole purpose of manufacturing, marketing, using, or selling the Products in the Territory, and the Parties will negotiate in good faith a trademark license agreement with standard royalties customary in the pharmaceutical industry for a deal of this size and

commercial potential of the Product, addressing the enforcement and protection of such trademark for the benefit of ALVOTECH, or if mutually agreed to, an assignment of such trademark to ALVOTECH. The product trademark license shall be royalty-free and fully paid up, if ALVOTECH is the terminating Party according to Article 17.3(a) or (b) or (d), and shall bear said standard royalties as set out herein, if STADA is the terminating Party according to Article 17.3(c), (e) or (f). In case the Parties cannot agree on such standard royalties for said trademark within [***] days after start of the negotiation, either Party may request that the president of the International Chamber of Commerce in Frankfurt, Germany, as arbitrator (or any other person nominated by said president and acting as arbitrator) determines the same in good faith taking into consideration the nature of the license in the pharmaceutical industry, the size and commercial potential of the Product. For this purpose, both Parties may submit a confidential proposal to the arbitrator setting out the amount of such royalty rate within the time period set by the arbitrator which shall not exceed [***] weeks after the arbitrator has been appointed or invoked. The arbitrator shall only be entitled to choose between one of the two proposals and shall select only such proposal which he considers in good faith the most appropriate one in light of the criteria set out herein. The determination of the arbitrator of the royalty rate shall be binding in any court of competent jurisdiction. The total expense including reasonable attorney fees of such arbitration shall be paid by the unsuccessful Party. STADA will cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred IP Rights.

17.6 In addition to the effects set out in Article 17.5, the effects of termination by STADA according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that ALVOTECH shall reimburse STADA all payments already made under Article 9.4 and all regulatory fees and any other costs related to such MAs or application already paid under this Agreement.

17.7 This Agreement can be terminated by STADA on a country-by-country basis for any country of the Territory with immediate effect by giving written notice to ALVOTECH if:

(a) ALVOTECH fails to assist STADA in answering adequately any deficiency letter issued by any relevant Health Authority so that a MA for at least one strength (pack size) of the Product cannot be obtained in such country; or

(b) Article 16.3 applies in the country concerned, and the prospects of the Third Party lawsuit are that, on the balance of probabilities, such lawsuit will succeed; or

(c) the Health Authorities of the respective country decline to successfully conclude a registration procedure in a national procedure and to grant a MA for the Product on the basis of the Dossier, or the performance of ALVOTECH is not in line with the European state of the art in regulatory affairs in running/or supporting the application procedures, independent of any possibility of appeal, or if the Health Authority or any other responsible authority declines to grant reimbursement status.

In case of termination by STADA under Article 17.7(a) or (c) for non-EU countries, ALVOTECH shall refund to STADA an amount calculated according to the following scheme: refund amount = [***] For these purposes, the sales shall be determined according to data provided by IQVIA Commercial GmbH & Co. OHG, Frankfurt/Main, Germany.

In all cases of termination under this Article 17.7, the effects set out in Article 17.5 shall apply, but only for the country(ies) concerned, and the Exclusive Purchase Obligation shall terminate automatically for the specific terminated country/countries.

17.8 The terms and conditions of this Article shall not limit any rights for damages of either Party subject to a breach of contract by the other Party in case of termination of this Agreement. However, any reimbursements made in accordance with the terms of this Agreement shall be deducted from the amount of any damage claim awarded.

17.9 For clarification: in all events of termination the non-compete obligation shall also terminate (for the respective country, if termination occurs on a country-by-country basis).

17.10 Upon termination of this Agreement for any reason, nothing shall be construed to release one of the Parties from any of its obligations or liabilities hereunder arisen until the date of termination (including without limitations its obligations to pay any and all fees or other amounts accrued but unpaid hereunder prior to the date of such termination).

17.11 In any case of termination, except in the event that ALVOTECH terminates this Agreement for material breach by STADA, STADA, its Affiliates and/or its Distributors are entitled to sell their remaining stock of the Product purchased from ALVOTECH, provided that all outstanding invoices of ALVOTECH for the Product supply have been paid by STADA. As long as necessary for the sell-out of the remaining stock as permitted herein, STADA is entitled to use and keep the Dossier and the relevant MAs.

Article 18 – Miscellaneous

18.1 Social Responsibility:

(a) Each Party undertakes and warrants to the other Party that with respect to the performance of this Agreement it shall adhere to the ten principles of the UN Global Compact which include human rights, labour and environment principles and working against corruption in all its forms.

(b) Any damage of either Party due to the non-compliance with this warranty shall be limited to the direct damage suffered by the other Party as a result of such non-compliance.

(c) Such damages are the sole and only legal remedy in case of any breach by either Party of, or non-compliance with, the warranty set forth in Article 18.1(a). Therefore, any other remedies such as the rights to terminate or rescind this Agreement or withdraw from it or to claim any other damages such as indirect, consequential, special or incidental damages are expressly excluded.

18.2 Assignment: This Agreement is deemed personal to both ALVOTECH and STADA. Therefore, neither Party shall, without the prior written consent of the other Party which will not be reasonably denied, assign this Agreement or any of its rights hereunder, except to an Affiliate. Any assignment in derogation of this Article 18.2 shall, at the option of the non-assigning Party, be deemed null and void. In addition, ALVOTECH may, with STADA's prior written consent, assign the rights under this Agreement to a bank or other financial institution making financial facilities available to a Party for the purposes of its working capital or other requirements.

18.3 Entire understanding: This Agreement, along with the Supply Agreement, are the entire understanding and agreement between ALVOTECH and STADA relating to the subject matter hereof and supersedes (except as provided herein) any and all prior arrangements, understandings and agreements between ALVOTECH and STADA whether written or oral relating thereto. No amendments, changes, or modifications of the terms of this Agreement shall be deemed valid and binding unless made in writing and signed by the duly authorised representative of each Party.

18.4 Law and jurisdiction: The validity, interpretation and fulfilment of this Agreement shall be governed by the material laws of Germany without reference to the United Nations Convention on the International Sale of Goods (CISG). The place of jurisdiction shall be Frankfurt am Main, Germany.

18.5 Non-waiver: The failure by any Party at any time to enforce any of the terms, provisions or conditions of this Agreement or to exercise any right hereunder shall not constitute a waiver of the same or affect the validity of this Agreement or any part hereof, or ALVOTECH's and STADA's right thereafter to enforce or to exercise the same.

18.6 Severability: In case one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such holding shall not affect any other provisions of this Agreement. Instead a provision shall be construed by limiting such provision to such extent as would nearly be possible reflect the intent, purpose and economic effect of such, or, if such is not possible, by deleting such provision from this Agreement.

(i) STADA to conduct onsite audits at the CRO(s), the clinical site(s) and/or analytical site(s) involved in the Development of the Product, and

(ii) upon STADA's request, to provide STADA with all quality-related aspects of the contract between the sponsor and CRO and all monitoring and audit reports about quality-assuring measures;

(r) provide to STADA all data and information, also including but not limited to information on technical difficulties and their solutions, generated by ALVOTECH as part of the Development including, without limitation, copies of relevant conclusions, summaries and reports;

(s) ensure that all records and documentation provided to STADA under this Agreement or any agreement referred to herein shall be accurate in all respects and in compliance with all applicable legal requirements;

(t) as soon as available and upon request from STADA, provide to STADA any parts of the Dossier and the complete Dossier in e-CTD form;

(v) provide all documents to STADA in the English language;

(w) perform an annual product quality review for the Product according to EU GMP Guide section 1.10. (i), (ii), (iii), (iv), (v), (vii), (ix), (xi), (xii) and to provide STADA with this data free of charge; and

(x) conduct follow up stability on the first [***] production batches of the Product in accordance with GMP- and ICH-guidelines proving stability of the Product for the duration of the planned shelf life as well as further stability studies as requested by the EU Health Authorities. ALVOTECH will provide the results of such studies to STADA free of charge, provided that the Supply Agreement is still valid, and without delay as soon as reasonably possible after new results are available.

4.2 Any additional revisions to the Dossier communicated by ALVOTECH to STADA, including without limitation developments or updates generated and submitted by ALVOTECH to STADA subject to this Agreement shall become part of the Dossier and STADA shall be entitled to use them in the same way as the Dossier in accordance with this Agreement.

4.3 The Parties acknowledge and agree that 30 September 2022 is that date which the Parties are targeting for delivery of the Dossier to STADA. Notwithstanding the forgoing, ALVOTECH shall deliver the Dossier to STADA not later than [***] months prior to the Target Date ("**Target Dossier Delivery Date**").

4.4 STADA shall not conduct any clinical or other study with the Products without the prior written consent of ALVOTECH (such consent not to be unreasonably withheld or delayed); no consent is required if such clinical or other study is legally required or a consent would be incompatible with legal requirements, but STADA shall notify ALVOTECH in writing as soon as it reasonably can giving details of the proposed protocol for such study and shall consider in good faith any comments ALVOTECH provides.

Article 5 – Concerns during Development

5.1 The terms of this Article 5 are without prejudice to the rights of either party according to Article 17 and without limitation of the obligations, representations and warranties under this Agreement.

5.2 In the event that STADA reasonably considers at any time before the Dossier is delivered to STADA that either (i) the Dossier when submitted via a CP to the EMA will not be approved or (ii) the Dossier will not be completed by the date prescribed according to Article 4.3, then STADA will notify ALVOTECH of this determination in writing and the Parties will discuss and negotiate with each other in good faith with a view to agreeing on one of the following 3 options:

(a) [***];

(b) to terminate this Agreement; or

(c) such other arrangement as the Parties shall mutually agree.

Irrespective whether the Development will be discontinued, the Agreement terminated or the Parties agree on other arrangements, none of the Parties waive any of its rights under this Agreement.

Article 6 – Joint Steering Committee

6.1 In all matters related to the collaboration established by this Agreement, the Parties shall: (a) strive to balance the legitimate interests and concerns of the Parties and to realize the economic potential of the Products; (b) act in a commercially reasonable manner and in good faith in respect of this Agreement and all decisions or determinations to be made hereunder, and (c) seek to comply with good pharmaceutical and environmental practices.

6.2 Notwithstanding ALVOTECH's obligations under Article 4, ALVOTECH and STADA will, working together, monitor and manage the progress and conduct of the Development and the Development Plan, to include the compilation of the Dossier. For this purpose, both Parties shall establish a steering committee ("**Joint Steering Committee**" or "**JSC**") which shall operate as follows:

(a) the objectives of the JSC shall be (i) to monitor and review progress under the Development Plan, and (ii) to decide questions arising whilst the Development Plan is under way and make any necessary revisions to the Development Plan;

(b) each Party may appoint up to [***] members to the JSC. Each of STADA and ALVOTECH may replace any or all of its representatives on the JSC at any time upon written notice to the other Party. A Party may designate a substitute to temporarily attend and perform the functions of such Party's designee at any meeting of the JSC. ALVOTECH and STADA each may, on advance written notice to the other Party, invite non-member representatives of such Party to attend meetings of the JSC, provided that non-employees of a Party must have signed an appropriate confidentiality agreement to be able to participate;

(c) the JSC shall be chaired jointly by a member appointed by each Party ("**Joint Chair**");

(d) decisions shall be taken by the affirmative vote of the Joint Chairs of the JSC;

(e) in the event of any failure to agree, both Parties shall refer the dispute to the CEO of ALVOTECH and an executive board member of STADA. If the dispute is not resolved within [***], then the decision shall be as required by the STADA Joint-Chair of the JSC. This decision may only be challenged by ALVOTECH within [***] if ALVOTECH considers the decision is harmful to the objectives or timetable of the Development Plan and refers the decision to review by a senior professor well experienced in the scientific subject to be reviewed. Any such review must be concluded within [***] (or such other period as the Parties mutually agree). The Parties must oblige the appointed senior professor to base his/her decision on the following criteria: on the one hand he/she must take into consideration the scientific feasibility of the Development Plan and the requirements to obtain a MA for the Product, and on the other hand he/she must consider the desire of both Parties (without prejudicing the safety and quality of the Product) to achieve economic success by (i) launching the Product for sale as soon as may be reasonably possible and (ii) obtaining the necessary marketability of the Product, In the absence of manifest error, the decision of the appointed senior professor shall be final and not be subject to judicial review;

(f) the JSC shall meet on [***]-monthly basis;

(g) meetings shall be held by physical presence at least [***] per year, otherwise by conference or video call;

(h) in lieu of a meeting of the JSC, the JSC may adopt a circular written resolution signed by all the members of the JSC separately which shall be as effective as a resolution passed at a meeting of the JSC duly convened and held in person. Such resolution in writing may consist of several documents, each signed by one or more of the members of the JSC;

(i) the JSC shall keep minutes of their meetings;

(j) the JSC has the power to constitute sub-committees or working parties which shall report to the JSC on specific subject-matter as determined by the JSC, and operate in accordance with the requirements as laid down by the JSC; and

(k) each Party shall be responsible for all travel and related costs and expenses for its members and other representatives to attend meetings of, and otherwise participate in, the JSC.

Article 7 – Registration procedure

7.1 ALVOTECH shall as soon as reasonably possible (within a maximum of [***] months) after completion of the Dossier and STADA's approval, in coordination with STADA, submit to EMA a CP for the Products in STADA's name as Marketing Authorisation holder and with STADA's own brand name/trademark.

7.2 In addition, ALVOTECH grants the right to STADA, STADA's Affiliates and to consultants working on behalf of STADA or its Affiliates to register the Products, at STADA's risk and expense in respect of countries of the Territory not covered by the CP via national procedures. STADA is entitled to decide independently whether and when to submit for national applications for the Products in such countries to obtain MAs in the name of STADA, its Affiliates and/or consultants acting on STADA's or its Affiliates' behalf and at STADA's own expense. For that reason, STADA is entitled to use regulatory consultants working on behalf of STADA or its Affiliates. However, if such national applications are not submitted within [***] months after receipt of the Dossier for any negligent act, fault or culpable omission by STADA or any of its Affiliates or anyone acting on any of their behalves (or such longer period as the Parties mutually agree), then, on a country by country basis, ALVOTECH shall have the right to terminate this Agreement with respect to such country, provided that:

(a) ALVOTECH has first notified STADA in writing of such non-submission (describing the country and due date of the submission),

(b) ALVOTECH granted a last grace period of **[***]** to rectify such failure, and

(c) STADA has not done so within said grace period,

except that said [***] period shall be prolonged by such reasonable period which is necessary to allow for any required additional local studies to be conducted. STADA will keep ALVOTECH informed about progress of all such applications. Upon any such termination in a country, the relevant provisions in Article 17.5 shall apply with respect to such country.

7.3 STADA or its Affiliates will bear all Health Authority fees and all other reasonable external costs associated with all MAs obtained by or for and/or transferred to, STADA or its Affiliates (including any consultants acting on any of their behalves) unless otherwise stated in this Agreement.

7.4 ALVOTECH shall use all reasonable efforts to provide the assessment reports and all deficiency letters to STADA within [***] (or sooner) from the receipt thereof. In case STADA runs the registration procedures on its own, STADA will use all reasonable efforts to provide the deficiency letters received from any Health Authority to ALVOTECH without delay, at the latest within [***] from the receipt thereof. Irrespective of whether the registration procedure is conducted by ALVOTECH on behalf of STADA, by STADA itself or a regulatory consultant working on behalf of STADA and/or its Affiliates, ALVOTECH shall provide all reasonable assistance which is required to obtain and maintain the MAs as quickly as possible. Such assistance shall be interpreted as including without limitation to provide STADA with the statements, certificates and information required to compile module one (1) of the Dossier prior to submission, the timely and free of charge preparation of response documents to deficiency letters from the Health Authorities in English language and in accordance with applicable guidelines. Moreover, ALVOTECH will provide the draft and final response documents to deficiency letters from Health Authorities prior to submission and with sufficient time for STADA or the regulatory consultants working on behalf of STADA and/or its Affiliates to evaluate and comment on such response documents.

A copy of the submitted responses will be provided to STADA within [***] after submission in case such procedure was conducted by ALVOTECH on behalf of STADA.

In the event deficiency letters received from the competent Health Authorities in the Territory require significant, additional Product development activities beyond the requirements of the relevant guidelines, then ALVOTECH and STADA shall decide in mutual consent the manner in which the information shall be generated.

7.5 STADA will use the MAs and the Dossier only according to Article 2 of this Agreement. The passing on of the Dossier or copies of it, whether in whole or in parts, to any Third Party, except to STADA's Affiliates, Distributors, sublicencees, competent authorities or external consultants (subcontractors), is strictly prohibited. Any further use depends on the written consent of ALVOTECH. Once STADA is entitled to arrange for the manufacture of the Product itself or its Affiliates or sub-contract it to Third Party manufacturers, STADA may for such purpose disclose the relevant parts of the Dossier to the relevant Third Party manufacturer subject to confidentiality obligations no less stringent than the confidentiality obligations of this Agreement.

Article 8 – Changes / Variations

8.1 In case of intended variations to the Dossier initiated by ALVOTECH after grant of the MAs, ALVOTECH will inform STADA at least [***] in advance before the intended date of those changes coming into effect. ALVOTECH will provide STADA with sufficient details to start internal change control procedures at least [***] before submission of the variation and will provide STADA in time for submission with the necessary complete documentation for the variation procedure. However, every variation has first to be approved by STADA, and STADA shall not unreasonably withhold or delay such approval in writing. The changes to the Product notified to the Health Authorities shall only be implemented after successful completion of the variation procedures in the Territory or after written approval of STADA's QC department.

8.2 In case of STADA-requested variations, which require additional work, like, but not limited to, development work, at ALVOTECH, such work shall be on behalf and for the account of STADA. The regulatory fees for such STADA-requested variations will be completely borne by STADA.

8.3 In case of ALVOTECH-requested variations, the work required shall be for the account of ALVOTECH, and the regulatory fees will be borne by ALVOTECH except that STADA shall bear the regulatory fees where STADA will have a direct benefit (e.g. lower Supply Price, longer shelf-life, or shorter lead times), which benefit must be of a reasonable and material value relative to the cost of such regulatory fees.

8.4 In case of all other variations, STADA shall bear all fees due to the Health Authority as a consequence of any change, variation or any modification that may be introduced in the Dossier and/or in the Marketing Authorisation.

8.5 Irrespective as to who will benefit from the changes, any changes to the Dossier by ALVOTECH will be communicated without delay and any additional appropriate regulatory documentation will be provided by ALVOTECH to STADA free of charge including but not limited to the preparation of relevant Dossier replacement pages which must comply with e-CTD-requirements. Additionally, ALVOTECH will provide to STADA (a) the updated, consolidated Dossier in e-CTD format within [***] after closure of the respective variation procedure in case such procedure was conducted by ALVOTECH on behalf of STADA and (b) after finalization of the registration procedure, copies of the e-CTD sequences that have been submitted to the Health Authority/-ies. ALVOTECH will not provide to STADA re-published e-CTD sequences.

Article 9 – Monetary Consideration

9.1 In this Article 9, the following definitions shall apply:

(a) "**Dossier Delivery Date**" means the date when the Dossier is actually delivered to STADA in accordance with the provisions of Article 4.3 and in compliance with all applicable provisions of Article 4;

(b) "**Independent Auditor**" means an independent auditing firm of international repute nominated by ALVOTECH or STADA (as the case may be) and to which ALVOTECH or STADA (as the case may be) has no reasonable objection;

(c) "**IPO**" means the first public offering of any class of equity securities by ALVOTECH or any of its Affiliates that results in the admission of such class of equity securities to trading of a regulated market or other recognised investment exchange, whether such public offering is effected by way of an offer for sale, a new issue of shares, an introduction, a placing or otherwise;

(d) "**IPO Planned Date**" means [***] or such other date as the Parties agree in writing;

(e) "**Pre-IPO**" means a placement of any class of equity securities by ALVOTECH or any of its Affiliates with private investors made before and in anticipation of an IPO; and

(f) "**Satisfactory Financial Position**" means that ALVOTECH has sufficient funds available (or on call) to complete the preparation of the Dossier (including completion of the relevant clinical study) ready for submission to the EMA in accordance with Article 7.1, taking into account ALVOTECH's income and other financial obligations.

9.2 In the event that:

(a) ALVOTECH announces an IPO before the IPO Planned Date and notifies STADA in writing thereof;

(b) ALVOTECH believes that it will achieve a Satisfactory Financial Position as a result of a Pre-IPO and notifies STADA in writing that a Pre-IPO will take place; or

(c) if there has been no IPO or Pre-IPO before the IPO Planned Date,

then, in the following month, STADA will conduct a review of ALVOTECH's financial position to satisfy itself and determine whether (or not) ALVOTECH has achieved a Satisfactory Financial Position ("**First Determination**"). Additionally, until the Dossier has been delivered to STADA in accordance with Article 4.3, in January of each year from January 2023 onwards, STADA may conduct a further review to satisfy itself and determine whether (or not) ALVOTECH continues to achieve a Satisfactory Financial Position ("**Yearly Determination**"). In each case STADA will act reasonably in making this determination and will also make such determination as soon as reasonably practicable after STADA has received the necessary financial information in accordance with Article 9.3. STADA shall notify ALVOTECH in writing as to its determination (that ALVOTECH does or does not have a Satisfactory Financial Position). If STADA determines that ALVOTECH does not have a Satisfactory Financial Position, then STADA shall provide ALVOTECH with a summary of its reasons for that determination. If ALVOTECH wishes to challenge such negative determination, it shall, within [***] of that determination, notify STADA accordingly ("**Dispute Notice**") and both Parties shall discuss the position and use their reasonable endeavours to resolve the position in good faith. If, within [***] (or such other period as shall be mutually agreed) of receipt of the Dispute Notice, the Parties are not able to reach agreement, then, within a further period of [***], ALVOTECH is entitled to request that STADA's negative determination be reviewed by an Independent Auditor on the grounds that STADA did not act reasonably in coming to such negative determination. The Independent Auditor shall be requested to give his/her opinion not later than within [***] (or such other period as the Parties shall agree) from the date of appointment. Both Parties shall be entitled to submit documents to the appointed Independent Auditor and to attend a joint meeting with him/her. Such Independent Auditor shall consider all reasonable arguments submitted by each Party. The appointed Independent Auditor shall then determine if STADA has acted reasonably in reaching its negative determination that ALVOTECH has not achieved a Satisfactory Financial Position. If the Independent Auditor decides that STADA has not acted reasonably, then the decision of the Independent Auditor on this issue shall be substituted for STADA's determination and ALVOTECH shall be deemed to have achieved a Satisfactory Financial Position.

9.3 In order that STADA can make its determination as to whether (or not) ALVOTECH has achieved a Satisfactory Financial Position as at each event listed at Articles 9.2(a) to (c) and on each Yearly Determination, ALVOTECH shall co-operate with STADA and information shall be provided as follows:

(a) [***];

(b) [***]; and

(c) [***].

9.4 In consideration of the rights which ALVOTECH grants to STADA and its Affiliates under this Agreement, STADA shall pay to ALVOTECH the consideration ("**Consideration**") of up to €36,600,000 (thirty six million, six hundred thousand Euros), excluding VAT, payable as follows:

(a) €[***] Euros) on the later of (i) [***] or, if earlier (ii) [***];

(b) €[***] Euros) on the later of (i) [***] or (ii) [***];

(c) €[***] Euros) on the later of (ii) [***] or (ii) [***];

(d) €[***] Euros) on [***];

(e) €[***] Euros) on [***];

(f) €[***] Euros) on [***]; and

(g) €[***] Euros) on [***].

9.5 Payments under Articles 9.4(a) through 9.4(g) shall only be payable once. Due payments shall be made by STADA within [***] after receipt of the relevant invoice from ALVOTECH.

9.6 All payments under this Agreement must be paid in Euro.

9.7 In case the First Determination made by STADA according to Article 9.2 is that ALVOTECH has not achieved a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within 4 weeks (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further 4 weeks STADA shall be entitled (at STADA's election) to either:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.7(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; or

(b) terminate this Agreement with one (1) month written notice.

9.8 In case the Yearly Determination(s) made by STADA according to Article 9.2 is that ALVOTECH has not achieved / maintained a Satisfactory Financial Position (and such determination has not been challenged by ALVOTECH according to Article 9.2, or, if challenged, the Independent Auditor has not determined otherwise), then both Parties shall discuss in good faith how the Development Programme can continue, possibly with an extended timetable. If within [***] (or such other period as shall be mutually agreed), the Parties are not able to reach agreement on how the Development Programme can continue, then, within a further [***] STADA shall be entitled to:

(a) permit ALVOTECH to continue with the Development but on the basis (for the avoidance of doubt) that STADA is free (by itself or a Third Party) to develop, and then to manufacture and market a Competing Product in the Territory provided that, if ALVOTECH delivers the Dossier to STADA by the Dossier Delivery Date in compliance with all applicable provisions of Article 4, all STADA's rights in relation to a Competing Product as described in this Article 9.8(a) shall cease and be of no further effect, and, if STADA has granted any rights to a Third Party in relation to such Competing Product for the Territory, STADA shall procure that any such rights shall be revoked or terminated; and/or

(b) suspend all milestone payments until the Dossier Delivery Date.

Article 10 – Supply of the Products

Before the [***], STADA and ALVOTECH agree and undertake to each other to enter into a Supply Agreement which shall incorporate the following commitments:

10.1 STADA is committed to and shall ensure that its Affiliates purchase their total demand of the Products according to the Dossier(s) as Finished Product exclusively from ALVOTECH for a term of [***] after Launch of the first strength of the Product in the Territory on a country-by-country basis ("**Exclusive Purchase Obligation**");

10.2 ALVOTECH will constantly manufacture and deliver the Product according to current EU GMP provisions, the Dossier and the Product specifications;

10.3 ALVOTECH will support STADA by using its commercially reasonable efforts to gain the import licence for the Products in case of manufacture in a country not belonging to the European Union, if applicable;

10.4 The prices for the Products supplied to STADA, its Affiliates and/or Distributors as Finished Product will be the greater of (a) [***] of STADA's or STADA's Affiliates' (as applicable) Net Selling Price in the respective country of the Territory or (b) the Floor Prices as stated in Annex 1;

10.5 The Exclusive Purchase Obligation shall terminate automatically in case the Supply Agreement terminates or as otherwise agreed in the Supply Agreement, including in the event any competent authority finds the Exclusive Purchase Obligation in such country to be invalid or unenforceable;

10.6 With regard to the countries of the Territory with Exclusive Rights, upon STADA's failure, other than as a result (and to the extent) of ALVOTECH failing to supply Product quantities ordered by STADA in accordance with the applicable provisions of this Agreement and the Supply Agreement, to purchase on a country-by-country basis:

(a) [***] of its annual non-binding forecast for the Products over [***] consecutive years, or

(b) [***] of its annual non-binding forecast for the Products in [***] and not being able to catch up this volume in [***],

ALVOTECH shall be entitled to convert the Exclusive Rights to Semi-Exclusive Rights for the particular country as the sole remedy; and

10.7 The initial term of the Supply Agreement shall be the duration of the Exclusivity Period ("**Initial Supply Term**"). Provided that STADA has complied with its material obligations under the Supply Agreement, STADA shall have the right, in its sole discretion, to:

(a) prolong the Exclusivity Period and prolong the duration of the Supply Agreement, or

(b) prolong the duration of the Supply Agreement (in which case all rights granted to STADA in Articles 2.1 through 2.3 shall become non-exclusive),

for up to three (3) times for further five (5) years periods by providing to ALVOTECH twelve (12) months written notice prior to the end of the Initial Supply Term or any prolonged term (as applicable) of its decision to prolong either the Exclusivity Period and or the term of the Supply Agreement (the total period of the Supply Agreement being call the "**Supply Term**").

In case of any inconsistencies between the provisions of this Agreement and the Supply Agreement in relation to supplies of the Products, the provisions of the Supply Agreement shall prevail.

10.8 Both Parties have the joint aim to be successful in respect of supplying the market in the Territory and understand that continuous cost improvements are an important element to achieve competitiveness. Therefore, ALVOTECH shall use its reasonable commercial efforts during the Supply Term to improve its manufacturing and supply costs for the Product (including [***]) so that, if necessary, ALVOTECH may be able to reduce the Floor Prices. ALVOTECH shall use its [***] to support STADA and its Affiliates competitiveness when bidding for tenders if ALVOTECH is able to [***].

Article 11 - Launch, Freedom to Launch and Reimbursement

11.1 STADA will use all commercially reasonable efforts to Launch the Products with the Initial Indications and any mutually agreed Additional Indications in each country of the Territory within [***] of:

(a) MA grant (for the respective country), and

(b) where applicable, receipt of the required price approval by health insurance organisations and other competent authorities,

whichever occurs later, and in any event provided that:

(i) any applicable Patent would not be infringed by the manufacture, marketing and sale of the Products and there is Freedom to Launch and, if applicable, Additional Indication Freedom to Launch;

(ii) ALVOTECH delivers the confirmed orders for the Products on time; and

(iii) there is no judicial measure in force at such time that prevents STADA from Launch of the Products.

If STADA fails to Launch the Products as so required then, within [***], ALVOTECH shall be entitled to terminate the Agreement with regard to the specific country concerned and remove such country from the scope of this Agreement as its sole remedy.

Without limitation of ALVOTECH's obligation under Article 11.3, STADA shall be entitled to decide to Launch the Product without Additional Indications.

11.2 Subject to Article 11.6, but without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Freedom to Launch with the Initial Indications on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.3 Without limiting any other of ALVOTECH's obligations under this Agreement including those under Articles 15.3, 15.4 and 15.5, ALVOTECH shall use its commercially reasonable efforts to obtain Additional Indication Freedom to Launch for such Additional Indications as are agreed by the Parties in the JSC, each acting reasonably, on (or, as soon as may be possible, after) the Target Date. ALVOTECH shall keep STADA informed as to its progress in obtaining such Additional Indication Freedom to Launch. ALVOTECH shall use reasonable commercial efforts to lawfully provide a copy of any (potential) settlement agreement to STADA and the provisions in Article 11.5(b) shall apply. If ALVOTECH is not entitled to provide a copy of any such (potential) settlement agreement to STADA, then the provisions in Article 11.5(c) shall apply.

11.4 The Parties will provide each other with its available information regarding Third Party Patents affecting the Products in the Territory. Without limitation of ALVOTECH's responsibility (as stated in this Article 11.4) for Freedom to Launch and, if required pursuant to Article 11.3, Additional Indication Freedom to Launch, the Parties will discuss issues relating to Third Party Patents in order to try and reach an agreed opinion as to when it is reasonable to Launch the Products without incurring a material risk of a successful infringement challenge under any Third Party Patent.

11.5 Without limiting STADA's obligation under Article 11.1, the following provisions of this Article 11.5 will apply in addition to, and without limitation of ALVOTECH's responsibility as stated in, Article 11.2 and Article 11.3:

(a) the objective of the following provisions is, so far as possible, to ensure that any settlement agreement needed to secure Freedom to Launch or Additional Indication Freedom to Launch (if applicable) is approved in advance by or for STADA;

(b) if not restricted by confidentiality obligations, ALVOTECH shall provide a copy of the draft settlement agreement to STADA so that STADA can provide comments to ALVOTECH. STADA, acting entirely at its own discretion, shall decide that it approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (if applicable). If STADA approves such draft and the settlement agreement is signed in the form of such draft, then, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to STADA, and STADA will accept that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable);

(c) if, due to confidentiality restrictions, ALVOTECH is not able to provide a copy of the draft settlement agreement to STADA, then STADA is entitled to nominate an external lawyer ("**Nominated Counsel**") of its own choice (but to whom ALVOTECH has no reasonable objection) to act in accordance with the following provisions. The Nominated Counsel will be retained, and paid for, by ALVOTECH as a second or alternative legal counsel and will be instructed by ALVOTECH with a copy to STADA that his/her review covers only (i) the key question whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable) and (ii) how to redraft the draft settlement agreement in order to achieve such Freedom To Launch or Additional Indication Freedom to Launch (as applicable). Oral explanation, if any, to the instructions shall be in the presence of STADA and there shall be no change or amendment to these instructions without the prior written consent of STADA. ALVOTECH shall provide a copy of the draft settlement agreement to the Nominated Counsel so that he/she can provide comments to ALVOTECH and its legal counsel dealing with the proposed settlement agreement. The Nominated Counsel, acting reasonably, shall advise ALVOTECH if he/she approves or does not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or Additional Indication Freedom to Launch (as applicable) under this Agreement and shall clearly advise in its response as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable). If permitted by applicable laws, ALVOTECH shall provide a copy of such advice to STADA. Following the Nominated Counsel's approval of such draft, as soon as reasonably possible following signature, ALVOTECH shall provide a copy of such signed settlement agreement to the Nominated Counsel. The Nominated Counsel shall then confirm (or otherwise) that the relevant provisions in the signed settlement agreement

affecting the Territory and the country of manufacture by ALVOTECH is in the form he/she approved (containing at the most some immaterial deviations such as typos or clarifications). ALVOTECH shall provide a copy of such confirmation to STADA, and, to the extent that ALVOTECH is not restricted by confidentiality obligations, provide details of the settlement agreement to STADA. Provided that, within [***] of receiving a copy of such confirmation and any available details of the settlement agreement, STADA has not notified ALVOTECH that it is "not satisfied" according to Article 11.5(d)(ii), then STADA accepts that there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable). The Parties acknowledge and agree that, in the event there are problems implementing this Article 11.5(c), the Parties will discuss in good faith a reasonable alternative that achieves the same objectives of the Parties. Without limiting Article 15, in the case of Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Freedom to Launch, STADA shall have the right to declare that it assumes that no Freedom to Launch is given and may terminate the Agreement under Articles 11.6 or 11.11. Without limiting Article 15, in the case of Additional Indication Freedom to Launch, in the event that the written statement provided by the Nominated Counsel does not clearly confirm that the settlement agreement provides for Additional Indication Freedom to Launch, STADA shall have the right to (i) Launch the Products without such Additional Indication, or (ii) delay the Launch until there is Additional Indication Freedom to Launch;

(d) if:

(i) ALVOTECH considers that STADA has not been reasonable when giving a decision under Article 11.5(b) that it will not approve the draft settlement as satisfactory for the purposes of ALVOTECH confirming Freedom to Launch or, if applicable, Additional Indication Freedom to Launch; or

(ii) STADA is not satisfied that the draft settlement agreement as approved by the Nominated Counsel under Article 11.5(c) is satisfactory for the purposes of confirming Freedom to Launch or, as applicable, Additional Indication Freedom to Launch (with STADA giving the reasons for its assessment);

then both Parties shall discuss the situation in good faith and use their reasonable commercial efforts in good faith to reach a resolution. If within [***] the Parties are not able to find a resolution, then both Parties shall refer their disagreement to an external counsel who shall be (A) an experienced attorney-at-law specialised in the field of patents or an experienced patent lawyer and (B) nominated by STADA (provided that ALVOTECH has no reasonable objection to his/her nomination) (such individual, the "**Patent Counsel**") to give his/her opinion within [***] (or such other period as the Parties shall agree). Both Parties shall be entitled to submit documents to the appointed Patent Counsel and to attend a joint meeting with him/her. Such Patent Counsel shall consider all reasonable arguments submitted by each Party. The appointed Patent Counsel shall then determine if STADA has provided reasonable arguments in declaring its dissatisfaction as to whether there is Freedom to Launch or Additional Indication Freedom to Launch (as applicable) or not under the settlement agreement, along with a final determination as to whether the settlement agreement provides for Freedom to Launch or Additional Indication Freedom to Launch (as applicable).

For clarity, the above review and approval rights of STADA and the Nominated Counsel and/or the Patent Counsel shall only apply with respect to Identified Patents, Additional Indications Patents or other Patents in the Territory (or in the country of manufacture by or for ALVOTECH) and shall not extend to rights outside of the Territory.

11.6 In case Freedom to Launch is not given with all Initial Indications within the Territory by the Target Date then, within sixty (60) days after the Target Date, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.7 In case Freedom to Launch is given with all Initial Indications within the Territory within twelve (12) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.8 If, within [***] after termination in accordance with Article 11.7, ALVOTECH grants and/or sells rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including itself and any of its own Affiliates, to market the Products in place of STADA, then the reimbursement to STADA under Article 11.7 shall be increased from €[***] Euros) to €[***] Euros).

11.9 In case Freedom to Launch is given with all Initial Indications within the Territory more than twelve (12) months after the Target Date but prior to twenty-four (24) months after the Target Date, then, within sixty (60) days after such Freedom to Launch is notified to STADA, STADA shall be entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH. If STADA decides to so terminate this Agreement and the Supply Agreement, then ALVOTECH will within [***] reimburse to STADA €[***] Euros) of the Consideration already paid under Article 9.4.

11.10 If within [***] after such termination in accordance with Article 11.9 by STADA, ALVOTECH grants rights to another business partner (or obliges itself in writing to grant or sell such rights to a Third Party), including any of its Affiliates, to market the Products in place of STADA then such reimbursement to STADA shall be increased from €[***] Euros) to €[***] Euros).

11.11 In case Freedom to Launch with all Initial Indications within the Territory is not given within twenty-four (24) months of the Target Date, within sixty (60) days of expiry of such period, STADA is entitled to terminate this Agreement and the Supply Agreement by giving written notice to ALVOTECH, and ALVOTECH will within [***] refund to STADA [***] of the Consideration already paid under Article 9.4 if STADA so terminates.

11.12 In case of any termination by STADA under this Article 11, (a) STADA shall transfer all MAs and MA applications to ALVOTECH or its nominee (ALVOTECH shall reimburse STADA for all registration fees for such transfer), (b) STADA, on behalf of itself and its Affiliates, hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, (c) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free, fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use, and sale of the Products in the Territory, in the form substantially similar to the commercialisation as performed or envisaged by STADA, however excluding right to any trademarks, and agrees to introduce ALVOTECH to any STADA licensors with the aim to obtain such licenses at ALVOTECH´s cost from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory, (d) STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier and the Products, and (e) neither Party shall have any further obligations to each other

under this Agreement or the Supply Agreement except for (i) STADA's obligation to cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred Product IP Owned Rights and Created Product IP Rights and to grant the non-exclusive license above and introduce ALVOTECH for the purpose of obtaining any sublicensed IP Rights as provided above, and (ii) those provisions which are intended to take effect or survive after termination.

11.13 In case the Products are the only registered biosimilar versions of [***]mg/mL in countries of the Territory which represent at least [***] of the sales potential for the Products in all such countries at a time when there is Freedom to Launch of the Products with all Initial Indications, STADA will Launch the Products. In this case, there shall be no right to terminate under this Article 11, and the reimbursements provided for in the above paragraphs shall not apply.

11.14 For the purposes of Article 11.13, sales potential shall be calculated by reference to Iqvia (IMS) market research data for volume sales in all the relevant countries over the latest available [***] period. In case Iqvia (IMS) data is not available for any country, then market research data produced by the provider most used in that country by the pharmaceutical industry shall be used instead.

11.15 If, having used reasonable efforts to market the Products, STADA's cumulative Net Sales over [***] years commencing upon Launch do not reach:

(a) [***] of € [***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA €[***] Euros) of the Consideration;

(b) [***] of €[***] Euros), then ALVOTECH will reimburse to STADA €[***] Euros) of the Consideration; or

(c) [***] of €[***] Euros) (STADA's non-binding forecast), then ALVOTECH will reimburse to STADA [***].

11.16 In case Freedom to Launch is not given with all Initial Indications by the Target Date as a result of a Third Party Patent (other than an Additional Indications Patent) that has the effect that no Third Party is able to market a Competing Product (other than the originator's product) in any countries of the Territory, then the Parties shall discuss this situation in good faith within the JSC, and respectively use their commercially reasonable efforts to reach an agreement which reflects the circumstances. However for clarification, if the Parties cannot agree on a potential extension of the Target Date, the (original) Target Date shall remain unchanged; any change shall be subject to a written agreement between the Parties.

11.17 If ALVOTECH is obliged to pay a royalty to a Third Party in order to achieve Additional Indication Freedom to Launch ("**Freedom Royalty")** and it has been decided in the JCS that the Additional Indication will be commercialised, then the supply price as set out in Article 10.4 shall be increased by adding [***] of the rate of such Freedom Royalty. Such [***] of the rate of such Freedom Royalty payable by STADA hereunder shall in no event be more than €[***] Euros) per calendar year in the aggregate for the entire Territory. ALVOTECH shall provide STADA with regular updates (at least [***] per year) on the status of negotiation of such Freedom Royalty. STADA may verify the payments with an auditor in accordance with the provisions of Annex 1 attached hereto.

If the above provisions only apply to some countries, then the effects of this clause shall be applied to those countries only and any payments due shall be made on a pro rata basis (relative to annual sales value).

11.18 Without limiting STADA's obligation under Article 11.1, from and after the Launch of the Product in a country until expiration of the Exclusivity Period, STADA will use all commercially reasonable efforts to promote, market, offer, and sell the Product in such country.

Article 12 – Non-Compete

12.1 STADA shall (and shall ensure that its Affiliates do) not, commencing upon Launch of the Product on a country-by-country basis in the Territory, promote, market, offer, distribute, or sell any Competing Product.

12.2 In any event, this non-competition obligation shall:

(a) not extend more than [***] commencing on the date of Launch on a per country basis, and

(b) not apply to any Competing Product acquired by STADA or its Affiliates as a result of any transaction executed by STADA or its Affiliates acquiring control of a Third Party that manufactures, has already registered or applied for, holds and maintains authorizations of such Competing Product, promotes, sells, markets, distributes or otherwise uses Competing Product in a country of the Territory at the date of acquisition of control where such Competing Product represents less than [***] of the value of all assets acquired. In case that more than [***] of the value of all assets are acquired, STADA has [***] to solve the conflict which may include the sale of the Competing Product. In case that more than [***] but less than [***] of the value of all assets are acquired, STADA has [***] to solve the conflict which may include the sale of the Competing Product.

(c) For the avoidance of doubt, this Article 12 does not apply to Distributors but only to STADA and its Affiliates. For the purpose of this Article 12, the term “Affiliate” in respect of STADA shall include STADA Arzneimittel AG and any and all corporations and companies Controlled (as defined in Article 1.4) by it, either directly or indirectly, but shall [***] (unless such companies themselves are Controlled by STADA).

12.3 Notwithstanding the foregoing, if STADA or any of its Affiliates acquire a Competing Product (regardless of the value of such asset in an overall transaction) that is being promoted, marketed, offered for sale, distributed or sold in the Territory at any time during the [***] period following Launch of the Product within a country of the Territory STADA’s obligation to use commercially reasonable efforts to promote, market, offer and sell Products in the Territory during such [***] period shall not be diminished or otherwise affected by such Competing Product and such Competing Product shall not be taken into account in any manner in determining whether STADA’s or its Affiliates’ conduct of its activities under this Agreement are commercially reasonable.

Article 13 – Confidentiality

13.1 **CONFIDENTIAL INFORMATION**: For [***] following the termination of this Agreement, and unless otherwise provided for in this Agreement, all information of a confidential character provided, pursuant to this Agreement, by either Party to the other including without limitation the contents of the Dossier, information on the business of either Party, the existence and terms of this Agreement as well as negotiations between the Parties prior to this Agreement shall be treated by the receiving Party as confidential (”**Confidential Information**“). During any period of time that Created Product IP Rights and the Owned Product IP Rights are jointly owned by the Parties, such IP Rights shall be considered the Confidential Information of both Parties. For clarity, following assignment of the rights to Created Product IP Rights and the Owned Product IP Rights to ALVOTECH, such IP Rights shall be considered the Confidential Information of ALVOTECH only. The receiving Party shall not disclose Confidential Information or parts thereof to any Third Party except to its Affiliates, its external consultants, competent authorities, Health Authorities, manufacturers, distribution partners or any Third Party acting on behalf of the receiving Party for the

purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4. The receiving Party shall ensure that such Third Parties receiving Confidential Information shall be bound by similar secrecy obligations except for competent authorities or Health Authorities. Neither Party shall use Confidential Information of the other Party (or of both Parties as deemed hereunder) for any purpose other than the purposes of this Agreement, including in the case of ALVOTECH, pursuant to Article 2.4.

13.2 **Exception to the confidentiality obligation**: The obligations of the receiving Party described in the above paragraph shall not apply to information that the receiving Party can prove:

(a) is available to the general public on the Effective Date; or

(b) is or is made known or available to the general public after the Effective Date by any means other than by an unauthorized act or omission of the receiving Party; or

(d) which is disclosed to the receiving Party or any of its Affiliates after the Effective Date by a Third Party which legally possessed it; or

13.3 **Disclosure according to law:** In case Confidential Information of the disclosing Party must be disclosed to courts, governmental agencies, health insurances or other authorities or is otherwise required by law, the receiving Party shall be entitled to do so to the extent required by law provided, however, that if either Party is so required, such Party shall give to the extent possible the other Party reasonable advance notice in written form of such disclosure requirement and use reasonable efforts to secure confidential treatment of such Confidential Information (whether through protective order or otherwise). Such disclosure shall, however, not relieve the receiving Party of its other confidentiality obligations contained herein.

13.4 **Press release**. After signing this Agreement and upon prior mutual and written agreement between the Parties, the Parties may issue a press release, provided always that nothing in this Article 13 shall prohibit any Party from making any public statement or announcement as may be required by the applicable law (including as interpreted by the administration practice of any competent authority) or by rule of any stock exchange (subject to compliance with Article 13.3).

Article 16 – Intellectual Property Rights

16.1 Filing, Prosecution and Maintenance of Joint Rights.

(a) ALVOTECH shall be primarily responsible, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of all Patents relating to the Product IP Owned Rights and the Created Product IP Rights in the Territory ("**Joint Patent Right(s)**"). If ALVOTECH elects not to take any such action with respect to a Joint Patent Right, it shall provide written notice of the same to STADA, and upon STADA's receipt of such notice, STADA shall have the right, at its own expense, and in the name of both Parties, for taking all reasonable action related to the filing, prosecution and maintenance of such Joint Patent Right. The Party responsible for such acts shall report to the other Party on a regular basis as to all material steps taken with regard to the filing, prosecution, and maintenance of such Joint Patent Rights including by providing such other Party with a copy of material communications to and from any IP Rights authority in the Territory regarding such Joint Patent Rights and by providing such other Party with drafts of any material filings or responses to be made to such authorities in the Territory sufficiently in advance of submitting such filings or responses so as to allow such Party a reasonable opportunity to review and comment. Each Party shall give the other Party all reasonably necessary support for the prosecuting Party to fulfil its obligations under this Article 15.1.

(b) For clarity, (i) as between the Parties, ALVOTECH or its Affiliate retains the sole right to prosecute and maintain all registered IP Rights contained within Product IP Licensed Rights and Manufacturing Product ex-Territory IP Rights, and (ii) ALVOTECH or its Affiliate retains the sole right to file for, prosecute and maintain all registered IP Rights contained within Product IP Owned Rights and Created Product IP Rights outside the Territory.

16.2 Each Party is obliged to inform the other Party as soon as reasonably possible if it becomes aware of (a) any registered IP Rights like patents or utility models of Third Parties affecting the commercialisation of the Products in the Territory or manufacture of the Product (regardless of whether in or outside the Territory) for sale and distribution in the Territory which were not previously known to each other, or (b) any potential infringement or misappropriation of any Product IP Owned Right or Created Product IP Rights by a Third Party ("**Third Party Joint IP Infringement**"), or (c) any potential infringement or misappropriation of either any Product IP Licensed Rights or any Manufacturing Product ex-Territory IP Rights by a Third Party affecting the Product in the Territory or its manufacture for the Territory (each, a "**Third Party Licensed IP Infringement**"), and in each case, provide all relevant information and documents regarding such issue.

16.3 In the event that any Third Party files an action, whether in court or out of court, against STADA (including STADA's Affiliates and/or Distributors), claiming an alleged infringement of registered IP Rights (especially but not limited to Patents) ("**IP Claims**") as a consequence of or derived from (a) the performance of any of the operations contemplated in this Agreement or the Supply Agreement or (b) in case additional Patents will be granted after the Effective Date and STADA's external patent counsel confirms that a Product falls within the scope of protection of such Third Party Patents as well as STADA and/or its Affiliates decide not to launch the Product or to discontinue marketing the Product, as the case may be, due to such additional Patents granted, then STADA shall provide ALVOTECH with all relevant details and ALVOTECH shall cooperate and render all assistance and all available documentation to STADA and/or its Affiliates in the event STADA and/or its Affiliate decide(s) to take action with respect to the claim of the alleged infringement.

16.4 ALVOTECH shall coordinate and decide the defense strategy, the means of proof and the appeals for any IP Claim up to the point of time of grant of MA in any country of the Territory. After the grant of the MA in any country of the Territory, the Parties shall decide together on the defense strategy, the means of proof and appeals for such IP Claim. This includes a joint decision on the defense of legal proceedings where necessary in the name of one of the Parties or in the joint name of both Parties as appropriate. In case the Parties do not agree on the defence strategy, then subject to Article 16.6, the Party being sued shall finally decide the defense strategy and the other Party shall use reasonable efforts to cooperate with such Party.

16.5 In the event that either Party reasonably believes there is a Third Party Joint IP Infringement or a Third Party Licensed IP Infringement (each, an "**Enforcement Claim**"), the Parties shall without undue delay consult each other on how to address such Enforcement Claim.

16.6 In case that any IP Claim is initiated against one Party or a Party is permitted to enforce an Enforcement Claim under this Agreement, and such Party requires the collaboration of the other Party for its defense or enforcement, as applicable, the other Party is obliged to provide reasonable collaboration to the requesting Party as well as to provide, as soon as possible, all the relevant information, documents, etc., that may be available, including joining the legal proceedings as a party where such party may be required to be joined in order to defend or enforce such IP Claim or Enforcement Claim, as applicable. Excluding ALVOTECH Claims, the defending or enforcing Party, as applicable, in any IP Claim or any Enforcement Claim shall keep the other Party informed on a reasonable and timely basis as to the status of the proceedings, including the defense or settlement of such claim. Excluding ALVOTECH Claims, for which no consent will be required from STADA, neither the defending or enforcing Party nor the non-defending or non-enforcing Party may settle any legal disputes without prior written consent of the other Party, such consent not to be unreasonably withheld or conditioned.

16.7 In the event that the Parties cannot agree on enforcement of any Third Party Joint IP Infringement affecting the Product in the Territory within [***] of such discussions, then subject to Article 16.6, STADA shall have the first right to elect to enforce such Third Party Joint IP Infringement by delivering to ALVOTECH, after such [***] period, written notice of such election. If ALVOTECH does not receive written notice within such [***], then subject to Article 16.6, ALVOTECH shall have the right to enforce such Third Party Joint IP Infringement.

16.8 In the event that the Parties cannot agree on enforcement of any Third Party Licensed IP Infringement involving Product IP Licensed Rights affecting the Product in the Territory within [***] of such discussions, ALVOTECH shall have the first right to elect to enforce any such Third Party Licensed IP Infringement involving Product IP Licensed Rights. In the event ALVOTECH or its Affiliate elects not to take action against any infringement of any Product IP Licensed Rights by a Third Party affecting the Product in the Territory within [***] of its right to do so under this Article 16.8, and to the extent that ALVOTECH as licensee has rights to enforce the Product IP Licensed Rights against such Third Party in the Territory (and may grant sub-license rights to STADA of the same), STADA shall have the right, subject to Article 16.6, at its own expense, and if applicable in the name of both Parties, for taking all reasonable action related to enforcement of such Product IP Licensed Rights affecting the Product against such Third Party in the Territory. ALVOTECH shall use commercially reasonable efforts to obtain the right to enforce such Product IP Licensed Rights affecting the Product in the Territory. For clarity, ALVOTECH will have the sole right to enforce all other Enforcement Claims ("**ALVOTECH Claims**").

16.9 For the avoidance of doubt, subject to Article 17.5, any claims, including IP Claims, brought against STADA's trademark, brand and/or logo any actions taken by STADA in order to defend STADA's trademark, brand and/or logo are in the sole discretion and responsibility of STADA.

Article 17 – Termination and Expiration

17.1 This Agreement shall become effective upon the Effective Date.

17.2 Upon expiration of the Exclusivity Period, in respect of the Territory, except as otherwise stated in this Article 17, (a) STADA will keep the Dossier (and its rights to use the Dossier), (b) the rights granted to STADA under Articles 2.1 through 2.3 shall become non-exclusive, fully paid-up and continue in force on a perpetual basis (but remain subject to the restrictions contained therein), and (c) the Exclusive Purchase Obligation shall terminate.

17.3 Except as otherwise provided in this Agreement, this Agreement can be terminated with immediate effect subject to written notice:

(a) by the non-defaulting Party if the other Party commits a material breach of this Agreement and, in the case of a breach capable of remedy, does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

(b) by the non-defaulting Party if the other Party states or admits in writing that it is unable to pay its current obligations in the ordinary course of business as they generally become due, declares bankruptcy, assigns all its assets for the benefit of creditors, undergoes a corporate reorganization prompted by insolvency or appoints receiver or trustee;

(c) by STADA in case the Products will not benefit from a registered shelf life of at least [***] at the date of grant of the first MA on behalf of STADA or its Affiliate and/or the ongoing-stability program in accordance with GMP does not confirm such stability of the Product;

(d) by the Party to whom a warranty according to Article 15 is given and such warranty turns out to be incorrect and the breaching Party does not remedy the situation within sixty (60) calendar days of receiving written notice of default from the other Party;

Further, in case of termination by STADA according to Article 17.3(a) or (d), provided that the relevant breach of this Agreement including any warranty is of a material nature and has an adverse effect on the ability of STADA to exploit or exercise its rights under this Agreement, then ALVOTECH shall reimburse to STADA:

In addition upon written request by ALVOTECH, STADA shall immediately assign and transfer any and all rights to the MAs (or to any MA applications, as the case may be) to ALVOTECH or ALVOTECH's designee, at no cost for ALVOTECH whatsoever and STADA shall have no further rights under this Agreement or in any other way with respect to the Dossier, any IP Rights under this Agreement, including any Created Product IP Rights, Owned Created IP Rights, Product IP Licensed Rights, and Manufacturing Product ex-Territory IP Rights, the Products and/or the MAs for the Products. In addition, STADA, on behalf of itself and its Affiliates, (a) hereby assigns to ALVOTECH, all of STADA's right, title, and interest in and to all Product IP Owned Rights and Created Product IP Rights, and (b) STADA hereby grants to ALVOTECH, a non-exclusive, royalty-free (except for any royalties for the product trademarks as set out herein), fully-paid up and sublicensable right (through multiple tiers), to freely exploit any other IP Rights owned by STADA or its Affiliates relating to the Product solely to the extent necessary for the manufacture, marketing, use and sale of the Product in the Territory in a form substantially similar to the commercialisation as performed or envisaged by STADA, and agrees to introduce ALVOTECH and its designees with the aim to obtain any such licenses from any sublicenses or subcontractors of STADA or its Affiliates to the extent necessary for the manufacture, marketing, use, or sale of the Products in the Territory. Such license granted under this Article 17.5(b) shall exclude rights to any

trademarks, trade dress of use of the company names of STADA or its Affiliates; provided that in the event termination occurs after launch of the Product in a country in the Territory, then STADA hereby grants ALVOTECH an exclusive and sublicensable right (through multiple tiers), to use the product trademark under which the Product was being commercialized in such country for the sole purpose of manufacturing, marketing, using, or selling the Products in the Territory, and the Parties will negotiate in good faith a trademark license agreement with standard royalties customary in the pharmaceutical industry for a deal of this size and commercial potential of the Product, addressing the enforcement and protection of such trademark for the benefit of ALVOTECH, or if mutually agreed to, an assignment of such trademark to ALVOTECH. The product trademark license shall be royalty-free and fully paid up, if ALVOTECH is the terminating Party according to Article 17.3(a) or (b) or (d), and shall bear said standard royalties as set out herein, if STADA is the terminating Party according to Article 17.3(c), (e) or (f). In case the Parties cannot agree on such standard royalties for said trademark within [***] after start of the negotiation, either Party may request that the president of the International Chamber of Commerce in Frankfurt, Germany, as arbitrator (or any other person nominated by said president and acting as arbitrator) determines the same in good faith taking into consideration the nature of the license in the pharmaceutical industry, the size and commercial potential of the Product. For this purpose, both Parties may submit a confidential proposal to the arbitrator setting out the amount of such royalty rate within the time period set by the arbitrator which shall not exceed [***] after the arbitrator has been appointed or invoked. The arbitrator shall only be entitled to choose between one of the two proposals and shall select only such proposal which he considers in good faith the most appropriate one in light of the criteria set out herein. The determination of the arbitrator of the royalty rate shall be binding in any court of competent jurisdiction. The total expense including reasonable attorney fees of such arbitration shall be paid by the unsuccessful Party. STADA will cooperate with ALVOTECH and its representatives to effectuate the transfer, vesting, and recordal of ALVOTECH's rights in and to such transferred IP Rights.

17.6 In addition to the effects set out in Article 17.5, the effects of termination by STADA according to Article 9.7(b) or Article 17.3(c), (e) or (f) shall be that ALVOTECH shall reimburse STADA all payments already made under Article 9.4 and all regulatory fees and any other costs related to such MAs or application already paid under this Agreement.

17.7 This Agreement can be terminated by STADA on a country-by-country basis for any country of the Territory with immediate effect by giving written notice to ALVOTECH if:

(a) ALVOTECH fails to assist STADA in answering adequately any deficiency letter issued by any relevant Health Authority so that a MA for at least one strength (pack size) of the Product cannot be obtained in such country; or

(b) Article 16.3 applies in the country concerned, and the prospects of the Third Party lawsuit are that, on the balance of probabilities, such lawsuit will succeed; or

(c) the Health Authorities of the respective country decline to successfully conclude a registration procedure in a national procedure and to grant a MA for the Product on the basis of the Dossier, or the performance of ALVOTECH is not in line with the European state of the art in regulatory affairs in running/or supporting the application procedures, independent of any possibility of appeal, or if the Health Authority or any other responsible authority declines to grant reimbursement status.

In case of termination by STADA under Article 17.7(a) or (c) for non-EU countries, ALVOTECH shall refund to STADA an amount calculated according to the following scheme: refund amount = [***] For these purposes, the sales shall be determined according to data provided by IQVIA Commercial GmbH & Co. OHG, Frankfurt/Main, Germany.

In all cases of termination under this Article 17.7, the effects set out in Article 17.5 shall apply, but only for the country(ies) concerned, and the Exclusive Purchase Obligation shall terminate automatically for the specific terminated country/countries.

17.8 The terms and conditions of this Article shall not limit any rights for damages of either Party subject to a breach of contract by the other Party in case of termination of this Agreement. However, any reimbursements made in accordance with the terms of this Agreement shall be deducted from the amount of any damage claim awarded.

17.9 For clarification: in all events of termination the non-compete obligation shall also terminate (for the respective country, if termination occurs on a country-by-country basis).

17.10 Upon termination of this Agreement for any reason, nothing shall be construed to release one of the Parties from any of its obligations or liabilities hereunder arisen until the date of termination (including without limitations its obligations to pay any and all fees or other amounts accrued but unpaid hereunder prior to the date of such termination).

17.11 In any case of termination, except in the event that ALVOTECH terminates this Agreement for material breach by STADA, STADA, its Affiliates and/or its Distributors are entitled to sell their remaining stock of the Product purchased from ALVOTECH, provided that all outstanding invoices of ALVOTECH for the Product supply have been paid by STADA. As long as necessary for the sell-out of the remaining stock as permitted herein, STADA is entitled to use and keep the Dossier and the relevant MAs.

Article 18 – Miscellaneous

18.1 Social Responsibility:

(a) Each Party undertakes and warrants to the other Party that with respect to the performance of this Agreement it shall adhere to the ten principles of the UN Global Compact which include human rights, labour and environment principles and working against corruption in all its forms.

(b) Any damage of either Party due to the non-compliance with this warranty shall be limited to the direct damage suffered by the other Party as a result of such non-compliance.

(c) Such damages are the sole and only legal remedy in case of any breach by either Party of, or non-compliance with, the warranty set forth in Article 18.1(a). Therefore, any other remedies such as the rights to terminate or rescind this Agreement or withdraw from it or to claim any other damages such as indirect, consequential, special or incidental damages are expressly excluded.

18.2 Assignment: This Agreement is deemed personal to both ALVOTECH and STADA. Therefore, neither Party shall, without the prior written consent of the other Party which will not be reasonably denied, assign this Agreement or any of its rights hereunder, except to an Affiliate. In addition, ALVOTECH may, with STADA's prior written consent, assign the rights under this Agreement to a bank or other financial institution making financial facilities available to a Party for the purposes of its working capital or other requirements.

No amendments, changes, or modifications of the terms of this Agreement shall be deemed valid and binding unless made in writing and signed by the duly authorised representative of each Party.

18.4 Law and jurisdiction: The validity, interpretation and fulfilment of this Agreement shall be governed by the material laws of Germany without reference to the United Nations Convention on the International Sale of Goods (CISG). The place of jurisdiction shall be Frankfurt am Main, Germany.

18.5 Non-waiver: The failure by any Party at any time to enforce any of the terms, provisions or conditions of this Agreement or to exercise any right hereunder shall not constitute a waiver of the same or affect the validity of this Agreement or any part hereof, or ALVOTECH's and STADA's right thereafter to enforce or to exercise the same.

18.6 Severability: In case one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such holding shall not affect any other provisions of this Agreement. Instead a provision shall be construed by limiting such provision to such extent as would nearly be possible reflect the intent, purpose and economic effect of such, or, if such is not possible, by deleting such provision from this Agreement.

Such accountants shall sign a confidentiality agreement in form and substance reasonably satisfactory to the Audited Party, and shall not disclose to the other Auditing Party or any Third Party any information reasonably labelled by the Audited Party being audited as being confidential customer information regarding pricing or other competitively sensitive proprietary information. The Auditing Party will provide, without condition or qualification, the Audited Party with a copy of the report or other summary of findings prepared by such accountants promptly following its receipt of same. If any amount(s) paid to the Auditing Party was deficient by more than [***] percent ([***]%), then the Audited Party will pay promptly to Auditing Party an amount equal to the deficiency, plus reimburse the Auditing Party for the reasonable and documented fees and expenses of the independent accountants. If such report shows that Audited Party overpaid, then the Auditing Party will pay promptly to the Audited Party an amount equal to the deficiency. In the event of any dispute between Alvotech and Teva regarding the findings of any such audit, the Parties shall initially attempt in good faith to resolve the dispute amicably between themselves, and if the Parties are unable to resolve such dispute within a commercially reasonable period of time, such dispute shall be resolved [***].

Teva may request, at Alvotech's expense, that Alvotech provide to Teva a certificate that the Alvotech COGS used in the Financial Calculations were accurate, calculated in accordance with GAAP and the terms and conditions of this Agreement, and consistent with Alvotech's books and records and cost accounting methodologies consistently applied to other products of Alvotech ("COGS Certificate"), such COGS Certificate not to be provided more than once in any [***] month period unless for cause, and for a retrospective period not longer than the immediately preceding [***] months. Alvotech will procure that its accountants shall prepare the COGS Certificate. Such accountants shall sign a confidentiality agreement in form and substance reasonably satisfactory to Alvotech, and shall not disclose to Teva or any Third Party any confidential customer or supplier information regarding pricing or other competitively sensitive proprietary information. If the COGS Certificate indicates any amount(s) paid to Alvotech was deficient by more than [***] percent ([***]%), then Teva will pay promptly to Alvotech an amount equal to the deficiency. If such report shows that Teva overpaid, then Alvotech will pay promptly to Teva an amount equal to the deficiency, plus reimburse the Auditing Party for the reasonable and documented fees and expenses of the independent accountants. In the event of any dispute between Alvotech and Teva regarding the findings of any such COGS Certificate, the Parties shall initially attempt in good faith to resolve the dispute amicably between themselves, and if the Parties are unable to resolve such dispute within a commercially reasonable period

of time, such dispute shall be resolved by an accountant from an internationally recognized independent accounting firm that is mutually agreeable to both of the Parties, and such accountant's determination shall be binding. In the event that the final report reveals an undisputed underpayment or overpayment, the underpaid or overpaid amount, as applicable, shall be settled promptly by the relevant Party, as applicable, subject to any late payment penalties pursuant to Section 5.12 below.

5.12 **Late Payment**. If Teva defaults in the payment of any invoice by more than [***] days when it is due under this Agreement, the liability and payment obligation of Teva shall be increased to include interest on such sum from the due date of such payment until the date actual payment is made at the annualized rate of the then prime rate (as reported in the Wall Street Journal) plus [***] percent ([***]%).

6.1 In this Section:

(a) "Minimum Quantity" means the minimum amount of each Product to be purchased by Teva from Alvotech for the MQ Year in question being [***] percent ([***]%) of Teva's applicable estimated sales of the relevant Product as determined in accordance with Section 6.2; and

(b) "MQ Year" means the period of [***] months starting on the date of Launch of a Product and then on each subsequent anniversary of the date of such Launch (with "MQ Year 1" meaning the first such period, "MQ Year 2" the second such period, and so on); provided, however that no MQ Year will be deemed to occur in the event there are [***] or more Competing Products in addition to the applicable Product sold in the Territory during such [***] period.

6.2 At least [***] months before the start of each anticipated MQ Year, Teva shall, acting reasonably and taking into account market conditions, competitors and any other relevant circumstances, provide Alvotech with an estimate of sales (by volume) of the Products from Alvotech for the coming anticipated MQ Year ("MQ Year Sales Estimate"). For the avoidance of doubt, each MQ Year Sales Estimate is made for the purposes of this Section 6.2 and may or may not coincide with any forecast made according to Section 3.1. Within [***] weeks after receiving the MQ Year Sales Estimate Teva shall, if Alvotech requests, discuss such MQ Year Sales Estimate with Alvotech and consider any issues as Alvotech believes may be relevant. Teva shall reasonably consider such issues and within [***] days decide and confirm in writing to Alvotech any revision (or not) to the MQ Year Sales Estimate, based on the issues raised by Alvotech. If Alvotech does not request discussion of the MQ Year Sales Estimate submitted by Teva within the stated time, then Teva's initial MQ Year Sales Estimate shall comprise the estimated sales for the purposes of this Section 6. If Alvotech does request such discussion, then the MQ Year Sales Estimate as subsequently notified by Teva to Alvotech following such discussion (revised or not as the case may be) shall comprise the estimated sales for the purposes of this Section 6.

6.3 Before Alvotech exercises any right to terminate this Agreement according to Section 6.4, Alvotech shall notify Teva in writing and within [***] weeks of such notification, Teva shall notify Alvotech to (i) reduce the Minimum Quantity for the applicable Product in the MQ Years or MQ Year concerned to account for any Supply Failures and (ii) in the case of a Force Majeure Event or competitive impact in the Territory, to include for consideration changes in market conditions and competitive impact for sale of the Product concerned to reach good-faith agreement as to the reduction to apply to such Minimum Quantity(ies). The parties shall also each use their [***] in good faith to find a mutually acceptable solution.

6.4 If, in respect of each Product in [***] consecutive MQ Years during MQ Years 1 to 5 of the Product Supply Term, or any subsequent single MQ Year, Teva fails to make purchases from Alvotech equal to the applicable Minimum Quantity for the MQ Years or MQ Year concerned (such Minimum Quantity having been reduced, as applicable, according to Section 6.3), Alvotech shall be entitled by giving six (6) months' written notice to Teva to terminate this Agreement with respect to the Product, provided that Alvotech (i) shall at all times have acted reasonably in accordance with this Section before issuing any such notice and (ii) shall first have refunded in full to Teva the following portions of the LDA Payments with respect to such Product:

(a) If such termination occurs during MQ Years 2 or 3 of the Product Supply Term, then Alvotech will refund to Teva [***] percent ([***]%) of the LDA Payments made by Teva with respect to the Product;

(b) if such termination occurs during MQ Year 4 of the Product Supply Term, then Alvotech will refund to Teva [***] percent ([***]%) of the LDA Payments made by Teva with respect to the Product; and

(c) If such termination occurs during MQ Year 5 or later, then Alvotech will not refund to Teva any amount of the LDA Payments made by Teva with respect to the Product.

7. FAILURE TO SUPPLY.

7.1 **Supply Failure**. Except (i) to the extent of a Force Majeure Event (as defined in Section 14.1), (ii) as a result of a breach by Teva of its obligations hereunder, (iii) as a result of a recall, market withdrawal, withholding from the market, or other similar action with respect to the relevant Product initiated by Teva or requested or required by a Regulatory Authority (other than, under this subclause (iii), as a result of Alvotech's breach of its obligations hereunder), (iv) as a result of Teva's change, cancellation or modification of a purchase order other than as expressly provided for under Section 3.2, or (v) as a result of a change pursuant to Section 8.3 or any gross negligence or wilful misconduct on the part of Teva, if Alvotech is unable to deliver to Teva the full quantities ordered pursuant to a valid purchase order for a Product meeting the Quality Standards by the Scheduled Delivery Date which order has been accepted (or deemed to have been accepted) pursuant to Section 3.2(c) (and including any mutually agreed variations to such order) (such event, a "Supply Failure"), Teva will, in addition to its other rights and remedies hereunder, have the right to (a) cancel, in whole or in part, the applicable Purchase Order(s) and any binding portion of the applicable rolling forecast for the Product Alvotech failed to timely deliver and (b) purchase substitute product from an alternate source. For purposes of this Agreement, any quantities of Product not delivered by the Scheduled Delivery Date will be referred to herein as the "Shortage." For the avoidance of doubt, timely delivery of Non-Conforming Product will not be deemed delivery by the Scheduled Delivery Date and therefore will be deemed a Shortage. In the event of a Shortage, Teva will not be required to pay for the Shortage until it is Delivered and the following credit will apply to the Transfer Price of all quantities of Product set forth in the applicable purchase order.

The payment by Alvotech of any Customer Penalties will include interest on such sum from the due date of such payment until the date actual payment is made at the annualized rate of the then prime rate (as reported in the Wall Street Journal) plus [***] percent ([***]%).

7.3 **Material Delivery Delay** To the extent Alvotech commits one or more Supply Failures with respect to a Product which, with respect to any [***] month period, results in a Shortage of more than [***] percent ([***]%) of the total quantities it was obligated to have delivered with respect to the applicable Scheduled Delivery Dates ("Material Delivery Delay") during such [***] month period, such Supply Failures will constitute a material breach of this Agreement with respect to such Product entitling Teva to terminate by giving written notice to Alvotech within [***] months of the Material Delivery Delay (i) all outstanding purchase order(s) with respect to the Product and (ii) this Agreement in respect of that Product only in accordance with Section 13.2. In addition to the foregoing termination rights, and regardless of whether Teva exercises such termination rights, upon the occurrence of a Material Delivery Delay with respect to a Product under this Section 7.3:

(a) If such Material Delivery Delay occurs within [***] months following the first Scheduled Delivery Date for such Product, then Alvotech will refund to Teva [***] percent ([***]%) of the LDA Payments made by Teva with respect to the Product;

(b) If such Material Delivery Delay occurs between [***] months following the first Scheduled Delivery Date for such Product but before [***] months following the first Scheduled Delivery Date for such Product, then Alvotech will refund to Teva [***] percent ([***]%) of the LDA Payments made by Teva with respect to the Product;

(c) if such Material Delivery Delay occurs between [***] months following the first Scheduled Delivery Date for such Product but before [***] months following the first Scheduled Delivery Date for such Product, then Alvotech will refund to Teva [***] percent ([***]%) of the LDA Payments made by Teva with respect to the Product; and

(d) if such Material Delivery Delay occurs between [***] months following the first Scheduled Delivery Date for such Product but before [***] months following the first Scheduled Delivery Date for such Product, then Alvotech will refund to Teva [***] percent ([***]%) of the LDA Payments made by Teva with respect to the Product; and

(d) If Teva does not deliver to Alvotech written notice of its intent to negotiate for such rights within the period specified in Section 2.2.2(b), then Alvotech shall be free thereafter to negotiate and enter into a license and development agreement or similar agreement for the Future Product in the Territory, with any Third Party; and

6.5.4 If as a result of any inaccuracies set forth in such report, any amount(s) paid to Alvotech was deficient or late by more than [***] days in paying for [***] or [***] under Section 6.2, then Teva shall pay to Alvotech amount equal to the deficiency or late payment. If such report shows that Teva overpaid, then Teva will be entitled to off-set such overpayment against any future amounts owed to Alvotech under Section 6 and an applicable late payment penalty in accordance with Section 6.4 above with respect to the duration of such delay and also promptly reimburse Alvotech for the reasonable fees of the independent accountants. In the

event of any dispute between Alvotech and Teva regarding the findings of any such inspection or audit, the Parties shall initially attempt in good faith to resolve the dispute amicably between themselves, and if the Parties are unable to resolve such dispute within a commercially reasonable period of time, such dispute shall be resolved by an accountant from an internationally recognized independent accounting firm that is mutually agreeable to both of the Parties, and such accountant's determination shall be binding. 10.3.1 Anti-Corruption Principles and Legislation. The OECD and the OECD Convention exist to combat bribery of foreign public officials in international business transactions. Such legislation has been passed in the United States as the FCPA. The Anti-Corruption Laws and Principles prohibit the corrupt payment, offer, promise, or authorization of the payment or transfer of anything of value or any benefit, directly or indirectly, to any Government Official, or to any other person while knowing that all or some portion of the payment, thing of value, or benefit will be offered, given, promised, or passed on to a Government Official. Certain of the Anti-Corruption Laws and Principles also prohibit commercial bribery (i.e., the payment or transfer of anything of value, any benefit, or any advantage, directly or indirectly, to any private person with the intention to improperly obtain or retain business or any business advantage or to improperly influence the recipient's behavior).

10.3.2 Knowledge and Compliance. The Parties are committed to ensuring that their personnel are knowledgeable as to and committed to compliance with the Anti-Corruption Laws. To those ends:

(b) Each Party agrees to ensure that all of its Personnel are knowledgeable regarding the purpose and provisions of the Anti-Corruption Laws and Principles, and also agrees to take appropriate steps to ensure that such Personnel will comply with the letter and spirit of the Anti-Corruption Laws and Principles and will not take any actions which would cause either Party to violate or contravene the Anti-Corruption Laws and Principles; and

(c) Each Party will maintain policies, procedures, and internal controls to ensure that it will be in compliance with the Anti-Corruption Laws and Principles in connection with its performance of this Agreement. Such policies, procedures, and internal controls will include processes through which employees will obtain approval for expenditures that may be incurred on behalf of or result in payments to Government Officials, healthcare professionals, or customers in connection with Third Party's performance of this Agreement (e.g., gift, travel, entertainment, hospitality, conference, meeting, event, consulting, and research expenditures).

10.3.3 Status of Employees, Family Relationships. Each Party represents that none of its Personnel are Government Officials. Each Party represents that it has fully disclosed to the other Party any existing Close Family Member relationships between any of its Personnel and any Government Official, and a Party agrees to notify the other Party of any such Close Family Member relationship that may arise during the Term.

10.3.6 No Unlawful Payments. Each Party represents and covenants further that, in connection with this Agreement or the performance of any activities pursuant to it, unless permitted under the Anti-Corruption Laws and Principles, the Party has not paid, promised to pay, authorized a payment, given, permitted to give, or authorized the giving, and will not pay, promise to pay, authorize a payment, give, promise to give, or authorize the giving of anything of value or any benefit to any Government Official for purposes of (i) influencing any act or decision of such Government Official in his official capacity, (ii) inducing such Government Official to do or omit to do any act in violation of the lawful duty of such official; (iii) securing any improper advantage; or (iv) inducing such Government Official to use his influence to affect or influence any act or decision of the Government Official with respect to any activities undertaken relating to this Agreement.

10.3.7 Accurate Books and Records. Each Party will not make or permit any off-the-books accounts, inadequately identified transactions, recording of non-existent expenditures, entry of liabilities with incorrect identification of their object, or the use of false documents in connection with performing on this Agreement. Each Party will keep books, accounts, and records that, in reasonable detail, accurately and fairly reflect its transactions and dispositions of funds paid under this Agreement.

Without derogating from any other rights which a Party has to audit the records of another Party under this Agreement or any other agreement between the Parties, for the Term and a period of [***] years thereafter, at the request and expense of a Party (not to be made more than once in any [***] month period), the other Party will permit a reputable firm of independent accountants mutually acceptable to the Parties (which accountants shall not have been hired or paid on a contingency basis and which accountants shall have experience auditing biopharmaceutical companies), to have access at such other Party's offices in the United States or anywhere in the world where the relevant

information and data are retained, upon reasonable written notice and during ordinary working hours to such records as may be necessary to audit all books, records, invoices, and relevant documentation of the other related to this Agreement in order to verify compliance with the terms of this Section 10.3 and the requirements of the Anti-Corruption Laws and Principles. Each Party will cooperate fully in any audit or investigation conducted in relation to compliance with this Agreement or the Anti-Corruption Laws and Principles.

10.3.9 Obligation to Update/Report Changes. Each Party agrees that all of the representations contained herein shall remain true and accurate throughout the duration of this Agreement. Each Party must inform the other Party promptly if it becomes aware of any potential breach of this Section 10.3 or the Anti-Corruption Laws and Principles in connection with this Agreement or the performance of any activities pursuant to it or any other change that would render any of the representations herein untrue or inaccurate. Failure to notify the other Party under this section shall constitute a material breach of this Agreement entitling such Party to terminate this Agreement under Section 12.2.

10.3.10 Annual Certification. In its sole discretion, a Party may require that the other Party complete an annual certification or provide some other form of reasonable assurance of compliance with this Section 10.3.

10.4 No Other Warranties. Except for the representations and warranties expressly set forth in this Agreement, no Party makes any representations or warranties of any kind, either express or implied.

11.2.1 Teva shall defend, indemnify and hold Alvotech, its Affiliates and their respective officers, directors and employees harmless from and against any Teva Liabilities that arise from any claim, lawsuit or other action by a Third Party except to the extent that any Third Party Claim constitutes an Alvotech Liability. The foregoing obligations shall not apply to the extent that such Teva Liabilities result from the gross negligence or willful misconduct of Alvotech.

11.2.2 Alvotech shall promptly notify Teva of any liability in respect of which Alvotech intends to claim such indemnification, and Teva shall assume and have exclusive control over the defense thereof (other than Indemnified IP Matters which shall remain subject to the decision-making authority of the Joint Patent Committee) with counsel selected by Teva; *provided, however*, that Alvotech shall have the right to fully participate in any such action or proceeding and to retain its own counsel, at its own expense. Teva may not settle a claim without the prior written consent of Alvotech whose consent may not be unreasonably withheld or delayed. So long as Teva is actively defending a claim in good faith, Alvotech may not settle any such claim without the prior written consent of Teva. The failure to deliver notice to Teva within a reasonable time after the commencement of such action shall relieve Teva of its indemnification obligations hereunder only to the extent such failure is materially prejudicial to Teva's ability to defend such action.

11.3 Limitation of Liability.

Notwithstanding anything to the contrary in this Agreement or any other agreement between the Parties, all rights and obligations of the Parties set forth herein that expressly or by their nature survive expiration or termination of this Agreement (including without limitation any payment obligations accrued prior to termination of this Agreement, Section 6.5 (Records and Audit), Section 7.2 (Joint Committee and Joint Patent Committee Dispute Resoluton), 7.3.6 (Dispute Resolution), SECTION 8 (Confidentiality), SECTION 11 (Indemnification, Limitation of Liability and Insurance), Section 12.7 (Effects of Expiration or Termination) and SECTION 13 (Miscellaneous Provisions)) shall continue in full force and effect subsequent to and notwithstanding the expiration or termination of this Agreement until they are satisfied or by their nature expired and shall bind the Parties and their legal representatives, successors, and permitted assigns.

(b) If this Agreement is terminated by either Party in whole, or in part with respect to a terminated Product in accordance with Section 12.6 for any reason attributable to the fault of Alvotech under the Product Supply Agreement, (i) during the Sell-Off Period, Teva will be entitled (unless prohibited by Applicable Law), at its discretion, to continue to Market all inventory of such terminated Product purchased by Teva as of the effective date of such termination, and (ii) at Teva's request, Alvotech will be required to (1) refund to Teva the Estimated Net Sales Advance for all unsold terminated Products at the conclusion of the Sell-Off Period (notwithstanding any remaining shelf life or whether such Products are in saleable condition), or earlier, following the termination date, on such date that Teva undertakes to Alvotech not to make any sales in the Sell-Off Period (and does not make any sales), and (2) purchase at the applicable Product Cost (as defined in the Product Supply Agreement) of such terminated Product(s) as were ordered by or on behalf of Teva prior to termination, any and all unsold quantities of such Product(s) (which are in saleable condition notwithstanding any remaining shelf life for such Products) at the time of such termination or at the end of the Sell-Off Period, as applicable.

(c) If this Agreement is terminated by Alvotech in whole, or in part with respect to a terminated Product in accordance with Section 12.2, for any breach by Teva or Section 12.6 (for any reason not covered by Section 12.7.2(b) or otherwise not attributable to the fault of Alvotech under the Product Supply Agreement) or by Teva pursuant to Section 12.4, then (1) (x) if such termination is by Alvotech under Section 12.2, for any breach by Teva or pursuant to Section 12.6 (for any reason attributable to the fault of Teva), Alvotech shall refund to Teva the Estimated Net Sales Advance for all unsold terminated Product(s) at the time of such termination (which have at least [***] months of shelf life remaining and are in saleable condition), and (y) in all other cases under this Section 12.7.2(c), Alvotech shall refund to Teva the Estimated Net Sales Advance for all unsold terminated Product(s) at the time of such termination (notwithstanding any remaining shelf life or whether such Products are in saleable condition), and (2) Alvotech may at its discretion, require Teva to sell to Alvotech all terminated Product(s) delivered to Teva at the applicable Product Cost of such Product(s) as were ordered by or on behalf of Teva,

without any markup, any and all unsold quantities of Product(s) (which are in saleable condition notwithstanding any remaining shelf life for such Products) at the time of such termination. In the event Alvotech elects not to purchase the then remaining inventory of Product under the foregoing clause (2), then Teva will be entitled, at its discretion, to continue to Market all such inventory of such terminated Product purchased by Teva as of the effective date of such termination for a period of [***] months following Alvotech's election to not purchase such inventory from Teva.

(d) If this Agreement is terminated by [***], then Teva will be entitled during the Sell-Off Period, at its discretion, to continue to Market all inventory of such terminated Product purchased by Teva as of the effective date of such termination, (2) Alvotech shall refund to Teva the Estimated Net Sales Advance for all unsold terminated Product(s) at the conclusion of the Sell-Off Period, if applicable (notwithstanding any remaining shelf life or whether such Products are in saleable condition), or earlier, following the termination date, on such date that Teva undertakes to Alvotech not to make any sales in the Sell-Off Period (and does not make any sales), and (3) (x) if Alvotech terminates pursuant to Section 12.3, then Teva shall, either, at Alvotech's election and cost, transfer to Alvotech, or destroy, all such terminated Product(s) as were ordered by or on behalf of Teva, and any and all unsold quantities of such Products as of such termination, and (y) if either Party terminates pursuant to Section 12.5, then Teva shall, either, as mutually agreed and with the Parties sharing the cost, transfer to Alvotech, or destroy, all such terminated Product(s) as were ordered by or on behalf of Teva, and any and all unsold quantities of such Products as of such termination.

(e) During each applicable Sell-Off Period, and during such [***]-month period during which Teva continues Marketing Product under Section 12.7.2(c), Teva shall provide monthly reports to Alvotech on the level of inventory of the applicable Products it has on hand and then a final, [***]-month advance notice setting forth the expected date of full depletion of the remaining inventory.

(b) In the event Teva terminates this Agreement pursuant to Section 12.4, Teva, as its sole remedy, would have the rights with respect to such terminated Product as are set out in this Section 12.7.4 and 12.7.5, provided, however, that the foregoing shall not relieve Alvotech from any and all obligations and liabilities accrued to Teva as of such termination with respect to such Product and all damages or remedies (whether in law or in equity) arising from any breach by Alvotech under this Agreement with respect to such Product.

12.7.5 Alvotech Royalty Obligation.

AGREEMENT AND MUTUAL RELEASES

1. **Definitions**. Capitalized terms used and not otherwise defined or amended herein shall have the meanings attributed to them in the LDA.

2. **No Admissions**. This Agreement is being entered into solely to avoid lengthy, costly and time-consuming disputes. By entering into this Agreement, no Party is admitting any liability or wrongdoing whatsoever, and each Party continues to deny any and all liability and wrongdoing. This Agreement shall not be construed as an admission by either Party as to the merits of any position adopted by the other Party or any other entity.

3. **Payment**. In connection with this Agreement, Teva shall have the obligation to pay Alvotech as follows:

(a) Within [***] days following the Amendment Effective Date, Teva shall pay Alvotech $10 million, which shall be deemed to satisfy the obligation of Teva to pay the [***] Milestone; and

The foregoing payments will be made in United States dollars by wire transfer to an account designated in writing by Alvotech. Any fees or payments due and payable to a Party under this Agreement that are not paid by the relevant Party within [***] days of when due shall bear interest at the annualized rate of the then prime rate (as reported in the Wall Street Journal) plus [***] percent ([***]%).

(b) Alvotech acknowledges that the release in this Agreement may include a release of claims, counterclaims, demands, damages, debts, liabilities, attorneys' fees, actions, causes of action, obligations and demands whatsoever, whether fixed or contingent, at law or in equity that are unknown or unsuspected with respect to the Matters in Dispute. The Parties further agree that, if the reason a Milestone Payment is not payable for a particular Product in respect of any Milestone Event described in paragraphs (1) to (6) of Section 6.2 of the LDA is because [***], then a percentage of the relevant Milestone Payment shall, nonetheless, be paid, and the remaining percentage to be paid, in accordance with the following provisions:

(iii) [***];

(iv) [***];

(v) [***];

2. **Alvotech hf**., an Icelandic public limited company with reg. no. 710113-0410, having its offices at Sæmundargata 15-19, 101 Reykjavík, Iceland (hereinafter referred to as the "**Lessee**"); and

the Lessor and the Lessee may hereinafter be referred to individually as "**Party**" and collectively as "**Parties**".

1. Leased Premises

1.1. The Lessor agrees to lease to the Lessee and the Lessee agrees to lease from the Lessor a 12.962,4 m^2 building for manufacturing, research, offices parking lots and underground parking garage located at Sæmundargata 15-19, Reykjavík, with the property registration number 232-7931 (the "**Leased Premises**") in accordance with the terms and conditions set out in this Lease Agreement.

VHÍ subsequently entered into an agreement with the Lessee on 5 November 2013 in which the right to the plot and construction of real estate were transferred to the Lessee (that agreement along with its schedules and appendixes referred to as the "**VHÍ Agreement**"). The Lessee subsequently assigned all its rights pursuant to the VHÍ Agreement to the Lessor on 11 February 2014.

2. Term

2.1. The term of this Lease Agreement commences on the date of the Lease Agreement (hereinafter referred to as the "**Commencement Date**") and terminates on 30 September 2038, unless it is extended in accordance with the terms of this Lease Agreement in which case it shall terminate at the end of the extension period (hereinafter referred to as the "**Termination Date**").

3. Lease – Amount and payment

3.1. During the Term, the Lessee shall pay a monthly lease payment (the **"Lease Amount"**) to the Lessor, in the amount of ISK 65,600,000.

The Lessee shall deposit the Lease Amount on a monthly basis, into the following bank account: ###-##-####, and acknowledges that any other form of payment than by cash into this bank account is inadequate. The Lease Amount cannot be paid by any form of set-off.

3.5. 10. New Issues of Securities and Additional Funding

10.1 Subject to Clause 10.3, no Securities shall be allotted or issued following the date of this Agreement other than (a) in accordance with Clauses 10.3 to 10.10 (provided that Alvogen and Aztiq Consent shall be required for any issue of Securities (other than A Ordinary Shares) pursuant to these Clauses); and (b) with Alvogen Consent and Aztiq Consent; or (c) in the context of an issuance authorized under the Articles in the context of an Excluded Issue. The provisions of this Clause 10 (*New Issues of Securities*) do not represent a commitment by any Security Holder to provide funding to the Group.

10.2 Notwithstanding anything to the contrary herein, the Parties agree not to transfer any Security and not to proceed to an issue of Securities (including, for the avoidance of doubt, an issuance that qualifies as Excluded Issue) which would constitute a new pre-IPO investment under applicable listing rules of a regulated market or other recognised investment exchange in the period between (i) the date which is twenty-eight (28) calendar days prior to a filing of a registration for application for an IPO and (ii) the IPO date in the event that an IPO is being actively pursued.

10.3 No Securities shall be allotted or issued to a Restricted Person and Securities shall only be issued to cover bona fide funding requirements of the Group and on arms' length terms, it being understood that the Parties consider the valuations and terms agreed in this Agreement for the Aztiq Funding (including the Aztiq Convertible Loan), the Alvogen Mirror Funding, the Aztiq Warrant, the Alvogen Warrant, the Alvogen Convertible Loan, the Aztiq Convertible Loan as being for *bona fide* funding requirements of the Group and on arms'-length terms.

10.4 On any issue of Securities after the date of this Agreement other than an Excluded Issue (a "**New Issue**"):

(a) each Security Holder (who is not a Group Company) is entitled, but not obliged, to subscribe for its Pro-Rata Portion of Securities comprising the New Issue (the "**New Securities**") on the same terms and in the same proportions as any other persons participating in the New Issue and to indicate if, on a New Issue, to the extent other Security Holders do not take up their Pro-Rata Portion of the New Issue such number of additional Securities it is willing to consent to subscribe for as part of the New Issue (the "**Excess New Securities Commitment**"); and

(b) prior to the completion of such New Issue, the issuer(s) of Securities in the proposed New Issue shall notify each relevant Security Holder in writing of: (1) its entitlement to New Securities pursuant to Clause 10.3(a), specifying the number and class of such Securities to which it is entitled, the price per class of Securities, and the time (being not less than 10 Business Days, except if a longer period is required by the Companies' Law) within which the offer, if not accepted by notice in writing, will be deemed to be declined; and (2) the total number and class of Securities being issued as part of the New Issue.

10.5 In circumstances where the Group requires funding on an urgent basis, the issuer(s) in the proposed New Issue are not required to provide notice to the relevant Security Holders pursuant to Clause 10.3(b) following Alvogen Consent and Aztiq Consent (together for the purposes of this Clause 10, an "**Accelerated Issue Direction**"), in which case such issuer(s) shall issue the New Securities to such Security Holder(s) as the Accelerated Issue Direction shall specify (an "**Accelerated Issue**"). An Accelerated Issue shall constitute an Excluded Issue, subject to Clause 10.5 applying, and any rights of pre-emption for other relevant Security Holders in respect of the Accelerated Issue (the "**Affected Security Holders**") shall be excluded.

10.6 Following an Accelerated Issue:

(a) each Affected Security Holder is entitled, but not obliged, to subscribe for or acquire (as specified in the relevant Accelerated Issue Direction pursuant to Clause 10.4) such number of each class of Securities comprising the Accelerated Issue (at the same price, on the same terms as the subscribing Security Holder(s) in the Accelerated Issue) to the effect that, if all the Affected Security Holders agree to subscribe for or acquire all such Securities offered to them in accordance with this Clause 10.5, each such Affected Security Holder's Pro-Rata Portion of all Securities would be the same as its Pro-Rata Portion of all Securities immediately before such Accelerated Issue, subject always to Clause 10.4; and

(b) within 20 Business Days following such Accelerated Issue, the issuer(s) in the Accelerated Issue shall notify each Affected Security Holder in writing of its entitlement pursuant to Clause 10.3(a), specifying the number and class of Securities to which it is entitled to subscribe for or acquire, the price per class of Security, and the time (being not less than 10 Business Days) within which the offer, if not accepted by notice in writing (also an "**Acceptance Notice**") will be deemed to be declined.

10.7 To the extent that any Security Holder declines an offer for all or part of his Pro-Rata Portion of New Securities (any New Securities so declined or deemed to be declined, the "**Remaining New Securities**"), then, subject to the next sentence, such number of Remaining New Securities equal to the number of additional New Securities committed to be acquired by any Security Holder under its Excess New Securities Commitment shall be offered to each Security Holder who has given an Excess New Securities Commitment (each such person being an "**Participating Security Holder**") for the same price and otherwise on the same terms on which the other New Securities of the same class are being or have been issued as part of the relevant New Issue. If there are Excess New Securities Commitments for, in aggregate, a greater number than the number of Remaining New Securities available, the following procedure (the "**New Issue Procedure**") shall be implemented: each Participating Security Holder shall be entitled to acquire its Remaining Pro-Rata Portion of the Remaining New Securities for the same price and otherwise on the same terms on which the other New Securities of the same class are being or have been issued as part of the relevant New Issue. If, once the New Issue Procedure has been implemented, there are further Remaining New Securities available for subscription or acquisition such New Issue Procedure shall be repeated until either: (i) each Participating Security Holder has been allocated the maximum number of Remaining Securities in respect of which it gave an Excess New Securities Commitment; or (ii) all Remaining Securities have been allocated for subscription or acquisition in accordance with this Clause 10.6. Each time a New Issue Procedure is implemented the definition of "Participating Shareholder" for the purpose of calculating the Remaining Pro-Rata Portion shall exclude any Security Holder who has, in the previous New Issue Procedure(s), been allocated the maximum number of Remaining New Securities available to him.

10.8 In the event that, following the application of the New Issue Procedure(s), the Security Holders have declined or have been deemed to decline offers for all or some of the Remaining New Securities proposed to be issued pursuant to the relevant New Issue, the board of directors of the Company (acting with Alvogen Consent and Aztiq Consent) may offer such Remaining New Securities to a third party for the same price and otherwise on the same terms on which the other New Securities of the same class are being or have been issued as part of the relevant New Issue.

10.9 Notwithstanding the other provisions of this Agreement, the Company shall not, and the Security Holders shall procure that the Company shall not, issue Securities other than Ordinary Shares without the consent of each of Aztiq and Alvogen.

10.10 The Parties agree that at any time from the date of this Agreement but at least three (3) months prior to any Exit:

(a) Aztiq has the right to notify the other Security Holders in writing that it is electing to exercise its right to provide the Aztiq Funding; and

(b) following such notification, Alvogen must notify Aztiq within 10 Business Days as to how the Aztiq Funding should be provided.

10.11 The Parties agree that following Alvogen providing the notification pursuant to Clause 10.9(a) Alvogen shall have the right to provide the Alvogen Mirror Funding (to the extent applicable).

10.12 The Parties agree that:

(a) Alvogen shall be entitled (acting in its own discretion) to apply any amount owed by the Company to Alvogen pursuant to the Alvogen Convertible Loan (including, but not limited to the Initial Advances (as defined in the Alvogen Convertible Loan)) and the 2020 Convertible Loan, in satisfaction (in whole or in part) of the subscription price payable by Alvogen (a) for any New Securities which it has agreed to subscribe for pursuant to this Clause 10, and (b) in relation to any Excluded Issue in which it participates; and

(b) Aztiq shall be entitled (acting in its own discretion) to apply any amount owed by the Company to Aztiq pursuant to the Aztiq Convertible Loan, the Alvogen Transfer Debt (subject to the terms of this Agreement and any ancillary documents thereto), the 2020 Convertible Loan, and the Aztiq Warrant Proportion Amount in satisfaction (in whole or in part) of the subscription price payable by Aztiq (a) for any New Securities which it has agreed to subscribe for pursuant to this Clause 10, and (b) in relation to any Excluded Issue in which it participates.

11. Warrant

11.1 At any time following the date of this Agreement but subject to Clause 10.2, Alvogen shall have a right (such right, the "**Alvogen Warrant**") to pay the Alvogen Warrant Exercise Amount to the Company and in return require the Company to allot and issue to Alvogen the Alvogen Warrant Shares.

11.2 Alvogen shall exercise the Alvogen Warrant by providing the Company with written notice of its exercise thereof (the "**Alvogen Warrant Exercise Notice**").

11.3 The subscription for the Alvogen Warrant Shares (the "**Alvogen Warrant Closing**") shall take place no later than 10.00am ten (10) Business Days following the delivery of the Alvogen Warrant Exercise Notice, or on such other date and at such other time to be agreed by the Company and Alvogen acting reasonably. At the Alvogen Warrant Closing, (i) Alvogen shall subscribe for and the Company shall allot and issue the Alvogen Warrant Shares, (ii) Alvogen shall pay to the Company an amount equal to the Alvogen Warrant Exercise Price by wire transfer of immediately available funds to an account designated by the Company prior to the Alvogen Warrant Closing, and (iii) the Company shall deliver to Alvogen a certified copy of the Company's share register, confirmed by the Board, showing the Alvogen Warrant Shares duly and validly registered in Alvogen's name.

11.4 Subject to Clause 11.7 and Clause10.2, Aztiq shall have a right to pay the Aztiq Warrant Exercise Amount to the Company and in return require the Company to allot and issue to Aztiq the Aztiq Warrant Shares, provided that, (i) Aztiq shall not exercise this right until immediately prior to the date which is twenty-eight (28) calendar days prior to a filing of a registration for application for an IPO with the relevant authorities or an Exit (other than an IPO) in respect of the Alvogen Transfer Debt, and (ii) shall not, for the avoidance of doubt, be permitted to use this right to the extent that Aztiq exercises the conversion rights pursuant to the Alvogen Transfer Debt (the "**Aztiq Warrant**").

11.5 Aztiq shall exercise the Aztiq Warrant by providing the Company with written notice of its exercise thereof (the "**Aztiq Warrant Exercise Notice**").

11.6 The subscription for the Aztiq Warrant Shares (the "**Aztiq Warrant Closing**") shall take place no later than 10.00am ten (10) Business Days following the delivery of the Aztiq Warrant Exercise Notice, or on such other date and at such other time to be agreed by the Company and Aztiq acting reasonably. At the Aztiq Warrant Closing, (i) Aztiq shall subscribe for and the Company shall allot and issue the Aztiq Warrant Shares, (ii) Aztiq shall pay to the Company an amount equal to the Aztiq Warrant Exercise Amount by wire transfer of

immediately available funds to an account designated by the Company prior to the Aztiq Warrant Closing, and (iii) the Company shall deliver to Aztiq a certified copy of the Company's share register, confirmed by the Board, showing the Aztiq Warrant Shares duly and validly registered in Aztiq's name.

11.7 The Parties acknowledge that:

(a) on the date of this Agreement, Aztiq holds the Alvogen Transfer Debt;

(b) the Company agrees not to repay the Alvogen Transfer Debt (including any amount accruing thereon after the date hereof) (i) earlier than the date of commencement of the Call Exercise Period (provided that it will not repay the Alvogen Transfer Debt after such date if Alvogen has exercised the Alvogen Call (ii) otherwise with Alvogen Consent;

(c) Aztiq agrees not to exercise the convertible rights pursuant to the Alvogen Transfer Debt (i) earlier than the date of commencement of the Call Exercise Period, (provided that it will not exercise the convertible right pursuant to the Alvogen Transfer Debt after such date if Alvogen has exercised the Alvogen Call) or (ii) without Alvogen Consent;

(d) at any time prior to the date which is two weeks prior to an Exit or the the date which is twenty-eight (28) calendar days prior to a filing of a registration for application for an IPO with the relevant authorities (or, if earlier, the date which the rules of the applicable regulated market or other recognised investment exchange upon which the shareholders intend Alvotech to Exit deem there should be no change to the capital structure) (such period before Exit being the "**Call Exercise Period**"), Alvogen shall have the right to give notice to exercise the Alvogen Call and to make payment within 2 Business Days of such notice and upon Alvogen making payment to Aztiq in accordance with the Alvogen Call, Aztiq agrees (i) at the same time to execute documentation to transfer the Alvogen Transfer Debt to Alvogen (and, to the extent that payment has been made by Alvogen but documentation is not signed within 5 Business Days of Alvogen exercising the Alvogen Call or Exit (whichever is earlier), the Company agrees that it will owe all outstanding amounts under the Alvogen Transfer Debt to Alvogen and not Aztiq), and (ii) that the Aztiq Warrant Proportion Amount will automatically be reduced by the principal amount of the Alvogen Transfer Debt so transferred to Alvogen;

(e) to the extent the intended Exit will also trigger a Change of Control (as defined under the Alvogen Transfer Debt) the Company will owe certain accrued interest, PIK Loans and PIK Advances ("**Alvotech Amounts**") to Alvogen in accordance with the terms of the applicable convertible loans. Accordingly, the Parties hereby agree that Alvogen may, at its election, direct that Alvotech pays some or all of the Alvotech Amounts, on its behalf, to Aztiq in satisfaction of some of all of the cash amount payable by Alvogen to Aztiq pursuant to the Alvogen Call (the "**In Kind Right**"). Alvogen shall notify Aztiq of its intention to use the In Kind Right at the same time as it exercises the Alvogen Call;

(f) notwithstanding that Aztiq is obliged to exercise its right to provide the Aztiq Funding by the date indicated in Clause 10.9, in the event that Alvogen exercises its In Kind Right pursuant to Clause 11.7(e), the Parties agree that Aztiq can exercise its right to provide Aztiq Funding up to an amount equal to the Alvotech Amounts and Aztiq and the Company hereby agree to offset the Alvotech Amounts which the Company is required to pay to Aztiq as a result of Alvogen exercising the In Kind Right and Aztiq's obligation to provide payment to the Company to exercise its right to provide the Aztiq Funding (the "**Offset**"). For the avoidance of doubt, the present clause does not limit the right of Aztiq to otherwise provide the Aztiq Funding in full pursuant to the terms of this Agreement;

(g) the Parties further agree and acknowledge that:

(i) if there is any legal, accounting reason, which prevents Aztiq from being able to use the Offset, then Alvogen shall not be able to use the In Kind Right;

(ii) in the event that Alvogen exercises the Alvogen Call and the In Kind Right, Aztiq will have its right to exercise the right granted pursuant to Clause 11.7(f) and Alvogen will have its right to exercise the Alvogen Mirror Funding (to the extent not already used prior to Exit) and the Alvogen Warrant, accordingly the Parties hereby agree to use to use best endeavours to give full effect to the intentions of the Parties and economic outcome as expected by the Parties in accordance with the terms of this Agreement immediately prior to Exit; and

Aztiq, Alvogen and Fuji hereby agree to procure that the Aztiq Directors, Fuji Director and Alvogen Directors will vote favourably for any decision that the Company should pay cash to Alvogen or Aztiq or a holder of a portion of the 2020 Convertible Loan in accordance with the terms of the Alvogen Convertible Loan and/or the Aztiq Convertible Loan and/or the 2020 Convertible Loan, as applicable.

13.2 Where a Transfer of ROFR Securities (either alone or together with any other Transfer of Securities initiated at the same time or prior to completion of the ROFR Sale) gives rise to a Tag-Along Sale, notwithstanding that the Initiating ROFR Sellers must first comply with the provisions of this Clause 13, the provisions of Part 1 of Schedule 4 of (*Tag-Along Rights*) and Part 2 of Schedule 4 of (*Drag-Along Rights*) shall apply.

13.5 The ROFR Notice shall invite the ROFR Benefitting Shareholders to notify the Initiating ROFR Seller in writing (a "**ROFR Response Notice**") within 10 Business Days following the date of the ROFR Notice (which date shall be specified therein) (the "**ROFR Acceptance Period**") whether they are willing to purchase all or some of the Relevant ROFR Securities at a price equal to the ROFR Transfer Price and on the ROFR Transfer Terms. No ROFR Response Notice once given shall be withdrawn.

13.6 If a ROFR Benefitting Shareholder has committed in their ROFR Response Notice to purchase all or some, of the Relevant ROFR Securities, such ROFR Benefitting Shareholder shall be obliged to purchase and the Initiating ROFR Seller shall be obliged to sell the ROFR Securities in the amount stated on the ROFR Notice, at the ROFR Transfer Price and on the ROFR Transfer Terms, subject to any mandatory and suspensory anti-trust or regulatory conditions. The sale and transfer of such ROFR Securities shall, subject to satisfaction of such conditions, be completed on the date notified to the ROFR Benefitting Shareholders by the Initiating ROFR Seller on at least 3 Business Days' notice (and such date shall be within 30 Business Days of the expiry of the ROFR Acceptance Period or, if longer, within 10 Business Days of the satisfaction of any mandatory and suspensory anti-trust or regulatory conditions).

13.7 To the extent that a ROFR Benefitting Shareholder declines an offer for all or part of his Pro-Rata Portion of ROFR Securities (any ROFR Securities so declined or deemed to be declined, the "**Remaining ROFR Securities**"), then each Participating Security Holder shall be entitled to acquire its Remaining Pro-Rata Portion of the Remaining ROFR Securities for the same price and otherwise on the same terms on which the other ROFR Securities of the same class are being or have been issued as part of the relevant ROFR Sale (the "**Remaining ROFR Securities Procedure**"). If, once the Remaining ROFR Securities Procedure has been implemented, there are further Remaining ROFR Securities available for acquisition such Remaining ROFR Securities Procedure shall be repeated until all Remaining ROFR Securities have been allocated for acquisition in accordance with this Clause 13.7. Each time a Remaining ROFR Securities Procedure is implemented the definition of "ROFR Benefitting Shareholder" for the purpose of calculating the Remaining Pro-Rata Portion shall exclude any Security Holder who has, in the previous Remaining ROFR Securities Procedure(s), not accepted its Remaining Pro-Rata Portion of Remaining ROFR Securities.

13.8 The ROFR Benefitting Shareholders shall acquire the Relevant ROFR Securities with full title guarantee, free from all Encumbrances and together with all rights attaching to them and the Initiating ROFR Seller shall give warranties to the ROFR Benefitting Shareholders as to the title to its ROFR Securities and its capacity to transfer the ROFR Securities as part of the ROFR Sale.

13.9 If the ROFR Benefitting Shareholders have not committed to purchase any or all of the ROFR Securities within the above mentioned time period or no ROFR Response Notice has been returned by the end of the ROFR Acceptance Period and following the application of the Remaining ROFR Securities Procedure(s), the Initiating ROFR Seller may transfer the relevant number of ROFR Securities (or such number of ROFR Securities that have not been acquired by the ROFR Benefitting Shareholders pursuant to Clause 13.6) to the ROFR Buyers at a price greater than or equal to the ROFR Transfer Price, and otherwise on terms that are not materially more favourable to the ROFR Buyers than the ROFR Transfer Terms (the **ROFR Transfer Conditions**), provided that such transfer is completed within six months of the expiry of the ROFR Acceptance Period or, if longer, within 10 Business Days of the satisfaction of any mandatory and suspensory anti-trust or regulatory conditions to which the Transfer of ROFR Securities to the ROFR Buyer(s) is subject.

13.10 Notwithstanding any other provision of this Agreement, the Initiating ROFR Seller may require the ROFR Benefitting Shareholders to provide evidence (in a form satisfactory to the Initiating ROFR Seller) and take such steps (including depositing funds in an escrow account) (in each case, acting reasonably), in each case, to demonstrate that such ROFR Benefitting Shareholder has and will continue to have sufficient available funds to satisfy its obligations under this Clause 13. If a ROFR Benefitting Shareholder fails to provide such evidence or take such steps prior to the expiry of the ROFR Acceptance Period, the Initiating ROFR Seller may transfer the relevant ROFR Securities to the ROFR Buyers at any price, provided that such transfer is completed within six months of the expiry of the ROFR Acceptance Period or, if longer, within 10 Business Days of the satisfaction of any mandatory and suspensory anti-trust or regulatory conditions to which the Transfer of ROFR Securities to the ROFR Buyers is subject.

13.11 In the event that the consideration to be paid pursuant to the ROFR Sale is subject to any deduction, rebate or allowance whatsoever, or is otherwise subject to conditions (including milestones or escrow arrangements) or is otherwise than in the form of cash, the Board will be required to act reasonably in determining whether the ROFR Transfer Conditions are met.

13.12 If any transfer to the ROFR Buyers pursuant to this Clause 13 is not completed within six months of the start of the date of the ROFR Period or, if longer, within 10 Business Days of the satisfaction of any mandatory and suspensory anti-trust or regulatory conditions to which the Transfer of ROFR Securities to the ROFR Buyers is subject, the Initiating ROFR Seller shall not be permitted to transfer any of the ROFR Securities to any third party (other than a Permitted Transferee), without recommencing the procedure set forth in this Clause 13.

13.13 The Security Holders may appoint one Security Holder to act on their behalf for the purposes of this Clause 13.

13.14 If a ROFR Benefitting Shareholder defaults on its payment obligations under this Clause 13, the Initiating ROFR Seller may sell all or some of the ROFR Securities to the relevant ROFR Buyers provided that such transfer is completed within six months of the expiry of the ROFR Acceptance Period or, if longer, within 10 Business Days of the satisfaction of any mandatory and suspensory anti-trust or regulatory conditions to which the Transfer of ROFR Securities to a ROFR Buyer is subject.

13.15 The Initiating ROFR Seller shall be entitled to disclose the terms of this Clause 13 to any ROFR Buyer.

14. Deed of Adherence

14.1 Notwithstanding any other provision of this Agreement, unless this Agreement terminates in accordance with Clause 25(a) (*Duration*) or the Board has received Alvogen Consent and Aztiq Consent, no person who is not a party to this Agreement shall be entitled to become a Transferee of any Securities, nor to have any Securities issued to it, or to acquire any rights hereunder or be registered as the holder of any Securities unless such person signs, executes and delivers a fully valid and binding deed of adherence substantively in the form set out in Schedule 5 (*Deed of Adherence*) (or in such form as may be required with Alvogen Consent and Aztiq Consent) (a "**Deed of Adherence**") *provided that* this provision shall not apply in the case of Transfers of Securities to, or issues of Securities to, another Group Company as part of a Reorganisation Transaction.

14.2 The benefit of this Agreement shall extend to any person who acquires, or has issued to it, Securities in accordance with this Agreement and who enters into a Deed of Adherence, but without prejudice to the continuation *inter se* of the rights and obligations of the original parties to this Agreement and any other persons who have entered into such a Deed of Adherence.

15. Exit

15.1 The Parties hereby acknowledge that the Company and its holders of Shares are working towards an IPO.

15.2 Following the date which is four (4) years after the date of the Original Shareholders' Agreement, any 40% Security Holder in circumstances where an Exit is not being actively pursued (in the reasonable opinion of the Board) (such 40% Security Holder, the "**Initiating Security Holder**") shall (in each case, the Initiating Security Holder having complied with Clause 13 (*Right of First Refusal*)) have the right to pursue an IPO.

15.3 Where an IPO process has commenced (in the opinion of the Board, acting reasonably) and such IPO has not been consummated within twelve months following the date such process commenced (as determined by the Board acting reasonably), such IPO process shall be deemed to have been withdrawn for the purposes of Clause 15.2.

15.4 All Parties agree to take such action, and to procure that such action is taken, as is (i) reasonably requested by the Board or the Initiating Security Holder to achieve any IPO that is permitted in accordance with Clause 15.2 or (ii) reasonably requested by the Board acting with Alvogen Consent and Aztiq Consent on any other IPO, including in each case, without limitation:

(a) appointing professional and corporate finance advisers approved by the Initiating Security Holder for and on behalf of the Company (and/or relevant Group Company);

(b) assisting in the production and negotiation of such documentation as is required to effect the IPO;

(c) giving such co-operation and assistance as the Initiating Security Holder reasonably requests; and

(d) agreeing and entering into (to the extent they are considered reasonably necessary or desirable by the underwriters or corporate finance advisers advising on the IPO):

(i) undertakings in relation to the retention, disposal or manner of disposal of their Securities (or securities received as consideration for their Securities) (known as “lock-ups”); and

(ii) provisions designed to result in an orderly disposal of Securities (or securities received as consideration for their Securities) by the Security Holders.

15.5 Each Security Holder agrees that the right of a 40% Security Holder to pursue such IPO under Clause 15.2 shall be subject to the proposed IPO achieving the IPO Return Hurdle.

15.6 Each Security Holder acknowledges and agrees to accept restrictions on the Transfer of some or all of their Shares or the shares of any other Group Company which is subject to IPO for any period after such IPO which are either to be considered mandatory under the applicable listing rules and the applicable regulatory regime and/or to be seen as best practice requirements of the exchange on which an IPO is pursued by the Initiating Security Holder (including, if applicable, the Hong Kong Stock Exchange), and/or required pursuant to any agreement with underwriters/sponsors the Company may enter into with respect to such IPO. The Company and the Initiating Security Holder will use its best efforts to ensure that the post-IPO Transfer restrictions for each Co-investor shall not exceed a period of 6 months and that each Co-investor shall have the opportunity to transfer its Securities during such look-up period with the consent of the Company and the relevant underwriters/sponsors acting for the Company in relation to the IPO.

15.7 In the event of a proposed IPO, the Parties shall discuss in good faith and (if required) agree a relationship agreement between the parties for the period following the IPO, replicating so far as is possible the provisions of this Agreement (taking into account applicable law and the rules of the relevant exchange).

16. Reorganisation Transactions

16.1 Upon the approval of the Board, the Company or any member of the Group shall be permitted to take any actions which are necessary, appropriate or desirable (in light of tax, legal, regulatory or other professional advice received by Aztiq and/or the Group) to effect a Reorganisation Transaction so as to optimise the Group’s corporate structure (including for the purposes of an Exit).

16.2 Each Security Holder acknowledges and agrees that:

(a) subject to Clause 16.3, it may receive any shares or other securities of any class issued by any Group Company, as determined by the Board, by way of a dividend or distribution in kind or in exchange for, or otherwise in replacement of, Securities (the "**Replacement Securities**") as part of any such Reorganisation Transaction (in which case, to the extent applicable, this Agreement shall apply to any New Holding Company as if references to the Company were references to it); and

(b) it shall enter into any documentation, provide any consents and exercise its voting rights (as a Security Holder or otherwise) as are required to give effect to the Reorganisation Transaction,

in each case, *provided that* the Reorganisation Transaction would not be materially and/or disproportionately adverse to the economic, tax or legal position of the Security Holders.

16.3 The number of Replacement Securities to be received by any Security Holder as a result of any Reorganisation Transaction will, to the extent such Replacement Securities have not been sold or otherwise disposed of by such Security Holder in any IPO or otherwise after such Reorganisation Transaction in accordance with this Agreement, reflect the fair market value of the investment, prior to such Reorganisation Transaction, of such Security Holder in any Securities that are exchanged as part of the Reorganisation Transaction.

17. Distribution Policy

17.1 Subject to the provisions of Clause 7 (*Conduct of Business*), it is the intention of the Parties that the Company shall distribute to the holders of Securities, whether by way of distributions in respect of Shares, redemption of Securities, upstream loans or otherwise, the maximum amount available for such purposes in any financial year (including, for the avoidance of doubt, any amounts arising upon an Exit), subject to:

(a) compliance with the terms of the Financing Documents, applicable laws and regulations (including the Companies Act); and

(b) such distributions being made in accordance with Clause 18 (*Ranking of Securities*).

18. Ranking of Securities

18.1 Subject to the terms of any new class of Securities issued in accordance with and following the date of this Agreement, any Return of Proceeds to the Security Holders shall be distributed or be payable to the Security Holders (after payment of any (a) costs in accordance with Clause 23.2 (*Exit Costs*), where such distribution or payment is in connection with an Exit, as well as after payment of, (b) any debt financing to the Company and the Group) and (c) any Converted PIK Advances to the holders of Ordinary Shares *pro rata* to their holding of Ordinary Shares as compared to the total Ordinary Shares in issue or, in case of Exit or Transfer of Securities, *pro rata* to the number of Ordinary Shares subject to such event, as compared to the total Ordinary Shares subject to the relevant event, and in accordance with the Articles.

18.2 Subject to Clause 18.3, if a holder of any Securities (a "**Recovering Holder**") receives any Return of Proceeds where any such amount is in excess of the amount the Recovering Holder would have been entitled to receive in respect of its holding of Securities had such amounts been distributed, redeemed or paid in accordance with Clause 18.1 (the "**Excess Receipts**") then:

(a) the Recovering Holder shall, within three Business Days, notify details of such receipt, repayment or payment to the Company; and

(b) the Recovering Holder shall, within three Business Days of demand by any Security Holder who, had the Excess Receipts been distributed in accordance with Clause 18.1, would have received a greater Return of Proceeds than he has actually received (each an "**Out of Pocket Holder**"), account to any such Out of Pocket Holder(s) for any such amounts of Excess Receipts. If, in any circumstances, there is more than one Out of Pocket Holder, the Recovering Holder(s) shall account to the Out of Pocket Holders *pro rata* to the holdings of each Out of Pocket Holder of the relevant class of Security in respect of which such holders have received a lesser amount of the proceeds than they would otherwise have been entitled pursuant to Clause 18.1.

18.3 No payment shall be made to any Security Holder pursuant to Clause 18.2 to the extent that any such payment would result in such Security Holder receiving any Return of Proceeds that is in excess of any amounts that such holder of Securities is entitled to receive pursuant to Clause 18.1 from the proceeds available.

19. Investment in a Competitor

19.1 Each Co-investor shall notify the Board promptly (and in any event within five (5) Business Days of the date of completion of the relevant acquisition or the date of appointment (as the case may be)) following such Co-investor and/or its respective Affiliates:

(a) directly acquiring equal to or greater than 20 per cent. of the issued securities of any Competitor that is not a Listed Company;

(b) directly acquiring equal to or greater than 15 per cent. of the issued securities of any Competitor that is a Listed Company; or

(c) appointing (A) a director (or the equivalent in the relevant jurisdiction) to the board of directors (or the equivalent in the relevant jurisdiction) of a Competitor (unless that director is an Independent Director) or (B) an observer to attend (but not vote at) any meetings of the board of directors (or the equivalent in the relevant jurisdiction) of a Competitor,

(each a "**Competing Action**").

19.2 If any Co-investor and/or its respective Affiliates (as applicable) undertakes a Competing Action, following notification to, the Board under Clause 19.1 of such Competing Action, the Board shall consider the Competing Action, taking into account, without limitation, the identity and geographic location of the Competitor and the materiality of the Competing Action and, acting in good faith (but without any fetter on its discretion), it may:

(a) require such Co-investor to replace any Director of the Board appointed by it pursuant to Clause 3.2 of this Agreement with an Independent Director, unless such appointed Director is already an Independent Director; and/or

(b) suspend such Co-investor's right under Clause 8 of this Agreement to receive information about the Group,

until (as applicable) (A) such Co-investor provides documentary evidence to the Board evidencing that such Co-investor's (and/or its Affiliates) interest in the Competitor has fallen below the relevant threshold set out in Clause 19.1(a); and/or (B) any director and/or observer appointed by such Co-investor under Clause 19.1(b) ceases to act as a director and/or observer of the Competitor *provided that* the Board shall not be entitled to exercise its right pursuant to Clause 19.2 of this Agreement where such Co-investor can demonstrate to the reasonable satisfaction of the Board that such Co-investor has appropriate ethical screens and safeguards in place to ensure that any director, officer and/or employee of such Co-investor who is or are engaged or employed by or who advise or otherwise transact with a Competitor, do not receive or have access to any Confidential Information.

19.3 Notwithstanding Clause 19.1 or any other provision of this Agreement, none of the Co-investors shall be required to disclose the identity of a Competitor which is the subject of a Competing Action where such Co-investor and/or its respective Affiliate is subject to confidentiality undertakings (but only for so long as they are bound by such confidentiality undertakings) which would prohibit it from disclosing the identity of such Competitor, provided however that nothing in this Clause 19.3 shall limit any other obligation of Co-investor under Clause 19.1 of this Agreement.

19.4 The obligations of each Co-investor and its respective Affiliates under this Clause 19 (including to notify the Board of a Competing Action) shall cease to apply upon termination of this Agreement in accordance with Clause 25 (*Duration*).

19.5 This Clause 19 may, unless otherwise agreed in writing between the Security Holders only be amended (whether by addition or deletion) annually and only with Alvogen Consent and Aztiq Consent, each acting reasonably and in good faith.

19.6 If each Co-investor and/or its respective Affiliates hold an investment in, have a director appointed to the board of directors of, or has nominated an observer to attend (but not vote at) any meetings of the board of directors of, an entity that is subsequently named a Competitor, the provisions of this Clause 19 shall not apply with respect to such investment, appointment or nomination (as applicable).

20. Rights of Inspection

20.1 If, at any time:

(a) the Company shall be in breach of any of its obligations under Clause 7 (*Conduct of Business*), 8 (*Provision of Information*), 9 (*Annual Budget and Business Plan*) or Schedule 3 (*Information Rights*);

(b) any information provided pursuant to such obligations is incomplete or contains a manifest error or is inconsistent; or

(c) any information provided pursuant to such obligations or which otherwise comes to the attention of any of the Security Holders contains evidence of (or provides reasonable grounds for the suspicion of) fraud, bribery or corruption, misrepresentation or any other activity which is illegal or might otherwise damage the business or reputation of the Group or the Security Holders,

then, without prejudice to any other rights which the Security Holders may have in respect of any such breach, each Security Holder shall be entitled (at the cost of the Company) to instruct the Group's professional advisers to provide the requisite information and/or to appoint one or more firms of professional advisers to obtain, prepare and deliver to them any documents or information that the Company has failed to obtain, prepare or deliver or which the Security Holders may request in respect of the relevant information, matter or activity.

20.2 For the purpose set out in Clause 20.1, the Company shall (and shall procure that each other Group Company shall) promptly make available all its books and records to the Security Holders and/or such firm(s) of professional advisers appointed by the Security Holders, each of whom shall be entitled without further authority to enter into and remain on any Group Company's premises for the purpose of, or in connection with, preparing such items.

21. Announcements

No Party shall (without Alvogen Consent and Aztiq Consent) issue any press release, issue any public document or make any public statement or otherwise make any disclosure to any person who is not a Party to this Agreement relating to any of the matters provided for or referred to in this Agreement or any ancillary matter. This Clause 21 shall not apply to any announcement or disclosure required by law or by any competent judicial or regulatory authority or by any recognised investment exchange (in which case, the Parties shall co-operate, in good faith, in order to agree the content of any such announcement, so far as practicable, prior to its being made) or which is permitted under Clause 22.1 (*Confidentiality*).

22. Confidentiality

22.1 Notwithstanding any other provision of this Agreement, the Security Holders shall be entitled at all times to consult freely about the Group and its affairs with, and to disclose Confidential Information and the contents of the Transaction Documents (and any ancillary documents related thereto) to:

(a) (i) any of their Affiliates and in the case of Alvogen, its shareholders and finance providers, and each of their respective Representatives; (ii) any other Security Holder or their respective Affiliates and each of their Representatives and (iii) any indirect shareholder in Alvogen or any other person on whose behalf it is investing in the Group or any proposed investor in, or lender to the Group (or with or to any of its or their Representatives); and

(b) any proposed purchaser, underwriter, sponsor or broker or lender and their respective Representatives, for the purposes of facilitating either a Transfer of Securities, disposal of assets of a member of the Group, issue of Securities, Reorganisation Transaction or Exit subject to the Security Holders using reasonable endeavours to procure that any such recipient is made aware of the confidential nature of the Confidential Information and relevant Transaction Documents (and any ancillary documents related thereto) and agrees to treat it accordingly,

and the Company (for itself and on behalf of each other Group Company) agrees with the Security Holders who, for these purposes, shall also act as trustees for the persons to whom Confidential Information may be disclosed under this Clause 22.1 to waive any claim for breach of confidence in respect of any disclosure of Confidential Information made by the Security Holders in compliance with this Clause 22.1.

22.2 Subject to Clause 22.1, each party shall in all respects keep confidential, and not at any time disclose, make known in any other way, or use for his own or any other person's benefit or to the detriment of any Group Company or any other Security Holder, any Confidential Information, *provided that:*

(a) such obligation shall not apply to information which has come into the public domain (other than through a breach by any party of this Agreement);

(b) any Party shall be entitled at all times to disclose such information as may be required by (or to procure compliance with) law or by any competent judicial or regulatory authority or by any recognised investment exchange or for tax or accounting purposes (*provided that*, so far as practicable and legally permissible, the disclosing party shall consult with the other Parties prior to making such disclosure); and

(c) nothing contained in this Clause 22.2 shall prevent any employee or officer of any Group Company from disclosing information in the proper performance of his duties as an employee or officer of such Group Company.

23. Costs and Expenses

23.1 **Director Expenses**

For each director of a Group Company all out of pocket expenses properly incurred by him in connection with the performance of his duties as a director (together with VAT thereon where appropriate) shall be payable at times as agreed with the Board and in such manner, as is specified by the Company.

23.2 **Exit Costs**

(a) The relevant Group Company shall pay all fees, costs and expenses (including advisers' fees) in connection with any Exit (including a Tag-Along Sale) or Reorganisation Transaction to the extent permissible under applicable law, save to the extent the Board determines that the payment of any such fees, costs and expenses would result in adverse legal or tax consequences for the Group Company.

(b) If such Group Company is prohibited by applicable law from paying all such fees, costs and expenses, or if the payment of any such fees, costs and expenses would result in adverse legal or tax consequences for the Group Company as determined by the Board, then the Security Holders shall procure that such fees, costs and expenses are deducted from the aggregate consideration received prior to any funds being paid to Security Holders, and will be borne by each of the Security Holders in the same proportions as the proceeds received by them in connection with the Exit.

23.3 **Other Costs**

Except as otherwise stated in this Clause 23, each Party shall pay its own fees, costs and expenses incurred in connection with the preparation, negotiation and/or completion of this Agreement.

24. Relationship of Agreement to Transaction Documents

24.1 If there is any conflict between the provisions of this Agreement and any other Transaction Document, then the provisions of this Agreement shall prevail.

24.2 If any such conflict should be identified, each of the Security Holders agrees and undertakes, if so requested by the Security Holders, to exercise its voting rights and other rights as a director and/or Security Holder or in order to amend the relevant Transaction Document or articles of association of the relevant Group Company in order to eliminate the conflict by causing the relevant document to be amended so that it is consistent with this Agreement.

24.3 The Parties agree that in the event that any claim, dispute or difference arising out of or in connection with this Agreement and relating to the same subject matter, set of facts or circumstances as set out in the Articles, the articles of association or by-laws of any Group Company may be brought under or in connection with this Agreement rather than under or in connection with the Articles, the articles of association or the by-laws of any Group Company, such claim, dispute or difference shall be brought under this Agreement (rather than pursuant to the Articles, relevant articles of association or the by-laws of any Group Company).

Aztiq undertakes to Alvogen that it shall not give consent to an amendment of the 2020 Convertible Loan, the Aztiq Convertible Loan, or the Conversion Agreements which would materially adversely affect the economic rights of Alvogen without the prior written consent of Alvogen.

25. Duration

25.1 Subject to Clause 25.2 am without prejudice to the accrued rights of any party and save in respect of the Surviving Provisions:

(a) this Agreement shall terminate on the earlier of (and contemporaneously with) (i) the date of completion of an IPO or Exit (or, in the case of an Asset Sale, at such time as the proceeds from such Asset Sale have been applied and distributed in accordance with Clause 18 (*Ranking of Securities*)) (provided that Paragraph 1.2 of Schedule 4 shall continue in accordance with its terms except in the context of an IPO) and (ii) the date on which a Winding Up is concluded; and

(b) subject to subparagraph (a), on any Security Holder ceasing to hold any Securities or ceasing to be the beneficial owner of any Securities, this Agreement shall terminate with respect to that Party only (such that the terms of this Agreement may subsequently be varied without the consent of such Party), *provided that* such Party shall have complied with his or its obligations under Clause 12 (*Transfers of Securities*) with respect to any Transfer of its Securities (and the relevant Transferee(s) shall have entered into a Deed of Adherence (unless the Board has received Alvogen Consent and Aztiq Consent to the contrary pursuant to Clause 14.1 (*Deed of Adherence*)) and, where applicable, a deed of accession to any intercreditor deed which forms part of the Financing Documents).

25.2 The provisions of Clause 15.6 shall continue to apply notwithstanding the termination or expiry of this Agreement for any reason.

26. Variations and Waivers

26.1 **Variations to Transaction Documents**

(a) Save as set out in Clause 26.1 (b), no variation of this Agreement shall be effective unless made in writing and signed by or on behalf of all the Security Holders.

(b) Any amendment or variation can be made with only Alvogen Consent and Aztiq Consent, provided that such amendment or variation does not materially affect the legal or economic position of any Security Holder compared to the other Security Holders.

26.2 ***Pari Passu* Securities**

Notwithstanding any terms of the relevant Securities to the contrary, any *Pari Passu* Securities will rank *pari passu* with one another as if they constituted one class of Security in proportion to their par value. The Parties shall procure that decision making in respect of any *Pari Passu* Securities is effected by holders of the *Pari Passu* Securities as if the *Pari Passu* Securities constituted one class of Security. Decision making for the purposes of this Clause 26 shall be the making of any decision reserved under the relevant Security as a matter requiring the consent or approval of the holders of that Security (the "**Specific Class**"). The effect of this Clause 26 shall be that, for the purpose of decision making in respect of any *Pari Passu* Security(s), the Specific Class is extended to include all holders of *Pari Passu* Securities (the "***Pari Passu* Class**") and a decision or matter requiring the consent or approval of, or in respect of the Specific Class, may only be effected if it is approved by the *Pari Passu* Class (the relevant quorum and thresholds of the Specific Class for the purpose of such decision making being extended to the *Pari Passu* Class accordingly). If any amendment, variation, waiver or abrogation is made or granted in accordance with the terms of any *Pari Passu* Security where the requisite majority of holders of such *Pari Passu* Security have approved such amendment, variation, waiver or abrogation, it shall be deemed to have been made or granted (as the case may be) in respect of each other *Pari Passu* Security at the same time.

26.3 **No Waiver**

(a) No failure or delay by any Security Holder or time or indulgence given in exercising any remedy or right under or in relation to this Agreement shall operate as a waiver of the same nor shall any single or partial exercise of any remedy or right preclude any further exercise of the same or the exercise of any other remedy or right.

(b) No waiver by any Party of any requirement of this Agreement, or of any remedy or right under this Agreement, shall have effect unless given in writing and signed by such Party. No waiver of any particular breach of the provisions of this Agreement shall operate as a waiver of any repetition of such breach.

(c) Any waiver, release or compromise or any other arrangement of any kind whatsoever which a Party gives or enters into with any other Party in connection with this Agreement shall not affect any right or remedy of any Party as regards any other Parties or the liabilities of any other such Parties under or in relation to this Agreement.

27. Entire Agreement

27.1 This Agreement, any accession agreement thereto, and the Transaction Documents together contain the entire agreement and understanding of the parties and supersede all prior agreements, understandings or arrangements (both oral and written) relating to the subject matter of this Agreement and any such document (for the avoidance of doubt, any bilateral or trilateral agreement between some Parties, including but not limited to any documentation relating to the agreement shall not be affected and shall continue to have full effect and validity among such Parties). The Parties shall not enter into any agreements or arrangements with respect to the Transaction Documents and the matters contemplated therein other than the Transaction Documents without the prior consent of the Board (acting with Alvogen Consent and Aztiq Consent).

27.2 Each of the Parties acknowledges that it is entering into this Agreement without reliance on any undertaking or representation given by or on behalf of any other party to this Agreement, other than as expressly contained in this Agreement, and provided that nothing in this Clause 27 shall exclude any liability of any party for fraud or fraudulent misrepresentation.

27.3 This Agreement shall not be construed as creating any partnership or agency relationship between any of the parties, except where this Agreement expressly so provides.

27.4 Without prejudice to any liability for fraud, fraudulent misrepresentation or fraudulent misstatement, the only rights or remedies in relation to any representation, warranty, assurance, covenant, indemnity, undertaking or commitment given or action taken in connection with this Agreement are contained in this Agreement, and no party shall have any right to rescind this Agreement.

28. Assignment

28.1 Subject to Clause 28.2, no party shall be entitled to assign the benefit or burden of any provision of this Agreement (or any of the documents referred to herein) without Alvogen Consent and Aztiq Consent.

28.2 All or any of a Security Holder's rights under this Agreement and any of the Transaction Documents may be assigned by that Security Holder to any third party to whom it Transfers Securities or any Affiliate of that Security Holder, *provided that* in the case of an assignment to a Security Holder's Affiliates, if such assignee ceases to be an Affiliate of such Security Holder, such rights are assigned to the Security Holder or another Affiliate of that Security Holder.

28.3 No assignment of this Agreement shall operate to increase the liability of any of the Parties under this Agreement.

29. Counterparts

This Agreement may be executed as two or more counterparts and execution by each of the Parties of any one of such counterparts will constitute due execution of this Agreement.

30. Further Assurance

30.1 Each Party shall observe and comply fully with the provisions of this Agreement and each of the Transaction Documents and undertakes to exercise his rights (whether in his capacity as a Security Holder, shareholder, director or officer (in each case, as far as may be applicable)) to give full effect to the provisions of this Agreement including, without limitation, to pass any shareholder resolutions of the Company and to enter into such proxies, consents to short notice, waivers of pre-emption and other documentation and waive any applicable rights which they have as is required to implement or give effect to any provision of this Agreement, including (but not limited to) any New Issue, Excluded Issue, Tag-Along Sale, Transfer, buyback or repurchase of Securities by a Group Company permitted by or carried out in accordance with this Agreement, Exit or Reorganisation Transaction permitted or required by, and carried out in accordance with, the terms of this Agreement.

30.2 Each Party shall, and shall use all reasonable endeavours to procure that any necessary third party shall, do and execute and perform all such further deeds, documents, assurances, acts and things as may reasonably be required to give full effect to this Agreement.

(b) reduce its holding of the A Ordinary Shares (or replacement Securities) to less than 25% of the total number of A Ordinary Shares (or replacement Securities) in issue.

30.4 To the extent that complying with any obligation under this Agreement will or is, in the reasonable opinion of the Board cause or causing a Change of Control (as defined in the Convertible Bond Instrument whilst such agreement remains in effect), each Party undertakes to use best endeavours to give full effect to the intentions of the Parties and economic outcome as expected by the Parties.

31. Other Remedies

(c) it shall, if any of the remedies set out in subparagraph (b) is sought in relation to any threatened or actual breach of the terms of this Agreement, waive any rights it may have to oppose that remedy on the grounds that damages would be an adequate alternative.

In particular, if any provision of this Agreement incorporates or refers to provisions in a Schedule to this Agreement, then this Agreement is to be construed so as to create separate provisions in respect of each of the individual provisions set out in that Schedule, and if one of those provisions shall be held to be illegal, void, invalid or unenforceable, then the legality, validity and enforceability of the rest of those provisions shall not be affected.

6.5 If during the Vesting Period, the outstanding TopCo Ordinary Shares shall have been changed into a different number of shares or a different class, by reason of any dividend, subdivision, reclassification, recapitalization, split, combination or exchange, or any similar event shall have occurred (other than, for the avoidance of doubt, a Company Sale), then the applicable price per share set forth in this clause 6 will be equitably adjusted to reflect such change.

8.3 A Shareholder may transfer its Company Shares until the day prior the tenth (10^{th}) calendar days prior the First Merger TopCo EGM (i) provided that the transferee has executed a Deed of Adherence (and, to the extent the Shareholder was a party to the Shareholders' Agreement, has adhered to the Shareholders' Agreement) and has provided a signed copy to the Company ten (10) calendar days prior the First Merger TopCo EGM and (ii) subject to Clause 8.4 of the present Framework Agreement.

8.4 The Company shall not recognise or register any transfer which does not comply with the provisions of this Clause 8 and all parties acknowledge and agree that the Company shall continue to treat the purported transferor, but not the transferee, as Shareholder for all purposes of the transactions contemplated by this Agreement and each Shareholder agrees to hold the Company and TopCo harmless for any cost and damages caused by a purported transfer in violation of the Framework Agreement and the Shareholders' Agreement (if applicable).

8.5 The Company shall provide reasonable prior notice of the contemplated Closing Date to each Shareholder.

(b) any waivers or amendments (i) which have not been explicitly agreed in the Framework Agreement and (ii) which materially adversely affect any Shareholder's right shall first require the consent of that Shareholder before the execution of any document in pursuance of clause 13 and clause 24 and/or the power~~s~~ of attorney executed in accordance with clauses 10.3.2, 10.6.2 and 10.7(b).

For the avoidance of doubt, to the extent any steps have been taken under the present Framework Agreement before its termination in accordance with this clause 15.1, no Party shall be under any obligation to unwind such steps and acts notwithstanding a termination.

15.2 The Parties further confirm for the avoidance of doubt that any rights and obligation referred herein with respect to the Shareholders' Agreement, the Conversion Agreements or the Redemption Agreement only bind the parties to the respective agreements, and waivers and/or consents granted shall only bind the relevant party given the same, without prejudice to other rights and obligations such party or any other party hereto may have, which rights shall not be affected by this Framework Agreement.

17.3 Consultation required before a permitted disclosure

17.3.1 The Parties may only make a disclosure in the circumstances contemplated by clauses 17.2(d) or 17.2(e) (a "**Legal Order**") if, before making the disclosure, such Parties (the "**Disclosing Parties**" and each a "**Disclosing Party**"), have to the extent legally permitted, provided the Company or any relevant Parties with

(b) reasonable assistance in opposing such disclosure or seeking a protective order or other limitations on disclosure to the extent it is reasonably practicable to do so.

17.3.2 If, after providing such notice and assistance as required herein, the Company or any relevant Parties remains subject to a Legal Order to disclose any confidential information, the Party concerned by the Legal Order shall disclose, and, if applicable, shall require its representatives or other persons to whom such Legal Order is directed to disclose, no more than that portion of the confidential information which such Legal Order specifically requires, and shall use commercially reasonable efforts to obtain assurances from the applicable court or agency that such confidential information will be afforded confidential treatment.

17.3.3 Notwithstanding the foregoing, confidential information may be disclosed, and no notice as referenced above is required to be provided, pursuant to requests for information in connection with routine supervisory examinations by regulatory authorities with jurisdiction over the Parties; provided that the concerned Party informs any such authority of the confidential nature of the information disclosed to them and to keep such information confidential in accordance with such authority's policies and procedures.

20. WAIVER

Failure to exercise, or a delay in exercising, a right or remedy provided by this Framework Agreement or by Law does not constitute a waiver of the right or remedy or a waiver of other rights or remedies. No single or partial exercise of a right or remedy provided by this Framework Agreement or by Law prevents the further exercise of the right or remedy or the exercise of another right or remedy. A waiver of a breach of this Framework Agreement does not constitute a waiver of a subsequent or prior breach of this Framework Agreement.

21. DEED OF ADHERENCE

21.1 Notwithstanding any other provision of this Framework Agreement, no person who is not a party to this Framework Agreement shall be entitled to become a transferee of any Company Shares or to acquire any rights hereunder or be registered as the holder of any Company Shares unless such person signs, executes and delivers a fully valid and binding Deed of Adherence substantively in the form set out in Annex 9 (Deed of Adherence), it being understood that in addition an adherence to other relevant agreements may be required as well (including, but not limited to the Shareholders' Agreement and any support agreement between Oaktree Acquisition Holdings II, L.P. and certain shareholders).

21.2 The benefit and rights of this Framework Agreement shall extend to any person who acquires Company Shares in accordance with this Framework Agreement and who enters into a Deed of Adherence but without prejudice to the continuation *inter se* of the rights and obligations of the original parties to this Framework Agreement and any other persons who have entered into such a Deed of Adherence and each of the Parties agrees that the Company shall enter into the Deed of Adherence on their behalf for the purpose of the present Clause 21.

22. ENTIRE AGREEMENT

22.1 The Framework Agreement and the BCA and ancillary documents thereunder or referred therein set out the entire agreement between all the Parties in respect of the subject matter of this Framework Agreement and supersedes all prior agreements, understandings or arrangements (both oral and written) relating to the subject matter of this Framework Agreement. Subject to clause 22.2, for the avoidance of doubt, any bilateral or multilateral agreement between some Parties, including but not limited to the Shareholders' Agreement as well as any documentation relating to the Framework Agreement shall not be affected, except as expressly set forth herein, and shall continue to have full effect and validity among such Parties.

22.2 The Shareholders' Agreement shall terminate automatically at the Closing Date without any action by any Party hereto or any other Person; provided that the Surviving Provisions (as defined therein) and clause 20 shall survive such termination in accordance with their respective terms. The Shareholders acknowledge and agree that any subscription right they have under the Shareholders' Agreement shall not be exercised by any of them as from the signature date of this Framework Agreement unless otherwise agreed in the present Framework Agreement or in connection with the Pre-Closing Financing or required pursuant to section 6.2(d) of the BCA and hereby waive to exercise such subscription right or any equivalent right as from the signature date of the present Framework Agreement unless otherwise agreed in the present Framework Agreement or in connection with the Pre-Closing Financing or required pursuant to section 6.2(d) of the BCA .

22.3 Each Party agrees and acknowledges that it has not relied on or been induced to enter into this Framework Agreement by a warranty, statement, representation or undertaking which is not expressly included in this Framework Agreement.

23. INVALIDITY

If a provision of this Framework Agreement is found to be illegal, invalid or unenforceable, then to the extent it is illegal, invalid or unenforceable, that provision will be given no effect and will be treated as though it were not included in this Framework Agreement, but the validity or enforceability of the remaining provisions of this Framework Agreement will not be affected.

24. **FURTHER ASSURANCE**

Each Party must do, and must use all reasonable efforts to procure, so far as it is able, that any other person does all such further acts and things, executes and performs such further deeds and documents; and gives such further assurances, in each case as may reasonably be required to give effect to this Framework Agreement and the transactions contemplated by this Framework Agreement, provided that (i) it shall not do anything that contradicts or restricts its obligations under this Framework Agreement or any other agreement it has entered into in connection with the Business Combination and (ii) any expenses of such Party properly incurred for taking any such action under this clause 24, in the absence of any direct or indirect benefit accruing to such Party in connection therewith, shall be borne by the Company.

25. **COUNTERPARTS**

This Framework Agreement may be executed in any number of counterparts, each of which when executed and delivered is an original, but all of which when taken together constitutes a single instrument.

26. **INDULGENCE**

No relaxation, forbearance, indulgence or delay of a Party in exercising a right under this Framework Agreement is to be construed as a waiver of that right and does not affect the ability of that Party subsequently to exercise that right or to pursue a remedy in respect of it, nor does any such relaxation, forbearance, indulgence or delay constitute a waiver of any other right.

27. **GOVERNING LAW**

This Framework Agreement (together with all documents to be entered into pursuant to it which are not expressed to be governed by another Law) is governed by, and to be construed in accordance with the Laws of the Grand Duchy of Luxembourg.

28. **ARBITRATION**

(a) Any dispute, difference, controversy, or claim arising out of or in connection with this Framework Agreement shall be referred to and finally resolved by arbitration under the Rules, which are deemed to be incorporated by reference into this clause. (b) The seat, or legal place, of arbitration shall be Luxembourg, Grand Duchy of Luxembourg.

(c) The number of arbitrators shall be three and they shall be appointed in accordance with Article 10 of the Rules. The provisions on Simplified Proceedings (as defined in the Rules) shall not apply.

(d) The language to be used in the arbitral proceedings shall be English.

29. **REMEDIES**

Except as otherwise expressly provided herein, any and all remedies provided herein will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such Party, and the exercise by a Party of any one remedy will not preclude the exercise of any other remedy. The Parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that the Parties do not perform their respective obligations under the provisions of this Framework Agreement (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated by this Framework Agreement) in accordance with their specific terms or otherwise breach such provisions. It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Framework Agreement and to enforce specifically the terms and provisions of this Framework Agreement, in each case, without posting a bond or undertaking and without proof of damages and this being in addition to any other remedy to which they are entitled at law or in equity. Each of the Parties agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief when expressly available pursuant to the terms of this Framework Agreement on the basis that the other parties have an adequate remedy at law or an award of specific performance is not an appropriate remedy for any reason at law or equity.
